**Section 5.01 Pledge of Subordinate Pledged Tax Revenues.** Subject to the provisions of the Indenture permitting application thereof for the purposes and on the terms and conditions set forth in the Indenture, to secure the payment of all the Outstanding Bonds and Parity Obligations, including without limitation Credit Provider Bonds, and the interest payments becoming due thereon according to their tenor, purport and effect, and to secure the performance and observance of all of the covenants, agreements and conditions contained in the Outstanding Bonds, including without limitation Credit Provider Bonds, and the Indenture, the Agency hereby irrevocably grants a lien on and a security interest in, and pledges, the Subordinate Pledged Tax Revenues and all money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture, whether held by the Agency or the Trustee, to the Trustee for the benefit of the Owners of the Outstanding Bonds, including without limitation Credit Provider Bonds, and any Parity Obligations, including without limitation Credit Support Agreements for Parity Obligations and Qualified Swap Agreements. This lien on and security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special

Fund and in the funds or accounts so specified and provided for in this Master Indenture shall constitute a first pledge of and charge and lien upon the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture, shall immediately attach and be effective, binding, and enforceable against the Agency, its successors, purchasers of any of the Subordinate Pledged Tax Revenues or such money in the Special Fund or in the funds or accounts so specified and provided for in this Master Indenture, creditors, and all others asserting rights therein to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the lien on, security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture and without the need for any physical delivery, recordation, filing or further act.

**Section 5.02 Funds**. To ensure the payment when due and payable, whether at maturity or upon redemption or upon acceleration, of the principal of, Redemption Price, if any, and interest on the Bonds, there are hereby established the following funds and accounts, to be held and maintained by the Trustee and applied as provided in the Indenture for so long as any of the Bonds are Outstanding:

**(a)** the Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) Special Fund (the "Special Fund"), comprised of an Interest Account, a Principal Account, a Sinking Fund Account and a Debt Service Reserve Account; and

**(b)** the Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) Redemption Fund (the "Redemption Fund").

**Section 5.03 Receipt and Deposit of Subordinate Pledged Tax Revenues**. After the Agency has made all required deposits of Tax Revenues in the Funds and Accounts (as defined in the Senior Obligations) established under the Senior Obligations, the Agency shall transfer, on a quarterly basis, all Subordinate Pledged Tax Revenues held or received by the Agency to the Trustee for deposit in the Special Fund; provided that the Agency shall not be obligated to deposit in the Special Fund in any Fiscal Year an amount of Subordinate Pledged Tax Revenues which, together with other available amounts then in the Special Fund, exceeds the amounts required to be transferred to the Trustee for deposit in the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to Section 5.04 hereof. Any Subordinate Pledged Tax Revenues received during any Fiscal Year following deposit in the Special Fund of an amount equal to the aggregate amount required to be transferred to the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to Section 5.04 of this Indenture, shall be released from the pledge and lien hereunder and may be used for any lawful purposes of the Agency. There shall not be deposited with the Trustee any taxes eligible for allocation to the Agency for deposit in the Special Fund pursuant to the Law in an amount in excess of that amount which, together with all money then on deposit with the Trustee in the Special Fund and the accounts therein, shall be sufficient to discharge all Outstanding Parity Obligations as provided in Article IX.

The Agency covenants and agrees that all Subordinate Pledged Tax Revenues deposited in the Special Fund will be accounted for through, and held in trust in the Special Fund, and the Agency shall have no beneficial right or interest in any of such money, except only as provided in the Indenture. All such Subordinate Pledged Tax Revenues shall nevertheless be disbursed, allocated and applied solely to the uses and purposes herein set forth, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the Agency.

**Section 5.04 Special Fund. (a)** All moneys in the Special Fund shall be set aside by the Trustee in each Fiscal Year when and as received in the following respective special accounts within the Special Fund; provided, however, that all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and if so provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds, and constituting Subordinate Pledged Tax Revenues shall immediately upon receipt thereof be deposited in the Interest Account. All moneys in each of such accounts shall be held in trust by the Trustee and shall be applied, used and withdrawn only for the purposes hereinafter authorized in this Section 5.04.

(1) Interest Account. The Trustee shall set aside from the Special Fund and deposit in the Interest Account an amount of money which, together with any money contained therein equals the aggregate amount of the Debt Service constituting interest becoming due and payable on all Outstanding Bonds on the Interest Payment Dates and on all other outstanding Parity Obligations on interest payment dates thereof in such Fiscal Year and the next succeeding Fiscal Year. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to Qualified Swap Agreements entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and to the extent provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues.

For purposes of determining the amount of money to be set aside from the Special Fund and deposited in the Interest Account pursuant to this Section 5.04, the determination of the amount the Debt Service constituting interest becoming due and payable on all Outstanding Bonds and on all other outstanding Parity Obligations shall be subject to the Debt Service Adjustments and Assumptions; provided, however, that, if and to the extent that all or a portion of the Outstanding Bonds or the other outstanding Parity Obligations are the subject of a Qualified Swap Agreement, the amount to be deposited in the Interest Account with respect to such Bonds or other Parity Obligations shall be an amount equal to the aggregate amount of Agency Swap Payments plus the Basis Differential Amount becoming due and payable in such Fiscal Year and the next succeeding Fiscal Year.

All moneys in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds and the other Parity Obligations, including Net Payments, as the same shall become due and payable.

(2) Principal Account. The Trustee shall set aside from the Special Fund and deposit in the Principal Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of the principal becoming due and payable on all Outstanding Bonds and all other outstanding Parity Obligations which are Serial Obligations in such Fiscal Year and the next succeeding Fiscal Year. All money in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Outstanding Bonds and other outstanding Parity Obligations which are Serial Obligations as they shall become due and payable.

(3) Sinking Fund Account. The Trustee shall set aside from the Special Fund and deposit in the Sinking Fund Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of Sinking Fund Installments becoming due and payable with respect to all Outstanding Bonds and sinking fund installments becoming due and payable with respect to all other outstanding Parity Obligations which are Term Obligations in such Fiscal Year and the next succeeding Fiscal Year. All moneys in the Sinking Fund Account shall be used by the Trustee to redeem the Outstanding Bonds and other outstanding Parity Obligations which are Term Obligations in accordance with the Supplemental Indenture authorizing such Bonds or other outstanding Parity Obligations. In the event that Bonds or which are Term Obligations purchased or redeemed at the option of the Agency are deposited with the Trustee for the credit of the Sinking Fund Account not less than forty-five (45) days prior to the due date for any Sinking Fund Installment for such Bonds, such deposit shall satisfy (to the extent of 100% of the principal amount of such Bonds) any obligation of the Agency to make a payment with respect to such Sinking Fund Installments. Any Bond so deposited with the Trustee shall be cancelled and shall no longer be deemed to be Outstanding for any purpose. Upon making the deposit with the Trustee of Bonds which are Term Obligations as provided in this paragraph, the Agency may specify the dates and amounts of Sinking Fund Installments for such Bonds as to which the Agency's obligations to make a payment with respect to Sinking Fund Installments for such Bonds shall be satisfied.

(4) Debt Service Reserve Account. (i) The Trustee shall set aside from the Special Fund and deposit in the Debt Service Reserve Account an amount of money (or other authorized deposit of security, as provided in paragraph (v) below) equal to the Debt Service Reserve Requirement for the Bonds then Outstanding. The Trustee shall also set aside from the Special Fund and deposit in the debt service reserve account established under an Issuing Instrument for any other Parity Obligation an amount of money equal to the debt service reserve requirement for such Parity Obligations then outstanding. The Debt Service Reserve Account shall be replenished in the following priority: (i) principal and interest on Reserve Financial Guaranties shall be paid from first available Subordinate Pledged Tax Revenues on a pro rata basis; and (ii) after all such amounts are paid in full, amounts necessary to fund the Debt Service Reserve Account to the required level, after taking into account the amounts available under the Reserve Financial Guaranties shall be deposited from next available Subordinate Pledged Tax Revenues. No deposit need be made in the Debt Service Reserve Account or the debt serve reserve account for such other Parity Obligations so long as there shall be on deposit therein an amount equal to the Debt Service Reserve Requirement of the Bonds then Outstanding or the debt service reserve requirement for such Parity Obligations then outstanding, as applicable. If on any date on which the principal or Redemption Price of, or interest on, Bonds

or an Agency Swap Payment is due, the amount in the applicable account in the Special Fund available for such payment is less than the amount of the principal and Redemption Price of and interest on the Bonds or Agency Swap Payment due on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

(ii) Except as provided in paragraph (v) below, if on the last Business Day of any month the amount on deposit in any Debt Service Reserve Account shall exceed the Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Financial Guaranty deposited in or credited to such Fund and to the payment of interest or other amounts due with respect to such a Reserve Financial Guaranty and any remaining moneys shall be deposited in the Interest Account.

(iii) Whenever the amount in the Debt Service Reserve Account (excluding Reserve Financial Guaranties), together with the amount in the Special Fund, is sufficient to pay in full all of the Outstanding Bonds in accordance with their terms (including principal or Redemption Price and interest thereon), the funds on deposit in the Debt Service Reserve Account shall be transferred to the Special Fund.

(iv) In the event of the refunding of one or more Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized Agency Representative, withdraw from the Debt Service Reserve Account any or all of the amounts on deposit therein (excluding Reserve Financial Guaranties) and deposit such amounts with itself as Trustee, or the Escrow Agent for the Bonds to be refunded, to be held for the payment of the principal or Redemption Price, if any, of, and interest on, the Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Bonds (or portions thereof) being refunded shall be deemed to have been paid pursuant to Section 9.02, and (b) the amount remaining in the Debt Service Reserve Account after such withdrawal, taking into account any deposits to be made in the Debt Service Reserve Account in connection with such refunding, shall not be less than the Debt Service Reserve Requirement.

(v) In lieu of the deposits and transfers to the Debt Service Reserve Account required by Section 5.04(a)(4), the Agency may cause to be deposited in the Debt Service Reserve Account a Reserve Financial Guaranty or Reserve Financial Guaranties in an amount equal to the difference between the Debt Service Reserve Requirement and the sums, if any, then on deposit in the Debt Service Reserve Account or being deposited in such Fund concurrently with such Reserve Financial Guaranty or Guaranties. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Financial Guaranties to receive payments with respect to the Reserve Financial Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Debt Service Reserve Account; (ii) on the first Business Day which is at least ten (10) days prior to the expiration date of each Reserve Financial Guaranty, in an amount equal to the deficiency which would exist in the Debt Service Reserve Account if the Reserve Financial Guaranty expired, unless a substitute

Reserve Financial Guaranty with an expiration date not earlier than 180 days after the expiration date of the expiring Reserve Financial Guaranty is acquired prior to such date or the Agency deposits funds in the Debt Service Reserve Account on or before such date such that the amount in the Debt Service Reserve Account on such date (without regard to such expiring Reserve Financial Guaranty) is at least equal to the Debt Service Reserve Requirement.

If, upon the deposit of a Reserve Financial Guaranty into the Debt Service Reserve Account pursuant to this paragraph (v), there shall be any amount in the Debt Service Reserve Account in excess of the Debt Service Reserve Requirement, such excess amount may be applied to the cost of acquiring such Reserve Financial Guaranty and, to the extent not so applied, shall be transferred to the Interest Account or, with a Favorable Opinion of Bond Counsel, as directed by the Agency.

If at any time obligations insured or issued by a Reserve Financial Guaranty Provider shall no longer maintain the required ratings set forth in the definition of "Reserve Financial Guaranty" in Section 1.01, the Agency shall provide or cause to be provided cash or a substitute Reserve Financial Guaranty meeting such requirements to the extent necessary to satisfy the Debt Service Reserve Requirement with either cash, qualified Reserve Financial Guaranties or a combination thereof.

(vi) To the extent the Agency elects to have the Trustee establish and maintain a separate account in the Debt Service Reserve Account for a particular Series of Bonds pursuant to a Supplemental Indenture, the provisions of this Section 5.04(a)(4) shall not apply to such Series of Bonds.

(5) Surplus. After making the deposits required in paragraphs (1) through (4) above, in any Fiscal Year, the Trustee shall transfer any amount remaining on deposit in the Special Fund to the Agency to be used for any lawful purpose of the Agency.

**(b)** In the event that on any date upon which the Agency is to make a payment from Subordinate Pledged Tax Revenues pursuant to paragraphs (1), (2) and/or (3) of subsection (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment, then the Agency shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraphs (1), (2) and/or (3) of subsection (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

**(c)** In the event that on any date upon which the Agency is to make a payment or deposit from Subordinate Pledged Tax Revenues pursuant to paragraph (4) of subsection (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment or deposit, then the Agency, after making the payments required by paragraphs (1), (2) and/or (3) of subsection (a) above, shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraph (4) of subsection (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

**(d)** In the event one or more Paying Agents have been appointed for the Bonds, moneys may be transferred by the Trustee to such Paying Agents from the appropriate

account in the Special Fund for deposit into a special trust account to ensure the payment when due of the principal of, Redemption Price, if any, and interest on the Bonds or on the other Parity Obligations. In the event that any principal of, Redemption Price or interest on, any Bond or on any other Parity Obligation has been paid from amounts made available pursuant to a Credit Support Instrument, amounts in the appropriate accounts in the Special Fund with respect to such Bond or other Parity Obligation, and any such amounts transferred by the Trustee from the Special Fund to a Paying Agent for such Bond or other Parity Obligation pursuant to this Section, shall be paid to the applicable Credit Provider as a reimbursement of the amounts so paid.

**Section 5.05 Redemption Fund**. From the moneys paid by the Agency, the Trustee shall, on or before each date fixed for redemption, deposit in the Redemption Fund an amount equal to the Redemption Price of the Bonds to be redeemed. Said moneys shall be set aside in said Fund and shall be applied on or after the redemption date to the payment of the Redemption Price of the Bonds to be redeemed and, except as otherwise provided in this Section, shall be used only for that purpose. In the event one or more Paying Agents have been appointed for the Bonds which are to be redeemed with moneys in the Redemption Fund, amounts in the Redemption Fund may be transferred from such Fund by the Trustee to the Paying Agent for the Bonds to be redeemed for deposit into a special trust account held by such Paying Agent to ensure the payment when due the Redemption Price of the Bonds to be redeemed. In the event that the Redemption Price of a Bond has been paid by a Credit Provider pursuant to a Credit Support Instrument, amounts in the Redemption Fund with respect to such Redemption Price, and any such amounts transferred by the Trustee from the Redemption Fund to a Paying Agent for such Bonds pursuant to this Section, shall be paid to such Credit Provider as a reimbursement of the amounts so paid. If, after all of the Bonds designated for redemption have been redeemed and cancelled or paid and cancelled, there are moneys remaining in the Redemption Fund, said moneys shall be transferred to the Interest Account; provided, however, that if said moneys are part of the proceeds of Refunding Obligations said moneys shall be applied as provided in the Issuing Instrument authorizing the issuance of such Refunding Obligations.

**Section 5.06 Depositories.** The Trustee shall hold all moneys deposited with it pursuant to the Indenture or may deposit such moneys with one or more Depositories in trust. All moneys deposited under the provisions of the Indenture with the Trustee or any Depository shall be held in trust and applied only in accordance with the provisions of the Indenture, and each of the Funds established by the Indenture shall be a trust fund for the purposes hereof.

**Section 5.07 Deposits.**

**(a)** All moneys held by any Fiduciary under the Indenture may be placed on demand or time deposit, if and as directed by the Agency, provided that such deposits shall permit the moneys so held to be available for use at the time when reasonably expected to be needed. No Fiduciary shall be liable for any loss or depreciation in value resulting from any investment made pursuant to the Indenture. Any such deposit may be made in the commercial banking department of any Fiduciary or its affiliates which may honor checks and drafts on such deposit with the same force and effect as if it were not such Fiduciary. All moneys held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand or, if and to the extent directed by the Agency and acceptable to such Fiduciary, on time deposit,

provided that such moneys on deposit be available for use at the time when reasonably expected to be needed. Such Fiduciary shall allow and credit on such moneys such interest, if any, as it customarily allows upon similar funds of similar size and under similar condition or as required by law.

**(b)** All moneys held under the Indenture by any Fiduciary shall be (1) either (A) continuously and fully insured by the Federal Deposit Insurance Corporation, or (B) continuously and fully secured by lodging with the Trustee or any Federal Reserve Bank, as custodian, as collateral security, such securities as are described in clauses (a) through (c), inclusive, of the definition of "Permitted Investments" in Section 1.01 having a market value (exclusive of accrued interest) not less than the amount of such moneys, or (2) held in such other manner as may then be required by applicable Federal or State of California laws and regulations and applicable state laws and regulations of the state in which such Fiduciary is located, regarding security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Fiduciaries to give security under this subsection for the deposit of any moneys with them held in trust and set aside by them for the payment of the principal amount or Redemption Price of, or interest on, any Bonds or to give security for any moneys which shall be represented by obligations or certificates of deposit purchased as an investment of such moneys.

**(c)** All moneys deposited with a Fiduciary shall be credited to the particular Fund to which such moneys belong.

**Section 5.08 Investment of Certain Funds.** Moneys held in the Special Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in Permitted Investments which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds. Moneys held in the Debt Service Reserve Account shall be invested and reinvested by the Trustee to the fullest extent practicable in securities described in clauses (1), (2), (3), (4), (5), (6) and (7) of the definition of "Permitted Investments" in Section 1.01 which mature, or which may be drawn upon, not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Account, but, except for investments which permit the Trustee to make withdrawals without penalty, at any time upon not more than two Business Days notice, to provide moneys for payments to be made from such Account, not later than five years from the time of such investment. The Trustee shall make all such investments of moneys held by it and shall sell or otherwise liquidate any such investment and take all actions necessary to draw funds under any such investment, including the giving of necessary notices of the drawing of any moneys under any investment, in each case in accordance with directions of an Authorized Agency Representative, which directions shall be consistent with the Indenture and applicable law, and which directions can either be written or oral; provided that if such directions are oral they shall be promptly confirmed in writing by such Authorized Agency Representative. In the absence of any such written investment directions, the Trustee shall, unless otherwise provided in this Section 5.08, invest such moneys in the money market funds described in clause (f) of the definition of "Permitted Investments."

Except as otherwise provided in a Supplemental Indenture, interest or other income (net of that which (i) represents a return of accrued interest paid in connection with the purchase of any investment or (ii) is required to effect the amortization of any premium paid in connection with the purchase of any investment) earned on any moneys or investments in the Funds created under the Indenture shall be paid into the Interest Account.

In making any investment in any Permitted Investments with moneys in any Fund established under the Indenture, any Fiduciary may combine such moneys with moneys in any other Fund but solely for the purposes of making such investment in such Investments and provided that any amount so combined shall be separately accounted for. The Trustee may act as principal or agent in the acquisition or disposition of investments.

Nothing in the Indenture shall prevent any Permitted Investments acquired as investments of moneys in any Fund from being issued or held in book-entry form on the books of the Department of the Treasury or the Federal Reserve System of the United States.

**Section 5.09 Sale of Investments.** Obligations purchased as an investment of moneys in any Fund shall be deemed at all times to be a part of such Fund and any profit realized from the liquidation of such investment shall be credited to such Fund and any loss resulting from the liquidation of such investment shall be charged to the respective Fund.

Except as otherwise provided in the Indenture, the Trustee may sell at the best price reasonably obtainable, or present for redemption, any obligation purchased as an investment whenever it shall be directed by the Agency so to do or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from any Fund held by it. Any obligation purchased as an investment may be credited on a pro-rata basis to more than one Fund and need not be sold in order to provide for the transfer of amounts from one Fund to another, provided that such obligation is an appropriate Permitted Investment for the purposes of the Fund to which it is to be transferred. The Trustee shall not be liable or responsible for making any such investment in the manner provided above or for any loss resulting from any such investment.

## ARTICLE VI

## COVENANTS AND OBLIGATIONS OF THE AGENCY

The Agency covenants with the Owners of the Outstanding Bonds and with each Credit Provider and each provider or owner of other Parity Obligations as set forth in this Article VI. Each of said covenants shall remain in full force and effect so long as any of the Bonds shall be Outstanding and unpaid, any Credit Support Instrument remains outstanding, and any Credit Provider Reimbursement Obligations remain unpaid.

**Section 6.01 Compliance with Indenture.** The Agency shall punctually pay the Bonds and the other Parity Obligations in strict conformity with the terms of the Indenture and the Bonds and other Parity Obligations, and shall faithfully observe and perform all the agreements, conditions, covenants and terms contained in the Indenture required to be observed and

performed by it, and shall not fail to make any payment required by the Indenture for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State or any political subdivision of either or any failure of any party to observe or perform any agreement, condition, covenant or term contained in any contract or agreement required to be observed and performed by it, whether express or implied, or any duty, liability or obligation arising out of or connected with any such contract or agreement or the insolvency, or deemed insolvency, or bankruptcy or liquidation of any party or any force majeure, including acts of God, tempest, storm, earthquake, war, rebellion, riot, civil disorder, acts of public enemies, blockade or embargo, strikes, industrial disputes, lockouts, lack of transportation facilities, fire, explosion, or acts or regulations of governmental authorities.

**Section 6.02 Against Encumbrances**. The Agency will not mortgage or otherwise encumber, pledge or place any charge upon any of the Subordinate Pledged Tax Revenues, except as provided in the Indenture, and will not issue any bond, note, or other evidence of indebtedness payable from or secured by the Subordinate Pledged Tax Revenues on a basis which is: (i) except for the Senior Bonds, in any manner prior or superior to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; (ii) except for Parity Obligations with respect to the Subordinate Pledged Tax Revenues, in any manner on a parity with the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; or (iii) except for Subordinated Obligations, in any manner subordinate to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture.

**Section 6.03 Extension or Funding of Claims for Interest**. In order to prevent any claims for interest after maturity, the Agency will not, directly or indirectly, extend or consent to the extension of the time for the payment of any claim for interest on any Bonds or other Parity Obligations and will not, directly or indirectly, be a party to or approve any such arrangements by purchasing or funding said claims for interest or in any other manner. In case any such claim for interest shall be extended or funded, whether or not with the consent of the Agency, such claim for interest so extended or funded shall not be entitled, in case of default hereunder, to the benefits of the Indenture, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest which shall not have been so extended or funded.

**Section 6.04 Payment of Claims**. The Agency will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the properties owned by the Agency or upon the Subordinate Pledged Tax Revenues or any part thereof, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds and other Parity Obligations; provided that nothing herein contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such claims.

**Section 6.05 Books and Accounts; Financial and Project Statements.** The Agency will keep proper books of record and accounts, separate from all other records and accounts of the Agency, in which complete and correct entries shall be made of all transactions relating to the Project. Such books of record and accounts shall at all times during business hours be subject to the inspection of the Trustee or of the Owners of not less than ten per cent (10%) of the aggregate principal amount of the Bonds then Outstanding and each provider or owner of other Parity Obligations or their respective representatives authorized in writing.

The Agency will prepare and file with the Trustee, the Credit Provider, if any, and, if requested, each provider or owner of Parity Obligations (other than Owners of Bonds), annually as soon as practicable, but in any event not later than the earlier of two hundred forty (240) days after the close of each Fiscal Year or within thirty (30) days of availability, so long as any Bonds or other Parity Obligations are Outstanding, an audited financial statement relating to the Subordinate Pledged Tax Revenues and all other funds or accounts established pursuant to the Indenture for the preceding Fiscal Year prepared by an Independent Certified Public Accountant, showing the balances in each such fund as of the beginning of such Fiscal Year and all deposits in and withdrawals from each such fund during such Fiscal Year and the balances in each such fund as of the end of such Fiscal Year, which audited financial statement shall include a statement as to the manner and extent to which the Agency and the Trustee have complied with the provisions of the Indenture as it relates to such funds. The Trustee, at the expense of the Agency, will furnish a copy of such audited financial statement to any Owner upon written request. The Trustee shall provide such statements with regard to any funds held by the Trustee hereunder to the Agency as the Agency may reasonably require to comply with the terms of this Section 6.05. The Trustee shall have no duty to review any financial statements filed with it hereunder..

**Section 6.06 Protection of Security and Rights of Owners.** The Agency will preserve and protect the security of the Bonds and other Parity Obligations and the rights of the Owners and providers or owners of other Parity Obligations, and will warrant and defend their rights against all claims and demands of all persons. From and after the sale and delivery of any Bonds by the Agency, such Bonds shall be incontestable by the Agency.

**Section 6.07 Payment of Taxes and Other Charges.** Subject to the provisions of Section 6.09 hereof, the Agency will pay and discharge all taxes, service charges, assessments and other governmental charges that may hereafter be lawfully imposed upon the Agency or any properties owned by the Agency in the Project Area, or upon the revenues therefrom, when the same shall become due; provided that nothing herein contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such taxes, service charges, assessments or other governmental charges.

**Section 6.08 Financing the Project.** The Agency will commence the financing or refinancing of the Project to be aided with the proceeds of the Bonds with all practicable dispatch, and such financing will be accomplished and completed in a sound, economical and expeditious manner and in conformity with the Redevelopment Plan and the Law so as to complete the Project as soon as possible.

**Section 6.09 Taxation of Leased Property**. Whenever any property in the Project is redeveloped by the Agency and thereafter is leased by the Agency to any person or persons, or whenever the Agency leases any real property in the Project to any person or persons for redevelopment, the property shall be assessed and taxed in the same manner as privately-owned property (in accordance with the Law), and the lease or contract shall provide (1) that the lessee shall pay taxes upon the assessed value of the entire property and not merely upon the assessed value of the leasehold interest, and (2) that if for any reason the taxes paid by the lessee on such property in any year during the term of the lease shall be less than the taxes that would have been payable upon the entire property if the property were assessed and taxed in the same manner as privately-owned property, the lessee shall pay such difference to the Agency within thirty (30) days after the taxes for such year become payable, and in any event prior to the delinquency date of such taxes established by law, which such payments shall be treated as tax increment revenues.

**Section 6.10 Disposition of Property in Project Area**. The Agency will not authorize the disposition of any real property in the Project Area that will result in such property becoming exempt from taxation because of public ownership or use or otherwise (except for public ownership or use contemplated by the Redevelopment Plan in effect on the date of execution and delivery of this Master Indenture, or property to be used for public streets or public off-street parking facilities or easements or rights of way for public utilities, or other similar uses), if such disposition, together with all similar prior dispositions on or subsequent to the effective date of this Master Indenture, shall cause the amount of projected Tax Revenues expected to be received in the succeeding Fiscal Year (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of such determination) to be less one hundred twenty-five percent (125%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law.

**Section 6.11 Amendment of Redevelopment Plan**. If the Agency proposes to amend the Redevelopment Plan, it shall cause to be filed with the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds), a Consultant's Report on the effect of such proposed amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will continue to meet the debt service coverage requirements set forth in Section 2.07(e), the Agency may adopt such amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will not continue to meet the debt service coverage requirements set forth in Section 2.07(e), the Agency shall not adopt such proposed amendment. The Trustee shall be entitled to rely upon any said Consultant's Report and shall have no duty to verify the information or statements set forth therein.

**Section 6.12 Subordinate Pledged Tax Revenues.** The Agency shall comply with all requirements of the Law to insure the allocation and payment to the Agency of the Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds), including without limitation the timely filing of any necessary statements of indebtedness with appropriate officials of Contra Costa County.

**Section 6.13 Further Assurances.** The Agency shall adopt, make, execute and deliver any and all such further indentures, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Indenture, and for the better assuring and confirming unto the Owners of the Bonds and providers or owners of other Parity Obligations of the rights and benefits provided in the Indenture.

**Section 6.14 Tax Covenants.** The Agency hereby covenants it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the Tax-exempt status of interest on any Tax-Exempt Bond under Section 103 of the Code. Without limiting the generality of the foregoing, the Agency shall comply with the requirements of the Tax Certificate, if any, delivered in connection with the issuance of each Series of Tax-Exempt Bonds.

In the event that at any time the Agency is of the opinion that, in order to comply with its obligations under subsection (a) of this Section, it is necessary or helpful to restrict or limit the yield on the investment of any moneys in any of the Funds held by the Trustee pursuant to the Indenture, the Agency shall so instruct the Trustee in writing, and cause the Trustee to take such action as may be necessary in accordance with such instructions.

**(a)** Notwithstanding any provisions of this Section, if the Agency shall provide to the Trustee an Opinion of Bond Counsel to the effect that any specified action required under this Section or a Tax Certificate is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Bonds under Section 103 of the Code, the Agency and the Trustee may conclusively rely on such opinion in complying with the requirements of this Section and of the applicable Tax Certificate, and the covenants hereunder shall be deemed to be modified to that extent.

**(b)** The covenants in this Section shall survive payment in full or discharge of the Tax-Exempt Bonds.

**Section 6.15 Agreements with Other Taxing Agencies.** So long as any Bonds or other Parity Obligations are Outstanding, the Agency shall not enter into any agreement or amend any existing agreement with any other taxing agency entered into (i) pursuant to Section 33401 of the Law (as it existed on _____) or (ii) which operates as a waiver of the Agency's right to receive Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds) under the Redevelopment Plan, unless the Agency's obligations under such agreement are made expressly subordinate and junior to the Agency's obligations under the Indenture, the Bonds and any other Parity Obligations.

**Section 6.16 Annual Review of Subordinate Pledged Tax Revenues.** The Agency hereby covenants that it will annually review (i) the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation, and (ii) future cumulative annual Debt Service. Once it has been determined that during the next succeeding Fiscal Year, the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation equals 110% of future cumulative annual Debt Service on Parity Obligations, then the Agency shall deposit all future Subordinate Pledged Tax Revenues into a special escrow account exclusively for the payment of interest on and principal of and redemption premiums, if any, on the Parity Obligations, until such time as the cumulative tax increment limitation, certified to the Agency by an Independent Redevelopment Consultant in a Consultant's Report, is amended to increase the limitation such that the remaining available Subordinated Pledged Tax Revenues will be in excess of 110% of future cumulative annual Debt Service on Parity Obligations (at which time all amounts deposited in such special escrow account may be released).

The Agency shall annually, not later than _____ 1 (commencing _____ 1, 20__), transmit to the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds) a statement setting forth the calculation required by this Section 6.16, including (a) remaining annual Debt Service on Parity Obligations, (b) remaining tax increment under the then-current limit, (c) the amount of Subordinate Pledged Tax Revenues accepted during the period covered by the statement, and (d) the amount, if any, to be used or escrowed for use to pay interest on and principal of and redemption premiums, if any, on the Parity Obligations.

Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the office of the Trustee for inspection by each Owner of an Outstanding Bond.

Whenever, at any time after the date of the mailing of notice of the proposed entry into a Supplemental Indenture pursuant to this subsection, the Agency shall have received an instrument or instruments in writing executed in accordance with Section 11.01 by or on behalf of the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding, or if less than all of the Outstanding Bonds are affected, by the Owners of not less than a majority in aggregate principal amount of the affected Outstanding Bonds, which instrument or instruments shall refer to the proposed Supplemental Indenture described in the notice of the proposed Supplemental Indenture and shall consent to such Supplemental Indenture in substantially the form referred to in such notice, thereupon, but not otherwise, the Agency and the Trustee may enter into such Supplemental Indenture in substantially such form, without liability or responsibility to any Owner of any Bond, whether or not such Owner shall have consented thereto.

subsection (f) of this Section, reduce the Redemption Price due on the redemption of any Bond or change the date or dates when any Bond is subject to redemption.

**(c)** This Master Indenture and any Supplemental Indenture and the rights and obligations of the Agency, the Fiduciaries and the Owners of the Outstanding Bonds may also be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of any Owners of Bonds (but with the consent of any affected Fiduciary), so long as such modification, amendment or supplement shall not materially, adversely affect the interests of the Owners of the Outstanding Bonds, including without limitation, for any one or more of the following purposes:

**(ii)** to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in this Master Indenture or a Supplemental Indenture, or in regard to matters or questions arising under this Master Indenture or a Supplemental Indenture, as the Agency may deem necessary or desirable; or

**(iii)** to modify, amend or supplement this Master Indenture or a Supplemental Indenture in such manner as to permit the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute.

**(d)** Notwithstanding anything to the contrary in this Section, the provisions of this Master Indenture or any Supplemental Indenture may also be modified, amended or supplemented by a Supplemental Indenture or Supplemental Indentures, including amendments which would otherwise be described in subsection (a) of this Section, without the consent of the Owners of Bonds constituting Tender Indebtedness if either (i) the effective date of such Supplemental Indenture is a date on which such Bonds are subject to mandatory tender for purchase pursuant to the Indenture or (ii) the notice described in the third paragraph of subsection (a) of this Section is given to Owners of such Bonds at least thirty (30) days before the effective date of such Supplemental Indenture, and on or before such effective date, the Owners of such Bonds have the right to demand purchase of such Bonds pursuant to the Indenture.

**(e)** If the Supplemental Indenture authorizing the issuance of a Series of Bonds provides that a Credit Provider for all or any portion of the Bonds of such Series shall have the right to consent to Supplemental Indentures which require the consent of the Owners of the Bonds of such Series pursuant to this Section, then for the purposes of sending notice of any

proposed Supplemental Indenture and for determining whether the Owners of the requisite percentage of Bonds have consented to such Supplemental Indenture, but subject to the provisions of subsection (b) of this Section, references to the Owners of such Bonds shall be deemed to be to the applicable Credit Provider.

**(f)** For purposes of this Section, it shall not be necessary that consents of the Owners of any particular percentage of Outstanding Bonds of any affected Series be obtained but it shall be sufficient for purposes of this Section if the consent of the Owners of a majority in aggregate principal amount of the combination of affected Outstanding Bonds shall be obtained.

**(g)** Notwithstanding anything to the contrary contained in this Section, if authorized by the Supplemental Indenture authorizing the issuance of a Bond constituting Tender Indebtedness, any premium due on the redemption of such Bond and the date or dates when such Bond is subject to redemption may be modified or amended as provided in such Supplemental Indenture if either: (i) the effective date of such modification or amendment is a date on which such Bond is subject to mandatory tender for purchase pursuant to such Supplemental Indenture; or (ii) notice of such modification or amendment has been mailed to the Owner of such Bond at the address set forth in the Bond Register at least thirty (30) days before the effective date of such modification or amendment and on or before such effective date, the Owner of such Bond has the right to demand purchase of such Bond pursuant to such Supplemental Indenture.

**Section 7.02 Effect of Supplemental Indenture** Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to this Article, the Indenture shall be deemed to be modified, amended or supplemented in accordance therewith, and the respective rights, duties and obligations under the Indenture of the Agency, the Fiduciaries and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced subject in all respects to such modification, amendment and supplement, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of the Indenture for any and all purposes. Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to this Article, no Owner of any Bond shall have any right to object to the entry into such Supplemental Indenture by the Agency and the Trustee, or to object to any of the terms and provisions contained therein or the operation thereof or in any manner to question the propriety of the entry into such Supplemental Indenture, or to enjoin or restrain the Agency or the Trustee from entering into the same or to enjoin or restrain the Agency or the Trustee from taking any action pursuant to the provisions thereof whether or not such Owner gave his consent to such Supplemental Indenture.

**Section 7.03 Bonds Owned by Agency** For purposes of this Article, Bonds owned or held by or for the account of the Agency, or any funds of the Agency, shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Article, and the Agency shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Article as an Owner of Bonds. ## ARTICLE VIII

## CONCERNING THE FIDUCIARIES

**Section 8.01 Trustee; Acceptance of Duties**. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Indenture, including the duties of Paying Agent for the Bonds, by the execution and the delivery of this Master Indenture to the Agency and by such execution and delivery the Trustee shall be deemed to have accepted such duties and obligations with respect to all the Bonds thereafter to be issued, but only, however, upon the terms and conditions set forth in the Indenture and no implied covenants shall be read into the Indenture against the Trustee.

**Section 8.02 Paying Agents; Appointment and Acceptance of Duties.**

**(a)** The Agency hereby appoints the Trustee as a Paying Agent for the Bonds of each Series, and may at any time or from time to time appoint one or more other Paying Agents having the qualifications set forth in Section 8.13 as an additional Paying Agent for the Bonds of one or more Series.

**(b)** Each Paying Agent other than the Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Indenture by executing and delivering to the Agency and to the Trustee a written acceptance thereof.

**(c)** The Principal Offices of the Paying Agents are designated as the respective offices or agencies of the Agency for the payment of the principal and any applicable Redemption Price of the Bonds.

**Section 8.03 Responsibilities of Fiduciaries.**

**(a)** Any recitals of fact in the Indenture and in the Bonds contained shall be taken as the statements of the Agency and no Fiduciary assumes any responsibility for the correctness of the same. No Fiduciary makes any representations as to the validity or sufficiency

of the Indenture or of any Bonds issued thereunder or as to the security afforded by the Indenture, and no Fiduciary shall incur any liability in respect thereof. The Trustee shall, however, be responsible for its representation contained in its certificate of authentication on the Bonds. No Fiduciary shall be under any responsibility or duty with respect to the application of any moneys paid by such Fiduciary in accordance with the provisions of the Indenture. No Fiduciary shall be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect thereof, or to advance any of its own moneys, unless properly indemnified. Subject to the provisions of subsection (b) of this Section, no Fiduciary shall be liable in connection with the performance of its duties under the Indenture except for its own negligence, willful misconduct or default.

**(b)** The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in the Indenture. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Any provision of the Indenture relating to action taken or to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this Section.

Without limiting the generality of the foregoing:

(1) the Trustee shall not be liable for any error of judgment made in good faith by any officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;

(2) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of a Credit Provider or a Reserve Financial Guaranty Provider or the Owners of 25% in aggregate principal amount of the Outstanding Bonds relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under the Indenture;

(3) no provision of the Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the Indenture, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it;

(4) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the Owners, a Credit Provider or a Reserve Financial Guaranty Provider pursuant to the Indenture (except for declaring an acceleration of the Bonds or requesting credit and/or liquidity support pursuant to a Credit Support Instrument), unless such Owners, such Credit Provider or such Reserve Financial Guaranty Provider shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(5) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, coupon, facsimile transmission, electronic mail or other paper or document but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Agency, personally or by agent or attorney;

(6) the Trustee shall not be required to take notice of and shall not be deemed to have knowledge of any Event of Default (other than an Event of Default specified in subsection (i) of Section 10.01) or any event which would, with the passage of time, the giving of notice, or both, constitute an Event of Default, unless the Trustee shall have been notified of such Event of Default or other event by the Agency, a Credit Provider or a Reserve Financial Guaranty Provider, or the Owners of 10% in aggregate principal amount of Bonds Outstanding;

(7) the Trustee shall not be responsible for any moneys or funds held by the Agency), or for monitoring the accounting and investment practices of the Agency, other than requiring the delivery of the Annual Budget and annual financial statements and reports pursuant to Section 6.05;

(8) The Trustee may perform its duties under the Indenture through agents and attorneys and the Trustee shall not be liable for the negligence or misconduct on the part of any

agent or attorney appointed with due care by it under the Indenture if the Agency has a right to proceed directly against such agent or attorney for any such negligence or misconduct; and

(9) The Trustee shall not be considered in breach of or in default in its obligations hereunder or progress in respect thereto in the event of enforced delay ("unavoidable delay") in the performance of such obligations due to unforeseeable causes beyond its control and without its fault or negligence, including, but not limited to, Acts of God or of the public enemy or terrorists, acts of a government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, earthquakes, explosion, mob violence, riot, inability to procure or general sabotage or rationing of labor, equipment, facilities, sources of energy, material or supplies in the open market, malicious mischief, condemnation, and unusually severe weather or delays of suppliers or subcontractors due to such causes or any similar event and/or occurrences beyond the control of the Trustee.

**Section 8.04 Evidence on Which Fiduciaries May Act.**

**(a)** Each Fiduciary, upon receipt of any notice, resolution, request, requisition, consent, order, certificate, report, opinion, bond, or other paper or document furnished to it pursuant to any provision of the Indenture, shall examine such instrument to determine whether it conforms to the requirements, if any, of the Indenture and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. Each Fiduciary may consult with counsel, who may or may not be Bond Counsel or counsel to the Agency, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under the Indenture in good faith and in accordance therewith.

**(b)** Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Indenture, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Agency Representative, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of the Indenture upon the faith thereof; but in its discretion the Fiduciary may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

**(c)** Except as otherwise expressly provided in the Indenture, any request, requisition, order, notice or other direction required or permitted to be furnished pursuant to any provision of the Indenture by the Agency to any Fiduciary shall be sufficiently executed in the name of the Agency by an Authorized Agency Representative

**(d)** The Trustee agrees to accept and act upon facsimile transmission of written instructions and/or directions pursuant to the Indenture; provided, however, that: (i) subsequent to such facsimile transmission of written instructions and/or directions, the Trustee shall forthwith receive the originally executed instructions and/or directions, (ii) such originally executed instructions and/or directions shall be signed by a person as may be designated and authorized to sign for the party signing such instructions and/or directions, and (iii) the Trustee shall have received a current incumbency certificate containing the specimen signature of such designated person.

**Section 8.05 Compensation**. The Agency shall cause to be paid to each Fiduciary from time to time reasonable compensation for all services rendered under the Indenture, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under the Indenture; provided, however, that so long as any Bonds remain Outstanding or any amounts due to a Credit Provider under a Credit Support Agreement or a Reserve Financial Guaranty Provider under a Reserve Financial Guaranty, no Fiduciary shall have a lien therefor on any and all funds at any time held by it under the Indenture. Subject to the provisions of Section 8.03, the Agency further agrees to indemnify and save each Fiduciary harmless against any liabilities which it may incur in the exercise and performance of its powers and duties under the Indenture or the transactions contemplated by the Indenture, and which are not due to its negligence, willful misconduct or default.

**Section 8.06 Certain Permitted Acts**. Any Fiduciary may become the Owner of any Bonds, with the same rights it would have if it were not a Fiduciary. To the extent permitted by law, any Fiduciary may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of the Owners of the Bonds or to effect or aid in any reorganization growing out of the enforcement of the Bonds or the Indenture, whether or not any such committee shall represent the Owners of a majority in principal amount of the Bonds then Outstanding.

**Section 8.07 Resignation of Trustee**. The Trustee may at any time resign and be discharged of the duties and obligations created by the Indenture by giving not less than 60 days written notice to the Agency, each Credit Provider and each Reserve Financial Guaranty Provider, specifying the date when such resignation shall take effect; provided that no such resignation shall take effect until a successor shall have been appointed in accordance with Section 8.09.

**Section 8.08 Removal of Trustee**. The Trustee may be removed (i) with the consent (to the extent required by a Supplemental Indenture) of each Credit Provider and each Reserve Financial Guaranty Provider, at any time when no Event of Default has occurred and is continuing and when no event has occurred which, with notice or the passage of time, would

become an Event of Default which has not been cured, by an instrument in writing signed by an Authorized Agency Representative and filed with the Trustee or (ii) with the consent (to the extent required by a Supplemental Indenture) of each Credit Provider and each Reserve Financial Guaranty Provider, at any time by an instrument or concurrent instruments in writing, filed with the Trustee, and signed by the Owners of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Agency or (iii) with the consent (to the extent required by a Supplemental Indenture,) of each Credit Provider and each Reserve Financial Guaranty Provider, at any time by an instrument in writing signed by an Authorized Agency Representative and filed with the Trustee, for any breach of its fiduciary duties under the Indenture; provided that no such removal shall be effective until 30 days have lapsed from the filing of such instrument with the Trustee and until a successor shall have been appointed in accordance with Section 8.09 .

**Section 8.09 Appointment of Successor Trustee; Financial Qualifications of Successor Trustee.**

**(a)** In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, a successor may be appointed by the Owners of a majority in principal amount of the Bonds then Outstanding, excluding any Bonds held by or for the account of the Agency, with (to the extent required by a Supplemental Indenture) the consent of each Credit Provider and each Reserve Financial Guaranty Provider, by an instrument or concurrent instruments in writing signed and acknowledged by such Owners of the Bonds or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the Agency and the predecessor Trustee; provided, nevertheless, that unless a successor Trustee shall have been appointed by the Owners of the Bonds as aforesaid, the Agency, by a duly executed written instrument signed by an Authorized Agency Representative shall forthwith appoint a Trustee to replace such resigning Trustee or to fill such vacancy until a successor Trustee shall be appointed by the Owners of the Bonds as authorized in this Section. Any successor Trustee appointed by the Agency shall, immediately and without further act, be superseded by the Trustee appointed by the Owners of the Bonds. Any resignation or removal of the Trustee and appointment of a successor Trustee shall become effective only upon acceptance of appointment by the successor Trustee.

**(b)** If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within 45 days after the Trustee shall have given to the Agency written notice as provided in Section 8.07 or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, removal, or for any other reason whatsoever, the Trustee (in the case of its resignation under Section 8.07) or the Owner of any Bond (in any case) may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee.

Any Outstanding Bond (or any portion thereof such that both the portion thereof which is deemed paid and the portion which is not deemed paid pursuant to this Section shall be in an Authorized Denomination) shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in Section 9.01 (except that the obligations under the Indenture set forth in Section 9.01 (b) and the giving of the notices of the redemption of Bonds to be redeemed as provided in Article IV shall continue) if (1) in case said Bond (or portion thereof) is to be redeemed on any date prior to maturity, the Agency shall have given the Trustee irrevocable instructions to give notice of redemption of such Bond (or portion thereof) on said date as provided in Article IV, (2) there shall have been deposited with an Escrow Agent

SPECIMEN

The interest rates on the 2007 Series A Bonds shall be determined as described below provided that no interest rate or any 2007 Series A Bond may exceed the Maximum Interest Rate:

(1) Daily Interest Rate. During each Daily Interest Rate Period, the 2007 Series A Bonds shall bear interest at Daily Interest Rates, which, except as otherwise provided in the Indenture, shall be determined by the Remarketing Agent by no later than 9:30 a.m., New York City time, on each Business Day during such Daily Interest Rate Period. The Daily Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent (based on then-prevailing market conditions) to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent to sell the 2007 Series A Bonds on the effective date of such rate at a price (without regarding accrued interest) equal to the principal amount thereof. In the event that the Remarketing Agent fails to establish a Daily Interest Rate for any day, then the Daily Interest Rate for such day shall be the same as the Daily Interest Rate for the immediately preceding day if the Daily Interest Rate for such preceding day was determined by the Remarketing Agent. In the event that the Daily Interest Rate for the immediately preceding day was not determined by the Remarketing Agent, or in the event that the Daily Interest Rate determined by the Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such day shall be equal to 110% of the SIFMA Index made available for the week preceding the date of determination, or if such index is no longer available, or no such index was so made available for the week preceding the date of determination, 75% of the interest rate on 30-day high grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* on the day the Daily Interest Rate would otherwise be determined as provided in the Indenture.

(2) Weekly Interest Rate. During each Weekly Interest Rate Period, the 2007 Series A Bonds shall bear interest at Weekly Interest Rates, which, except as otherwise provided in the Indenture, shall be determined for each Calendar Week by the Remarketing Agent by no later than 5:00 p.m., New York City time, on the Wednesday immediately preceding each Calendar Week, or if such day shall not be a Business Day, then by 12:00 noon, New York City time, on the next succeeding Business Day; provided, however, that if the 2007 Series A Bonds are to be Converted to a Weekly Interest Rate Period from another Interest Rate Period, the Weekly Interest Rate for the initial Calendar Week of such Weekly Interest Rate Period shall be determined not later than the Business Day next preceding the effective date of such Weekly Interest Rate Period. The Weekly Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent (based on then-prevailing market conditions) to sell the 2007 Series A Bonds on the effective date of such rate at a price (without regarding accrued interest) equal to the principal amount thereof. In the event that the Remarketing Agent fails to establish a Weekly Interest Rate for any Calendar Week, then the Weekly Interest Rate for such Calendar Week shall be the same as the Weekly Interest Rate for the immediately preceding week if the Weekly Interest Rate for such preceding Calendar Week was determined by the Remarketing Agent. In the event that the Weekly Interest Rate for the immediately preceding Calendar Week was not

SPECIMEN

determined by the Remarketing Agent, or in the event that the Weekly Interest Rate determined by the Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such Calendar Week shall be equal to the Variable Index on the day such Weekly Interest Rate would otherwise be determined as provided in the Indenture.

The term "Calendar Week" means, with respect to the 2007 Series A Bonds in a Weekly Interest Rate Period, the period during which the 2007 Series A Bonds bear interest at a particular Weekly Interest Rate and will be the period from Thursday of one week (whether or not a Business Day) to and including the Wednesday of the following week (whether or not a Business Day); provided that the initial Calendar Week for each Weekly Interest Rate Period shall be the period from the first day of such Weekly Interest Rate Period to the next succeeding Wednesday (whether or not a Business Day); and provided further that the final Calendar Week for a Weekly Interest Rate Period which ends on a day other than a Wednesday shall be the period from the Thursday (whether or not a Business Day) preceding the last day of such Weekly Interest Rate Period to the last day of such Weekly Interest Rate Period.

(3) Long-Term Interest Rate. During each Long-Term Interest Rate Period, the 2007 Series A Bonds shall bear interest at the Long-Term Interest Rate determined by the Remarketing Agent on a Business Day no later than the effective date of such Long-Term Interest Rate Period. The Long-Term Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent (based on then prevailing market conditions) to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent to sell the 2007 Series A Bonds at a price (without regarding accrued interest) equal to the principal amount thereof (or at a discount below or premium above par if Bond Counsel delivers a Favorable Opinion of Bond Counsel to the Trustee). If, for any reason, the Long-Term Interest Rate is not so determined for the Long-Term Interest Period by the Remarketing Agent on or prior to the first day of such Long-Term Interest Period, then a Weekly Interest Rate Period shall automatically commence on the proposed Conversion Date to the Long-Term Interest Rate Period and the 2007 Series A Bonds shall bear interest at Weekly Interest Rates and shall continue to bear interest at Weekly Interest Rates until such time as the Interest Rate Period for the 2007 Series A Bonds shall have been Converted to another Interest Rate Period as provided in the Indenture.

(4) Commercial Paper Term Rates. During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall bear interest during each Commercial Paper Term for such 2007 Series A Bond at the Commercial Paper Term Rate. The Commercial Paper Term and the Commercial Paper Term Rate need not be the same for all the 2007 Series A Bonds, even if determined on the same date. Each of such Commercial Paper Terms and Commercial Paper Term Rates for each 2007 Series A Bond shall be determined by the Remarketing Agent no later than the first day of each Commercial Paper Term. Each Commercial Paper Term shall be for a period of days within the range or ranges announced as possible Commercial Paper Terms no later than 9:30 a.m., New York City time, on the first day of each Commercial Paper Term by the Remarketing Agent. Each Commercial Paper Term for each 2007 Series A Bond shall be a period of not more than one hundred eighty (180) days, shall end not later than twenty

SPECIMEN

(20) Business Days prior to the Expiration Date of any Credit Support Instrument, shall be determined by the Remarketing Agent to be the period, except as provided in the Indenture with respect to a Conversion of the Interest Rate Period for the 2007 Series A Bonds, which, together with all other Commercial Paper Terms for all 2007 Series A Bonds then Outstanding, will result in the lowest overall interest expense on the 2007 Series A Bonds over the next succeeding one hundred eighty (180) days. If, for any reason, a Commercial Paper Term for any 2007 Series A Bond is not so determined by the Remarketing Agent, or if the determination of such Commercial Paper Term is held by a court of law to be invalid or unenforceable, then such Commercial Paper Term shall be thirty (30) days, but if the last day so determined shall not be a day immediately preceding a Business Day, shall end on the first day immediately preceding the Business Day next succeeding such last day, or if such last day would be after the day immediately preceding the Maturity Date, shall end on the day immediately preceding the Maturity Date.

The Commercial Paper Term Rate for each Commercial Paper Term for each 2007 Series A Bond during a Commercial Paper Interest Rate Period shall be the rate of interest per annum determined by the Remarketing Agent (based on then-prevailing market conditions) to be the minimum interest rate which, if borne by such 2007 Series A Bond, would enable the Remarketing Agent to sell such 2007 Series A Bond on the effective date of such rate at a price equal to the principal amount thereof. If, for any reason, a Commercial Paper Term Rate for any 2007 Series A Bond is not so established by the Remarketing Agent for any Commercial Paper Term, or if such Commercial Paper Term Rate is determined by a court of law to be invalid or unenforceable, then the Commercial Paper Term Rate for such Commercial Paper Term shall be the rate per annum equal to the Variable Index on the first day of such Commercial Paper Term.

(5) Index Interest Rates. During each Index Interest Rate Period, the 2007 Series A Bonds shall bear interest at Index Interest Rates. The Index Interest Rate for the 2007 Series A Bonds for each Index Bond Calculation Period shall be calculated as the weighted arithmetic average of the MMD Adjusted Rate in effect for each day in the Index Bond Calculation Period, calculated by multiplying each such MMD Adjusted Rate by the number of days such MMD Adjusted Rate is in effect, determining the sum of such products and dividing such sum by the number of days in the Index Bond Calculation Period. Such rate shall be multiplied against the face amount of the Index Bonds to determine the interest payable on the Interest Payment Date following such Index Bond Calculation Period (but shall not exceed the Maximum Interest Rate).

"Index Bond Calculation Period" for any Index Bond means the period from and including each Interest Accrual Date for the Index Bond to but excluding the next succeeding Interest Payment Date for the Index Bond.

"Index Bond Reset Date" means the day on which the interest rate will be reset and such day will be the first Business Day of each month.

"Index Interest Rate" means, for any Index Bond Calculation Period, a per annum rate equal to the weighted arithmetic average of the MMD Adjusted Rate in effect for each day in the Index Bond Calculation Period, calculated by multiplying each such MMD Adjusted Rate

SPECIMEN

by the number of days such MMD Adjusted Rate is in effect, determining the sum of such products and dividing such sum by the number of days in the Index Bond Calculation Period, all as set forth in the Indenture, but not to exceed the Maximum Interest Rate.

"MMD" means the AAA Municipal Market Data General Obligation Yield Curve for a MMD Maturity as available through the Thompson Municipal Market Monitor (www.tm3.com) and the Municipal Market Data-Line (i) on each day prior to each Index Bond Reset Date or (ii) if the MMD is not published or provided on that day, then the MMD will be the MMD for the next preceding Business Day. If the MMD as described in (i) and (ii) is not available, then the MMD will be a comparable or successor index selected by the Agency. The MMD as so determined shall be effective for each period from the Index Bond Reset Date through but not including the next Index Bond Reset Date.

"MMD Adjusted Rate" means a per annum rate equal to the MMD Initial Rate plus or minus the change in the MMD since the date of adjustment, provided that the MMD Adjusted Rate shall never be more than the Maximum Interest Rate. The MMD Adjusted Rate as so determined shall be effective for each period from the Index Bond Reset Date through but not including the next Index Bond Reset Date.

"MMD Initial Rate" means the applicable rate for each Index Bond as designated by the Agency at the date of adjustment to an Index Interest Rate Period. The MMD Initial Rate shall be effective for the period from date of adjustment through but not including the first Index Bond Reset Date.

"MMD Maturity" means a specific year or period of one year or any multiple of one year as designated by the Treasurer at the date of adjustment to a Series of Index Bonds.

(6) Auction Period Rates. During each ARB Interest Rate Period, the 2007 Series A Bonds shall bear interest at rates determined by the periodic application of the Auction Procedures, as provided in the Indenture.

The Trustee shall give notice to the Owners of the 2007 Series A Bonds by first class mail of a Conversion in the Interest Rate Period prior to the effective date of such Interest Rate Period as provided in the Indenture.

Tender of 2007 Series A Bonds for Purchase at Option of Owner. During each Daily Interest Rate Period, the Owner (or with respect to a Book-Entry Bond, the Beneficial Owner through its direct Participant in the Securities Depository) of a 2007 Series A Bond may tender such 2007 Series A Bond (or with respect to a Book-Entry Bond, its interests in such 2007 Series A Bond), or a portion thereof as described below, on any Business Day, for purchase at the applicable Purchase Price, upon delivery to the Tender Agent at its Principal Office for delivery of notices, with a copy to the Remarketing Agent, of an irrevocable written notice, or telephone notice promptly confirmed in writing, which states the principal amount of such 2007 Series A Bond (or the portion thereof) that is being irrevocably tendered for purchase. The Purchase Date for any 2007 Series A Bond (or portion thereof) in a Daily Interest Rate Period for which the Owner (or Beneficial Owner, as applicable) has given such notice of tender for purchase shall be the date of delivery of such notice to the Tender Agent or such later Business

SPECIMEN

Day as shall be specified in such notice. Any such notice of tender for purchase delivered to the Tender Agent after 11:00 a.m., New York City time, shall be deemed to have been received on the next succeeding Business Day. In the case of a tender for purchase of less than the full principal amount of a 2007 Series A Bond, both the portion of the 2007 Series A Bond being tendered for purchase and the portion not so tendered shall be in an Authorized Denomination.

During each Weekly Interest Rate Period the Owner (or with respect to a Book-Entry Bond, the Beneficial Owner through its direct Participant in the Securities Depository) of a 2007 Series A Bond may tender such 2007 Series A Bond (or with respect to a Book-Entry Bond, its interest in such 2007 Series A Bond), or a portion thereof as described below, on any Business Day, for purchase at the applicable Purchase Price, upon delivery to the Tender Agent at its Principal Office for delivery of notices, with a copy to the Remarketing Agent, of an irrevocable written notice which states the principal amount of such 2007 Series A Bond (or the portion thereof) that is being irrevocably tendered for purchase and the date on which the same shall be purchased, which date shall be a Business Day not prior to the seventh day next succeeding the date of the delivery of such notice to the Tender Agent. Any notice delivered to the Tender Agent after 4:00 p.m., New York City time, shall be deemed to have been received on the next succeeding Business Day. In the case of a tender for purchase of less than the full principal amount of a Bond, both the portion of the 2007 Series A Bond tendered for purchase and the portion not so tendered shall be in an Authorized Denomination.

The giving of notice by an Owner or Beneficial Owner of a 2007 Series A Bond to have such 2007 Series A Bond purchased shall constitute the irrevocable tender for purchase of such 2007 Series A Bond, regardless of whether Proper Delivery of such 2007 Series A Bond is made to the Tender Agent on the applicable Purchase Date.

Mandatory Tender Following Commercial Paper Term. During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the day next succeeding the last day of each Commercial Paper Term for such 2007 Series A Bond, unless such day is the first day of a new Interest Rate Period for such 2007 Series A Bond (in which event such 2007 Series A Bond shall be subject to mandatory tender for purchase as described below).

Mandatory Tender on First Day of Interest Rate Period. The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the first day of each Interest Rate Period (other than upon the Conversion from a Daily Interest Rate Period to a Weekly Interest Rate Period or the Conversion from a Weekly Interest Rate Period to a Daily Interest Rate Period) and (except for any Conversion from an ARB Interest Rate Period), on the proposed Conversion Date specified in the notice of the Conversion to an alternate Interest Rate Period given to the Owners.

Mandatory Tender Upon Termination or Expiration of Credit Support Instrument. The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price: (a) on a Business Day which is not less than five (5) days prior to termination of any Credit Support Instrument then in effect with respect to the 2007 Series A Bonds upon the delivery of an Alternate Credit Support Instrument; (b) on the fifth Business Day following the Trustee's receipt of a Notice of Mandatory Tender; or (c) on a Business Day which is not less

PRELIMINARY

than five (5) days prior to the Expiration Date of the Credit Support Instrument then in effect with respect to the 2007 Series A Bonds.

Notice of Mandatory Tender. Notice of each mandatory tender of the 2007 Series A Bonds for purchase (other than following each Commercial Paper Term as to which no notice will be given) shall be given as provided in the Indenture.

Purchase Price.

The term "Purchase Price" means, with respect to any Tendered Bond (or portion thereof), an amount, payable in immediately available funds, equal to the principal amount thereof plus accrued interest from and including the Interest Accrual Date immediately preceding the applicable Purchase Date to but not including the applicable Purchase Date; provided, however, that (1) if the Purchase Date for any Tendered Bond is on or after the Record Date for an Interest Payment Date and on or prior to such Interest Payment Date, the Purchase Price thereof shall be the principal amount thereof, and interest on such Tendered Bond shall be paid to the Owner of such Tendered Bond as of the applicable Record Date and (2) in the case of a Purchase Date which is the first day of an Interest Rate Period which is preceded by a Long-Term Interest Rate Period and which commences prior to the day originally established as the last day of such preceding Long-Term Interest Rate Period, "Purchase Price" of any Tendered Bond means the optional redemption price which would have been applicable to the redemption of such Tendered Bond on such Purchase Date if the preceding Long-Term Interest Rate Period had continued to the day originally established as its last day.

Sources of Payment of Purchase Price.

The Purchase Price of 2007 Series A Bonds payable upon optional or mandatory tender for purchase is payable solely from the proceeds of the remarketing of such 2007 Series A Bonds and amounts provided pursuant to a Credit Support Instrument for the 2007 Series A Bonds. The Agency has no obligation to provide any funds for the payment of such Purchase Price.

Purchase Price Payable Only on Proper Delivery.

The Purchase Price of any Tendered Bond purchased pursuant to the Indenture shall be payable only upon Proper Delivery of such Tendered Bond to the Tender Agent. If Proper Delivery of any Tendered Bond is made by 10:00 a.m., New York City time, on the applicable Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be paid (but only from the funds provided therefor pursuant to the Indenture) in immediately available funds on the date such Proper Delivery is made and if such Proper Delivery is made after 10:00 a.m., New York City time, on such Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be paid (but only from the funds provided therefor pursuant to the Indenture) in immediately available funds on the Business Day immediately succeeding such date of Proper Delivery.

The term "Proper Delivery" means, with respect to the delivery of a Tendered Bond to the Tender Agent to receive the Purchase Price thereof: (a) if such Tendered Bond is a Book-Entry Bond, the making of, or the irrevocable authorization to make, by 10:00 a.m., New

Undelivered Bonds. The Tender Agent may refuse to accept delivery of any Tendered Bond as to which Proper Delivery has not been made; such refusal, however, shall not affect the validity of the purchase of such Tendered Bond either upon the remarketing thereof as herein provided or upon the purchase of such Tendered Bond from a draw on any Credit Support Instrument. For all purposes of the Indenture, the Tender Agent shall determine whether there has been Proper Delivery of Tendered Bonds. Such determination shall be binding on the Owners of the 2007 Series A Bonds, the Agency and the Remarketing Agent, absent manifest error. If the Owner or Beneficial Owner of a 2007 Series A Bond who has given notice of optional tender for purchase, or any Owner of a 2007 Series A Bond subject to mandatory tender for purchase, fails to make Proper Delivery of such 2007 Series A Bond to the Tender Agent by 10:00 a.m. New York City time on the applicable Purchase Date and if moneys equal to the Purchase Price of all 2007 Series A Bonds to be purchased on such Purchase Date in accordance with the Indenture shall be available to the Tender Agent for the payment thereof, such Tendered Bond shall constitute an Undelivered Bond. From and after the applicable Purchase Date, (1) each Undelivered Bond shall be deemed to be purchased and shall no longer be deemed to be Outstanding under the Indenture; (2) interest shall no longer accrue with respect to such Undelivered Bond; (3) funds in the amount of the Purchase Price of the Undelivered Bond shall be held by the Tender Agent in the Bond Purchase Fund for the benefit of the Owner of such Undelivered Bond, to be paid when Proper Delivery of such Undelivered Bond is made to the Tender Agent; and (4) the Owner of such Undelivered Bond shall have no rights with respect to such Undelivered Bond except to receive the Purchase Price thereof from the funds held by the Tender Agent in the Bond Purchase Fund for such purpose and only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent.

The above-described provisions for the optional and mandatory tender of the 2007 Series A Bonds for purchase shall not apply at any time this Bond is a Pledged 2007 Series A Bond or this Bond is owned by, for the account of, or on behalf of, the Agency.

BY ACCEPTANCE OF THIS BOND, EACH OWNER IRREVOCABLY AGREES THAT, IF THIS BOND IS TO BE PURCHASED ON ANY DATE AND SUFFICIENT FUNDS ARE ON DEPOSIT WITH THE TENDER AGENT FOR ALL PURCHASES TO BE MADE ON SUCH DATE AS AFORESAID, THIS BOND SHALL BE DEEMED TO HAVE BEEN PURCHASED FOR ALL PURPOSES UNDER THE INDENTURE AND, THEREAFTER, THE OWNER SHALL HAVE NO FURTHER RIGHTS HEREUNDER OR UNDER THE INDENTURE WITH RESPECT TO THIS BOND, EXCEPT TO RECEIVE THE PURCHASE PRICE FOR THIS BOND FROM THE FUNDS SO DEPOSITED UPON PROPER DELIVERY HEREOF AS AFORESAID.

After any partial redemption, there shall not be less than $10,000,000 in aggregate principal amount of 2007 Series A Bonds outstanding unless otherwise consented to by the Broker-Dealer.

If any 2007 Series A Bonds are to be redeemed in part and such Bonds are held by a Securities Depository, the issuer shall include in the notice of the call for redemption delivered to the Securities Depository (i) a date placed under an item entitled "Publication Date for Securities Depository Purposes" and such date shall be three Business Days after the Auction Date immediately preceding such redemption date (in the case of a daily Auction Period, such date shall be three Business Days immediately preceding the date of redemption) and (ii) an instruction to the Securities Depository to (x) determine on such Publication Date after the Auction held on the immediately preceding Auction Date has settled, the Securities Depository Participants whose Securities Depository positions shall be redeemed and the principal amount of such ARBs to be redeemed from each such position (the "Securities Depository Redemption Information"), and (y) notify the Trustee immediately after such determination of (1) the positions of the Securities Depository Participants in such Bonds immediately prior to such Auction settlement, (2) the position of the Securities Depository Participants in such ARBs immediately following such Auction settlement, and (3) the Securities Depository Redemption

Mandatory Redemption. The 2007 Series A Bonds are subject to mandatory redemption, in part, on any September 1 on and after September 1, 2008, at a Redemption Price equal to the principal amount of the 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium, from the Sinking Fund Installments established for the 2007 Series A Bonds in the Indenture. Notwithstanding the foregoing, when any 2007 Series A Bond to be redeemed pursuant to the preceding sentence is subject to an ARB Interest Rate Period, if such September 1 is not an ARB Interest Payment Date, the redemption from Sinking Fund Installments shall occur on the ARB Interest Payment Date immediately preceding such September 1.

The 2007 Series A Bonds are payable upon redemption upon surrender thereof at the Principal Office of the Trustee. Receipt of such notice of redemption shall not be a condition precedent to the redemption of 2007 Series A Bonds and failure of any Owner of a 2007 Series A Bond to receive any such notice or any insubstantial defect in such notice shall not affect the validity of the proceedings for the redemption of 2007 Series A Bonds.

In the event that funds required to pay the Redemption Price of the 2007 Series A Bonds are not on deposit with the Trustee at the time the notice with respect to the redemption of 2007 Series A Bonds at the option of the Agency is given, such notice shall state that such redemption is conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the Redemption Price of the 2007 Series A Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Agency shall not be required to redeem such 2007 Series A Bonds. In

SPECIMEN

As provided in the Indenture, Bonds of the Agency may be issued thereunder from time to time pursuant to Supplemental Indentures in one or more Series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as in the Indenture provided. The aggregate principal amount of Bonds which may be issued under the Indenture is not limited except as provided in the Indenture, and all Bonds issued and to be issued under the Indenture are and will be equally secured by the pledge and assignment and covenants made therein, except as otherwise expressly provided or permitted in the Indenture.

Copies of the Indenture are on file with the Agency and at the Principal Office of the Trustee and reference is hereby made to the Indenture and to all amendments and supplements thereto for a description of the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Agency, the Trustee and the Owners of the Bonds and the terms upon which the Bonds are secured under the Indenture, the rights and remedies of the Owners of the Bonds, the limitations on such rights and remedies and the terms and conditions upon which Bonds are issued and may be issued thereunder. The Indenture provides that other Parity Obligations secured by a pledge of the Subordinate Pledged Tax Revenues on a parity with the Bonds may be issued or incurred by the Agency on the terms set forth therein. By acceptance of this Bond, the Registered Owner accepts and agrees to the terms of the Indenture.

The term "Interest Date" means, with respect to the 2007 Series B Bonds, each March 1 and September 1, commencing September 1, 2007.

This Bond does not constitute a charge against the general credit of the Agency but is a limited obligation of the Agency payable as to principal, Redemption Price, if any, and interest solely from the Subordinate Pledged Tax Revenues and the other funds pledged therefor under the Indenture. This Bond is not secured by a legal or equitable pledge of, or lien or charge upon, any property of the Agency or any of its income or receipts except the Subordinate Pledged Tax Revenues pledged therefor pursuant to the Indenture which pledge is subject to the provisions of the Indenture permitting the application of the Subordinate Pledged Tax Revenues for the purposes and on the terms and conditions set forth therein. This Bond is not a debt of the City of Richmond, the State of California or any of its political subdivisions, and neither said City, said State nor any of its political subdivisions is liable therefor, nor in any event shall the payment of the principal or Redemption Price of or interest on this Bond constitute a debt, liability or obligation of any public agency (other than the limited obligation of the Agency as provided in the Indenture). This Bond does not constitute an indebtedness within the meaning of any constitutional or statutory limitation or restriction, and neither the members of the Agency nor any persons executing this Bond are liable personally on this Bond by reason of its issuance. No such modification or amendment shall permit a change in the terms of any Sinking Fund Installment or the terms of redemption or maturity of the principal of any Bond or of any installment of interest thereon or a reduction in the principal amount or Redemption Price thereof or in the rate of interest thereon without the consent of the Owner of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee or of any Paying Agent without its written assent thereto.

The Indenture may also be amended or supplemented without the necessity of the consent of the Owners of the Bonds for any one or more of the purposes Trustee specified in the Indenture.

The Agency, the Trustee and any Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price hereof and interest due hereon and for all other purposes.

The Registered Owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture. In certain events, on the conditions, in the manner and with the effect set forth in the Indenture, the principal of all the Bonds issued under the Indenture and then Outstanding may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon.

## *Rationale*

Standard & Poor's Ratings Services assigned its 'A-' rating to Richmond Community Redevelopment Agency, Calif.'s $68 05 million tax-exempt auction rate series 2007A subordinate tax allocation bonds and $10.52 million series 2007B taxable housing set-aside subordinate tax allocation bonds, issued on behalf of the Merged Redevelopment Project Area (MRPA). At the same time, Standard & Poor's affirmed its 'A-' underlying rating (SPUR) on ***Richmond Joint Powers Financing Authority***, Calif.'s $15 million series 2004A taxable housing set-aside and nonhousing tax allocation revenue bonds and $2 million series 2004B tax-exempt housing set-aside tax allocation revenue bonds, also issued on behalf of Richmond Community Redevelopment Agency for the MRPA.

The rating reflects the following credit strengths:

- The large size and mostly residential (60%) nature of the MRPA, which also includes a diverse mix of industrial (21%) and commercial (7%) land use spread over a total of 5,338 acres, representing 28% of the city size;
- Very strong growth in project area assessed valuation (AV), increasing 113% to $3.2 billion in 2007 from $1.5 billion in 2004, an average annual growth rate of 29%—most recently

growing 83% in 2007 due to the addition of Nevin Center project area 10B-2006to the MRPA;

- Significantly development underway and planned that is expected to add significant value to the tax base;
- Good coverage of maximum annual debt service (MADS) and annual parity debt service of 1.4x in fiscal 2007, with coverage of housing set-aside debt service also strong at 2.2x;
- Good legal provisions, including an additional bonds test (ABT) that requires tax increment revenues to cover MADS by 1.40x, using a historical test; and
- A convenient location adjacent to the deep and diverse Oakland and San Francisco local economies.

Somewhat offsetting credit weaknesses include:

- A moderate base year AV to total AV volatility ratio of 0.39 as of fiscal 2007 that has risen from 0.24 in 2006 due to the addition of the Nevin Center project area 10B-2006, reflecting moderate and heightened sensitivity in tax increment revenues due to fluctuations in overall AV;
- Moderate concentration in the tax base, with the 10 leading taxpayers representing 23% of incremental AV in 2007 (down from 28% in 2005); and
- A lien junior to a statutory pass-through agreement that includes step-up provisions, as well as outstanding debt service payments for the pre- and post-2004 limit project areas and senior Harbour Project Area debt service, although offset by the closed lien status of those existing loan agreements.

The series A bonds, issued in auction rate mode, will be swapped to fixed rate under a swap agreement with the Royal Bank of Canada. The agency has been assigned a DDP overall score of '1.5' on a four-point scale where '1' represents the lowest risk. The overall score of '1.5' reflects our view that the agency's general fund-related swap portfolio presents a very low credit risk at this time.

The bonds are secured by tax increment revenues collected within the MRPA, net of statutory pass-through agreement payments and the agency's 20% housing set-aside. The series 2007A and B and previously issued 2004A and B bonds are secured by a lien subordinate to outstanding debt issued in 1991 and 1998 related to the agency's Harbour Project Area, senior series 2000A pre-2000 limit area bonds, and senior series 2003 post-2004 limit area debt. However, all senior liens have been closed.

Securing payments on the 2007B housing set-aside bonds is the 20% housing set-aside revenues generated from the MRPA. The housing set-aside bonds have a lien junior to the agency's series 2000B housing set-aside bonds issued for the pre-2004 limit project area. However, the senior lien on those bonds has also been closed.

The bonds are being issued to contribute $12 million to the city to assist with financing a portion of the city's Civic Center project and to finance various redevelopment projects of the agency. The contribution is not considered a loan, but a one-time payment with no repayment provided, given both the city and the agency benefit from various project features. Legal provisions are good and include a historical ABT of 1.40x (after consideration of the senior Harbour Project Area lien that is closed) that applies to both housing and nonhousing bonds, along with a reserve fund for each series fully funded at the lesser of MADS, 10% of par, or 125% of average annual debt service.

The agency, created in 1949, was one of the first redevelopment agencies formed in the nation. The project area consists of 10 formerly independent redevelopment project areas totaling 5,338 acres within Richmond that were merged in 1999. As part of the merger process, territory was also added to various sub-project areas. As of 2007, land use of the project area (not including the recently added 10B-2006 parcel) is mixed, with residential uses accounting for 60% of AV and

industrial and commercial uses accounting for 21% and 7%, respectively. Project area AV continues to show strong growth, increasing to 113% to $3.2 billion in 2007 from $1.5 billion in 2004, an average annual growth rate of 29%. The addition of project area 10B-2006 to the MRPA led to 83% AV growth in 2007. Growth continues to be due to substantial new construction projects, investment activity, and numerous changes in ownership. However, the project area has a moderately high base year AV to total AV volatility ratio of 0.39, up from 0.24 in 2005 because of the addition of project area 10B-2006, reflecting moderate sensitivity in tax increment revenues due to fluctuations in overall AV.

The tax base is somewhat concentrated, with the 10 leading taxpayers representing 23% of incremental AV and 14% of total AV as of 2007. The leading taxpayer, Lennar Emerald Marina Shores, represents 8% of incremental AV on its own. No other taxpayer represents more than 3% of incremental AV. With an ABT of 1.40x, however, the project area is able to withstand the loss of all top 10 taxpayers and still maintain coverage of at least 1.0x.

Coverage of MADS on the nonhousing bonds and parity debt, net of senior closed-lien debt, is 1.42x as of fiscal 2007, with coverage on the housing set-aside bonds and parity debt of 2.19x. The agency plans to issue additional debt as tax base growth allows, while keeping in mind the ABT of 1.40x.

Significant development is underway and also planned for the MRPA. Some of the more significant projects include a 31,000-square-foot commercial center, an 86-acre parcel being considered for mixed uses, an additional 190,000-square-foot retail project anchored by Target, the Metro-Walk transit village project and station where BART and Amtrak will intersect, many significant affordable-housing projects, and the joint city-agency Civic Center Revitalization Project.

## *Outlook*

The stable outlook is supported by the project area's strong growth trends and our expectation that strong growth will continue given several pending projects and expected turnover of pre-prop 13 real estate, which should continue to lower the volatility ratio and somewhat alleviate concentration concerns. The stable outlook also reflects Richmond's participation in the greater San Francisco Bay Area economy.

## *Economy*

Richmond has a population of 103,468 and is located on the northeastern shore of the San Francisco Bay in Contra Costa County. Employment opportunities include the port and related transportation industries and Chevron's oil refinery, research, and chemical business. Residents also benefit from Richmond's proximity to the significant economies of Oakland, San Francisco, and other Bay Area locations.

## *Debt Derivative Profile*

The agency has been assigned a DDP overall score of '1.5' on a four-point scale where '1' represents the lowest risk. The overall score of '1.5' reflects our view that the agency's general fund-related swap portfolio reflects a very low credit risk at this time due to the following factors:

- A highly rated swap counterparty,

- A low degree of involuntary termination risk under the city's swaps due to a moderate ratings trigger spread,
- Adequate economic viability of the swap portfolio over stressful economic cycles, and
- Very strong management practices with formalized debt and swap management plans or policies.

In conjunction with the series A bonds, the agency is entering into a floating-to-fixed interest rate swap with a notional amount of $68.05 million, equal to the par amount of the series A bonds. The swap counterparty is the Royal Bank of Canada ('AA-/Stable'), and swap payment insurance is also expected. The swap scored very well on termination risk due to the minimal likelihood of involuntary termination because of a lowered rating on the agency over the long term.

The effective date of the swap is the expected delivery date of the series A bonds, with termination date of Sept. 1, 2036. On a pro forma basis, net variable-rate exposure is zero, and total outstanding agency debt will be $171 million after the bonds are issued.

BROKER-DEALER AGREEMENT

THIS BROKER-DEALER AGREEMENT, dated July 12, 2007, among (i) WELLS FARGO BANK, N.A. (the "Auction Agent"), a national banking association duly organized and existing under and by virtue of the laws of the United States of America, pursuant to authority granted to the Auction Agent in the Auction Agreement, dated as of July 1, 2007 (the "Auction Agreement"), between Union Bank of California, N.A. (the "Trustee") and the Auction Agent; (ii) RBC CAPITAL MARKETS, INC. (a "BD"); and (iii) RICHMOND COMMUNITY REDEVELOPMENT AGENCY, a public body, corporate and politic, duly organized and existing pursuant to the Community Redevelopment Law of the State of California (the "Agency").

WITNESSETH

WHEREAS, the Agency is issuing $65,400,000 aggregate principal amount of its Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) 2007 Series A (the "Bonds"), maturing on September 1, 2036, pursuant to the Indenture of Trust, as supplemented by the First Supplemental Indenture of Trust, each dated as of July 1, 2007 (together, the "Indenture"), between the Agency and the Trustee; and

WHEREAS, the interest rate on the Bonds will initially be set in accordance with the Auction Procedures; and

WHEREAS, Wells Fargo Bank, N.A. has been appointed as Auction Agent for purposes of the Auction Agreement, and pursuant to Section 2.1 of the Auction Agreement, the Agency has requested and directed the Auction Agent to execute and deliver this Broker-Dealer Agreement; and

WHEREAS, the Auction Procedures require the participation of one or more Broker-Dealers;

NOW, THEREFORE, the Auction Agent, as agent for the Trustee, the BD and the Agency agree as follows:

SECTION 1. DEFINITIONS AND RULES OF CONSTRUCTION.

1.1 *Terms Defined by Reference to the Auction Procedures.* Capitalized terms used herein shall have the respective meanings specified in the Auction Procedures,

1.2 *Additional Terms Defined Herein.* As used herein, the following terms shall have the following meanings, unless the context otherwise requires:

(a) "Auction Procedures" shall mean the procedures for conducting Auctions for the Bonds during an ARS Rate Period as set forth in Exhibit A hereto.

(b) "Authorized Officers" shall mean each Senior Vice President, Vice President, Assistant Vice President and authorized representative of the Auction Agent assigned to the Auction Agent Services Group of its Corporate Trust Services Department and every other

officer or employee of the Auction Agent designated as an "Authorized Officer" for purposes hereof in a written communication from the Auction Agent signed by an Authorized Officer and delivered to the Trustee.

(c) "BD Officer" shall mean each officer or employee of BD designated as a "BD Officer" for purposes of this Broker-Dealer Agreement in a communication to the Auction Agent.

(d) "Broker-Dealer Agreement" shall mean this Broker-Dealer Agreement, including Exhibit A hereto, and any substantially similar agreement between the Auction Agent and a Broker-Dealer.

(e) "Broker-Dealer Fee" shall have the meaning set forth in Section 2.5(b) hereof.

(f) "Order Form" shall mean the form by which Orders are to be submitted by any Broker-Dealer on any Auction Date which shall be in a form acceptable to the Auction Agent and may be by Electronic Means or in writing.

1.3 *Rules of Construction.* Unless the context or use indicates another or different meaning or intent, the following rules shall apply to the construction of this Broker-Dealer Agreement:

(a) Words importing the singular number shall include the plural number and vice versa.

(b) The captions and headings herein are solely for convenience of reference and shall neither constitute a part of this Broker-Dealer Agreement nor affect its meaning, construction or effect.

(c) The words "hereof," "herein," "hereto," and other words of similar import refer to this Broker-Dealer Agreement as a whole and not to any particular section or subsection.

(d) All references herein to a particular time of day shall be to New York City time.

(e) Each reference to the purchase, sale or holding of "Bonds" shall refer to beneficial ownership interests in Bonds unless the context clearly requires otherwise.

(f) Any reference herein to Bonds shall be deemed to be a reference to each Series of Bonds. References herein to an Auction and the Auction Procedures shall apply separately to each Series of Bonds.

SECTION 2. THE AUCTION.

2.1 *Incorporation by Reference of Auction Procedures.*

(a) The parties to this Broker-Dealer Agreement agree to comply with the Auction Procedures. No amendment to the Auction Procedures shall be effective without the consent of the parties hereto. In addition if this Broker-Dealer Agreement takes effect following an ARS Conversion Date, BD agrees to set the Initial Rate at the lowest rate which will enable the Bonds to be resold on the ARS Conversion Date at par plus accrued interest, if any.

(b) BD agrees to act as, and assumes the obligations of, and limitations and restrictions placed upon, a Broker-Dealer under this Broker-Dealer Agreement. BD understands that other Persons meeting the requirements specified in the definition of "Broker-Dealer" contained in the Auction Procedures may execute Broker-Dealer Agreements and participate as Broker-Dealers in Auctions.

(c) BD and other Broker-Dealers may participate in Auctions for their own accounts. The Agency may, however, by notice to BD and all other Broker-Dealers, prohibit all of the Broker-Dealers from submitting Bids in Auctions for their own accounts, provided that Broker-Dealers may continue to submit Hold Orders and Sell Orders. Notwithstanding the foregoing, if BD is an affiliate of the Agency it may not submit Bids to purchase Bonds in Auctions for its own account, but may submit Hold Orders and Sell Orders in Auctions with respect to Bonds otherwise acquired for its own account. The Auction Agent shall be under no duty or liability with respect to monitoring compliance with this Section 2.1(c).

2.2 *Preparation for Each Auction.*

(a) Not later than 3:00 P.M. on the Business Day preceding each Auction Date, the Auction Agent shall notify BD of any change in the aggregate principal amount of the Bonds, as of the opening of business on such day by delivering a notice to BD by Electronic Means or other communication acceptable to the parties.

(b) In the event the Auction Date for any Auction shall be changed pursuant to Section 2.09(c) of the Auction Procedures after the Auction Agent has given notice of such Auction Date pursuant to Section 2.06 of the Auction Procedures, the Auction Agent, by such means as the Auction Agent deems practicable, shall promptly give notice of such change to BD. Thereafter, BD shall use its best efforts to promptly notify its customers who are Existing Owners and Potential Owners of which it is aware of such change in the Auction Date.

2.3 *Securities Depository Participant Numbers.*

The Auction Agent may, but shall have no duty to, request, from time to time, BD to provide it with a list of the number of Units and affiliated Securities Depository participant numbers for customers BD believes are Existing Owners. BD shall comply with any such request, and the Auction Agent shall keep confidential any such information, including information received as to the identity of Bidders in any Auction, and shall not disclose any such information so provided to any person other than the Trustee and the Agency, provided that the Auction Agent reserves the right, and is authorized, to disclose any such information if (i) it is

ordered to do so by a court or regulatory, judicial or quasi-judicial agency or authority, (ii) it is advised by its counsel that its failure to do so would be unlawful or (iii) failure to do so would impose upon it any actual or potential loss, claim, damage, liability, or expense for which it has not received indemnity satisfactory to it.

2.4 *Transfers.*

BD shall deliver to the Auction Agent a notice, in a form reasonably acceptable to the Auction Agent, of transfers of Bonds made through BD by an Existing Owner to another Person other than pursuant to an Auction. The Auction Agent is not required to accept any notice delivered pursuant to the terms of the foregoing sentence with respect to an Auction unless it is received by the Auction Agent by 11:00 a.m. on the applicable Auction Date.

Notwithstanding the provisions of Section 2.6(a) hereof, any delivery or non-delivery of Bonds which represents any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or non-delivery in accordance with the terms of this Section 2.4.

2.5 *Compensation.*

(a) The initial Broker-Dealer Fee rate shall equal .25 of 1% per annum. The Broker-Dealer Fee for the Bonds shall be paid by the Auction Agent solely from moneys received from the Agency or the Trustee pursuant to this Section 2.5 or Section 3.5 of the Auction Agreement and represents compensation for the services of the BD in facilitating Auctions for the benefit of the beneficial owners of the Bonds. The Broker-Dealer Fee rate may be adjusted from time to time with the approval of the Agency upon a written request of the Broker-Dealers delivered to the Agency.

(b) While the Bonds are in an Auction Period other than a daily Auction Period on each Interest Payment Date following each Auction Date, each Broker-Dealer shall be entitled to receive an amount equal to the product of (x) .25 of 1% multiplied by (y)(A) if an Auction was held on such Auction Date, the sum of the aggregate principal amount of Bonds that were (1) the subject of a valid Hold Order of an Existing Owner submitted by such Broker-Dealer, (2) the subject of a Submitted Bid of an Existing Owner submitted by such Broker-Dealer and continued to be held by such Existing Owner as a result of such Auction, (3) the subject of a Submitted Bid of a Potential Owner submitted by such Broker-Dealer and were purchased by such Potential Owner as a result of such Auction and (4) deemed to be the subject of a Hold Order by an Existing Owner that were acquired by such Existing Owner from such Broker-Dealer or (B) if an Auction was not held on such Auction Date, the aggregate principal amount of Outstanding Bonds that were acquired by an Existing Owner through such Broker-Dealer, multiplied by (z) a fraction, the numerator of which is (i) if the Auction Period is 180 days or less, the actual number of days in the Auction Period next succeeding such Auction Date or (ii) if the Auction Period is more than 180 days, the number of days in the Auction Period next succeeding such Auction Date calculated on the basis of twelve 30 day months in a year, and in either case the denominator of which is 360.

If the Bonds are in a daily Auction Period each Broker-Dealer shall be entitled to receive on each Interest Payment Date an amount equal to the sum calculated for each Auction Period in the preceding month of the product of (x) .25 of 1% multiplied by (y) the aggregate principal amount of Bonds for each Auction Period that were (1) the subject of a valid Hold Order submitted by such Broker-Dealer, (2) the subject of a Submitted Bid of an Existing Owner submitted by such Broker-Dealer and continued to be held by such Existing Owner as a result of such Auction, (3) the subject of a Submitted Bid of a Potential Owner submitted by such Broker-Dealer and were purchased by such Potential Owner as a result of such Auction, (4) deemed to be the subject of a Hold Order by an Existing Owner that were acquired by such Existing Owner from such Broker-Dealer and (5) if an Auction was not held for any Auction Period, the aggregate principal amount of Outstanding Bonds that were acquired by an Existing Owner through such Broker-Dealer, multiplied by (z) a fraction, the numerator of which is the number of days in the Auction Period and denominator of which is 360.

The Broker-Dealer Fee (the "Broker-Dealer Fee") shall be calculated as set forth in this Section 2.5 by the Auction Agent, which shall be conclusive absent manifest error. Such amounts shall be communicated by the Auction Agent to the Agency and the Trustee by 4:00 P.M., New York City time, on the Business Day immediately preceding each Interest Payment Date. On or before 10:00 A.M. on each Interest Payment Date, the Agency shall pay to the Trustee the Broker-Dealer Fee. By noon on each Interest Payment Date, the Trustee shall deliver to the Auction Agent the amount constituting the Broker-Dealer Fee, by wire transfer of immediately available funds to such account as the Auction Agent may designate. The amount constituting the Broker-Dealer Fee shall be held by the Auction Agent on behalf of the Broker-Dealer and, immediately upon receipt of such fee, the Auction Agent shall deliver such fee to the Broker-Dealer pursuant to the written instructions of the Broker-Dealer. If any Existing Owner who acquired Bonds through a Broker-Dealer transfers any such Bonds to another Person other than through an Auction, the Broker-Dealer for the Bonds so transferred shall continue to be the Broker-Dealer with respect to such Bonds, provided, however, that if the transfer was effected by, or if the transferee is, another Person who has met the requirements specified in the definition of "Broker-Dealer" and executed a Broker-Dealer Agreement, such Person shall be the Broker-Dealer for such Bonds.

2.6 *Settlement.*

(a) If any Existing Owner on whose behalf BD has submitted a Bid or Sell Order that was accepted in whole or in part fails to instruct its Participant to deliver the Bonds subject to such Bid or Sell Order against payment therefor, BD shall instruct such Participant to deliver such Bonds against payment therefor and BD may deliver to the Potential Owner on whose behalf BD submitted a Bid that was accepted in whole or in part a principal amount of the Bonds that is less than the principal amount of the Bonds specified in such Bid to be purchased by such Potential Owner.

(b) The Auction Agent, the Trustee, and the Agency shall have no responsibility or liability with respect to the failure of an Existing Owner, a Potential Owner or its respective Participant to deliver Bonds or to pay for Bonds sold or purchased pursuant to the Auction Procedures or otherwise.

(c) The Auction Agent shall have no duty or liability with respect to enforcement of this Section 2.6.

SECTION 3. THE AUCTION AGENT.

3.1 *Duties and Responsibilities of the Auction Agent.*

(a) The Auction Agent is acting solely as non-fiduciary agent for the Trustee and owes no duties, fiduciary or otherwise, to any other person by reason of this Broker-Dealer Agreement except as expressly set forth herein or in the Auction Agreement, and no implied duties, fiduciary or otherwise, shall be read into this Broker-Dealer Agreement against the Auction Agent.

(b) The Auction Agent undertakes to perform such duties and only such duties as are specifically set forth in the Broker-Dealer Agreement or expressly incorporated herein by reference pursuant to Section 2.1(a) hereof and no implied covenants or obligations shall be read into this Broker-Dealer Agreement against the Auction Agent.

(c) In the absence of willful misconduct or gross negligence on its part, as determined by a court of competent jurisdiction, the Auction Agent, whether acting directly or through agents or attorneys as provided in Section 3.2(d) hereof, shall not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties hereunder. The Auction Agent shall not be liable for any error of judgment made in good faith unless the Auction Agent shall have been grossly negligent in ascertaining (or failing to ascertain) the pertinent facts necessary to make such judgment, as determined by a court of competent jurisdiction.

(d) The Auction Agent shall not be responsible or liable for any failure or delay in the performance of its obligations under this Broker-Dealer Agreement arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation: acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; acts of terrorism; epidemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; or acts of civil or military authority or governmental actions; it being understood that the Auction Agent shall use commercially reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

(e) The Auction Agent shall not be (i) required to and does not make any representations nor have any responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, except with respect to itself, on any document delivered pursuant to or as contemplated by this Broker-Dealer Agreement; (ii) obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with indemnity satisfactory to the Auction Agent; or (iii) responsible for or liable in any respect on account of the identity, authority or rights of any Person executing or delivering or purporting to execute or deliver any document under this Broker-Dealer Agreement or the Auction Agreement except with respect to its own individuals executing or delivering this Broker-Dealer Agreement or the Auction Agreement.

3.2 *Rights of the Auction Agent.*

(a) The Auction Agent may conclusively rely on and shall be fully protected in acting or refraining from acting upon any communication authorized hereby and upon any written instruction, notice, request, direction, consent, report, certificate, form or bond certificate or other instrument, paper, document or communication reasonably believed by it to be genuine. The Auction Agent shall not be liable for acting, or refraining from action, upon any communication made by telephone, Electronic Means or other means acceptable to the parties and authorized hereby which the Auction Agent believes in good faith (or has no reason not to believe) to have been given by the particular party or parties. The Auction Agent may record telephone communications with the Trustee, the Agency or BD.

(b) The Auction Agent may consult with counsel of its choice, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Auction Agent shall not be required to advance, expend or risk its own funds or otherwise incur or become exposed to financial liability in the performance of its duties or exercise of its rights hereunder.

(d) The Auction Agent may perform its duties and exercise its rights hereunder either directly or by or through agents or attorneys and shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed by it with due care.

(e) The Auction Agent shall have no obligation to monitor, or liability in respect of, the registration or exemption therefrom of the Bonds (or any beneficial ownership interest therein) under any federal or state securities laws or in respect of any transfer of the Bonds (or any beneficial ownership interest therein) pursuant to the terms of this Broker-Dealer Agreement, the Auction Agreement, the Indenture, any other document contemplated by any thereof, or otherwise, including, but not limited to, compliance with any such laws in regards to any such registration, exemption or transfer.

(f) (i) Any corporation or other entity into which the Auction Agent may be merged or converted or with which it may be consolidated, (ii) any corporation or other entity resulting from any merger, conversion or consolidation to which the Auction Agent may be a party or (iii) any corporation or other entity succeeding to all or substantially all of the auction agent business of the Auction Agent shall be the successor of the Auction Agent hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto, except where any instrument of transfer or assignment is required by law to effect such succession, anything hereunder to the contrary notwithstanding.

3.3 *Auction Agent's Disclaimer.*

The Auction Agent makes no representations as to, and shall have no liability with respect to, the correctness of the recitals in, or the validity with respect to parties other than the Auction Agent, the accuracy or adequacy of this Broker-Dealer Agreement, the Auction Agreement, the Indenture, the Bonds or the Official Statement, as hereinafter defined, or

any other offering material used in connection with the offer and sale of the Bonds or any other agreement or instrument executed in connection with the transactions contemplated herein or in any thereof.

SECTION 4. FURNISHING OF INFORMATION AND OFFERING MATERIALS; INDEMNIFICATION.

4.1 *Furnishing of Information.*

The Agency agrees to furnish, or cause to be furnished, BD with as many copies as BD may reasonably request, of the official statement relating to the Bonds (the "Official Statement") as the same may be supplemented or amended from time to time, and such other information with respect to the Agency and its properties, the Indenture, and the Bonds as BD shall reasonably request from time to time.

4.2 *Supplements and Amendments to Official Statement.*

If at any time during the term of this Broker-Dealer Agreement any event or condition known to the Agency relating to or affecting the Agency or its properties, the Bonds, the Indenture, or the documents or transactions contemplated thereby, shall occur which, in the reasonable judgment of the Agency or the Broker-Dealer, might affect the accuracy, correctness or completeness of any statement of a material fact contained in the Official Statement, as it shall have been supplemented or amended from time to time pursuant to this Section or included in any report or notice filed by the Agency (each, a "Disclosure Statement") pursuant to the undertaking entered into by the Agency pursuant to the requirements of Rule 15c2-12 of the Securities and Exchange Commission (the "Continuing Disclosure Undertaking") which in the reasonable judgment of the Agency or BD might result in the Official Statement, as so supplemented or amended, containing any untrue, incorrect or misleading statement of material fact or omitting to state a material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading, then:

(a) the Agency (as to events or conditions relating to itself and otherwise of which it becomes aware) shall promptly notify BD of the circumstances and details of such event;

(b) if, in the opinion of BD, such event or condition requires the preparation and publication of an amendment or supplement to the Official Statement, the Agency at its expense shall promptly prepare or cause to be prepared an appropriate amendment or supplement thereto, in a form and manner approved by BD, so that the statements in the Official Statement, as so amended or supplemented, will not contain any untrue, incorrect or misleading statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading; and

(c) the Agency shall take all necessary action to approve such supplement or amendment.

4.3 *Additional Information.*

Without limiting the foregoing, the Agency shall notify BD of:

(a) proposed adverse determination letter from the Internal Revenue Service with respect to the federal income tax treatment of the Bonds, of which the Agency shall have knowledge;

(b) any replacement of the Trustee under the Indenture;

(c) Any Event of Default under the Indenture provided such Event of Default relates to the Agency, or any other default which, with notice or lapse of time or both, would constitute such an Event of Default;

(d) the publication of notice of redemption or purchase of the Bonds, together with a copy of such notice (which notice shall be provided to BD no later than the date of publication of such notice); and

(e) the occurrence of any of the following events with respect to the Bonds; (i) principal and interest payment delinquencies; (ii) non payment related defaults; (iii) unscheduled draws on debt service reserves; (iv) unscheduled draws on credit enhancements; (v) substitution of credit provider or liquidity provider, or their failure to perform; (vi) adverse tax opinions or events affecting the tax exempt status of the Bonds; (vii) modifications to rights of security holders; (viii) bond calls; (ix) defeasance; (x) release, substitution, or sale of property securing repayment of the securities; (xi) rating changes (including any announcement that any of the Bonds or the Agency has been put on credit watch); and (xii) failure of the Agency to provide "annual financial information" in accordance with Rule 15c2-12(b)(5)(i)(D) under the Securities Exchange Act.

4.4 *Indemnification and Contribution;*

(a) To the extent, if any, that a court of competent jurisdiction would enforce such agreement as not contrary to law or public policy, the Agency agrees to indemnify and hold harmless BD and each person, if any, who controls (as such term is defined in Section 15 of the Securities Act of 1933, as amended (the "1933 Act")) BD against any and all losses, claims, damages, expenses, and liabilities whatsoever arising out of any violation of this Broker-Dealer Agreement by the Agency, including any untrue statement or alleged untrue statement in the Official Statement and the Disclosure Statement of a material fact or any omission or alleged omission of any material fact necessary to make the statements therein, at the time and in light of the circumstances under which they were made, not misleading, including, without limiting the generality of the foregoing, the aggregate amount paid in settlement of any litigation commenced or threatened or of any claim whatsoever based upon any such untrue statement or omission or alleged untrue statement or omission, including without limitation the reasonable costs and expenses (including fees and expenses of counsel) of investigating, preparing for or defending itself, if such settlement is effected with the written consent of the Agency. In each case the indemnification for any such settlement or expense shall be made promptly by the Agency as the costs of such settlement or expenses are incurred by BD. In case any claim should be made or

action brought against any of BD or any controlling person (as aforesaid) based upon a violation of this Broker-Dealer Agreement by the Agency, in respect of which indemnity may be sought against the Agency, BD or such controlling person shall, as a condition to its right to indemnification hereunder, promptly notify the Agency in writing setting forth the particulars of such claim or action and the Agency shall assume the defense thereof, including the retaining of counsel and the payment of all expenses. BD or any such controlling person shall have the right to retain separate counsel in any such action and to participate in the defense thereof, but the fees and expenses of such counsel shall be at BD's expense or the expense of such controlling person unless the retaining of such counsel has been specifically authorized in writing by the Agency or counsel retained by the Agency has advised BD that the representation of the two parties would constitute a conflict.

(b) If for any reason indemnification is unavailable to BD or insufficient to hold BD harmless in connection with this Broker-Dealer Agreement, then the Agency shall contribute to the amount paid or payable by BD as a result of any loss, claim, damage or liability or action in respect thereof (including such legal or other expenses) in such proportion as is appropriate to reflect the relative benefits received by the Agency on the one hand and BD on the other hand from the sale of the Bonds (as described in the next sentence) or, if such allocation is not permitted by applicable law, in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Agency on the one hand and BD on the other as well as any other relevant equitable considerations. For this purpose the relative benefits received by Agency on the one hand and BD on the other shall be deemed to be in the same proportion as the principal amount of the Bonds sold bears to one year's compensation, at the rate applicable at the time of such loss, claim, damage or liability or action, received by BD pursuant to Section 2.5 above. The Agency agrees with BD that it would not be just and equitable if contribution pursuant to this provision were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to above. The reimbursement, indemnity and contribution obligations of the Agency under this subsection shall be in addition to any liability which the Agency may otherwise have, shall extend upon the same terms and conditions to the officers, members, partners, employees an controlling persons (if any) of BD and shall be binding upon and inure to the benefit of any successors and assigns of the Agency and BD.

SECTION 5. MISCELLANEOUS.

5.1 *Termination.* BD may resign at any time, upon five Business Days' notice to the Auction Agent, with a copy of such notice to MBIA Insurance Corporation (the "Bond Insurer"); provided, however, that BD may resign immediately if it determines, in its reasonable judgment, that for any reason, including, without limitation, (a) a pending or proposed change in applicable tax laws, (b) a material adverse change in the financial condition of the Agency, (c) hostilities involving the United States, (d) a down-rating of the Bonds, or (e) an imposition of material restrictions on the Bonds or similar obligations, it is not advisable to attempt to Auction the Bonds. The Auction Agent upon the written direction of the Agency may terminate this Broker-Dealer Agreement at any time on five Business Days' notice to the other parties hereto; and provided that this Broker-Dealer Agreement shall terminate upon the resignation or removal of the BD pursuant to this Section 5.1 or termination of the Auction Agreement.

5.2 *Participant.* BD is and for the term of this Broker-Dealer Agreement shall remain a member of, a participant in, or an affiliate of such a member or participant in Securities Depository; and will give the Auction Agent, each other Broker-Dealer, the Agency and the Trustee two Business Days' notice if it ceases to be so or if it changes its participation or affiliation to a different Securities Depository.

Except as provided in Section 3.2(f) hereof, this Broker-Dealer Agreement may not be assigned by any party hereto absent the prior written consent of the other parties; provided, however, that: (a) the Broker-Dealer Agreement may be assigned by the Auction Agent to a successor Auction Agent selected by the Agency without the consent of BD and BD may assign its rights and obligations hereunder to an affiliate of BD or to an entity succeeding to the business of BD. Nothing in this Broker-Dealer Agreement, express or implied, shall give to any person, other than the Auction Agent and BD and their respective successors and assigns, any benefit of any legal or equitable right, remedy or claim under this Broker-Dealer Agreement, other than the rights expressly granted to the Agency herein.

5.7 *Amendment; Waiver.*

(a) This Broker-Dealer Agreement shall not be deemed or construed to be modified, amended, rescinded, canceled or waived, in whole or in part, except by a written instrument signed by a duly authorized representative of the parties hereto.

(b) Failure of any party to this Broker-Dealer Agreement to exercise any right or remedy hereunder in the event of a breach of this Broker-Dealer Agreement by any other party shall not constitute a waiver of any such right or remedy with respect to any subsequent breach.

(c) Notwithstanding anything herein to the contrary, the Auction Agent may, but shall have no obligation to execute any amendment or waiver which affects its rights, powers, immunities or indemnities hereunder.

5.8 *Severability.* If any clause, provision or section of this Broker-Dealer Agreement shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

5.9 *Execution in Counterparts.* This Broker-Dealer Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

5.10 *Governing Law; Jurisdiction; Waiver of Trial by Jury.*

(a) This Broker-Dealer Agreement shall be governed by and construed in accordance with the laws of the State of New York applicable to agreements made and to be performed in said State, without giving effect to principles of choice of law or conflicts of law thereof.

(b) The parties agree that all actions and proceedings arising out of this Broker-Dealer Agreement or any of the transactions contemplated hereby shall be brought in the County of New York and, in connection with any such action or proceeding, submit to the jurisdiction of, and venue in, such County.

(c) Each party to this Broker-Dealer Agreement hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Broker-Dealer Agreement in any court referred to in Section 5.10(b) hereof. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Each party to this Broker-Dealer Agreement irrevocably consents to service of process in the manner provided for notices in Section 5.3 hereof. Nothing in this Broker-Dealer Agreement will affect the right of any party to this Broker-Dealer Agreement to serve process in any other manner permitted by law.

(e) EACH PARTY TO THIS BROKER-DEALER AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THE INDENTURE, THIS BROKER-DEALER AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER FOUNDED IN CONTRACT OR TORT OR OTHERWISE). Nothing contained in this Broker-Dealer Agreement, the Auction Procedures or the Auction Agreement shall be deemed to imply any duties, covenants or obligations on the part of the Agency not otherwise expressly set forth herein or therein.

### ARTICLE I

### Definitions

In addition to the words and terms otherwise defined in the Indenture, the following words and terms as used in this Exhibit B (hereinafter "this Exhibit") and elsewhere in the Indenture have the following meanings with respect to 2007 Series A Bonds in an ARB Interest Rate Period unless the context or use indicates another or different meaning or intent or the definition has been changed, modified or expanded in Schedule I:

"Agent Member" means a member of, or participant in, the Securities Depository who shall act on behalf of a Bidder.

"All Hold Rate" has the meaning set forth in Schedule I.

"ARB Conversion Date" means with respect to 2007 Series A Bonds, the date on which the Bonds of such Series convert from an interest rate period other than an ARB Interest Rate Period and begin to bear interest at the Auction Period Rate.

"ARB Interest Payment Date" with respect to Bonds of a Series bearing interest at Auction Period Rates, means, notwithstanding anything else in the Indenture to the contrary, the first ARB Interest Payment Date for such Series of Bonds as set forth in Schedule I and thereafter (unless changed by Schedule I) (a) when used with respect to any Auction Period other than a daily Auction Period or a Flexible Auction Period, the Business Day immediately following such Auction Period, (b) when used with respect to a daily Auction Period, the first Business Day of the month immediately succeeding such Auction Period, (c) when used with respect to a Flexible Auction Period of (i) seven or more but fewer than 183 days, the Business Day immediately following such Flexible Auction Period, or (ii) 183 or more days, each semiannual date on which interest on the Bonds would be payable if such Bonds bore interest at a fixed rate of interest and on the Business Day immediately following such Flexible Auction Period, and (d) the date when the final payment of principal of the Bonds of such Series becomes due and payable (whether at stated maturity, upon redemption or acceleration, or otherwise).

"ARB Interest Rate Period" means, for 2007 Series A Bonds, any period of time commencing on the day following the Initial Period and ending on the earlier of the Conversion Date or the day preceding the final maturity date of such Bonds.

"ARB Maximum Rate" has the meaning set forth in Schedule I.

"Auction" means each periodic implementation of the Auction Procedures.

"Auction Agent" means the Person appointed as Auction Agent in accordance with the Auction Agreement. The Auction Agent shall initially be the party named in Schedule I.

"Auction Agreement" means an agreement between the Auction Agent and the Trustee pursuant to which the Auction Agent agrees to follow the procedures specified in this Exhibit with respect to the Bonds while such Bonds bear interest at the Auction Period Rate, as such agreement may from time to time be amended or supplemented.

(c) Other Auction Periods. If the Bonds are in any other Auction Period, the Business Day next preceding each ARB Interest Payment Date for such Bonds (whether or not an Auction shall be conducted on such date);

provided, however, that the last Auction Date with respect to the Bonds in an Auction Period other than a daily Auction Period or Flexible Auction Period shall be the earlier of (i) the Business Day next preceding the ARB Interest Payment Date next preceding the Conversion Date for the Bonds and (ii) the Business Day next preceding the ARB Interest Payment Date next preceding the final maturity date for the Bonds; and

provided, further, that if the Bonds are in a daily Auction Period, the last Auction Date shall be the earlier of (x) the second Business Day next preceding the Conversion Date for the Bonds and (y) the Business Day next preceding the final maturity date for the Bonds. The last Business Day of a Flexible Auction Period shall be the Auction Date for the Auction Period which begins on the next succeeding Business Day, if any. On the second Business Day preceding the conversion from a daily Auction Period to another Auction Period, there shall be an Auction for the last daily Auction Period. On the Business Day preceding the conversion from a daily Auction Period to another Auction Period, there shall be one Auction for the first Auction Period following the conversion.

The first Auction Date for each Series of Bonds is set forth in Schedule I.

"Auction Desk" means the business unit of a Broker-Dealer that fulfills the responsibilities of the Broker-Dealer under a Broker-Dealer Agreement, including soliciting Bids for the Bonds, and units of the Broker-Dealer which are not separated from such business unit by information controls appropriate to control, limit and monitor the inappropriate dissemination and use of information about Bids.

(a) *Flexible Auction Period.* A Flexible Auction Period;

(b) *Daily Auction Period.* With respect to a Series of Bonds in a daily Auction Period, a period beginning on each Business Day and extending to but not including the next succeeding Business Day unless such Business Day is the second Business Day preceding the conversion from a daily Auction Period to another Auction Period, in which case the daily Auction Period shall extend to, but not include, the next ARB Interest Payment Date;

(d) *28-day Auction Period.* With respect to a Series of Bonds in a 28-day Auction Period, if Auctions generally are conducted on the day of the week specified in column A of the table above, a period of generally 28 days beginning on the day of the week specified in column B of the table above (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on the day of the week specified in column C of the table above) and ending on the same day of the week specified in column C of the table above four weeks later (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day).

(f) *Three-month Auction Period.* With respect to a Series of Bonds in a three-month Auction Period, a period of generally three months (or shorter period upon a conversion from another Auction Period) beginning on the day following the last day of the prior Auction Period and ending on the calendar day immediately preceding the first Business Day of the month that is the third calendar month following the beginning date of such Auction Period; and

Provided, however, that if there is a conversion of a Series of Bonds with Auctions generally conducted on the day of the week specified in column A of the table above, (i) from a

daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the ARB Interest Payment Date for the prior Auction Period) and shall end on the next succeeding day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e., the ARB Interest Payment Date for the prior Auction Period) and shall end of the day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the ARB Interest Payment Date for the prior Auction Period) and shall end on the day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion.

Notwithstanding the foregoing, if an Auction is for an Auction Period of more than seven days and the Auction Rate on such Auction Date is the ARB Maximum Rate as the result of a lack of Sufficient Clearing Bids, the Auction Period shall automatically convert to a seven-day Auction Period. On the following Auction Date, the Auction shall be conducted for an Auction Period of the same length as the Auction Period prior to such automatic conversion. If such Auction is successful, the Auction Period shall revert to the length prior to the automatic conversion, and, if such Auction is not successful, the Auction Period shall be another seven-day period.

"Auction Period Rate" means the Auction Rate or any other rate of interest to be borne by the Bonds during each Auction Period determined in accordance with Section 2.04 of this Exhibit; provided, however, in no event may the Auction Period Rate exceed the ARB Maximum Rate.

Dealer Agreement with the Auction Agent and the Trustee that is in effect on the date of reference. The "Broker-Dealer of record" with respect to any Bond is the Broker-Dealer which placed the Order for such Bond or whom the Existing Owner of such Bond has designated as its Broker-Dealer with respect to such Bond, in each case as reflected in the records of the Auction Agent.

"Broker-Dealer Deadline" means, with respect to an Order, the internal deadline established by the Broker-Dealer through which the Order was placed after which it will not accept Orders or any change in any Order previously placed with such Broker-Dealer; provided, however, that nothing shall prevent the Broker-Dealer from correcting Clerical Errors by the Broker-Dealer with respect to Orders from Bidders after the Broker-Dealer Deadline pursuant to the provisions herein. Any Broker-Dealer may change the time or times of its Broker-Dealer Deadline as it relates to such Broker-Dealer by giving notice not less than two Business Days prior to the date such change is to take effect to Bidders who place Orders through such Broker-Dealer.

"Business Day" in addition to any other definition of "Business Day" included in the Indenture, while Bonds bear interest at the Auction Period Rate, the term Business Day shall not include Saturdays, Sundays, days on which the New York Stock Exchange or its successor is not open for business, days on which the Federal Reserve Bank of New York is not open for business, days on which banking institutions or trust companies located in the state in which the operations of the Auction Agent are conducted are authorized or required to be closed by law, regulation or executive order of the state in which the Auction Agent conducts operations with respect to the Bonds.

Determining whether an error is a "Clerical Error" is within the reasonable judgment of the Broker-Dealer, provided that the Broker-Dealer has a record of the correct Order that shows it was so received or so generated prior to the Broker-Dealer Deadline or the Submission Deadline, as applicable.

"Electronic Means" means, facsimile transmission, email transmission or other similar electronic means of communication providing evidence of transmission, including a telephone communication confirmed by any other method set forth in this definition.

"Error Correction Deadline" means one hour after the Auction Agent completes the dissemination of the results of the Auction to Broker-Dealers without regard to the time of receipt of such results by any Broker-Dealer; provided, however, in no event shall the Error Correction Deadline extend past 4:00 p.m., New York City time, unless the Auction Agent experiences technological failure or force majeure in disseminating the Auction results which causes a delay in dissemination past 3:00 p.m., New York City time.

"Existing Owner" means a Person who is the beneficial owner of 2007 Series A Bonds; provided, however, that for purposes of conducting an Auction, the Auction Agent may consider a Broker-Dealer acting on behalf of its customer as an Existing Owner.

"Flexible Auction Period" means with respect to a Series of Bonds,

(a) any period of 182 days or less which is divisible by seven and which begins on an ARB Interest Payment Date and ends (i) in the case of a Series of Bonds with Auctions generally conducted on Fridays, on a Sunday unless such Sunday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (ii) in the case of a Series of Bonds with Auctions generally conducted on Mondays, on a Monday unless such Monday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (iii) in the case of a Series of Bonds with Auctions generally conducted on Tuesdays, on a Tuesday unless such Tuesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, (iv) in the case of a Series of Bonds with Auctions generally conducted on Wednesdays, on a Wednesday unless such Wednesday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day, and (v) in the case of a Series of Bonds with Auctions generally conducted on Thursdays, on a Thursday unless such Thursday is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day or

(b) any period which is longer than 182 days which begins on an ARB Interest Payment Date and ends not later than the final scheduled maturity date of such Series of Bonds.

"Hold Order" means an Order to hold the Bonds as provided in Section 2.01(a) of this Exhibit or such an Order deemed to have been submitted as provided in Section 2.01(c) of this Exhibit.

from time to time by the Auction Agent if directed in writing by the Trustee or the Agency pursuant to the Auction Agreement as the time by which Broker-Dealers are required to submit Orders to the Auction Agent. Notwithstanding the foregoing, the Auction Agent will follow the Securities Industry and Financial Markets Association's Early Market Close Recommendations for shortened trading days for the bond markets (the "SIFMA Recommendation") unless the Auction Agent is instructed otherwise in writing by the Trustee or the Agency. In the event of a SIFMA Recommendation with respect to an Auction Date, the Submission Deadline will be 11:30 a.m., instead of 1:00 p.m., New York City time.

"Submitted Bid" has the meaning specified in subsection (b) of Section 2.04 of this Exhibit.

"Submitted Hold Order" has the meaning specified in subsection (b) of Section 2.04 of this Exhibit.

"Submitted Order" has the meaning specified in subsection (b) of Section 2.04 of this Exhibit.

"Submitted Sell Order" has the meaning specified in subsection (b) of Section 2.04 of this Exhibit.

"Sufficient Clearing Bids" means for each Series of Bonds, an Auction for which the number of Units of such Bonds that are the subject of Submitted Bids by Potential Owners specifying one or more rates not higher than the ARB Maximum Rate is not less than the number of Units of such Bonds that are the subject of Submitted Sell Orders and of Submitted Bids by Existing Owners specifying rates higher than the ARB Maximum Rate.

"Units" has the meaning set forth in Section 2.02(a)(iii) of this Exhibit.

"Winning Bid Rate" means for each Series of Bonds, the lowest rate specified in any Submitted Bid of such Series which if calculated by the Auction Agent as the Auction Rate would cause the number of Units of such Bonds that are the subject of Submitted Bids specifying a rate not greater than such rate to be not less than the number of Units of Available Bonds of such Series.

## ARTICLE II

### Auction Procedures

Section 2.01. *Orders by Existing Owners and Potential Owners.* (a) Prior to the Broker-Dealer Deadline for each Series of Bonds on each Auction Date:

(i) each Existing Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, one or more Orders as to:

(A) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period without regard to the Auction Rate for such Auction Period,

(B) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period if the Auction Rate for the next succeeding Auction Period is not less than the rate per annum specified in such Order (and if the Auction Rate is less than such specified rate, the effect of the Order shall be as set forth in paragraph (b)(i)(A) of this Section), and/or

(C) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner offers to sell on the first Business Day of the next succeeding Auction Period (or on the same day in the case of a daily Auction Period) without regard to the Auction Rate for the next succeeding Auction Period; and

(ii) each Potential Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, an Order as to the principal amount of Bonds, which each such Potential Owner offers to purchase if the Auction Rate for the next succeeding Auction Period is not less than the rate per annum then specified by such Potential Owner.

For the purposes of the Auction Procedures an Order containing the information referred to in clause (i)(A) above is referred to as a "Hold Order," an Order containing the information referred to in clause (i)(B) or (ii) above is referred to as a "Bid," and an Order containing the information referred to in clause (i)(C) above is referred to as a "Sell Order."

No Auction Desk of a Broker-Dealer shall accept as an Order a submission (whether received from an Existing Owner or a Potential Owner or generated by the Broker-Dealer for its own account) which does not conform to the requirements of the Auction Procedures, including, but not limited to, submissions which are not in Authorized Denominations, specify a rate which contains more than three figures to the right of the decimal point or specify an amount greater than the amount of Outstanding Bonds. No Auction Desk of a Broker-Dealer shall accept a Bid or Sell Order which is conditioned on being filled in whole or a Bid which does not specify a specific interest rate.

(b) (i) A Bid by an Existing Owner shall constitute an offer to sell on the first Business Day of the next succeeding Auction Period (or the same day in the case of a daily Auction Period):

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be less than the rate specified in such Bid; or

(B) such principal amount or a lesser principal amount of Bonds to be determined as described in subsection (a)(v) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate; or

(C) a lesser principal amount of Bonds to be determined as described in subsection (b)(iv) of Section 2.05 hereof if such specified rate shall be higher than the ARB Maximum Rate and Sufficient Clearing Bids do not exist.

(ii) A Sell Order by an Existing Owner shall constitute an offer to sell:

(A) the principal amount of Bonds specified in such Sell Order; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (b)(iv) of Section 2.05 hereof if Sufficient Clearing Bids do not exist.

(iii) A Bid by a Potential Owner shall constitute an offer to purchase:

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be higher than the rate specified therein; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (a)(vi) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate.

(c) Anything herein to the contrary notwithstanding:

(i) If an Order or Orders covering all of the Bonds of a particular Series held by an Existing Owner is not submitted to the Broker-Dealer of record for such Existing Owner prior to the Broker-Dealer Deadline, such Broker-Dealer shall deem a Hold Order to have been submitted on behalf of such Existing Owner covering the principal amount of Bonds held by such Existing Owner and not subject to Orders submitted to such Broker-Dealer; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted to such Broker-Dealer prior to the Broker-Dealer Deadline covering the aggregate principal amount of Bonds of a particular Series to be converted held by such Existing Owner, such Broker-Dealer shall deem a Sell Order to have been submitted on behalf of such Existing Owner covering the principal amount of Bonds to be converted held by such Existing Owner not subject to Orders submitted to such Broker-Dealer.

(ii) for purposes of any Auction, any Order by any Existing Owner or Potential Owner shall be revocable until the Broker-Dealer Deadline, and after the Broker-Dealer Deadline, all such Orders shall be irrevocable, except as provided in Sections 2.02(e)(ii) and 2.02(f); and

(iii) for purposes of any Auction other than during a daily Auction Period, any Bonds sold or purchased pursuant to subsection (b)(i), (ii) or (iii) above shall be sold or purchased at a price equal to 100% of the principal amount thereof; provided that, for purposes of any Auction during a daily Auction Period, such sale or purchase price shall be 100% of the principal amount thereof plus accrued interest to the date of sale or purchase.

Section 2.02. *Submission of Orders by Broker-Dealers to Auction Agent.*

(a) Each Broker-Dealer shall submit to the Auction Agent in writing, or by such Electronic Means as shall be reasonably acceptable to the Auction Agent, prior to the Submission Deadline on each Auction Date for Bonds of a Series, all Orders with respect to Bonds of such Series accepted by such Broker-Dealer in accordance with Section 2.01 above and specifying with respect to each Order or aggregation of Orders pursuant to Section 2.02(b) below:

(i) the name of the Broker-Dealer;

(ii) the number of Bidders placing Orders, if requested by the Auction Agent;

(iii) the aggregate number of Units of Bonds of such Series, if any, that are the subject of such Order, where each Unit is equal to the principal amount of the minimum Authorized Denomination of the Bonds;

(iv) to the extent that such Bidder is an Existing Owner:

(A) the number of Units of Bonds of such Series, if any, subject to any Hold Order placed by such Existing Owner;

(B) the number of Units of Bonds of such Series, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and

(C) the number of Units of Bonds of such Series, if any, subject to any Sell Order placed by such Existing Owner; and

(v) to the extent such Bidder is a Potential Owner, the rate specified in such Bid.

(b) If more than one Bid is submitted to a Broker-Dealer on behalf of any single Potential Owner, the Broker-Dealer shall aggregate each Bid on behalf of such Potential Owner submitted with the same rate and consider such Bids as a single Bid and shall consider each Bid submitted with a different rate a separate Bid with the rate and the number of Units of Bonds specified therein.

A Broker-Dealer may aggregate the Orders of different Potential Owners with those of other Potential Owners on whose behalf the Broker-Dealer is submitting Orders and may aggregate the Orders of different Existing Owners with other Existing Owners on whose behalf the Broker-Dealer is submitting Orders; provided, however, Bids may only be aggregated if the interest rates on the Bids are the same.

(c) None of the the Agency, the Trustee or the Auction Agent shall be responsible for the failure of any Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(d) Nothing contained herein shall preclude a Broker-Dealer from placing an Order for some or all of the Bonds for its own account.

(e) Until the Submission Deadline, a Broker-Dealer may withdraw or modify any Order previously submitted to the Auction Agent (i) for any reason if the Order was generated by the Auction Desk of the Broker-Dealer for the account of the Broker-Dealer or (ii) to correct a Clerical Error in the case of any other Order, including Orders from the Broker-Dealer which were not originated by the Auction Desk.

(f) After the Submission Deadline and prior to the Error Correction Deadline, a Broker-Dealer may:

(i) submit to the Auction Agent an Order received from an Existing Owner, Potential Owner or a Broker-Dealer which is not an Order originated by the Auction Desk, in each case prior to the Broker-Dealer Deadline, or an Order generated by the Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline (provided that in each case the Broker-Dealer has a record of such Order and the time when such Order was received or generated) and not submitted to the Auction Agent prior to the Submission Deadline as a result of (A) an event of force majeure or a technological failure which made delivery prior to the Submission Deadline impossible or, under the conditions then prevailing, impracticable or (B) a Clerical Error on the part of the Broker-Dealer; or

(ii) modify or withdraw an Order received from an Existing Owner or Potential Owner or generated by the Broker-Dealer (whether generated by the Broker-Dealer's Auction Desk or elsewhere within the Broker-Dealer) for its own account and submitted to the Auction Agent prior to the Submission Deadline or pursuant to clause (i) above, if the Broker-Dealer determines that such Order contained a Clerical Error on the part of the Broker-Dealer.

In the event a Broker-Dealer makes a submission, modification or withdrawal pursuant to this Section 2.02(f) and the Auction Agent has already run the Auction, the Auction Agent shall rerun the Auction, taking into account such submission, modification or withdrawal. Each submission, modification or withdrawal of an Order submitted pursuant to this Section 2.02(f) by a Broker-Dealer after the Submission Deadline and prior to the Error Correction Deadline shall constitute a representation by the Broker-Dealer that (A) in the case of a newly submitted Order or portion thereof or revised Order, the failure to submit such Order prior to the Submission Deadline resulted from an event described in clause (i) above and such Order was received from an Existing Owner or Potential Owner or is an Order received from the Broker-Dealer that was not originated by the Auction Desk, in each case, prior to the Broker-Dealer Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline or (B) in the case of a modified or withdrawn Order, such Order was received from an Existing Owner, a Potential Owner or the Broker-Dealer which was not originated by the Auction Desk prior to the Broker-Dealer Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline and such Order as submitted to the Auction Agent contained a Clerical Error on the part of the Broker-Dealer and that such Order has been modified or withdrawn solely to effect a correction of such Clerical Error, and in the case of either (A) or (B), as applicable, the Broker-Dealer has a record of such Order and the time when such Order was received or generated. The Auction Agent shall be entitled to rely conclusively (and shall have no liability for relying) on such representation for any and all purposes of the Auction Procedures.

(g) If after the Auction Agent announces the results of an Auction, a Broker-Dealer becomes aware that an error was made by the Auction Agent, the Broker-Dealer shall communicate such awareness to the Auction Agent prior to 5:00 p.m. New York City time on the Auction Date (or 2:00 pm. New York City time in the case of Bonds in a daily Auction Period). If the Auction Agent determines there has been such an error (as a result of either a communication from a Broker-Dealer or its own discovery) prior to 3:00 p.m. New York City time on the first day of the Auction Period with respect to which such Auction was conducted, the Auction Agent shall correct the error and notify each Broker-Dealer that submitted Bids or held a position in Bonds in such Auction of the corrected results.

(h) Nothing contained herein shall preclude the Auction Agent from:

(i) advising a Broker-Dealer prior to the Submission Deadline that it has not received Sufficient Clearing Bids for the Bonds; provided, however, that if the Auction Agent so advises any Broker-Dealer, it shall so advise all Broker-Dealers; or

(ii) verifying the Orders of a Broker-Dealer prior to or after the Submission Deadline; provided, however, that if the Auction Agent verifies the Orders of any Broker-Dealer, it shall verify the Orders of all Broker-Dealers requesting such verification.

Section 2.03. *Treatment of Orders by the Auction Agent.* Anything herein to the contrary notwithstanding:

(a) If the Auction Agent receives an Order which does not conform to the requirements of the Auction Procedures, the Auction Agent may contact the Broker-Dealer submitting such Order until one hour after the Submission Deadline and inform such Broker-Dealer that it may resubmit such Order so that it conforms to the requirements of the Auction Procedures. Upon being so informed, such Broker-Dealer may correct and resubmit to the Auction Agent any such Order that, solely as a result of a Clerical Error on the part of such Broker-Dealer, did not conform to the requirements of the Auction Procedures when previously submitted to the Auction Agent. Any such resubmission by a Broker-Dealer shall constitute a representation by such Broker-Dealer that the failure of such Order to have so conformed was solely as a result of a Clerical Error on the part of such Broker-Dealer. If the Auction Agent has not received a corrected conforming Order within one hour and fifteen minutes of the Submission Deadline, the Auction Agent shall, if and to the extent applicable, adjust or apply such Order, as the case may be, in conformity with the provisions of subsections (b), (c) or (d) of this Section 2.03 and, if the Auction Agent is unable to so adjust or apply such Order, the Auction Agent shall reject such Order.

(b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth of one percent (0.001%).

(c) If one or more Orders covering in the aggregate more than the number of Units of Outstanding Bonds of a particular Series are submitted by a Broker-Dealer to the Auction Agent, such Orders shall be considered valid in the following order of priority:

(i) all Hold Orders shall be considered Hold Orders, but only up to and including in the aggregate the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record;

(ii) (A) any Bid of a Broker-Dealer shall be considered valid as a Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of the Bonds of such Series subject to Hold Orders referred to in clause (i) above;

(B) subject to clause (A) above, all Bids of a Broker-Dealer with the same rate shall be aggregated and considered a single Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above;

(C) subject to clause (A) above, if more than one Bid with different rates is submitted by a Broker-Dealer, such Bids shall be considered Bids of an Existing Owner in the ascending order of their respective rates up to the amount of the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above; and

(D) the number of Units, if any, of such Bonds of such Series subject to Bids not considered to be Bids for which such Broker-Dealer is the Broker-Dealer of record under this clause (ii) shall be treated as the subject of a Bid by a Potential Owner;

(iii) all Sell Orders shall be considered Sell Orders, but only up to and including the number of Units of Bonds of such Series equal to the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the sum of the number of Units of the Bonds of such Series considered to be subject to Hold Orders pursuant to clause (i) above and the number of Units of Bonds of such Series considered to be subject to Bids for which such Broker-Dealer is the Broker-Dealer of record pursuant to clause (ii) above.

(d) If any Order is for other than an integral number of Units, then the Auction Agent shall round the amount down to the nearest number of whole Units, and the Auction Agent shall conduct the Auction Procedures as if such Order had been submitted in such number of Units.

(e) For purposes of any Auction other than during a daily Auction Period, if an Auction Agent has been notified by the Trustee that any portion of an Order by a Broker-Dealer relates to a Bond which has been called for redemption on or prior to the ARB Interest Payment Date next succeeding such Auction, the Order shall be invalid with respect to such portion and the Auction Agent shall conduct the Auction Procedures as if such portion of such Order had not been submitted.

(f) For purposes of any Auction other than during a daily Auction Period, no portion of a Bond which the Auction Agent has been notified by the Trustee has been called for redemption on or prior to the ARB Interest Payment Date next succeeding such Auction shall be included in the calculation of Available Bonds for such Auction.

(g) If an Order or Orders covering all of the Bonds of a particular Series is not submitted by a Broker-Dealer of record prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds for which such Broker-Dealer is the Broker-Dealer of record and not subject to Orders submitted to the Auction Agent; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted by such Broker-Dealer prior to the Submission Deadline covering the number of Units of Bonds of a particular Series to be converted for which such Broker-Dealer is the Broker-Dealer of record, the Auction Agent shall deem a Sell Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds to be converted for which such Broker-Dealer is the Broker-Dealer of record not subject to Orders submitted by such Broker-Dealer.

Section 2.04. *Determination of Auction Period Rate.* (a) If requested by the Trustee or a Broker-Dealer, not later than 10:30 a.m., New York City time (or such other time as may be

agreed to by the Auction Agent and all Broker-Dealers), on each Auction Date for each Series of Bonds, the Auction Agent shall advise such Broker-Dealer (and thereafter confirm to the Trustee, if requested) of the All Hold Rate, the Index and, if the ARB Maximum Rate is not a fixed interest rate, the ARB Maximum Rate. Such advice, and confirmation, shall be made by telephone or other Electronic Means acceptable to the Auction Agent.

(b) Promptly after the Submission Deadline for each Series of Bonds on each Auction Date, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, and collectively as a "Submitted Order") and shall determine (i) the Available Bonds, (ii) whether there are Sufficient Clearing Bids, and (iii) the Auction Rate.

(c) In the event the Auction Agent shall fail to calculate or, for any reason, fails to provide the Auction Rate on the Auction Date, for any Auction Period (i) if the preceding Auction Period was a period of 35 days or less, (A) a new Auction Period shall be established for the same length of time as the preceding Auction Period, if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension, and (ii) if the preceding Auction Period was a period of greater than 35 days, (A) a new Auction Period shall be established for a period that ends on the seventh day following the day that was the last day of the preceding Auction Period, (or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension. In the event a new Auction Period is established as set forth in clause (ii) (A) above, an Auction shall be held on the last Business Day of the new Auction Period to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the new Auction Period and ending on the date on which the Auction Period otherwise would have ended had there been no new Auction Period or Auction Periods subsequent to the last Auction Period for which a Winning Bid Rate had been determined. In the event an Auction Period is extended as set forth in clause (i) (B) or (ii) (B) above, an Auction shall be held on the last Business Day of the Auction Period as so extended to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the extended Auction Period and ending on the date on

which the Auction Period otherwise would have ended had there been no extension of the prior Auction Period.

Notwithstanding the foregoing, neither new nor extended Auction Periods shall total more than 35 days in the aggregate. If at the end of the 35 days the Auction Agent fails to calculate or provide the Auction Rate, or there is not at the time a duly appointed and acting Auction Agent or Broker-Dealer, the Auction Period Rate shall be the ARB Maximum Rate.

(d) In the event of a failed conversion from an Auction Period to any other period or in the event of a failure to change the length of the current Auction Period due to the lack of Sufficient Clearing Bids at the Auction on the Auction Date for the first new Auction Period, the Auction Period Rate for the next Auction Period shall be the ARB Maximum Rate and the Auction Period shall be a seven-day Auction Period. In the event that the 2007 Series A Bonds bear interest at the ARB Maximum Rate for the lesser of 3 consecutive Auction periods or 90 days, the Agency will use best efforts to cause a conversion to another Auction Period or an Interest Rate Period acceptable to the 2007 Series A Bond Insurer.

(e) If the Bonds are no longer maintained in book-entry-only form by the Securities Depository, then the Auctions shall cease and the Auction Period Rate shall be the ARB Maximum Rate.

Section 2.05. *Allocation of Bonds.*

(a) In the event of Sufficient Clearing Bids for a Series of Bonds, subject to the further provisions of subsections (c) and (d) below, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Sell Order of each Existing Owner shall be accepted and the Submitted Bid of each Existing Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected, thus requiring each such Existing Owner to sell the Bonds that are the subject of such Submitted Sell Order or Submitted Bid;

(iii) the Submitted Bid of each Existing Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Bid of each Potential Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(v) the Submitted Bid of each Existing Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid, but only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii) or (iv) above by (B) a fraction the numerator of which shall be the number of Units of

Outstanding Bonds held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate, and the remainder, if any, of such Submitted Bid shall be rejected, thus requiring each such Existing Owner to sell any excess amount of Bonds;

(vi) the Submitted Bid of each Potential Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid, but only in an amount equal to the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii), (iv) or (v) above by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds subject to such Submitted Bid and the denominator of which shall be the sum of the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate, and the remainder of such Submitted Bid shall be rejected; and

(vii) the Submitted Bid of each Potential Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected.

(b) In the event there are not Sufficient Clearing Bids for a Series of Bonds, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Bid of each Existing Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iii) the Submitted Bid of each Potential Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Sell Orders of each Existing Owner shall be accepted as Submitted Sell Orders and the Submitted Bids of each Existing Owner specifying any rate that is higher than the ARB Maximum Rate shall be deemed to be and shall be accepted as Submitted Sell Orders, in both cases only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Bonds subject to Submitted Bids described in clause (iii) of this subsection (b) by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds held by such Existing Owner subject to such Submitted Sell Order or such Submitted Bid deemed to be a Submitted Sell Order and the denominator of which shall be the number of Units of Outstanding Bonds subject to all such Submitted Sell Orders and such Submitted Bids deemed to be Submitted Sell Orders, and the remainder of each such Submitted Sell Order or Submitted Bid shall be deemed to be and shall be accepted as a Hold Order and each such Existing Owner shall be required to continue to hold such excess amount of Bonds; and

(v) the Submitted Bid of each Potential Owner specifying any rate that is higher than the ARB Maximum Rate shall be rejected.

(c) If, as a result of the undertakings described in Section 2.05(a) or (b) above, any Existing Owner or Potential Owner would be required to purchase or sell an aggregate principal amount of the Bonds that is not an integral multiple of an Authorized Denomination on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, round up or down the principal amount of the Bonds to be purchased or sold by any Existing Owner or Potential Owner on such Auction Date so that the aggregate principal amount of the Bonds purchased or sold by each Existing Owner or Potential Owner on such Auction Date shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Existing Owners or Potential Owners not purchasing or selling any Bonds on such Auction Date.

(d) If, as a result of the undertakings described in Section 2.05(a) above, any Potential Owner would be required to purchase less than an Authorized Denomination in principal amount of the Bonds on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, allocate the Bonds for purchase among Potential Owners so that the principal amount of the Bonds purchased on such Auction Date by any Potential Owner shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing the Bonds on such Auction Date.

Section 2.06. *Notice of Auction Period Rate.* (a) On each Auction Date, the Auction Agent shall notify each Broker-Dealer that participated in the Auction held on such Auction Date by Electronic Means acceptable to the Auction Agent and the applicable Broker-Dealer of the following, with respect to each Series of Bonds for which an Auction was held on such Auction Date:

(i) the Auction Period Rate determined on such Auction Date for the succeeding Auction Period;

(ii) whether Sufficient Clearing Bids existed for the determination of the Winning Bid Rate;

(iii) if such Broker-Dealer submitted a Bid or a Sell Order on behalf of an Existing Owner, whether such Bid or Sell Order was accepted or rejected and the number of Units of Bonds, if any, to be sold by such Existing Owner;

(iv) if such Broker-Dealer submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected and the number of Units of Bonds, if any, to be purchased by such Potential Owner;

(v) if the aggregate number of Units of the Bonds to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted Bids or Sell Orders is different from the aggregate number of Units of Bonds to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Broker-Dealers (and the Agent Member, if any, of each such other Broker-Dealer) and the number of Units of Bonds to be (A) purchased from one or more Existing Owners on

whose behalf such other Broker-Dealers submitted Bids or Sell Orders or (B) sold to one or more Potential Owners on whose behalf such Broker-Dealer submitted Bids; and

(vi) the immediately succeeding Auction Date.

(b) On each Auction Date, with respect to each Series of Bonds for which an Auction was held on such Auction Date, each Broker-Dealer that submitted an Order on behalf of any Existing Owner or Potential Owner shall: (i) if requested by an Existing Owner or a Potential Owner, advise such Existing Owner or Potential Owner on whose behalf such Broker-Dealer submitted an Order as to (A) the Auction Period Rate determined on such Auction Date, (B) whether any Bid or Sell Order submitted on behalf of such Owner was accepted or rejected and (C) the immediately succeeding Auction Date; (ii) instruct each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Potential Owner's Agent Member to pay to such Broker-Dealer (or its Agent Member) through the Securities Depository the amount necessary to purchase the number of Units of Bonds to be purchased pursuant to such Bid (including, with respect to the Bonds in a daily Auction Period, accrued interest if the purchase date is not an ARB Interest Payment Date for such Bond) against receipt of such Bonds; and (iii) instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted or a Bid that was rejected in whole or in part, to instruct such Existing Owner's Agent Member to deliver to such Broker-Dealer (or its Agent Member) through the Securities Depository the number of Units of Bonds to be sold pursuant to such Bid or Sell Order against payment therefor.

(c) The Auction Agent shall give notice of the Auction Rate to the Agency and Trustee by mutually acceptable Electronic Means and the Trustee shall promptly give notice of such Auction Rate to the Securities Depository.

Section 2.07. *Index.*

(a) If for any reason on any Auction Date the Index shall not be determined as provided in Schedule I, the Index shall be the Index for the Auction Period ending on such Auction Date.

(b) The determination of the Index as provided in Schedule I and herein shall be conclusive and binding upon the Agency, the Trustee, the Broker-Dealers, the Auction Agent and the Owners of the Bonds.

Section 2.08. *Miscellaneous Provisions Regarding Auctions.*

(a) In this Exhibit, each reference to the purchase, sale or holding of Bonds shall refer to beneficial interests in Bonds, unless the context clearly requires otherwise.

(b) During an ARB Interest Rate Period with respect to each Series of Bonds, the provisions of the Indenture and the definitions contained therein and described in this Exhibit, including without limitation the definitions of All Hold Rate, Index, ARB Interest Payment Date, ARB Maximum Rate, Auction Period Rate and Auction Rate, may be amended as follows pursuant to the Indenture by obtaining the consent of the owners of all affected Outstanding Bonds bearing interest at the Auction Period Rate, provided that, if any such amendment shall affect the rights or obligations of the Owners or the 2007 Series A Bond Insurer, such change shall require the prior written consent of the 2007 Series A Bond Insurer. If on the first Auction Date occurring at least 20 days after the date on which the Trustee mailed notice of such proposed

amendment to the registered owners of the affected Outstanding Bonds as required by the Indenture, (i) the Auction Period Rate which is determined on such date is the Winning Bid Rate or the All Hold Rate and (ii) there is delivered to the Agency, the 2007 Series A Bond Insurer and the Trustee an opinion of Bond Counsel to the effect that such amendment shall not adversely affect the validity of the Bonds or any exemption from federal income taxation to which the interest on the Bonds would otherwise be entitled, the proposed amendment shall be deemed to have been consented to by the registered owners of all affected Outstanding Bonds bearing interest at an Auction Period Rate.

(c) If the Securities Depository notifies the Trustee that it is unwilling or unable to continue as registered owner of the Bonds or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor to the Securities Depository is not appointed by the Trustee within 90 days after the Trustee receives notice or becomes aware of such condition, as the case may be, the Auctions shall cease and the Agency shall execute and the Trustee shall authenticate and deliver certificates representing the Bonds. Such Bonds shall be registered in such names and Authorized Denominations as the Securities Depository, pursuant to instructions from the Agent Members or otherwise, shall instruct the Agency and the Trustee.

During an ARB Interest Rate Period, so long as the ownership of the Bonds is maintained in book-entry form by the Securities Depository, an Existing Owner or a beneficial owner may sell, transfer or otherwise dispose of a Bond only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or to or through a Broker-Dealer, provided that (i) in the case of all transfers other than pursuant to Auctions, such Existing Owner or its Broker-Dealer or its Agent Member advises the Auction Agent of such transfer and (ii) a sale, transfer or other disposition of Bonds from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such Bonds to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph if such Broker-Dealer remains the Existing Owner of the Bonds so sold, transferred or disposed of immediately after such sale, transfer or disposition.

Section 2.09. *Changes in Auction Period or Auction Date.*

(a) Changes in Auction Period.

(i) During any ARB Interest Rate Period, the Agency, may, from time to time on the ARB Interest Payment Date immediately following the end of any Auction Period, change the length of the Auction Period with respect to all of the Bonds of a Series among daily, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by such Bonds. The Agency shall initiate the change in the length of the Auction Period by giving written notice to the 2007 Series A Bond Insurer, the Trustee, the Auction Agent, the Broker-Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least 10 Business Days prior to the Auction Date for such Auction Period.

(ii) Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period and shall be for all of the Bonds of such Series.

(iii) The change in length of the Auction Period shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for such new Auction Period. For purposes of the Auction for such new Auction Period only, except to the extent any Existing Owner submits an Order with respect to such Bonds of any Series, each Existing Owner shall be deemed to have submitted Sell Orders with respect to all of its Bonds of such Series if the change is to a longer Auction Period and a Hold Order if the change is to a shorter Auction Period. If there are not Sufficient Clearing Bids for the first Auction Period, the Auction Rate for the new Auction Period shall be the ARB Maximum Rate, and the Auction Period shall be a seven-day Auction Period.

(b) Changes in Auction Date. During any ARB Interest Rate Period, the Auction Agent, at the direction of the Agency, may specify an earlier or later Auction Date (but in no event more than five Business Days earlier or later) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne by the Bonds. The Auction Agent shall provide notice of the Agency's direction to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, the Agency and the Broker-Dealers with a copy to the Securities Depository. In the event the Auction Agent is instructed to specify an earlier Auction Date, the days of the week on which an Auction Period begins and ends, the day of the week on which a Flexible Auction Period ends and the ARB Interest Payment Date relating to a Flexible Auction Period shall be adjusted accordingly.

(c) Changes Resulting from Unscheduled Holidays. If, in the opinion of the Auction Agent and the Broker-Dealers, there is insufficient notice of an unscheduled holiday to allow the efficient implementation of the Auction Procedures set forth herein, the Auction Agent and the Broker-Dealers may, as they deem appropriate, set a different Auction Date and adjust any ARB Interest Payment Dates and Auction Periods affected by such unscheduled holiday. In the event there is not agreement among the Broker-Dealers, the Auction Agent shall set the different Auction Date and make such adjustments as directed by a majority of the Broker-Dealers, and, if there is not a majority, as the Auction Agent in its sole discretion shall determine is appropriate.

The Weekly Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent (based on then-prevailing market conditions) to sell the 2007 Series A Bonds on the effective date of such rate at a price (without regard to accrued interest) equal to the principal amount thereof. In the event that the Remarketing Agent fails to establish a Weekly Interest Rate for any Calendar Week, then the Weekly Interest Rate for such Calendar Week shall be the same as the Weekly Interest Rate for the immediately preceding Calendar Week if the Weekly Interest Rate for such preceding week was determined by the Remarketing Agent. Such notice shall state: (i) that, subject to the satisfaction of the conditions to such Conversion contained in Section 2.09(b) hereof, the Interest Rate Period for the 2007 Series A Bonds shall be Converted to a Long-Term Interest Rate Period or to a new Long-Term Interest Rate Period unless the Agency rescinds its election to Convert the Interest Rate Period for the 2007 Series A Bonds pursuant to Section 2.09(a) hereof; (ii) the duration of such Long-Term Interest Rate Period; (iii) the proposed Long-Term Conversion Date to such Long-Term Interest Rate Period; (iv) that all 2007 Series A Bonds are subject to mandatory tender for purchase on the Conversion Date; (v) that all 2007 Series A Bonds (other than ARBs) are subject to such mandatory tender for purchase on the proposed Conversion Date even if the proposed Conversion to a Long-Term Interest Rate Period does not occur; (vi) the applicable Purchase Price and the place of Proper Delivery for the tender of 2007 Series A Bonds for purchase in connection with such Conversion, and (vii) that the Purchase Price of 2007 Series A Bonds tendered or deemed tendered shall be payable only upon Proper Delivery of the 2007 Series A Bonds and only from the sources specified in Section 4.07(f) hereof, specifying such sources.

(d) **Remarketing at Premium or Discount.** Notwithstanding the provisions of Section 2.06(a), the Long-Term Interest Rate for a Long-Term Interest Rate Period shall be the rate of interest per annum determined by the Remarketing Agent (based on then-prevailing market conditions) to be the interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent to sell the 2007 Series A Bonds at a price (without regard to accrued interest) which will result in the lowest net interest cost for the 2007 Series A Bonds, after taking into account any premium or discount at which the 2007 Series A Bonds are sold by the Remarketing Agent, provided that:

(i) The Remarketing Agent certifies to the Trustee, the Tender Agent, the Credit Provider (if any) and the Agency that the sale of the 2007 Series A Bonds at the interest rate and premium or discount specified by the Remarketing Agent is expected to result in the lowest net interest cost for the 2007 Series A Bonds on the Long-Term Conversion Date;

(ii) the Agency consents in writing to the sale of the 2007 Series A Bonds by the Remarketing Agent at such premium or discount;

(iii) The remarketing proceeds available on the Conversion Date and the amount made available under the Credit Support Instrument (if any) on the proposed Long-Term Conversion Date shall not be less than the amount required to purchase all of the Tendered Bonds at the applicable Purchase Price (unless the Agency, in its sole discretion, transfers, or causes to be transferred, to the Tender Agent for application to such Purchase Price, Available Moneys in the amount of such deficiency on or before the Long-Term Conversion Date in funds which will be immediately available on the Long-Term Conversion Date);

(iv) On or before the date of the determination of the Long-Term Interest Rate, the Agency delivers to the Trustee and the Remarketing Agent a letter of Bond Counsel to the effect that Bond Counsel expects to be able to give a Favorable Opinion of Bond Counsel on the Long-Term Conversion Date with respect to the sale of the 2007 Series A Bonds at such premium or discount; and

(v) On or before the Long-Term Conversion Date, a Favorable Opinion of Bond Counsel with respect to the sale of the 2007 Series A Bonds at such premium or discount shall have been received by the Trustee.

**Section 2.07. Commercial Paper Interest Rate Period.**

**(a) Determination of Commercial Paper Terms and Commercial Paper Term Rates.** During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall bear interest during each Commercial Paper Term for such 2007 Series A Bond at the Commercial Paper Term Rate for such 2007 Series A Bond determined as provided in this Section 2.07. The Commercial Paper Term and the Commercial Paper Term Rate need not be the same for all the 2007 Series A Bonds, even if determined on the same date. Each of such Commercial Paper Terms and Commercial Paper Term Rates for each 2007 Series A Bond shall be determined by the Remarketing Agent no later than the first day of each Commercial Paper Term. Each Commercial Paper Term shall be for a period of days within the range or ranges announced as possible Commercial Paper Terms no later than 9:30 a.m., New York City time, on the first day of each Commercial Paper Term by the Remarketing Agent. Each Commercial Paper Term for each 2007 Series A Bond shall be a period of not more than one hundred eighty (180) days, shall end not later than twenty (20) Business Days prior to the Expiration Date of the Credit Support Instrument, and shall be determined by the Remarketing Agent to be the period, except as provided by Section 2.07(d) hereof, which, together with all other Commercial Paper Terms for all 2007 Series A Bonds then Outstanding, will result in the lowest overall interest expense on the 2007 Series A Bonds over the next succeeding one hundred eighty (180) days. Each Commercial Paper Term shall end on either a day which immediately precedes a Business Day or on the day immediately preceding the Maturity Date. If, for any reason, a Commercial Paper Term for any 2007 Series A Bond cannot be so determined by the Remarketing Agent, or if the determination of such Commercial Paper Term is held by a court of law to be invalid or unenforceable, then such Commercial Paper Term shall be thirty (30) days, but if the last day so determined shall not be a day immediately preceding a Business Day, shall end on the first day immediately preceding the Business Day next succeeding such last day, or if such last day would be after the day immediately preceding the Maturity Date, shall end on the day immediately preceding the Maturity Date. In determining the number of days in each Commercial Paper Term, the Remarketing Agent shall take into account the following factors: (i) existing short-term, tax-exempt market rates and indices of such short-term rates; (ii) the existing market supply and demand for short-term Tax-Exempt securities; (iii) existing yield curves for short-term and long-term Tax-Exempt securities of credit quality comparable to the 2007 Series A Bonds; (iv) general economic conditions; (v) industry economic and financial conditions that may affect or be relevant to the 2007 Series A Bonds; (vi) the Commercial Paper Terms of other 2007 Series A Bonds; and (vii) such other facts, circumstances and conditions pertaining to financial markets as the Remarketing Agent, in its sole discretion, shall determine to be relevant.

The Commercial Paper Term Rate for each Commercial Paper Term for each 2007 Series A Bond during a Commercial Paper Interest Rate Period shall be the rate of interest per annum determined by the Remarketing Agent to be the minimum interest rate which, if borne by such 2007 Series A Bond, would enable the Remarketing Agent (based on then-prevailing market conditions) to sell such 2007 Series A Bond on the effective date of such rate at a price equal to the principal amount thereof. If, for any reason, a Commercial Paper Term Rate for any 2007 Series A Bond is not so established by the Remarketing Agent for any Commercial Paper Term, or if such Commercial Paper Term Rate is determined by a court of law to be invalid or unenforceable, then the Commercial Paper Term Rate for such Commercial Paper Term shall be the rate per annum equal to the Variable Index on the first day of such Commercial Paper Term.

**(b) Conversion to Commercial Paper Interest Rate Period.** Subject to Section 2.09 hereof, at any time, the Agency, by written direction to the Trustee (with a copy to the Tender Agent (if any), the Credit Provider (if any), the Remarketing Agent (if any), the Auction Agent (if any) and the Broker-Dealer (if any)), may elect to Convert the Interest Rate Period for the 2007 Series A Bonds to a Commercial Paper Interest Rate Period. Such direction of the Agency shall specify (i) the proposed Conversion Date to the Commercial Paper Interest Rate Period (during which the 2007 Series A Bonds shall bear interest at Commercial Paper Term Rates) which shall be (1) a Business Day not earlier than the thirtieth (30th) day following the second Business Day after receipt by the Trustee of such direction, (2) in the case of a Conversion from a Daily Interest Rate Period, the Interest Payment Date which is not less than 30 days following the second Business Day after receipt by the Trustee of such direction, (3) in the case of a Conversion from a Weekly Interest Rate Period, the Interest Payment Date which is not less than thirty days following the second Business Day after receipt by the Trustee of such direction, (4) in the case of a Conversion from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which the 2007 Series A Bonds otherwise would be subject to optional redemption pursuant to Section 4.01(c) hereof if such Conversion did not occur, (5) in the case of a Conversion from an Index Interest Rate Period, the Interest Payment Date which is not less than 30 days following the second Business Day after receipt by the Trustee of such direction, and (6) in the case of a Conversion from an ARB Interest Rate Period, an ARB Interest Payment Date; and (ii) the Purchase Date for the 2007 Series A Bonds in connection with the mandatory tender of the 2007 Series A Bonds for purchase as a result of the Conversion to Commercial Paper Interest Rate Period. In addition, the direction of the Agency shall be accompanied by (1) a letter of Bond Counsel that it expects to be able to give a Favorable Opinion of Bond Counsel on the proposed Conversion Date with respect to the Conversion of the 2007 Series A Bonds to the Commercial Paper Interest Rate Period and (2) a form of the notice to be mailed by the Trustee to the Owners of the 2007 Series A Bonds as provided in Section 2.09(c) hereof. During each Commercial Paper Interest Rate Period for the 2007 Series A Bonds, each 2007 Series A Bond shall bear interest at a Commercial Paper Term Rate during each Commercial Paper Term for such 2007 Series A Bond.

**(c) Notice of Conversion to Commercial Paper Interest Rate Period.** The Trustee shall give notice (by registered or certified mail, or by telecopy, confirmed by registered or certified mail) to the Owners of the 2007 Series A Bonds of a Conversion to a Commercial Paper Interest Rate Period not less than thirty (30) days prior to the proposed Conversion Date to such Commercial Paper Interest Rate Period. Such notice shall state: (i) that, subject to the

satisfaction of the conditions to such Conversion contained in Section 2.09(b) hereof, the Interest Rate Period for the 2007 Series A Bonds shall be Converted to a Commercial Paper Interest Rate Period unless the Agency rescinds its election to Convert the Interest Rate Period for the 2007 Series A Bonds pursuant to Section 2.09(a) hereof; (ii) the proposed Conversion Date to such Commercial Paper Interest Rate Period; (iii) that all 2007 Series A Bonds are subject to mandatory tender for purchase on the Conversion Date; (iv) that all 2007 Series A Bonds (other than ARBs) are subject to such mandatory tender for purchase even if the proposed Conversion to a Commercial Paper Interest Rate Period does not occur; (v) the applicable Purchase Price and the place of Proper Delivery for the tender of 2007 Series A Bonds for purchase in connection with such Conversion; and (vi) that the Purchase Price of 2007 Series A Bonds tendered or deemed tendered shall be payable only upon Proper Delivery of the 2007 Series A Bonds and only from the sources specified in Section 4.07(f) hereof, specifying such sources.

**(d) Conversion from Commercial Paper Interest Rate Period.** If the Agency elects to Convert the 2007 Series A Bonds from a Commercial Paper Interest Rate Period to another Interest Rate Period, the latest date on which Commercial Paper Terms for the 2007 Series A Bonds in effect on the date the Remarketing Agent receives a copy of the direction of the Agency to Convert the 2007 Series A Bonds to another Interest Rate Period ends shall be the last day of the then-current Commercial Paper Interest Rate Period and the day next succeeding such date shall be the Conversion Date to the Interest Rate Period for the 2007 Series A Bonds elected by the Agency. Notwithstanding the provisions of Section 2.07(a) hereof, upon receipt of a copy of the direction of the Agency to Convert the 2007 Series A Bonds from a Commercial Paper Interest Rate Period to another Interest Rate Period, the Remarketing Agent shall not establish a Commercial Paper Term during such Commercial Paper Interest Rate Period which ends on or after the proposed Conversion Date to the new Interest Rate Period.

**Section 2.08. Index Interest Rate Period.**

**(a) Determination of Index Interest Rates.** During each Index Interest Rate Period, the 2007 Series A Bonds shall bear interest at Index Interest Rates. The Index Interest Rate for the 2007 Series A Bonds for each Index Bond Calculation Period shall be calculated as the weighted arithmetic average of the MMD Adjusted Rate in effect for each day in the Index Bond Calculation Period, calculated by multiplying each such MMD Adjusted Rate by the number of days such MMD Adjusted Rate is in effect, determining the sum of such products and dividing such sum by the number of days in the Index Bond Calculation Period. Such rate shall be multiplied against the face amount of the Index Bonds to determine the interest payable on the Interest Payment Date following such Index Bond Calculation Period (but shall not exceed the Maximum Interest Rate). All percentages resulting from any step in the calculation of interest on Index Bonds will be rounded, if necessary, to the nearest ten-thousandth of a percentage point (i.e., to five decimal places) with five hundred thousandths of a percentage point rounded upward, and all dollar amounts used in or resulting from such calculation of interest on Index Bonds will be rounded to the nearest cent (with one-half cent being rounded upward). (For example, a rate of 3.476285% will be rounded to 3.47629%.)

(b) **Conversion to Index Interest Rate Period.**

(i) Subject to Section 2.09 hereof, at any time, the Agency, by written direction to the Trustee (with copies to the Tender Agent (if any), the Credit Provider (if any), the Remarketing Agent (if any), the Auction Agent (if any) and the Broker-Dealer (if any)), may elect that the Interest Rate Period for the 2007 Series A Bonds be Converted to an Index Interest Rate Period. Such direction of the Agency shall specify (i) the proposed Conversion Date of such Conversion to an Index Interest Rate Period, which shall be (1) a Business Day not earlier than the thirtieth (30th) day following the second Business Day after receipt by the Trustee of such direction, (2) in the case of a Conversion from a Daily Interest Rate Period, the Interest Payment Date which is not less than 30 days following the second Business Day after receipt by the Trustee of such direction, (3) in the case of a Conversion from a Weekly Interest Rate Period, the Interest Payment Date which is not less than thirty days following the second Business Day after receipt by the Trustee of such direction, (4) in the case of a Conversion from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long-Term Interest Rate Period or a day on which the 2007 Series A Bonds otherwise would be subject to optional redemption pursuant to Section 4.01(c) if such Conversion did not occur, (5) in the case of a Conversion from a Commercial Paper Interest Rate Period, the day immediately following the last day of the Commercial Paper Interest Rate Period and (6) in the case of a Conversion from an ARB Interest Rate Period, an ARB Interest Payment Date; (ii) whether such Conversion Date will constitute the Fixed Index Interest Rate Conversion Date; and (iii) the Purchase Date for the 2007 Series A Bonds in connection with the mandatory tender of 2007 Series A Bonds for purchase as a result of such Conversion to an Index Interest Rate Period.

(ii) In addition, such direction shall be accompanied by (1) a letter of Bond Counsel that it expects to be able to give a Favorable Opinion of Bond Counsel on the proposed Conversion Date with respect to the Conversion of the 2007 Series A Bonds to the Index Interest Rate Period and (2) a form of the notice to be mailed by the Trustee to the Owners of the 2007 Series A Bonds as provided in Section 2.08(c).

(iii) After the Fixed Index Interest Rate Conversion Date, the 2007 Series A Bonds shall no longer be permitted to be Converted to another Interest Rate Period and shall no longer be subject to or have the benefit of the provisions of Article IV hereof.

(c) **Notice of Conversion to Index Interest Rate Period.** The Trustee shall give notice (by registered or certified mail, or by telecopy, confirmed by registered or certified mail) to the Owners of the 2007 Series A Bonds of a Conversion of the 2007 Series A Bonds to an Index Interest Rate Period not less than thirty (30) days prior to the proposed Conversion Date to such Index Interest Rate Period. Such notice shall state: (i) that, subject to the satisfaction of the conditions to such Conversion contained in Section 2.09(b) hereof, the Interest Rate Period for the 2007 Series A Bonds shall be Converted to an Index Interest Rate Period unless the Agency rescinds its election to Convert the Interest Rate Period for the 2007 Series A Bonds pursuant to Section 2.09(a) hereof; (ii) the proposed Conversion Date to an Index Interest Rate Period; and (iii) that: (A) all 2007 Series A Bonds are subject to mandatory tender for purchase

on the Conversion Date to the Index Interest Rate Period, (B) that the 2007 Series A Bonds (other than ARBs) are subject to mandatory tender for purchase on the proposed Conversion Date even if the proposed Conversion to an Index Interest Rate Period does not occur, (C) the applicable Purchase Price and the place of Proper Delivery for the tender of 2007 Series A Bonds for purchase in connection with such Conversion, and (D) that the Purchase Price of 2007 Series A Bonds tendered or deemed tendered shall be payable only upon Proper Delivery of such 2007 Series A Bonds and only from the sources specified in Section 4.07(f) hereof, specifying such sources.

**Section 2.09. Rescission of Conversion; Conditions to Conversion.**

**(a)** Notwithstanding anything in this Article II to the contrary, in connection with any Conversion of the Interest Rate Period for the 2007 Series A Bonds, the Agency shall have the right to deliver to the Trustee (with a copy to Remarketing Agent (if any), the Tender Agent (if any), the Credit Provider (if any), the Auction Agent (if any) and the Broker-Dealer (if any)), on or prior to 10:00 a.m. on the second Business Day preceding the proposed Conversion Date of any such Conversion a notice to the effect that the Agency elects to rescind its election to make such Conversion. If the Agency delivers a notice of rescission of election to Convert the 2007 Series A Bonds to the Trustee prior to the time a notice of such Conversion has been mailed to the Owners of the 2007 Series A Bonds as provided in Section 2.04(c), 2.05(c), 2.06(c), 2.07(c), 2.08(c) or 2.10(i)(ii) hereof, as applicable, then the Interest Rate Period shall not be Converted and the 2007 Series A Bonds shall continue to bear interest in the Interest Rate Period in effect immediately prior to such proposed Conversion. In any event, if notice of a Conversion has been mailed to the Owners of the 2007 Series A Bonds as provided in Section 2.04(c), 2.05(c), 2.06(c), 2.07(c), 2.08(c) or 2.10(i)(ii) hereof, as applicable, and the Agency rescinds its election to make such Conversion, then (i) the 2007 Series A Bonds (except ARBs, which shall not be subject to mandatory tender) shall continue to be subject to mandatory tender for purchase on the date which would have been the Conversion Date of the Conversion to a new Interest Rate Period as provided in Section 4.05 hereof, and (ii) the Interest Rate Period shall not be Converted and the 2007 Series A Bonds shall continue to bear interest in the Interest Rate Period in effect immediately prior to the proposed Conversion (provided, that the period of any such Long-Term Interest Rate Period shall be one year). In the case of the ARBs, the ARBs shall bear interest at the ARB Maximum Rate until the next succeeding Auction Period and then at the Auction Period Rate.

**(b)** No Conversion from one Interest Rate Period to another shall take effect unless each of the following conditions, to the extent applicable, shall have been satisfied.

(i) The Trustee shall have received (i) the prior written consent of the 2007 Series A Bond Insurer and (ii) a Favorable Opinion of Bond Counsel with respect to such Conversion on the Conversion Date.

(ii) The remarketing proceeds available on the Conversion Date and the amount made available under the Credit Support Instrument (if any) shall not be less than the amount required to purchase all of the Tendered Bonds at the applicable Purchase Price (unless the Agency, in its sole discretion, transfers or causes to be transferred, to the Tender Agent for application to the payment of such Purchase Price

Available Moneys in the amount of such deficiency on or before the Conversion Date in funds which are immediately available on the Conversion Date).

(iii) In the case of any Conversion of the 2007 Series A Bonds from an ARB Interest Rate Period to any other Interest Rate Period (except a Long-Term Interest Rate Period effective to, or an Index Interest Rate Period for which the Agency has irrevocably elected an Index Interest Rate Period ending on, the day immediately preceding the Maturity Date), prior to the Conversion Date the Agency shall have appointed a Tender Agent (unless the Trustee is serving as Tender Agent) and a Remarketing Agent with respect to the 2007 Series A Bonds, there shall have been executed and delivered with respect to the 2007 Series A Bonds a Tender Agent Agreement (unless the Trustee is serving as Tender Agent), and a Remarketing Agreement and the Agency has caused a Credit Support Instrument in the Required Stated Amount to be delivered to the Tender Agent.

(iv) In the case of any Conversion of the 2007 Series A Bonds to an ARB Interest Rate Period from another Interest Rate Period, prior to the Conversion Date the Agency shall have appointed an Auction Agent and a Broker-Dealer with respect to the 2007 Series A Bonds and there shall have been executed and delivered with respect to the 2007 Series A Bonds, an Auction Agent Agreement and a Broker-Dealer Agreement.

(v) Prior to any Conversion to an ARB Interest Rate Period, the Agency shall receive a firm underwriting commitment or contract to purchase the 2007 Series A Bonds in an ARB Interest Rate Period from an investment bank or other purchaser.

(vi) In the case of any Conversion of the 2007 Series A Bonds to a Long-Term Interest Rate Period, the Remarketing Agent shall have determined the Long-Term Interest Rate for such Long-Term Interest Rate Period on or prior to the proposed Conversion Date to such Long-Term Interest Rate Period.

**(c)** If any condition to the Conversion of the 2007 Series A Bonds to another Interest Rate Period shall not have been satisfied, then the current Interest Rate Period shall not be Converted and the 2007 Series A Bonds shall continue to bear interest in the Interest Rate Period in effect immediately prior to such proposed Conversion, and, if notice of such Proposed Conversion has been given to the Owners of the 2007 Series A Bonds as provided in this First Supplemental Indenture, the 2007 Series A Bonds (except ARBs) shall continue to be subject to mandatory tender for purchase on the date which would have been the Conversion Date as provided in Section 4.07 hereof. If the Interest Rate Period in effect immediately prior to such proposed Conversion is a Long-Term Interest Rate Period, then the Long-Term Interest Rate Period commencing on such proposed Conversion Date shall be for one year. In the case of ARBs, the ARBs shall continue to be owned by the Owners thereof and shall bear interest at the ARB Maximum Rate until the next succeeding Auction Period following such proposed Conversion Date, then at the Auction Period Rate.

**(d)** Notwithstanding anything in this Article II to the contrary, in connection with the Conversion from a Long-Term Interest Rate Period that would require the mandatory

tender for purchase of 2007 Series A Bonds at a Purchase Price greater than the principal amount thereof plus unpaid accrued interest thereon as provided in Section 4.07 hereof, the Agency, as a condition to exercising its option to cause a Conversion of the Interest Rate Period, shall deliver or cause to be delivered to the Tender Agent prior to the mailing of notice of such Conversion, Available Moneys in an amount which is sufficient to pay such premium, unless the Credit Support Instrument, if any, then in effect with respect to such 2007 Series A Bonds provides for the payment of such premium.

**(e)** The Trustee shall send a copy of each notice of a Conversion sent to the Owners of the 2007 Series A Bonds to any Credit Provider and each Rating Agency promptly after sending such notice to such Owners.

**Section 2.10. ARB Provisions.** This Section 2.10 governs the interest rates and payment terms of 2007 Series A Bonds which are ARBs. With respect to 2007 Series A Bonds when not in an ARB Interest Rate Period, such matters are governed by Sections 2.04 through 2.08 hereof.

**(a) Determination of Auction Period Rates.** During each ARB Interest Rate Period, the 2007 Series A Bonds shall bear interest at Auction Period Rates, which shall be determined and notice thereof shall be given in the manner provided in the Auction Procedures, and each such Auction Period Rate shall be effective for the Auction Period to which such Auction Period Rate relates.

**(b) ARB Payment Defaults.** The Trustee shall determine not later than 2:00 p.m., New York City time, on each ARB Interest Payment Date, whether an ARB Payment Default has occurred. If an ARB Payment Default has occurred, the Trustee shall, not later than 2:30 p.m. New York City time on such Business Day, send a Notice of ARB Payment Default to the Auction Agent and each Broker-Dealer by telecopy or similar means and, if such ARB Payment Default is cured, the Trustee shall immediately send a Notice of Cure of ARB Payment Default to the Auction Agent and each Broker-Dealer by telecopy or similar means.

Notwithstanding the foregoing, the Auction Agent may terminate the Auction Agent Agreement if, within 30 days after notifying the Trustee and the Agency in writing that it has not received payment of any Auction Agent Fee due it in accordance with the terms of the Auction Agent Agreement, the Auction Agent does not receive such payment. Notwithstanding that the Auction Agent may be the agent of the Trustee, the Trustee shall not be liable in any way for any action taken, suffered or omitted, or for any error of judgment made by the Auction Agent, whether in the performance of its duties under the Auction Agent Agreement or otherwise. Any successor Auction Agent must be approved be the 2007 Series A Bond Insurer.

(ii) Any Broker-Dealer may at any time resign and be discharged of the duties and obligations created by the Indenture by giving such notice to the Agency and the Trustee as may be specified in a Broker-Dealer Agreement. Any Broker-Dealer may be removed at any time at the written request of the Agency. Upon any such resignation or removal, the Agency will appoint a successor Broker-Dealer. In the event of the resignation or removal of any Broker-Dealer, such Broker-Dealer will pay over, assign and deliver any moneys and ARBs held by it in such capacity to its successor.

**(e) Provisions Relating to Auctions.** None of the Agency, the Trustee or the Auction Agent shall be responsible for any failure of a Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner, nor shall any of the Agency, the Trustee or the Auction Agent be responsible for failure by any Securities Depository to effect any transfer or to provide the Auction Agent with current information regarding registration of transfers. **(g) Conversion to ARB Interest Rate Period.**

(i) Conversion to ARB Interest Rate Period. Subject to Section 2.09 hereof, the Agency, from time to time, by written direction to the Trustee (with a copy to the Tender Agent (if any), the Credit Provider (if any), the Remarketing Agent (if any), the Auction Agent (if any) and each Broker-Dealer (if any)), may elect that the Interest Rate Period for 2007 Series A Bonds shall be converted to an ARB Interest Rate Period. The direction of the Agency shall specify (A) the proposed Conversion Date to the ARB Interest Rate Period, which shall be (1) in each case, a Business Day not earlier than the 30th day following the second Business Day after receipt by the Trustee of such direction, (2) in the case of a Conversion from a Daily Interest Rate Period, the Interest Payment Date which is not less than 30 days following the second Business Day after receipt by the Trustee of such direction, (3) in the case of a Conversion from a Weekly Interest Rate Period, the Interest Payment Date which is not less than thirty days following the second Business Day after receipt by the Trustee of such direction, (4) in the case of a Conversion from a Long-Term Interest Rate Period, the day immediately following the last day of the then-current Long Term Interest Rate Period or a day on which the 2007 Series A Bonds would otherwise be subject to optional redemption

In addition, the direction of the Agency shall be accompanied by (1) letter of Bond Counsel that it expects to give a Favorable Opinion of Bond Counsel on the proposed Conversion Date with respect to the Conversion of the 2007 Series A Bonds to the ARB Interest Rate Period and (2) a form of notice to be mailed to the Owners of the 2007 Series A Bonds by the Trustee as provided in Section 2.10(i)(ii) hereof.

Such notice shall state (i) that, subject to the satisfaction of the conditions to such Conversion contained in Section 2.09(b) hereof, the Interest Rate Period for the 2007 Series A Bonds shall be converted to an ARB Interest Rate Period unless the Agency rescinds its election to Convert the 2007 Series A Bonds to such Interest Rate Period pursuant to Section 2.09 hereof; (ii) the proposed Conversion Date to the ARB Interest Rate Period; (iii) that the 2007 Series A Bonds are subject to mandatory tender for purchase on the Conversion Date to the ARB Interest Rate Period; (iv) that the 2007 Series A Bonds are subject to mandatory tender for purchase on the proposed Conversion Date whether or not the Conversion to an ARB Interest Rate Period occurs; (v) the Purchase Price and the place of Proper Delivery for the tender of 2007 Series A Bonds for purchase in connection with such Conversion; and (vi) that the Purchase Price of 2007 Series A Bonds tendered or deemed tendered shall be payable only upon Proper Delivery of the 2007 Series A Bonds and only from the sources specified in Section 4.07(f) hereof, specifying such sources.

**Section 2.11. 2007 Series A Bond Insurance Policy**. Notwithstanding anything in the Indenture to the contrary, but subject to Section 11.05 of the Master Indenture, the Trustee and the Agency covenant and agree to the following terms and conditions with respect to the 2007 Series A Bond Insurance Policy:

**(a)** So long as any 2007 Series Bonds are Outstanding and the 2007 Series A Bond Insurance Policy is in effect, the Agency and the Trustee shall comply with the following provisions:

(i) In the event that, on the second Business Day, and again on the Business Day, prior to the payment date on the 2007 Series A Bonds, the Trustee has not received sufficient moneys to pay all principal of and interest on the 2007 Series A Bonds

due on the second following or following, as the case may be, Business Day, the Trustee shall immediately notify the Insurer or its designee on the same Business Day by telephone or telegraph, confirmed in writing by registered or certified mail, of the amount of the deficiency.

(ii) If the deficiency is made up in whole or in part prior to or on the payment date, the Trustee shall so notify the Insurer or its designee.

(iii) In addition, if the Trustee has notice that any Bondholder has been required to disgorge payments of principal or interest on the 2007 Series A Bonds to a trustee in bankruptcy or creditors or others pursuant to a final judgment by a court of competent jurisdiction that such payment constitutes an avoidable preference to such Bondholder within the meaning of any applicable bankruptcy laws, then the Trustee shall notify the Insurer or its designee of such fact by telephone or telegraphic notice, confirmed in writing by registered or certified mail.

(iv) The Trustee is hereby irrevocably designated, appointed, directed and authorized to act as attorney-in-fact for Holders of the 2007 Series A Bonds as follows:

(1) If and to the extent there is a deficiency in amounts required to pay interest on the 2007 Series A Bonds, the Trustee shall (a) execute and deliver to U.S. Bank Trust National Association, or its successors under the Policy (the "Insurance Trustee"), in form satisfactory to the Insurance Trustee, an instrument appointing the Insurer as agent for such Holders in any legal proceeding related to the payment of such interest and an assignment to the Insurer of the claims for interest to which such deficiency relates and which are paid by the Insurer, (b) receive as designee of the respective Holders (and not as Trustee) in accordance with the tenor of the Policy payment from the Insurance Trustee with respect to the claims for interest so assigned, and (c) disburse the same to such respective Holders; and

(2) If and to the extent of a deficiency in amounts required to pay principal of the 2007 Series A Bonds, the Trustee shall (a) execute and deliver to the Insurance Trustee in form satisfactory to the Insurance Trustee an instrument appointing the Insurer as agent for such Holder in any legal proceeding relating to the payment of such principal and an assignment to the Insurer of any of the 2007 Series A Bond surrendered to the Insurance Trustee of so much of the principal amount thereof as has not previously been paid or for which moneys are not held by the Trustee and available for such payment (but such assignment shall be delivered only if payment from the Insurance Trustee is received), (b) receive as designee of the respective Holders (and not as Trustee) in accordance with the tenor of the Policy payment therefor from the Insurance Trustee, and (c) disburse the same to such Holders.

(v) Payments with respect to claims for interest on and principal of 2007 Series A Bonds disbursed by the Trustee from proceeds of the Policy shall not be considered to discharge the 2007 Series A Bond of the Issuer with respect to such 2007 Series A Bonds, and the Insurer shall become the owner of such unpaid 2007 Series A

Bond and claims for the interest in accordance with the tenor of the assignment made to it under the provisions of this subsection or otherwise.

(vi) Irrespective of whether any such assignment is executed and delivered, the Issuer and the Trustee hereby agree for the benefit of the Insurer that:

(1) They recognize that to the extent the Insurer makes payments, directly or indirectly (as by paying through the Trustee), on account of principal of or interest on the 2007 Series A Bonds, the Insurer will be subrogated to the rights of such Holders to receive the amount of such principal and interest from the Issuer, with interest thereon as provided and solely from the sources stated in this Indenture and the 2007 Series A Bonds; and

(2) They will accordingly pay to the Insurer the amount of such principal and interest (including principal and interest recovered under subparagraph (ii) of the first paragraph of the Policy, which principal and interest shall be deemed past due and not to have been paid), with interest thereon as provided in this Indenture and the 2007 Series A Bond, but only from the sources and in the manner provided herein for the payment of principal of and interest on the 2007 Series A Bonds to Holders, and will otherwise treat the Insurer as the owner of such rights to the amount of such principal and interest.

**(b)** The 2007 Series A Bond Insurer's consent shall be required, in lieu of the consent of the Owners of the 2007 Series A Bonds, when such consent is required for the following purposes: (i) execution and delivery of any Supplemental Indenture (except that no consent of the 2007 Series A Bond Insurer shall be required with respect to the issuance of or the entering into additional Parity Obligations or Subordinated Obligations in accordance with the terms and conditions of Article II of the Indenture), or (ii) amendment of the Indenture, including, but not limited to, any change in the definition of Permitted Investments. The 2007 Series A Bond Insurer reserves the right to charge the Agency a fee for any consent, supplement or amendment to the Indenture while the 2007 Series A Bond Insurance Policy is outstanding.

**(c)** To the extent the consent of a Credit Provider is provided for, or a Credit Providers is permitted to direct the remedies pursued by the Trustee contained, in Article X of the Master Indenture, the consent or direction, as appropriate, of the 2007 Series A Bond Insurer shall be required or permitted in connection with the remedies pursued by the Trustee upon the occurrence of an Event of a Default under the Indenture, including, to the extent provided: (i) the right to accelerate the principal of the 2007 Series Bonds as described in the Indenture, and (ii) the right to annul any declaration of acceleration, and 2007 Series A Bond Insurer shall also be entitled to approve all waivers of events of default.

**(d)** The 2007 Series A Bond Insurer shall at all times be deemed the sole and exclusive Owner of the Outstanding 2007 Series Bonds for the purposes of all approvals, consents, waivers, institution of any action and the direction of all remedies; provided, however, that the 2007 Series A Bond Insurer shall not be deemed to be the sole and exclusive Owner of the Outstanding 2007 Series Bonds with respect to any amendment or supplement to the Indenture which seeks to amend or supplement the Indenture to extend the maturity of or reduce

the amount of interest on or principal of any 2007 Series Bond or otherwise alter or impair the obligation of the Agency to pay principal or interest at the time and place and at the rate and in the currency provided therein.

**(e)** In the event of any reorganization or liquidation relating to the Agency, the 2007 Series A Bond Insurer shall have the right to vote with respect to such reorganization or liquidation on behalf of all Owners of the Outstanding 2007 Series Bonds absent a default by the 2007 Series A Bond Insurer under the 2007 Series A Bond Insurance Policy insuring the 2007 Series Bonds. To the extent permitted by law, any reorganization or liquidation plan with respect to the Agency must be acceptable to the 2007 Series A Bond Insurer.

**(f)** Notwithstanding anything herein to the contrary, in the event that the principal or interest due on the 2007 Series Bonds shall be paid by the 2007 Series A Bond Insurer pursuant to the 2007 Series A Bond Insurance Policy, the 2007 Series Bonds shall remain Outstanding for all purposes, shall not be defeased or otherwise satisfied and shall not be considered paid by the Agency, and the pledge of the Subordinate Pledged Tax Revenues and other assets pledged under the Indenture and all covenants, agreements and other obligations of the Agency to the Owners of the 2007 Series Bonds shall continue to exist and shall run to the benefit of the 2007 Series A Bond Insurer, and the 2007 Series A Bond Insurer shall be subrogated to the rights of such Owners of the 2007 Series Bonds.

**(g)** Notwithstanding any other provision of the Indenture, in determining whether the rights of the Owners of the 2007 Series Bonds will be adversely affected by any action taken pursuant to the terms and provisions of the Indenture, the Trustee shall consider the effect on the such Owners as if there were no 2007 Series A Bond Insurance Policy.

**(h)** To the extent that the Indenture confers upon or gives or grants to the 2007 Series A Bond Insurer any right, remedy or claim under or by reason of the Indenture, the 2007 Series A Bond Insurer is hereby explicitly recognized as being a third party beneficiary under the Indenture and may enforce any such right remedy or claim conferred, given or granted under the Indenture.

**(i)** The 2007 Series A Bond Insurer shall have the right to direct an accounting at the Agency's expense, and the Agency's failure to comply with such direction within thirty (30) days after receipt of written notice of the direction from the 2007 Series A Bond Insurer shall be deemed a default hereunder; provided, however, that if compliance cannot occur within such period, then such period will be extended so long as compliance is begun within such period and diligently pursued, but only if such extension would not materially adversely affect the interests of any registered owner of the 2007 Series Bonds.

**(j)** Notwithstanding any other provision of the Indenture, in the event that the principal and/or interest on the 2007 Series Bonds shall be paid by the 2007 Series A Bond Insurer pursuant to the 2007 Series A Bond Insurance Policy, the 2007 Series Bonds shall remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the Agency, and the assignment and pledge of the Subordinate Pledged Tax Revenues and all covenants, agreements and other obligations of the Agency to the registered owners shall

continue to exist and shall run to the benefit of the 2007 Series A Bond Insurer, and the 2007 Series A Bond Insurer shall be subrogated to the rights of such registered owners.

**(k)** The Agency hereby covenants an agrees that it shall reimburse the 2007 Series A Bond Insurer for any amounts paid under the 2007 Series A Bond Insurance Policy and all costs of collection thereof and enforcement of the Indenture and any other documents executed in connection with the Indenture, together with interest thereon, from the date paid or incurred by the 2007 Series A Bond Insurer until payment thereof in full by the Agency, payable at the 2007 Series A Bond Insurer Payment Rate (as hereinafter defined), including without limitation (to the extent permitted by applicable law) interest on claims paid by the 2007 Series A Bond Insurer in respect of interest on the 2007 Series A Bonds. Such payment obligation shall be payable on demand and on a parity with and from the same sources and secured by the same security as, regularly scheduled principal and interest payments in respect of the 2007 Series Bonds. For the purposes of the foregoing, "2007 Series A Bond Insurer Payment Rate" shall mean the lesser of (a) the maximum rate permissible under applicable usury or similar laws limiting interest rates and (b) the greater of (i) the then applicable highest rate of interest on the 2007 Series Bonds and (ii) the per annum rate of interest, publicly announced from time to time by Citibank, N.A. ("Citibank") at its principal office in the City of New York, as its prime or base lending rate ("Prime Rate") (any change in such Prime Rate to be effective on the date such change is announced by Citibank) plus 3 percent. The 2007 Series A Bond Insurer Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. In the event that Citibank ceases to announce its Prime Rate publicly, Prime Rate shall be the publicly announced prime or base lending rate of such national bank as the 2007 Series A Bond Insurer shall specify.

**(l)** The Trustee (or Paying Agent) may be removed at any time, at the request of the 2007 Series A Bond Insurer, for any breach of the Trust set forth herein.

**(m)** The Agency shall obtain the consent of the 2007 Series A Bond Insurer prior to issuing or incurring any Variable Rate Indebtedness constituting Parity Obligations other than the 2007 Series A Bonds; provided, however, that the Agency may issue or incur such Variable Rate Indebtedness in accordance with Article II of the Master Indenture without the consent of the 2007 Series A Bond Insurer if:

(i) such Variable Rate Indebtedness constitutes Hedged Bonds, and

(1) upon entering into the applicable Qualified Swap Agreement, the counter party to such Qualified Swap Agreement shall be rated at least "AA-" by S&P or "Aa3" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series A Bond Insurer;

(2) such Qualified Swap Agreement shall provide that if the counter party's or counter party's guarantor's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000

or greater, the counter party's obligations to make such payment under such Qualified Swap Agreement shall be collateralized with Eligible Collateral;

(3) the failure of the Agency to pay any termination payments payable by the Agency under such Qualified Swap Agreement shall not be cross-defaulted with such Hedged Bonds;

(4) any termination payments payable by the Agency under such Qualified Swap Agreement shall be subordinate and junior in right of payment from the Subordinate Pledged Tax Revenues to the payment of Parity Obligations; and

(5) if applicable, the Credit Provider providing any Credit Support Instrument shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series A Bond Insurer, and such Credit Support Instrument and any related Credit Support Agreement shall not contain any provision requiring an acceleration of such Hedged Bonds upon any default under such Credit Support Instrument or related Credit Support Agreement; or

(ii) such Variable Rate Indebtedness constitutes Capped Bonds, and

(1) upon entering into the applicable Qualified Cap, the counter party to the applicable Qualified Cap shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series A Bond Insurer, and

(2) such Qualified Cap shall provide that if the counter party's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000 or greater, the counter party's obligations to make such payment under such Qualified Cap shall be collateralized with Eligible Collateral.

**Section 2.12. Notices and Information to the 2007 Series A Bond Insurer.**

**(a)** The Agency or the Trustee (as to (1) and (2) below) shall furnish to the 2007 Series A Bond Insurer (to the attention of the Insured Portfolio Management, Global Public Finance Department, unless otherwise indicated):

(i) as soon as practicable after the filing thereof, a copy of any financial statement of the Agency and a copy of any audit and annual report of the Agency;

**(c)** Notwithstanding any other provision of the Indenture, the Trustee or the Agency, as appropriate, shall immediately notify the 2007 Series A Bond Insurer (to the attention of the General Counsel Office and to the Insured Portfolio Management, Global Public Finance Department referenced above) if at any time there are insufficient moneys to make any payments of principal of or interest on the 2007 Series Bonds as required and immediately upon the occurrence of (i) any Event of Default under the Indenture or (ii) any payment default under any related security agreement.

**(d)** The Agency will permit the 2007 Series A Bond Insurer to discuss the affairs, finances and accounts of the Agency or any information the 2007 Series A Bond Insurer may reasonably request regarding the security for the 2007 Series Bonds with appropriate officers of the Agency. The Trustee or the Agency, as appropriate, will permit the 2007 Series A Bond Insurer to have access to and to make copies of all books and records relating to the 2007 Series Bonds at any reasonable time.

**(e)** The 2007 Series A Bond Insurer shall be provided with each annual report prepared pursuant to any continuing disclosure obligation entered into in connection with the issuance of the 2007 Series Bonds and with a copy of each notice of the occurrence of any listed event required by Rule 15c2-12 thereunder.

(d) In the event that an Owner of a 2007 Series A Bond has delivered a tender notice pursuant to this Section with a Purchase Date on or prior to the Purchase Date on which such 2007 Series A Bond is subject to mandatory tender for purchase pursuant to Section 4.04 hereof as a result of the delivery of a Notice of Mandatory Tender with respect to, or as a result of the Expiration Date of, or in connection with the delivery of an Alternate Credit Support Instrument for, a Credit Support Instrument, such 2007 Series A Bond shall be subject to purchase in accordance with this Section on the Purchase Date determined pursuant to this Section.

**Section 4.02. Mandatory Tender Following Commercial Paper Term.** During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the day next succeeding the last day of each Commercial Paper Term for such 2007 Series A Bond, unless such day is the first day of a new Interest Rate Period for such 2007 Series A Bond (in which event such 2007 Series A Bond shall be subject to mandatory tender for purchase pursuant to Section 4.03 hereof).

**Section 4.03. Mandatory Tender on First Day of Interest Rate Period.** The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the first day of each Interest Rate Period (other than upon the Conversion from a Daily Interest Rate Period to a Weekly Interest Rate Period or the Conversion from a Weekly Interest Rate Period to a Daily Interest Rate Period) and (except for any Conversion from an ARB Interest Rate Period) on the proposed Conversion Date specified in the notice of the Conversion to an alternate Interest Rate Period given to the Owners pursuant to Section 4.05(b) hereof).

**Section 4.04. Mandatory Tender Upon Termination or Expiration of Credit Support Instrument.** The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price: (a) on a Business Day which is not less than five (5) days prior to termination of the Credit Support Instrument then in effect with respect to the 2007 Series A Bonds upon the delivery of an Alternate Credit Support Instrument; (b) on the fifth Business Day following the Trustee's receipt of a Notice of Mandatory Tender; or (c) on a Business Day which is not less than five (5) days prior to the Expiration Date of the Credit Support Instrument then in effect with respect to the 2007 Series A Bonds. For purposes of this Section 4.04, any change to a Credit Provider's obligation to purchase 2007 Series A Bonds

under a Credit Support Instrument shall be deemed, on the effective date of such change, to constitute a termination of such Credit Support Instrument and a delivery of an Alternate Credit Support Instrument, and the Agency covenants to provide the Trustee with notice of any such change at least thirty (30) days prior to the date such change becomes effective.

**Section 4.05. Notice to Owners of Mandatory Tender.** (a) In connection with the mandatory tender of 2007 Series A Bonds for purchase in accordance with Section 4.02 hereof, no notice need be given to Owners of 2007 Series A Bonds.

**(b)** In connection with any mandatory tender of 2007 Series A Bonds for purchase in accordance with Section 4.03 hereof, the Tender Agent shall give the notice provided herein as a part of the notice given to the Owners pursuant to Section 2.04(c), 2.05(c), 2.06(c), 2.07(c), 2.08(c) or 2.10(k)(ii) hereof, as applicable. Such notice shall state: (i) that, the Purchase Price of each 2007 Series A Bond so subject to mandatory tender for purchase shall be payable only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent at its Principal Office, and describing the actions and document necessary to make such Proper Delivery; (ii) that all 2007 Series A Bonds so subject to mandatory tender for purchase are to be purchased (but only from the funds available for such purchase pursuant to Section 4.07(f) hereof, describing such funds) on the Purchase Date which shall be explicitly stated; and (iii) that if on such Purchase Date, the Tender Agent holds in trust for the Owners of the Tendered Bonds the Purchase Price for all Tendered Bonds to be purchased on such Purchase Date, any such Tendered Bond as to which Proper Delivery is not made to the Tender Agent on the Purchase Date shall be deemed to be an Undelivered Bond and to have been tendered for purchase on such Purchase Date and purchased as herein provided and the Owner of such Undelivered Bond shall thereafter have no rights with respect to such Undelivered Bond except to receive payment of the Purchase Price thereof from the funds held for such purpose by the Tender Agent and only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent. Any notice given substantially as provided in this subsection (b) shall be conclusively presumed to have been duly given, whether or not actually received by each Owner of a 2007 Series A Bond.

**(c)** In connection with the mandatory tender of 2007 Series A Bonds for purchase in accordance with Section 4.04 hereof, the Tender Agent shall give notice (by registered or certified mail, or by telecopy, confirmed by registered or certified mail) to the Owners of the mandatory tender of the 2007 Series A Bonds for purchase as a result of the occurrence of any event specified in Section 4.04 hereof not less than five (5) days prior to the applicable Purchase Date. Such notice shall state: (i) that the Purchase Price of each 2007 Series A Bond so subject to mandatory tender for purchase shall be payable only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent at its Principal Office; (ii) that all 2007 Series A Bonds so subject to mandatory tender for purchase are to be purchased (but only from the funds available for such purchase pursuant to Section 4.07(f) hereof, describing such funds) on the Purchase Date which shall be explicitly stated; and (iii) that, if on such Purchase Date, the Tender Agent holds in trust for the Owners of the Tendered Bonds sufficient available moneys to pay the Purchase Price for all Tendered Bonds to be purchased on such Purchase Date, any such Tendered Bond as to which Proper Delivery is not made to the Tender Agent on the Purchase Date shall be deemed to be an Undelivered Bond and to have been tendered for purchase on such Purchase Date and purchased as herein provided and the Owner of such Undelivered Bond shall thereafter have no rights with respect to the Undelivered Bond except to receive payment of the

Purchase Price thereof from the funds held for such purpose by Tender Agent and only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent. Any notice given substantially as provided in this subsection (c) shall be conclusively presumed to have been duly given, whether or not actually received by each Owner of a 2007 Series A Bond. Upon giving the notice specified in this subsection (c), all Owners of 2007 Series A Bonds shall be required to make Proper Delivery of their 2007 Series A Bonds to the Tender Agent for purchase on the Purchase Date specified in such notice.

**Section 4.06. Undelivered Bonds.** The Tender Agent may refuse to accept delivery of any Tendered Bond as to which Proper Delivery has not been made; such refusal, however, shall not affect the validity of the purchase of such Tendered Bond either upon the remarketing thereof as herein provided or upon the purchase of such 2007 Series A Bond from a draw on a Credit Support Instrument. For all purposes of the Indenture, the Tender Agent shall determine whether there has been Proper Delivery of Tendered Bonds. Such determination shall be binding on the Owners of the 2007 Series A Bonds, the Agency and the Remarketing Agent, absent manifest error. If the Owner or Beneficial Owner of a 2007 Series A Bond who has given notice of tender for purchase pursuant to Section 4.01 hereof, or any Owner of a 2007 Series A Bond subject to mandatory tender for purchase pursuant to Section 4.02, 4.03 or 4.04 hereof, fails to make Proper Delivery of such 2007 Series A Bond to the Tender Agent by 10:00 a.m. New York City time on the applicable Purchase Date and if moneys equal to the Purchase Price of all 2007 Series A Bonds to be purchased on such Purchase Date in accordance with the Indenture shall be available to the Tender Agent for the payment thereof, such Tendered Bond shall constitute an Undelivered Bond. From and after the applicable Purchase Date, (1) each Undelivered Bond shall be deemed to be purchased and shall no longer be deemed to be Outstanding under the Indenture; (2) interest shall no longer accrue with respect to such Undelivered Bond; (3) funds in the amount of the Purchase Price of the Undelivered Bond shall be held by the Tender Agent in the Bond Purchase Fund for the benefit of the Owner of such Undelivered Bond, to be paid when Proper Delivery of such Undelivered Bond is made to the Tender Agent; and (4) the Owner of such Undelivered Bond shall have no rights with respect to such Undelivered Bond except to receive the Purchase Price thereof from the funds held by the Tender Agent in the Bond Purchase Fund for such purpose and only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent. Any funds held by the Tender Agent as described in clause (3) of the preceding sentence shall be held uninvested.

**Section 4.07. General Provisions Relating to Tenders.**

**(a) Creation of Bond Purchase Fund.** (i) There shall be created and established hereunder with the Tender Agent a fund to be designated the Redevelopment Agency of the Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) 2007 Series A Bond Purchase Fund to be held in trust only for the benefit of the Owners of Tendered Bonds who shall thereafter be restricted exclusively to the moneys held in such fund for the satisfaction of any claim for the Purchase Price of such Tendered Bonds. Amounts in the Bond Purchase Fund constitutes the price paid for Tendered Bonds whether upon the remarketing thereof or upon draws on the Credit Support Instrument and shall constitute amounts held for such Tendered Bonds for purposes of Section 10.03 hereof. Neither the Agency nor any other Person (other than the Owner of a Tendered Bond, the purchaser of a Tendered Bond upon the remarketing thereof and the Credit Provider) shall have

any right, title or interest in any of the funds held on deposit in any account in the Bond Purchase Fund nor any remarketing proceeds held for any period of time by the Remarketing Agent.

(ii) There shall be created and designated the following accounts within the Bond Purchase Fund: the "Remarketing Proceeds Account" and the "Credit Support Instrument Account." Moneys paid to the Tender Agent for the purchase of Tendered Bonds received from (1) the Remarketing Agent shall be deposited in the Remarketing Proceeds Account in accordance with the provisions of Section 4.07(e)(i) hereof, and (2) payments pursuant to a Credit Support Instrument, if any, shall be deposited in the Credit Support Instrument Account in accordance with the provisions of Section 4.07(e)(ii) hereof. Payments under a Credit Support Instrument not required to purchase 2007 Series A Bonds shall be returned to the Credit Provider in accordance with Section 4.07(e) (iii) hereof.

(iii) Moneys in the Credit Support Instrument Account and the Remarketing Proceeds Account shall not be commingled with other funds held by the Tender Agent and shall remain uninvested.

**(b) Deposit of Tendered Bonds.** The Tender Agent agrees to hold all Tendered Bonds delivered to it in trust for the benefit of the respective Owners (including, if applicable, the Credit Provider) which shall have so delivered such Tendered Bonds for purchase until moneys representing the Purchase Price of such Tendered Bonds have been delivered to or for the account of such Owner in accordance with the provisions hereof.

**(c) Information Regarding Tender and Remarketing of 2007 Series A Bonds.**

(i) Immediately upon its receipt, but not later than 11:00 a.m., New York City time, in the case of 2007 Series A Bonds in a Daily Interest Rate Period, or no later then 12:00 noon, New York City time on the following Business Day in the case of 2007 Series A Bonds in a Weekly Interest Rate Period, of a notice of optional tender of 2007 Series A Bonds for purchase pursuant to Section 4.01 hereof, the Tender Agent shall notify the Trustee, the Remarketing Agent, the Credit Provider, and the Agency by telephone, promptly confirmed in writing, or by telecopy, of receipt of such notice, specifying the principal amount of 2007 Series A Bonds for which it has received a notice pursuant to Section 4.01 hereof, the names of the Owners thereof and the date on which such 2007 Series A Bonds are to be purchased in accordance with Section 4.01 hereof.

(ii) As soon as practicable, but in no event later than 45 minutes prior to the Drawing Time on the Purchase Date in the case of 2007 Series A Bonds to be purchased pursuant to Section 4.01(a) or Section 4.02 hereof and by no later than 3:45 p.m. New York City time on the last Business Day prior to the Purchase Date in the case of 2007 Series A Bonds to be purchased pursuant to Section 4.01(b), 4.03 or 4.04, the Remarketing Agent shall inform the Tender Agent, the Trustee (and, if the 2007 Series A Bonds are not Book-Entry Bonds, the Agency), by telephone, promptly confirmed in writing, of the principal amount of Tendered Bonds for which the Remarketing Agent has

identified prospective purchasers and, if the 2007 Series A Bonds are not Book-Entry Bonds, of the name, address and taxpayer identification number of each such purchaser, the principal amount of Tendered Bonds to be purchased by each prospective purchaser and the Authorized Denominations in which such Tendered Bonds are to be delivered to each such prospective purchaser. If the 2007 Series A Bonds are not Book-Entry Bonds, the Agency shall cause to be prepared and executed, and the Trustee shall authenticate, or cause the Tender Agent to authenticate, replacement 2007 Series A Bonds for the Tendered Bonds as follows: (1) for delivery to the Remarketing Agent pursuant to Section 4.07(g) hereof, a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased with moneys from the Remarketing Proceeds Account, in such Authorized Denominations and registered in such names as indicated in the information provided by the Remarketing Agent pursuant to this Section 4.07(c)(ii); and (2) for delivery to the Credit Provider pursuant to Section 4.07(g) hereof, a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased from moneys on deposit in the Credit Support Instrument Account in such Authorized Denominations and registered in the name of the Credit Provider or as otherwise provided in the Credit Support Instrument.

**(d) Transfer of Remarketing Proceeds.** Not later than 12:00 p.m., New York City time, on each Purchase Date, the Remarketing Agent shall transfer all proceeds received in connection with the remarketing of Tendered Bonds to the Tender Agent for deposit in the Remarketing Proceeds Account. Until so transferred to the Tender Agent, the Remarketing Agent shall hold all amounts received by it in connection with any remarketing of 2007 Series A Bonds in trust only for the benefit of the purchasers of the Tendered Bonds on the remarketing thereof and shall not commingle such amounts with any other moneys. The Tender Agent shall immediately notify the Trustee of the receipt of any remarketing proceeds from the Remarketing Agent in connection with the remarketing of Tendered Bonds.

**(e) Deposits of Funds.**

(i) The Tender Agent shall deposit into the Remarketing Proceeds Account any amounts received by it from the Remarketing Agent as the proceeds of the remarketing of Tendered Bonds and shall apply such amounts as provided in Section 4.07(f) hereof.

(ii) At least twenty minutes prior to the Drawing Time, the Trustee shall notify the Credit Provider (if any) for the Tendered Bonds and the Agency by telephone, immediately confirmed in writing, of the additional amount of funds, if any, required to be transferred to the Trustee (the "Additional Funding Amount") which shall be the amount, if any, by which the total Purchase Price of the Tendered Bonds exceeds the sum of the amounts then on deposit in the Remarketing Proceeds Account pursuant to Section 4.07(d). Neither the failure of the Trustee to give the notice required by the preceding sentence nor any defect or inaccuracy therein shall affect the obligation of the Credit Provider to honor draws on the Credit Support Instrument in accordance with its terms. The Trustee shall, not less than five minutes prior to the Drawing Time, take such action, including presenting drafts, as shall be necessary to receive payment under the Credit Support Instrument on the Purchase Date in an amount equal to the Additional

Funding Amount. The Trustee shall deposit such amounts (or, if the Trustee is not acting as Tender Agent, transfer such amounts to the Tender Agent for deposit) in the Credit Support Instrument Account. Notwithstanding anything to the contrary contained herein, Credit Provider Bonds shall not be purchased with funds received under the Credit Support Instrument. Notwithstanding anything herein and to the contrary, the Trustee shall not require indemnification as a condition to draw on the Credit Support Instrument.

(iii) The Tender Agent shall hold all moneys received from the Remarketing Agent pursuant to this Section 4.07(e) in trust for the benefit of the purchasers upon the remarketing of the Tendered Bonds until such Tendered Bonds shall have been registered in the names of or on behalf of such purchasers and, if such Tendered Bonds are not Book-Entry Bonds, such Tendered Bonds (or, if applicable, replacement 2007 Series A Bonds therefor) shall have been delivered to the Remarketing Agent on behalf of such purchasers, subject to application as provided in Section 4.07(e) hereof. The Tender Agent shall hold all moneys received from the Credit Provider pursuant to this Section 4.07(e) in trust for the Owners of the Tendered Bonds who have tendered or are deemed to have tendered such Tendered Bonds for purchase pursuant hereto, subject to application as provided in this Section 4.07(e) and Section 4.07(f) hereof. In holding such moneys, the Tender Agent will be acting on behalf of such Owners by facilitating purchase of the Tendered Bonds and not on behalf of the Agency and will not be subject to the control of the Agency. Subject to the provisions of Section 4.07(f) hereof, following payment in full of the Purchase Price of the Tendered Bonds as to which Proper Delivery has been made to the Tender Agent on the Purchase Date and the setting aside in segregated accounts in the Bond Purchase Fund of moneys sufficient to pay the Purchase Price of Undelivered Bonds, the Tender Agent shall pay any moneys remaining in the Credit Support Instrument Account directly to the Credit Provider. If for any reason the amount available in the Bond Purchase Fund on any Purchase Date, and any Available Moneys paid by the Agency to the Tender Agent pursuant to Section 2.06(d)(iii) hereof or Section 2.09(b)(ii) hereof, is not sufficient to pay in full the Purchase Price of all Tendered Bonds to be purchased on such Purchase Date, then moneys in the Remarketing Proceeds Account shall be returned to the potential purchasers of the Tendered Bonds identified in the remarketing thereof.

**(f) Disbursements; Payment of Purchase Price.** The Purchase Price of Tendered Bonds shall be payable in lawful money of the United States of America upon Proper Delivery of such Tendered Bond to the Tender Agent. Moneys in the Bond Purchase Fund on a Purchase Date (other than moneys held by the Tender Agent to pay the Purchase Price of Undelivered Bonds with respect to a prior Purchase Date) shall be applied at or before 3:00 p.m. New York City time on such Purchase Date to pay, in funds immediately available on such Purchase Date, the Purchase Price of Tendered Bonds as to which Proper Delivery has been made in the following order of application and, to the extent not so applied on such Purchase Date, an amount equal to the Purchase Price of Undelivered Bonds shall be held in separate and segregated accounts in the Bond Purchase Fund for the benefit of the Owners of the Undelivered Bonds to pay such Owners the Purchase Price of such Tendered Bonds upon Proper Delivery:

FIRST: Moneys deposited in the Remarketing Proceeds Account.

SECOND: Moneys deposited in the Credit Support Instrument Account.

THIRD: Moneys made available by the Agency pursuant to Section 2.06(d)(iii) hereof or Section 2.09(b)(ii) hereof.

**(g) Transfer of Tendered Bonds.**

(i) The Remarketing Agent shall give notice with respect to the Tendered Bonds, if any, sold by it pursuant to Section 4.08(a) hereof and Section 4.08(b) hereof as provided in Section 4.07(c)(ii) hereof. If the 2007 Series A Bonds are Book-Entry Bonds, the Tender Agent shall cause a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased on each Purchase Date with moneys in the Remarketing Proceeds Account to be transferred to such Participant or Participants of the Securities Depository as shall be directed by the Remarketing Agent. If the 2007 Series A Bonds are not Book-Entry Bonds, by 1:30 p.m. New York City time on the Purchase Date in the case of Tendered Bonds to be purchased pursuant to Section 4.02 hereof and by 12:00 noon New York City time on the Purchase Date in the case of Tendered Bonds to be purchased pursuant to Section 4.01, 4.03 or 4.04 hereof, a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased on each Purchase Date with moneys from the Remarketing Proceeds Account shall be made available by the Tender Agent to the Remarketing Agent against payment therefor in immediately available funds. The Tender Agent shall deliver 2007 Series A Bonds received by it pursuant to Section 4.07(c)(ii) hereof as directed by the Remarketing Agent.

(ii) If the 2007 Series A Bonds are Book-Entry Bonds, the Tender Agent shall cause a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased from moneys on deposit in the Credit Support Instrument Account to be transferred to the Credit Provider or such Participant or Participants of the Securities Depository on behalf of the Credit Provider, and in such respective Authorized Denominations, as shall be directed by the Credit Provider. If the 2007 Series A Bonds are not Book-Entry Bonds, a principal amount of 2007 Series A Bonds equal to the principal amount of Tendered Bonds purchased on each Purchase Date from moneys on deposit in the Credit Support Instrument Account shall be delivered on the Purchase Date by the Tender Agent to or as directed by the Credit Provider. The Trustee shall register such 2007 Series A Bonds in the Bond Register in the name of the Credit Provider or as otherwise provided in the Credit Support Instrument.

**(h) Payment of Purchase Price.** The Purchase Price of any Tendered Bond purchased pursuant to Section 4.01, 4.02, 4.03 or 4.04 hereof shall be payable only upon Proper Delivery of such Tendered Bond to the Tender Agent. If Proper Delivery of any Tendered Bond is made by 10:00 a.m., New York City time, on the applicable Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be paid (but only from the funds provided therefor pursuant to Section 4.07(f) hereof) in immediately available funds on the date such Proper Delivery is made and if such Proper Delivery is made after 10:00 a.m., New York City time, on such Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be

paid (but only from the funds provided therefor pursuant to Section 4.07(f) hereof) in immediately available funds on the Business Day immediately succeeding such date of Proper Delivery.

(i) **Payment of Premiums and Discounts.** Notwithstanding the provisions of Section 4.07(f) hereof, if the Purchase Price of any Tendered Bond includes a premium, the Tender Agent shall apply Available Moneys provided by the Agency in accordance with Section 2.06(d)(iii) hereof to pay such premium. Notwithstanding the provisions of Section 4.07(f) hereof, if any Tendered Bond is to be remarketed at a price below the principal amount thereof and, if applicable, unpaid accrued interest thereon, pursuant to Section 2.06(d) hereof, the Tender Agent shall apply Available Moneys provided to the Tender Agent by the Agency in accordance with Section 2.06(d) (iii) hereof to the payment of the Purchase Price of such Tendered Bonds as part of the Purchase Price of such Tendered Bonds. Any Available Moneys provided by the Agency in accordance with Section 2.06(d)(iii) hereof not applied to or retained for the payment of such Purchase Price shall be returned to the Agency by the Tender Agent not later than the Business Day next succeeding the applicable Purchase Date.

**Section 4.08. Remarketing of 2007 Series A Bonds; Notice of Interest Rates.**

(a) Upon each Purchase Date for Tendered Bonds, other than Credit Provider Bonds, the Remarketing Agent shall offer for sale and use its best efforts to sell such Tendered Bonds, any such sale to be made on the applicable Purchase Date in accordance with this Article IV at a price equal to (except as otherwise provided in Section 2.06(d) hereof) the applicable Purchase Price of the Tendered Bonds. The Remarketing Agent agrees that it shall not sell any 2007 Series A Bonds purchased pursuant to this Article IV to the Agency or to any Person who controls, is controlled by, or is under common control with, the Agency.

(b) The Remarketing Agent shall offer for sale and use its best efforts to sell Credit Provider Bonds at a price equal to the principal amount thereof plus, if applicable, unpaid accrued interest to the date of purchase (based on the rate per annum which would have been applicable to such 2007 Series A Bonds if they were not Credit Provider Bonds). Except upon the establishment of the Fixed Rate Conversion Date, the establishment of the Fixed Index Interest Rate Conversion Date or the Conversion of the 2007 Series A Bonds to an ARB Interest Rate Period, Credit Provider Bonds shall not be delivered upon remarketing unless the Tender Agent shall have received a written confirmation from the Credit Provider that the Credit Support Instrument is reinstated in accordance with its terms by an amount equal to that portion of the Required Stated Amount relating to such Credit Provider Bonds.

(c) The Remarketing Agent shall determine the rate of interest on the 2007 Series A Bonds during each Daily Interest Rate Period, Weekly Interest Rate Period and Long-Term Interest Rate Period, the interest rate with respect to each 2007 Series A Bond during each Commercial Paper Term for such 2007 Series A Bond and the Commercial Paper Terms for each 2007 Series A Bond during each Commercial Paper Interest Rate Period as provided in Article II hereof and shall furnish to the Tender Agent and the Trustee and, upon request to the Agency and the Credit Provider (if any), on the date of determination, each such rate of interest and Commercial Paper Term so determined by telephone, telecopy, electronic mail or readily accessible electronic means, promptly confirmed in writing.

**(d)** The Remarketing Agent shall transfer the proceeds of the remarketing of Tendered Bonds as provided in Section 4.07(d).

**Section 4.09. Credit Support Instrument; Alternate Credit Support Instruments.** **(a)** Unless the 2007 Series A Bonds are ARBs, the Fixed Rate Conversion Date shall have occurred or the Fixed Index Interest Rate Conversion Date shall have occurred, the Agency shall cause a Credit Support Instrument for the 2007 Series A Bonds (acceptable to the 2007 Series A Bond Insurer) to be maintained in the Required Stated Amount to pay the Purchase Price of Tendered Bonds which are not remarketed. If a Credit Support Instrument is required to be maintained with the Trustee, at least forty (40) days prior to the Expiration Date of the existing Credit Support Instrument, including any renewals or extensions thereof (which shall not be considered the delivery of an Alternate Credit Support Instrument), the Agency shall cause to be delivered to the Trustee notice that the Agency expects the Credit Provider for the existing Credit Support Instrument to renew or extend of the term of such Credit Support Instrument or that the Agency expects to provide an Alternate Credit Support Instrument for the 2007 Series A Bonds (acceptable to the 2007 Series A Bond Insurer) satisfying the requirements of subsection (c) of this Section. If a Credit Support Instrument is required to be maintained with the Trustee, at least fifteen (15) days prior to the Expiration Date of the existing Credit Support Instrument, including any renewals or extensions thereof, the Agency shall cause to be delivered to the Trustee a renewal or extension of the term of such Credit Support Instrument or an Alternate Credit Support Instrument for the 2007 Series A Bonds satisfying the requirements of subsection (c) of this Section.

**(b)** The Agency may, at any time at its sole option, furnish an Alternate Credit Support Instrument to the Trustee in substitution for the Credit Support Instrument then in effect to provide for the payment of the Purchase Price of Tendered Bonds upon their optional or mandatory tender for purchase in accordance with Section 4.01, 4.02, 4.03 or 4.04 hereof, as applicable, if such Alternate Credit Support Instrument satisfies the following conditions and the Agency causes the documents and opinions specified in subsection (d) of this Section to be delivered to the Trustee:

(i) The Alternate Credit Support Instrument shall be issued by, or shall otherwise be an obligation of, a commercial bank, insurance company or other financial institution;

(ii) The term of the Alternate Credit Support Instrument shall be not less than one hundred eighty (180) days or such shorter period to the later of the Maturity Date or the final Redemption Date for any Outstanding 2007 Series A Bonds;

(iii) The obligations of the Credit Provider under the Alternate Credit Support Instrument to provide funds to pay the Purchase Price of Tendered Bonds without purchase shall not be subject to termination or suspension on less than five Business Days notice to the Agency and the Trustee; provided, however, that the obligations of the Credit Provider whose Credit Support Instrument provides funds only to pay the Purchase Price of Tendered Bonds may be immediately terminated or suspended without such notice upon the occurrence of such events as may be provided in the Alternate Credit Support Instrument and which are disclosed to the purchasers of the

Tendered Bonds in connection with the remarketing of the 2007 Series A Bonds upon mandatory tender for purchase pursuant to the provisions of Section 4.04;

(iv) The Alternate Credit Support Instrument must take effect upon or prior to the remarketing of the 2007 Series A Bonds upon the mandatory tender thereof for purchase pursuant to the provisions of Section 4.04 as a result of the delivery of such Alternate Credit Support Instrument; provided that the Purchase Price of Tendered Bonds so subject to mandatory tender for purchase pursuant to Section 4.04 hereof shall be payable from the then-current Credit Support Instrument and not such Alternate Credit Support Instrument; and

(v) The Alternate Credit Support Instrument must provide for payments thereunder in an amount not less than the Required Stated Amount.

**(c)** On or prior to the date of delivery of an Alternate Credit Support Instrument to the Trustee pursuant to this Section, the Agency shall cause to be furnished to the Trustee and the 2007 Series A Bond Insurer: (i) a Favorable Opinion of Bond Counsel with respect to such delivery, (ii) an opinion of counsel to the issuer of such Alternate Credit Support Instrument to the effect that such Alternate Credit Support Instrument has been duly authorized, executed and delivered by such issuer and constitutes the valid, legal and binding obligation of such issuer enforceable against such issuer in accordance with its terms; provided, however, that such opinions may be subject to such limitations and exceptions as are customarily taken in transactions such as the delivery of the Alternate Credit Support Instrument.

**(d)** If the Trustee is removed or resigns, the Trustee ceasing to act shall transfer and deliver to the successor Trustee all rights, title and interests to the Credit Support Instrument.

**Section 4.10. Termination of Credit Support Instrument; Purchase by Credit Provider; Notices.** (a) The obligation of the Credit Provider to provide funds pursuant to a Credit Support Instrument to pay the Purchase Price of Tendered Bonds may expire or be suspended automatically and without prior notice upon the occurrence of certain defaults as shall be set forth in the Credit Support Instrument subject, however, to the provisions of Section 4.09(b)(iii).

**(b)** If automatic termination or suspension of the Credit Support Instrument occurs, the Trustee shall, immediately upon receiving written notice thereof, notify the Agency, the Tender Agent, each Rating Agency, the Remarketing Agent, the 2007 Series A Bond Insurer and the Owners of all Outstanding 2007 Series A Bonds that the Credit Support Instrument has been terminated or suspended and the reasons therefor, that the Trustee will no longer be able to draw on such Credit Support Instrument to pay the Purchase Price of Tendered Bonds and the Credit Provider will be under no obligation to advance funds under such Credit Support Instrument to pay the Purchase Price of Tendered Bonds.

**(c)** (i) On the date set forth in a Notice of Mandatory Tender, the Trustee will no longer be able to draw on the Credit Support Instrument to pay the Purchase Price of Tendered Bonds. Promptly upon the receipt of a Notice of Mandatory Tender from the Credit

Provider, but in no event more than two (2) Business Days after receipt thereof, the Trustee shall give notice to the Agency, the Tender Agent, the Remarketing Agent, the 2007 Series A Bond Insurer and each Rating Agency of the receipt of the Notice of Mandatory Tender, the date of termination of the Credit Support Instrument as a result of the receipt of such Notice of Mandatory Tender and the Purchase Date on which, pursuant to Section 4.04 hereof, the 2007 Series A Bonds are subject to mandatory tender for purchase as a result of such termination. Notice of such mandatory tender of 2007 Series A Bonds for purchase shall be given to the Owners as provided in Section 4.05(c) hereof.

(ii) At least twenty (20) days prior to the Expiration Date of the Credit Support Instrument then in effect with respect to 2007 Series A Bonds, the Trustee shall give notice to the Agency, the Tender Agent, the Remarketing Agent, the 2007 Series A Bond Insurer and each Rating Agency of the scheduled Expiration Date for the Credit Support Instrument and the Purchase Date on which, pursuant to Section 4.04 hereof, the 2007 Series A Bonds are subject to mandatory tender for purchase as a result of such Expiration Date. Notice of such mandatory tender for purchase shall be given to the Owners of the 2007 Series A Bonds as provided in Section 4.05(c) hereof.

(iii) At least twenty (20) days prior to the substitution of an Alternate Credit Support Instrument for the Credit Support Instrument then in effect with respect to the 2007 Series A Bonds, the Trustee shall give notice to the Agency, the Tender Agent, the Remarketing Agent, the 2007 Series A Bond Insurer and each Rating Agency of the scheduled substitution of an Alternate Credit Support Instrument for the Credit Support Instrument then in effect and the Purchase Date on which, pursuant to Section 4.04 hereof, the 2007 Series A Bonds are subject to mandatory tender for purchase as a result of such substitution. Notice of such mandatory tender for purchase shall be given to the Owners of the 2007 Series A Bonds as provided in Section 4.05(c) hereof.

(iv) Each notice given pursuant to this subsection (c) shall be given by registered or certified mail, or by telecopy, confirmed by registered or certified mail, and shall (1) state that the Trustee may no longer draw on the Credit Support Instrument (and the Credit Provider will have no obligation) to pay (or provide funds for the payment of) the Purchase Price of Tendered Bonds after the termination date set forth in the Notice of Mandatory Tender, the Expiration Date or substitution of an Alternate Credit Support Instrument, as applicable, (2) specify the termination date established pursuant to the Notice of Mandatory Tender, the Expiration Date or the date of substitution of an Alternate Credit Support Instrument, as applicable, (3) state that the 2007 Series A Bonds are subject to mandatory tender for purchase on the Purchase Date determined pursuant to Section 4.04 hereof, which Purchase Date shall be explicitly stated, and (4) state, if applicable, the name of the provider of the proposed Alternate Credit Support Instrument and the terms thereof.

**Section 4.11. Reduction and Surrender of Credit Support Instrument.**

**(a)** Whenever requested in writing by the Agency, the Trustee shall submit to the applicable Credit Provider a reduction certificate or other appropriate documentation necessary under the applicable Credit Support Instrument to reduce the principal amount of 2007

Series A Bonds and related interest to which such Credit Support Instrument relates to reflect any purchase or redemption and the cancellation of 2007 Series A Bonds.

**(b)** If there shall have been delivered to the Trustee (i) an Alternate Credit Support Instrument meeting the requirements of Section 4.09 hereof, then the Trustee shall accept such Alternate Credit Support Instrument and, if so directed by an Authorized Agency Representative upon the effectiveness of such Alternate Credit Support Instrument and the payment of the Purchase Price of all 2007 Series A Bonds tendered or deemed tendered for purchase pursuant to Section 4.04 hereof in connection with such Alternate Credit Support Instrument (either from the proceeds of the remarketing of the 2007 Series A Bonds or from amounts made available under the applicable Credit Support Instrument being replaced by such Alternate Credit Support Instrument) promptly surrender the applicable Credit Support Instrument theretofore in effect with respect to the 2007 Series A Bonds in accordance with the respective terms thereof for cancellation; provided the Trustee shall not surrender such Credit Support Instrument until all draws or requests to purchase 2007 Series A Bonds made under such Credit Support Instrument have been honored. In the event that the Agency elects to provide an Alternate Credit Support Instrument, all the 2007 Series A Bonds secured by the Credit Support Instrument being replaced shall be subject to mandatory tender as provided in Section 4.09 hereof. If at any time all the 2007 Series A Bonds shall cease to be Outstanding hereunder or a Credit Support Instrument shall be terminated pursuant to its terms, the Trustee shall promptly surrender such Credit Support Instrument in accordance with its terms for cancellation. The Trustee shall comply with the procedures set forth in each Credit Support Instrument relating to the termination thereof.

**Section 4.12. Appointment, Duties and Qualifications of Tender Agent.**

**(a)** If the Trustee is not serving as Tender Agent, so long as the Fixed Rate Conversion Date shall not have occurred, the Fixed Index Interest Rate Conversion Date shall not have occurred or the 2007 Series A Bonds are not ARBs, in order to carry out the duties and obligations of the Tender Agent contained herein, the Agency shall appoint a Tender Agent in order to carry out such duties and obligations. The Tender Agent shall designate to the Trustee its Principal Office to signify in writing its acceptance of the duties and obligations imposed upon it under this First Supplemental Indenture. The Tender Agent shall keep such books and records with respect to its activities as Tender Agent as shall be consistent with prudent industry practice in which complete and correct entries shall be made of all transactions relating to the receipt, investment, disbursement, allocation and application of all amounts held by such Tender Agent hereunder and to make such books and records available for inspection by each of the Agency and the Trustee at all reasonable times.

**(b)** Each Tender Agent shall be a banking corporation or banking association organized and doing business under the laws of the United States or of a state thereof, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least fifty million dollars ($50,000,000), subject to supervision or examination by federal or State authority and acceptable to the Credit Provider. If such banking corporation or banking association publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this Section the combined capital and surplus of such banking corporation or banking

association shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.

The Tender Agent may resign by notifying the Agency, the Trustee and the Credit Provider, the Remarketing Agent, the 2007 Series A Bond Insurer and the Owners of the 2007 Series A Bonds at least thirty (30) days before the effective date of such resignation. The Agency, with the consent of the Credit Provider, may remove the Tender Agent and appoint a successor by notifying the Tender Agent, the Trustee (if not the Tender Agent), the Remarketing Agent and the Credit Provider. No resignation or removal shall be effective until the successor has delivered an acceptance of its appointment to the Agency, the Credit Provider, the Trustee and the predecessor Tender Agent and if no such acceptance is delivered by the 60th day following such resignation or removal, the Trustee shall become the successor Tender Agent. In the event of the resignation or removal of a Tender Agent which is not the Trustee, such Tender Agent shall pay over, assign and deliver any moneys held by it as Tender Agent to its successor. The Tender Agent shall be entitled to the same protections, immunities and limitations from liability afforded the Trustee hereunder.

**(e)** In the event of redemption of all the 2007 Series A Bonds or an Event of Default which causes acceleration of the Bonds, any moneys then remaining in the 2007 Series A

**Section 5.04. 2007 Series A Coverage Reserve Subaccount**

**(a)** The Trustee shall establish and maintain within the Debt Service Reserve Account a sub-account known as the "2007 Series A Coverage Reserve Subaccount." Amounts in the 2007 Series A Coverage Reserve Subaccount shall be applied as provided in Section 5.04(a)(4) of the Master Indenture to the payment of the 2007 Series A Bonds prior to any draw on the 2007 Series A Surety Bond.

**(b)** On or before November 1 of each year, commencing November 1, 2007, the Agency shall file with the Trustee (with a copy to the 2007 Series A Bond Insurer) a Certificate of an Independent Redevelopment Consultant showing the following calculations for each Fiscal Year until the final maturity of the Outstanding Parity Obligations:

(i) the Tax Revenues (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the Certificate, taking into account the reductions in Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area expected to be received in the current Fiscal Year and in each Fiscal Year thereafter;

(ii) the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations and Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law; and

(iii) the greatest amount in dollars for any Fiscal Year by which the amount calculated in subparagraph (i) above is less than 1.35 times the amount calculated in subparagraph (ii) above. The amount calculated in this subparagraph (iii) is the "2007 Series A Coverage Reserve Requirement."

For the purposes of the calculations required by this section, Outstanding Parity Obligations shall not include any Bonds the proceeds of which are deposited in an escrow fund held by a escrow agent, provided that the Supplemental Indenture authorizing issuance of such Bonds shall provide that: (i) such proceeds shall be deposited or invested with or secured by an institution rated "AA" or higher by Standard & Poor's and "Aa" or higher by Moody's at a rate of interest which, together with amounts made available by the Agency from bond proceeds or otherwise, is at least sufficient to pay Debt Service on the foregoing Bonds; (ii) moneys may be transferred from said escrow fund only if Tax Revenues expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Bonds are Outstanding (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the transfer from said escrow fund, but taking into account the reductions in Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area shall be in an amount equal to at

least one hundred forty percent (140%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations (exclusive of disqualified Bonds described in Section 7.02), Senior Obligations and such Bonds and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law less a principal amount of Bonds which is equal to moneys on deposit in said escrow fund after each such transfer; and (iii) such Bonds shall be redeemed from moneys remaining on deposit in said escrow fund at the expiration of a specified escrow period in such manner as may be determined by the Agency.

**(c)** In the event that the 2007 Series A Coverage Requirement is greater than zero, the Agency shall, form any source of legally available funds, transfer to the Trustee for deposit in the 2007 Series A Coverage Subaccount an amount equal to the difference, if any, between the amount on deposit therein and the 2007 Series A Coverage Reserve Requirement.

**(d)** After the 2007 Series A Coverage Reserve Termination Date, the provisions of this Section 5.04 shall cease to be effective and the Trustee shall transfer any amounts on deposit in the 2007 Series A Coverage Reserve Subaccount to the Agency.

## ARTICLE VI

## CERTAIN TAX MATTERS

**Section 6.01. Tax Covenants.**

**(a)** The Agency covenants that it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the exclusion from gross income of the interest on the 2007 Series A Bonds under Section 103 of the Code. The Agency shall not directly or indirectly use or permit the use of any proceeds of the 2007 Series A Bonds in such a manner as would adversely affect the exclusion of interest on any 2007 Series A Bonds from gross income under Section 103 of the Code. The Agency shall not directly or indirectly use or permit the use of any proceeds of any 2007 Series A Bonds, or of any facilities financed thereby, or other funds of the Agency, or take or omit to take any action, that would cause any 2007 Series A Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. To that end, the Agency shall comply with all requirements of Section 148 of the Code and all regulations of the United States Department of the Treasury issued thereunder to the extent such requirements are, at the time, in effect and applicable to the 2007 Series A Bonds. In the event that at any time the Agency is of the opinion that for purposes of this Section it is necessary to restrict or to limit the yield on the investment of any moneys held by the Trustee under the Indenture, the Agency shall so instruct the Trustee in writing, and the Trustee shall take such action as may be directed in such instructions.

**(b)** The Agency specifically covenants that:

(i) Except as approved in a Favorable Opinion of Bond Counsel, the Agency shall not allow the amount of Gross Proceeds of the 2007 Series A Bonds invested during any Bond Year in Nonpurpose Investments with a Yield in excess of the Yield on the 2007 Series A Bonds to exceed the lesser of (a) one hundred fifty percent (150%) of the scheduled debt service on the 2007 Series A Bonds for that Bond Year or

(b) the amounts on deposit in the Debt Service Reserve Account and attributed to the 2007 Series A Bonds (provided that such amounts do not exceed ten percent (10%) of the proceeds of the 2007 Series A Bonds) plus $100,000.

(ii) The Agency shall pay or cause to be paid the Rebate Requirement as provided in the 2007 Series A Tax Certificate.

(iii) The Agency shall determine the amount of and cause to be deposited in the Rebate Fund the Rebate Requirement as provided in the 2007 Series A Tax Certificate (which is incorporated herein by reference as if set forth in full herein). Subject to the provisions of this Section, moneys held in the Rebate Fund are hereby pledged to secure payments to the United States of America, and the Agency and the Owners of the 2007 Series A Bonds shall have no rights in or claim to such moneys. The Trustee shall invest all amounts held in the Rebate Fund as directed in writing by an Authorized Agency Representative.

Upon receipt of the Rebate Instructions required to be delivered to the Trustee, the Trustee shall remit part or all of the balance held in the Rebate Fund, together with any completed forms to be filed therewith prepared by the Agency and delivered with such Rebate Instructions, to the United States of America to the extent so directed, including rebate due in connection with any Series of 2007 Series A Bonds. In addition, if the Rebate Instructions so direct, the Trustee shall deposit moneys into or transfer moneys out of the Rebate Fund from or into such Accounts or Funds as the Rebate Instructions direct.

The Trustee shall conclusively be deemed to have complied with the provisions of this Section if it follows the directions of the Agency set forth in the Rebate Instructions and shall not be required to take any actions thereunder in the absence of Rebate Instructions from an Authorized Agency Representative.

**(c)** For purposes of this Section, capitalized terms not defined pursuant to Section 1.03 hereof shall have the meanings ascribed to such terms in the 2007 Series A Tax Certificate.

**Section 6.02. Rebate Fund.** For purposes of complying with tax covenants contained in the Indenture, there is hereby established a fund designated the "2007 Series A Rebate Fund" to be held by the Trustee. Amounts on deposit in the Rebate Fund shall be applied as provided in Section 6.01 hereof.

## ARTICLE VII

## MISCELLANEOUS

**Section 7.01. Indenture to Remain in Effect.** Save and except as supplemented by this First Supplemental Indenture, the Master Indenture shall remain in full force and effect.

**Section 7.02. Provisions Relating to Credit Provider.** All provisions hereof regarding consents, approvals, directions, appointments or requests by the Credit Provider shall be deemed not to require or permit such consents, approvals, directions, appointments or requests by the

Credit Provider during any time in which no Credit Support Instrument is in effect and no amounts are owing to the Credit Provider, or such Credit Provider has failed to honor a demand for payment presented to it in strict conformance with the applicable provisions of the Credit Support Instrument, or after the Credit Support Instrument shall at any time for any reason cease to be valid and binding on the Credit Provider, or while such Credit Provider is denying further liability or obligation under the Credit Support Instrument (unless such Credit Support Instrument has been fully drawn or to the extent that the conditions to payment thereunder have not been fully satisfied) or after such Credit Provider has rescinded, repudiated or terminated the Credit Support Instrument and no amounts are owing to the Credit Provider; provided, however, that nothing contained in this Section shall limit the rights of the Credit Provider as an Owner of Credit Provider Bonds.

All provisions herein relating to the Credit Provider shall be of no force and effect with respect to a particular Credit Provider if the applicable Credit Support Instrument is not in effect, there are no related Credit Provider Bonds and all amounts owing to such Credit Provider under the applicable Credit Support Instrument have been paid.

**Section 7.03. Provisions Relating to Termination Payments under the 2007 Swap.** **(a)** Termination Payments payable pursuant to the 2007 Swap are hereby deemed Subordinated Obligations, and the Agency hereby grants a lien on, security interest in and pledge of the Subordinate Pledged Tax Revenues to secure its obligations to make such 2007 Swap Termination Payments, which lien on, security interest in and pledge shall be subordinate and junior in all respects to the payment of the Bonds and Parity Obligations hereunder.

**(b)** In the event of any insolvency or bankruptcy proceedings, and any receivership, liquidation, reorganization or other similar proceedings in connection therewith, relative to the Agency or to its creditors, as such, or to its property, and in the event of any proceedings for voluntary liquidation, dissolution or other winding up of the Agency, whether or not involving insolvency or bankruptcy, the owners of all Outstanding Parity Obligations shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations before the payment of any 2007 Swap Termination Payments from the Subordinate Pledged Tax Revenues.

**(c)** If any payment default with respect to any Outstanding Parity Obligation shall have occurred and be continuing (under circumstances when the provisions of (b) above shall not be applicable), the owners of all Outstanding Parity Obligations shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations as the same become due and payable in accordance with the provisions of the Indenture before the payment of any 2007 Swap Termination Payments from the Subordinate Pledged Tax Revenues, subject to the provisions of (e) below.

**(d)** No Bondowner or other owner of Outstanding Parity Obligations shall be prejudiced in her right to enforce subordination of the 2006 Swap Termination Payments by any act or failure to act on the part of the Agency or the Trustee.

**(e)** The provisions of (b), (c) and (d) above are solely for the purpose of defining the relative rights of the Owners of the Bonds and the owners of all other Outstanding

Parity Obligations on the one hand, and the counterparty to the 2007 Swap with respect to Termination Payments thereunder, if any, on the other hand, and nothing therein shall impair the obligation of the Agency to pay such 2007 Swap Termination Payments, nor shall anything therein prevent the counterparty to the 2007 Swap from exercising all remedies otherwise permitted by applicable law or upon default thereunder, subject to the rights under (b), (c) and (d) above of the Owners of Outstanding Bonds and the owners of other Outstanding Parity Obligations to receive payment from the Subordinate Pledged Tax Revenues otherwise payable or deliverable to the counterparty to the 2007 Swap with respect to Termination Payments thereunder.

**Section 7.04. Continuing Disclosure.** The Agency hereby covenants and agrees, whenever a Long-Term Interest Rate Period is in effect with respect to the 2007 Series A Bonds, or if otherwise required by Rule 15c2-12, to comply with the continuing disclosure requirements for the 2007 Series A Bonds as promulgated under Rule 15c2-12, as it may from time to time hereafter be amended or supplemented. Notwithstanding any other provision of the Indenture, failure of the Agency to comply with the requirements of Rule 15c2-12 applicable to the 2007 Series A Bonds, as it may from time to time hereafter be amended or supplemented, or failure of the Agency to comply with the 2007 Series A Continuing Disclosure Agreement shall not be considered an Event of Default and the Trustee shall have no right to accelerate amounts due hereunder as a result thereof; provided, however, that the Trustee and the Owners of not less than 25% in principal amount of the Outstanding 2007 Series A Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Agency to comply with its obligations in this Section and such continuing disclosure agreement.

The principal or, if applicable, the Redemption Price hereof is payable upon surrender hereof at the designated corporate trust office of Union Bank of California, N.A. (together with any successor Trustee as provided in the Indenture the "Trustee"). Interest hereon is payable by check mailed on each Interest Payment Date to the Owner hereof as of the applicable Record Date at the address appearing on the Bond Register maintained by the Trustee; provided Owners of at least $1,000,000 aggregate principal amount of 2007 Series A Bonds may, at any time prior to a Record Date, give the Trustee written instructions for payment of such interest on each succeeding Interest Payment Date for such 2007 Series A Bonds by wire transfer or by deposit to an account; and provide further that in the case of 2007 Series A Bonds bearing interest at Commercial Paper Rates (as hereinafter described), if the Trustee shall have been provided written wire transfer instructions, by wire transfer, provided that while the 2007 Series A Bonds bear interest at Commercial Paper Rates, except for 2007 Series A Bonds registered in the name of the Securities Depository (as defined in the Indenture mentioned below), interest payable hereon is payable only upon presentation hereof to the Trustee, at its Principal Office (hereinafter identified).

This Bond is one of a duly authorized issue of bonds of the Agency designated as "Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas)" (the "Bonds") and of a Series of the Bonds designated as "Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas), 2007 Series A" (the "2007 Series A Bonds"). The 2007 Series A Bonds are issued pursuant to the Law and the Redevelopment Plan. The 2007 Series A Bonds have been issued in the aggregate principal amount of $65,400,000. The 2007 Series A Bonds are issued under, and, together with all other Bonds issued and outstanding thereunder, are equally and ratably secured by the Subordinate Pledged Tax Revenues and other assets pledged therefor under, and entitled to the protection given by, the Indenture of Trust, dated as of July 1, 2007 between the Agency and the Trustee, as supplemented by the First Supplemental Indenture of Trust, dated as of July 1, 2007 between the Agency and the Trustee (said Indenture of Trust, as supplemented and as the same may be amended and supplemented from time to time, is herein called the "Indenture").

As provided in the Indenture, Bonds of the Agency may be issued thereunder from time to time pursuant to Supplemental Indentures in one or more Series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as in the Indenture provided. The aggregate principal amount of Bonds which may be issued under the Indenture is not limited except as provided in the Indenture, and all Bonds issued and to be issued under the Indenture are and will be equally secured by the pledge and assignment and covenants made therein, except as otherwise expressly provided or permitted in the Indenture.

Copies of the Indenture are on file with the Agency and at the Principal Office of the Trustee and reference is hereby made to the Indenture and to all amendments and supplements thereto for a description of the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Agency, the Trustee and the

Owners of the Bonds and the terms upon which the Bonds are secured under the Indenture, the rights and remedies of the Owners of the 2007 Series A Bonds, the limitations on such rights and remedies and the terms and conditions upon which Bonds are issued and may be issued thereunder. The Indenture provides that other Parity Obligations secured by a pledge of the Subordinate Pledged Tax Revenues on a parity with the Bonds may be issued or incurred by the Agency on the terms set forth therein. By acceptance of this Bond, the Registered Owner accepts and agrees to the terms of the Indenture.

This Bond does not constitute a charge against the general credit of the Agency but is a limited obligation of the Agency payable as to principal, Redemption Price, if any, and interest solely from the Subordinate Pledged Tax Revenues and the other funds pledged therefor under the Indenture. This Bond is not secured by a legal or equitable pledge of, or lien or charge upon, any property of the Agency or any of its income or receipts except the Subordinate Pledged Tax Revenues pledged therefor pursuant to the Indenture which pledge is subject to the provisions of the Indenture permitting the application of the Subordinate Pledged Tax Revenues for the purposes and on the terms and conditions set forth therein. This Bond is not a debt of the City of Richmond, the State of California or any of its political subdivisions, and neither said City, said State nor any of its political subdivisions is liable therefor, nor in any event shall the payment of the principal or Redemption Price of or interest on this Bond constitute a debt, liability or obligation of any public agency (other than the limited obligation of the Agency as provided in the Indenture). This Bond does not constitute an indebtedness within the meaning of any constitutional or statutory limitation or restriction, and neither the members of the Agency nor any persons executing this Bond are liable personally on this Bond by reason of its issuance. No member, officer or employee of the Agency shall be individually or personally liable for the payment of the principal or Redemption Price of or interest on this Bond or be subject to any personal liability or accountability by reason of the issuance of this Bond or in respect of any undertakings by the Agency under the Indenture.

The 2007 Series A Bonds were issued for the purpose of providing a portion of the moneys to finance costs of the Project and related purposes.

Credit Provider Bonds

2007 Series A Bonds purchased or otherwise paid with funds made available under any Credit Support Instrument constitute Credit Provider Bonds for purposes of the Indenture. The terms of Credit Provider Bonds, including the interest rates thereon, the Interest Payment Dates therefor, the redemption, including mandatory redemption, thereof and certain other terms may be different from 2007 Series A Bonds which are not Credit Provider Bonds.

Interest on the 2007 Series A Bonds

The term of the 2007 Series A Bonds will be divided into consecutive Interest Rate Periods each of which will be one of the following: (i) a Daily Interest Rate Period during which the 2007 Series A Bonds will accrue at Daily Interest Rates; (ii) a Weekly Interest Rate Period during which interest on the 2007 Series A Bonds will bear interest at Weekly Interest Rates; (iii) a Long-Term Interest Rate Period, during which interest on the 2007 Series A Bonds will bear interest at a Long-Term Interest Rate; (iv) a Commercial Paper Interest Rate Period

during which interest on the 2007 Series A Bonds will bear interest at Commercial Paper Interest Rates; (v) an Index Interest Rate Period, during which interest on the 2007 Series A Bonds will bear interest at a Index Interest Rate; or (vi) an ARB Interest Rate Period during which the 2007 Series A Bonds will bear interest at Auction Period Rates. The initial Interest Rate Period for the 2007 Series A Bonds shall be an ARB Interest Rate Period commencing on and including the Delivery Date. The Interest Rate Period for the 2007 Series A Bonds thereafter may be Converted from time to time to a Daily Interest Rate Period, a Weekly Interest Rate Period, a Commercial Paper Interest Rate Period, a Long-Term Interest Rate Period or an Index Interest Rate Period and thereafter again Converted as described in the Indenture.

Interest on each 2007 Series A Bond shall accrue from and including the Interest Accrual Date immediately preceding the date of authentication thereof, or, if such date of authentication shall be an Interest Accrual Date from such Interest Accrual Date or if such date of authentication shall be prior to the second Interest Accrual Date, from the Delivery Date; provided, however, that if, as shown by the Bond Register, interest on the 2007 Series A Bonds shall be in default, interest on 2007 Series A Bonds issued in exchange for 2007 Series A Bonds surrendered for registration of transfer or exchange shall accrue from the Interest Accrual Date to which interest has been paid in full on the 2007 Series A Bonds or, if no interest has been paid on the 2007 Series A Bonds, from the Delivery Date.

For each Daily Interest Rate Period, interest on the 2007 Series A Bonds shall be payable on each Interest Payment Date for the period commencing on (and including) the Interest Accrual Date in the preceding calendar month and ending on (and including) the last day in the preceding calendar month, unless the Interest Payment Date shall be the day next succeeding the last day of a Daily Interest Rate Period, in which case interest shall be payable on such Interest Payment Date for the period commencing on (and including) the Interest Accrual Date prior to which interest shall have been paid in full and ending on (and including) the day immediately preceding such Interest Payment Date. For each Weekly Interest Rate Period, interest on the 2007 Series A Bonds shall be payable on each Interest Payment Date for the period commencing on (and including) the immediately preceding Interest Accrual Date (or, if any Interest Payment Date is not a Wednesday, commencing on (and including) the second preceding Interest Accrual Date) and ending on (and including) the Tuesday immediately preceding the Interest Payment Date (or, if sooner, the last day of such Weekly Interest Rate Period). For each Commercial Paper Interest Rate Period interest on each 2007 Series A Bond shall be payable on each Interest Payment Date for such 2007 Series A Bond for the period commencing on (and including) the immediately preceding Interest Accrual Date for such 2007 Series A Bond and ending on the day immediately preceding such Interest Payment Date. For each Long-Term Interest Rate Period, interest on the 2007 Series A Bonds shall be payable on each Interest Payment Date for the period commencing on (and including) the immediately preceding Interest Accrual Date and ending on the day immediately preceding such Interest Payment Date. For each Index Interest Rate Period, interest on the 2007 Series A Bonds shall be payable on each Interest Payment Date for the period commencing on (and including) the Interest Accrual Date in the preceding calendar month to (but excluding) such Interest Payment Date. For each ARB Interest Rate Period, interest on the 2007 Series A Bonds shall be payable on each ARB Interest Payment Date for the period commencing on (and including) the immediately preceding Interest Accrual Date and ending on the day immediately preceding such Interest Payment Date. In any event, interest on the 2007 Series A Bonds shall be payable for

the final Interest Rate Period to but not including the date on which the 2007 Series A Bonds shall have been paid in full. In any event, interest on the 2007 Series A Bonds shall be payable for the final Interest Rate Period but not including to the date on which the 2007 Series A Bonds shall have been paid in full.

Interest on the 2007 Series A Bonds shall be computed, in the case of a Long-Term Interest Rate Period, on the basis of a 360-day year consisting of twelve 30-day months, in the case of an ARB Interest Rate Period of less than 180 days, on the basis of a 360-day year and the number of days actually elapsed, in the case of an ARB Interest Rate Period equal to or more than 180 days, on the basis of a 360-day year of twelve 30-day months, and in the case of any other Interest Rate Period, on the basis of a 365- or 366-day year, as the case may be, for the actual number of days elapsed.

The term "Interest Accrual Date" means (i) with respect to each Daily Interest Rate Period, the first day thereof and, thereafter, the first day of each calendar month, (ii) with respect to each Weekly Interest Rate Period, the first day thereof and, thereafter, the first Wednesday of each calendar month, (iii) with respect to each Long-Term Interest Rate Period, the first day thereof, and thereafter, each March 1 and September 1, (iv) with respect to each Commercial Paper Term within a Commercial Paper Interest Rate Period, the first day thereof, (v) with respect to each Index Interest Rate Period, the first day thereof and, thereafter, the first Business Day of each month of each Index Interest Period and (vi) with respect to each ARB Interest Rate Period, the first day thereof and, thereafter, the immediately preceding Interest Payment Date.

The term "Interest Payment Date" means (i) with respect to each Daily Interest Rate Period, the fifth Business Day of each calendar month, (ii) with respect to each Weekly Interest Rate Period, the first Wednesday of each calendar month (or the next succeeding Business Day if such Wednesday is not a Business Day); (iii) with respect to each Long-Term Interest Rate Period, each March 1 and September 1 or if any such March 1 or September 1 is not a Business Day, the next succeeding Business Day; provided that the first interest payment made for any Long-Term Interest Rate Period shall be at least ninety (90) days from the first day of such period; (iv) with respect to each 2007 Series A Bond in each Commercial Paper Interest Rate Period, the day next succeeding the last day of each Commercial Paper Term for such 2007 Series A Bond; (v) with respect to each Index Interest Rate Period, the first Business Day of each calendar month and the Maturity Date; (vi) with respect to each ARB Interest Rate Period, each ARB Interest Payment Date; (vii) with respect to each Interest Rate Period, the day next succeeding the last day thereof; and (viii) with respect to Credit Provider Bonds, the dates set forth in the applicable Credit Support Instrument.

The term "Record Date" means (i) with respect to each Interest Payment Date for 2007 Series A Bonds in a Daily Interest Rate Period, the last day of the calendar month preceding the month in which such Interest Payment Date falls, (ii) with respect to each Interest Payment Date for 2007 Series A Bonds in a Weekly Interest Rate Period, an Index Interest Rate Period or a Commercial Paper Interest Rate Period, the Business Day immediately preceding the such Interest Payment Date, (iii) with respect to each Interest Payment Date for 2007 Series A Bonds in a Long-Term Interest Rate Period, the fifteenth day of the month preceding the month in which such Interest Payment Date falls, and (iv) with respect to each Interest Payment Date

for 2007 Series A Bonds which are ARBs, the second Business Day next preceding the applicable ARB Interest Payment Date.

The interest rates on the 2007 Series A Bonds shall be determined as described below provided that no interest rate or any 2007 Series A Bond may exceed the Maximum Interest Rate:

(1) Daily Interest Rate. During each Daily Interest Rate Period, the 2007 Series A Bonds shall bear interest at Daily Interest Rates, which, except as otherwise provided in the Indenture, shall be determined by the Remarketing Agent by no later than 9:30 a.m., New York City time, on each Business Day during such Daily Interest Rate Period. The Daily Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent (based on then-prevailing market conditions) to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent to sell the 2007 Series A Bonds on the effective date of such rate at a price (without regarding accrued interest) equal to the principal amount thereof. In the event that the Remarketing Agent fails to establish a Daily Interest Rate for any day, then the Daily Interest Rate for such day shall be the same as the Daily Interest Rate for the immediately preceding day if the Daily Interest Rate for such preceding day was determined by the Remarketing Agent. In the event that the Daily Interest Rate for the immediately preceding day was not determined by the Remarketing Agent, or in the event that the Daily Interest Rate determined by the Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such day shall be equal to 110% of the SIFMA Index made available for the week preceding the date of determination, or if such index is no longer available, or no such index was so made available for the week preceding the date of determination, 75% of the interest rate on 30-day high grade unsecured commercial paper notes sold through dealers by major corporations as reported in *The Wall Street Journal* on the day the Daily Interest Rate would otherwise be determined as provided in the Indenture.

(2) Weekly Interest Rate. During each Weekly Interest Rate Period, the 2007 Series A Bonds shall bear interest at Weekly Interest Rates, which, except as otherwise provided in the Indenture, shall be determined for each Calendar Week by the Remarketing Agent by no later than 5:00 p.m., New York City time, on the Wednesday immediately preceding each Calendar Week, or if such day shall not be a Business Day, then by 12:00 noon, New York City time, on the next succeeding Business Day; provided, however, that if the 2007 Series A Bonds are to be Converted to a Weekly Interest Rate Period from another Interest Rate Period, the Weekly Interest Rate for the initial Calendar Week of such Weekly Interest Rate Period shall be determined not later than the Business Day next preceding the effective date of such Weekly Interest Rate Period. The Weekly Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent (based on then-prevailing market conditions) to sell the 2007 Series A Bonds on the effective date of such rate at a price (without regarding accrued interest) equal to the principal amount thereof. In the event that the Remarketing Agent fails to establish a Weekly Interest Rate for any Calendar Week, then the Weekly Interest Rate for such Calendar Week shall be the same as the

Weekly Interest Rate for the immediately preceding week if the Weekly Interest Rate for such preceding Calendar Week was determined by the Remarketing Agent. In the event that the Weekly Interest Rate for the immediately preceding Calendar Week was not determined by the Remarketing Agent, or in the event that the Weekly Interest Rate determined by the Remarketing Agent shall be held to be invalid or unenforceable by a court of law, then the interest rate for such Calendar Week shall be equal to the Variable Index on the day such Weekly Interest Rate would otherwise be determined as provided in the Indenture.

The term "Calendar Week" means, with respect to the 2007 Series A Bonds in a Weekly Interest Rate Period, the period during which the 2007 Series A Bonds bear interest at a particular Weekly Interest Rate and will be the period from Thursday of one week (whether or not a Business Day) to and including the Wednesday of the following week (whether or not a Business Day); provided that the initial Calendar Week for each Weekly Interest Rate Period shall be the period from the first day of such Weekly Interest Rate Period to the next succeeding Wednesday (whether or not a Business Day); and provided further that the final Calendar Week for a Weekly Interest Rate Period which ends on a day other than a Wednesday shall be the period from the Thursday (whether or not a Business Day) preceding the last day of such Weekly Interest Rate Period to the last day of such Weekly Interest Rate Period.

(3) Long-Term Interest Rate. During each Long-Term Interest Rate Period, the 2007 Series A Bonds shall bear interest at the Long-Term Interest Rate determined by the Remarketing Agent on a Business Day no later than the effective date of such Long-Term Interest Rate Period. The Long-Term Interest Rate shall be the rate of interest per annum determined by the Remarketing Agent (based on then prevailing market conditions) to be the minimum interest rate which, if borne by the 2007 Series A Bonds, would enable the Remarketing Agent to sell the 2007 Series A Bonds at a price (without regarding accrued interest) equal to the principal amount thereof (or at a discount below or premium above par if Bond Counsel delivers a Favorable Opinion of Bond Counsel to the Trustee). If, for any reason, the Long-Term Interest Rate is not so determined for the Long-Term Interest Period by the Remarketing Agent on or prior to the first day of such Long-Term Interest Period, then a Weekly Interest Rate Period shall automatically commence on the proposed Conversion Date to the Long-Term Interest Rate Period and the 2007 Series A Bonds shall bear interest at Weekly Interest Rates and shall continue to bear interest at Weekly Interest Rates until such time as the Interest Rate Period for the 2007 Series A Bonds shall have been Converted to another Interest Rate Period as provided in the Indenture.

(4) Commercial Paper Term Rates. During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall bear interest during each Commercial Paper Term for such 2007 Series A Bond at the Commercial Paper Term Rate. The Commercial Paper Term and the Commercial Paper Term Rate need not be the same for all the 2007 Series A Bonds, even if determined on the same date. Each of such Commercial Paper Terms and Commercial Paper Term Rates for each 2007 Series A Bond shall be determined by the Remarketing Agent no later than the first day of each Commercial Paper Term. Each Commercial Paper Term shall be for a period of days within the range or ranges announced as possible Commercial Paper Terms no later than

9:30 a.m., New York City time, on the first day of each Commercial Paper Term by the Remarketing Agent. Each Commercial Paper Term for each 2007 Series A Bond shall be a period of not more than one hundred eighty (180) days, shall end not later than twenty (20) Business Days prior to the Expiration Date of any Credit Support Instrument, shall be determined by the Remarketing Agent to be the period, except as provided in the Indenture with respect to a Conversion of the Interest Rate Period for the 2007 Series A Bonds, which, together with all other Commercial Paper Terms for all 2007 Series A Bonds then Outstanding, will result in the lowest overall interest expense on the 2007 Series A Bonds over the next succeeding one hundred eighty (180) days. If, for any reason, a Commercial Paper Term for any 2007 Series A Bond is not so determined by the Remarketing Agent, or if the determination of such Commercial Paper Term is held by a court of law to be invalid or unenforceable, then such Commercial Paper Term shall be thirty (30) days, but if the last day so determined shall not be a day immediately preceding a Business Day, shall end on the first day immediately preceding the Business Day next succeeding such last day, or if such last day would be after the day immediately preceding the Maturity Date, shall end on the day immediately preceding the Maturity Date.

The Commercial Paper Term Rate for each Commercial Paper Term for each 2007 Series A Bond during a Commercial Paper Interest Rate Period shall be the rate of interest per annum determined by the Remarketing Agent (based on then-prevailing market conditions) to be the minimum interest rate which, if borne by such 2007 Series A Bond, would enable the Remarketing Agent to sell such 2007 Series A Bond on the effective date of such rate at a price equal to the principal amount thereof. If, for any reason, a Commercial Paper Term Rate for any 2007 Series A Bond is not so established by the Remarketing Agent for any Commercial Paper Term, or if such Commercial Paper Term Rate is determined by a court of law to be invalid or unenforceable, then the Commercial Paper Term Rate for such Commercial Paper Term shall be the rate per annum equal to the Variable Index on the first day of such Commercial Paper Term.

(5) Index Interest Rates. During each Index Interest Rate Period, the 2007 Series A Bonds shall bear interest at Index Interest Rates. The Index Interest Rate for the 2007 Series A Bonds for each Index Bond Calculation Period shall be calculated as the weighted arithmetic average of the MMD Adjusted Rate in effect for each day in the Index Bond Calculation Period, calculated by multiplying each such MMD Adjusted Rate by the number of days such MMD Adjusted Rate is in effect, determining the sum of such products and dividing such sum by the number of days in the Index Bond Calculation Period. Such rate shall be multiplied against the face amount of the Index Bonds to determine the interest payable on the Interest Payment Date following such Index Bond Calculation Period (but shall not exceed the Maximum Interest Rate).

"Index Bond Calculation Period" for any Index Bond means the period from and including each Interest Accrual Date for the Index Bond to but excluding the next succeeding Interest Payment Date for the Index Bond.

"Index Bond Reset Date" means the day on which the interest rate will be reset and such day will be the first Business Day of each month.

"Index Interest Rate" means, for any Index Bond Calculation Period, a per annum rate equal to the weighted arithmetic average of the MMD Adjusted Rate in effect for each day in the Index Bond Calculation Period, calculated by multiplying each such MMD Adjusted Rate by the number of days such MMD Adjusted Rate is in effect, determining the sum of such products and dividing such sum by the number of days in the Index Bond Calculation Period, all as set forth in the Indenture, but not to exceed the Maximum Interest Rate.

"MMD" means the AAA Municipal Market Data General Obligation Yield Curve for a MMD Maturity as available through the Thompson Municipal Market Monitor (www.tm3.com) and the Municipal Market Data-Line (i) on each day prior to each Index Bond Reset Date or (ii) if the MMD is not published or provided on that day, then the MMD will be the MMD for the next preceding Business Day. If the MMD as described in (i) and (ii) is not available, then the MMD will be a comparable or successor index selected by the Agency. The MMD as so determined shall be effective for each period from the Index Bond Reset Date through but not including the next Index Bond Reset Date.

"MMD Adjusted Rate" means a per annum rate equal to the MMD Initial Rate plus or minus the change in the MMD since the date of adjustment, provided that the MMD Adjusted Rate shall never be more than the Maximum Interest Rate. The MMD Adjusted Rate as so determined shall be effective for each period from the Index Bond Reset Date through but not including the next Index Bond Reset Date.

"MMD Initial Rate" means the applicable rate for each Index Bond as designated by the Agency at the date of adjustment to an Index Interest Rate Period. The MMD Initial Rate shall be effective for the period from date of adjustment through but not including the first Index Bond Reset Date.

"MMD Maturity" means a specific year or period of one year or any multiple of one year as designated by the Treasurer at the date of adjustment to a Series of Index Bonds.

(6) Auction Period Rates. During each ARB Interest Rate Period, the 2007 Series A Bonds shall bear interest at rates determined by the periodic application of the Auction Procedures, as provided in the Indenture.

The Trustee shall give notice to the Owners of the 2007 Series A Bonds by first class mail of a Conversion in the Interest Rate Period prior to the effective date of such Interest Rate Period as provided in the Indenture.

Tender of 2007 Series A Bonds for Purchase at Option of Owner. During each Daily Interest Rate Period, the Owner (or with respect to a Book-Entry Bond, the Beneficial Owner through its direct Participant in the Securities Depository) of a 2007 Series A Bond may tender such 2007 Series A Bond (or with respect to a Book-Entry Bond, its interests in such 2007 Series A Bond), or a portion thereof as described below, on any Business Day, for purchase at the applicable Purchase Price, upon delivery to the Tender Agent at its Principal Office for delivery of notices, with a copy to the Remarketing Agent, of an irrevocable written notice, or telephone notice promptly confirmed in writing, which states the principal amount of such 2007 Series A Bond (or the portion thereof) that is being irrevocably tendered for purchase. The

Purchase Date for any 2007 Series A Bond (or portion thereof) in a Daily Interest Rate Period for which the Owner (or Beneficial Owner, as applicable) has given such notice of tender for purchase shall be the date of delivery of such notice to the Tender Agent or such later Business Day as shall be specified in such notice. Any such notice of tender for purchase delivered to the Tender Agent after 11:00 a.m., New York City time, shall be deemed to have been received on the next succeeding Business Day. In the case of a tender for purchase of less than the full principal amount of a 2007 Series A Bond, both the portion of the 2007 Series A Bond being tendered for purchase and the portion not so tendered shall be in an Authorized Denomination.

During each Weekly Interest Rate Period the Owner (or with respect to a Book-Entry Bond, the Beneficial Owner through its direct Participant in the Securities Depository) of a 2007 Series A Bond may tender such 2007 Series A Bond (or with respect to a Book-Entry Bond, its interest in such 2007 Series A Bond), or a portion thereof as described below, on any Business Day, for purchase at the applicable Purchase Price, upon delivery to the Tender Agent at its Principal Office for delivery of notices, with a copy to the Remarketing Agent, of an irrevocable written notice which states the principal amount of such 2007 Series A Bond (or the portion thereof) that is being irrevocably tendered for purchase and the date on which the same shall be purchased, which date shall be a Business Day not prior to the seventh day next succeeding the date of the delivery of such notice to the Tender Agent. Any notice delivered to the Tender Agent after 4:00 p.m., New York City time, shall be deemed to have been received on the next succeeding Business Day. In the case of a tender for purchase of less than the full principal amount of a Bond, both the portion of the 2007 Series A Bond tendered for purchase and the portion not so tendered shall be in an Authorized Denomination.

The giving of notice by an Owner or Beneficial Owner of a 2007 Series A Bond to have such 2007 Series A Bond purchased shall constitute the irrevocable tender for purchase of such 2007 Series A Bond, regardless of whether Proper Delivery of such 2007 Series A Bond is made to the Tender Agent on the applicable Purchase Date.

Mandatory Tender Following Commercial Paper Term. During each Commercial Paper Interest Rate Period, each 2007 Series A Bond shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the day next succeeding the last day of each Commercial Paper Term for such 2007 Series A Bond, unless such day is the first day of a new Interest Rate Period for such 2007 Series A Bond (in which event such 2007 Series A Bond shall be subject to mandatory tender for purchase as described below).

Mandatory Tender on First Day of Interest Rate Period. The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price, on the first day of each Interest Rate Period (other than upon the Conversion from a Daily Interest Rate Period to a Weekly Interest Rate Period or the Conversion from a Weekly Interest Rate Period to a Daily Interest Rate Period) and (except for any Conversion from an ARB Interest Rate Period), on the proposed Conversion Date specified in the notice of the Conversion to an alternate Interest Rate Period given to the Owners.

Mandatory Tender Upon Termination or Expiration of Credit Support Instrument. The 2007 Series A Bonds shall be subject to mandatory tender for purchase, at the applicable Purchase Price: (a) on a Business Day which is not less than five (5) days prior to termination of

any Credit Support Instrument then in effect with respect to the 2007 Series A Bonds upon the delivery of an Alternate Credit Support Instrument; (b) on the fifth Business Day following the Trustee's receipt of a Notice of Mandatory Tender; or (c) on a Business Day which is not less than five (5) days prior to the Expiration Date of the Credit Support Instrument then in effect with respect to the 2007 Series A Bonds.

Notice of Mandatory Tender. Notice of each mandatory tender of the 2007 Series A Bonds for purchase (other than following each Commercial Paper Term as to which no notice will be given) shall be given as provided in the Indenture.

Purchase Price.

The term "Purchase Price" means, with respect to any Tendered Bond (or portion thereof), an amount, payable in immediately available funds, equal to the principal amount thereof plus accrued interest from and including the Interest Accrual Date immediately preceding the applicable Purchase Date to but not including the applicable Purchase Date; provided, however, that (1) if the Purchase Date for any Tendered Bond is on or after the Record Date for an Interest Payment Date and on or prior to such Interest Payment Date, the Purchase Price thereof shall be the principal amount thereof, and interest on such Tendered Bond shall be paid to the Owner of such Tendered Bond as of the applicable Record Date and (2) in the case of a Purchase Date which is the first day of an Interest Rate Period which is preceded by a Long-Term Interest Rate Period and which commences prior to the day originally established as the last day of such preceding Long-Term Interest Rate Period, "Purchase Price" of any Tendered Bond means the optional redemption price which would have been applicable to the redemption of such Tendered Bond on such Purchase Date if the preceding Long-Term Interest Rate Period had continued to the day originally established as its last day.

Sources of Payment of Purchase Price.

The Purchase Price of 2007 Series A Bonds payable upon optional or mandatory tender for purchase is payable solely from the proceeds of the remarketing of such 2007 Series A Bonds and amounts provided pursuant to a Credit Support Instrument for the 2007 Series A Bonds. The Agency has no obligation to provide any funds for the payment of such Purchase Price.

Purchase Price Payable Only on Proper Delivery.

The Purchase Price of any Tendered Bond purchased pursuant to the Indenture shall be payable only upon Proper Delivery of such Tendered Bond to the Tender Agent. If Proper Delivery of any Tendered Bond is made by 10:00 a.m., New York City time, on the applicable Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be paid (but only from the funds provided therefor pursuant to the Indenture) in immediately available funds on the date such Proper Delivery is made and if such Proper Delivery is made after 10:00 a.m., New York City time, on such Purchase Date or any Business Day thereafter, the Purchase Price therefor shall be paid (but only from the funds provided therefor pursuant to the Indenture) in immediately available funds on the Business Day immediately succeeding such date of Proper Delivery.

The term "Proper Delivery" means, with respect to the delivery of a Tendered Bond to the Tender Agent to receive the Purchase Price thereof: (a) if such Tendered Bond is a Book-Entry Bond, the making of, or the irrevocable authorization to make, by 10:00 a.m., New York City time, on the applicable Purchase Date or any Business Day thereafter, entries on the books of the Securities Depository or a Participant of such Securities Depository to transfer the beneficial ownership of such Tendered Bonds; and (2) if such Tendered Bond is not a Book-Entry Bond, the delivery of such Tendered Bond to the Tender Agent at its Principal Office, by 10:00 a.m., New York City time, on the applicable Purchase Date or any Business Day thereafter, accompanied by an instrument of transfer thereof in form satisfactory to the Tender Agent, executed in blank by the Owner thereof or by the Owner's duly authorized attorney, with such signature guaranteed by a commercial bank, trust company or member firm of the New York Stock Exchange.

Undelivered Bonds. The Tender Agent may refuse to accept delivery of any Tendered Bond as to which Proper Delivery has not been made; such refusal, however, shall not affect the validity of the purchase of such Tendered Bond either upon the remarketing thereof as herein provided or upon the purchase of such Tendered Bond from a draw on any Credit Support Instrument. For all purposes of the Indenture, the Tender Agent shall determine whether there has been Proper Delivery of Tendered Bonds. Such determination shall be binding on the Owners of the 2007 Series A Bonds, the Agency and the Remarketing Agent, absent manifest error. If the Owner or Beneficial Owner of a 2007 Series A Bond who has given notice of optional tender for purchase, or any Owner of a 2007 Series A Bond subject to mandatory tender for purchase, fails to make Proper Delivery of such 2007 Series A Bond to the Tender Agent by 10:00 a.m. New York City time on the applicable Purchase Date and if moneys equal to the Purchase Price of all 2007 Series A Bonds to be purchased on such Purchase Date in accordance with the Indenture shall be available to the Tender Agent for the payment thereof, such Tendered Bond shall constitute an Undelivered Bond. From and after the applicable Purchase Date, (1) each Undelivered Bond shall be deemed to be purchased and shall no longer be deemed to be Outstanding under the Indenture; (2) interest shall no longer accrue with respect to such Undelivered Bond; (3) funds in the amount of the Purchase Price of the Undelivered Bond shall be held by the Tender Agent in the Bond Purchase Fund for the benefit of the Owner of such Undelivered Bond, to be paid when Proper Delivery of such Undelivered Bond is made to the Tender Agent; and (4) the Owner of such Undelivered Bond shall have no rights with respect to such Undelivered Bond except to receive the Purchase Price thereof from the funds held by the Tender Agent in the Bond Purchase Fund for such purpose and only upon Proper Delivery of such 2007 Series A Bond to the Tender Agent.

The above-described provisions for the optional and mandatory tender of the 2007 Series A Bonds for purchase shall not apply at any time this Bond is a Pledged 2007 Series A Bond or this Bond is owned by, for the account of, or on behalf of, the Agency.

BY ACCEPTANCE OF THIS BOND, EACH OWNER IRREVOCABLY AGREES THAT, IF THIS BOND IS TO BE PURCHASED ON ANY DATE AND SUFFICIENT FUNDS ARE ON DEPOSIT WITH THE TENDER AGENT FOR ALL PURCHASES TO BE MADE ON SUCH DATE AS AFORESAID, THIS BOND SHALL BE DEEMED TO HAVE BEEN PURCHASED FOR ALL PURPOSES UNDER THE INDENTURE AND, THEREAFTER, THE OWNER SHALL HAVE NO FURTHER RIGHTS

HEREUNDER OR UNDER THE INDENTURE WITH RESPECT TO THIS BOND, EXCEPT TO RECEIVE THE PURCHASE PRICE FOR THIS BOND FROM THE FUNDS SO DEPOSITED UPON PROPER DELIVERY HEREOF AS AFORESAID.

The Purchase Price of any 2007 Series A Bonds payable upon optional or mandatory tender is payable solely from the proceeds of the remarketing of such 2007 Series A Bonds and amounts provided pursuant to a Credit Support Instrument for the 2007 Series A Bonds. The Agency has no obligation to provide any funds for the payment of such Purchase Price.

Optional Redemption. While any Daily Interest Rate Period, Weekly Interest Rate Period or Index Interest Rate Period is in effect the 2007 Series A Bonds are subject to redemption, at the option of the Agency, in whole or in part, (in such amounts as may be specified by the Agency), on any date at a Redemption Price equal to the principal amount of the 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium. While any Commercial Paper Rate Commercial Paper Interest Rate Period is in effect, the 2007 Series A Bonds are also subject to optional redemption by the Agency, in whole or in part (in such amounts as may be specified by the Agency), on the day succeeding the last day of each Commercial Paper Term at a Redemption Price equal to the principal amount of the 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium. While any Long-Term Interest Rate Period is in effect, the 2007 Series A Bonds are subject to redemption at the option of the Agency, in whole or in part (in such amounts as may be specified by the Agency), on the first day of such Long-Term Interest Rate Period at a Redemption Price equal to the principal amount of such 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium, and thereafter, during the periods specified below (or, if approved by a Favorable Opinion of Bond Counsel, during the periods and at the Redemption Prices specified in a notice of the Agency to the Trustee) in whole or in part (in such amounts as may be specified by the Agency) on any date, at the Redemption Prices (expressed as a percentage of principal amount of the 2007 Series A Bonds to be redeemed) hereinafter indicated (or specified in the notice of the Agency to the Trustee), plus unpaid accrued interest thereon, to the date fixed for redemption:

| Length of Long-Term Interest Rate Period (expressed in years) | Redemption Price |
|---|---|
| greater than 15 | after 10 years at 101% declining by 1% every year to 100% |
| less than or equal to 15 and greater than 10 | after 7 years at 101% declining by 1% every year to 100% |
| less than or equal to 10 and greater than 7 | after 5 years at 101% declining by 1% every year to 100% |
| less than or equal to 7 and greater than 4 | after 3 years at 101% declining by 1% every year to 100% |
| less than or equal to 4 | after 2 years at 100% |

Optional Redemption During ARB Interest Rate Period. While any ARB Interest Rate Period is in effect, the 2007 Series A Bonds are subject to redemption prior to their stated maturity, at the option of the Agency, in whole or in part (in such amounts as may be specified by the Agency), on any ARB Interest Payment Date at a Redemption Price equal to the principal amount of 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

After any partial redemption, there shall not be less than $10,000,000 in aggregate principal amount of 2007 Series A Bonds outstanding unless otherwise consented to by the Broker-Dealer.

If any 2007 Series A Bonds are to be redeemed in part and such Bonds are held by a Securities Depository, the issuer shall include in the notice of the call for redemption delivered to the Securities Depository (i) a date placed under an item entitled "Publication Date for Securities Depository Purposes" and such date shall be three Business Days after the Auction Date immediately preceding such redemption date (in the case of a daily Auction Period, such date shall be three Business Days immediately preceding the date of redemption) and (ii) an instruction to the Securities Depository to (x) determine on such Publication Date after the Auction held on the immediately preceding Auction Date has settled, the Securities Depository Participants whose Securities Depository positions shall be redeemed and the principal amount of such ARBs to be redeemed from each such position (the "Securities Depository Redemption Information"), and (y) notify the Trustee immediately after such determination of (1) the positions of the Securities Depository Participants in such Bonds immediately prior to such Auction settlement, (2) the position of the Securities Depository Participants in such ARBs immediately following such Auction settlement, and (3) the Securities Depository Redemption

Information. Immediately upon receipt of the notice referred to in (y) of the preceding sentence, the Trustee shall send a copy of such notice to the Auction Agent.

Mandatory Redemption. The 2007 Series A Bonds are subject to mandatory redemption, in part, on any September 1 on and after September 1, 2008, at a Redemption Price equal to the principal amount of the 2007 Series A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium, from the Sinking Fund Installments established for the 2007 Series A Bonds in the Indenture. Notwithstanding the foregoing, when any 2007 Series A Bond to be redeemed pursuant to the preceding sentence is subject to an ARB Interest Rate Period, if such September 1 is not an ARB Interest Payment Date, the redemption from Sinking Fund Installments shall occur on the ARB Interest Payment Date immediately preceding such September 1.

Terms of Redemption. If less than all of the 2007 Series A Bonds are to be redeemed, the particular 2007 Series A Bonds to be redeemed shall be selected as provided in the Indenture.

The 2007 Series A Bonds are payable upon redemption upon surrender thereof at the Principal Office of the Trustee. The Trustee shall give notice, in the name of the Agency, of the redemption of 2007 Series A Bonds, which notice shall be mailed, by first class mail, postage prepaid, not more than sixty (60) nor less than thirty (30) days before the Redemption Date to the Owners of any 2007 Series A Bonds to be redeemed (in whole or in part) at their addresses appearing in the Bond Register. Such notice shall specify the Series and maturity of the Bonds to be redeemed, the Redemption Date and the place or places where amounts due upon such redemption shall be payable and, if less than all of the 2007 Series A Bonds are to be redeemed, the letters and numbers or other distinguishing marks of such 2007 Series A Bonds so to be redeemed, and, in the case of 2007 Series A Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state that on such redemption date there shall become due and payable upon each 2007 Series A Bond to be redeemed the Redemption Price thereof (or the Redemption Price of the specified portions of the principal amount thereof to be redeemed in the case of 2007 Series A Bonds to be redeemed in part only) and that from and after such date interest on such 2007 Series A Bond (or the portion of such 2007 Series A Bond to be redeemed) shall cease to accrue and be payable.

Receipt of such notice of redemption shall not be a condition precedent to the redemption of 2007 Series A Bonds and failure of any Owner of a 2007 Series A Bond to receive any such notice or any insubstantial defect in such notice shall not affect the validity of the proceedings for the redemption of 2007 Series A Bonds.

In the event that funds required to pay the Redemption Price of the 2007 Series A Bonds are not on deposit with the Trustee at the time the notice with respect to the redemption of 2007 Series A Bonds at the option of the Agency is given, such notice shall state that such redemption is conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the Redemption Price of the 2007 Series A Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Agency shall not be required to redeem such 2007 Series A Bonds. In

the event a notice of redemption of 2007 Series A Bonds contains such a condition and such moneys are not so received, the redemption of 2007 Series A Bonds as described in the conditional notice of redemption shall not be made and the Trustee shall, within a reasonable time after the date on which such redemption was to occur, give notice to the persons and in the manner in which the notice of redemption was given that such moneys were not so received and that there shall be no redemption of 2007 Series A Bonds pursuant to the conditional notice of redemption.

If (i) any 2007 Series A Bonds are called for redemption while any ARB Interest Rate period is in effect, and (ii) such redemption is conditional upon receipt of funds by the Trustee, then such funds for redemption must be deposited with the Trustee no less than five (5) Business Days prior to the stated redemption date or notice thereof shall be rescinded (with such notice of rescission sent to the Auction Agent and any other recipient of the original redemption notice).

Amendment of Indenture. To the extent and in the manner permitted by the terms of the Indenture, the provisions of the Indenture, or any indenture amendatory thereof or supplemental thereto, may be modified or amended by the Agency with, in certain cases, the written consent of the Owners of at least a majority in principal amount of the Bonds then Outstanding under the Indenture; and, in case less than all of the Bonds would be affected thereby, with such consent of the Owners of a majority in principal amount of the affected Outstanding Bonds; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds for purposes of such consent. While the 2007 Series A Bonds are Tender Indebtedness, the consent of the Owners of such 2007 Series A Bonds shall not be required for any amendment to the Indenture upon giving such Owners notice of the amendment while such Owners may tender their 2007 Series A Bonds for purchase as provided in the Indenture. No such modification or amendment shall permit a change in the terms of any Sinking Fund Installment or the terms of redemption or maturity of the principal of any Bond or of any installment of interest thereon or a reduction in the principal amount or Redemption Price thereof or in the rate of interest thereon without the consent of the Owner of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee or of any Paying Agent without its written assent thereto.

The provisions of the First Supplemental Indenture relating to ARBs bearing interest at an Auction Period Rate may be amended as provided in the Indenture.

The Indenture may also be amended or supplemented without the necessity of the consent of the Owners of the 2007 Series A Bonds for any one or more of the purposes specified in the Indenture.

Transfer of Bond. This Bond is transferable, as provided in the Indenture, only upon the Bond Register kept for that purpose at the Principal Office of the Trustee, by the registered owner hereof, or by his duly authorized attorney, upon surrender of this Bond together

with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or his duly authorized attorney. Thereupon and upon payment of the charges prescribed in the Indenture a new registered 2007 Series A Bond or 2007 Series A Bonds, without coupons, and for the same aggregate principal amount, shall be issued to the transferee in exchange therefor as provided in the Indenture. The Agency, the Trustee and any Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price hereof and interest due hereon and for all other purposes.

Enforcement of Bond and Indenture. The Registered Owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture. In certain events, on the conditions, in the manner and with the effect set forth in the Indenture, the principal of all the Bonds issued under the Indenture and then Outstanding may become or may be declared due and payable before the stated maturity thereof, together with interest accrued thereon.

It is hereby certified and recited that all conditions, acts and things required by law, including the Law and the Redevelopment Plan and the Indenture to exist, to have happened and to have been performed precedent to and in the issuance of this Bond, exist, have happened and have been performed in due time, form and manner and that the 2007 Series A Bonds, together with all other indebtedness of the Agency, comply in all respects with the applicable laws of the State of California, including the Law and the Redevelopment Plan.

This Bond shall not be entitled to any benefit under the Indenture or be valid or become obligatory for any purpose until this Bond shall have been authenticated by the execution by the Trustee of the Trustee's Certificate of Authentication hereon.

In addition to the words and terms otherwise defined in the Indenture, the following words and terms as used in this Exhibit B (hereinafter "this Exhibit") and elsewhere in the Indenture have the following meanings with respect to 2007 Series A Bonds in an ARB Interest Rate Period unless the context or use indicates another or different meaning or intent or the definition has been changed, modified or expanded in Schedule I:

"Agent Member" means a member of, or participant in, the Securities Depository who shall act on behalf of a Bidder.

"All Hold Rate" has the meaning set forth in Schedule I.

"ARB Conversion Date" means with respect to 2007 Series A Bonds, the date on which the Bonds of such Series convert from an interest rate period other than an ARB Interest Rate Period and begin to bear interest at the Auction Period Rate.

"ARB Interest Payment Date" with respect to Bonds of a Series bearing interest at Auction Period Rates, means, notwithstanding anything else in the Indenture to the contrary, the first ARB Interest Payment Date for such Series of Bonds as set forth in Schedule I and thereafter (unless changed by Schedule I) (a) when used with respect to any Auction Period other than a daily Auction Period or a Flexible Auction Period, the Business Day immediately following such Auction Period, (b) when used with respect to a daily Auction Period, the first Business Day of the month immediately succeeding such Auction Period, (c) when used with respect to a Flexible Auction Period of (i) seven or more but fewer than 183 days, the Business Day immediately following such Flexible Auction Period, or (ii) 183 or more days, each semiannual date on which interest on the Bonds would be payable if such Bonds bore interest at a fixed rate of interest and on the Business Day immediately following such Flexible Auction Period, and (d) the date when the final payment of principal of the Bonds of such Series becomes due and payable (whether at stated maturity, upon redemption or acceleration, or otherwise).

"ARB Interest Rate Period" means, for 2007 Series A Bonds, any period of time commencing on the day following the Initial Period and ending on the earlier of the Conversion Date or the day preceding the final maturity date of such Bonds.

The last Business Day of a Flexible Auction Period shall be the Auction Date for the Auction Period which begins on the next succeeding Business Day, if any. On the second Business Day preceding the conversion from a daily Auction Period to another Auction Period, there shall be an Auction for the last daily Auction Period. Notwithstanding the foregoing, if an Auction is for an Auction Period of more than seven days and the Auction Rate on such Auction Date is the ARB Maximum Rate as the result of a lack of Sufficient Clearing Bids, the Auction Period shall automatically convert to a seven-day Auction Period. On the following Auction Date, the Auction shall be conducted for an Auction Period of the same length as the Auction Period prior to such automatic conversion. If such Auction is successful, the Auction Period shall revert to the length prior to the automatic conversion, and, if such Auction is not successful, the Auction Period shall be another seven-day period.

The "Broker-Dealer of record" with respect to any Bond is the Broker-Dealer which placed the Order for such Bond or whom the Existing Owner of such Bond has designated as its Broker-Dealer with respect to such Bond, in each case as reflected in the records of the Auction Agent.

"Broker-Dealer Deadline" means, with respect to an Order, the internal deadline established by the Broker-Dealer through which the Order was placed after which it will not accept Orders or any change in any Order previously placed with such Broker-Dealer; provided, however, that nothing shall prevent the Broker-Dealer from correcting Clerical Errors by the Broker-Dealer with respect to Orders from Bidders after the Broker-Dealer Deadline pursuant to the provisions herein. Any Broker-Dealer may change the time or times of its Broker-Dealer Deadline as it relates to such Broker-Dealer by giving notice not less than two Business Days prior to the date such change is to take effect to Bidders who place Orders through such Broker-Dealer.

"Business Day" in addition to any other definition of "Business Day" included in the Indenture, while Bonds bear interest at the Auction Period Rate, the term Business Day shall not include Saturdays, Sundays, days on which the New York Stock Exchange or its successor is not open for business, days on which the Federal Reserve Bank of New York is not open for business, days on which banking institutions or trust companies located in the state in which the operations of the Auction Agent are conducted are authorized or required to be closed by law, regulation or executive order of the state in which the Auction Agent conducts operations with respect to the Bonds.

Determining whether an error is a "Clerical Error" is within the reasonable judgment of the Broker-Dealer, provided that the Broker-Dealer has a record of the correct Order that shows it was so received or so generated prior to the Broker-Dealer Deadline or the Submission Deadline, as applicable.

"Electronic Means" means, facsimile transmission, email transmission or other similar electronic means of communication providing evidence of transmission, including a telephone communication confirmed by any other method set forth in this definition.

## ARTICLE II

### Auction Procedures

Section 2.01. *Orders by Existing Owners and Potential Owners.* (a) Prior to the Broker-Dealer Deadline for each Series of Bonds on each Auction Date:

(i) each Existing Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, one or more Orders as to:

(A) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period without regard to the Auction Rate for such Auction Period,

(B) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period if the Auction Rate for the next succeeding Auction Period is not less than the rate per annum specified in such Order (and if the Auction Rate is less than such specified rate, the effect of the Order shall be as set forth in paragraph (b)(i)(A) of this Section), and/or

(C) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner offers to sell on the first Business Day of the next succeeding Auction Period (or on the same day in the case of a daily Auction Period) without regard to the Auction Rate for the next succeeding Auction Period; and

(ii) each Potential Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, an Order as to the principal amount of Bonds, which each such Potential Owner offers to purchase if the Auction

Rate for the next succeeding Auction Period is not less than the rate per annum then specified by such Potential Owner.

For the purposes of the Auction Procedures an Order containing the information referred to in clause (i)(A) above is referred to as a "Hold Order," an Order containing the information referred to in clause (i)(B) or (ii) above is referred to as a "Bid," and an Order containing the information referred to in clause (i)(C) above is referred to as a "Sell Order."

No Auction Desk of a Broker-Dealer shall accept as an Order a submission (whether received from an Existing Owner or a Potential Owner or generated by the Broker-Dealer for its own account) which does not conform to the requirements of the Auction Procedures, including, but not limited to, submissions which are not in Authorized Denominations, specify a rate which contains more than three figures to the right of the decimal point or specify an amount greater than the amount of Outstanding Bonds. No Auction Desk of a Broker-Dealer shall accept a Bid or Sell Order which is conditioned on being filled in whole or a Bid which does not specify a specific interest rate.

(b) (i) A Bid by an Existing Owner shall constitute an offer to sell on the first Business Day of the next succeeding Auction Period (or the same day in the case of a daily Auction Period):

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be less than the rate specified in such Bid; or

(B) such principal amount or a lesser principal amount of Bonds to be determined as described in subsection (a)(v) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate; or

(C) a lesser principal amount of Bonds to be determined as described in subsection (b)(iv) of Section 2.05 hereof if such specified rate shall be higher than the ARB Maximum Rate and Sufficient Clearing Bids do not exist.

(ii) A Sell Order by an Existing Owner shall constitute an offer to sell:

(A) the principal amount of Bonds specified in such Sell Order; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (b)(iv) of Section 2.05 hereof if Sufficient Clearing Bids do not exist.

(iii) A Bid by a Potential Owner shall constitute an offer to purchase:

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be higher than the rate specified therein; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (a)(vi) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate.

(c) Anything herein to the contrary notwithstanding:

(i) If an Order or Orders covering all of the Bonds of a particular Series held by an Existing Owner is not submitted to the Broker-Dealer of record for such Existing Owner prior to the Broker-Dealer Deadline, such Broker-Dealer shall deem a Hold Order to have

been submitted on behalf of such Existing Owner covering the principal amount of Bonds held by such Existing Owner and not subject to Orders submitted to such Broker-Dealer; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted to such Broker-Dealer prior to the Broker-Dealer Deadline covering the aggregate principal amount of Bonds of a particular Series to be converted held by such Existing Owner, such Broker-Dealer shall deem a Sell Order to have been submitted on behalf of such Existing Owner covering the principal amount of Bonds to be converted held by such Existing Owner not subject to Orders submitted to such Broker-Dealer.

(ii) for purposes of any Auction, any Order by any Existing Owner or Potential Owner shall be revocable until the Broker-Dealer Deadline, and after the Broker-Dealer Deadline, all such Orders shall be irrevocable, except as provided in Sections 2.02(e)(ii) and 2.02(f); and

(iii) for purposes of any Auction other than during a daily Auction Period, any Bonds sold or purchased pursuant to subsection (b)(i), (ii) or (iii) above shall be sold or purchased at a price equal to 100% of the principal amount thereof; provided that, for purposes of any Auction during a daily Auction Period, such sale or purchase price shall be 100% of the principal amount thereof plus accrued interest to the date of sale or purchase.

Section 2.02. *Submission of Orders by Broker-Dealers to Auction Agent.*

(a) Each Broker-Dealer shall submit to the Auction Agent in writing, or by such Electronic Means as shall be reasonably acceptable to the Auction Agent, prior to the Submission Deadline on each Auction Date for Bonds of a Series, all Orders with respect to Bonds of such Series accepted by such Broker-Dealer in accordance with Section 2.01 above and specifying with respect to each Order or aggregation of Orders pursuant to Section 2.02(b) below:

(i) the name of the Broker-Dealer;

(ii) the number of Bidders placing Orders, if requested by the Auction Agent;

(iii) the aggregate number of Units of Bonds of such Series, if any, that are the subject of such Order, where each Unit is equal to the principal amount of the minimum Authorized Denomination of the Bonds;

(iv) to the extent that such Bidder is an Existing Owner:

(A) the number of Units of Bonds of such Series, if any, subject to any Hold Order placed by such Existing Owner;

(B) the number of Units of Bonds of such Series, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and

(C) the number of Units of Bonds of such Series, if any, subject to any Sell Order placed by such Existing Owner; and

(v) to the extent such Bidder is a Potential Owner, the rate specified in such Bid.

(b) If more than one Bid is submitted to a Broker-Dealer on behalf of any single Potential Owner, the Broker-Dealer shall aggregate each Bid on behalf of such Potential Owner submitted with the same rate and consider such Bids as a single Bid and shall consider each Bid submitted with a different rate a separate Bid with the rate and the number of Units of Bonds specified therein.

A Broker-Dealer may aggregate the Orders of different Potential Owners with those of other Potential Owners on whose behalf the Broker-Dealer is submitting Orders and may aggregate the Orders of different Existing Owners with other Existing Owners on whose behalf the Broker-Dealer is submitting Orders; provided, however, Bids may only be aggregated if the interest rates on the Bids are the same.

(c) None of the the Agency, the Trustee or the Auction Agent shall be responsible for the failure of any Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(d) Nothing contained herein shall preclude a Broker-Dealer from placing an Order for some or all of the Bonds for its own account.

(e) Until the Submission Deadline, a Broker-Dealer may withdraw or modify any Order previously submitted to the Auction Agent (i) for any reason if the Order was generated by the Auction Desk of the Broker-Dealer for the account of the Broker-Dealer or (ii) to correct a Clerical Error in the case of any other Order, including Orders from the Broker-Dealer which were not originated by the Auction Desk.

(f) After the Submission Deadline and prior to the Error Correction Deadline, a Broker-Dealer may:

(i) submit to the Auction Agent an Order received from an Existing Owner, Potential Owner or a Broker-Dealer which is not an Order originated by the Auction Desk, in each case prior to the Broker-Dealer Deadline, or an Order generated by the Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline (provided that in each case the Broker-Dealer has a record of such Order and the time when such Order was received or generated) and not submitted to the Auction Agent prior to the Submission Deadline as a result of (A) an event of force majeure or a technological failure which made delivery prior to the Submission Deadline impossible or, under the conditions then prevailing, impracticable or (B) a Clerical Error on the part of the Broker-Dealer; or

(ii) modify or withdraw an Order received from an Existing Owner or Potential Owner or generated by the Broker-Dealer (whether generated by the Broker-Dealer's Auction Desk or elsewhere within the Broker-Dealer) for its own account and submitted to the Auction Agent prior to the Submission Deadline or pursuant to clause (i) above, if the Broker-Dealer determines that such Order contained a Clerical Error on the part of the Broker-Dealer.

In the event a Broker-Dealer makes a submission, modification or withdrawal pursuant to this Section 2.02(f) and the Auction Agent has already run the Auction, the Auction Agent shall rerun the Auction, taking into account such submission, modification or withdrawal. Each submission, modification or withdrawal of an Order submitted pursuant to this Section 2.02(f) by a Broker-Dealer after the Submission Deadline and prior to the Error Correction Deadline shall constitute a representation by the Broker-Dealer that (A) in the case of a newly submitted Order or portion thereof or revised Order, the failure to submit such Order prior to the Submission Deadline resulted from an event described in clause (i) above and such Order was received from an Existing

Owner or Potential Owner or is an Order received from the Broker-Dealer that was not originated by the Auction Desk, in each case, prior to the Broker-Dealer Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline or (B) in the case of a modified or withdrawn Order, such Order was received from an Existing Owner, a Potential Owner or the Broker-Dealer which was not originated by the Auction Desk prior to the Broker-Dealer Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline and such Order as submitted to the Auction Agent contained a Clerical Error on the part of the Broker-Dealer and that such Order has been modified or withdrawn solely to effect a correction of such Clerical Error, and in the case of either (A) or (B), as applicable, the Broker-Dealer has a record of such Order and the time when such Order was received or generated. The Auction Agent shall be entitled to rely conclusively (and shall have no liability for relying) on such representation for any and all purposes of the Auction Procedures.

(g) If after the Auction Agent announces the results of an Auction, a Broker-Dealer becomes aware that an error was made by the Auction Agent, the Broker-Dealer shall communicate such awareness to the Auction Agent prior to 5:00 p.m. New York City time on the Auction Date (or 2:00 pm. New York City time in the case of Bonds in a daily Auction Period). If the Auction Agent determines there has been such an error (as a result of either a communication from a Broker-Dealer or its own discovery) prior to 3:00 p.m. New York City time on the first day of the Auction Period with respect to which such Auction was conducted, the Auction Agent shall correct the error and notify each Broker-Dealer that submitted Bids or held a position in Bonds in such Auction of the corrected results.

(h) Nothing contained herein shall preclude the Auction Agent from:

(i) advising a Broker-Dealer prior to the Submission Deadline that it has not received Sufficient Clearing Bids for the Bonds; provided, however, that if the Auction Agent so advises any Broker-Dealer, it shall so advise all Broker-Dealers; or

(ii) verifying the Orders of a Broker-Dealer prior to or after the Submission Deadline; provided, however, that if the Auction Agent verifies the Orders of any Broker-Dealer, it shall verify the Orders of all Broker-Dealers requesting such verification.

Section 2.03. *Treatment of Orders by the Auction Agent.* Anything herein to the contrary notwithstanding:

(a) If the Auction Agent receives an Order which does not conform to the requirements of the Auction Procedures, the Auction Agent may contact the Broker-Dealer submitting such Order until one hour after the Submission Deadline and inform such Broker-Dealer that it may resubmit such Order so that it conforms to the requirements of the Auction Procedures. Upon being so informed, such Broker-Dealer may correct and resubmit to the Auction Agent any such Order that, solely as a result of a Clerical Error on the part of such Broker-Dealer, did not conform to the requirements of the Auction Procedures when previously submitted to the Auction Agent. Any such resubmission by a Broker-Dealer shall constitute a representation by such Broker-Dealer that the failure of such Order to have so conformed was solely as a result of a Clerical Error on the part of such Broker-Dealer. If the Auction Agent has not received a corrected conforming Order within one hour and fifteen minutes of the Submission Deadline, the Auction Agent shall, if and to the extent applicable, adjust or apply such Order, as the case may be, in conformity with the provisions of subsections (b), (c) or (d) of this Section 2.03 and, if the Auction Agent is unable to so adjust or apply such Order, the Auction Agent shall reject such Order.

(b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth of one percent (0.001%).

(c) If one or more Orders covering in the aggregate more than the number of Units of Outstanding Bonds of a particular Series are submitted by a Broker-Dealer to the Auction Agent, such Orders shall be considered valid in the following order of priority:

(i) all Hold Orders shall be considered Hold Orders, but only up to and including in the aggregate the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record;

(ii) (A) any Bid of a Broker-Dealer shall be considered valid as a Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of the Bonds of such Series subject to Hold Orders referred to in clause (i) above;

(B) subject to clause (A) above, all Bids of a Broker-Dealer with the same rate shall be aggregated and considered a single Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above;

(C) subject to clause (A) above, if more than one Bid with different rates is submitted by a Broker-Dealer, such Bids shall be considered Bids of an Existing Owner in the ascending order of their respective rates up to the amount of the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above; and

(D) the number of Units, if any, of such Bonds of such Series subject to Bids not considered to be Bids for which such Broker-Dealer is the Broker-Dealer of record under this clause (ii) shall be treated as the subject of a Bid by a Potential Owner;

(iii) all Sell Orders shall be considered Sell Orders, but only up to and including the number of Units of Bonds of such Series equal to the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the sum of the number of Units of the Bonds of such Series considered to be subject to Hold Orders pursuant to clause (i) above and the number of Units of Bonds of such Series considered to be subject to Bids for which such Broker-Dealer is the Broker-Dealer of record pursuant to clause (ii) above.

(d) If any Order is for other than an integral number of Units, then the Auction Agent shall round the amount down to the nearest number of whole Units, and the Auction Agent shall conduct the Auction Procedures as if such Order had been submitted in such number of Units.

(e) For purposes of any Auction other than during a daily Auction Period, if an Auction Agent has been notified by the Trustee that any portion of an Order by a Broker-Dealer relates to a Bond which has been called for redemption on or prior to the ARB Interest Payment Date next

succeeding such Auction, the Order shall be invalid with respect to such portion and the Auction Agent shall conduct the Auction Procedures as if such portion of such Order had not been submitted.

(f) For purposes of any Auction other than during a daily Auction Period, no portion of a Bond which the Auction Agent has been notified by the Trustee has been called for redemption on or prior to the ARB Interest Payment Date next succeeding such Auction shall be included in the calculation of Available Bonds for such Auction.

(g) If an Order or Orders covering all of the Bonds of a particular Series is not submitted by a Broker-Dealer of record prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds for which such Broker-Dealer is the Broker-Dealer of record and not subject to Orders submitted to the Auction Agent; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted by such Broker-Dealer prior to the Submission Deadline covering the number of Units of Bonds of a particular Series to be converted for which such Broker-Dealer is the Broker-Dealer of record, the Auction Agent shall deem a Sell Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds to be converted for which such Broker-Dealer is the Broker-Dealer of record not subject to Orders submitted by such Broker-Dealer.

Section 2.04. *Determination of Auction Period Rate.* (a) If requested by the Trustee or a Broker-Dealer, not later than 10:30 a.m., New York City time (or such other time as may be agreed to by the Auction Agent and all Broker-Dealers), on each Auction Date for each Series of Bonds, the Auction Agent shall advise such Broker-Dealer (and thereafter confirm to the Trustee, if requested) of the All Hold Rate, the Index and, if the ARB Maximum Rate is not a fixed interest rate, the ARB Maximum Rate. Such advice, and confirmation, shall be made by telephone or other Electronic Means acceptable to the Auction Agent.

(b) Promptly after the Submission Deadline for each Series of Bonds on each Auction Date, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, and collectively as a "Submitted Order") and shall determine (i) the Available Bonds, (ii) whether there are Sufficient Clearing Bids, and (iii) the Auction Rate.

(c) In the event the Auction Agent shall fail to calculate or, for any reason, fails to provide the Auction Rate on the Auction Date, for any Auction Period (i) if the preceding Auction Period was a period of 35 days or less, (A) a new Auction Period shall be established for the same length of time as the preceding Auction Period, if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension, and (ii) if the preceding Auction Period was a period of greater than 35 days, (A) a new Auction Period shall be established for a period that ends on the seventh day following the day that was the last day of the preceding Auction Period,

(or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension. In the event a new Auction Period is established as set forth in clause (ii) (A) above, an Auction shall be held on the last Business Day of the new Auction Period to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the new Auction Period and ending on the date on which the Auction Period otherwise would have ended had there been no new Auction Period or Auction Periods subsequent to the last Auction Period for which a Winning Bid Rate had been determined. In the event an Auction Period is extended as set forth in clause (i) (B) or (ii) (B) above, an Auction shall be held on the last Business Day of the Auction Period as so extended to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the extended Auction Period and ending on the date on which the Auction Period otherwise would have ended had there been no extension of the prior Auction Period.

Notwithstanding the foregoing, neither new nor extended Auction Periods shall total more than 35 days in the aggregate. If at the end of the 35 days the Auction Agent fails to calculate or provide the Auction Rate, or there is not at the time a duly appointed and acting Auction Agent or Broker-Dealer, the Auction Period Rate shall be the ARB Maximum Rate.

(d) In the event of a failed conversion from an Auction Period to any other period or in the event of a failure to change the length of the current Auction Period due to the lack of Sufficient Clearing Bids at the Auction on the Auction Date for the first new Auction Period, the Auction Period Rate for the next Auction Period shall be the ARB Maximum Rate and the Auction Period shall be a seven-day Auction Period. In the event that the 2007 Series A Bonds bear interest at the ARB Maximum Rate for the lesser of 3 consecutive Auction periods or 90 days, the Agency will use best efforts to cause a conversion to another Auction Period or an Interest Rate Period acceptable to the 2007 Series A Bond Insurer.

(e) If the Bonds are no longer maintained in book-entry-only form by the Securities Depository, then the Auctions shall cease and the Auction Period Rate shall be the ARB Maximum Rate.

Section 2.05. *Allocation of Bonds.*

(a) In the event of Sufficient Clearing Bids for a Series of Bonds, subject to the further provisions of subsections (c) and (d) below, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Sell Order of each Existing Owner shall be accepted and the Submitted Bid of each Existing Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected, thus requiring each such Existing Owner to sell the Bonds that are the subject of such Submitted Sell Order or Submitted Bid;

(iii) the Submitted Bid of each Existing Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Bid of each Potential Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(v) the Submitted Bid of each Existing Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid, but only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii) or (iv) above by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate, and the remainder, if any, of such Submitted Bid shall be rejected, thus requiring each such Existing Owner to sell any excess amount of Bonds;

(vi) the Submitted Bid of each Potential Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid, but only in an amount equal to the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii), (iv) or (v) above by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds subject to such Submitted Bid and the denominator of which shall be the sum of the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate, and the remainder of such Submitted Bid shall be rejected; and

(vii) the Submitted Bid of each Potential Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected.

(b) In the event there are not Sufficient Clearing Bids for a Series of Bonds, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Bid of each Existing Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iii) the Submitted Bid of each Potential Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Sell Orders of each Existing Owner shall be accepted as Submitted Sell Orders and the Submitted Bids of each Existing Owner specifying any rate that is higher than the ARB Maximum Rate shall be deemed to be and shall be accepted as Submitted Sell Orders, in both cases only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Bonds subject to Submitted Bids described in clause (iii) of this subsection (b) by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds held by such Existing Owner subject to such Submitted Sell Order or such Submitted Bid deemed to be a Submitted Sell Order and the denominator of which shall be the number of Units of Outstanding Bonds subject to all such Submitted Sell Orders and such Submitted Bids deemed to be Submitted Sell Orders, and the remainder of each such Submitted Sell Order or Submitted Bid shall be deemed to be and shall be accepted as a Hold Order and each such Existing Owner shall be required to continue to hold such excess amount of Bonds; and

(v) the Submitted Bid of each Potential Owner specifying any rate that is higher than the ARB Maximum Rate shall be rejected.

(c) If, as a result of the undertakings described in Section 2.05(a) or (b) above, any Existing Owner or Potential Owner would be required to purchase or sell an aggregate principal amount of the Bonds that is not an integral multiple of an Authorized Denomination on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, round up or down the principal amount of the Bonds to be purchased or sold by any Existing Owner or Potential Owner on such Auction Date so that the aggregate principal amount of the Bonds purchased or sold by each Existing Owner or Potential Owner on such Auction Date shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Existing Owners or Potential Owners not purchasing or selling any Bonds on such Auction Date.

(d) If, as a result of the undertakings described in Section 2.05(a) above, any Potential Owner would be required to purchase less than an Authorized Denomination in principal amount of the Bonds on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, allocate the Bonds for purchase among Potential Owners so that the principal amount of the Bonds purchased on such Auction Date by any Potential Owner shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing the Bonds on such Auction Date.

Section 2.06. *Notice of Auction Period Rate.* (a) On each Auction Date, the Auction Agent shall notify each Broker-Dealer that participated in the Auction held on such Auction Date by Electronic Means acceptable to the Auction Agent and the applicable Broker-Dealer of the following, with respect to each Series of Bonds for which an Auction was held on such Auction Date:

(i) the Auction Period Rate determined on such Auction Date for the succeeding Auction Period;

(ii) whether Sufficient Clearing Bids existed for the determination of the Winning Bid Rate;

(iii) if such Broker-Dealer submitted a Bid or a Sell Order on behalf of an Existing Owner, whether such Bid or Sell Order was accepted or rejected and the number of Units of Bonds, if any, to be sold by such Existing Owner;

(iv) if such Broker-Dealer submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected and the number of Units of Bonds, if any, to be purchased by such Potential Owner;

(v) if the aggregate number of Units of the Bonds to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted Bids or Sell Orders is different from the aggregate number of Units of Bonds to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Broker-Dealers (and the Agent Member, if any, of each such other Broker-Dealer) and the number of Units of Bonds to be (A) purchased from one or more Existing Owners on whose behalf such other Broker-Dealers submitted Bids or Sell Orders or (B) sold to one or more Potential Owners on whose behalf such Broker-Dealer submitted Bids; and

(vi) the immediately succeeding Auction Date.

(b) On each Auction Date, with respect to each Series of Bonds for which an Auction was held on such Auction Date, each Broker-Dealer that submitted an Order on behalf of any Existing Owner or Potential Owner shall: (i) if requested by an Existing Owner or a Potential Owner, advise such Existing Owner or Potential Owner on whose behalf such Broker-Dealer submitted an Order as to (A) the Auction Period Rate determined on such Auction Date, (B) whether any Bid or Sell Order submitted on behalf of such Owner was accepted or rejected and (C) the immediately succeeding Auction Date; (ii) instruct each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Potential Owner's Agent Member to pay to such Broker-Dealer (or its Agent Member) through the Securities Depository the amount necessary to purchase the number of Units of Bonds to be purchased pursuant to such Bid (including, with respect to the Bonds in a daily Auction Period, accrued interest if the purchase date is not an ARB Interest Payment Date for such Bond) against receipt of such Bonds; and (iii) instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted or a Bid that was rejected in whole or in part, to instruct such Existing Owner's Agent Member to deliver to such Broker-Dealer (or its Agent Member) through the Securities Depository the number of Units of Bonds to be sold pursuant to such Bid or Sell Order against payment therefor.

(c) The Auction Agent shall give notice of the Auction Rate to the Agency and Trustee by mutually acceptable Electronic Means and the Trustee shall promptly give notice of such Auction Rate to the Securities Depository.

Section 2.07. *Index.*

(a) If for any reason on any Auction Date the Index shall not be determined as provided in Schedule I, the Index shall be the Index for the Auction Period ending on such Auction Date.

(b) The determination of the Index as provided in Schedule I and herein shall be conclusive and binding upon the Agency, the Trustee, the Broker-Dealers, the Auction Agent and the Owners of the Bonds.

Section 2.08. *Miscellaneous Provisions Regarding Auctions.*

(a) In this Exhibit, each reference to the purchase, sale or holding of Bonds shall refer to beneficial interests in Bonds, unless the context clearly requires otherwise.

(b) During an ARB Interest Rate Period with respect to each Series of Bonds, the provisions of the Indenture and the definitions contained therein and described in this Exhibit, including without limitation the definitions of All Hold Rate, Index, ARB Interest Payment Date, ARB Maximum Rate, Auction Period Rate and Auction Rate, may be amended as follows pursuant to the Indenture by obtaining the consent of the owners of all affected Outstanding Bonds bearing interest at the Auction Period Rate, provided that, if any such amendment shall affect the rights or obligations of the Owners or the 2007 Series A Bond Insurer, such change shall require the prior written consent of the 2007 Series A Bond Insurer. If on the first Auction Date occurring at least 20 days after the date on which the Trustee mailed notice of such proposed amendment to the registered owners of the affected Outstanding Bonds as required by the Indenture, (i) the Auction Period Rate which is determined on such date is the Winning Bid Rate or the All Hold Rate and (ii) there is delivered to the Agency, the 2007 Series A Bond Insurer and the Trustee an opinion of Bond Counsel to the effect that such amendment shall not adversely affect the validity of the Bonds or any exemption from federal income taxation to which the interest on the Bonds would otherwise be entitled, the proposed amendment shall be deemed to have been consented to by the registered owners of all affected Outstanding Bonds bearing interest at an Auction Period Rate.

(c) If the Securities Depository notifies the Trustee that it is unwilling or unable to continue as registered owner of the Bonds or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor to the Securities Depository is not appointed by the Trustee within 90 days after the Trustee receives notice or becomes aware of such condition, as the case may be, the Auctions shall cease and the Agency shall execute and the Trustee shall authenticate and deliver certificates representing the Bonds. Such Bonds shall be registered in such names and Authorized Denominations as the Securities Depository, pursuant to instructions from the Agent Members or otherwise, shall instruct the Agency and the Trustee.

During an ARB Interest Rate Period, so long as the ownership of the Bonds is maintained in book-entry form by the Securities Depository, an Existing Owner or a beneficial owner may sell, transfer or otherwise dispose of a Bond only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or to or through a Broker-Dealer, provided that (i) in the case of all transfers other than pursuant to Auctions, such Existing Owner or its Broker-Dealer or its Agent Member advises the Auction Agent of such transfer and (ii) a sale, transfer or other disposition of Bonds from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such Bonds to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph if such Broker-Dealer remains the Existing Owner of the Bonds so sold, transferred or disposed of immediately after such sale, transfer or disposition.

Section 2.09. *Changes in Auction Period or Auction Date.*

(a) Changes in Auction Period.

(i) During any ARB Interest Rate Period, the Agency, may, from time to time on the ARB Interest Payment Date immediately following the end of any Auction Period, change the length of the Auction Period with respect to all of the Bonds of a Series among daily, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by such Bonds. The Agency shall initiate the change in the length of the Auction Period by giving written notice to the 2007 Series A Bond Insurer, the Trustee, the Auction Agent, the Broker-Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least 10 Business Days prior to the Auction Date for such Auction Period.

(ii) Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period and shall be for all of the Bonds of such Series.

(iii) The change in length of the Auction Period shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for such new Auction Period. For purposes of the Auction for such new Auction Period only, except to the extent any Existing Owner submits an Order with respect to such Bonds of any Series, each Existing Owner shall be deemed to have submitted Sell Orders with respect to all of its Bonds of such Series if the change is to a longer Auction Period and a Hold Order if the change is to a shorter Auction Period. If there are not Sufficient Clearing Bids for the first Auction Period, the Auction Rate for the new Auction Period shall be the ARB Maximum Rate, and the Auction Period shall be a seven-day Auction Period.

(b) Changes in Auction Date. During any ARB Interest Rate Period, the Auction Agent, at the direction of the Agency, may specify an earlier or later Auction Date (but in no event more than five Business Days earlier or later) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne by the Bonds. The Auction Agent shall provide notice of the Agency's direction to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, the Agency and the Broker-Dealers with a copy to the Securities Depository. In the event the Auction Agent is instructed to specify an earlier Auction Date, the days of the week on which an Auction Period begins and ends, the day of the week on which a Flexible Auction Period ends and the ARB Interest Payment Date relating to a Flexible Auction Period shall be adjusted accordingly.

(c) Changes Resulting from Unscheduled Holidays. If, in the opinion of the Auction Agent and the Broker-Dealers, there is insufficient notice of an unscheduled holiday to allow the efficient implementation of the Auction Procedures set forth herein, the Auction Agent and the Broker-Dealers may, as they deem appropriate, set a different Auction Date and adjust any ARB Interest Payment Dates and Auction Periods affected by such unscheduled holiday. In the event there is not agreement among the Broker-Dealers, the Auction Agent shall set the different Auction Date

and make such adjustments as directed by a majority of the Broker-Dealers, and, if there is not a majority, as the Auction Agent in its sole discretion shall determine is appropriate.

**2. *The Auction.***

2.1 Purpose; Incorporation by Reference of Auction Procedures.

(a) The Indenture provides that the interest rate on the Bonds for each Auction Period after the Initial Period, except as provided in Section 2.04 of the Auction Procedures, shall equal the Auction Rate that an Auction Agent appointed by the Trustee determines to have resulted from implementation of the Auction Procedures. The Trustee, at the written direction of the Agency, hereby appoints Wells Fargo Bank, N.A. as Auction Agent for purposes of the Auction Procedures and to perform such other obligations and duties as are set forth herein and in each Broker-Dealer Agreement, in each case, specified to be performed by the Auction Agent, provided however, that the Trustee shall have no responsibility for the Auction Agent or the Auction Agent's performance or conduct under this Agreement. The Auction Agent hereby accepts such appointment as Auction Agent and agrees that, on each Auction Date, it shall follow the procedures set forth in the Auction Procedures for the purpose of, among other things, determining the Auction Period Rate for each Auction Period (other than the Initial Period).

(b) Subject to Section 4.1(a), all of the provisions contained in the Auction Procedures are incorporated herein by reference in their entirety and shall be deemed to be a part hereof to the same extent as if such provisions were fully set forth herein. No amendment to the Auction Procedures shall be effective without the consent of the parties hereto.

2.2 Preparation for Each Auction; Maintenance of Registry of Existing Owners; and Redemptions.

(a) Prior to each Auction Date in which a Broker-Dealer will participate, the Agency shall provide the Auction Agent with a manually signed Broker-Dealer Agreement executed by such Broker-Dealer, if not previously so provided. The Auction Agent shall maintain a current registry of Persons that are Existing Owners (such registry being herein called the "Existing Owner Registry"). Such Persons shall constitute the Existing Owners for purposes of each Auction. The Auction Agent may conclusively rely upon, as evidence of the identities of the Existing Owners, (i) the results of each Auction, and (ii) notices from any Existing Owner as described in the first sentence of Section 2.2(c).

(b) The Trustee shall notify the Auction Agent when any notice of redemption or defeasance on the date received is sent to the Securities Depository as Holder of the Bonds. Prior to sending the notice, the Trustee shall verify with the Auction Agent the lottery publication date to be used in the notice. In the event the Auction Agent receives written notice from the Trustee of any redemption or defeasance of any Bonds, the Trustee shall, at least three Business Days prior to the redemption date, or defeasance date, as applicable, with respect to such Bonds, request the Securities Depository to notify the Auction Agent of the identities of the

Participants (and the respective principal amounts) from the accounts of Bonds have been called for redemption or defeasance and at least one Business Day prior to the redemption date, or defeasance date, as applicable, with respect to Bonds being partially redeemed or defeased, the Auction Agent shall request each eligible Broker-Dealer to disclose to the Auction Agent (upon selection by such Participant of the Existing Owners whose Bonds are to be redeemed or defeased) the aggregate principal amount of such Bonds of each such Existing Owner, if any, to be redeemed or defeased. By the close of business on the day the Auction Agent receives any notice pursuant to this paragraph (b), the Auction Agent shall forward the contents of such notice to the related Broker-Dealer by Electronic Means.

(c) The Auction Agent shall register in the Existing Owner Registry a transfer of Bonds from an Existing Owner to another Person only if (i) such transfer is pursuant to an Auction or (ii) if such transfer is made other than pursuant to an Auction, the Auction Agent has been notified in writing, which may be in Electronic Means acceptable to the Auction Agent, by the Existing Owner that is the transferor of such transfer. The Auction Agent is not required to accept any notice of transfer delivered prior to an Auction unless it is received by the Auction Agent by 11:00 a.m. on the Auction Date on which the applicable Auction is taking place.

2.3 Public Dissemination of Auction Results.

The Auction Agent, unless instructed otherwise by the Agency, is authorized (but not required) to release the Winning Bid Rate after each Auction for public dissemination.

2.4 Notices to Existing Owners.

The Auction Agent shall be entitled to conclusively rely upon the address of each Existing Owner as such address is delivered by such Existing Owner in connection with any notice to Existing Owner required to be given by the Auction Agent.

2.5 Broker-Dealers.

(a) If the Auction Agent is provided with a copy of a Broker-Dealer Agreement, which has been manually signed with any Broker-Dealer listed on Exhibit C hereto, then the Auction Agent shall enter into such Broker-Dealer Agreement with such Person.

(b) The Auction Agent may, at the written direction of the Agency, enter into a Broker-Dealer Agreement with any other Person who requests to be selected to act as a Broker-Dealer. The Auction Agent shall enter into a Broker-Dealer Agreement with each Broker-Dealer prior to the participation of any such Broker-Dealer in any Auction. The Auction Agent shall only be required to enter into a Broker-Dealer Agreement if such Broker-Dealer Agreement is in substantially the form attached hereto as Exhibit B and has been duly executed and delivered by the proposed Broker-Dealer. The Auction Agent shall also be entitled to request and receive an incumbency certificate and specimen signatures from such Broker-Dealer and may refuse to act upon any direction from a representative of a Broker-Dealer that has not submitted an incumbency certificate and specimen signatures.

(c) The Auction Agent shall terminate any Broker-Dealer Agreement as set forth therein if so directed by the Trustee in writing, the Trustee acting at the written direction of the Agency (of which a copy shall be provided to the Auction Agent).

2.6 Access to and Maintenance of Auction Records.

The Auction Agent shall afford to the Trustee and the Agency, and their respective agents, independent public accountants and counsel, upon prior reasonable notice, access at reasonable times during normal business hours to review and make extracts or copies (in all cases at the Agency's sole cost and expense) of all books, records, documents and other information concerning the conduct and results of Auctions, provided that any such agent, accountant, or counsel shall furnish the Auction Agent with a letter from the Trustee or the Agency requesting that the Auction Agent afford such Person access. The Auction Agent shall maintain records relating to any Auction for a period of at least two years after such Auction (unless requested by the Agency to maintain such records for a longer period, or for such longer period as may be required by the Auction Agent's internal policies and procedures, or applicable law or regulation, then for such longer period), and such records shall, in reasonable detail, accurately and fairly reflect the actions taken by the Auction Agent hereunder. The Trustee agrees to keep any information regarding the customers of any Broker-Dealer received from the Auction Agent in connection with this Agreement or any Auction confidential and shall not disclose such information or permit the disclosure of such information without the prior written consent of the applicable Broker-Dealer to anyone unless required to do so by any rule or regulation except such agent, accountant or counsel engaged to audit or review the results of Auctions, or to its internal and external auditors and counsel, its regulators and examiners and any other Person if the Trustee has been advised by its counsel that it may be liable for a failure to effect such disclosure or if ordered to do so pursuant to a subpoena, civil investigative demand or similar demand by a court of competent jurisdiction or regulatory, judicial, quasi-judicial agent or authority having the authority to mandate such disclosure. Any such agent, accountant or counsel engaged to audit or review the results of Auctions, before having access to such information, shall agree to keep such information confidential and not to disclose such information or permit disclosure of such information without the prior written consent of the applicable Broker-Dealer, except as may otherwise be required by law. The Auction Agent shall not be responsible for any actions of the Trustee, the Agency, or their respective agents, accountants or counsel for passing on confidential information as a result of access to records of the Auction Agent.

2.7 Membership in the Securities Depository.

As of the date hereof, the Auction Agent is a member of, or participant in, the Securities Depository. The Auction Agent will provide the Trustee with notice at least 90 days prior to the date, if any, on which it shall resign as a member of, or participant in, the Securities Depository.

2.8 ARS Rate Conversion.

Pursuant to the Indenture, the Agency may cause the interest rate borne by the Bonds to be converted from an Auction Period Rate to an interest rate determined other than

pursuant to the Auction Procedures. Assuming a successful conversion of the Bonds to an interest rate determined other than pursuant to the Auction Procedures, and assuming the Auction Agent has not received a notice of a failed conversion from the Agency, the Auction Agent shall no longer conduct Auctions with respect to the Bonds. If, however, in such case the Auction Agent receives a notice of a failed conversion, the Auction Agent shall follow the provisions of Section 2.04(d) of the Auction Procedures. Upon the conversion of the Bonds to bear interest at an interest rate determined other than pursuant to the Auction Procedures, this Agreement shall automatically terminate; provided, however, in any case, the provisions of Section 3.4 hereof shall survive any such termination.

2.9 Notice of Conversion.

At least five days prior to a proposed Conversion Date, the Trustee shall send a copy of any notice received pursuant to Article II of the Indenture to the Securities Depository and the Auction Agent. At the expense of the Agency, the Trustee shall make available or cause to be made available to the Securities Depository such other information as the Securities Depository may reasonably require in order to effect the exchange of Bonds bearing interest at an Auction Period Rate for Bonds bearing interest at an interest rate determined other than pursuant to the Auction Procedures.

**3. *The Auction Agent.***

3.1 Duties and Responsibilities.

(a) The Auction Agent is acting solely as a non-fiduciary agent for the Trustee hereunder and owes no duties, fiduciary or otherwise, to any other Person except as otherwise expressly provided in Section 4.5, and no implied duties, fiduciary or otherwise, shall be read into this Agreement against the Auction Agent.

(b) The Auction Agent undertakes to perform such duties and only such duties as are specifically set forth in this Agreement or incorporated herein by reference from the Auction Procedures or a Broker-Dealer Agreement, and no implied covenants or obligations shall be read into this Agreement or the Auction Procedures against the Auction Agent.

(c) In the absence of willful misconduct or gross negligence on its part, the Auction Agent shall not be liable for any action taken, suffered or omitted or for any error of judgment made by it in the performance of its duties under this Agreement. The Auction Agent shall not be liable for any error of judgment made in good faith unless the Auction Agent shall have been grossly negligent in ascertaining (or failing to ascertain) the pertinent facts.

(d) The Auction Agent shall not be responsible or liable for any failure or delay in the performance of its obligation under this Agreement arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including, without limitation, acts of God; earthquakes; fire; flood; wars; terrorism; similar military disturbances; sabotage; epidemic; riots; interruptions; loss or malfunctions of utilities, computer (hardware or software) or communications services; accidents; labor disputes; acts of civil or military authority or governmental action; it being understood that the Auction Agent shall use commercially

reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as reasonably practicable under the circumstances.

(e) The Auction Agent shall not be: (i) required to and does not make any representations nor have any responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, other than its own, on any document delivered pursuant to or as contemplated by this Auction Agreement or any Broker-Dealer Agreement; (ii) obligated to take any legal action hereunder that might, in its judgment, involve any expenses or liability, unless it has been furnished with indemnity satisfactory to the Auction Agent; and (iii) responsible for or liable in any respect on account of the identity, authority or rights of any Person executing or delivering or purporting to execute or deliver any document under this Auction Agreement or any Broker-Dealer Agreement.

(f) Anything in this Agreement to the contrary notwithstanding, in no event shall the Auction Agent be liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including but not limited to lost profits), even if the Auction Agent has been advised of the likelihood of such loss or damage and regardless of the form of action.

3.2 Rights of the Auction Agent.

(a) The Auction Agent may conclusively rely and shall be fully protected in acting or refraining from acting upon any communication authorized hereby and upon any written instruction, notice, request, direction, consent, report, certificate, bond certificate or other instrument, paper or document reasonably believed by it to be genuine. The Auction Agent shall not be liable for acting upon any communication made by telephone or other Electronic Means acceptable to the parties and authorized hereby which the Auction Agent believes in good faith to have been given by the Trustee, a Broker-Dealer, the Agency or the Securities Depository. The Auction Agent may record telephone communications with the Agency, the Trustee or with the Broker-Dealers or any one or more of them.

(b) The Auction Agent may consult with counsel of its choice, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Auction Agent shall not be required to advance, expend or risk its own funds or otherwise incur or become exposed to financial liability in the performance of its duties hereunder.

(d) The Auction Agent may perform its duties and exercise its rights hereunder either directly or by or through agents or attorneys and shall not be responsible for misconduct or negligence on the part of, or for the supervision of, any agent or attorney appointed by it with due care hereunder.

(e) The Auction Agent shall have no obligation or liability in respect of the registration or exemption therefrom of the Bonds (or any beneficial ownership interest therein) under federal or state securities laws in respect of the sufficiency or the conformity of any transfer of the Bonds to the terms of the Auction Agreement, any Broker-Dealer Agreement, the

Indenture or any other document contemplated by any thereof, including, but not limited to, compliance with such laws in regards to any such transfer.

(f) Any Person into which the Auction Agent may be merged or converted or with which it may be consolidated or any Person resulting from any merger, conversion, or consolidation to which the Auction Agent shall be a party, or any Person succeeding to all or substantially all of the auction agent business of the Auction Agent shall be the successor of the Auction Agent hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto, except where any instrument of transfer or assignment is required by law to effect such succession, anything herein to the contrary notwithstanding.

3.3 Auction Agent's Disclaimer.

Each of the Auction Agent and the Trustee makes no representation as to, and shall have no liability with respect to, the correctness of the recitals in, or the validity with respect to parties other than the Auction Agent or the Trustee, as the case may be, the accuracy or adequacy of this Agreement, the Broker-Dealer Agreement, the Indenture, the Bonds or the Official Statement or any other offering material used in connection with the offer and sale of the Bonds or any other agreement or instrument executed in connection with the transactions contemplated herein or in any thereof.

3.4 Compensation, Expenses and Indemnification Relating to the Auction Agent.

(a) The Agency shall pay (i) the Auction Agent Acceptance Fee on the date of payment for and delivery of the Bonds, (ii) the first annual Auction Agent Fee for the Bonds on the Closing Date and annually thereafter beginning with the first anniversary of the Closing Date, and (iii) upon request of the Auction Agent, reasonable expenses, disbursements and advances incurred or made by the Auction Agent in accordance with this Agreement and any Broker-Dealer Agreement (including the compensation, expenses and disbursements of its agents and counsel), except any expense, disbursement or advance attributable to the gross negligence or willful misconduct of the Auction Agent. The Auction Agent Fee represents compensation for the services of the Auction Agent in conducting Auctions. The Auction Agent Fee may be adjusted from time to time with the approval of the Agency upon a written request of the Auction Agent delivered to the Agency.

(b) The Agency shall indemnify the Auction Agent, its directors, officers, agents and employees, for, and hold it and each of them harmless against any loss, liability or expense without willful misconduct or gross negligence on its part arising out of or in connection with its agency under this Agreement and the Broker-Dealer Agreements, or the transactions contemplated hereby or thereby, including the costs and expenses of defending itself, its directors, officers, agents and employees, against any claim or liability in connection with its exercise or performance of any of its duties hereunder or thereunder.

(c) This Section 3.4 shall survive the termination of this Agreement, the satisfaction and discharge of the Bonds and the earlier removal or resignation of the Auction Agent.

3.5 Compensation of the Broker-Dealers.

On each Interest Payment Date, the Auction Agent shall pay the Broker-Dealer Fee out of funds provided to it for that purpose by the Agency or the Trustee payable to each Broker-Dealer on such Interest Payment Date, as provided in Section 2.5 of the Broker-Dealer Agreements.

**4. *Miscellaneous.***

4.1 Terms of Agreement.

(a) This Agreement shall terminate on the earlier of (i) the date on which the Bonds are no longer subject to the Auction Procedures and (ii) the date on which this Agreement is terminated in accordance with this Section 4.1. The Auction Agent may terminate this Agreement upon written notice to the Trustee, the Agency, MBIA Insurance Corporation (the "Bond Insurer") and the Agency on the date specified in such notice, which date shall be no earlier than 60 days after the date of delivery of such notice. Notwithstanding the foregoing, the provisions of this Agreement (except as provided in Section 4.1(b) below) shall terminate upon the delivery of certificates representing the Bonds pursuant to Section 2.08(c) of the Auction Procedures. Notwithstanding the foregoing, the Auction Agent may terminate this Agreement upon 30 days' prior written notice to the Agency, the Bond Insurer, and the Trustee if it has not received payment of any Auction Agent Fee or Auction Agent Acceptance Fee due in accordance with Section 3.4(a) hereof for more than 30 days. The Auction Agent may be removed at any time by the Trustee if the Auction Agent is an entity other than the Trustee, acting at the written direction of the (i) Agency or (ii) the Holders of a majority of the aggregate principal amount of the Bonds by an instrument signed by the Trustee and filed with the Auction Agent and the Agency upon at least 90 days notice; provided that an agreement in substantially the form of the Auction Agency Agreement shall be entered into with a successor Auction Agent. If the Auction Agent and the Trustee are the same entity, the Auction Agent may be removed as described above, with the Agency acting in lieu of the Trustee.

(b) Except as otherwise provided in this Section 4.1(b), the respective rights and duties of the Trustee and the Auction Agent under this Agreement shall cease upon termination of this Agreement. The obligations of the Agency to the Auction Agent under Section 3.4 shall survive the termination of this Agreement. Upon termination of this Agreement, the Broker-Dealer Agreements shall automatically terminate and the Auction Agent shall (i) promptly deliver to the Agency copies of all books and records maintained by it in connection with its duties hereunder if so requested in writing, and (ii) at the request of the Trustee promptly transfer to the Trustee or any successor Auction Agent any funds deposited by the Agency with the Auction Agent pursuant to this Agreement which have not previously been distributed by the Auction Agent in accordance with this Agreement.

4.2 Agency's Obligations.

Notwithstanding anything herein to the contrary, the Agency's payment obligations hereunder are payable as additional required payments under the Indenture.

4.3 Communications.

Except for communications authorized to be made by Electronic Means pursuant to this Agreement or the Auction Procedures all notices, requests and other communications to any party hereunder shall be in writing (which may be by facsimile) and shall be given to such party addressed to it at its address, facsimile number or email address set forth below and, where appropriate, reference the particular Auction to which such notice relates:

4.4 Entire Agreement.

This Agreement contains the entire agreement between the parties and the Agency relating to the subject matter hereof, and there are no other representations, endorsements, promises, agreements or understandings, oral, written or inferred between the parties hereto and the Agency relating to the subject matter hereof.

4.5 Benefits.

Nothing herein, express or implied, shall give to any Person, other than the Trustee, the Auction Agent and their respective successors and assigns, any benefit of any legal or equitable right, remedy or claim hereunder. The Agency and the Bond Insurer are intended third-party beneficiaries of the obligations of the Auction Agent hereunder, and such obligations create a duty in the Trustee and the Auction Agent to the Agency to perform such obligations, and the Agency shall have the right to enforce such duty.

4.6 Amendment; Waiver; Successors and Assigns.

(a) This Agreement shall not be deemed or construed to be modified, amended, rescinded, canceled or waived, in whole or in part, except by a written instrument signed by a duly authorized representative of the party to be charged; provided, however, that the prior written consent of an affected third party shall be obtained if the modification, amendment, rescission, cancellation or waiver would affect provisions expressly related to the affected third party.

(b) Failure of either party hereto to exercise any right or remedy hereunder in the event of a breach hereof by the other party or the Agency shall not constitute a waiver of any such right or remedy with respect to any subsequent breach.

(c) The Auction Agent may, but shall have no obligation to, execute any amendment or waiver which, in its sole determination, affects its rights, powers, immunities or indemnities hereunder.

(d) This Agreement shall be binding upon, inure to the benefit of, and be enforceable by, the respective successors and permitted assigns of each of the Trustee and the

Auction Agent. This Agreement may not be assigned by either party hereto absent the prior written consent of the other party, which consent shall not be unreasonably withheld or delayed, except that the Trustee may assign or transfer this Agreement to a successor trustee under the Indenture without the Auction Agent's prior written consent and the Auction Agent may assign or transfer this Agreement to a successor Auction Agent pursuant to Section 3.2(f) hereof, without the Trustee's prior written consent.

4.7 Severability.

If any clause, provision or section hereof shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

4.8 Execution in Counterparts.

This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

4.9 Governing Law; Submission to Jurisdiction; Waiver of Trial by Jury.

This Agreement shall be governed by and construed in accordance with the laws of the State of New York, (including, without limitation, Section 5-1401 of the New York General Obligations Law or any successor to such statute) without regard to conflict of laws principles. THE PARTIES TO THIS AGREEMENT AGREE THAT ALL ACTIONS AND PROCEEDINGS ARISING OUT OF THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY SHALL BE BROUGHT IN A NEW YORK STATE COURT OR THE UNITED STATES DISTRICT COURT IN THE COUNTY AND STATE OF NEW YORK AND, IN CONNECTION WITH ANY SUCH ACTION OR PROCEEDING SUBMIT TO THE EXCLUSIVE JURISDICTION OF, AND VENUE IN, SUCH COURT. TO THE EXTENT PERMITTED BY LAW, EACH OF THE PARTIES HERETO ALSO IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

4.10 Duties and Responsibilities of the Trustee.

(a) The Trustee is acting hereunder solely as agent for the owners and beneficial owners of the Bonds in its capacity as the Trustee under the Indenture, and owes no duties, fiduciary or otherwise, to any other Person by reason of this Agreement, and no implied duties, fiduciary or otherwise, shall be read into this Agreement, and in furtherance and not limitation thereof, the Trustee makes no representation or warranty as to the validity or adequacy of this Agreement, the Broker-Dealer Agreement or any other document related to the sale of the Bonds.

(b) The Trustee undertakes to perform such duties and only such duties as are expressly set forth herein, or expressly incorporated herein by reference pursuant to Section 2.1 hereof, to be performed by it, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

(c) The Trustee shall not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties except as provided in Article VIII of the Indenture. The Trustee shall have the same rights, protections, immunities and indemnities in acting hereunder, as afforded to it in the Indenture. The Trustee shall not have any obligation to pay the fees, costs or expenses of the Auction Agent or any Broker-Dealer.

IN WITNESS WHEREOF, the parties hereto have caused this Auction Agreement to be duly executed and delivered by their proper and duly authorized representatives as of the date first above written.

THIS BROKER-DEALER AGREEMENT, dated July 12, 2007, among (i) WELLS FARGO BANK, N.A. (the "Auction Agent"), a national banking association duly organized and existing under and by virtue of the laws of the United States of America, pursuant to authority granted to the Auction Agent in the Auction Agreement, dated as of July 1, 2007 (the "Auction Agreement"), between Union Bank of California, N.A. (the "Trustee") and the Auction Agent; (ii) RBC CAPITAL MARKETS, INC. (a "BD"); and (iii) RICHMOND COMMUNITY REDEVELOPMENT AGENCY, a public body, corporate and politic, duly organized and existing pursuant to the Community Redevelopment Law of the State of California (the "Agency").

WITNESSETH

WHEREAS, the Agency is issuing $65,400,000 aggregate principal amount of its Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) 2007 Series A (the "Bonds"), maturing on September 1, 2036, pursuant to the Indenture of Trust, as supplemented by the First Supplemental Indenture of Trust, each dated as of July 1, 2007 (together, the "Indenture"), between the Agency and the Trustee; and

WHEREAS, the interest rate on the Bonds will initially be set in accordance with the Auction Procedures; and

WHEREAS, Wells Fargo Bank, N.A. has been appointed as Auction Agent for purposes of the Auction Agreement, and pursuant to Section 2.1 of the Auction Agreement, the Agency has requested and directed the Auction Agent to execute and deliver this Broker-Dealer Agreement; and

WHEREAS, the Auction Procedures require the participation of one or more Broker-Dealers;

NOW, THEREFORE, the Auction Agent, as agent for the Trustee, the BD and the Agency agree as follows:

SECTION 1. DEFINITIONS AND RULES OF CONSTRUCTION.

1.1 *Terms Defined by Reference to the Auction Procedures.* Capitalized terms used herein shall have the respective meanings specified in the Auction Procedures,

1.2 *Additional Terms Defined Herein.* As used herein, the following terms shall have the following meanings, unless the context otherwise requires:

(a) "Auction Procedures" shall mean the procedures for conducting Auctions for the Bonds during an ARS Rate Period as set forth in Exhibit A hereto.

(b) "Authorized Officers" shall mean each Senior Vice President, Vice President, Assistant Vice President and authorized representative of the Auction Agent assigned to the Auction Agent Services Group of its Corporate Trust Services Department and every other officer or employee of the Auction Agent designated as an "Authorized Officer" for purposes hereof in a written communication from the Auction Agent signed by an Authorized Officer and delivered to the Trustee.

(c) "BD Officer" shall mean each officer or employee of BD designated as a "BD Officer" for purposes of this Broker-Dealer Agreement in a communication to the Auction Agent.

(d) "Broker-Dealer Agreement" shall mean this Broker-Dealer Agreement, including Exhibit A hereto, and any substantially similar agreement between the Auction Agent and a Broker-Dealer.

(e) "Broker-Dealer Fee" shall have the meaning set forth in Section 2.5(b) hereof.

(f) "Order Form" shall mean the form by which Orders are to be submitted by any Broker-Dealer on any Auction Date which shall be in a form acceptable to the Auction Agent and may be by Electronic Means or in writing.

1.3 *Rules of Construction.* Unless the context or use indicates another or different meaning or intent, the following rules shall apply to the construction of this Broker-Dealer Agreement:

(a) Words importing the singular number shall include the plural number and vice versa.

(b) The captions and headings herein are solely for convenience of reference and shall neither constitute a part of this Broker-Dealer Agreement nor affect its meaning, construction or effect.

(c) The words "hereof," "herein," "hereto," and other words of similar import refer to this Broker-Dealer Agreement as a whole and not to any particular section or subsection.

(d) All references herein to a particular time of day shall be to New York City time.

(e) Each reference to the purchase, sale or holding of "Bonds" shall refer to beneficial ownership interests in Bonds unless the context clearly requires otherwise.

(f) Any reference herein to Bonds shall be deemed to be a reference to each Series of Bonds. References herein to an Auction and the Auction Procedures shall apply separately to each Series of Bonds.

SECTION 2. THE AUCTION.

2.1 *Incorporation by Reference of Auction Procedures.*

(a) The parties to this Broker-Dealer Agreement agree to comply with the Auction Procedures. No amendment to the Auction Procedures shall be effective without the consent of the parties hereto. In addition if this Broker-Dealer Agreement takes effect following an ARS Conversion Date, BD agrees to set the Initial Rate at the lowest rate which will enable the Bonds to be resold on the ARS Conversion Date at par plus accrued interest, if any.

(b) BD agrees to act as, and assumes the obligations of, and limitations and restrictions placed upon, a Broker-Dealer under this Broker-Dealer Agreement. BD understands that other Persons meeting the requirements specified in the definition of "Broker-Dealer" contained in the Auction Procedures may execute Broker-Dealer Agreements and participate as Broker-Dealers in Auctions.

(c) BD and other Broker-Dealers may participate in Auctions for their own accounts. The Agency may, however, by notice to BD and all other Broker-Dealers, prohibit all of the Broker-Dealers from submitting Bids in Auctions for their own accounts, provided that Broker-Dealers may continue to submit Hold Orders and Sell Orders. Notwithstanding the foregoing, if BD is an affiliate of the Agency it may not submit Bids to purchase Bonds in Auctions for its own account, but may submit Hold Orders and Sell Orders in Auctions with respect to Bonds otherwise acquired for its own account. The Auction Agent shall be under no duty or liability with respect to monitoring compliance with this Section 2.1(c).

2.2 *Preparation for Each Auction.*

(a) Not later than 3:00 P.M. on the Business Day preceding each Auction Date, the Auction Agent shall notify BD of any change in the aggregate principal amount of the Bonds, as of the opening of business on such day by delivering a notice to BD by Electronic Means or other communication acceptable to the parties.

(b) In the event the Auction Date for any Auction shall be changed pursuant to Section 2.09(c) of the Auction Procedures after the Auction Agent has given notice of such Auction Date pursuant to Section 2.06 of the Auction Procedures, the Auction Agent, by such means as the Auction Agent deems practicable, shall promptly give notice of such change to BD. Thereafter, BD shall use its best efforts to promptly notify its customers who are Existing Owners and Potential Owners of which it is aware of such change in the Auction Date.

2.3 *Securities Depository Participant Numbers.*

The Auction Agent may, but shall have no duty to, request, from time to time, BD to provide it with a list of the number of Units and affiliated Securities Depository participant numbers for customers BD believes are Existing Owners. BD shall comply with any such request, and the Auction Agent shall keep confidential any such information, including information received as to the identity of Bidders in any Auction, and shall not disclose any such information so provided to any person other than the Trustee and the Agency, provided that the Auction Agent reserves the right, and is authorized, to disclose any such information if (i) it is

ordered to do so by a court or regulatory, judicial or quasi-judicial agency or authority, (ii) it is advised by its counsel that its failure to do so would be unlawful or (iii) failure to do so would impose upon it any actual or potential loss, claim, damage, liability, or expense for which it has not received indemnity satisfactory to it.

2.4 *Transfers.*

BD shall deliver to the Auction Agent a notice, in a form reasonably acceptable to the Auction Agent, of transfers of Bonds made through BD by an Existing Owner to another Person other than pursuant to an Auction. The Auction Agent is not required to accept any notice delivered pursuant to the terms of the foregoing sentence with respect to an Auction unless it is received by the Auction Agent by 11:00 a.m. on the applicable Auction Date.

Notwithstanding the provisions of Section 2.6(a) hereof, any delivery or non-delivery of Bonds which represents any departure from the results of an Auction, as determined by the Auction Agent, shall be of no effect unless and until the Auction Agent shall have been notified of such delivery or non-delivery in accordance with the terms of this Section 2.4.

2.5 *Compensation.*

(a) The initial Broker-Dealer Fee rate shall equal .25 of 1% per annum. The Broker-Dealer Fee for the Bonds shall be paid by the Auction Agent solely from moneys received from the Agency or the Trustee pursuant to this Section 2.5 or Section 3.5 of the Auction Agreement and represents compensation for the services of the BD in facilitating Auctions for the benefit of the beneficial owners of the Bonds. The Broker-Dealer Fee rate may be adjusted from time to time with the approval of the Agency upon a written request of the Broker-Dealers delivered to the Agency.

(b) While the Bonds are in an Auction Period other than a daily Auction Period on each Interest Payment Date following each Auction Date, each Broker-Dealer shall be entitled to receive an amount equal to the product of (x) .25 of 1% multiplied by (y)(A) if an Auction was held on such Auction Date, the sum of the aggregate principal amount of Bonds that were (1) the subject of a valid Hold Order of an Existing Owner submitted by such Broker-Dealer, (2) the subject of a Submitted Bid of an Existing Owner submitted by such Broker-Dealer and continued to be held by such Existing Owner as a result of such Auction, (3) the subject of a Submitted Bid of a Potential Owner submitted by such Broker-Dealer and were purchased by such Potential Owner as a result of such Auction and (4) deemed to be the subject of a Hold Order by an Existing Owner that were acquired by such Existing Owner from such Broker-Dealer or (B) if an Auction was not held on such Auction Date, the aggregate principal amount of Outstanding Bonds that were acquired by an Existing Owner through such Broker-Dealer, multiplied by (z) a fraction, the numerator of which is (i) if the Auction Period is 180 days or less, the actual number of days in the Auction Period next succeeding such Auction Date or (ii) if the Auction Period is more than 180 days, the number of days in the Auction Period next succeeding such Auction Date calculated on the basis of twelve 30 day months in a year, and in either case the denominator of which is 360.

If the Bonds are in a daily Auction Period each Broker-Dealer shall be entitled to receive on each Interest Payment Date an amount equal to the sum calculated for each Auction Period in the preceding month of the product of (x) .25 of 1% multiplied by (y) the aggregate principal amount of Bonds for each Auction Period that were (1) the subject of a valid Hold Order submitted by such Broker-Dealer, (2) the subject of a Submitted Bid of an Existing Owner submitted by such Broker-Dealer and continued to be held by such Existing Owner as a result of such Auction, (3) the subject of a Submitted Bid of a Potential Owner submitted by such Broker-Dealer and were purchased by such Potential Owner as a result of such Auction, (4) deemed to be the subject of a Hold Order by an Existing Owner that were acquired by such Existing Owner from such Broker-Dealer and (5) if an Auction was not held for any Auction Period, the aggregate principal amount of Outstanding Bonds that were acquired by an Existing Owner through such Broker-Dealer, multiplied by (z) a fraction, the numerator of which is the number of days in the Auction Period and denominator of which is 360.

The Broker-Dealer Fee (the "Broker-Dealer Fee") shall be calculated as set forth in this Section 2.5 by the Auction Agent, which shall be conclusive absent manifest error. Such amounts shall be communicated by the Auction Agent to the Agency and the Trustee by 4:00 P.M., New York City time, on the Business Day immediately preceding each Interest Payment Date. On or before 10:00 A.M. on each Interest Payment Date, the Agency shall pay to the Trustee the Broker-Dealer Fee. By noon on each Interest Payment Date, the Trustee shall deliver to the Auction Agent the amount constituting the Broker-Dealer Fee, by wire transfer of immediately available funds to such account as the Auction Agent may designate. The amount constituting the Broker-Dealer Fee shall be held by the Auction Agent on behalf of the Broker-Dealer and, immediately upon receipt of such fee, the Auction Agent shall deliver such fee to the Broker-Dealer pursuant to the written instructions of the Broker-Dealer. If any Existing Owner who acquired Bonds through a Broker-Dealer transfers any such Bonds to another Person other than through an Auction, the Broker-Dealer for the Bonds so transferred shall continue to be the Broker-Dealer with respect to such Bonds, provided, however, that if the transfer was effected by, or if the transferee is, another Person who has met the requirements specified in the definition of "Broker-Dealer" and executed a Broker-Dealer Agreement, such Person shall be the Broker-Dealer for such Bonds.

2.6 *Settlement.*

(a) If any Existing Owner on whose behalf BD has submitted a Bid or Sell Order that was accepted in whole or in part fails to instruct its Participant to deliver the Bonds subject to such Bid or Sell Order against payment therefor, BD shall instruct such Participant to deliver such Bonds against payment therefor and BD may deliver to the Potential Owner on whose behalf BD submitted a Bid that was accepted in whole or in part a principal amount of the Bonds that is less than the principal amount of the Bonds specified in such Bid to be purchased by such Potential Owner.

(b) The Auction Agent, the Trustee, and the Agency shall have no responsibility or liability with respect to the failure of an Existing Owner, a Potential Owner or its respective Participant to deliver Bonds or to pay for Bonds sold or purchased pursuant to the Auction Procedures or otherwise.

(c) The Auction Agent shall have no duty or liability with respect to enforcement of this Section 2.6.

SECTION 3. THE AUCTION AGENT.

3.1 *Duties and Responsibilities of the Auction Agent.*

(a) The Auction Agent is acting solely as non-fiduciary agent for the Trustee and owes no duties, fiduciary or otherwise, to any other person by reason of this Broker-Dealer Agreement except as expressly set forth herein or in the Auction Agreement, and no implied duties, fiduciary or otherwise, shall be read into this Broker-Dealer Agreement against the Auction Agent.

(b) The Auction Agent undertakes to perform such duties and only such duties as are specifically set forth in the Broker-Dealer Agreement or expressly incorporated herein by reference pursuant to Section 2.1(a) hereof and no implied covenants or obligations shall be read into this Broker-Dealer Agreement against the Auction Agent.

(c) In the absence of willful misconduct or gross negligence on its part, as determined by a court of competent jurisdiction, the Auction Agent, whether acting directly or through agents or attorneys as provided in Section 3.2(d) hereof, shall not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties hereunder. The Auction Agent shall not be liable for any error of judgment made in good faith unless the Auction Agent shall have been grossly negligent in ascertaining (or failing to ascertain) the pertinent facts necessary to make such judgment, as determined by a court of competent jurisdiction.

(d) The Auction Agent shall not be responsible or liable for any failure or delay in the performance of its obligations under this Broker-Dealer Agreement arising out of or caused, directly or indirectly, by circumstances beyond its reasonable control, including without limitation: acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; acts of terrorism; epidemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; or acts of civil or military authority or governmental actions; it being understood that the Auction Agent shall use commercially reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

(e) The Auction Agent shall not be (i) required to and does not make any representations nor have any responsibilities as to the validity, accuracy, value or genuineness of any signatures or endorsements, except with respect to itself, on any document delivered pursuant to or as contemplated by this Broker-Dealer Agreement; (ii) obligated to take any legal action hereunder that might, in its judgment, involve any expense or liability, unless it has been furnished with indemnity satisfactory to the Auction Agent; or (iii) responsible for or liable in any respect on account of the identity, authority or rights of any Person executing or delivering or purporting to execute or deliver any document under this Broker-Dealer Agreement or the Auction Agreement except with respect to its own individuals executing or delivering this Broker-Dealer Agreement or the Auction Agreement.

3.2 *Rights of the Auction Agent.*

(a) The Auction Agent may conclusively rely on and shall be fully protected in acting or refraining from acting upon any communication authorized hereby and upon any written instruction, notice, request, direction, consent, report, certificate, form or bond certificate or other instrument, paper, document or communication reasonably believed by it to be genuine. The Auction Agent shall not be liable for acting, or refraining from action, upon any communication made by telephone, Electronic Means or other means acceptable to the parties and authorized hereby which the Auction Agent believes in good faith (or has no reason not to believe) to have been given by the particular party or parties. The Auction Agent may record telephone communications with the Trustee, the Agency or BD.

(b) The Auction Agent may consult with counsel of its choice, and the advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(c) The Auction Agent shall not be required to advance, expend or risk its own funds or otherwise incur or become exposed to financial liability in the performance of its duties or exercise of its rights hereunder.

(d) The Auction Agent may perform its duties and exercise its rights hereunder either directly or by or through agents or attorneys and shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed by it with due care.

(e) The Auction Agent shall have no obligation to monitor, or liability in respect of, the registration or exemption therefrom of the Bonds (or any beneficial ownership interest therein) under any federal or state securities laws or in respect of any transfer of the Bonds (or any beneficial ownership interest therein) pursuant to the terms of this Broker-Dealer Agreement, the Auction Agreement, the Indenture, any other document contemplated by any thereof, or otherwise, including, but not limited to, compliance with any such laws in regards to any such registration, exemption or transfer.

(f) (i) Any corporation or other entity into which the Auction Agent may be merged or converted or with which it may be consolidated, (ii) any corporation or other entity resulting from any merger, conversion or consolidation to which the Auction Agent may be a party or (iii) any corporation or other entity succeeding to all or substantially all of the auction agent business of the Auction Agent shall be the successor of the Auction Agent hereunder without the execution or filing of any paper with any party hereto or any further act on the part of any of the parties hereto, except where any instrument of transfer or assignment is required by law to effect such succession, anything hereunder to the contrary notwithstanding.

3.3 *Auction Agent's Disclaimer.*

The Auction Agent makes no representations as to, and shall have no liability with respect to, the correctness of the recitals in, or the validity with respect to parties other than the Auction Agent, the accuracy or adequacy of this Broker-Dealer Agreement, the Auction Agreement, the Indenture, the Bonds or the Official Statement, as hereinafter defined, or

any other offering material used in connection with the offer and sale of the Bonds or any other agreement or instrument executed in connection with the transactions contemplated herein or in any thereof.

SECTION 4. FURNISHING OF INFORMATION AND OFFERING MATERIALS; INDEMNIFICATION.

4.1 *Furnishing of Information.*

The Agency agrees to furnish, or cause to be furnished, BD with as many copies as BD may reasonably request, of the official statement relating to the Bonds (the "Official Statement") as the same may be supplemented or amended from time to time, and such other information with respect to the Agency and its properties, the Indenture, and the Bonds as BD shall reasonably request from time to time.

4.2 *Supplements and Amendments to Official Statement.*

If at any time during the term of this Broker-Dealer Agreement any event or condition known to the Agency relating to or affecting the Agency or its properties, the Bonds, the Indenture, or the documents or transactions contemplated thereby, shall occur which, in the reasonable judgment of the Agency or the Broker-Dealer, might affect the accuracy, correctness or completeness of any statement of a material fact contained in the Official Statement, as it shall have been supplemented or amended from time to time pursuant to this Section or included in any report or notice filed by the Agency (each, a "Disclosure Statement") pursuant to the undertaking entered into by the Agency pursuant to the requirements of Rule 15c2-12 of the Securities and Exchange Commission (the "Continuing Disclosure Undertaking") which in the reasonable judgment of the Agency or BD might result in the Official Statement, as so supplemented or amended, containing any untrue, incorrect or misleading statement of material fact or omitting to state a material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading, then:

(a) the Agency (as to events or conditions relating to itself and otherwise of which it becomes aware) shall promptly notify BD of the circumstances and details of such event;

(b) if, in the opinion of BD, such event or condition requires the preparation and publication of an amendment or supplement to the Official Statement, the Agency at its expense shall promptly prepare or cause to be prepared an appropriate amendment or supplement thereto, in a form and manner approved by BD, so that the statements in the Official Statement, as so amended or supplemented, will not contain any untrue, incorrect or misleading statement of a material fact or omit to state a material fact necessary in order to make the statements contained therein, in light of the circumstances under which they were made, not misleading; and

(c) the Agency shall take all necessary action to approve such supplement or amendment.

4.3 *Additional Information.*

Without limiting the foregoing, the Agency shall notify BD of:

(a) proposed adverse determination letter from the Internal Revenue Service with respect to the federal income tax treatment of the Bonds, of which the Agency shall have knowledge;

(b) any replacement of the Trustee under the Indenture;

(c) Any Event of Default under the Indenture provided such Event of Default relates to the Agency, or any other default which, with notice or lapse of time or both, would constitute such an Event of Default;

(d) the publication of notice of redemption or purchase of the Bonds, together with a copy of such notice (which notice shall be provided to BD no later than the date of publication of such notice); and

(e) the occurrence of any of the following events with respect to the Bonds; (i) principal and interest payment delinquencies; (ii) non payment related defaults; (iii) unscheduled draws on debt service reserves; (iv) unscheduled draws on credit enhancements; (v) substitution of credit provider or liquidity provider, or their failure to perform; (vi) adverse tax opinions or events affecting the tax exempt status of the Bonds; (vii) modifications to rights of security holders; (viii) bond calls; (ix) defeasance; (x) release, substitution, or sale of property securing repayment of the securities; (xi) rating changes (including any announcement that any of the Bonds or the Agency has been put on credit watch); and (xii) failure of the Agency to provide "annual financial information" in accordance with Rule 15c2-12(b)(5)(i)(D) under the Securities Exchange Act.

4.4 *Indemnification and Contribution;*

(a) To the extent, if any, that a court of competent jurisdiction would enforce such agreement as not contrary to law or public policy, the Agency agrees to indemnify and hold harmless BD and each person, if any, who controls (as such term is defined in Section 15 of the Securities Act of 1933, as amended (the "1933 Act")) BD against any and all losses, claims, damages, expenses, and liabilities whatsoever arising out of any violation of this Broker-Dealer Agreement by the Agency, including any untrue statement or alleged untrue statement in the Official Statement and the Disclosure Statement of a material fact or any omission or alleged omission of any material fact necessary to make the statements therein, at the time and in light of the circumstances under which they were made, not misleading, including, without limiting the generality of the foregoing, the aggregate amount paid in settlement of any litigation commenced or threatened or of any claim whatsoever based upon any such untrue statement or omission or alleged untrue statement or omission, including without limitation the reasonable costs and expenses (including fees and expenses of counsel) of investigating, preparing for or defending itself, if such settlement is effected with the written consent of the Agency. In each case the indemnification for any such settlement or expense shall be made promptly by the Agency as the costs of such settlement or expenses are incurred by BD. In case any claim should be made or

action brought against any of BD or any controlling person (as aforesaid) based upon a violation of this Broker-Dealer Agreement by the Agency, in respect of which indemnity may be sought against the Agency, BD or such controlling person shall, as a condition to its right to indemnification hereunder, promptly notify the Agency in writing setting forth the particulars of such claim or action and the Agency shall assume the defense thereof, including the retaining of counsel and the payment of all expenses. BD or any such controlling person shall have the right to retain separate counsel in any such action and to participate in the defense thereof, but the fees and expenses of such counsel shall be at BD's expense or the expense of such controlling person unless the retaining of such counsel has been specifically authorized in writing by the Agency or counsel retained by the Agency has advised BD that the representation of the two parties would constitute a conflict.

(b) If for any reason indemnification is unavailable to BD or insufficient to hold BD harmless in connection with this Broker-Dealer Agreement, then the Agency shall contribute to the amount paid or payable by BD as a result of any loss, claim, damage or liability or action in respect thereof (including such legal or other expenses) in such proportion as is appropriate to reflect the relative benefits received by the Agency on the one hand and BD on the other hand from the sale of the Bonds (as described in the next sentence) or, if such allocation is not permitted by applicable law, in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Agency on the one hand and BD on the other as well as any other relevant equitable considerations. For this purpose the relative benefits received by Agency on the one hand and BD on the other shall be deemed to be in the same proportion as the principal amount of the Bonds sold bears to one year's compensation, at the rate applicable at the time of such loss, claim, damage or liability or action, received by BD pursuant to Section 2.5 above. The Agency agrees with BD that it would not be just and equitable if contribution pursuant to this provision were determined by pro rata allocation or by any other method of allocation that does not take account of the equitable considerations referred to above. The reimbursement, indemnity and contribution obligations of the Agency under this subsection shall be in addition to any liability which the Agency may otherwise have, shall extend upon the same terms and conditions to the officers, members, partners, employees an controlling persons (if any) of BD and shall be binding upon and inure to the benefit of any successors and assigns of the Agency and BD.

SECTION 5. MISCELLANEOUS.

5.1 *Termination.* BD may resign at any time, upon five Business Days' notice to the Auction Agent, with a copy of such notice to MBIA Insurance Corporation (the "Bond Insurer"); provided, however, that BD may resign immediately if it determines, in its reasonable judgment, that for any reason, including, without limitation, (a) a pending or proposed change in applicable tax laws, (b) a material adverse change in the financial condition of the Agency, (c) hostilities involving the United States, (d) a down-rating of the Bonds, or (e) an imposition of material restrictions on the Bonds or similar obligations, it is not advisable to attempt to Auction the Bonds. The Auction Agent upon the written direction of the Agency may terminate this Broker-Dealer Agreement at any time on five Business Days' notice to the other parties hereto; and provided that this Broker-Dealer Agreement shall terminate upon the resignation or removal of the BD pursuant to this Section 5.1 or termination of the Auction Agreement.

5.2 *Participant.* BD is and for the term of this Broker-Dealer Agreement shall remain a member of, a participant in, or an affiliate of such a member or participant in Securities Depository; and will give the Auction Agent, each other Broker-Dealer, the Agency and the Trustee two Business Days' notice if it ceases to be so or if it changes its participation or affiliation to a different Securities Depository.

Except as provided in Section 3.2(f) hereof, this Broker-Dealer Agreement may not be assigned by any party hereto absent the prior written consent of the other parties; provided, however, that: (a) the Broker-Dealer Agreement may be assigned by the Auction Agent to a successor Auction Agent selected by the Agency without the consent of BD and BD may assign its rights and obligations hereunder to an affiliate of BD or to an entity succeeding to the business of BD. Nothing in this Broker-Dealer Agreement, express or implied, shall give to any person, other than the Auction Agent and BD and their respective successors and assigns, any benefit of any legal or equitable right, remedy or claim under this Broker-Dealer Agreement, other than the rights expressly granted to the Agency herein.

5.7 *Amendment; Waiver.*

(a) This Broker-Dealer Agreement shall not be deemed or construed to be modified, amended, rescinded, canceled or waived, in whole or in part, except by a written instrument signed by a duly authorized representative of the parties hereto.

(b) Failure of any party to this Broker-Dealer Agreement to exercise any right or remedy hereunder in the event of a breach of this Broker-Dealer Agreement by any other party shall not constitute a waiver of any such right or remedy with respect to any subsequent breach.

(c) Notwithstanding anything herein to the contrary, the Auction Agent may, but shall have no obligation to execute any amendment or waiver which affects its rights, powers, immunities or indemnities hereunder.

5.8 *Severability.* If any clause, provision or section of this Broker-Dealer Agreement shall be ruled invalid or unenforceable by any court of competent jurisdiction, the invalidity or unenforceability of such clause, provision or section shall not affect any of the remaining clauses, provisions or sections hereof.

5.9 *Execution in Counterparts.* This Broker-Dealer Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

5.10 *Governing Law; Jurisdiction; Waiver of Trial by Jury.*

(a) This Broker-Dealer Agreement shall be governed by and construed in accordance with the laws of the State of New York applicable to agreements made and to be performed in said State, without giving effect to principles of choice of law or conflicts of law thereof.

(b) The parties agree that all actions and proceedings arising out of this Broker-Dealer Agreement or any of the transactions contemplated hereby shall be brought in the County of New York and, in connection with any such action or proceeding, submit to the jurisdiction of, and venue in, such County.

(c) Each party to this Broker-Dealer Agreement hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Broker-Dealer Agreement in any court referred to in Section 5.10(b) hereof. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Each party to this Broker-Dealer Agreement irrevocably consents to service of process in the manner provided for notices in Section 5.3 hereof. Nothing in this Broker-Dealer Agreement will affect the right of any party to this Broker-Dealer Agreement to serve process in any other manner permitted by law.

(e) EACH PARTY TO THIS BROKER-DEALER AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT IT MAY HAVE TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THE INDENTURE, THIS BROKER-DEALER AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER FOUNDED IN CONTRACT OR TORT OR OTHERWISE). ## ARTICLE II
## REIMBURSEMENT AND INDEMNIFICATION OBLIGATIONS OF ISSUER AND SECURITY THEREFOR

Section 2.01. Reimbursement for Payments Under the Surety Bond and Expenses; Indemnification.

(a) The Issuer will reimburse the Insurer, within the Reimbursement Period, without demand or notice by the Insurer to the Issuer or any other person, to the extent of each Surety Bond Payment with interest on each Surety Bond Payment from and including the date made to the date of the reimbursement at the lesser of the Reimbursement Rate or the maximum rate of interest permitted by then applicable law.

(b) The Issuer also agrees to reimburse the Insurer immediately and unconditionally upon demand, to the extent permitted by state law, for all reasonable expenses incurred by the Insurer in connection with the Surety Bond and the enforcement by the Insurer of the Issuer's obligations under this Agreement, the Document, and any other document executed in connection with the issuance of the Obligations, together with interest on all such expenses from and including the date incurred to the date of payment at the rate set forth in subsection (a) of this Section 2.01.

Section 2.03. Security for Payments; Instruments of Further Assurance. To the extent, but only to the extent, that the Document, or any related indenture, trust agreement, ordinance, resolution, mortgage, security agreement or similar instrument, if any, pledges to the Owners or any trustee therefor, or grants a security interest or lien in or on any collateral, property, revenue or other payments ("Collateral and Revenues") in order to secure the Obligations or provide a source of payment for the Obligations, the Issuer hereby grants to the Insurer a security interest in or lien on, as the case may be, and pledges to the Insurer all such Collateral and Revenues as security for payment of all amounts due hereunder and under the Document or any other document executed in connection with the issuance of the Obligations, which security interest, lien and/or pledge created or granted under this Section 2.03 shall be subordinate only to the interests of the Owners and any trustee therefor in such Collateral and Revenues, except as otherwise provided. The Issuer agrees that it will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, any and all financing statements, if applicable, and all other further instruments as may be required by law or as shall reasonably be requested by the Insurer for the perfection of the security interest, if any, granted under this Section 2.03 and for the preservation and protection of all rights of the Insurer under this Section 2.03.

Section 2.04. Unconditional Obligation. The obligations hereunder are absolute and unconditional and will be paid or performed strictly in accordance with this Agreement, subject to the limitations of the Document, irrespective of:

(a) any lack of validity or enforceability of, or any amendment or other modification of, or waiver with respect to the Obligations, the Document or any other document executed in connection with the issuance of the Obligations; or

(b) any exchange, release or nonperfection of any security interest in property securing the Obligations or this Agreement or any obligations hereunder; or

(e) The Issuer shall (i) voluntarily commence any proceeding or file any petition seeking relief under the United States Bankruptcy Code or any other Federal, state or foreign bankruptcy, insolvency or similar law, (ii) consent to the institution of, or fail to controvert in a timely and appropriate manner, any such proceeding or the filing of any such petition, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator or similar official for such party or for a substantial part of its property, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) make a general assignment for the benefit of creditors, (vi) become unable, admit in writing its inability or fail generally to pay its debts as they become due or (vii) take action for the purpose of effecting any of the foregoing; or

In addition, if an Event of Default shall occur due to the failure to pay to the Insurer the amounts due under Section 1.03 hereof, the Insurer shall have the right to cancel the Surety Bond in accordance with its terms. All rights and remedies of the Insurer under this Section 4.02 are cumulative and the exercise of any one remedy does not preclude the exercise of one or more of the other available remedies.

## ARTICLE V
## SETTLEMENT

The Insurer shall have the exclusive right to decide and determine whether any claim, liability, suit or judgment made or brought against the Insurer, the Issuer or any other party on the Surety Bond shall or shall not be paid, compromised, resisted, defended, tried or appealed, and the Insurer's decision thereon, if made in good faith, shall be final and binding upon the Insurer, the Issuer and any other party on the Surety Bond. An itemized statement of payments made by the Insurer, certified by an officer of the Insurer, or the voucher or vouchers for such payments, shall be prima facie evidence of the liability of the Issuer, and if the Issuer fails to immediately reimburse the Insurer upon the receipt of such statement of payments, interest shall be computed on such amount from the date of any payment made by the Insurer at the rate set forth in subsection (a) of Section 2.01 hereof.

## ARTICLE VI
## MISCELLANEOUS

Section 6.01. Interest Computations. All computations of interest due hereunder shall be made on the basis of the actual number of days elapsed over a year of 360 days.

Section 6.02. Exercise of Rights. No failure or delay on the part of the Insurer to exercise any right, power or privilege under this Agreement and no course of dealing between the Insurer and the Issuer or any other party shall operate as a waiver of any such right, power or privilege, nor shall any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein expressly provided are cumulative and not exclusive of any rights or remedies which the Insurer would otherwise have pursuant to law or equity. No notice to or demand on any party in any case shall entitle such party to any other or further notice or demand in similar or other circumstances, or constitute a waiver of the right of the other party to any other or further action in any circumstances without notice or demand.

Section 6.03. Amendment and Waiver. Any provision of this Agreement may be amended, waived, supplemented, discharged or terminated only with the prior written consent of the Issuer and the Insurer. The Issuer hereby agrees that upon the written request of the Paying Agent, the Insurer may make or consent to issue any substitute for the Surety Bond to cure any ambiguity or formal defect or omission in the Surety Bond which does not materially change the terms of the Surety Bond nor adversely affect the rights of the Owners, and this Agreement shall apply to such substituted surety bond. The Insurer agrees to deliver to the Issuer and to the company or companies, if any, rating the Obligations, a copy of such substituted surety bond.

Section 6.04. Successors and Assigns; Descriptive Headings.

(a) This Agreement shall bind, and the benefits thereof shall inure to, the Issuer and the Insurer and their respective successors and assigns; provided, that the Issuer may not transfer or assign any or all of its rights and obligations hereunder without the prior written consent of the Insurer.

(b) The descriptive headings of the various provisions of this Agreement are inserted for convenience of reference only and shall not be deemed to affect the meaning or construction of any of the provisions hereof.

Section 6.05. Other Sureties. If the Insurer shall procure any other surety to reinsure the Surety Bond, this Agreement shall inure to the benefit of such other surety, its successors and assigns, so as to give to it a direct right of action against the Issuer to enforce this Agreement, and "the Insurer," wherever used herein, shall be deemed to include such reinsuring surety, as its respective interests may appear.

Section 6.06. Signature on Bond. The Issuer's liability shall not be affected by its failure to sign the Surety Bond nor by any claim that other indemnity or security was to have been obtained nor by the release of any indemnity, nor the return or exchange of any collateral that may have been obtained.

Section 6.07. Waiver. The Issuer waives any defense that this Agreement was executed subsequent to the date of the Surety Bond, admitting and covenanting that such Surety Bond was executed pursuant to the Issuer's request and in reliance on the Issuer's promise to execute this Agreement.

Section 6.08. Notices, Requests, Demands. Except as otherwise expressly provided herein, all written notices, requests, demands or other communications to or upon the respective parties hereto shall be deemed to have been given or made when actually received, or in the case of telex or telecopier notice sent over a telex or a telecopier machine owned or operated by a party hereto, when sent, addressed as specified below or at such other address as any of the parties may hereafter specify in writing to the others:

Section 2.01. Reimbursement for Payments Under the Surety Bond and Expenses; Indemnification.

(a) The Issuer will reimburse the Insurer, within the Reimbursement Period, without demand or notice by the Insurer to the Issuer or any other person, to the extent of each Surety Bond Payment with interest on each Surety Bond Payment from and including the date made to the date of the reimbursement at the lesser of the Reimbursement Rate or the maximum rate of interest permitted by then applicable law.

(b) The Issuer also agrees to reimburse the Insurer immediately and unconditionally upon demand, to the extent permitted by state law, for all reasonable expenses incurred by the Insurer in connection with the Surety Bond and the enforcement by the Insurer of the Issuer's obligations under this Agreement, the Document, and any other document executed in connection with the issuance of the Obligations, together with interest on all such expenses from and including the date incurred to the date of payment at the rate set forth in subsection (a) of this Section 2.01.

(c) The Issuer agrees to indemnify the Insurer, to the extent permitted by state law, against any and all liability, claims, loss, costs, damages, fees of attorneys and other expenses which the Insurer may sustain or incur by reason of or in consequence of (i) the failure of the Issuer to perform or comply with the covenants or conditions of this Agreement or (ii) reliance by the Insurer upon representations made by the Issuer or (iii) a default by the Issuer under the terms of the Document or any other documents executed in connection with the issuance of the Obligations.

(d) The Issuer agrees that all amounts owing to the Insurer pursuant to Section 1.03 hereof and this Section 2.01 must be paid in full prior to any optional redemption or refunding of the Obligations.

(e) All payments made to the Insurer under this Agreement shall be paid in lawful currency of the United States in immediately available funds at the Insurer's office at 113 King Street, Armonk, New York 10504, Attention: Accounting and Insured Portfolio Management Departments, or at such other place as shall be designated by the Insurer.

Section 2.02. Allocation of Payments. The Insurer and the Issuer hereby agree that each payment received by the Insurer from or on behalf of the Issuer as a reimbursement to the Insurer as required by Section 2.01 hereof shall be applied by the Insurer first, toward payment of any unpaid premium; second, toward repayment of the aggregate Surety Bond Payments made by the Insurer and not yet repaid, payment of which will reinstate all or a portion of the Surety Bond Coverage to the extent of such repayment (but not to exceed the Surety Bond Limit); and third, upon full reinstatement of the Surety Bond Coverage to the Surety Bond Limit, toward other amounts, including, without limitation, any interest payable with respect to any Surety Bond Payments then due to the Insurer.

Section 2.03. Security for Payments; Instruments of Further Assurance. To the extent, but only to the extent, that the Document, or any related indenture, trust agreement, ordinance, resolution, mortgage, security agreement or similar instrument, if any, pledges to the Owners or any trustee therefor, or grants a security interest or lien in or on any collateral, property, revenue or other payments ("Collateral and Revenues") in order to secure the Obligations or provide a source of payment for the Obligations, the Issuer hereby grants to the Insurer a security interest in or lien on, as the case may be, and pledges to the Insurer all such Collateral and Revenues as security for payment of all amounts due hereunder and under the Document or any other document executed in connection with the issuance of the Obligations, which security interest, lien and/or pledge created or granted under this Section 2.03 shall be subordinate only to the interests of the Owners and any trustee therefor in such Collateral and Revenues, except as otherwise provided. The Issuer agrees that it will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, any and all financing statements, if applicable, and all other further instruments as may be required by law or as shall reasonably be requested by the Insurer for the perfection of the security interest, if any, granted under this Section 2.03 and for the preservation and protection of all rights of the Insurer under this Section 2.03.

Section 2.04. Unconditional Obligation. The obligations hereunder are absolute and unconditional and will be paid or performed strictly in accordance with this Agreement, subject to the limitations of the Document, irrespective of:

(a) any lack of validity or enforceability of, or any amendment or other modification of, or waiver with respect to the Obligations, the Document or any other document executed in connection with the issuance of the Obligations; or

(b) any exchange, release or nonperfection of any security interest in property securing the Obligations or this Agreement or any obligations hereunder; or

(c) any circumstances that might otherwise constitute a defense available to, or discharge of, the Issuer with respect to the Obligations, the Document or any other document executed in connection with the issuance of the Obligations; or

(d) whether or not such obligations are contingent or matured, disputed or undisputed, liquidated or unliquidated.

Section 2.05. Insurer's Rights. The Issuer shall repay the Insurer to the extent of payments made and expenses incurred by the Insurer in connection with the Obligations and this Agreement. The obligation of the Issuer to repay such amounts shall be subordinate only to the rights of the Owners to receive regularly scheduled principal and interest on the Obligations.

Section 2.06. On-Going Information Obligations of Issuer.

(a) Quarterly Reports. The Issuer will provide to the Insurer within 45 days of the close of each quarter interim financial statements covering all fund balances under the Document, a statement of operations (income statement), balance sheet and changes in fund balances. These statements need not be audited by an independent certified public accountant, but if any audited statements are produced, they must be provided to the Insurer;

(b) Annual Reports. The Issuer will provide to the Insurer annual financial statements audited by an independent certified public accountant within 90 days of the end of each fiscal year;

(c) Access to Facilities, Books and Records. The Issuer will grant the Insurer reasonable access to the project financed by the Obligations and will make available to the Insurer, at reasonable times and upon reasonable notice all books and records relative to the project financed by the Obligations; and

(d) Compliance Certificate. On an annual basis the Issuer will provide to the Insurer a certificate confirming compliance with all covenants and obligations hereunder and under the Revenue Agreement, the Document or any other document executed in connection with the issuance of the Obligations.

## ARTICLE III
## AMENDMENTS TO DOCUMENT

So long as this Agreement is in effect, the Issuer agrees that it will not agree to amend the Document or any other document executed in connection with the issuance of the Obligations, without the prior written consent of the Insurer.

## ARTICLE IV
## EVENTS OF DEFAULT; REMEDIES

Section 4.01. Events of Default. The following events shall constitute Events of Default hereunder:

(a) The Issuer shall fail to pay to the Insurer when due any amount payable under Sections 1.03; or

(b) The Issuer shall fail to pay to the Insurer any amount payable under Sections 1.04 and 2.01 hereof and such failure shall have continued for a period in excess of the Reimbursement Period; or

(c) Any material representation or warranty made by the Issuer under the Document or hereunder or any statement in the application for the Surety Bond or any report, certificate, financial statement, document or other instrument provided in connection with the Commitment, the Surety Bond, the Obligations, or herewith shall have been materially false at the time when made; or

(d) Except as otherwise provided in this Section 4.01, the Issuer shall fail to perform any of its other obligations under the Document, or any other document executed in connection with the issuance of the Obligations, or hereunder, provided that such failure continues for more than 30 days after receipt by the Issuer of written notice of such failure to perform; or

(e) The Issuer shall (i) voluntarily commence any proceeding or file any petition seeking relief under the United States Bankruptcy Code or any other Federal, state or foreign bankruptcy, insolvency or similar law, (ii) consent to the institution of, or fail to controvert in a timely and appropriate manner, any such proceeding or the filing of any such petition, (iii) apply for or consent to the appointment of a receiver, trustee, custodian, sequestrator or similar official for such party or for a substantial part of its property, (iv) file an answer admitting the material allegations of a petition filed against it in any such proceeding, (v) make a general assignment for the benefit of creditors, (vi) become unable, admit in writing its inability or fail generally to pay its debts as they become due or (vii) take action for the purpose of effecting any of the foregoing; or

(f) An involuntary proceeding shall be commenced or an involuntary petition shall be filed in a court of competent jurisdiction seeking (i) relief in respect of the Issuer, or of a substantial part of its property, under the United States Bankruptcy Code or any other Federal, state or foreign bankruptcy, insolvency or similar law or (ii) the appointment of a receiver, trustee, custodian, sequestrator or similar official for the Issuer or for a substantial part of its property; and such proceeding or petition shall continue undismissed for 60 days or an order or decree approving or ordering any of the foregoing shall continue unstayed and in effect for 30 days.

Section 4.02. Remedies. If an Event of Default shall occur and be continuing, then the Insurer may take whatever action at law or in equity may appear necessary or desirable to collect the amounts then due and thereafter to become due under this Agreement or to enforce performance of any obligation of the Issuer to the Insurer under the Document or any related instrument, and any obligation, agreement or covenant of the Issuer under this Agreement; provided, however, that the Insurer may not take any action to direct or require acceleration or other early redemption of the Obligations or adversely affect the rights of the Owners. In addition, if an Event of Default shall occur due to the failure to pay to the Insurer the amounts due under Section 1.03 hereof, the Insurer shall have the right to cancel the Surety Bond in accordance with its terms. All rights and remedies of the Insurer under this Section 4.02 are cumulative and the exercise of any one remedy does not preclude the exercise of one or more of the other available remedies.

## ARTICLE V
## SETTLEMENT

The Insurer shall have the exclusive right to decide and determine whether any claim, liability, suit or judgment made or brought against the Insurer, the Issuer or any other party on the Surety Bond shall or shall not be paid, compromised, resisted, defended, tried or appealed, and the Insurer's decision thereon, if made in good faith, shall be final and binding upon the Insurer, the Issuer and any other party on the Surety Bond. An itemized statement of payments made by the Insurer, certified by an officer of the Insurer, or the voucher or vouchers for such payments, shall be prima facie evidence of the liability of the Issuer, and if the Issuer fails to immediately reimburse the Insurer upon the receipt of such statement of payments, interest shall be computed on such amount from the date of any payment made by the Insurer at the rate set forth in subsection (a) of Section 2.01 hereof.

## ARTICLE VI
## MISCELLANEOUS

Section 6.01. Interest Computations. All computations of interest due hereunder shall be made on the basis of the actual number of days elapsed over a year of 360 days.

Section 6.02. Exercise of Rights. No failure or delay on the part of the Insurer to exercise any right, power or privilege under this Agreement and no course of dealing between the Insurer and the Issuer or any other party shall operate as a waiver of any such right, power or privilege, nor shall any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein expressly provided are cumulative and not exclusive of any rights or remedies which the Insurer would otherwise have pursuant to law or equity. No notice to or demand on any party in any case shall entitle such party to any other or further notice or demand in similar or other circumstances, or constitute a waiver of the right of the other party to any other or further action in any circumstances without notice or demand.

Section 6.03. Amendment and Waiver. Any provision of this Agreement may be amended, waived, supplemented, discharged or terminated only with the prior written consent of the Issuer and the Insurer. The Issuer hereby agrees that upon the written request of the Paying Agent, the Insurer may make or consent to issue any substitute for the Surety Bond to cure any ambiguity or formal defect or omission in the Surety Bond which does not materially change the terms of the Surety Bond nor adversely affect the rights of the Owners, and this Agreement shall apply to such substituted surety bond. The Insurer agrees to deliver to the Issuer and to the company or companies, if any, rating the Obligations, a copy of such substituted surety bond.

Section 6.04. Successors and Assigns; Descriptive Headings.

(a) This Agreement shall bind, and the benefits thereof shall inure to, the Issuer and the Insurer and their respective successors and assigns; provided, that the Issuer may not transfer or assign any or all of its rights and obligations hereunder without the prior written consent of the Insurer.

(b) The descriptive headings of the various provisions of this Agreement are inserted for convenience of reference only and shall not be deemed to affect the meaning or construction of any of the provisions hereof.

Section 6.05. Other Sureties. If the Insurer shall procure any other surety to reinsure the Surety Bond, this Agreement shall inure to the benefit of such other surety, its successors and assigns, so as to give to it a direct right of action against the Issuer to enforce this Agreement, and "the Insurer," wherever used herein, shall be deemed to include such reinsuring surety, as its respective interests may appear.

Section 6.06. Signature on Bond. The Issuer's liability shall not be affected by its failure to sign the Surety Bond nor by any claim that other indemnity or security was to have been obtained nor by the release of any indemnity, nor the return or exchange of any collateral that may have been obtained.

Section 6.07. Waiver. The Issuer waives any defense that this Agreement was executed subsequent to the date of the Surety Bond, admitting and covenanting that such Surety Bond was executed pursuant to the Issuer's request and in reliance on the Issuer's promise to execute this Agreement.

Section 6.08. Notices, Requests, Demands. Except as otherwise expressly provided herein, all written notices, requests, demands or other communications to or upon the respective parties hereto shall be deemed to have been given or made when actually received, or in the case of telex or telecopier notice sent over a telex or a telecopier machine owned or operated by a party hereto, when sent, addressed as specified below or at such other address as any of the parties may hereafter specify in writing to the others:

We have not attempted to independently verify the correctness or validity of documents prepared and procedures recommended by Bond Counsel or disclosure counsel in connection with this transaction. In addition, we have relied upon certificates of officials of the Agency and upon written opinions and letters received from the Agency and Bond Counsel. We have assumed, without investigation, the accuracy of the representations, warranties and covenants as to factual matters made by various parties and by public officials. Further, we have assumed, without investigation, the correctness of all certificates, the authenticity of all documents submitted to us as originals, the conformity to the original documents of all documents submitted to us as certified or photo static copies, and the authenticity of the originals of such copies, and the accuracy and completeness of all records made available to us. Capitalized terms used in this opinion and not otherwise defined herein shall have the meaning set forth in the Bond Purchase Agreements. In the course of our examinations, we have, with your permission, assumed (i) that all signatures are genuine; (ii) that the Reviewed Documents have each been duly executed and delivered pursuant to due authorization by all parties, other than the Agency, to each such agreement; and (iii) that such documents are enforceable against such other parties in accordance with their respective terms.

With respect to matters stated below to be "to the best of our knowledge," such knowledge is limited to (a) information obtained by us from discussions we have had with Agency representatives in connection with our representation of the Agency; (b) representations and statements made by the Agency in the Bond Purchase Agreements, the Resolution, the Housing Indenture, the Non-Housing Indenture, the Tax Certificate; and (c) our review of the Reviewed Documents. We call your attention to the fact that we have not made any independent review or investigation of any agreements, instruments, orders, judgments, rules or other regulations or decrees by which the Agency may be bound, nor have we made any independent review or investigation as to actions of any governmental bodies, appeals of or conditions to those actions, or authority to take such actions in connection with the Agency; provided that nothing has come to our attention that the information we have obtained from the Agency is inaccurate.

Based upon the foregoing, we are of the opinion that:

1. The Agency is duly organized and validly existing as a redevelopment agency under the Constitution and laws of the State of California.

2. The Resolution approving and authorizing the execution and delivery of the Reviewed Documents and approving the Official Statement, dated June 28, 2007, relating to the Bonds (the "Official Statement"), was duly adopted at a meeting of the Agency which was called and held pursuant to law at which a quorum was present and acting throughout, and is in full force and effect and has not been amended or repealed;

3. Except as disclosed in the Official Statement and to the best of our knowledge, no material litigation is pending, with service of process having been accomplished or, to the knowledge of the Agency, threatened, concerning the validity of the Bonds, the corporate existence of the Agency, or the title of the officers of the Agency who will execute the Bonds as to their respective offices;

4. The execution and delivery of the Reviewed Documents and the Official Statement, the adoption of the Resolution, the issuance of the Bonds and compliance by the Agency with the provisions of the foregoing, under the circumstances contemplated thereby, to the best of our knowledge, do not and will not in any material respect conflict with or constitute on the part of the Agency a breach or default under any agreement or other instrument to which the Agency is a party or by which it is bound or by any existing law, regulation, court order or consent decree to which the Agency is subject;

5. The Official Statement and the Reviewed Documents each have been duly authorized, executed and delivered by the Agency and, assuming due authorization, execution and delivery by the other parties thereto, constitute legal, valid and binding agreements of the Agency enforceable in accordance with the respective terms, subject to laws relating to bankruptcy, insolvency or other laws affecting the enforcement of creditors, rights generally and the application of equitable principles if equitable remedies are sought;

6. No authorization, approval, consent, or other order of the State of California or any other governmental authority or agency within the State of California having jurisdiction over the Agency is required for the valid authorization, execution, delivery and performance by the Agency of the Reviewed Documents, or for the adoption of the Resolution which has not been obtained;

7. To the best of our knowledge, the statements contained in the Official Statement under the captions "THE AGENCY," "THE MERGED PROJECT AREA," and "NO LITIGATION," do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; and.

8. Except as otherwise disclosed in the Official Statement, and to the best of our knowledge, there is no litigation, proceeding, action, suit, or investigation at law or in equity before or by any court, governmental agency or body, pending or threatened against the Agency, challenging the creation, organization or existence of the Agency or the validity of the Reviewed Documents or seeking to restrain or enjoin the repayment of the Bonds or in any way contesting or affecting the validity of the Reviewed Documents or contesting the authority of the Agency to enter into or perform its obligations under any of the Reviewed Documents, or which, in any manner, questions the right of the Agency to use the Subordinate Pledged Tax Revenues (as such term is defined in the Master Non-Housing and the Housing Indentures) for repayment of the Bonds, or affects in any manner the right or ability of the Agency to collect or pledge the Subordinate Pledged Tax Revenues.

We are licensed to practice law in the State of California and in federal court only and therefore do not express an opinion with respect to the laws of any other state. This opinion applied only to matters referred to herein and existing on this date. This opinion is qualified in that we express no opinion as to the effect of bankruptcy, insolvency, reorganization, moratorium, or of legal or equitable principles, or other laws in effect from time to time, relating to or affecting the enforcement of creditors' rights generally or indemnification or contribution rights which may be limited by applicable law, equitable principles or public policy. This opinion is solely for the benefit of the addressees in connection with the issuance of the above-referenced Bonds and is not to be relied upon by any other person or used, circulated, quoted, or otherwise referred to for any purpose.

Very truly yours,

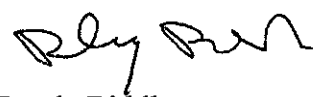
Indenture"), each dated as of July 1, 2007 and each by and between the Agency and the Trustee.

I have reviewed Resolution No. 2-07 of the City Council of the City, adopted on June 5, 2007 (the "City Resolution") approving and authorizing the issuance of the Bonds by the Agency and Ordinance No. 15-07 adopted by the City on May 29, 2007 (the "SB 1096 Ordinance") and such other documents, certificates and matters to the extent I deemed necessary to express the opinions set forth in the numbered paragraphs below.

Based on and subject to the foregoing, as of the date hereof, I am of the following opinions:

1. The City is a charter city and municipal corporation duly organized and validly existing under the laws and the Constitution of the State of California.



2. The City Resolution was duly adopted at a meeting of the City Council which was called and held pursuant to law and with all public notice required by law and at which a quorum was present and acting throughout, and is in full force and effect and has not been amended or repealed.

3. The SB 1096 Ordinance was duly introduced and adopted at meetings of the City Council, which meetings were called and held pursuant to law with all public notice required by law and at which quorums were present and acting throughout, the period for filing a legal action to challenge the adoption of the SB 1096 Ordinance expired on June 28, 2007, and as of the date hereof, no legal action has been filed and such Ordinance is in full force and effect and has not been amended or appealed.

4. Except as otherwise disclosed in the Official Statement, dated June 28, 2007 relating to the Bonds, there is no action, suit, proceeding, hearing or investigation in which the City has been served with process, or otherwise pending or threatened against the City: (1) in any way challenging or affecting the existence of the City or in any way challenging the respective powers of the several offices or the titles of the officials of the City to such office; or (2) seeking to restrain or enjoin the sale, issuance or delivery of any of the Bonds.

5. Based upon the information made available in the course of review of the Official Statement, but without having undertaken to determine independently or assuming any responsibility for the accuracy, completeness or fairness of the statements contained in the Official Statement, nothing came to the attention of the City Attorney which would lead to the belief that the statements and information contained in APPENDIX A–"ECONOMIC AND DEMOGRAPHIC INFORMATION RELATING TO THE CITY OF RICHMOND" to the Official Statement relating to the City, contained or contains any untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading.

(5) Such further documents, moneys and securities as are required by the applicable provisions of Section 2.05 or Section 2.06 or of the Supplemental Indenture authorizing the issuance of such Series of Bonds.

**(b)** After the original issuance of Bonds of any Series, no Bonds of such Series shall be issued except in lieu of or in substitution for other Bonds of such Series pursuant to the Indenture.

**Section 2.05 Additional Bonds.** Subject to Section 2.07, one or more Series of Additional Bonds may be issued, authenticated and delivered upon original issuance for any purpose permitted by the Law and the Redevelopment Plan in connection with the Project, including, without limitation, the financing of costs of the Project (or for making reimbursements to the Agency for such costs theretofore paid by it) as permitted by the Law and the Redevelopment Plan. Additional Bonds may be issued in a principal amount sufficient to pay such costs, including making of any deposits into the funds or accounts required by the provisions of the Indenture.

**Section 2.06 Refunding Bonds.**

**(a)** Subject to Section 2.07, one or more Series of Refunding Bonds may be issued, authenticated and delivered upon original issuance for the purpose of refunding all or any

portion of the Outstanding Parity Obligations. Refunding Bonds may be issued in a principal amount sufficient to accomplish such refunding including providing amounts for the Costs of Issuance of such Refunding Bonds, and the making of any deposits into the funds and accounts required by the provisions of the Indenture.

**(b)** Refunding Bonds of each Series shall be authenticated and delivered by the Trustee only upon receipt by the Trustee (in addition to the documents required by Section 2.04 and except as otherwise provided in subsection (c) of this Section with respect to Refunding Bonds constituting Crossover Refunding Obligations) of an Opinion of Bond Counsel to the effect that the Parity Obligations (or the portion thereof) to be refunded are deemed paid pursuant to the Issuing Instrument authorizing such Parity Obligations. Such Opinion of Bond Counsel may rely upon an Accountant's Certificate as to the sufficiency of available funds to pay such Parity Obligations. The Trustee may conclusively rely on such Opinion of Bond Counsel in determining whether the conditions precedent for the issuance and authentication of such Series of Refunding Bonds have been satisfied.

**(c)** A Series of Refunding Bonds which constitute Crossover Refunding Obligations shall be authenticated and delivered by the Trustee upon the receipt of the Trustee (in addition to the documents required by Section 2.04) of: (i) an Accountant's Certificate to the effect that the moneys scheduled to be available in the applicable Crossover Refunding Escrow are sufficient to pay the applicable Crossover Escrow Requirements when due; and (ii) a copy of the Crossover Escrow Instructions relating to such Series of Refunding Bonds and the Parity Obligations to be refunded.

**(d)** The proceeds, including accrued interest, of the Refunding Bonds of each Series shall be applied simultaneously with the delivery of such Bonds as provided in the Supplemental Indenture authorizing such Series of Refunding Bonds.

**Section 2.07 Conditions to Issuance of Parity Obligations.**

**(a)** Without regard to subsection (e) of this Section, the Agency may, at any time and from time to time, issue or enter into an obligation or commitment which is a Qualified Swap Agreement, the Net Payments under which shall constitute Parity Obligations, provided (i) the Qualified Swap Agreement shall relate to a principal amount of Outstanding Parity Obligations or investments held under an Issuing Instrument for Parity Obligations, in each case specified by an Authorized Agency Representative; (ii) the notional amount of the Qualified Swap Agreement shall not exceed the principal amount of the related Parity Obligation or the amount of such investments, as applicable; (iii) the Agency has received a Rating Confirmation from each Rating Agency with respect to such Qualified Swap Agreement; and (iv) the prior written consent of each Credit Provider, whose consent is required by a Supplemental Indenture or a Credit Support Agreement, is obtained with respect to the Qualified Swap Agreement.

**(b)** The Agency may, at any time and from time to time, issue Refunding Parity Obligations provided that either: (i) the requirements set forth in subsection (e) of this Section are satisfied upon the issuance of such Refunding Parity Obligations and the application of the proceeds thereof; or (ii) the Agency has provided to the Trustee a certificate showing that

the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations, such Refunding Parity Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues is not greater than the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans if such Refunding Bonds were not issued.

**(c)** Without regard to subsection (e) of this Section, the Agency may issue the Bonds and may enter into a Qualified Swap Agreement with respect to all or a portion of the Bonds.

**(d)** Without regard to subsection (e) of this Section, the Agency may, at any time and from time to time, enter into Credit Support Agreements or otherwise become obligated for Credit Provider Reimbursement Obligations with respect to Parity Obligations.

**(e)** The Agency may, at any time and from time to time, issue any Additional Parity Obligations, provided the Agency obtains or provides a certificate or certificates, prepared by the Agency or at the Agency's option by a Consultant, showing that the Tax Revenues (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the Agency's adoption of the Supplemental Indenture or other Issuing Instrument providing for the issuance of such Additional Parity Obligations, but taking into account the reductions in Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area) expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Additional Parity Obligations are Outstanding shall be in an amount equal to at least one hundred forty percent (140%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and such Additional Parity Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law.

For the purposes of the issuance of Additional Parity Obligations, Outstanding Parity Obligations shall not include any Bonds the proceeds of which are deposited in an escrow fund held by a escrow agent, provided that the Supplemental Indenture authorizing issuance of such Bonds shall provide that: (i) such proceeds shall be deposited or invested with or secured by an institution rated "AA" or higher by Standard & Poor's and "Aa" or higher by Moody's at a rate of interest which, together with amounts made available by the Agency from bond proceeds or otherwise, is at least sufficient to pay Debt Service on the foregoing Bonds; (ii) moneys may be transferred from said escrow fund only if Tax Revenues expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Bonds are Outstanding (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the transfer from said escrow fund, but taking into account the reductions in Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area shall be in an amount equal to at least one hundred forty percent (140%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations (exclusive of disqualified Bonds

described in Section 7.03), Senior Obligations and such Bonds and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law less a principal amount of Bonds which is equal to moneys on deposit in said escrow fund after each such transfer; and (iii) such Bonds shall be redeemed from moneys remaining on deposit in said escrow fund at the expiration of a specified escrow period in such manner as may be determined by the Agency.

Nothing contained in this Master Indenture shall limit the issuance of any tax allocation bonds of the Agency payable from Subordinate Pledged Tax Revenues and secured by a lien and charge on Subordinate Pledged Tax Revenues if, after the issuance and delivery of such tax allocation bonds, none of the Parity Obligations theretofore issued under the Indenture or other Issuing Instrument will be Outstanding.

**Section 2.08 Conditions of Issuance of Subordinated Obligations.**

**(a)** The Agency may, at any time or from time to time, issue Subordinated Obligations without satisfying the requirements of Section 2.07(e) for any purpose permitted by the Law and the Redevelopment Plan in connection with the Project, including, without limitation, the financing of costs of the Project (or for making reimbursements to the Agency for such costs theretofore paid by it) as permitted by the Law and the Redevelopment Plan or the refunding of any Subordinated Obligations or Outstanding Parity Obligations (or portions thereof). Such Subordinated Obligations shall be payable out of amounts of the Subordinate Pledged Tax Revenues as may from time to time be available therefor, provided that any such payment shall be, and shall be expressed to be, subordinate and junior in all respects to the payment of such Parity Obligations as may be Outstanding from time to time, including Parity Obligations issued after the issuance of such Subordinated Obligations.

**(b)** The indenture or other instrument authorizing the issuance of Subordinated Obligations shall contain provisions (which shall be binding on all owners of such Subordinated Obligations) not more favorable to the owners of such Subordinated Obligations than the following:

(1) In the event of any insolvency or bankruptcy proceedings, and any receivership, liquidation, reorganization or other similar proceedings in connection therewith, relative to the Agency or to its creditors, as such, or to its property, and in the event of any proceedings for voluntary liquidation, dissolution or other winding up of the Agency, whether or not involving insolvency or bankruptcy, the owners of all Outstanding Parity Obligations shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations before the owners of the Subordinated Obligations are entitled to receive any payment from the Subordinate Pledged Tax Revenues with respect to the Subordinated Obligations, including Termination Payments.

(2) In the event that any Subordinated Obligation is declared due and payable before its expressed maturity because of the occurrence of an event of default (under circumstances when the provisions of (1) above shall not be applicable), the owners of all Parity Obligations Outstanding at the time such Subordinated Obligation so becomes due and payable because of such event of default, shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations before the owners of such Subordinated Obligation are entitled to receive any accelerated payment from Subordinate Pledged Tax Revenues with respect to such Subordinated Obligation. For purposes of this subdivision (2), a Termination Payment shall not be considered a declaration of amounts due and payable before expressed maturity even if declared due and payable because of the occurrence of an event of default.

(3) If any default with respect to any Outstanding Parity Obligation shall have occurred and be continuing (under circumstances when the provisions of (1) above shall not be applicable), the owners of all Outstanding Parity Obligations shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations as the same become due and payable in accordance with the provisions of the Issuing Instrument authorizing the issuance of such Parity Obligations before the owners of the Subordinated Obligations are entitled to receive, subject to the provisions of (5) below, any payment from the Subordinate Pledged Tax Revenues with respect to the Subordinated Obligations.

(4) No Bondowner or other owner of Outstanding Parity Obligations shall be prejudiced in his right to enforce subordination of the Subordinated Obligations by any act or failure to act on the part of the Agency or the Trustee.

(5) The Subordinated Obligations may provide that the provisions (1), (2), (3) and (4) above are solely for the purpose of defining the relative rights of the Owners of the Bonds and the owners of all other Outstanding Parity Obligations on the one hand, and the owners of Subordinated Obligations on the other hand, and that nothing therein shall impair, as between the Agency and the owners of the Subordinated Obligations, the obligation of the Agency, which may be unconditional and absolute, to

pay to the owners of such Subordinated Obligations the principal thereof and premium, if any, and interest thereon and Net Payments in accordance with their terms, nor shall anything therein prevent the owners of the Subordinated Obligations from exercising all remedies otherwise permitted by applicable law or thereunder upon default thereunder, subject to the rights under (1), (2), (3) and (4) above of the Owners of Outstanding Bonds and the owners of other Outstanding Parity Obligations to receive payment from the Subordinate Pledged Tax Revenues otherwise payable or deliverable to the owners of the Subordinated Obligations; and the Subordinated Obligations may provide that, insofar as a trustee, fiscal agent or paying agent for such Subordinated Obligations is concerned, the foregoing provisions shall not prevent the application by such trustee, fiscal agent or paying agent of any moneys deposited with such trustee, fiscal agent or paying agent for the purpose of the payment of or on account of the principal (and premium, if any) and interest on such Subordinated Obligations if such trustee, fiscal agent or paying agent did not have knowledge at the time of such application that such payment was prohibited by the foregoing provisions.

**(c)** Any Subordinated Obligations may have such rank or priority with respect to any other Subordinated Obligations as may be provided in the indenture or other instrument, authorizing the issuance or incurrence, or securing of such Subordinated Obligations and may contain such other provisions as are not in conflict with the provisions of the Indenture.

**Section 2.09 Credit Provider Bonds**. Subject only to Section 2.02, notwithstanding any other provision contained in the Indenture to the contrary, Bonds which are Credit Provider Bonds shall have terms and conditions, including terms of maturity, payment, prepayment and interest rate, as shall be specified in the applicable Credit Support Agreement.

**Section 2.10 Limit on Indebtedness**. The Agency covenants with the Owners of the Bonds and the owners of all other Outstanding Parity Obligations at any time Outstanding that it will not enter into any obligation or make any expenditure payable from taxes allocated to the Agency under the Law the payments with respect to which, together with payments theretofore made or to be made with respect to other obligations (including, but not limited to all Parity Obligations) previously entered into by the Agency, would exceed the then-effective limit on the amount of taxes that can be allocated to the Agency pursuant to Section 33333.2(1) of the Law and the Redevelopment Plan.

**Section 2.11 Limitation on Issuance of Senior Bonds**. The Agency covenants that so long as any Parity Obligations are Outstanding, the Agency shall not issue any additional (including any refunding) Senior Bonds under the Senior Obligations or other debt which is payable on a parity with the Senior Bonds and on a priority basis to any Parity Obligations.

## ARTICLE III

## GENERAL TERMS AND PROVISIONS OF BONDS

### Section 3.01 Medium of Payment; Form and Date; Letters and Numbers.

**(a)** Unless otherwise provided with respect to a Series of Bonds in the Supplemental Indenture authorizing such Series, the Bonds of each Series shall be payable, with respect to principal, Redemption Price, if any, Purchase Price, if any, and interest in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

**(b)** The Bonds shall be issued in the form of fully registered bonds without coupons in Authorized Denominations.

**(c)** Each Bond shall be lettered and numbered as determined by the Trustee so as to be distinguished from every other Bond.

**(d)** The Bonds of each Series shall be dated as provided in or determined pursuant to the Supplemental Indenture authorizing such Series. Unless otherwise provided with respect to a Series of Bonds in the Supplemental Indenture authorizing such Series, the Bonds of each Series shall bear interest from the Interest Payment Date next preceding the date of authentication thereof unless: (i) such Bonds are authenticated on an Interest Payment Date, in which event from such Interest Payment Date; and (ii) unless such Bonds are authenticated after a Record Date and before the next succeeding Interest Payment Date for such Bonds, in which event from such Interest Payment Date; provided, however, that if the date of authentication of a Bond shall be prior to the Record Date for the first Interest Payment Date for such Bond, such Bond shall bear interest from its original dated date. Notwithstanding the foregoing, if the Agency shall default in the payment of interest, then the Bonds shall bear interest from the date to which interest has been paid or if no interest has been paid, from their original dated date.

**(e)** Unless otherwise provided with respect to a Series of Bonds in the Supplemental Indenture authorizing such Series, the interest payable on Bonds shall be calculated on the basis of a 360-day year of twelve, thirty day months.

**(f)** Except as otherwise provided in the Representation Letter with a Securities Depository for Book-Entry Bonds (or, with respect to a Series of Bonds in the Supplemental Indenture authorizing such Series), interest on each Bond shall be payable on each Interest Payment Date for such Bond and shall be paid by check of the Trustee mailed on such Interest Payment Date to the Owner of such Bond shown on the Bond Register as of the close of business on the Record Date immediately preceding such Interest Payment Date. Owners of at least $1,000,000 aggregate principal amount (or, with respect to a Series of the Bonds, such other principal amount as may be specified in the Supplemental Indenture authorizing such Series), of Bonds of any Series may, at any time prior to a Record Date with respect to the payment of interest on such Bonds, give the Trustee written instructions for payment of such interest on each succeeding Interest Payment Date for such Bonds by wire transfer or by deposit to an account.

Notwithstanding the foregoing, however, if the Agency shall default in the payment of interest due on Bonds on any Interest Payment Date, such interest shall cease to be payable to the persons in whose name such Bonds were registered in the Bond Register on the Record Date for such Interest Payment Date, and shall be payable, when and if paid by the Agency, to the persons in whose names such Bonds are registered at the close of business on the record date fixed therefor by the Trustee (each a "Special Record Date"), which shall not be more than 15 days and not less than 10 days prior to the date of the proposed payment.

Unless redeemed prior to such date, the principal of each Bond shall be payable on its maturity date and the Redemption Price of each Bond called for redemption prior to maturity, subject to the terms of Section 4.05(b), shall be payable on the applicable redemption date. Except as otherwise provided in the Representation Letter with a Securities Depository for Book-Entry Bonds, the principal and, if applicable, the Redemption Price of each Bond shall be payable only upon presentation and surrender of such Bond at the Principal Office of the Trustee or any other Paying Agent for such Bond.

**Section 3.02 Legends**. Bonds may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of the Indenture as may be necessary or desirable to comply with custom, the rules of any securities exchange, commission or brokerage agent, or otherwise, as may be determined by the Agency prior to the authentication and delivery thereof.

**Section 3.03 Execution and Authentication.**

**(a)** The Bonds shall be executed in the name of the Agency by the manual or facsimile signature of the Chair or Vice Chair of the Agency and attested by the facsimile or manual signature of the Clerk of the Agency, or in such other manner as may be authorized by Supplemental Indenture or required by law. In case any one or more of the officers who shall have signed any of the Bonds shall cease to be such officer before the Bonds so signed shall have been authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as provided in the Indenture, and may be issued as if the persons who signed such Bonds had not ceased to hold such offices. Any Bond may be signed on behalf of the Agency by such persons as at the time of the execution of such Bond shall be duly authorized or hold the proper office in Agency, although at the date borne by such Bonds such persons may not have been so authorized or have held such office.

**(b)** The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in the Supplemental Indenture authorizing such Series, executed manually by the Trustee, including any Paying Agent appointed as agent for the Trustee pursuant to Section 8.01(b). Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Indenture and no Bond shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Bond executed on behalf of the Agency shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under the Indenture and that the Owner thereof is entitled to the benefits of the Indenture.

**Section 3.04 Book-Entry Bonds.**

**(a)** Unless otherwise provided with respect to a Series of Bonds in the Supplemental Indenture authorizing such Series, the Bonds of each Series shall be issued as Book-Entry Bonds in fully registered form with no distribution of physical bonds made to the public. Except as otherwise provided in Section 3.05, the Book-Entry Bonds of each Series shall be registered in the name of the Securities Depository or its Nominee as directed by the Securities Depository. The payment of Book-Entry Bonds and the giving of notices shall be governed by the terms of the Representations Letter with the Securities Depository for the Book-Entry Bonds. DTC shall act as the initial Securities Depository for the Book-Entry Bonds and has designated Cede & Co. as its Nominee. DTC has represented to the Agency that it shall maintain a book-entry program in recording ownership interests in the Book-Entry Bonds of its Participants and the ownership interests of a Beneficial Owner of a Bond shall be recorded through book entries on the records of the Participants.

**(b)** Bonds of each Series which are not Book-Entry Bonds shall be delivered to the Owners thereof as fully registered Bonds in the form specified in the Supplemental Indenture authorizing the issuance of such Series of Bonds, with the ownership of such Bonds being recorded in the Bond Register.

**(c)** In the event that the DTC or any successor Securities Depository ceases to act as Securities Depository for Bonds of a Series, then Bonds of such Series in certificated form shall be issued to the Owners in substantially the form of the Bond delivered to the former Securities Depository or its Nominee with necessary changes to reflect non-book-entry status as shall be approved by the officers of the Agency executing such Bonds. The issuance of individual Bonds in certificated form shall be accomplished as provided in the Representation Letter.

**(d)** With respect to Bonds registered in the Bond Register in the name of a Securities Depository or a Nominee, the Agency, the Trustee and each Paying Agent shall have no responsibility or obligation to any Participant or to any Beneficial Owner. Without limiting the immediately preceding sentence, none of the Agency, the Trustee or any Paying Agent shall have any responsibility or obligation with respect to (i) the accuracy of the records of a Securities Depository, its Nominee or any Participant as to any ownership interest in the Bonds, (ii) the delivery to any Participant, Beneficial Owner or any other person, other than an Owner as shown in the Bond Register, of any notice with respect to the Bonds, or (iii) the payment to any Participant, Beneficial Owner or any other person, other than an Owner as shown in the Bond Register, of any amount with respect to principal and Purchase Price of, premium, if any, or interest on the Bonds. The Agency, the Trustee and each Paying Agent may treat and consider the person in whose name each Bond is registered in the Bond Register as the absolute Owner of such Bond for the purpose of payment of principal and Purchase Price of, premium, if any, and interest on such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. None of the Agency, the Trustee or any Paying Agent shall be affected by any notice to the contrary. All principal and Purchase Price of, premium, if any, and interest on the Bonds shall be paid only to or upon the order of the respective Owner, as shown in the Bond Register, or their respective attorneys duly authorized in writing, and all such payments

shall be valid and effective to fully satisfy and discharge the Agency's obligations with respect to payment of principal and Purchase Price of, Redemption Price, if any, and interest on the Bonds to the extent of the sum or sums so paid, and none of the Agency, the Trustee or any Paying Agent shall be affected by any notice to the contrary. No person other than an Owner, as shown in the Bond Register, shall receive a Bond evidencing the obligation of the Agency to make payments of principal and Purchase Price of, Redemption Price, if any, and interest pursuant to the Indenture.

**(e)** Upon delivery by a Securities Depository to the Agency of written notice to the effect that the Securities Depository has determined to substitute a new Nominee in place of its current Nominee, and subject to the provisions in the Indenture with respect to Record Dates, the word Nominee for purposes of the Indenture shall refer to such new Nominee of the Securities Depository; and upon receipt of such a notice the Agency shall promptly deliver a copy of the same to the Trustee.

**(f)** Notwithstanding any other provision of the Indenture and so long as Book-Entry Bonds are registered in the name of a Nominee, the Agency and the Trustee shall cooperate with the Securities Depository in effecting payment of the principal of, Redemption Price, if any, and interest on such Book-Entry Bonds by arranging for payment in such manner as the Securities Depository may reasonably instruct in writing that funds for such payments are properly identified and are made available on the date they are due, all in accordance with the Representation Letter, the provisions of which the Trustee may rely upon to implement the foregoing procedures.

**(g)** A Securities Depository for the Book-Entry Bonds may resign upon giving 30 days written notice of such resignation to the Agency and the Trustee. The Agency may terminate the use of the book-entry system of a Securities Depository for Book-Entry Bonds upon giving 30 days written notice of such termination to the Securities Depository and the Trustee. Any such resignation or termination shall become effective upon the earlier of the appointment of a successor Securities Depository for Book-Entry Bonds by the Agency or the issuance of Bonds which are not Book-Entry Bonds pursuant to Section 3.05.

**Section 3.05 Transfers Outside Book-Entry Program.** In the event that the resignation or removal of a Securities Depository has become effective pursuant to Section 3.04(g), then the Agency shall thereupon discontinue the current book-entry program for the Book-Entry Bonds with such Securities Depository. In such event, the Agency shall cause the Trustee to obtain from the former Securities Depository a list showing the interests of the Participants in the Book-Entry Bonds and shall cause such Book-Entry Bonds to be surrendered to the Trustee on or before the date any replacement Bonds are to be issued. Furthermore, in such event the Agency determines to use a substitute Securities Depository, the Agency shall so notify the Trustee and each Paying Agent for Book-Entry Bonds. If, prior to the termination of the current Securities Depository's book-entry system for the Book-Entry Bonds, the Agency fails to identify another qualified Securities Depository to replace the current Securities Depository, then the Book-Entry Bonds shall no longer be required to be registered in the name of a Securities Depository or its Nominee and the Agency shall issue, and the Trustee shall authenticate, replacement Bonds in the appropriate amounts and in whatever name or names the

Owners of the Book-Entry Bonds shall designate pursuant to the Representation Letter with the former Securities Depository. In the event the Agency determines that the Beneficial Owners of the Bonds shall be able to obtain physical Bonds through a Securities Depository, the Agency may notify the Participants identified by the Securities Depository as having an interest in the Bonds of the availability of such physical Bonds and the Trustee shall authenticate, transfer and exchange Bonds as required by the Securities Depository in the appropriate names and amounts, which shall be in Authorized Denominations.

**Section 3.06 Bond Register**. The Trustee shall keep or cause to be kept, at its Principal Office, the Bond Register for the registration and transfer of the Bonds of each Series which shall at all times be open to inspection during regular business hours by the Agency, and, upon presentation for such purpose, the Trustee shall, under such reasonable regulations as it may prescribe, register or transfer or cause to be registered or transferred on said Bond Register, Bonds of each Series as provided in the Indenture.

The Agency, the Trustee and each Paying Agent may rely on the address of the Owner of each Bond as it appears on the Bond Register for any and all purposes. It shall be the duty of the Owner of each Bond to give written notice to the Trustee of any change in the Owner's address so that the Bond Register may be revised accordingly.

**Section 3.07 Interchangeability of Bonds**. Upon surrender of a Bond at the Principal Office of the Trustee, together with a written instrument of transfer satisfactory to the Trustee and duly executed by the Owner or the Owner's attorney duly authorized in writing, may, at the option of the Owner thereof, and upon payment by such Owner of any charges which the Trustee may make as provided in Section 3.09, be exchanged for an equal aggregate principal amount of Bonds of the same Series, terms and maturity of any other Authorized Denominations.

**Section 3.08 Negotiability, Transfer and Registry**. Each Bond shall be transferable only upon the Bond Register, upon surrender thereof, together with a written instrument of transfer satisfactory to the Trustee, duly executed by the Owner or the Owner's duly authorized attorney. Upon the transfer of any such Bond, the Agency shall execute and the Trustee shall authenticate, deliver and register in the Bond Register in the name of the transferee a new Bond or Bonds of the same aggregate principal amount, Series, terms and maturity as the surrendered Bond.

**Section 3.09 Regulations With Respect to Exchanges and Transfers**. Subject to the terms of a Representation Letter with a Securities Depository for Book-Entry Bonds, in all cases in which the privilege of exchanging Bonds or transferring Bonds is exercised, the Agency shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of the Indenture relating to such Bonds. All Bonds surrendered in any such exchanges or transfers shall forthwith be delivered to the Trustee and cancelled by the Trustee. Unless the Indenture relating to such Bonds provides that such transfer or exchange shall be made without charge to the Owner, for every such exchange or transfer of Bonds, whether temporary or definitive, the Agency or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid and any other cost incurred by the Agency or the Trustee with respect to such exchange or transfer.

**Section 3.10 Bonds Mutilated, Destroyed, Stolen or Lost.** Subject to the terms of a Representation Letter with a Securities Depository for Book-Entry Bonds, if any Bond becomes mutilated or is lost, stolen or destroyed, the Agency may execute and the Trustee shall authenticate and deliver a new Bond of like date of Series, maturity, principal amount and terms as the Bond so mutilated, lost, stolen or destroyed; provided that (i) in the case of such mutilated Bond, such Bond is first surrendered to Agency or the Trustee, (ii) in the case of any such lost, stolen or destroyed Bond, there is first furnished evidence of such loss, theft or destruction satisfactory to the Trustee together with indemnity satisfactory to the Trustee, (iii) all other reasonable requirements of the Agency and the Trustee are complied with, and (iv) expenses in connection with such transaction are paid by the Owner. Any Bond surrendered for exchange shall be cancelled. Any such new Bond issued pursuant to this Section in substitution for a Bond alleged to be destroyed, stolen or lost shall constitute original additional contractual obligations on the part of the Agency, whether or not the Bond so alleged to be destroyed, stolen or lost be at any time enforceable by anyone, and shall be equally payable from the Subordinate Pledged Tax Revenues on a parity with and entitled to equal and proportionate benefits with, all other Bonds.

**Section 3.11 Temporary Bonds.**

**(a)** Subject to the terms of a Representation Letter with a Securities Depository for Book-Entry Bonds, until the definitive Bonds are prepared, the Agency may execute, in the same manner as is provided in Section 3.03, and upon the request of the Agency, the Trustee shall authenticate and deliver, in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive Bonds except as to the exchangeability for Bonds, one or more temporary Bonds substantially of the tenor of the definitive Bonds in lieu of which such temporary Bond or Bonds are issued, in Authorized Denominations, and with such omissions, insertions and variations as may be appropriate to temporary Bonds. The installments of interest payable on such temporary Bonds shall be payable in the same manner as interest is payable on the definitive Bonds in lieu of which such temporary Bonds were issued. The Agency, at its own expense, shall prepare and execute and, upon the surrender of such temporary Bonds for exchange and the cancellation of such surrendered temporary Bonds, the Trustee shall authenticate and, without charge to the Owner thereof, deliver in exchange therefor, definitive registered Bonds of the same aggregate Series, principal amount, terms, maturity and date of issue as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds of a Series shall in all respects be entitled to the same benefits and security as definitive Bonds authenticated and issued pursuant to the Indenture authorizing the issuance of such Series of Bonds.

**(b)** Temporary Bonds authorized in more than one denomination, upon surrender thereof at the Principal Office of the Trustee, may at the option of the Owner thereof, and upon payment by such Owner of any charges which may be made as provided in Section 3.09 be exchanged for an equal aggregate principal amount of temporary Bonds of the same Series, maturity, and containing the same terms, of any of the Authorized Denominations as shall be requested by such Owner.

**(c)** All temporary Bonds surrendered in exchange either for another temporary Bond or Bonds or for a definitive Bond or Bonds shall be forthwith cancelled by the Trustee.

**Section 3.12 Cancellation and Destruction of Bonds**. All Bonds paid or redeemed, either at or before maturity, and all Bonds surrendered for transfer or exchange, shall be delivered to the Trustee when such payment, redemption or surrender is made, and such Bonds, together with all Bonds purchased by the Trustee, shall thereupon be promptly cancelled. Bonds so cancelled may at any time be destroyed by the Trustee, who shall execute a certificate of destruction in duplicate by the signature of one of its authorized officers describing the Bonds so destroyed, and one executed certificate shall be filed with the Agency and the other executed certificate shall be retained by the Trustee.

## ARTICLE IV

## REDEMPTION OF BONDS

**Section 4.01 Privilege of Redemption and Redemption Price**. Bonds of each Series subject to redemption prior to maturity pursuant to the Supplemental Indenture authorizing such Series shall be redeemable, upon giving notice as provided in this Article IV, at such times and at such redemption prices as shall be specified in or pursuant to the Supplemental Indenture authorizing such Series and upon such terms as may be specified in this Article IV.

**Section 4.02 Redemption at the Direction of Agency**. In the case of a redemption of Bonds of any Series at the option or direction of the Agency, the Agency shall give written notice to the Trustee of the exercise of its option to redeem Bonds or of its direction to otherwise cause the redemption of Bonds at its direction, and of the redemption date, principal amounts of the Bonds of such Series and maturity to be redeemed (which Series, maturities and principal amounts shall be determined by the Agency in its sole discretion, subject to any limitations with respect thereto contained in the Supplemental Indenture authorizing such Series of Bonds and provided that, with respect to any Bond to be redeemed in part, the portion of such Bond which is not to be redeemed shall be in an Authorized Denomination). Such notice shall be given at least forty (40) days prior to the redemption date or such shorter period as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as in Section 4.05 provided, other than a conditional notice pursuant to Section 4.05(b), there shall be paid on or prior to the redemption date to the Trustee an amount in cash which, in addition to other moneys, if any, available therefor held by the Trustee, shall be sufficient to redeem on the applicable redemption date at the Redemption Price, all of the Bonds to be redeemed.

**Section 4.03 Redemption Otherwise Than at Agency's Direction**. Whenever by the terms of the Indenture, the Trustee is required or authorized to redeem Bonds otherwise than at the option or direction of the Agency and the Indenture does not expressly set forth the principal amount of Bonds of each Series and maturity so subject to redemption to be redeemed, the Agency may select the principal amounts of the Bonds of each Series and maturity to be redeemed (which Series, maturities and principal amounts to be redeemed shall be determined by the Agency in its sole discretion, subject to any limitations with respect thereto contained in the Indenture and provided that, with respect to any Bond to be redeemed in part, the portion of such Bond which is not to be redeemed shall be in an Authorized Denomination) and in the event the Agency does not notify the Trustee of such Series, maturities, and principal amounts, to be redeemed on or before the forty-fifth (45th) day preceding the redemption date, the Trustee shall,

in its sole discretion, subject to any limitations with respect to the Series, maturity, or principal amount of Bonds to be redeemed contained in the Indenture, select the Series, maturities and principal amounts of Bonds to be redeemed, which selection shall be conclusive, give the notice of redemption and pay out of moneys available therefor the Redemption Price thereof to the Owners of the Bonds to be redeemed or to appropriate Paying Agents in accordance with the terms of this Article IV.

**Section 4.04 Selection of Bonds to be Redeemed.** If less than all of the Outstanding Bonds, or less than all of the Outstanding Bonds of like Series and maturity, shall be called for prior redemption, except as otherwise provided with respect to Credit Provider Bonds in the Supplemental Indenture authorizing such Credit Provider Bonds or in the applicable Credit Support Agreement or except as otherwise provided with respect to Book-Entry Bonds in a Representation Letter, the particular Bonds or portions of Bonds to be redeemed shall, subject to any limitations with respect thereto contained in the Indenture, be selected at random by the Trustee in such manner as the Trustee in its discretion may deem fair and appropriate; provided, however, that the portion of any Bond of a denomination greater than the minimum Authorized Denomination for the Bonds of a Series shall be redeemed in part only in a principal amount such that the portion of such Bond which is not redeemed shall be in an Authorized Denomination for such Series and that, in selecting portions of Bonds of a Series for redemption, the Trustee shall treat each Bond of each Series as representing that number of Bonds of the minimum Authorized Denomination for such Series which is obtained by dividing the principal amount of such Bond by the minimum Authorized Denomination for the Bonds of such Series.

**Section 4.05 Notice of Redemption.**

**(a)** When the Trustee shall receive notice from the Agency of the exercise of its option to redeem Bonds or of its direction to otherwise cause the redemption of Bonds pursuant to Section 4.02, and when redemption of Bonds of a Series is authorized or required pursuant to Section 4.03, the Trustee shall give notice, in the name of the Agency, of the redemption of such Bonds, which notice shall be mailed, by first class mail, postage prepaid, not more than sixty (60) nor less than thirty (30) days before the redemption date to the Owners of any Bonds to be redeemed (in whole or in part) at their addresses appearing in the Bond Register with a copy of such notice to the relevant Credit Provider, if any. Such notice shall specify the Series and maturity date of the Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption shall be payable and, if less than all of the Bonds of any like Series and maturity are to be redeemed, the letters and numbers or other distinguishing marks of such Bonds so to be redeemed, and, in the case of Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state that on such date there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal amount thereof to be redeemed in the case of Bonds to be redeemed in part only, and that from and after such date interest on such Bond or the portion of such Bond to be redeemed shall cease to accrue and be payable.

Receipt of such notice shall not be a condition precedent to the redemption of Bonds and failure of any Owner of a Bond to receive any such notice or any insubstantial defect

in such notice shall not affect the validity of the proceedings for the redemption of Bonds. Any defect in such notice given to the Owners of less than all of the Bonds to be redeemed shall not affect the validity of the proceedings for the redemption of the Bonds as to which the notice of redemption did not contain such defect.

**(b)** In the event that funds required to pay the Redemption Price of the Bonds are not on deposit with the Trustee at the time the notice with respect to any redemption of Bonds at the option of the Agency is given, such notice shall state that such redemption is conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the Redemption Price of the Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Agency shall not be required to redeem such Bonds. In the event a notice of redemption of Bonds contains such a condition and such moneys are not so received, the redemption of Bonds as described in the conditional notice of redemption shall not be made and the Trustee shall, within a reasonable time after the date on which such redemption was to occur, give notice to the persons and in the manner in which the notice of redemption was given that such moneys were not so received and that there shall be no redemption of Bonds pursuant to the conditional notice of redemption.

**(c)** If upon the expiration of sixty (60) days succeeding any redemption date, any Bonds called for redemption shall not have been presented to the Trustee for payment, the Trustee shall no later than ninety (90) days following such redemption date, send written notice by first class mail to the Owner of each Bond not so presented. Failure to mail the notices required by this subsection to any Owner, or any defect in any notice so mailed, shall not affect the validity of the proceedings for redemption of any Bonds nor impose any liability on the Trustee.

**(d)** In addition to the notice of redemption required pursuant to subsection (a) of this Section, if any Bonds are to be redeemed, then at the written request of an Authorized Agency Representative received at least forty-five (45) days before the redemption date, at least thirty (30) days before the redemption date, the Trustee shall also give redemption notice by (i) registered or certified mail, return receipt requested, postage prepaid, (ii) telephonically confirmed facsimile transmission, (iii) overnight delivery service or (iv) other means acceptable to such Information Service, to one of the Information Services.

Failure to give the notices described in this subsection or any defects therein, shall not in any manner affect the proceedings for redemption of any Bonds.

**(e)** Neither the Agency nor the Trustee shall have any responsibility for any defect in the CUSIP number that appears on any Bonds or in any redemption notice or other notice with respect thereto, and any such redemption notice or other notice may contain a statement to the effect that CUSIP numbers have been assigned by an independent service for convenience of reference and that neither the Agency nor the Trustee shall be liable for any inaccuracy in such numbers.

**Section 4.06 Partial Redemption of Bonds.** Upon surrender of any Bond to be redeemed in part only, the Agency shall execute, and the Trustee shall authenticate and deliver to

the Owner of such Bond, at the expense of the Agency, a new Bond or Bonds of Authorized Denominations equal in aggregate principal amount to the unredeemed portion of the Bond surrendered, of the same Series, maturity and terms as the surrendered Bond.

**Section 4.07 Effect of Notice and Availability of Redemption Money.** Notice of redemption having been duly mailed to the Owners of the Bonds to be redeemed (in whole or in part), as provided in Section 4.05, and the amount necessary for the redemption having been made available for that purpose and being available therefor on the date fixed for such redemption:

**(a)** the Bonds, or portions thereof, designated for redemption shall, on the date fixed for redemption, become due and payable at the applicable Redemption Price thereof, as provided in the Indenture, anything in such Indenture or in the Bonds to the contrary notwithstanding;

**(b)** except as otherwise provided in a Representation Letter, upon presentation and surrender thereof at the Principal Office of the Trustee or another Paying Agent for such Bonds, the Bonds to be redeemed shall be redeemed at the applicable Redemption Price;

**(c)** the Bonds or portions thereof so designated for redemption shall be deemed to be no longer Outstanding and such Bonds or portions thereof shall cease to bear further interest; and

**(d)** after the date fixed for redemption no Owner of any of the Bonds or portions thereof so designated for redemption shall be entitled to any of the benefits of the Indenture, or to any other rights, except with respect to payment of the Redemption Price thereof from the amounts so made available.

## ARTICLE V

## ESTABLISHMENT OF FUNDS AND APPLICATION THEREOF

**Section 5.01 Pledge of Subordinate Pledged Tax Revenues.** Subject to the provisions of the Indenture permitting application thereof for the purposes and on the terms and conditions set forth in the Indenture, to secure the payment of all the Outstanding Bonds and Parity Obligations, including without limitation Credit Provider Bonds, and the interest payments becoming due thereon according to their tenor, purport and effect, and to secure the performance and observance of all of the covenants, agreements and conditions contained in the Outstanding Bonds, including without limitation Credit Provider Bonds, and the Indenture, the Agency hereby irrevocably grants a lien on and a security interest in, and pledges, the Subordinate Pledged Tax Revenues and all money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture, whether held by the Agency or the Trustee, to the Trustee for the benefit of the Owners of the Outstanding Bonds, including without limitation Credit Provider Bonds, and any Parity Obligations, including without limitation Credit Support Agreements for Parity Obligations and Qualified Swap Agreements. This lien on and security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special

Fund and in the funds or accounts so specified and provided for in this Master Indenture shall constitute a first pledge of and charge and lien upon the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture, shall immediately attach and be effective, binding, and enforceable against the Agency, its successors, purchasers of any of the Subordinate Pledged Tax Revenues or such money in the Special Fund or in the funds or accounts so specified and provided for in this Master Indenture, creditors, and all others asserting rights therein to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the lien on, security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in this Master Indenture and without the need for any physical delivery, recordation, filing or further act.

**Section 5.02 Funds**. To ensure the payment when due and payable, whether at maturity or upon redemption or upon acceleration, of the principal of, Redemption Price, if any, and interest on the Bonds, there are hereby established the following funds and accounts, to be held and maintained by the Trustee and applied as provided in the Indenture for so long as any of the Bonds are Outstanding:

**(a)** the Richmond Community Redevelopment Agency Housing Set Aside Subordinate Tax Allocation Bonds Special Fund (the "Special Fund"), comprised of an Interest Account, a Principal Account, a Sinking Fund Account and a Debt Service Reserve Account; and

**(b)** the Richmond Community Redevelopment Agency Housing Set Aside Subordinate Tax Allocation Bonds Redemption Fund (the "Redemption Fund").

**Section 5.03 Receipt and Deposit of Subordinate Pledged Tax Revenues**. After the Agency has made all required deposits of Tax Revenues in the Funds and Accounts (as defined in the Senior Obligations) established under the Senior Obligations, the Agency shall transfer, on a quarterly basis, all Subordinate Pledged Tax Revenues held or received by the Agency to the Trustee for deposit in the Special Fund; provided that the Agency shall not be obligated to deposit in the Special Fund in any Fiscal Year an amount of Subordinate Pledged Tax Revenues which, together with other available amounts then in the Special Fund, exceeds the amounts required to be transferred to the Trustee for deposit in the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to Section 5.04 hereof. Any Subordinate Pledged Tax Revenues received during any Fiscal Year following deposit in the Special Fund of an amount equal to the aggregate amount required to be transferred to the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to Section 5.04 of this Indenture, shall be released from the pledge and lien hereunder and may be used for any lawful purposes of the Agency. There shall not be deposited with the Trustee any taxes eligible for allocation to the Agency for deposit in the Special Fund pursuant to the Law in an amount in excess of that amount which, together with all money then on deposit with the Trustee in the Special Fund and the accounts therein, shall be sufficient to discharge all Outstanding Parity Obligations as provided in Article IX.

The Agency covenants and agrees that all Subordinate Pledged Tax Revenues deposited in the Special Fund will be accounted for through, and held in trust in the Special Fund, and the Agency shall have no beneficial right or interest in any of such money, except only as provided in the Indenture. All such Subordinate Pledged Tax Revenues shall nevertheless be disbursed, allocated and applied solely to the uses and purposes herein set forth, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the Agency.

**Section 5.04 Special Fund. (a)** All moneys in the Special Fund shall be set aside by the Trustee in each Fiscal Year when and as received in the following respective special accounts within the Special Fund; provided, however, that all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and if so provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds, and constituting Subordinate Pledged Tax Revenues shall immediately upon receipt thereof be deposited in the Interest Account. All moneys in each of such accounts shall be held in trust by the Trustee and shall be applied, used and withdrawn only for the purposes hereinafter authorized in this Section 5.04.

(1) Interest Account. The Trustee shall set aside from the Special Fund and deposit in the Interest Account an amount of money which, together with any money contained therein equals the aggregate amount of the Debt Service constituting interest becoming due and payable on all Outstanding Bonds on the Interest Payment Dates and on all other outstanding Parity Obligations on interest payment dates thereof in such Fiscal Year and the next succeeding Fiscal Year. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to Qualified Swap Agreements entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and to the extent provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues.

For purposes of determining the amount of money to be set aside from the Special Fund and deposited in the Interest Account pursuant to this Section 5.04, the determination of the amount the Debt Service constituting interest becoming due and payable on all Outstanding Bonds and on all other outstanding Parity Obligations shall be subject to the Debt Service Adjustments and Assumptions; provided, however, that, if and to the extent that all or a portion of the Outstanding Bonds or the other outstanding Parity Obligations are the subject of a Qualified Swap Agreement, the amount to be deposited in the Interest Account with respect to such Bonds or other Parity Obligations shall be an amount equal to the aggregate amount of Agency Swap Payments plus the Basis Differential Amount becoming due and payable in such Fiscal Year and the next succeeding Fiscal Year.

All moneys in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds and the other Parity Obligations, including Net Payments, as the same shall become due and payable.

(2) Principal Account. The Trustee shall set aside from the Special Fund and deposit in the Principal Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of the principal becoming due and payable on all Outstanding Bonds and all other outstanding Parity Obligations which are Serial Obligations in such Fiscal Year and the next succeeding Fiscal Year. All money in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Outstanding Bonds and other outstanding Parity Obligations which are Serial Obligations as they shall become due and payable.

(3) Sinking Fund Account. The Trustee shall set aside from the Special Fund and deposit in the Sinking Fund Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of Sinking Fund Installments becoming due and payable with respect to all Outstanding Bonds and sinking fund installments becoming due and payable with respect to all other outstanding Parity Obligations which are Term Obligations in such Fiscal Year and the next succeeding Fiscal Year. All moneys in the Sinking Fund Account shall be used by the Trustee to redeem the Outstanding Bonds and other outstanding Parity Obligations which are Term Obligations in accordance with the Supplemental Indenture authorizing such Bonds or other outstanding Parity Obligations. In the event that Bonds or which are Term Obligations purchased or redeemed at the option of the Agency are deposited with the Trustee for the credit of the Sinking Fund Account not less than forty-five (45) days prior to the due date for any Sinking Fund Installment for such Bonds, such deposit shall satisfy (to the extent of 100% of the principal amount of such Bonds) any obligation of the Agency to make a payment with respect to such Sinking Fund Installments. Any Bond so deposited with the Trustee shall be cancelled and shall no longer be deemed to be Outstanding for any purpose. Upon making the deposit with the Trustee of Bonds which are Term Obligations as provided in this paragraph, the Agency may specify the dates and amounts of Sinking Fund Installments for such Bonds as to which the Agency's obligations to make a payment with respect to Sinking Fund Installments for such Bonds shall be satisfied.

(4) Debt Service Reserve Account. (i) The Trustee shall set aside from the Special Fund and deposit in the Debt Service Reserve Account an amount of money (or other authorized deposit of security, as provided in paragraph (v) below) equal to the Debt Service Reserve Requirement for the Bonds then Outstanding. The Trustee shall also set aside from the Special Fund and deposit in the debt service reserve account established under an Issuing Instrument for any other Parity Obligation an amount of money equal to the debt service reserve requirement for such Parity Obligations then outstanding. The Debt Service Reserve Account shall be replenished in the following priority: (i) principal and interest on Reserve Financial Guaranties shall be paid from first available Subordinate Pledged Tax Revenues on a pro rata basis; and (ii) after all such amounts are paid in full, amounts necessary to fund the Debt Service Reserve Account to the required level, after taking into account the amounts available under the Reserve Financial Guaranties shall be deposited from next available Subordinate Pledged Tax Revenues. No deposit need be made in the Debt Service Reserve Account or the debt serve reserve account for such other Parity Obligations so long as there shall be on deposit therein an amount equal to the Debt Service Reserve Requirement of the Bonds then Outstanding or the debt service reserve requirement for such Parity Obligations then outstanding, as applicable. If on any date on which the principal or Redemption Price of, or interest on, Bonds

or an Agency Swap Payment is due, the amount in the applicable account in the Special Fund available for such payment is less than the amount of the principal and Redemption Price of and interest on the Bonds or Agency Swap Payment due on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

(ii) Except as provided in paragraph (v) below, if on the last Business Day of any month the amount on deposit in any Debt Service Reserve Account shall exceed the Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Financial Guaranty deposited in or credited to such Fund and to the payment of interest or other amounts due with respect to such a Reserve Financial Guaranty and any remaining moneys shall be deposited in the Interest Account.

(iii) Whenever the amount in the Debt Service Reserve Account (excluding Reserve Financial Guaranties), together with the amount in the Special Fund, is sufficient to pay in full all of the Outstanding Bonds in accordance with their terms (including principal or Redemption Price and interest thereon), the funds on deposit in the Debt Service Reserve Account shall be transferred to the Special Fund.

(iv) In the event of the refunding of one or more Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized Agency Representative, withdraw from the Debt Service Reserve Account any or all of the amounts on deposit therein (excluding Reserve Financial Guaranties) and deposit such amounts with itself as Trustee, or the Escrow Agent for the Bonds to be refunded, to be held for the payment of the principal or Redemption Price, if any, of, and interest on, the Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Bonds (or portions thereof) being refunded shall be deemed to have been paid pursuant to Section 9.02, and (b) the amount remaining in the Debt Service Reserve Account after such withdrawal, taking into account any deposits to be made in the Debt Service Reserve Account in connection with such refunding, shall not be less than the Debt Service Reserve Requirement.

(v) In lieu of the deposits and transfers to the Debt Service Reserve Account required by Section 5.04(a)(4), the Agency may cause to be deposited in the Debt Service Reserve Account a Reserve Financial Guaranty or Reserve Financial Guaranties in an amount equal to the difference between the Debt Service Reserve Requirement and the sums, if any, then on deposit in the Debt Service Reserve Account or being deposited in such Fund concurrently with such Reserve Financial Guaranty or Guaranties. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Financial Guaranties to receive payments with respect to the Reserve Financial Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Debt Service Reserve Account; (ii) on the first Business Day which is at least ten (10) days prior to the expiration date of each Reserve Financial Guaranty, in an amount equal to the deficiency which would exist in the Debt Service Reserve Account if the Reserve Financial Guaranty expired, unless a substitute

Reserve Financial Guaranty with an expiration date not earlier than 180 days after the expiration date of the expiring Reserve Financial Guaranty is acquired prior to such date or the Agency deposits funds in the Debt Service Reserve Account on or before such date such that the amount in the Debt Service Reserve Account on such date (without regard to such expiring Reserve Financial Guaranty) is at least equal to the Debt Service Reserve Requirement.

If, upon the deposit of a Reserve Financial Guaranty into the Debt Service Reserve Account pursuant to this paragraph (v), there shall be any amount in the Debt Service Reserve Account in excess of the Debt Service Reserve Requirement, such excess amount may be applied to the cost of acquiring such Reserve Financial Guaranty and, to the extent not so applied, shall be transferred to the Interest Account or, with a Favorable Opinion of Bond Counsel, as directed by the Agency.

If at any time obligations insured or issued by a Reserve Financial Guaranty Provider shall no longer maintain the required ratings set forth in the definition of "Reserve Financial Guaranty" in Section 1.01, the Agency shall provide or cause to be provided cash or a substitute Reserve Financial Guaranty meeting such requirements to the extent necessary to satisfy the Debt Service Reserve Requirement with either cash, qualified Reserve Financial Guaranties or a combination thereof.

(vi) To the extent the Agency elects to have the Trustee establish and maintain a separate account in the Debt Service Reserve Account for a particular Series of Bonds pursuant to a Supplemental Indenture, the provisions of this Section 5.04(a)(4) shall not apply to such Series of Bonds.

(5) Surplus. After making the deposits required in paragraphs (1) through (4) above, in any Fiscal Year, the Trustee shall transfer any amount remaining on deposit in the Special Fund to the Agency to be used for any lawful purpose of the Agency.

**(b)** In the event that on any date upon which the Agency is to make a payment from Subordinate Pledged Tax Revenues pursuant to paragraphs (1), (2) and/or (3) of subsection (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment, then the Agency shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraphs (1), (2) and/or (3) of subsection (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

**(c)** In the event that on any date upon which the Agency is to make a payment or deposit from Subordinate Pledged Tax Revenues pursuant to paragraph (4) of subsection (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment or deposit, then the Agency, after making the payments required by paragraphs (1), (2) and/or (3) of subsection (a) above, shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraph (4) of subsection (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

**(d)** In the event one or more Paying Agents have been appointed for the Bonds, moneys may be transferred by the Trustee to such Paying Agents from the appropriate

account in the Special Fund for deposit into a special trust account to ensure the payment when due of the principal of, Redemption Price, if any, and interest on the Bonds or on the other Parity Obligations. In the event that any principal of, Redemption Price or interest on, any Bond or on any other Parity Obligation has been paid from amounts made available pursuant to a Credit Support Instrument, amounts in the appropriate accounts in the Special Fund with respect to such Bond or other Parity Obligation, and any such amounts transferred by the Trustee from the Special Fund to a Paying Agent for such Bond or other Parity Obligation pursuant to this Section, shall be paid to the applicable Credit Provider as a reimbursement of the amounts so paid.

**Section 5.05 Redemption Fund**. From the moneys paid by the Agency, the Trustee shall, on or before each date fixed for redemption, deposit in the Redemption Fund an amount equal to the Redemption Price of the Bonds to be redeemed. Said moneys shall be set aside in said Fund and shall be applied on or after the redemption date to the payment of the Redemption Price of the Bonds to be redeemed and, except as otherwise provided in this Section, shall be used only for that purpose. In the event one or more Paying Agents have been appointed for the Bonds which are to be redeemed with moneys in the Redemption Fund, amounts in the Redemption Fund may be transferred from such Fund by the Trustee to the Paying Agent for the Bonds to be redeemed for deposit into a special trust account held by such Paying Agent to ensure the payment when due the Redemption Price of the Bonds to be redeemed. In the event that the Redemption Price of a Bond has been paid by a Credit Provider pursuant to a Credit Support Instrument, amounts in the Redemption Fund with respect to such Redemption Price, and any such amounts transferred by the Trustee from the Redemption Fund to a Paying Agent for such Bonds pursuant to this Section, shall be paid to such Credit Provider as a reimbursement of the amounts so paid. If, after all of the Bonds designated for redemption have been redeemed and cancelled or paid and cancelled, there are moneys remaining in the Redemption Fund, said moneys shall be transferred to the Interest Account; provided, however, that if said moneys are part of the proceeds of Refunding Obligations said moneys shall be applied as provided in the Issuing Instrument authorizing the issuance of such Refunding Obligations.

**Section 5.06 Depositories.** The Trustee shall hold all moneys deposited with it pursuant to the Indenture or may deposit such moneys with one or more Depositories in trust. All moneys deposited under the provisions of the Indenture with the Trustee or any Depository shall be held in trust and applied only in accordance with the provisions of the Indenture, and each of the Funds established by the Indenture shall be a trust fund for the purposes hereof.

**Section 5.07 Deposits.**

**(a)** All moneys held by any Fiduciary under the Indenture may be placed on demand or time deposit, if and as directed by the Agency, provided that such deposits shall permit the moneys so held to be available for use at the time when reasonably expected to be needed. No Fiduciary shall be liable for any loss or depreciation in value resulting from any investment made pursuant to the Indenture. Any such deposit may be made in the commercial banking department of any Fiduciary or its affiliates which may honor checks and drafts on such deposit with the same force and effect as if it were not such Fiduciary. All moneys held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand or, if and to the extent directed by the Agency and acceptable to such Fiduciary, on time deposit,

provided that such moneys on deposit be available for use at the time when reasonably expected to be needed. Such Fiduciary shall allow and credit on such moneys such interest, if any, as it customarily allows upon similar funds of similar size and under similar condition or as required by law.

**(b)** All moneys held under the Indenture by any Fiduciary shall be (1) either (A) continuously and fully insured by the Federal Deposit Insurance Corporation, or (B) continuously and fully secured by lodging with the Trustee or any Federal Reserve Bank, as custodian, as collateral security, such securities as are described in clauses (a) through (c), inclusive, of the definition of "Permitted Investments" in Section 1.01 having a market value (exclusive of accrued interest) not less than the amount of such moneys, or (2) held in such other manner as may then be required by applicable Federal or State of California laws and regulations and applicable state laws and regulations of the state in which such Fiduciary is located, regarding security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Fiduciaries to give security under this subsection for the deposit of any moneys with them held in trust and set aside by them for the payment of the principal amount or Redemption Price of, or interest on, any Bonds or to give security for any moneys which shall be represented by obligations or certificates of deposit purchased as an investment of such moneys.

**(c)** All moneys deposited with a Fiduciary shall be credited to the particular Fund to which such moneys belong.

**Section 5.08 Investment of Certain Funds.** Moneys held in the Special Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in Permitted Investments which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds. Moneys held in the Debt Service Reserve Account shall be invested and reinvested by the Trustee to the fullest extent practicable in securities described in clauses (1), (2), (3), (4), (5), (6) and (7) of the definition of "Permitted Investments" in Section 1.01 which mature, or which may be drawn upon, not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Account, but, except for investments which permit the Trustee to make withdrawals without penalty, at any time upon not more than two Business Days notice, to provide moneys for payments to be made from such Account, not later than five years from the time of such investment. The Trustee shall make all such investments of moneys held by it and shall sell or otherwise liquidate any such investment and take all actions necessary to draw funds under any such investment, including the giving of necessary notices of the drawing of any moneys under any investment, in each case in accordance with directions of an Authorized Agency Representative, which directions shall be consistent with the Indenture and applicable law, and which directions can either be written or oral; provided that if such directions are oral they shall be promptly confirmed in writing by such Authorized Agency Representative. In the absence of any such written investment directions, the Trustee shall, unless otherwise provided in this Section 5.08, invest such moneys in the money market funds described in clause (f) of the definition of "Permitted Investments."

Except as otherwise provided in a Supplemental Indenture, interest or other income (net of that which (i) represents a return of accrued interest paid in connection with the purchase of any investment or (ii) is required to effect the amortization of any premium paid in connection with the purchase of any investment) earned on any moneys or investments in the Funds created under the Indenture shall be paid into the Interest Account.

In making any investment in any Permitted Investments with moneys in any Fund established under the Indenture, any Fiduciary may combine such moneys with moneys in any other Fund but solely for the purposes of making such investment in such Investments and provided that any amount so combined shall be separately accounted for. The Trustee may act as principal or agent in the acquisition or disposition of investments.

Nothing in the Indenture shall prevent any Permitted Investments acquired as investments of moneys in any Fund from being issued or held in book-entry form on the books of the Department of the Treasury or the Federal Reserve System of the United States.

**Section 5.09 Sale of Investments.** Obligations purchased as an investment of moneys in any Fund shall be deemed at all times to be a part of such Fund and any profit realized from the liquidation of such investment shall be credited to such Fund and any loss resulting from the liquidation of such investment shall be charged to the respective Fund.

Except as otherwise provided in the Indenture, the Trustee may sell at the best price reasonably obtainable, or present for redemption, any obligation purchased as an investment whenever it shall be directed by the Agency so to do or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from any Fund held by it. Any obligation purchased as an investment may be credited on a pro-rata basis to more than one Fund and need not be sold in order to provide for the transfer of amounts from one Fund to another, provided that such obligation is an appropriate Permitted Investment for the purposes of the Fund to which it is to be transferred. The Trustee shall not be liable or responsible for making any such investment in the manner provided above or for any loss resulting from any such investment.

## ARTICLE VI

## COVENANTS AND OBLIGATIONS OF THE AGENCY

The Agency covenants with the Owners of the Outstanding Bonds and with each Credit Provider and each provider or owner of other Parity Obligations as set forth in this Article VI. Each of said covenants shall remain in full force and effect so long as any of the Bonds shall be Outstanding and unpaid, any Credit Support Instrument remains outstanding, and any Credit Provider Reimbursement Obligations remain unpaid.

**Section 6.01 Compliance with Indenture.** The Agency shall punctually pay the Bonds and the other Parity Obligations in strict conformity with the terms of the Indenture and the Bonds and other Parity Obligations, and shall faithfully observe and perform all the agreements, conditions, covenants and terms contained in the Indenture required to be observed and

performed by it, and shall not fail to make any payment required by the Indenture for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State or any political subdivision of either or any failure of any party to observe or perform any agreement, condition, covenant or term contained in any contract or agreement required to be observed and performed by it, whether express or implied, or any duty, liability or obligation arising out of or connected with any such contract or agreement or the insolvency, or deemed insolvency, or bankruptcy or liquidation of any party or any force majeure, including acts of God, tempest, storm, earthquake, war, rebellion, riot, civil disorder, acts of public enemies, blockade or embargo, strikes, industrial disputes, lockouts, lack of transportation facilities, fire, explosion, or acts or regulations of governmental authorities.

**Section 6.02 Against Encumbrances.** The Agency will not mortgage or otherwise encumber, pledge or place any charge upon any of the Subordinate Pledged Tax Revenues, except as provided in the Indenture, and will not issue any bond, note, or other evidence of indebtedness payable from or secured by the Subordinate Pledged Tax Revenues on a basis which is: (i) except for the Senior Bonds, in any manner prior or superior to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; (ii) except for Parity Obligations with respect to the Subordinate Pledged Tax Revenues, in any manner on a parity with the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; or (iii) except for Subordinated Obligations, in any manner subordinate to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture.

**Section 6.03 Extension or Funding of Claims for Interest.** In order to prevent any claims for interest after maturity, the Agency will not, directly or indirectly, extend or consent to the extension of the time for the payment of any claim for interest on any Bonds or other Parity Obligations and will not, directly or indirectly, be a party to or approve any such arrangements by purchasing or funding said claims for interest or in any other manner. In case any such claim for interest shall be extended or funded, whether or not with the consent of the Agency, such claim for interest so extended or funded shall not be entitled, in case of default hereunder, to the benefits of the Indenture, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest which shall not have been so extended or funded.

**Section 6.04 Payment of Claims.** The Agency will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the properties owned by the Agency or upon the Subordinate Pledged Tax Revenues or any part thereof, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds and other Parity Obligations; provided that nothing herein contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such claims.

**Section 6.05 Books and Accounts; Financial and Project Statements.** The Agency will keep proper books of record and accounts, separate from all other records and accounts of the Agency, in which complete and correct entries shall be made of all transactions relating to the Project. Such books of record and accounts shall at all times during business hours be subject to the inspection of the Trustee or of the Owners of not less than ten per cent (10%) of the aggregate principal amount of the Bonds then Outstanding and each provider or owner of other Parity Obligations or their respective representatives authorized in writing.

The Agency will prepare and file with the Trustee, the Credit Provider, if any, and, if requested, each provider or owner of Parity Obligations (other than Owners of Bonds), annually as soon as practicable, but in any event not later than the earlier of two hundred forty (240) days after the close of each Fiscal Year or within thirty (30) days of availability, so long as any Bonds or other Parity Obligations are Outstanding, an audited financial statement relating to the Subordinate Pledged Tax Revenues and all other funds or accounts established pursuant to the Indenture for the preceding Fiscal Year prepared by an Independent Certified Public Accountant, showing the balances in each such fund as of the beginning of such Fiscal Year and all deposits in and withdrawals from each such fund during such Fiscal Year and the balances in each such fund as of the end of such Fiscal Year, which audited financial statement shall include a statement as to the manner and extent to which the Agency and the Trustee have complied with the provisions of the Indenture as it relates to such funds. The Trustee, at the expense of the Agency, will furnish a copy of such audited financial statement to any Owner upon written request. The Trustee shall provide such statements with regard to any funds held by the Trustee hereunder to the Agency as the Agency may reasonably require to comply with the terms of this Section 6.05. The Trustee shall have no duty to review any financial statements filed with it hereunder..

**Section 6.06 Protection of Security and Rights of Owners.** The Agency will preserve and protect the security of the Bonds and other Parity Obligations and the rights of the Owners and providers or owners of other Parity Obligations, and will warrant and defend their rights against all claims and demands of all persons. From and after the sale and delivery of any Bonds by the Agency, such Bonds shall be incontestable by the Agency.

**Section 6.07 Payment of Taxes and Other Charges.** Subject to the provisions of Section 6.09 hereof, the Agency will pay and discharge all taxes, service charges, assessments and other governmental charges that may hereafter be lawfully imposed upon the Agency or any properties owned by the Agency in the Project Area, or upon the revenues therefrom, when the same shall become due; provided that nothing herein contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such taxes, service charges, assessments or other governmental charges.

**Section 6.08 Financing the Project.** The Agency will commence the financing or refinancing of the Project to be aided with the proceeds of the Bonds with all practicable dispatch, and such financing will be accomplished and completed in a sound, economical and expeditious manner and in conformity with the Redevelopment Plan and the Law so as to complete the Project as soon as possible.

**Section 6.09 Taxation of Leased Property**. Whenever any property in the Project is redeveloped by the Agency and thereafter is leased by the Agency to any person or persons, or whenever the Agency leases any real property in the Project to any person or persons for redevelopment, the property shall be assessed and taxed in the same manner as privately-owned property (in accordance with the Law), and the lease or contract shall provide (1) that the lessee shall pay taxes upon the assessed value of the entire property and not merely upon the assessed value of the leasehold interest, and (2) that if for any reason the taxes paid by the lessee on such property in any year during the term of the lease shall be less than the taxes that would have been payable upon the entire property if the property were assessed and taxed in the same manner as privately-owned property, the lessee shall pay such difference to the Agency within thirty (30) days after the taxes for such year become payable, and in any event prior to the delinquency date of such taxes established by law, which such payments shall be treated as tax increment revenues.

**Section 6.10 Disposition of Property in Project Area**. The Agency will not authorize the disposition of any real property in the Project Area that will result in such property becoming exempt from taxation because of public ownership or use or otherwise (except for public ownership or use contemplated by the Redevelopment Plan in effect on the date of execution and delivery of this Master Indenture, or property to be used for public streets or public off-street parking facilities or easements or rights of way for public utilities, or other similar uses), if such disposition, together with all similar prior dispositions on or subsequent to the effective date of this Master Indenture, shall cause the amount of projected Tax Revenues expected to be received in the succeeding Fiscal Year (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of such determination) to be less one hundred twenty-five percent (125%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law.

**Section 6.11 Amendment of Redevelopment Plan**. If the Agency proposes to amend the Redevelopment Plan, it shall cause to be filed with the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds), a Consultant's Report on the effect of such proposed amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will continue to meet the debt service coverage requirements set forth in Section 2.07(e), the Agency may adopt such amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will not continue to meet the debt service coverage requirements set forth in Section 2.07(e), the Agency shall not adopt such proposed amendment. The Trustee shall be entitled to rely upon any said Consultant's Report and shall have no duty to verify the information or statements set forth therein.

**Section 6.12 Subordinate Pledged Tax Revenues.** The Agency shall comply with all requirements of the Law to insure the allocation and payment to the Agency of the Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds), including without limitation the timely filing of any necessary statements of indebtedness with appropriate officials of Contra Costa County.

**Section 6.13 Further Assurances.** The Agency shall adopt, make, execute and deliver any and all such further indentures, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Indenture, and for the better assuring and confirming unto the Owners of the Bonds and providers or owners of other Parity Obligations of the rights and benefits provided in the Indenture.

**Section 6.14 Tax Covenants.** The Agency hereby covenants it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the Tax-exempt status of interest on any Tax-Exempt Bond under Section 103 of the Code. Without limiting the generality of the foregoing, the Agency shall comply with the requirements of the Tax Certificate, if any, delivered in connection with the issuance of each Series of Tax-Exempt Bonds.

In the event that at any time the Agency is of the opinion that, in order to comply with its obligations under subsection (a) of this Section, it is necessary or helpful to restrict or limit the yield on the investment of any moneys in any of the Funds held by the Trustee pursuant to the Indenture, the Agency shall so instruct the Trustee in writing, and cause the Trustee to take such action as may be necessary in accordance with such instructions.

**(a)** Notwithstanding any provisions of this Section, if the Agency shall provide to the Trustee an Opinion of Bond Counsel to the effect that any specified action required under this Section or a Tax Certificate is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Bonds under Section 103 of the Code, the Agency and the Trustee may conclusively rely on such opinion in complying with the requirements of this Section and of the applicable Tax Certificate, and the covenants hereunder shall be deemed to be modified to that extent.

**(b)** The covenants in this Section shall survive payment in full or discharge of the Tax-Exempt Bonds.

**Section 6.15 Agreements with Other Taxing Agencies.** So long as any Bonds or other Parity Obligations are Outstanding, the Agency shall not enter into any agreement or amend any existing agreement with any other taxing agency entered into (i) pursuant to Section 33401 of the Law (as it existed on _____) or (ii) which operates as a waiver of the Agency's right to receive Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds) under the Redevelopment Plan, unless the Agency's obligations under such agreement are made expressly subordinate and junior to the Agency's obligations under the Indenture, the Bonds and any other Parity Obligations.

**Section 6.16 Annual Review of Subordinate Pledged Tax Revenues.** The Agency hereby covenants that it will annually review (i) the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation, and (ii) future cumulative annual Debt Service. Once it has been determined that during the next succeeding Fiscal Year, the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation equals 110% of future cumulative annual Debt Service on Parity Obligations, then the Agency shall deposit all future Subordinate Pledged Tax Revenues into a special escrow account exclusively for the payment of interest on and principal of and redemption premiums, if any, on the Parity Obligations, until such time as the cumulative tax increment limitation, certified to the Agency by an Independent Redevelopment Consultant in a Consultant's Report, is amended to increase the limitation such that the remaining available Subordinated Pledged Tax Revenues will be in excess of 110% of future cumulative annual Debt Service on Parity Obligations (at which time all amounts deposited in such special escrow account may be released).

The Agency shall annually, not later than _____ 1 (commencing _____ 1, 20__), transmit to the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds) a statement setting forth the calculation required by this Section 6.16, including (a) remaining annual Debt Service on Parity Obligations, (b) remaining tax increment under the then-current limit, (c) the amount of Subordinate Pledged Tax Revenues accepted during the period covered by the statement, and (d) the amount, if any, to be used or escrowed for use to pay interest on and principal of and redemption premiums, if any, on the Parity Obligations.

## ARTICLE VII

**(a)** Subject to the provisions of subsection (d) of this Section, the provisions of this Master Indenture or of any Supplemental Indenture and the rights and obligations of the Agency and of the Owners of the Outstanding Bonds and of the Fiduciaries may be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, with the written consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, when the written consent of the Owners of at least a majority in aggregate principal amount of the Bonds then Outstanding shall have been filed with the Trustee; or if less than all of the Outstanding Bonds are affected, the written consent of the Owners of at least a majority in aggregate principal amount of all affected Outstanding Bonds; provided that if such modification, amendment or supplement shall, by its terms, not take effect so long as any Bonds of any particular Series and maturity remain Outstanding, and, with respect to Bonds which are Tender Indebtedness if the conditions of subsection (d) of this Section are satisfied, the consent of the Owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any the calculation of Outstanding Bonds for purposes of this Section. No such modification,

It shall not be necessary for the consent of the Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

Prior to the entry into any Supplemental Indenture by the Agency and the Trustee for any of the purposes of this Section, the Agency shall cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to the Owners of all Outstanding Bonds (or the affected Outstanding Bonds) at their addresses appearing on the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the office of the Trustee for inspection by each Owner of an Outstanding Bond.

Whenever, at any time after the date of the mailing of notice of the proposed entry into a Supplemental Indenture pursuant to this subsection, the Agency shall have received an instrument or instruments in writing executed in accordance with Section 11.01 by or on behalf of the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding, or if less than all of the Outstanding Bonds are affected, by the Owners of not less than a majority in aggregate principal amount of the affected Outstanding Bonds, which instrument or instruments shall refer to the proposed Supplemental Indenture described in the notice of the proposed Supplemental Indenture and shall consent to such Supplemental Indenture in substantially the form referred to in such notice, thereupon, but not otherwise, the Agency and the Trustee may enter into such Supplemental Indenture in substantially such form, without liability or responsibility to any Owner of any Bond, whether or not such Owner shall have consented thereto.

**(b)** This Master Indenture or any Supplemental Indenture may be supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of the Owner of any Bond, to provide for the issuance of a Series of Additional Bonds or a Series of Refunding Bonds in accordance with the terms and conditions of Article II, and establishing the terms and conditions thereof, including the rights of any Credit Provider for such Additional Bonds or Refunding Bonds, which may include permitting such Credit Provider to act for and on behalf of the Owners of such Additional Bonds or Refunding Bonds for any or all purposes of the Indenture except that no such Credit Provider shall be authorized to extend the fixed maturity of any Bond, or reduce the principal amount thereof, or reduce the amount of any Sinking Fund Installment therefor, or extend the due date of any such Sinking Fund Installment, or reduce the rate of interest on any Bond or extend the time of payment of interest thereon, without the consent of the Owner of each Bond so affected; or except as otherwise provided with respect to a Bond constituting Tender Indebtedness in the Supplemental Indenture authorizing such Bond and subject to the satisfaction of the conditions of

subsection (f) of this Section, reduce the Redemption Price due on the redemption of any Bond or change the date or dates when any Bond is subject to redemption.

**(c)** This Master Indenture and any Supplemental Indenture and the rights and obligations of the Agency, the Fiduciaries and the Owners of the Outstanding Bonds may also be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of any Owners of Bonds (but with the consent of any affected Fiduciary), so long as such modification, amendment or supplement shall not materially, adversely affect the interests of the Owners of the Outstanding Bonds, including without limitation, for any one or more of the following purposes:

**(i)** to add to the covenants and agreements of the Agency contained in this Master Indenture or a Supplemental Indenture other covenants and agreements thereafter to be observed, to pledge, provide or assign any security for the Bonds (or any portion thereof), or to surrender any right or power in the Indenture reserved to or conferred upon the Agency;

**(ii)** to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in this Master Indenture or a Supplemental Indenture, or in regard to matters or questions arising under this Master Indenture or a Supplemental Indenture, as the Agency may deem necessary or desirable; or

**(iii)** to modify, amend or supplement this Master Indenture or a Supplemental Indenture in such manner as to permit the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute.

**(d)** Notwithstanding anything to the contrary in this Section, the provisions of this Master Indenture or any Supplemental Indenture may also be modified, amended or supplemented by a Supplemental Indenture or Supplemental Indentures, including amendments which would otherwise be described in subsection (a) of this Section, without the consent of the Owners of Bonds constituting Tender Indebtedness if either (i) the effective date of such Supplemental Indenture is a date on which such Bonds are subject to mandatory tender for purchase pursuant to the Indenture or (ii) the notice described in the third paragraph of subsection (a) of this Section is given to Owners of such Bonds at least thirty (30) days before the effective date of such Supplemental Indenture, and on or before such effective date, the Owners of such Bonds have the right to demand purchase of such Bonds pursuant to the Indenture.

**(e)** If the Supplemental Indenture authorizing the issuance of a Series of Bonds provides that a Credit Provider for all or any portion of the Bonds of such Series shall have the right to consent to Supplemental Indentures which require the consent of the Owners of the Bonds of such Series pursuant to this Section, then for the purposes of sending notice of any

proposed Supplemental Indenture and for determining whether the Owners of the requisite percentage of Bonds have consented to such Supplemental Indenture, but subject to the provisions of subsection (b) of this Section, references to the Owners of such Bonds shall be deemed to be to the applicable Credit Provider.

**(f)** For purposes of this Section, it shall not be necessary that consents of the Owners of any particular percentage of Outstanding Bonds of any affected Series be obtained but it shall be sufficient for purposes of this Section if the consent of the Owners of a majority in aggregate principal amount of the combination of affected Outstanding Bonds shall be obtained.

**(g)** Notwithstanding anything to the contrary contained in this Section, if authorized by the Supplemental Indenture authorizing the issuance of a Bond constituting Tender Indebtedness, any premium due on the redemption of such Bond and the date or dates when such Bond is subject to redemption may be modified or amended as provided in such Supplemental Indenture if either: (i) the effective date of such modification or amendment is a date on which such Bond is subject to mandatory tender for purchase pursuant to such Supplemental Indenture; or (ii) notice of such modification or amendment has been mailed to the Owner of such Bond at the address set forth in the Bond Register at least thirty (30) days before the effective date of such modification or amendment and on or before such effective date, the Owner of such Bond has the right to demand purchase of such Bond pursuant to such Supplemental Indenture.

**Section 7.02 Effect of Supplemental Indenture**. Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to this Article, the Indenture shall be deemed to be modified, amended or supplemented in accordance therewith, and the respective rights, duties and obligations under the Indenture of the Agency, the Fiduciaries and all Owners of Outstanding Bonds shall thereafter be determined, exercised and enforced subject in all respects to such modification, amendment and supplement, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of the Indenture for any and all purposes. Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to this Article, no Owner of any Bond shall have any right to object to the entry into such Supplemental Indenture by the Agency and the Trustee, or to object to any of the terms and provisions contained therein or the operation thereof or in any manner to question the propriety of the entry into such Supplemental Indenture, or to enjoin or restrain the Agency or the Trustee from entering into the same or to enjoin or restrain the Agency or the Trustee from taking any action pursuant to the provisions thereof whether or not such Owner gave his consent to such Supplemental Indenture.

**Section 7.03 Bonds Owned by Agency**. For purposes of this Article, Bonds owned or held by or for the account of the Agency, or any funds of the Agency, shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Article, and the Agency shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Article as an Owner of Bonds. At the time of any consent or other action taken under this Article, the Agency shall furnish the Trustee a certificate of an Authorized Agency Representative upon which the Trustee may rely, describing all Bonds so to be excluded.

**Section 7.04 Notation on Bonds**. Bonds authenticated and delivered after the effective date of any Supplemental Indenture entered into by the Agency and the Trustee as in this Article provided may bear a notation by endorsement or otherwise in a form approved by the Agency as to such action, and in that case upon demand of the Owner of any Bond Outstanding on such effective date and presentation of the Bond for the purpose at the Principal Office of the Trustee or upon any transfer or exchange of any Bond Outstanding on such effective date, suitable notation shall be made on such Bond or upon any Bond issued upon any such transfer or exchange by the Trustee as to any such action.

**Section 7.05 Consent of Providers or Owners of Parity Obligations**. This Master Indenture may not be amended in a manner which materially affects the rights of a provider or owner of Parity Obligations (excluding the Owners of Bonds) under this Master Indenture without the prior written consent of such provider or owner of such Parity Obligations.

## ARTICLE VIII

## CONCERNING THE FIDUCIARIES

**Section 8.01 Trustee; Acceptance of Duties**. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Indenture, including the duties of Paying Agent for the Bonds, by the execution and the delivery of this Master Indenture to the Agency and by such execution and delivery the Trustee shall be deemed to have accepted such duties and obligations with respect to all the Bonds thereafter to be issued, but only, however, upon the terms and conditions set forth in the Indenture and no implied covenants shall be read into the Indenture against the Trustee.

**Section 8.02 Paying Agents; Appointment and Acceptance of Duties.**

**(a)** The Agency hereby appoints the Trustee as a Paying Agent for the Bonds of each Series, and may at any time or from time to time appoint one or more other Paying Agents having the qualifications set forth in Section 8.13 as an additional Paying Agent for the Bonds of one or more Series.

**(b)** Each Paying Agent other than the Trustee shall signify its acceptance of the duties and obligations imposed upon it by the Indenture by executing and delivering to the Agency and to the Trustee a written acceptance thereof.

**(c)** The Principal Offices of the Paying Agents are designated as the respective offices or agencies of the Agency for the payment of the principal and any applicable Redemption Price of the Bonds.

**Section 8.03 Responsibilities of Fiduciaries.**

**(a)** Any recitals of fact in the Indenture and in the Bonds contained shall be taken as the statements of the Agency and no Fiduciary assumes any responsibility for the correctness of the same. No Fiduciary makes any representations as to the validity or sufficiency

of the Indenture or of any Bonds issued thereunder or as to the security afforded by the Indenture, and no Fiduciary shall incur any liability in respect thereof. The Trustee shall, however, be responsible for its representation contained in its certificate of authentication on the Bonds. No Fiduciary shall be under any responsibility or duty with respect to the application of any moneys paid by such Fiduciary in accordance with the provisions of the Indenture. No Fiduciary shall be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect thereof, or to advance any of its own moneys, unless properly indemnified. Subject to the provisions of subsection (b) of this Section, no Fiduciary shall be liable in connection with the performance of its duties under the Indenture except for its own negligence, willful misconduct or default.

**(b)** The Trustee, prior to the occurrence of an Event of Default and after the curing of all Events of Default which may have occurred, undertakes to perform such duties and only such duties as are specifically set forth in the Indenture. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by the Indenture, and use the same degree of care and skill in their exercise, as a prudent man would exercise or use under the circumstances in the conduct of his own affairs. Any provision of the Indenture relating to action taken or to be taken by the Trustee or to evidence upon which the Trustee may rely shall be subject to the provisions of this Section.

Without limiting the generality of the foregoing:

(1) the Trustee shall not be liable for any error of judgment made in good faith by any officer of the Trustee, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts;

(2) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of a Credit Provider or a Reserve Financial Guaranty Provider or the Owners of 25% in aggregate principal amount of the Outstanding Bonds relating to the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under the Indenture;

(3) no provision of the Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties under the Indenture, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it;

(4) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the Owners, a Credit Provider or a Reserve Financial Guaranty Provider pursuant to the Indenture (except for declaring an acceleration of the Bonds or requesting credit and/or liquidity support pursuant to a Credit Support Instrument), unless such Owners, such Credit Provider or such Reserve Financial Guaranty Provider shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(5) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, coupon, facsimile transmission, electronic mail or other paper or document but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit, and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Agency, personally or by agent or attorney;

(6) the Trustee shall not be required to take notice of and shall not be deemed to have knowledge of any Event of Default (other than an Event of Default specified in subsection (i) of Section 10.01) or any event which would, with the passage of time, the giving of notice, or both, constitute an Event of Default, unless the Trustee shall have been notified of such Event of Default or other event by the Agency, a Credit Provider or a Reserve Financial Guaranty Provider, or the Owners of 10% in aggregate principal amount of Bonds Outstanding;

(7) the Trustee shall not be responsible for any moneys or funds held by the Agency), or for monitoring the accounting and investment practices of the Agency, other than requiring the delivery of the Annual Budget and annual financial statements and reports pursuant to Section 6.05;

(8) The Trustee may perform its duties under the Indenture through agents and attorneys and the Trustee shall not be liable for the negligence or misconduct on the part of any

agent or attorney appointed with due care by it under the Indenture if the Agency has a right to proceed directly against such agent or attorney for any such negligence or misconduct; and

(9) The Trustee shall not be considered in breach of or in default in its obligations hereunder or progress in respect thereto in the event of enforced delay ("unavoidable delay") in the performance of such obligations due to unforeseeable causes beyond its control and without its fault or negligence, including, but not limited to, Acts of God or of the public enemy or terrorists, acts of a government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, earthquakes, explosion, mob violence, riot, inability to procure or general sabotage or rationing of labor, equipment, facilities, sources of energy, material or supplies in the open market, malicious mischief, condemnation, and unusually severe weather or delays of suppliers or subcontractors due to such causes or any similar event and/or occurrences beyond the control of the Trustee.

Whether or not therein expressly provided, every provision of the Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Article.

**Section 8.04 Evidence on Which Fiduciaries May Act.**

**(a)** Each Fiduciary, upon receipt of any notice, resolution, request, requisition, consent, order, certificate, report, opinion, bond, or other paper or document furnished to it pursuant to any provision of the Indenture, shall examine such instrument to determine whether it conforms to the requirements, if any, of the Indenture and shall be protected in acting upon any such instrument believed by it to be genuine and to have been signed or presented by the proper party or parties. Each Fiduciary may consult with counsel, who may or may not be Bond Counsel or counsel to the Agency, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under the Indenture in good faith and in accordance therewith.

**(b)** Whenever any Fiduciary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under the Indenture, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Agency Representative, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of the Indenture upon the faith thereof; but in its discretion the Fiduciary may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

**(c)** Except as otherwise expressly provided in the Indenture, any request, requisition, order, notice or other direction required or permitted to be furnished pursuant to any provision of the Indenture by the Agency to any Fiduciary shall be sufficiently executed in the name of the Agency by an Authorized Agency Representative

**Section 10.07 Restriction on Owner's Action.**

**(a)** Except as otherwise provided in paragraph (b) of this Section and subject to rights of the relevant Credit Provider to direct remedies as set forth herein or in any Supplemental Indenture, no Owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Indenture or the

execution of any trust under the Indenture or for any remedy under the Indenture unless such Owner shall have previously given to the Trustee written notice of the happening of an Event of Default, as provided in this Article, and the Owners of at least 25% in principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, either to exercise the powers granted in the Indenture or by the applicable laws of the State of California or to institute such action, suit or proceeding in its own name, and unless such Owners shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Owners of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the pledge created by the Indenture, or to enforce any right under the Indenture, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided in the Indenture and for the ratable benefit of all Owners of the Outstanding Bonds, subject only to the provisions of Section 11.05.

**(b)** Nothing in the Indenture or in the Bonds contained shall affect or impair the obligation of the Agency, which is absolute and unconditional, to pay on the respective due dates thereof and at the places therein expressed, but solely from the Subordinate Pledged Tax Revenues and the other moneys pledged under the Indenture, the principal amount, or Redemption Price if applicable, of the Bonds, and the interest thereon, to the respective Owners thereof, or affect or impair the right, which is also absolute and unconditional, of any Owner to institute suit for the enforcement of any such payment.

**Section 10.08 Remedies Not Exclusive.** No remedy by the terms of the Indenture conferred upon or reserved to the Trustee or the Owners of the Bonds is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Indenture or existing at law or in equity or by statute whether effective on or after the effective date of this Master Indenture. The assertion or employment of any right or remedy, under the Indenture or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

**Section 10.09 Effect of Waiver and Other Circumstances.**

**(a)** No delay or omission of the Trustee or any Owner of a Bond to exercise any right or power arising upon the happening of an Event of Default shall impair any right or power or shall be construed to be a waiver of any such Event of Default or be an acquiescence therein; and every power and remedy given by this Article to the Trustee or to the Owners of the Bonds may be exercised from time to time and as often as may be deemed expedient by the Trustee or by the Owners of the Bonds.

**(b)** The Owners of not less than sixty percent in principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Owners of all of the Bonds, waive any Event of Default and its consequences. No such waiver shall extend to any subsequent or Event of Default or impair any right consequent thereon unless

the provisions of this subsection (b) have been satisfied with respect to such subsequent Event of Default.

**Section 10.10 Notice of Default.**

The Trustee shall, within thirty (30) days after obtaining knowledge thereof, mail written notice of the occurrence of any Event of Default of which the Trustee has knowledge to each Credit Provider, each Reserve Financial Guaranty Provider and each Owner of Bonds then Outstanding at such Owner's address, if any, appearing in the Bond Register.

## ARTICLE XI

## MISCELLANEOUS

**Section 11.01 Execution of Documents and Proof of Ownership.** Any request, direction, consent, or other instrument in writing required or permitted by the Indenture to be signed or executed by Bondowners may be in any number of concurrent instruments of similar tenor, and may be signed or executed by such Owners in person or by their attorneys appointed by an instrument in writing for that purpose, or by any bank, trust company or other depository for such Bonds. Proof of the execution of any such instrument, or of any instrument appointing any such attorney, and of the ownership of Bonds shall be sufficient for any purpose of the Indenture (except as otherwise provided in the Indenture), if made in the following manner:

**(a)** The fact and date of the execution by any Owner or his or her attorney of any such instrument and of any instrument appointing any such attorney, may be provided by a signature guarantee of any bank or trust company located within the United States of America. Where any such instrument is executed by an officer of a corporation or association or a member of a partnership on behalf of such corporation, association or partnership, such signature guarantee shall also constitute sufficient proof of his authority.

**(b)** As to any Bond, the person in whose name the same shall be registered in the Bond Register shall be deemed and regarded as the absolute owner for all purposes. None of the Agency, the Trustee or any Paying Agent shall be affected by any notice to the contrary.

**(c)** Nothing contained in the Indenture shall be construed as limiting the Agency or the Trustee to such proof, it being intended that the Agency or the Trustee may accept any other evidence of the matters stated in this Section which the Agency or the Trustee may deem sufficient. Any request or consent of the Owner of any Bond shall bind every future Owner of the same Bond in respect to anything done or suffered to be done by the Agency or the Trustee in pursuance of such request or consent.

**Section 11.02 Severability.** If any covenant, agreement or provision, or any portion thereof, contained in the Indenture, or the application thereof to any person or circumstance, is held to be unconstitutional, invalid or unenforceable, the remainder of the Indenture, and the application of any such covenant, agreement or provision, or portion thereof, to other persons or circumstances, shall be deemed severable and shall not be affected thereby, and the Indenture and

the Bonds shall remain valid, and the Bondowners shall retain all valid rights and benefits accorded to them under the Indenture, the Law, and the Constitution and statutes of the State.

**Section 11.03 General Authorization.** The Authorized Agency Representatives, each acting singly, are hereby respectively authorized to do and perform from time to time any and all acts and things consistent with the Indenture necessary or appropriate to carry the same into effect.

**Section 11.04 Moneys Held for Particular Bonds.** Except as otherwise provided in the Supplemental Indenture authorizing a Series of Bonds, the amounts held by the Trustee, any Paying Agent or any Escrow Agent for the payment of principal, premium if any, Purchase Price or interest due on any date with respect to particular Bonds of such Series shall, on and after such date and pending such payment, be set aside on its books and held in trust by it for the Owners of the Bonds entitled thereto. None of the Agency, the Trustee, any Paying Agent or any Escrow Agent shall be liable to any Owner for interest on amounts so held in trust.

**Section 11.05 Credit Providers.** **(a)** Except as limited by Section 7.01(b), a Supplemental Indenture authorizing a Series of Bonds may provide that any Credit Provider providing a Credit Support Instrument with respect to Bonds of such Series may exercise any right under this Master Indenture or the Supplemental Indenture authorizing the issuance of such Series of Bonds given to the Owners of the Bonds to which such Credit Support Instrument relates in lieu of such Owners.

**(b)** All provisions under this Master Indenture or a Supplemental Indenture authorizing the exercise of rights by a Credit Provider with respect to Bonds of a Series, including without limitation actions relating to consents, approvals, directions, waivers, appointments and requests, shall be deemed not to require or permit such consents, approvals, directions, waivers, appointments, requests or other actions and shall be read as if the Credit Provider were not mentioned therein (i) during any period during which there is a default by such Credit Provider under the applicable Credit Support Instrument or (ii) after the applicable Credit Support Instrument shall at any time for any reason cease to be valid and binding on the Credit Provider, or shall be declared to be null and void by final judgment of a court of competent jurisdiction, or after the Credit Support Instrument has been rescinded, repudiated or terminated (other than in accordance with its terms), or after a receiver, conservator or liquidator has been appointed for the Credit Provider; provided, however, that the payment of amounts due or that may become due (including without limitation all indemnity payments) to the Credit Provider or any other person identified under such Credit Provider's Credit Support Agreement pursuant to the terms of this Master Indenture, any Supplemental Indenture and/or such Credit Support Agreement shall continue in full force and effect. The foregoing shall not affect any other rights of a Credit Provider.

**(c)** All provisions in the Indenture relating to the rights of a Credit Provider shall be of no force and effect if there is no Credit Support Instrument in effect and all amounts owing to the Credit Provider under the Credit Support Agreement have been paid.

**Section 11.06 Reserve Financial Guaranty Providers.** **(a)** All provisions under this Master Indenture or a Supplemental Indenture authorizing the exercise of rights by a Reserve Financial Guaranty Provider with respect to Bonds of a Series, including without limitation actions relating to consents, approvals, directions, waivers, appointments and requests, shall be deemed not to require or permit such consents, approvals, directions, waivers, appointments, requests or other actions and shall be read as if the Reserve Financial Guaranty Provider were not mentioned therein (i) during any period during which there is a default by such Reserve Financial Guaranty Provider under the applicable Reserve Financial Guaranty or (ii) after the applicable Reserve Financial Guaranty shall at any time for any reason cease to be valid and binding on the Reserve Financial Guaranty Provider, or shall be declared to be null and void by final judgment of a court of competent jurisdiction, or after the Reserve Financial Guaranty has been rescinded, repudiated or terminated, or after a receiver, conservator or liquidator has been appointed for the Reserve Financial Guaranty Provider; provided, however, that the payment of amounts due (including without limitation all indemnity payments) to the Reserve Financial Guaranty Provider pursuant to the terms of this Master Indenture, any Supplemental Indenture, any Reserve Financial Guaranty shall continue in full force and effect. **Section 11.07 No Recourse on Bonds.** Neither the members of the Agency nor the officers or employees of the Agency shall be individually liable on the Bonds or in respect of any undertakings by the Agency under this Master Indenture, any Supplemental Indenture or any Bond.

**Section 11.08 Unclaimed Moneys.** Anything in this Master Indenture or any Supplemental Indenture to the contrary notwithstanding, any moneys held by the Trustee, an Escrow Agent or any Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for two years after the date when such Bonds have become due and payable, either at their stated maturity dates, tender for purchase or by call for redemption, if such moneys were held by the Trustee, an Escrow Agent or a Paying Agent at such date, or for two years after the date of deposit of such moneys if deposited with the Trustee, an Escrow Agent or a Paying Agent after the date when such Bonds or the Purchase Price thereof became due and payable, shall, at the written request of an Authorized Agency Representative be repaid by such Trustee, Escrow Agent or Paying Agent to the Agency, as its absolute property and free and clear of any trust, lien, pledge or assignment securing said Bonds, and such Trustee, Escrow Agent or Paying Agent shall thereupon be released and discharged with respect thereto and the Owners of such Bonds shall look only to the Agency for the payment of such Bonds; provided, however, that before being required to make any such payment to the Agency, the Trustee, the Escrow Agent or the Paying Agent, as applicable, shall, at the expense of the Agency, mail, postage prepaid to the Owners of such Bonds, at the last address, if any, appearing upon the Bond Register a notice that said moneys remain unclaimed and that, after a date named in said notice,

which date shall be not less than 30 days after the date of the mailing of such notice, the balance of such moneys then unclaimed shall be returned to the Agency.

**Section 11.09 Holidays**. If the date for making any payment or the last date for performance of any act or the exercising of any right, as provided in any Indenture, shall not be a Business Day, such payment may be made or act performed or right exercised on the next succeeding Business Day, with the same force and effect as if done on the nominal date provided in the Indenture, and, unless otherwise specifically provided in a Supplemental Indenture, no interest shall accrue for the period after such nominal date.

**Section 11.10 Governing Law**. The Indenture and each Bond shall be interpreted, governed by and construed for all purposes in accordance with the laws of the State for contracts executed and to be performed in the State.

**Section 11.11 Headings Not Binding**. The headings in this Master Indenture are for convenience only and in no way define, limit or describe the scope or intent of any provisions or sections of this Master Indenture.

**Section 11.12 Preservation and Inspection of Documents**. In our capacity as your counsel, we have rendered certain legal advice and assistance in connection with the preparation of the Official Statement. We have not undertaken to verify independently, and have assumed, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Based on our participation in the above-referenced conferences (which did not extend beyond the date of the Official Statement), and in reliance thereon and on our review of the records, documents, certificates and opinions herein mentioned, subject to the limitations on our role as underwriter's counsel, we advise you that no information came to the attention of the attorneys in our firm rendering legal services in connection with such issuance which caused us to believe that the Official Statement as of its date and as of the date hereof (except for the financial,

statistical or economic data or forecasts, numbers, charts, tables, graphs, estimates, projections, assumptions or expressions of opinion, any information regarding the Bond Insurer, the Insurance Policy, DTC and its book-entry system, and the information contained in Appendices included therein (except Appendix E), as to which we express no opinion or view) contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

We are also of the opinion that the Continuing Disclosure Agreement provides a suitable basis for you, as underwriter of the Bonds, in connection with the Offering (as defined in Rule 15c2-12 (the "Rule"), promulgated by the Securities Exchange Act of 1934, as amended), to make a reasonable determination as required by paragraph (b)(5) of the Rule.

We are admitted to the Bar in the State of California. Our opinion herein is limited to matters governed by the laws of the State of California and the federal securities law of the United States, and we assume no responsibility with respect to the applicability or the effect of the laws of any other jurisdiction.

Re: Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) 2007 Series A

Ladies and Gentlemen:

I am a Vice President and Senior Counsel of Union Bank of California, N.A. (the "Trustee") and have acted as counsel on the Trustee's behalf, in connection with the execution and delivery by the Trustee of that certain Indenture, dated as of July 1, 2007 (the "Master Indenture"), as supplemented by a First Supplemental Indenture, dated as of July 1, 2007 (the "Supplemental Indenture" and together with the Master Indenture, the "Indenture"), each by and between the Richmond Community Development Agency (the "Agency") and the Trustee and relating to the issuance of the above-captioned bonds (collectively the "Bonds").

In that connection I have reviewed the following: (i) the Indenture; (ii) that certain Auction Agent Agreement dated as of July 1, 2007 (the "Auction Agreement") between the Trustee and the auction agent named therein; (iii) the Articles of Association and Bylaws of the Trustee and resolutions of the Trustee with respect to signing authority; and (iv) such other records, documents, instruments and certificates of public officials and the Trustee, as I have deemed necessary for the purpose of rendering the opinions set forth herein.

In rendering this opinion, I have relied upon the facts and information obtained from the records of the Trustee, officers of the Trustee, and other sources believed by me to be reliable, and I have not undertaken to independently verify the accuracy of the factual matters represented, warranted, or certified in such documents. I have reviewed only copies of the documents, and I have assumed that such copies conform to the originals, which assumption I have not independently verified.

I have further assumed that each party to the Indenture and the Auction Agreement, other than the Trustee, has the power to enter into and perform its obligations thereunder, has duly

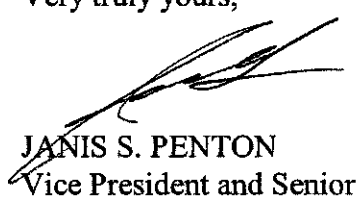
authorized, executed and delivered the Indenture and the Auction Agreement, and that the Indenture and the Auction Agreement each constitutes the legal, valid and binding obligation of each party thereto other than the Trustee.

Terms used herein which are defined in the Indenture shall have the respective meanings set forth therein unless otherwise defined herein. Based upon and subject to the foregoing, I am of the opinion that:

1. The Trustee is a national banking association, duly organized and validly existing under the laws of the United States of America having full power to enter into, accept and administer the trusts created under the Indenture and to execute and deliver and perform its obligations under the Indenture and the Auction Agreement;

2. The Trustee has duly authorized, executed and delivered the Indenture and the Auction Agreement, and the Indenture and the Auction Agreement constitute the legal, valid and binding obligations of the Trustee enforceable in accordance with their respective terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or similar laws or equitable principles relating to or limited by the rights of creditors generally;

3. The Trustee has duly authenticated, registered and delivered the Bonds in accordance with the terms of the Indenture and the direction of the Agency;



4. No authorization, approval, consent or other order of any governmental authority or agency having jurisdiction over the Trustee, or, to my knowledge after reasonable investigation, any other person or corporation, is required for the valid authorization, execution, delivery and performance by the Trustee of the Indenture or the Auction Agreement; and

5. The execution and delivery of the Indenture and the Auction Agreement, and compliance by the Trustee with the provisions thereof under the circumstances contemplated thereby, does not and will not in any material respect conflict with or constitute on the part of the Trustee a breach or default under any agreements or other instrument to which the Trustee is a party (and of which I am aware after reasonable investigation) or by which it is bound (and of which I am aware after reasonable investigation) or any existing law, regulation, court order or consent decree to which the Trustee is subject.

I express no opinion as to any matter other than as expressly set forth above, and, in connection therewith, I specifically express no opinion as to the status of the Bonds or the interest thereon and further express no opinion regarding any federal securities laws, including but not limited to the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, and any state securities or "Blue Sky" law, or any federal, state or local tax law.

This opinion is as of the date hereof, and I have undertaken no, and hereby disclaim any, obligation to advise you of any change in any matter set forth herein. Further, this opinion neither implies, not should it be viewed to imply, an approval or recommendation of any investment in any Bonds. I do not express my opinion as to the effect of any law other than the laws of California and the federal laws of the United States of America on the matters referred to herein. This opinion is furnished by me solely for your benefit and may not, without my express written consent, be relied upon by any other person.

Very truly yours,

Ladies and Gentlemen:

I am a Vice President and Senior Counsel of Union Bank of California, N.A. In that connection I have reviewed the following: (i) the Indenture; (ii) the Articles of Association and Bylaws of the Trustee and resolutions of the Trustee with respect to signing authority; and (iii) such other records, documents, instruments and certificates of public officials and the Trustee, as I have deemed necessary for the purpose of rendering the opinions set forth herein.

In rendering this opinion, I have relied upon the facts and information obtained from the records of the Trustee, officers of the Trustee, and other sources believed by me to be reliable, and I have not undertaken to independently verify the accuracy of the factual matters represented, warranted, or certified in such documents. 3. The Trustee has duly authenticated, registered and delivered the Bonds in accordance with the terms of the Indenture and the direction of the Agency;

4. No authorization, approval, consent or other order of any governmental authority or agency having jurisdiction over the Trustee, or, to my knowledge after reasonable investigation, any other person or corporation, is required for the valid authorization, execution, delivery and performance by the Trustee of the Indenture; and

5. The execution and delivery of the Indenture, and compliance by the Trustee with the provisions thereof under the circumstances contemplated thereby, does not and will not in any material respect conflict with or constitute on the part of the Trustee a breach or default under any agreements or other instrument to which the Trustee is a party (and of which I am aware after reasonable investigation) or by which it is bound (and of which I am aware after reasonable investigation) or any existing law, regulation, court order or consent decree to which the Trustee is subject.

I express no opinion as to any matter other than as expressly set forth above, and, in connection therewith, I specifically express no opinion as to the status of the Bonds or the interest thereon and further express no opinion regarding any federal securities laws, including but not limited to the Securities Act of 1933, as amended, and the Trust Indenture Act of 1939, as amended, and any state securities or "Blue Sky" law, or any federal, state or local tax law.

This opinion is as of the date hereof, and I have undertaken no, and hereby disclaim any, obligation to advise you of any change in any matter set forth herein. 2007 Series A

Ladies and Gentlemen:

I am Senior Counsel of Wells Fargo & Company, the parent corporation of Wells Fargo Bank, National Association ("Wells Fargo"), and have been requested to provide this opinion on behalf of Wells Fargo in connection with: (i) the Auction Agreement (the "Auction Agreement"), dated as of July 1, 2007, by and between Union Bank of California, N.A., as trustee (the "Trustee") and Wells Fargo in its capacity as Auction Agent (the "Auction Agent"), relating to the above-captioned bonds (the "Bonds"), and (ii) the Broker-Dealer Agreement (the "Broker-Dealer Agreement"), dated as of July 1, 2007, by and among Wells Fargo, as Auction Agent, Richmond Community Redevelopment Agency (the "Agency"), and RBC Dain Rauscher, Inc., doing business under the trade name RBC Capital Markets. The Auction Agreement and the Broker-Dealer Agreement are hereinafter referred to as the "Agreements." Capitalized terms used herein and not otherwise defined herein will have the meanings assigned in the Agreements.

In connection with the foregoing, I have made such legal and factual examinations and inquiries as I have deemed necessary or advisable for the purpose of rendering this opinion. In rendering the following opinions, I have relied with your permission upon representations of the parties included in the Agreements delivered at the closing of the issuance and sale of the Bonds, upon certificates and representations of officers of Wells Fargo, and upon certificates of public officials.

I have also, with your permission, assumed without independent investigation or verification (a) the genuineness of all signatures (other than the signatures of Wells Fargo) to all documents and other papers, (b) the authenticity of all documents submitted to me as originals, (c) the conformity to original documents of all documents submitted to me as copies, (d) other than Wells Fargo's entry into the Agreements, each entity has the power to enter and perform all of its obligations thereunder, the due authorization for each such other entity of all requisite

action, the due execution and delivery of all documents by such other entity, and that each document is enforceable against each such other entity according to its terms, (e) there are no oral or written terms or conditions agreed to by Wells Fargo or any other party that would expand or modify respective rights and obligations of any of the parties or affect my opinions rendered herein, and (f) the legal capacity of all natural persons.

Based upon and subject to the foregoing and to such further limitations and qualifications stated below, it is my opinion that:

1. Wells Fargo is a national banking association duly organized, validly existing and in good standing under the laws of the United States of America, with trust powers, and has the corporate power and authority to carry on its business as presently conducted.

2. Wells Fargo has full power and authority to serve as Auction Agent as contemplated in the Agreements.

3. The Agreements have been duly authorized, executed and delivered by Wells Fargo, and constitute the legal, valid and binding obligations of Wells Fargo, enforceable against it in accordance with the respective terms thereof, subject to applicable bankruptcy, insolvency, moratorium, reorganization, arrangement and other similar laws affecting the rights of creditors generally or by the application of general principals of equity (regardless of whether enforcement is sought in a proceeding in equity or at law).

4. To the best of my knowledge, the execution, delivery, acceptance and performance of the Agreements by Wells Fargo and its acceptance and performance of its duties and obligations thereunder will not violate any provisions of any law or regulation governing the banking or trust powers of Wells Fargo or any order of any governmental authority having jurisdiction over Wells Fargo.

5. To the best of my knowledge, no authorization, approval, consent or other order of any court or of any governmental agency or regulatory authority having jurisdiction over the trust powers of Wells Fargo that has not been obtained is required for the valid authorization, execution and delivery by Wells Fargo of the Agreements or its acceptance and performance of the duties and obligations thereunder.

6. The execution, delivery and performance of the Agreements by Wells Fargo and the consummation of the transactions contemplated thereby do not and will not to my knowledge (a) conflict with or result in a breach or violation of any of the terms or provisions of, or constitute a default under, any indenture, mortgage, deed of trust, loan agreement or other agreement or instrument to which Wells Fargo is a party or by which Wells Fargo is bound or to which any of the property or assets of Wells Fargo or any of its subsidiaries is subject or (b) result in any violation of the provisions of the charter or By-laws of Wells Fargo or any statute or any order, rule or regulation of any court or

government agency or body having jurisdiction over Wells Fargo or any of its properties or assets.

7. To the best of my knowledge, there are no actions, suits, proceedings at law or in equity, or investigations pending or threatened against Wells Fargo before any court, administrative agency or tribunal (i) asserting the invalidity of the Agreements (ii) seeking to prevent the consummation of any of the transactions contemplated thereby or (iii) that might materially and adversely affect the creation, organization or existence of Wells Fargo, or the authority or ability of Wells Fargo to accept and perform its duties and obligations under the Agreements. For purposes of the foregoing, I have not regarded any actions, proceedings or investigations "threatened" unless the potential litigants or governmental authority has manifested to a member of the Wells Fargo & Company Law Department having responsibility for litigation matters involving the corporate trust activities of Wells Fargo present intention to initiate such proceedings.

I am admitted to practice in the State of Minnesota (the "State"), and do not purport to be qualified to express legal opinions based on the laws of any jurisdiction other than the federal laws of the United States ("Federal") and the laws of the State. These opinions are limited to such State and Federal laws in effect as of the date hereof.

This opinion is being furnished to you solely for your benefit in connection with the execution and delivery of the Agreements. Except as specified herein, this opinion is not to be used, circulated, quoted or otherwise referred to for any other purpose without my prior express written consent.

Sincerely,

Gordon J. Glaza

Subordinate Tax Allocation Bonds (Merged Project Areas)
2007 Series A
(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the Richmond Community Redevelopment Agency (the "Agency") in connection with the issuance of $65,400,000 aggregate principal amount of bonds designated Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas), 2007 Series A (the "Bonds") issued pursuant to the provisions of the Community Redevelopment Law of the State of California (being Part I of Division 24 of the Health and Safety Code of the State of California), as amended, and an Indenture of Trust, dated as of July 1, 2007, by and between the Agency and Union Bank of California, N.A., as trustee (the "Trustee") (the "Master Indenture"), and as supplemented by a First Supplemental Indenture of Trust, dated as of July 1, 2007 (the "First Supplemental Indenture", and together with the Master Indenture, the "Indenture"), by and between the Agency and the Trustee. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, the Tax Certificate of the Agency, dated the date hereof (the "Tax Certificate"), opinions of counsel to the Agency, the Trustee, and others, certificates of the Agency, the Trustee, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other

matters come to our attention after the date hereof. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Agency. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture and the Tax Certificate including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Indenture and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against redevelopment agencies in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the foregoing documents. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Bonds and express no opinion with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute valid and binding limited obligations of the Agency.

2. The Master Indenture and the First Supplemental Indenture have been duly executed and delivered by, and constitute the valid and binding obligation of, the Agency. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Bonds, of the Subordinate Pledged Tax Revenues and any other amounts (including proceeds of the sale of the Bonds) held by the Trustee in any fund or account established pursuant to the Indenture, except the Rebate Fund, subject to the provisions of the Indenture permitting the application thereof for the purposes and upon the terms and conditions set forth in the Indenture.

3. The Bonds are not a lien or charge upon the funds or property of the Agency except to the extent of the aforementioned pledge. Neither the faith and

ORRICK

credit nor the taxing power of the State of California or of any political subdivision thereof is pledged to the payment of the principal of or interest on the Bonds. The Bonds are not a debt of the City of Richmond or the State of California and said city and said state are not liable for the payment thereof.

4. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, and is exempt from State of California personal income taxes. Interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

(Supplemental Opinion)

Ladies and Gentlemen:

This letter is addressed to you, as Underwriter, pursuant to Section 10(d)(iii) of the Bond Purchase Agreement, dated July 10, 2007 (the "Purchase Contract"), among the Underwriter, the Richmond Community Redevelopment Agency (the "Agency") and the Richmond Joint Powers Financing Authority (the "Authority") providing for the purchase of $65,400,000 aggregate principal amount of the Agency's Subordinate Tax Allocation Bonds (Merged Project Areas), 2007 Series A (the "Bonds"). The Bonds are being executed and delivered pursuant to an Indenture of Trust, as supplemental by a First Supplemental Indenture of Trust (together, the "Indenture"), each dated as of July 1, 2007, between the Agency and Union Bank of California, N.A., as trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture or, if not defined in the Indenture, in the Purchase Contract.

We have delivered our final legal opinion (the "Bond Opinion") as bond counsel to the Agency concerning the validity of the Bonds and certain other matters, dated the date hereof and addressed to the Agency. You may rely on such opinion as though the same were addressed to you.

In connection with our role as bond counsel to the Agency, we have reviewed the Purchase Contract, the Indenture, the Bonds, the Tax Certificate, dated the date hereof (the "Tax Certificate"), the Continuing Disclosure Agreement, opinions of counsel to the Agency, the Authority, the City of Richmond (the "City") and the Trustee, certificates of the Agency, the Authority, the Trustee and others, and such other documents, opinions and matters to the extent we deemed necessary to provide the opinions or conclusions set forth herein.

The opinions and conclusions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions or conclusions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Agency. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents and of the legal conclusions contained in the opinions, referred to in the third paragraph hereof. We have assumed compliance with all covenants and agreements contained in such documents. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Indenture, the Tax Certificate, the Continuing Disclosure Agreement and the Purchase Contract and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against redevelopment agencies in the State of California. We express no opinion with respect to any indemnification, penalty, contribution, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the foregoing documents, nor do we express any opinions with respect to the state or quality of title to or interest in any real or personal property described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein, or the remedies available to enforce liens on, any such property. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated June 28, 2007 as supplemented by the Supplement to Official Statement dated July 11, 2007 (collectively, the "Official Statement"), or other offering materials relating to the Bonds and express no opinion relating thereto except as expressly set forth in numbered paragraph 4, below.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions or conclusions:

1. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended. No opinion is expressed with respect to the Bond Insurance Policy, the Reserve Fund Surety Bond, the Financial Guaranty Agreement or the Swap.

2. The Purchase Contract has been duly executed and delivered by the Agency and the Authority and is a valid and binding agreement of the Agency, enforceable in accordance with its terms.

3. The Continuing Disclosure Agreement has been duly authorized, executed and delivered by the Agency.

4. The statements contained in the Official Statement under the captions "THE 2007A BONDS," "SECURITY FOR THE SERIES 2007A BONDS", and "TAX MATTERS," and in APPENDIX B - "SUMMARY OF THE NON-HOUSING INDENTURE", APPENDIX F – "PROPOSED FORMS OF BOND COUNSEL FINAL OPINIONS, and APPENDIX J – AUCTION PROCEDURES," excluding any material that may be treated as included under such captions by cross-reference, insofar as such statements expressly summarize certain provisions of the Indenture, the Bonds and the form and content of our Bond Opinion, are accurate in all material respects.

5. We are not passing upon and do not assume any responsibility for the accuracy (except as explicitly stated in paragraph 4 above), completeness or fairness of any of the statements contained in the Official Statement, and make no representation that we have independently verified the accuracy, completeness or fairness of any such statements. We do not assume any responsibility for any electronic version of the Official Statement, and assume that any such version is identical in all respects to the printed version. In our capacity as bond counsel in connection with issuance of the Bonds, we participated in conferences with your representatives, your counsel, representatives of the Issuer, Royal Bank of Canada (the "Swap Provider"), their respective counsel, fiscal consultants, and others, during which conferences the contents of the Official Statement and related matters were discussed. Based on our participation in the above-referenced conferences, and in reliance thereon and on the records, documents, certificates, opinions and matters herein mentioned (as set forth above), subject to the limitations on our role as bond counsel, we advise you as a matter of fact and not opinion that no facts came to the attention of the attorneys in our firm rendering legal services in connection with such issuance which caused us to believe that the Official Statement as of its date and as of the date hereof (except for any CUSIP numbers, financial, accounting, statistical or economic, engineering or demographic data or forecasts, numbers, charts, tables, graphs, estimates, projections, assumptions or expressions of opinion, or any information about book-entry, DTC, the Bond Insurer, the Bond Insurance Policy, the Reserve Fund Surety Bond, the Swap, the Swap Provider, and the information contained in Appendices A, D, G, H, I and K included or referred to therein, which we expressly exclude from the scope of this paragraph and as to which we express no opinion or view) contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. No responsibility is undertaken or opinion rendered with respect to any other disclosure document, materials or activity.

(Merged Project Areas)
(Taxable) 2007 Series B
(Supplemental Opinion)

Ladies and Gentlemen:

This letter is addressed to you, as Underwriter, pursuant to Section 10(d)(iii) of the Bond Purchase Agreement, dated June 28, 2007 (the "Purchase Contract"), among the Underwriter, the Richmond Community Redevelopment Agency (the "Agency") and the Richmond Joint Powers Financing Authority (the "Authority") providing for the purchase of $9,772,621.50 aggregate amount of the Agency's Housing Set-Aside Subordinate Tax Allocation Bonds (Merged Project Areas) (Taxable) 2007 Series B (the "Bonds"). The Bonds are being executed and delivered pursuant to an Indenture of Trust, as supplemental by a First Supplemental Indenture of Trust (together, the "Indenture"), each dated as of July 1, 2007, between the Agency and Union Bank of California, N.A., as trustee (the "Trustee"). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture or, if not defined in the Indenture, in the Purchase Contract.

We have delivered our final legal opinion (the "Bond Opinion") as bond counsel to the Agency concerning the validity of the Bonds and certain other matters, dated the date hereof and addressed to the Agency. You may rely on such opinion as though the same were addressed to you.

In connection with our role as bond counsel to the Agency, we have reviewed the Purchase Contract, the Indenture, the Bonds, the Continuing Disclosure Agreement, opinions of counsel to the Agency, the Authority, the City of Richmond (the "City") and the Trustee, certificates of the Agency, the Authority, the Trustee and others, and such other documents,

opinions and matters to the extent we deemed necessary to provide the opinions or conclusions set forth herein.

The opinions and conclusions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions or conclusions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Agency. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents and of the legal conclusions contained in the opinions, referred to in the third paragraph hereof. We have assumed compliance with all covenants and agreements contained in such documents. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Indenture, the Continuing Disclosure Agreement and the Purchase Contract and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases, and to the limitations on legal remedies against redevelopment agencies in the State of California. We express no opinion with respect to any indemnification, penalty, contribution, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the foregoing documents, nor do we express any opinions with respect to the state or quality of title to or interest in any real or personal property described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein, or the remedies available to enforce liens on, any such property. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated June 28, 2007 as supplemented by the Supplement to Official Statement dated July 11, 2007 (collectively, the "Official Statement"), or other offering materials relating to the Bonds and express no opinion relating thereto except as expressly set forth in numbered paragraph 4, below.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions or conclusions:

1. The Bonds are not subject to the registration requirements of the Securities Act of 1933, as amended, and the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended. No opinion is expressed with respect to the Bond Insurance Policy, the Reserve Fund Surety Bond or the Financial Guaranty Agreement.

2. The Purchase Contract has been duly executed and delivered by the Agency and the Authority and is a valid and binding agreement of the Agency, enforceable in accordance with its terms.

3. The Continuing Disclosure Agreement has been duly authorized, executed and delivered by the Agency.

4. The statements contained in the Official Statement under the captions "THE 2007B BONDS," "SECURITY FOR THE SERIES 2007B BONDS", and "TAX MATTERS," and in APPENDIX C - "SUMMARY OF THE HOUSING INDENTURE" and in APPENDIX F – "PROPOSED FORMS OF BOND COUNSEL FINAL OPINIONS," excluding any material that may be treated as included under such captions by cross-reference, insofar as such statements expressly summarize certain provisions of the Indenture, the Bonds and the form and content of our Bond Opinion, are accurate in all material respects.

5. We are not passing upon and do not assume any responsibility for the accuracy (except as explicitly stated in paragraph 4 above), completeness or fairness of any of the statements contained in the Official Statement, and make no representation that we have independently verified the accuracy, completeness or fairness of any such statements. We do not assume any responsibility for any electronic version of the Official Statement, and assume that any such version is identical in all respects to the printed version. In our capacity as bond counsel in connection with issuance of the Bonds, we participated in conferences with your representatives, your counsel, representatives of the Issuer, its counsel, fiscal consultants, and others, during which conferences the contents of the Official Statement and related matters were discussed. Based on our participation in the above-referenced conferences and in reliance thereon and on the records, documents, certificates, opinions and matters herein mentioned (as set forth above), subject to the limitations on our role as bond counsel, we advise you as a matter of fact and not opinion that no facts came to the attention of the attorneys in our firm rendering legal services in connection with such issuance which caused us to believe that the Official Statement as of its date and as of the date hereof (except for any CUSIP numbers, financial, accounting, statistical or economic, engineering or demographic data or forecasts, numbers, charts, tables, graphs, estimates, projections, assumptions or expressions of opinion, or any information about book-entry, DTC, the Bond Insurer, the Bond Insurance Policy, the Reserve Fund Surety Bond, and the information contained in Appendices A, D, G, H, I and K included or referred to therein, which we expressly exclude from the scope of this paragraph and as to which we express no opinion or view) contained or contains any untrue statement of a material fact or omitted or omits to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading. No responsibility is

(ii) the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations and Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law; and

(iii) the greatest amount in dollars for any Fiscal Year by which the amount calculated in subparagraph (i) above is less than 1.35 times the amount calculated in subparagraph (ii) above. The amount calculated in this subparagraph (iii) is the "2007 Series B Coverage Reserve Requirement."

For the purposes of the calculations required by this section, Outstanding Parity Obligations shall not include any Bonds the proceeds of which are deposited in an escrow fund held by a escrow agent, provided that the Supplemental Indenture authorizing issuance of such Bonds shall provide that: (i) such proceeds shall be deposited or invested with or secured by an institution rated "AA" or higher by Standard & Poor's and "Aa" or higher by Moody's at a rate of interest which, together with amounts made available by the Agency from bond proceeds or otherwise, is at least sufficient to pay Debt Service on the foregoing Bonds; (ii) moneys may be transferred from said escrow fund only if Tax Revenues expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Bonds are Outstanding (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the transfer from said escrow fund, but taking into account the reductions in Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area shall be in an amount equal to at least one hundred forty percent (140%) of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations (exclusive of disqualified Bonds described in Section 7.03), Senior Obligations and such Bonds and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law less a principal amount of Bonds which is equal to moneys on deposit in said escrow fund after each such transfer; and (iii) such Bonds shall be redeemed from moneys remaining on deposit in said escrow fund at the expiration of a specified escrow period in such manner as may be determined by the Agency.

**(c)** In the event that the 2007 Series B Coverage Requirement is greater than zero, the Agency shall, form any source of legally available funds, transfer to the Trustee for deposit in the 2007 Series B Coverage Subaccount an amount equal to the difference, if any, between the amount on deposit therein and the 2007 Series B Coverage Reserve Requirement.

**(d)** After the 2007 Series B Coverage Reserve Termination Date, the provisions of this Section 2.06 shall cease to be effective and the Trustee shall transfer any amounts on deposit in the 2007 Series B Coverage Reserve Subaccount to the Agency.

**Section 2.07. 2007 Series B Bond Insurance Policy.** Notwithstanding anything in the Indenture to the contrary, but subject to Section 11.05 of the Master Indenture, the Trustee and the Agency covenant and agree to the following terms and conditions with respect to the 2007 Series B Bond Insurance Policy:

**(a)** So long as any 2007 Series Bonds are Outstanding and the 2007 Series B Bond Insurance Policy is in effect, the Agency and the Trustee shall comply with the following provisions:

(i) In the event that, on the second Business Day, and again on the Business Day, prior to the payment date on the 2007 Series B Bonds, the Trustee has not received sufficient moneys to pay all principal of and interest on the 2007 Series B Bonds due on the second following or following, as the case may be, Business Day, the Trustee shall immediately notify the Insurer or its designee on the same Business Day by telephone or telegraph, confirmed in writing by registered or certified mail, of the amount of the deficiency.

(ii) If the deficiency is made up in whole or in part prior to or on the payment date, the Trustee shall so notify the Insurer or its designee.

(iii) In addition, if the Trustee has notice that any Bondholder has been required to disgorge payments of principal or interest on the 2007 Series B Bonds to a trustee in bankruptcy or creditors or others pursuant to a final judgment by a court of competent jurisdiction that such payment constitutes an avoidable preference to such Bondholder within the meaning of any applicable bankruptcy laws, then the Trustee shall notify the Insurer or its designee of such fact by telephone or telegraphic notice, confirmed in writing by registered or certified mail.

(iv) The Trustee is hereby irrevocably designated, appointed, directed and authorized to act as attorney-in-fact for Holders of the 2007 Series B Bonds as follows:

(1) If and to the extent there is a deficiency in amounts required to pay interest on the 2007 Series B Bonds, the Trustee shall (a) execute and deliver to U.S. Bank Trust National Association, or its successors under the Policy (the "Insurance Trustee"), in form satisfactory to the Insurance Trustee, an instrument appointing the Insurer as agent for such Holders in any legal proceeding related to the payment of such interest and an assignment to the Insurer of the claims for interest to which such deficiency relates and which are paid by the Insurer, (b) receive as designee of the respective Holders (and not as Trustee) in accordance with the tenor of the Policy payment from the Insurance Trustee with respect to the claims for interest so assigned, and (c) disburse the same to such respective Holders; and

(2) If and to the extent of a deficiency in amounts required to pay principal of the 2007 Series B Bonds, the Trustee shall (a) execute and deliver to the Insurance Trustee in form satisfactory to the Insurance Trustee an instrument appointing the Insurer as agent for such Holder in any legal proceeding relating to the payment of such principal and an assignment to the Insurer of any of the 2007 Series B Bond surrendered to the Insurance Trustee of so much of the principal amount thereof as has not previously been paid or for which moneys are not held by the Trustee and available for such payment (but such assignment shall be delivered only if payment from the Insurance Trustee is received), (b) receive as designee of the respective Holders (and not

as Trustee) in accordance with the tenor of the Policy payment therefor from the Insurance Trustee, and (c) disburse the same to such Holders.

(v) Payments with respect to claims for interest on and principal of 2007 Series B Bonds disbursed by the Trustee from proceeds of the Policy shall not be considered to discharge the 2007 Series B Bond of the Issuer with respect to such 2007 Series B Bonds, and the Insurer shall become the owner of such unpaid 2007 Series B Bond and claims for the interest in accordance with the tenor of the assignment made to it under the provisions of this subsection or otherwise.

(vi) Irrespective of whether any such assignment is executed and delivered, the Issuer and the Trustee hereby agree for the benefit of the Insurer that:

(1) They recognize that to the extent the Insurer makes payments, directly or indirectly (as by paying through the Trustee), on account of principal of or interest on the 2007 Series B Bonds, the Insurer will be subrogated to the rights of such Holders to receive the amount of such principal and interest from the Issuer, with interest thereon as provided and solely from the sources stated in this Indenture and the 2007 Series B Bonds; and

(2) They will accordingly pay to the Insurer the amount of such principal and interest (including principal and interest recovered under subparagraph (ii) of the first paragraph of the Policy, which principal and interest shall be deemed past due and not to have been paid), with interest thereon as provided in this Indenture and the 2007 Series B Bond, but only from the sources and in the manner provided herein for the payment of principal of and interest on the 2007 Series B Bonds to Holders, and will otherwise treat the Insurer as the owner of such rights to the amount of such principal and interest.

**(b)** The 2007 Series B Bond Insurer's consent shall be required, in lieu of the consent of the Owners of the 2007 Series B Bonds, when such consent is required for the following purposes: (i) execution and delivery of any Supplemental Indenture (except that no consent of the 2007 Series B Bond Insurer shall be required with respect to the issuance of or the entering into additional Parity Obligations or Subordinated Obligations in accordance with the terms and conditions of Article II of the Indenture), or (ii) amendment of the Indenture, including, but not limited to, any change in the definition of Permitted Investments. The 2007 Series B Bond Insurer reserves the right to charge the Agency a fee for any consent, supplement or amendment to the Indenture while the 2007 Series B Bond Insurance Policy is outstanding.

**(c)** To the extent the consent of a Credit Provider is provided for, or a Credit Providers is permitted to direct the remedies pursued by the Trustee contained, in Article X of the Master Indenture, the consent or direction, as appropriate, of the 2007 Series B Bond Insurer shall be required or permitted in connection with the remedies pursued by the Trustee upon the occurrence of an Event of a Default under the Indenture, including, to the extent provided: (i) the right to accelerate the principal of the 2007 Series Bonds as described in the Indenture, and (ii) the right to annul any declaration of acceleration, and 2007 Series B Bond Insurer shall also be entitled to approve all waivers of events of default.

**(d)** The 2007 Series B Bond Insurer shall at all times be deemed the sole and exclusive Owner of the Outstanding 2007 Series Bonds for the purposes of all approvals, consents, waivers, institution of any action and the direction of all remedies; provided, however, that the 2007 Series B Bond Insurer shall not be deemed to be the sole and exclusive Owner of the Outstanding 2007 Series Bonds with respect to any amendment or supplement to the Indenture which seeks to amend or supplement the Indenture to extend the maturity of or reduce the amount of interest on or principal of any 2007 Series Bond or otherwise alter or impair the obligation of the Agency to pay principal or interest at the time and place and at the rate and in the currency provided therein.

**(e)** In the event of any reorganization or liquidation relating to the Agency, the 2007 Series B Bond Insurer shall have the right to vote with respect to such reorganization or liquidation on behalf of all Owners of the Outstanding 2007 Series Bonds absent a default by the 2007 Series B Bond Insurer under the 2007 Series B Bond Insurance Policy insuring the 2007 Series Bonds. To the extent permitted by law, any reorganization or liquidation plan with respect to the Agency must be acceptable to the 2007 Series B Bond Insurer.

**(f)** Notwithstanding anything herein to the contrary, in the event that the principal or interest due on the 2007 Series Bonds shall be paid by the 2007 Series B Bond Insurer pursuant to the 2007 Series B Bond Insurance Policy, the 2007 Series Bonds shall remain Outstanding for all purposes, shall not be defeased or otherwise satisfied and shall not be considered paid by the Agency, and the pledge of the Subordinate Pledged Tax Revenues and other assets pledged under the Indenture and all covenants, agreements and other obligations of the Agency to the Owners of the 2007 Series Bonds shall continue to exist and shall run to the benefit of the 2007 Series B Bond Insurer, and the 2007 Series B Bond Insurer shall be subrogated to the rights of such Owners of the 2007 Series Bonds.

**(g)** Notwithstanding any other provision of the Indenture, in determining whether the rights of the Owners of the 2007 Series Bonds will be adversely affected by any action taken pursuant to the terms and provisions of the Indenture, the Trustee shall consider the effect on the such Owners as if there were no 2007 Series B Bond Insurance Policy.

**(h)** To the extent that the Indenture confers upon or gives or grants to the 2007 Series B Bond Insurer any right, remedy or claim under or by reason of the Indenture, the 2007 Series B Bond Insurer is hereby explicitly recognized as being a third party beneficiary under the Indenture and may enforce any such right remedy or claim conferred, given or granted under the Indenture.

**(i)** The 2007 Series B Bond Insurer shall have the right to direct an accounting at the Agency's expense, and the Agency's failure to comply with such direction within thirty (30) days after receipt of written notice of the direction from the 2007 Series B Bond Insurer shall be deemed a default hereunder; provided, however, that if compliance cannot occur within such period, then such period will be extended so long as compliance is begun within such period and diligently pursued, but only if such extension would not materially adversely affect the interests of any registered owner of the 2007 Series Bonds.

**(j)** Notwithstanding any other provision of the Indenture, in the event that the principal and/or interest on the 2007 Series Bonds shall be paid by the 2007 Series B Bond Insurer pursuant to the 2007 Series B Bond Insurance Policy, the 2007 Series Bonds shall remain Outstanding for all purposes, not be defeased or otherwise satisfied and not be considered paid by the Agency, and the assignment and pledge of the Subordinate Pledged Tax Revenues and all covenants, agreements and other obligations of the Agency to the registered owners shall continue to exist and shall run to the benefit of the 2007 Series B Bond Insurer, and the 2007 Series B Bond Insurer shall be subrogated to the rights of such registered owners.

**(k)** The Agency hereby covenants an agrees that it shall reimburse the 2007 Series B Bond Insurer for any amounts paid under the 2007 Series B Bond Insurance Policy and all costs of collection thereof and enforcement of the Indenture and any other documents executed in connection with the Indenture, together with interest thereon, from the date paid or incurred by the 2007 Series B Bond Insurer until payment thereof in full by the Agency, payable at the 2007 Series B Bond Insurer Payment Rate (as hereinafter defined), including without limitation (to the extent permitted by applicable law) interest on claims paid by the 2007 Series B Bond Insurer in respect of interest on the 2007 Series Bonds. Such payment obligation shall be payable on demand and on a parity with and from the same sources and secured by the same security as, regularly scheduled principal and interest payments in respect of the 2007 Series Bonds. For the purposes of the foregoing, "2007 Series B Bond Insurer Payment Rate" shall mean the lesser of (a) the maximum rate permissible under applicable usury or similar laws limiting interest rates and (b) the greater of (i) the then applicable highest rate of interest on the 2007 Series Bonds and (ii) the per annum rate of interest, publicly announced from time to time by Citibank, N.A. ("Citibank") at its principal office in the City of New York, as its prime or base lending rate ("Prime Rate") (any change in such Prime Rate to be effective on the date such change is announced by Citibank) plus 3 percent. The 2007 Series B Bond Insurer Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. In the event that Citibank ceases to announce its Prime Rate publicly, Prime Rate shall be the publicly announced prime or base lending rate of such national bank as the 2007 Series B Bond Insurer shall specify.

**(l)** The Trustee (or Paying Agent) may be removed at any time, at the request of the 2007 Series B Bond Insurer, for any breach of the Trust set forth herein.

**(m)** The Agency shall obtain the consent of the 2007 Series B Bond Insurer prior to issuing or incurring any Variable Rate Indebtedness constituting Parity Obligations other than the 2007 Series B Bonds; provided, however, that the Agency may issue or incur such Variable Rate Indebtedness in accordance with Article II of the Master Indenture without the consent of the 2007 Series B Bond Insurer if:

(i) such Variable Rate Indebtedness constitutes Hedged Bonds, and

(1) upon entering into the applicable Qualified Swap Agreement, the counter party to such Qualified Swap Agreement shall be rated at least "AA-" by S&P or "Aa3" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series B Bond Insurer;

(2) such Qualified Swap Agreement shall provide that if the counter party's or counter party's guarantor's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000 or greater, the counter party's obligations to make such payment under such Qualified Swap Agreement shall be collateralized with Eligible Collateral;

(3) the failure of the Agency to pay any termination payments payable by the Agency under such Qualified Swap Agreement shall not be cross-defaulted with such Hedged Bonds;

(4) any termination payments payable by the Agency under such Qualified Swap Agreement shall be subordinate and junior in right of payment from the Subordinate Pledged Tax Revenues to the payment of Parity Obligations; and

(5) if applicable, the Credit Provider providing any Credit Support Instrument shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series B Bond Insurer, and such Credit Support Instrument and any related Credit Support Agreement shall not contain any provision requiring an acceleration of such Hedged Bonds upon any default under such Credit Support Instrument or related Credit Support Agreement; or

(ii) such Variable Rate Indebtedness constitutes Capped Bonds, and

(1) upon entering into the applicable Qualified Cap, the counter party to the applicable Qualified Cap shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series B Bond Insurer, and

(2) such Qualified Cap shall provide that if the counter party's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000 or greater, the counter party's obligations to make such payment under such Qualified Cap shall be collateralized with Eligible Collateral.

**Section 2.08. Notices and Information to the 2007 Series B Bond Insurer.**

(iii) such additional information as the 2007 Series B Bond Insurer may reasonably request.

**(b)** The Trustee or the Agency, as appropriate, shall notify the 2007 Series B Bond Insurer (to the attention of the General Counsel Office) of any failure of the Agency to provide relevant notices or certificates required under the Indenture.

**(c)** Notwithstanding any other provision of the Indenture, the Trustee or the Agency, as appropriate, shall immediately notify the 2007 Series B Bond Insurer (to the attention of the General Counsel Office and to the Insured Portfolio Management, Global Public Finance Department referenced above) if at any time there are insufficient moneys to make any payments of principal of or interest on the 2007 Series B Bonds as required and immediately upon the occurrence of (i) any Event of Default under the Indenture or (ii) any payment default under any related security agreement.

**(d)** The Agency will permit the 2007 Series B Bond Insurer to discuss the affairs, finances and accounts of the Agency or any information the 2007 Series B Bond Insurer may reasonably request regarding the security for the 2007 Series B Bonds with appropriate officers of the Agency. **RICHMOND COMMUNITY REDEVELOPMENT AGENCY** (herein called the "Agency"), a public body, corporate and politic, duly organized and existing pursuant to the Community Redevelopment Law of the State of California, acknowledges itself indebted to, and for value received hereby promises to pay (but only out of the Subordinate Pledged Tax Revenues (capitalized terms used herein shall have the meanings given such terms pursuant to the Indenture mentioned below) and other assets pledged therefor pursuant to the Indenture) to the Registered Owner specified above or registered assigns, the Maturity Value hereof on the maturity date specified above, consisting of the Denominational Amount hereof plus interest

earned thereon and accumulated from the date hereof to such date (in accordance with the Indenture hereinafter defined and as reflected in the Table of Accreted Values hereinafter set forth; provided, that any accreted value determined in accordance with the Indenture shall prevail over any accreted values given in the Table of Accreted Values), compounded on March 1 and September 1 of each year commencing September 1, 2007, assuming in any such semiannual period that this bond shall increase in value by the accumulation of earned interest in equal daily amounts on the basis of a 360-day year of twelve 30-day months, in like lawful money until payment of such Maturity Value shall be discharged as provided in the Indenture.

The Maturity Value hereof is payable upon surrender hereof at the designated corporate trust office of Union Bank of California, N.A., in San Francisco, California (together with any successor Trustee as provided in the Indenture, the "Trustee").

This Bond is one of a duly authorized issue of bonds of the Agency designated as "Richmond Community Redevelopment Agency Housing Set-Aside Subordinate Tax Allocation Bonds (Merged Project Areas)" (the "Bonds") and of a Series of the Bonds designated as "Richmond Community Redevelopment Agency Housing Set-Aside Subordinate Tax Allocation Bonds (Merged Project Areas), (Taxable) 2007 Series B" (the "2007 Series B Bonds"). The 2007 Series B Bonds are issued pursuant to the Law and the Redevelopment Plan. The 2007 Series B Bonds have been issued in the aggregate principal amount of $9,772,621.50. The 2007 Series B Bonds are issued under, and, together with all other Bonds issued and outstanding thereunder, are equally and ratably secured by the Subordinate Pledged Tax Revenues and other assets pledged therefor under, and entitled to the protection given by, the Indenture of Trust, dated as of July 1, 2007 between the Agency and the Trustee, and supplemented by the First Supplemental Indenture of Trust, dated as of July 1, 2007 between the Agency and the Trustee (said Indenture of Trust, as the same may be amended and supplemented from time to time, is herein called the "Indenture").

As provided in the Indenture, Bonds of the Agency may be issued thereunder from time to time pursuant to Supplemental Indentures in one or more Series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as in the Indenture provided. The aggregate principal amount of Bonds which may be issued under the Indenture is not limited except as provided in the Indenture, and all Bonds issued and to be issued under the Indenture are and will be equally secured by the pledge and assignment and covenants made therein, except as otherwise expressly provided or permitted in the Indenture.

Copies of the Indenture are on file with the Agency and at the Principal Office of the Trustee and reference is hereby made to the Indenture and to all amendments and supplements thereto for a description of the provisions, among others, with respect to the nature and extent of the security, the rights, duties and obligations of the Agency, the Trustee and the Owners of the Bonds and the terms upon which the Bonds are secured under the Indenture, the rights and remedies of the Owners of the Bonds, the limitations on such rights and remedies and the terms and conditions upon which Bonds are issued and may be issued thereunder. The Indenture provides that other Parity Obligations secured by a pledge of the Subordinate Pledged Tax Revenues on a parity with the Bonds may be issued or incurred by the Agency on the terms

set forth therein. By acceptance of this Bond, the Registered Owner accepts and agrees to the terms of the Indenture.

The term "Interest Date" means, with respect to the 2007 Series B Bonds, each March 1 and September 1, commencing September 1, 2007.

This Bond does not constitute a charge against the general credit of the Agency but is a limited obligation of the Agency payable as to principal, Redemption Price, if any, and interest solely from the Subordinate Pledged Tax Revenues and the other funds pledged therefor under the Indenture. This Bond is not secured by a legal or equitable pledge of, or lien or charge upon, any property of the Agency or any of its income or receipts except the Subordinate Pledged Tax Revenues pledged therefor pursuant to the Indenture which pledge is subject to the provisions of the Indenture permitting the application of the Subordinate Pledged Tax Revenues for the purposes and on the terms and conditions set forth therein. This Bond is not a debt of the City of Richmond, the State of California or any of its political subdivisions, and neither said City, said State nor any of its political subdivisions is liable therefor, nor in any event shall the payment of the principal or Redemption Price of or interest on this Bond constitute a debt, liability or obligation of any public agency (other than the limited obligation of the Agency as provided in the Indenture). This Bond does not constitute an indebtedness within the meaning of any constitutional or statutory limitation or restriction, and neither the members of the Agency nor any persons executing this Bond are liable personally on this Bond by reason of its issuance. No member, officer or employee of the Agency shall be individually or personally liable for the payment of the principal or Redemption Price of or interest on this Bond or be subject to any personal liability or accountability by reason of the issuance of this Bond or in respect of any undertakings by the Agency under the Indenture.

The 2007 Series B Bonds were issued for the purpose of providing a portion of the moneys to finance costs of the Project and related purposes.

To the extent and in the manner permitted by the terms of the Indenture, the provisions of the Indenture, or any indenture amendatory thereof or supplemental thereto, may be modified or amended by the Agency with, in certain cases, the written consent of the Owners of at least a majority in principal amount of the Bonds then Outstanding under the Indenture; and, in case less than all of the Bonds would be affected thereby, with such consent of the Owners of a majority in principal amount of the affected Outstanding Bonds; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds for purposes of such consent. No such modification or amendment shall permit a change in the terms of any Sinking Fund Installment or the terms of redemption or maturity of the principal of any Bond or of any installment of interest thereon or a reduction in the principal amount or Redemption Price thereof or in the rate of interest thereon without the consent of the Owner of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee or of any Paying Agent without its written assent thereto.

The Indenture may also be amended or supplemented without the necessity of the consent of the Owners of the Bonds for any one or more of the purposes Trustee specified in the Indenture.

This Bond is transferable, as provided in the Indenture, only upon the Bond Register kept for that purpose at the Principal Office of the Trustee, by the Registered Owner hereof, or by his duly authorized attorney, upon surrender of this Bond together with a written instrument of transfer satisfactory to the Trustee duly executed by the Registered Owner or his duly authorized attorney. Thereupon and upon payment of the charges prescribed in the Indenture a new registered 2007 Series B Bond or 2007 Series B Bonds, without coupons, and for the same aggregate principal amount, shall be issued to the transferee in exchange therefor as provided in the Indenture. The Agency, the Trustee and any Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price hereof and interest due hereon and for all other purposes.

The Registered Owner of this Bond shall have no right to enforce the provisions of the Indenture or to institute action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Indenture, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as provided in the Indenture. Dear Steve:

Attached please find a coverage analysis for the subordinate AWC Loan. There are two tests under the AWC Loan: (1) Using current revenues 2007/08 coverage must be 1.1x maximum debt service (2019/20), and (2) Using projected revenues and debt service for that year coverage must meet a 1.35x test. Pledged revenues are defined as tax increment from the Post 2004 areas only, which is a subset of the Project Areas contained within the Richmond Merged Project Area.

Since the Agency has merged the Project Areas it is necessary to apportion debt service on the Series A 2004 and Series A 2007 Bonds between the pre and the post 2004 areas. For purposes of the Series A 2004 Bonds we have used the same ratio as when those bonds were issued. For the Series A 2007 Bonds we have used the factor that the post 2004 areas generate (69.75% of the 2007/08 pledged revenues), according to information provided by Fraser & Associates, the Agency's fiscal consultant. This apportionment method works through 2018/19. However, in 2019/20, there is a balloon payment of approximately $2.8 million due on the Series A 2004 bonds, due to a one year extension of tax increment for the pre 2004 areas. Absent the extension, debt service in 2019/20 would have been roughly the same amount as in prior years. Consequently, the substantial increase in debt service for that year is due to the additional revenues from the pre 2004 areas.

Based on the above methodology and the calculation on the following tables, the Agency meets the coverage test required for the subordinate AWC Loan. If you have any changes please contact either Bob Williams or Darryl Street, as I will be forwarding this material to Matthew Wright at Comerica Bank.

Sincerely,

Richard Clark

*This Introduction is subject in all respects to the more complete information and definitions contained elsewhere in this Official Statement and the offering of the Bonds to potential purchasers is made only by means of the entire Official Statement. Investors are instructed to view this entire Official Statement as well as the documents summarized in the Appendices hereto prior to making an investment decision. Capitalized terms used but not defined in this Official Statement are defined in Appendix B and Appendix C hereto.*

The purpose of this Official Statement, which includes the cover page through the Appendices hereto (collectively, the "Official Statement"), is to provide certain information concerning the Richmond Community Redevelopment Agency (the "Agency") and the issuance by the Agency of $68,000,000* aggregate principal amount of its Subordinate Tax Allocation Bonds (Merged Project Areas), 2007 Series A (the "Series 2007A Bonds") (Reset Auction Mode Securities – RAMS™**) and $9,600,000* aggregate principal amount of its Housing Set-Aside Subordinate Tax Allocation Bonds (Merged Project Areas), (Taxable) 2007 Series B (the "Series 2007B Bonds" and, together with the Series 2007A Bonds, the "Bonds").

### Legal Authority

The Agency is a redevelopment agency organized and existing under the Community Redevelopment Law, being Part 1, commencing with Section 33000, of Division 1 of the California Health and Safety Code (the "Redevelopment Law").

The Bonds are being issued by the Agency in accordance with the Redevelopment Law and pursuant to a resolution of the Agency adopted on June 5, 2007 (the "Resolution"). The Series 2007A Bonds are being issued pursuant to an Indenture, dated as of July 1, 2007 (the "Master Non-Housing Indenture"), by and between the Agency and Union Bank of California, N.A., San Francisco, California, as trustee (the "Non-Housing Trustee" or the "Trustee"), as supplemented by a First Supplemental Indenture (the "First Supplemental Non-Housing Indenture," and together with the Master Non-Housing Indenture, the "Non-Housing Indenture") between the Agency and the Non-Housing Trustee. The Series 2007B Bonds are being issued pursuant to an Indenture, dated as of July 1, 2007 (the "Master Housing Indenture"), by and between the Agency and Union Bank of California, N.A., San Francisco, California, as trustee (the "Housing Trustee" or the "Trustee"), as supplemented by a First Supplemental Indenture

(the "First Supplemental Housing Indenture," and together with the Master Housing Indenture, the "Housing Indenture") between the Agency and the Housing Trustee (the Housing Indenture and the Non-Housing Indenture are collectively referred to herein as the "Indentures"). See "THE BONDS."

**Financing Purpose**

Series 2007A Bonds. The proceeds of the Series 2007A Bonds will be used to (i) pay the amount of $24,000,000 to the City of Richmond (the "City"), consisting of approximately $8,000,000 as prepaid rent to the City for Agency office space in the new Civic Center and approximately $16,000,000 toward the cost of certain other components of the Civic Center Project, (ii) finance certain redevelopment projects of the Agency; and (iii) pay certain costs related to the issuance of the Series 2007A Bonds.

Series 2007B Bonds. The proceeds of the Series 2007B Bonds will be used to (i) finance certain low and moderate income housing activities of the Agency and (ii) pay certain costs related to the issuance of the Series 2007B Bonds. See "ESTIMATED SOURCES AND USES OF FUNDS."

**Tax Allocation Financing**

The Redevelopment Law provides a means for financing redevelopment projects based upon an allocation of taxes collected within a redevelopment project area. Pursuant to the Redevelopment Law, the "base roll" is established by determining the taxable value of property within a project area last equalized prior to adoption of a redevelopment plan by a redevelopment agency. Except for any period during which the taxable value drops below the base year level, the taxing agency thereafter receives the taxes produced by the levy of the then current tax rate upon the base roll. Taxes collected on any increase in taxable value over the base roll (commonly known as "tax increment revenues") are allocated to a redevelopment agency and, subject to certain limitations discussed herein, may be pledged by the redevelopment agency to the repayment of indebtedness incurred in financing or refinancing a redevelopment project. Under Section 33334.2 and Section 33334.6 of the Redevelopment Law, redevelopment agencies are generally required, unless certain annual findings are made, to set aside 20% of all tax increment revenues allocated annually in a low- and moderate-income housing fund to be used within the jurisdiction of the agency to increase and improve the supply of low- and moderate-income housing. See "SECURITY FOR THE SERIES 2007A BONDS" and "SECURITY FOR THE SERIES 2007B BONDS."

**Security for the Bonds**

Security for the 2007A Bonds. The Series 2007A Bonds and any Additional Non-Housing Bonds (as defined below) and other Non-Housing Parity Obligations (as defined below) are equally secured by and are payable from an exclusive pledge of Subordinate Non-Housing Pledged Tax Revenues (as defined below), all moneys deposited in the Non-Housing Special Fund (as defined below) (including the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account created therein), and the Non-Housing Redemption Fund (as defined below). The Subordinate Non-Housing Pledged Tax Revenues, so long as any Non-Housing Bonds are outstanding and provided that all deposits required to be made with respect to Senior Non-Housing Bonds (as defined below) have occurred, shall be deposited by the Agency in the Non-Housing Special Fund to the extent required under the Non-Housing Indenture, which fund is to be held by and maintained with the Trustee. See "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE — Non-Housing Special Fund."

Security for the 2007B Bonds. The Series 2007B Bonds and any Additional Housing Bonds (as defined below) and other Housing Parity Obligations (as defined below) are equally secured by and are payable from an exclusive pledge of Subordinate Housing Pledged Tax Revenues (as defined below), all

moneys deposited in the Housing Special Fund (as defined below) (including the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account created therein), and the Housing Redemption Fund (as defined below). The Subordinate Housing Pledged Tax Revenues, so long as any Housing Bonds are outstanding and provided that all deposits required to be made with respect to Senior Housing Bonds (as defined below) have occurred, shall be deposited by the Agency in the Housing Special Fund to the extent required under the Housing Indenture, which fund is to be held by and maintained with the Trustee. See "APPENDIX C — SUMMARY OF THE HOUSING INDENTURE — Housing Special Fund."

Bond Insurance. The scheduled payment of principal of (or, in the case of the Series 2007B Bonds, the Maturity Value) and interest on each series of Bonds when due will be insured by separate financial guaranty insurance policies (the "Series 2007A Financial Guaranty Insurance Policy" and the "Series 2007B Financial Guaranty Insurance Policy," respectively and together, the "Financial Guaranty Insurance Policy") to be issued simultaneously with delivery of the Bonds by MBIA Insurance Corporation (the "Insurer"). The Insurer will also issue an interest rate swap insurance policy with respect to the Series 2007A Bonds. See "DESCRIPTION OF THE INSURER" and "APPENDIX G – SPECIMEN FINANCIAL GUARANTY INSURANCE POLICIES."

Reserve Accounts. Under the Indentures, the Agency is required to maintain separate Reserve Accounts for the Series 2007A Bonds and the Series 2007B Bonds, each in the amount of the respective Reserve Requirement. The Agency will satisfy the requirements for each Reserve Account by depositing therein a Debt Service Reserve Surety Bond (the "Series 2007A Surety Bond" and the "Series 2007B Surety Bond," respectively) to be issued by the Insurer. See "SECURITY FOR THE SERIES 2007A BONDS – Non-Housing Debt Service Reserve Account" and "SECURITY FOR THE SERIES 2007B BONDS – Housing Debt Service Reserve Account."

Limited Obligations. The Bonds are not a debt of the City, the State of California or any of its political subdivisions, and neither the City, the State of California nor any of its political subdivisions is liable thereon. In no event shall the Bonds or any interest or redemption premium thereon or Parity Obligations be payable out of any funds or properties other than those of the Agency as set forth in the Indentures. The Bonds do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Neither the members of the Agency nor any persons executing the Bonds are liable personally on the Bonds by reason of their issuance. See "SECURITY FOR THE SERIES 2007A BONDS – Pledge of Subordinate Non-Housing Pledged Tax Revenues" and "SECURITY FOR THE SERIES 2007B BONDS – Pledge of Subordinate Housing Pledged Tax Revenues."

2007 Swap. The Agency has entered into an interest rate swap (the "2007 Swap") with respect to the Series 2007A Bonds pursuant to an International Swap and Derivative Association Inc. ("ISDA") Master Agreement, dated July __, 2007, as supplemented by the Schedule thereto, dated July __, 2007, and evidenced by the Confirmation, dated July __, 2007, each between the Agency and Royal Bank of Canada (the "Swap Provider") (collectively, the "Swap Agreement"). Royal Bank of Canada is the parent company of RBC Dain Rauscher, Inc. doing business under the name RBC Capital Markets.

The 2007 Swap will be in a notional amount equal to the aggregate principal amount of the Series 2007A Bonds outstanding and under the 2007 Swap the Agency will pay amounts based upon a fixed rate of __% and receive amounts based upon a variable rate (based on __% of the One-Month London Interbank Offering Rate ("LIBOR") plus __ basis points). The notional amount of the 2007 Swap will be subject to reduction corresponding to the mandatory sinking fund redemption of Series 2007A Bonds. The payment obligations of the Agency under the Swap Agreement (excluding Termination Payments thereunder) will constitute a Non-Housing Parity Obligation and will be insured by the Interest Rate Swap

Insurance Policy issued by the Insurer. The payments received by the Agency under the 2007 Swap will be pledged to the payment of the Series 2007A Bonds. The payment obligations of the Agency under the 2007 Swap that constitute Termination Payments are junior and subordinate in all respects to Non-Housing Parity Obligations as Subordinate Non-Housing Obligations (as defined in the Non-Housing Indenture). See "SUMMARY OF THE NON-HOUSING INDENTURE – Provisions Relating to Termination Payments under the 2007 Swap."

The Agency has entered into the 2007 Swap in connection with the Series 2007A Bonds for the purpose of receiving amounts expected to be approximately equal to the floating rate interest payments the Agency is obligated to make with respect to the Series 2007A Bonds in exchange for making fixed rate payments. Payments to and from the Swap Provider will be paid from or deposited into the Interest Account under the Non-Housing Indenture. Under certain circumstances, the 2007 Swap is subject to early termination prior to the scheduled termination date and prior to the maturity of the Series 2007A Bonds, in which event, the Agency may be obligated to make a Termination Payment to the Swap Provider and the Agency may be required to make a substantial supplemental appropriation for such purpose. Neither the holders of the Series 2007A Bonds nor any other person other than the Agency will have any other rights under the 2007 Swap or against the Swap Provider.

Senior Bonds. The payment of debt service on the Series 2007A Bonds and any Additional Non-Housing Bonds and payments under any Non-Housing Parity Obligations issued or executed under the Non-Housing Indenture are subordinate to the payment of debt service on the Agency's Senior Bonds as defined in the Non-Housing Indenture (the "Senior Non-Housing Bonds") and to the payment of Senior Harbour Debt Service, as defined in the Non-Housing Indenture (the "Senior Harbour Debt Service"). Pursuant to the Non-Housing Indenture, the Agency has agreed that, so long as the Series 2007A Bonds, any Additional Non-Housing Bonds or other Non-Housing Parity Obligations are outstanding, it will not issue any additional bonds (including refunding bonds) on a parity with the Senior Non-Housing Bonds or the Senior Harbour Indenture (as defined below). See "SECURITY FOR THE SERIES 2007A BONDS – Outstanding Non-Housing Senior Obligations."

The payment of debt service on the Series 2007B Bonds and any Additional Housing Bonds and payments under any Housing Parity Obligations issued or executed under the Housing Indenture are subordinate to the payment of debt service on the Agency's Senior Housing Bonds as defined in the Housing Indenture (the "Senior Housing Bonds"). Pursuant to the Housing Indenture, the Agency has agreed that, so long as the Series 2007B Bonds, any Additional Housing Bonds or other Housing Parity Obligations are outstanding, it will not issue any additional bonds (including refunding bonds) on a parity with the Senior Housing Bonds. See "SECURITY FOR THE SERIES 2007B BONDS – Outstanding Housing Senior Obligations."

Parity Bonds. The obligations under the 2004 Non-Housing Loan Agreement (as defined below) and any Additional Non-Housing Bonds are secured on a parity basis with the Series 2007A Bonds. See "SECURITY FOR THE SERIES 2007A BONDS – Outstanding Non-Housing Parity Obligations."

The obligations under the 2004 Housing Loan Agreement (as defined below) and any Additional Housing Bonds are secured on a parity basis with the Series 2007B Bonds. See "SECURITY FOR THE SERIES 2007B BONDS – Outstanding Housing Parity Obligations."

**Fiscal Consultant Report**

Included as Appendix H to this Official Statement is a Fiscal Consultant Report (the "Consultant Report") prepared by Fraser & Associates (the "Consultant") which, among other things, analyzes the tax increment revenues generated from taxable property within the Merged Project Area and pledged to the

repayment of the Bonds. The findings and projections in the Consultant Report are subject to a number of assumptions that should be reviewed and considered by prospective investors. No assurances can be given that the projections and expectations discussed in the Consultant Report will be achieved. Actual results may differ materially from the projections described therein. See "APPENDIX H – Fiscal Consultant Report" and "THE MERGED PROJECT AREA – Merger and Amendment of the Project Areas."

**Other Information**

The Bonds are being issued for sale by the Agency to the Richmond Joint Powers Financing Authority (the "Authority") pursuant to the Marks-Roos Local Bond Pooling Act of 1985, constituting Article 4 of Chapter 5 of Division 7 of Title 1 (commencing with Section 6584) of the California Government Code (the "JPA Law"). See "THE AUTHORITY." The Bonds purchased by the Authority will be simultaneously resold to the Underwriter.

There follows in this Official Statement descriptions of the Bonds, the Indentures, the Merged Project Area, the Agency and the City. The descriptions and summaries of documents herein do not purport to be comprehensive or definitive, and reference is made to each such document for the complete details of all terms and conditions. During the ARB Interest Rate Period, interest on the Series 2007A Bonds for each Auction Period shall be payable on each ARB Interest Payment Date for the period commencing on (and including) the immediately preceding Interest Accrual Date (*i.e.*, for other than the first ARB Interest Payment Date, the immediately preceding ARB Interest Payment Date) and ending on the day immediately preceding such Interest Payment Date. Generally, the Auction Period Rate will be determined by a Dutch auction procedure, but may under certain circumstances be based on indexes and other factors. Further, the Auction Period Rate generally may not exceed 12%. Interest shall be computed, in the case of an Auction Period of less than 180 days, on the basis of a 360-day year and the number of days actually elapsed. *28-day Auction Period.* With respect to a Series of Bonds in a 28-day Auction Period, if Auctions generally are conducted on the day of the week specified in column A of the table above, a period of generally 28 days beginning on the day of the week specified in column B of the table above (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on the day of the week specified in column C of the table above) and ending on the same day of the week specified in column C of the table above four weeks later (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day).

*35-day Auction Period.* With respect to a Series of Bonds in a 35-day Auction Period, if Auctions generally are conducted on the day of the week specified in column A of the table above, a period of generally 35 days beginning on the day of the week specified in column B of the table above (or the day following the last day of the prior Auction Period if the prior Auction Period does not end on the day of the week specified in column C of the table above) and ending on the day of the week specified in column C of the table above five weeks later (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day).

*Three-month Auction Period.* With respect to a Series of Bonds in a three-month Auction Period, a period of generally three months (or shorter period upon a conversion from another Auction Period) beginning on the day following the last day of the prior Auction Period and ending on the

calendar day immediately preceding the first Business Day of the month that is the third calendar month following the beginning date of such Auction Period; and

*Six-month Auction Period.* With respect to a Series of Bonds in a six-month Auction Period, a period of generally six months (or shorter period upon a conversion from another Auction Period) beginning on the day following the last day of the prior Auction Period and ending on the next succeeding date set forth in the Auction Procedures.

Provided, however, that if there is a conversion of a Series of Bonds with Auctions generally conducted on the day of the week specified in column A of the table above, (i) from a daily Auction Period to a seven-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the ARB Interest Payment Date for the prior Auction Period) and shall end on the next succeeding day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day), (ii) from a daily Auction Period to a 28-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e., the ARB Interest Payment Date for the prior Auction Period) and shall end of the day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 21 days but not more than 28 days from such date of conversion, and (iii) from a daily Auction Period to a 35-day Auction Period, the next Auction Period shall begin on the date of the conversion (i.e. the ARB Interest Payment Date for the prior Auction Period) and shall end on the day of the week specified in column C of the table above (unless such day is not followed by a Business Day, in which case on the next succeeding day which is followed by a Business Day) which is more than 28 days but no more than 35 days from such date of conversion.

Notwithstanding the foregoing, if an Auction is for an Auction Period of more than seven days and the Auction Rate on such Auction Date is the ARB Maximum Rate as the result of a lack of Sufficient Clearing Bids, the Auction Period shall automatically convert to a seven-day Auction Period. On the following Auction Date, the Auction shall be conducted for an Auction Period of the same length as the Auction Period prior to such automatic conversion. If such Auction is successful, the Auction Period shall revert to the length prior to the automatic conversion, and, if such Auction is not successful, the Auction Period shall be another seven-day period.

**Changes in Auction Period or Auction Date**

Changes in Auction Period. During any ARB Interest Rate Period, the Agency, may, from time to time on the ARB Interest Payment Date immediately following the end of any Auction Period, change the length of the Auction Period with respect to all of the Bonds of a Series among daily, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period in order to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by such Bonds. The Agency shall initiate the change in the length of the Auction Period by giving written notice to the Insurer, the Trustee, the Auction Agent, the Broker-Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least 10 Business Days prior to the Auction Date for such Auction Period.

Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period and shall be for all of the Bonds of such Series.

The change in length of the Auction Period shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for such new Auction Period. For purposes of the Auction for such

new Auction Period only, except to the extent any Existing Owner submits an Order with respect to such Bonds of any Series, each Existing Owner shall be deemed to have submitted Sell Orders with respect to all of its Bonds of such Series if the change is to a longer Auction Period and a Hold Order if the change is to a shorter Auction Period. If there are not Sufficient Clearing Bids for the first Auction Period, the Auction Rate for the new Auction Period shall be the ARB Maximum Rate, and the Auction Period shall be a seven-day Auction Period. In the event that the Series 2007A Bonds bear interest at the ARB Maximum Rate for the lesser of three consecutive Auction periods or 90 days, the Agency will use best efforts to cause a conversion to another Auction Period or an Interest Rate Period acceptable to the Insurer.

Changes in Auction Date. During any ARB Interest Rate Period, the Auction Agent, at the direction of the Agency, may specify an earlier or later Auction Date (but in no event more than five Business Days earlier or later) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne by the Bonds. The Auction Agent shall provide notice of the Agency's direction to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, the Agency and the Broker-Dealers with a copy to the Securities Depository. In the event the Auction Agent is instructed to specify an earlier Auction Date, the days of the week on which an Auction Period begins and ends, the day of the week on which a Flexible Auction Period ends and the ARB Interest Payment Date relating to a Flexible Auction Period shall be adjusted accordingly.

Changes Resulting from Unscheduled Holidays. If, in the opinion of the Auction Agent and the Broker-Dealers, there is insufficient notice of an unscheduled holiday to allow the efficient implementation of the Auction Procedures set forth herein, the Auction Agent and the Broker-Dealers may, as they deem appropriate, set a different Auction Date and adjust any ARB Interest Payment Dates and Auction Periods affected by such unscheduled holiday. In the event there is not agreement among the Broker-Dealers, the Auction Agent shall set the different Auction Date and make such adjustments as directed by a majority of the Broker-Dealers, and, if there is not a majority, as the Auction Agent in its sole discretion shall determine is appropriate.

**Initial Auction Agent, Broker-Dealer and Market Agent**

Auction Agent. Union Bank of California, N.A. (the "Auction Agent") is appointed as the initial Auction Agent for the ARBs under the Non-Housing Indenture and under an Auction Agent Agreement dated as of July 1, 2007, by and between the Trustee and the Auction Agent.

Broker-Dealer. RBC Dain Rauscher, Inc., doing business under the name RBC Capital Markets (the "Broker-Dealer") is appointed as the initial Broker-Dealer for the ARBs under the Non-Housing Indenture and a Broker-Dealer Agreement dated as of July 1, 2007, between the Auction Agent and the Broker-Dealer.

The Broker-Dealer may take certain actions affecting the ARBs and the auction process, and certain other information, sale or transfer limitations, and historical events may affect the ARBs. See "CERTAIN CONSIDERATIONS AFFECTING AUCTION RATE SECURITIES." Initially, RBC Capital Markets will be the only Broker-Dealer.

**Redemption for the Series 2007A Bonds**

*Optional Redemption.* While any ARB Interest Rate Period is in effect, the Series 2007A Bonds are also subject to redemption prior to their stated maturity, at the option of the Agency, in whole or in part (in such amounts as may be specified by the Agency) (with a corresponding reduction in the notional amount of the 2007 Swap), on any ARB Interest Payment Date at a Redemption Price equal to the principal amount of Series 2007A Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium. After any partial redemption pursuant to the Indenture, there shall not be less than $10,000,000 in aggregate principal amount of Series 2007A Bonds Outstanding unless otherwise consented to by the Broker-Dealer.

After any partial redemption pursuant to the Non-Housing Indenture, there shall not be less than $10,000,000 in aggregate principal amount of Series 2007A Bonds Outstanding unless otherwise consented to by the Broker-Dealer.

If any Series 2007A Bonds are to be redeemed in part and such Bonds are held by a Securities Depository, the Agency shall include in the notice of the call for redemption delivered to the Securities Depository (i) a date placed under an item entitled "Publication Date for Securities Depository Purposes" and such date shall be three Business Days after the Auction Date immediately preceding such redemption date (in the case of a daily Auction Period, such date shall be three Business Days immediately preceding the date of redemption) and (ii) an instruction to the Securities Depository to (x) determine on such Publication Date after the Auction held on the immediately preceding Auction Date has settled, the Securities Depository Participants whose Securities Depository positions shall be redeemed and the principal amount of such ARBs to be redeemed from each such position (the "Securities Depository Redemption Information"), and (y) notify the Trustee immediately after such determination of (1) the positions of the Securities Depository Participants in such Bonds immediately prior to such Auction settlement, (2) the position of the Securities Depository Participants in such ARBs immediately following such Auction settlement, and (3) the Securities Depository Redemption Information. Immediately upon receipt of the notice referred to in (y) of the preceding sentence, the Trustee shall send a copy of such notice to the Auction Agent.

So long as the Series 2007A Financial Guaranty Insurance Policy is in effect, no amount of the Series 2007A Bonds which constitute Hedged Bonds shall be redeemed pursuant to the Non-Housing Indenture unless (i) the Agency causes a corresponding reduction in the notional amount of the 2007 Swap, or any applicable Qualified Swap Agreement, and provides for payment of related Termination Payments, if any, or (ii) the Insurer waives this aforementioned condition in writing.

*Mandatory Redemption.* The Series 2007A Bonds are also subject to redemption in part prior to their stated maturity from Sinking Fund Installments (with a corresponding reduction in the notional amount of the 2007 Swap) on each September 1 on and after September 1, 20__, as set forth below, at a Redemption Price equal to the principal amount of the Bonds to be redeemed together with unpaid accrued interest thereon to the date fixed for redemption, without premium. Notwithstanding the foregoing, when any Series 2007A Bond to be redeemed pursuant to Sinking Fund Installments is subject to an ARB Interest Rate Period, if such September 1 is not an ARB Interest Payment Date, the redemption from Sinking Fund Installments shall occur on the ARB Interest Payment Date immediately preceding such September 1.

| Redemption Date (September 1) | Redemption Amount |
|---|---|

*(final maturity)

**Notice of Redemption**

Notice of redemption will be mailed by first class mail by the Trustee not less than 30 nor more than 60 days prior to the redemption date to the registered Owner of each Series 2007A Bond to be redeemed at the address shown on the registration books of the Trustee with a copy of such notice to the relevant Credit Provider, if any.

Receipt of such notice will not be a condition precedent to the redemption of Series 2007A Bonds and failure of any Owner of a Series 2007A Bond to receive any such notice or any insubstantial defect in such notice will not affect the validity of the proceedings for the redemption of Series 2007A Bonds. Any defect in such notice given to the Owners of less than all of the Series 2007A Bonds to be redeemed will not affect the validity of the proceedings for the redemption of the Series 2007A Bonds as to which the notice of redemption did not contain such defect.

The notice of redemption will specify the maturity date of the Series 2007A Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the Series 2007A Bonds are to be redeemed, the letters and numbers or other distinguishing marks of such Series 2007A Bonds so to be redeemed, and, in the case of Series 2007A Bonds to be redeemed in part only, such notice will also specify the respective portions of the principal amount thereof to be redeemed. Such notice will further state that on such date there will become due and payable upon each Series 2007A Bond to be redeemed the redemption price thereof, or the redemption price of the specified portions of the principal amount thereof to be redeemed in the case of Series 2007A Bonds to be redeemed in part only, and that from and after such date interest on such Bond or the portion of such Series 2007A Bond to be redeemed will cease to accrue and be payable,

In the event that funds required to pay the Redemption Price of the Series 2007A Bonds are not on deposit with the Trustee at the time the notice with respect to any redemption of Series 2007A Bonds at the option of the Agency is given, such notice will state that such redemption is conditional upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the Redemption Price of the Series 2007A Bonds to be redeemed, and that if such moneys have not been so received, said notice will be of no force and effect and the Agency will not be required to redeem such Series 2007A Bonds. In the event a notice of redemption of Series 2007A Bonds contains such a condition and such moneys are not so received, the redemption of Series 2007A Bonds as described in the conditional notice of redemption will not be made and the Trustee will, within a reasonable time after the date on which such redemption was to occur, give notice to the persons and in the manner in which the

notice of redemption was given that such moneys were not so received and that there will be no redemption of Series 2007A Bonds pursuant to the conditional notice of redemption.

If upon the expiration of 60 days succeeding any redemption date, any Series 2007A Bonds called for redemption have not been presented to the Trustee for payment, the Trustee will no later than 90 days following such redemption date, send written notice by first class mail to the Owner of each Series 2007A Bond not so presented. Failure to mail the notices required by this subsection to any Owner, or any defect in any notice so mailed, will not affect the validity of the proceedings for redemption of any Series 2007A Bonds nor impose any liability on the Trustee.

The scheduled debt service for the Series 2007A Bonds will be as follows:

## CERTAIN CONSIDERATIONS AFFECTING AUCTION RATE SECURITIES

**Role of Broker-Dealer**

The Broker-Dealer has been appointed by the issuers or obligors of various auction rate securities to serve as a dealer in the auctions for those securities and is paid by the issuers or obligors for its services. The Broker-Dealer receives broker-dealer fees from such issuers or obligors at an agreed-upon annual rate that is applied to the principal amount of securities sold or successfully placed through the Broker-Dealer in such auctions.

The Broker-Dealer is designated in the Broker-Dealer Agreement as the Broker-Dealer to contact Existing Owners and Potential Owners and solicit Bids for the Series 2007A Bonds. The Broker-Dealer will receive Broker-Dealer Fees from the Agency with respect to the Series 2007A Bonds sold or successfully placed through it in Auctions for the Series 2007A Bonds. The Broker-Dealer may share a

portion of such fees with other dealers that submit Orders through it that are filled in the Auction for the Series 2007A Bonds.

**Bidding by Initial Broker-Dealer**

The Broker-Dealer is permitted, but not obligated, to submit Orders in Auctions for its own account either as a Bidder or a Seller and routinely does so in the auction rate securities market in its sole discretion. If the Broker-Dealer submits an Order for its own account, it would have an advantage over other Bidders because the Broker-Dealer would have knowledge of some or all of the other Orders placed through the Broker-Dealer in that Auction and, thus, could determine the rate and size of its Order so as to ensure that its Order is likely to be accepted in the Auction and that the Auction is likely to clear at a particular rate. For this reason, and because the Broker-Dealer is appointed and paid by the Agency to serve as a Broker-Dealer in the Auction, Broker-Dealer's interests in conducting an Auction may differ from those of Existing Holders and Potential Holders who participate in Auctions. *See* "Auction Dealer Fees." The Broker-Dealer would not have knowledge of Orders submitted to the Auction Agent by any other firm that is, or may in the future be, appointed to accept Orders pursuant to a Broker-Dealer Agreement.

The Broker-Dealer may routinely place one or more Bids in an Auction for its own account to acquire the Series 2007A Bonds for its inventory, to prevent an Auction Failure Event (which would result in the Auction Rate being set at the Maximum Rate) or an Auction from clearing at a rate that the Broker-Dealer believes does not reflect the market for the Series 2007A Bonds. The Broker-Dealer may place such Bids even after obtaining knowledge of some or all of the other Orders submitted through it. When bidding for its own account, the Broker-Dealer may also bid outside or inside the range of rates that it posts in its Price Talk. *See* "Price Talk."

The Broker-Dealer also may routinely encourage bidding by others in Auctions, including to prevent an Auction Failure Event or an Auction from clearing at a rate that the Broker-Dealer believes does not reflect the market for the Series 2007A Bonds. The Broker-Dealer may routinely encourage such Bids even after obtaining knowledge of some or all of the other Orders submitted through it.

Bids by the Broker-Dealer or by those it may encourage to place Bids are likely to affect (i) the Auction Rate — including preventing the Auction Rate from being set at the Maximum Rate or otherwise causing Bidders to receive a higher or lower rate than they might have received had the Broker-Dealer not bid or not encouraged others to bid and (ii) the allocation of Series 2007A Bonds being auctioned — including displacing some Bidders who may have their Bids rejected or receive fewer Series 2007A Bonds than they would have received if the Broker-Dealer had not bid or encouraged others to bid. Because of these practices, the fact that an Auction clears successfully does not mean that an investment in the Series 2007A Bonds involves no significant liquidity or credit risk. The Broker-Dealer is not obligated to continue to place such bids or encourage other Bidders to do so in any particular Auction to prevent an Auction from failing or clearing at a rate the Broker-Dealer believes does not reflect the market for the securities. Investors should not assume that the Broker-Dealer will do so or that Auction Failure Events will not occur. Investors should also be aware that Bids by the Broker-Dealer or by those it may encourage to place Bids may cause unfavorable Auction Rates to occur.

In any particular Auction, if all outstanding Series 2007A Bonds are the subject of Submitted Hold Orders, the Auction Rate for the next succeeding Distribution Period will be the Minimum Rate (such a situation is called an "All Hold Auction"). The Broker-Dealer is under no obligation to advise existing holders of the fact that an All Hold Auction is likely.

If the Broker-Dealer holds any Series 2007A Bonds for its own account on an Auction Date, the Broker-Dealer will submit a Sell Order into the Auction with respect to such Series 2007A Bonds, which would prevent that Auction from being an All Hold Auction. The Broker-Dealer may, but is not obligated to, submit Bids for its own account in that same Auction, as set forth above.

**Auction Dealer Fees**

For many auction rate securities, the Broker-Dealer has been appointed by the issuer of the securities to serve as a dealer for the related auctions and is paid by the issuer for its services. With respect to the Series 2007A Bonds in this offering, the Broker-Dealer has been appointed to serve as a dealer in the Auctions pursuant to the Broker-Dealer Agreement between Agency and the Broker-Dealer. That Agreement provides that the Broker-Dealer will receive from Agency auction dealer fees at an annual rate of a percentage of the principal amount of the Series 2007A Bonds sold or successfully placed through the Broker-Dealer. As a result, Broker-Dealer's interests in conducting Auctions may differ from those of investors who participate in Auctions.

The Broker-Dealer may share a portion of the auction dealer fees it receives from the Agency with other broker-dealers that submit orders through the Broker-Dealer that the Broker-Dealer successfully places in the Auction. In general, auction dealers may share with the Broker-Dealer a portion of the fees they receive from an issuer when those dealers submit orders for the Broker-Dealer (on behalf of the Broker-Dealer or its customers) into auctions in which the Broker-Dealer does not serve as a dealer. Similarly, with respect to auctions for other auction rate securities for which the Broker-Dealer does not serve as a dealer, the other broker-dealers who serve as dealers in those auctions may share auction dealer fees with the Broker-Dealer for orders that the Broker-Dealer submits through those broker-dealers that those broker-dealers successfully place in those auctions.

**Price Talk**

Before the start of an Auction, the Broker-Dealer may, in its discretion, make available to Existing Holders and Potential Holders Broker-Dealer's good faith judgment of the range of likely clearing rates for the Auction based on market and other information. This is known as "Price Talk." Price Talk is not a guaranty, and Existing Holders and Potential Holders are free to use it or ignore it. If the Broker-Dealer provides Price Talk, the Broker-Dealer will make the Price Talk available to all Existing Holders and Prospective Holders. the Broker-Dealer may occasionally update and change the Price Talk based on changes in issuer credit quality or macroeconomic factors that are likely to result in a change in interest rate levels, such as an announcement by the Federal Reserve Board of a change in the Federal Funds rate or an announcement by the Bureau of Labor Statistics of unemployment numbers. The Broker-Dealer will make such changes available to all Existing Holders and Potential Holders that were given the original Price Talk.

**All-or-Nothing Bids**

The Broker-Dealer does not accept "all-or-nothing" bids (*i.e.*, bids whereby the bidder proposes to reject an allocation smaller than the entire quantity bid) or any other type of bid that allows the bidder to avoid auction procedures that require the pro rata allocation of securities where there are not sufficient sell orders to fill all bids at the clearing rate.

**No Assurances Regarding Auction Outcomes**

The Broker-Dealer provides no assurance as to the outcome of any Auction. Nor does the Broker-Dealer provide any assurance that any Bid will be accepted or that the Auction will clear at a rate that a

Bidder considers acceptable. Bids may be rejected or may be only partially filled, and the rate on any Series 2007A Bonds purchased or retained may be lower than the Bidder expected.

**Deadlines/Auction Periods**

Each particular Auction has a formal time deadline by which all Bids must be submitted by the Broker-Dealer to the Auction Agent. This deadline is called the "Submission Deadline." To provide sufficient time to process and submit customer Bids to the Auction Agent before the Submission Deadline, the Broker-Dealer imposes an earlier deadline — called the "Internal Submission Deadline" — by which Bidders must submit Bids to the Broker-Dealer. The Internal Submission Deadline is subject to change by the Broker-Dealer. The Broker-Dealer may allow for correction of clerical errors after the Internal Submission Deadline and prior to the Submission Deadline. The Broker-Dealer may submit Bids for its own account at any time until the Auction Submission Deadline. Some auction agents allow for the correction of clerical errors for a specified period of time after the Auction Submission Deadline.

During any Auction period, the Agency of the Series 2007A Bonds may, pursuant to the terms of the Auction Agreement, change the length of the next Auction period. In Auctions that are subject to the changed Auction period, the Broker-Dealer may place a bid to buy the Series 2007A Bonds that may effectively place an upper limit on the rate that can be set at the Auction at a rate that is below the "maximum" rate.

**Existing Holder's Ability to Resell Auction Rate Securities May Be Limited**

Existing Holders will be able to sell all of the Series 2007A Bonds in an Auction that are the subject of submitted Sell Orders only if there are Bidders willing to purchase all those Series 2007A Bonds offered for sale in the Auction.

If sufficient clearing Bids have not been made, Existing Holders that have submitted Sell Orders will not be able to sell in the Auction all, and may not be able to sell any, of the Series 2007A Bonds subject to such submitted Sell Orders. As discussed above (see " – Bidding by Initial Broker-Dealer"), the Broker-Dealer may submit a Bid in an Auction to keep it from failing, but it is not obligated to do so. There may not always be enough Bidders to prevent an Auction from failing in the absence of the Broker-Dealer bidding in the Auction for its own account or encouraging others to bid. Therefore, Auction Failure Events are possible, especially if Agency's credit were to deteriorate, a market disruption were to occur or if, for any reason, the Broker-Dealer were unable or unwilling to bid.

Between Auctions, there can be no assurance that a secondary market for the Series 2007A Bonds will develop or, if it does develop, that it will provide Existing Holders the ability to resell the Series 2007A Bonds in the secondary market on the terms or at the times desired by an ~~Existing~~ Holder.

The Broker-Dealer may, in its own discretion, decide to buy or sell the Series 2007A Bonds in the secondary market for its own account to or from investors at any time and at any price, including at prices equivalent to, below, or above the par value of the Series 2007A Bonds. However, the Broker-Dealer is not obligated to make a market in the Series 2007A Bonds, and may discontinue trading in the Series 2007A Bonds without notice for any reason at any time. Existing Holders who resell between Auctions may receive less than par value, depending on market conditions.

The ability to resell the Series 2007A Bonds will depend on various factors affecting the market for the Series 2007A Bonds, including news relating to Agency, the attractiveness of alternative investments, the perceived risk of owning the Series 2007A Bonds (whether related to credit, liquidity or any other risk), the tax or accounting treatment accorded the Series 2007A Bonds (including recent

clarification of U.S. generally accepted accounting principles as they apply to the accounting treatment of auction rate securities), reactions of market participants to regulatory actions (such as those described in "– Securities and Exchange Commission Inquiries,") or press reports, financial reporting cycles and market conditions generally. Demand for the Series 2007A Bonds may change without warning, and declines in demand may be short-lived or continue for longer periods.

**Resignation of the Auction Agent Under the Auction Agent Agreement or the Broker-Dealer Under the Broker-Dealer Agreement Could Impact the Ability to Hold Auctions**

The Auction Agent Agreement provides that the Auction Agent may resign from its duties as Auction Agent by giving at least 30 days notice to the Agency, the Trustee and the Broker-Dealer and does not require, as a condition to the effectiveness of such resignation, that a replacement Auction Agent be in place if its fee has not been paid. The Broker-Dealer Agreement provides that the Broker-Dealer thereunder may resign upon 30 days notice or immediately, in certain circumstances, and does not require, as a condition to the effectiveness of such resignation, that a replacement Broker-Dealer be in place. For any Auction Period during which there is no duly appointed Auction Agent, or during which there is no duly appointed Broker-Dealer, it will not be possible to hold Auctions, with the result that the interest rate on the Series 2007A Bonds will be determined as described in the Non-Housing Indenture.

**Securities and Exchange Commission Settlements**

On May 31, 2006, the U.S. Securities and Exchange Commission (the "SEC") announced that it had settled its investigation of 15 firms, including the Broker-Dealer, that participate in the auction rate securities market regarding their respective practices and procedures in this market. The SEC alleged in the settlement that the firms had managed auctions for auction rate securities in which they participated in ways that were not adequately disclosed or that did not conform to disclosed auction procedures. As part of the settlement, the Broker-Dealer agreed to pay a civil penalty. In addition, the Broker-Dealer, without admitting or denying the SEC's allegations, agreed to provide to customers written descriptions of its material auction practices and procedures, and to implement procedures reasonably designed to detect and prevent any failures by the Broker-Dealer to conduct the auction process in accordance with disclosed procedures. No assurance can be offered as to how the settlement may affect the market for auction rate securities or the Series 2007A Bonds.

## THE 2007B BONDS

**Authority for Issuance**

The Series 2007B Bonds are being issued pursuant to the Housing Indenture in accordance with the Redevelopment Law and other applicable laws and the Constitution of the State of California. A summary of certain provisions of the Housing Indenture is set forth in "APPENDIX B – SUMMARY OF THE HOUSING INDENTURE."

**Description of the Series 2007B Bonds**

The Series 2007B Bonds will be dated as of the date of their delivery. The Series 2007B Bonds will be issued as capital appreciation bonds. The Series 2007B Bonds will not bear current interest; instead, each Series 2007B Bond will increase in value by the accumulation of earned interest from its initial principal amount ("Denominational Amount") on the date of issuance (as stated on the inside cover hereof) to its Maturity Value on the date of maturity, as stated on the inside cover hereof. Interest commences to accrue on the date of delivery, and is compounded on March 1 and September 1, commencing September 1, 2007 (each, an "Interest Date"). The Maturity Value of the Series 2007B

Bonds is payable in lawful money of the United States of America upon the surrender thereof at the principal corporate trust office of the Trustee at the maturity thereof. The Series 2007B Bonds will be issued only as one fully registered Bond for each maturity, in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), as registered owner of all Series 2007B Bonds. See "APPENDIX D – BOOK ENTRY ONLY SYSTEM." The Series 2007B Bonds will be issued in increments of $5,000 of Maturity Value or integral multiples thereof. Ownership may be changed only upon the registration books maintained by the Trustee as provided in the Indenture. See " – Transfer and Exchange of Series 2007B Bonds.

The rate of interest at which a Series 2007B Bond's Maturity Value is discounted to its Denominational Amount is known as the "Yield to Maturity"; an estimate of Yield to Maturity is stated on the inside cover hereof. For any Series 2007B Bond, the value of principal plus accrued interest on any given Interest Date prior to maturity may be calculated by discounting the Maturity Value of the Series 2007B Bond from its maturity date to that Interest Date at a discount rate equal to the Yield to Maturity, assuming a year of 360 days comprising twelve 30-day months. The imputed value on any other date may be calculated on the basis of a straight-line interpolation between the values calculated for the Interest Dates immediately preceding and following the date in question. See "TAX MATTERS" for Bond Counsel's discussion of the federal tax treatment of accrued interest on the Series 2007B Bonds.

The Underwriter has prepared the Tables of Accreted Values shown in Appendix K hereto, in order to provide the value per $5,000 of Maturity Value for each Series 2007A Bond on each Interest Date prior to maturity. The Agency takes no responsibility for these tables. See "TAX MATTERS" herein for Bond Counsel's discussion of the federal tax treatment of accrued interest on the Series 2007A Bonds.

The Series 2007B Bonds are not subject to optional or mandatory sinking fund redemption prior to their respective maturity dates.

## TAX ALLOCATION FINANCING

**General**

The Redevelopment Law provides a means for financing redevelopment projects based upon an allocation of taxes collected within a project area. The taxable valuation of property within a project area last equalized prior to adoption of the redevelopment plan, or base roll, is established and, except for any period during which the taxable valuation drops below the base year level, the taxing agencies thereafter

receive the taxes produced by the levy of the then current tax rate upon the base roll. Taxes collected upon any increase in taxable valuation over the base roll (commonly known as "tax increment revenues") are allocated to a redevelopment agency and may be pledged by a redevelopment agency to the repayment of any indebtedness incurred in financing or refinancing a redevelopment project. Redevelopment agencies themselves have no authority to levy property taxes and must rely specifically on the allocation of tax increment revenues.

**Allocation of Taxes**

Under the provisions of the California Constitution and the Redevelopment Law, taxes, including possessory interest taxes, levied upon taxable property within a project area each year by any taxing agency are allocated according to the following procedures:

(i) To Other Taxing Agencies: That portion of the taxes which would be produced by levying the particular tax rate each year for each of the taxing agencies upon the total assessed value of taxable property in a project area as shown upon the assessment roll last equalized prior to the effective date of the Agency's ordinance adopting the Redevelopment Plan is allocated to the respective taxing agencies as those taxes are paid and collected. For the purpose of allocating taxes levied for any taxing agency or agencies which did not include the territory located in a project area on the effective date of such ordinance, but to which such territory has been annexed or otherwise included after such effective date, the assessment roll of the county last equalized prior to the effective date of said ordinance is used in determining the assessed valuation of the taxable property in the project area on said effective date; and

(ii) To the Agency: That portion of said levied taxes each year in excess of the foregoing amount is allocated to a special fund of the Agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise) incurred by the Agency to finance or refinance, in whole or in part, the redevelopment of a project area. Unless and until the total assessed valuation of taxable property in a project area exceeds the total assessed value of said property as shown by the last equalized assessment roll referred to in the preceding paragraph, all of the taxes levied and collected upon the taxable property in the project area are paid to the respective taxing agencies other than the Agency.

The Agency has no power to levy and collect taxes, and any legislative property tax de-emphasis or shift or provision of additional sources of income to taxing agencies having the effect of reducing the property tax rate will reduce the amount of tax allocations that would otherwise be available to pay the principal of, premium, if any, and interest on the Bonds. See "BOND OWNERS' RISKS" and "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS." Likewise, broadened property tax exemptions or any limitation on the rate of taxation by taxing agencies could have a similar effect.

Teeter Plan. The Board of Supervisors of Contra Costa County (the "County") utilizes the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"), as provided for in Section 4701 *et seq.* of the California Revenue and Taxation Code. Under the Teeter Plan, the County calculates tax increment to redevelopment project areas by applying the current year secured tax rate to secured and unsecured incremental taxable value. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – Property Tax Collection Procedures – County Tax Loss Reserve Fund (Teeter Plan)."

Tax increment is allocated to the Agency based on 100% of the County calculated levy. Under the Teeter Plan, the Agency is shielded from the impact of delinquent property taxes and the County does

not adjust tax increment payments for roll corrections, such as refunds of property taxes due to successfully appealed assessments.

Pass-Through Payments. Historically, redevelopment agencies entered into agreements to pay tax increment revenues to taxing agencies that had territory within a redevelopment project area in an amount which the agency and the taxing agency agreed was appropriate to alleviate any financial burden or detriment caused by the redevelopment project. These agreements provided for a pass through of tax increment revenues directly to the affected taxing agency and were commonly referred to as "Pass-Through Agreements." The Agency, however, has not entered into any such Pass-Through Agreements. Assembly Bill 1290 ("AB 1290") replaced this negotiating process with a statutory tax increment sharing formula for all redevelopment project areas established on or after January 1, 1994 and with respect to additional territory added to existing redevelopment project areas after January 1, 1994. AB 1290 requires statutory pass through payments ("Pass-Through Payments") to all taxing entities, however a redevelopment agency may subordinate the Pass-Through Payments to the payment of loans, bonds or other debt of the redevelopment agency if the redevelopment agency obtains the consent of the affected taxing entity prior to incurring such debt. The Agency has not subordinated any Pass-Through Payments to date.

In addition, if an agency makes certain types of amendments to a redevelopment plan, such as the 1999 Amendments (as defined herein), the Redevelopment Law provides that either pre-AB 1290 pass through payments continue or, if none are being paid, that Pass-Through Payments be made at the point in time the first of such amendments become operative. The amount of the statutory Pass-Through Payment is calculated against the amount of assessed value by which the then current year assessed value exceeds the adjusted base year assessed value, which is the assessed value of the project area the first year in which one or more of the new limitations takes effect. For these purposes, the relevant amendments are those which extend the time frame to incur debt, increase the amount of tax increment revenue to be received by the agency or extend the effectiveness of a redevelopment plan. See "THE MERGED PROJECT AREA – Merger and Amendment of the Project Areas" and "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – Certain Required Payments of Tax Revenues to Taxing Entities (AB 1290)."

## SECURITY FOR THE SERIES 2007A BONDS

### Pledge of Subordinate Non-Housing Pledged Tax Revenues

The term "Subordinate Pledged Tax Revenues," as defined in the Non-Housing Indenture (the "Subordinate Non-Housing Pledged Tax Revenues"), means, for any period of time, (a) all taxes (including all payments, reimbursements and subventions, if any, specifically attributable to ad valorem taxes lost by reason of tax exemptions and tax rate limitations) eligible for allocation to the Agency pursuant to the Law in connection with the Project Area during such period, excluding (i) amounts, if any, received by the Agency pursuant to Section 16111 of the Government Code during such period, (ii) "Senior Debt Service," as defined in the Non-Housing Indenture (the "Senior Non-Housing Debt Service") payable during such period, (iii) except to the extent subordinated to Debt Service on Non-Housing Parity Obligations (as defined below), amounts, if any, payable to a taxing entity pursuant to Section 33607.5 and Section 33607.7 of the California Health and Safety Code during such period and (iv) Set Aside Revenues required to be deposited by the Agency in the Low and Moderate Income Housing Fund of the Agency pursuant to Section 33334.2 or 33334.6 of the Law, as provided in the Redevelopment Plan, during such period, and (b) all receipts and payments made to the Agency pursuant to Non-Housing Public Finance Contracts entered into in connection with any Non-Housing Bonds.

The Series 2007A Bonds, any Additional Non-Housing Bonds and other Non-Housing Parity Obligations are equally secured by and are payable from an exclusive pledge of Subordinate Non-Housing Pledged Tax Revenues, all moneys deposited in the Non-Housing Special Fund (including the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account created therein), and the Non-Housing Redemption Fund. The Subordinate Non-Housing Pledged Tax Revenues, so long as any Non-Housing Bonds are outstanding and provided that all deposits required to be made with respect to Senior Non-Housing Bonds have occurred, shall be deposited by the Agency in the Non-Housing Special Fund to the extent required under the Non-Housing Indenture, which fund is to be held by and maintained with the Trustee. See "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE — Non-Housing Special Fund."

Pursuant to the Non-Housing Indenture, the Agency is entitled to issue Additional Non-Housing Bonds and other Non-Housing Parity Obligations (the "Non-Housing Parity Obligations") having a parity lien on the Subordinate Non-Housing Pledged Tax Revenues and otherwise on a parity with the Series 2007A Bonds. For a further discussion of Additional Non-Housing Bonds, see "SECURITY FOR THE SERIES 2007A BONDS — Additional Non-Housing Bonds and Other Non-Housing Parity Obligations" and "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE — Additional Bonds" and "— Conditions to Issuance of Non-Housing Parity Obligations."

None of the Agency's contractual or statutory obligations have been subordinated to the payment of debt service on the Series 2007A Bonds or the obligations under the 2004 Non-Housing Loan Agreement. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – Certain Required Payments of Tax Revenues to Taxing Entities (AB 1290)" and "TAX ALLOCATION FINANCING – Allocation of Taxes."

THE SERIES 2007A BONDS ARE NOT A DEBT OF THE CITY, THE STATE OF CALIFORNIA OR ANY OF ITS POLITICAL SUBDIVISIONS, AND NEITHER THE CITY, THE STATE OF CALIFORNIA NOR ANY OF ITS POLITICAL SUBDIVISIONS IS LIABLE THEREON. IN NO EVENT SHALL THE SERIES 2007A BONDS OR ANY INTEREST OR REDEMPTION PREMIUM THEREON OR PARITY OBLIGATIONS BE PAYABLE OUT OF ANY FUNDS OR PROPERTIES OTHER THAN THOSE OF THE AGENCY AS SET FORTH IN THE NON-HOUSING INDENTURE. THE SERIES 2007A BONDS DO NOT CONSTITUTE AN INDEBTEDNESS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY DEBT LIMITATION OR RESTRICTION. NEITHER THE MEMBERS OF THE AGENCY NOR ANY PERSONS EXECUTING THE SERIES 2007A BONDS ARE LIABLE PERSONALLY ON THE SERIES 2007A BONDS BY REASON OF THEIR ISSUANCE.

**Non-Housing Debt Service Reserve Account**

The Trustee is required to set aside from the Non-Housing Special Fund and deposit in a Non-Housing Debt Service Reserve Account established under the Non-Housing Indenture an amount equal to the Non-Housing Debt Service Reserve Requirement, which, as of any date of calculation, is an amount equal to the least of (a) ten percent (10%) of the initial offering price to the public of the Non-Housing Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Bond is due, or (c) 125% of the sum of the Bond Debt Service for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the execution and delivery of any Non-Housing Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service is due, divided by the number of such Fiscal Years, all as computed and determined by the Agency and specified in writing to the Trustee; provided, however, that in determining Bond Debt Service with respect to any

Non-Housing Bonds or Series of Non-Housing Bonds that constitute Variable Rate Indebtedness, (A) with respect to Hedged Non-Housing Bonds, the interest on such Non-Housing Bonds shall be assumed to be equal to the Agency's fixed payments under the applicable Qualified Swap Agreement, and (B) with respect to other Non-Housing Bonds that constitute Variable Rate Indebtedness, the interest rate on such Non-Housing Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Non-Housing Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Non-Housing Bonds shall have been Outstanding; provided, further, that, to the extent the Agency elects in a Supplemental Indenture to maintain a separate account for any Series of Non-Housing Bonds, the Debt Service Reserve Requirement with respect to such Series shall be as set forth in such Supplemental Indenture.

In lieu of the deposits and transfers to the Non-Housing Debt Service Reserve Account required by the Non-Housing Indenture, the Agency will cause to be deposited in the Non-Housing Debt Service Reserve Account a Debt Service Reserve Surety Bond (the "Series 2007A Surety Bond") to be issued by the Insurer in an amount equal to the Non-Housing Debt Service Reserve Requirement, which is $_____ as of the delivery of the Series 2007A Bonds. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Series 2007A Surety Bond to receive payments with respect to the Series 2007A Surety Bond (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Non-Housing Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Non-Housing Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Non-Housing Debt Service Reserve Account; (ii) on the first Business Day which is at least ten days prior to the expiration date of each Series 2007A Surety Bond, in an amount equal to the deficiency which would exist in the Non-Housing Debt Service Reserve Account if the Series 2007A Surety Bond expired, unless a substitute Series 2007A Surety Bond with an expiration date not earlier than 180 days after the expiration date of the expiring Series 2007A Surety Bond is acquired prior to such date or the Agency deposits funds in the Non-Housing Debt Service Reserve Account on or before such date such that the amount in the Non-Housing Debt Service Reserve Account on such date (without regard to such expiring Series 2007A Surety Bond) is at least equal to the Debt Service Reserve Requirement. See "DESCRIPTION OF THE INSURER – Debt Service Reserve Fund Surety Bond."

The Trustee will establish and maintain within the Non-Housing Debt Service Reserve Account a sub-account known as the "Series 2007A Coverage Reserve Subaccount." Amounts in the Series 2007A Coverage Reserve Subaccount shall be applied as provided in the Non-Housing Indenture to the payment of the Series 2007A Bonds prior to any draw on the Series 2007A Surety Bond. See "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE."

**Outstanding Non-Housing Senior Obligations**

The payment of debt service on the Series 2007A Bonds and any Additional Non-Housing Bonds and payments under any Non-Housing Parity Obligations issued or executed under the Non-Housing Indenture are subordinate to the payment of debt service on the Agency's Senior Bonds as defined in the Non-Housing Indenture (the "Senior Non-Housing Bonds") and to the payment of Senior Harbour Debt Service. Pursuant to the Non-Housing Indenture, the Agency has agreed that, so long as the Series 2007A Bonds, any Additional Non-Housing Bonds or other Non-Housing Parity Obligations are outstanding, it will not issue any additional bonds (including refunding bonds) on a parity with the Senior Non-Housing Bonds or the Senior Harbour Indenture (as defined below).

Under that certain Indenture, dated as of January 1, 1992, as amended by a First Supplemental Indenture, dated as of February 1, 1998, all by and between the Agency and U.S. Bank Trust, N.A. (as

successor to First Trust of California, N.A.) (the "Senior Harbour Indenture"), the Agency issued its Harbour Redevelopment Project 1991 Tax Allocation Bonds (the "1991 Bonds") and its Harbour Redevelopment Project Tax Allocation Refunding Bonds, 1998 Series A (the "1998 Bonds"), secured by a senior lien on tax increment revenues generated from the Harbour Project Area. Although under the Senior Harbour Indenture, the Agency may issue future parity obligations equal to and on a parity with the lien and charge securing the 1991 Bonds and the 1998 Bonds, the Agency has covenanted not to issue any such parity obligations so long as any portion of the Non-Housing Bonds remain unpaid or any portion of the Series 2004A Bonds remains Outstanding. The 1991 Bonds, the 1998 Bonds and any parity obligations issued under the Senior Harbour Indenture (the "Senior Harbour Bonds") are secured by a lien which is senior in all respects to the lien on that portion of the Subordinate Non-Housing Pledged Tax Revenues derived from the Harbour Project Area and pledged to the repayment of the Series 2007A Non-Housing Bonds. For the fiscal year 2006-07, tax increment revenues from the Harbour Project Area are projected to represent 50% of the Subordinate Non-Housing Pledged Tax Revenues. See "PROJECTED DEBT SERVICE COVERAGE."

Under that certain Trust Agreement, dated as of November 1, 2000, by and between the Authority and Union Bank of California, N.A., San Francisco, California, as trustee (the "2000 Trust Agreement"), the Authority issued its Housing Set-Aside Tax Allocation Revenue Bonds Series 2000A (Tax-Exempt) (the "2000A Bonds"), secured by a lien on tax increment revenues generated from taxable property within certain project areas within the Merged Project Area, defined in the Pre-2004 Loan Agreement (the "Pre-2004 Limit Area"). In addition, the Series 2000A Bonds are secured by a lien on tax increment revenues generated from taxable property within certain other project areas within the Merged Project Area, defined in the Post-2004 Guaranty Agreement (the "Post-2004 Limit Area"). The Pre-2004 Limit Area and the Post-2004 Limit Area together comprised all of the Merged Project Area as of the date of issuance of the Series 2000A Bonds.

Under that certain Trust Agreement, dated as of August 1, 2003, by and between the Authority and Union Bank of California, N.A., San Francisco, California, as trustee (the "2003 Trust Agreement"), the Authority issued the 2003 Bonds, secured by a lien on tax increment revenues generated from taxable property within the Post-2004 Limit Area only.

The Pre-2004 Loan Agreement, the Post-2004 Guaranty Agreement and the 2003 Loan Agreement (the "Senior Merged Area Obligations") are secured by liens which are senior in all respects to the lien on the Subordinate Non-Housing Pledged Tax Revenues pledged to the Series 2007A Bonds and other Non Housing Parity Obligations.

Following is a listing of all of the outstanding senior obligations of the Agency.

*1991 Bonds*. In January 1992, the Agency issued the 1991 Bonds. The Agency refunded a portion of the 1991 Bonds with the proceeds of the 1998 Bonds. On April 1, 2007, the 1991 Bonds had a remaining principal balance of $155,000. The 1991 Bonds mature on July 1, 2009. The 1991 Bonds are special, limited obligations of the Agency and, except to the extent payable out of moneys attributable to the 1991 Bonds proceeds, are payable solely from a pledge on the tax revenues generated by the Harbour Project Area. The 1991 Bonds are not secured by tax revenues generated by other project areas.

*1998 Bonds*. In February 1998, the Agency issued the 1998 Bonds. On April 1, 2007, the 1998 Bonds had a remaining principal balance of $20,292,779. The 1998 Bonds mature on July 1, 2023. The 1998 Bonds are special, limited obligations of the Agency and, except to the extent payable out of moneys attributable to the 1998 Bonds proceeds, are payable solely from a pledge on the tax revenues generated by the Harbour Project Area. The 1998 Bonds are not secured by tax revenues generated by other project areas. The 1998 Bonds are secured on a parity with the 1991 Bonds.

*2000A Bonds*. In November 2000, the Authority issued the 2000A Bonds. On April 1, 2007, the 2000A Bonds had a remaining principal balance of $21,000,000. The 2000A Bonds mature on September 1, 2029. The 2000A Bonds are special, limited obligations of the Authority and, except to the extent payable out of moneys attributable to the 2000A Bonds proceeds, are payable from a pledge on the tax revenues generated by the Pre-2004 Limit Area and the Post-2004 Limit Area as described above. The 2000A Bonds are secured on a basis senior to the Series 2007A Bonds.

*2003 Bonds*. In August 2003, the Authority issued the 2003 Bonds. On April 1, 2007, the 2003A Bonds had a remaining principal balance of $16,080,000. On April 1, 2007, the 2003B Bonds had a remaining principal balance of $12,500,000. The 2003 Bonds mature on September 1, 2025. The 2003 Bonds are special, limited obligations of the Authority and, except to the extent payable out of moneys attributable to the 2003 Bonds proceeds, are payable solely from a pledge on the tax revenues generated by the Post-2004 Limit Area as described above. The 2003 Bonds are secured on a basis senior to the Series 2007A Bonds.

**Outstanding Non-Housing Parity Obligations**

*2004A Non-Housing Bonds*. In October 2004, the Agency entered into a Loan Agreement (Non-Housing) with the Authority (the "2004 Non-Housing Loan Agreement"), the obligations under which secure of portion of the Richmond Joint Powers Financing Authority, Tax Allocation Revenue Bonds, Series 2004A (Taxable) (the "Series 2004A Bonds"). On April 1, 2007, the outstanding principal balance of the loan under the 2004 Non-Housing Loan Agreement was $9,629,400. The Series 2004A Bonds mature on September 1, 2026. The obligations under the 2004 Non-Housing Loan Agreement and any Additional Non-Housing Bonds are secured on a parity basis with the Series 2007A Bonds.

*2007 Swap*. In connection with the Series 2007A Bonds, the Agency is also entering into the 2007 Swap, certain obligations of the Agency under which are Non-Housing Parity Obligations under the Non-Housing Indenture. See "INTRODUCTION — Security for the Bonds – 2007 Swap."

**Additional Non-Housing Bonds and Other Non-Housing Parity Obligations**

Under the Non-Housing Indenture, the Agency may issue one or more series of Additional Non-Housing Bonds and other Non-Housing Parity Obligations (collectively, the "Additional Non-Housing Parity Obligations"), payable on a parity from the Subordinate Non-Housing Pledged Tax Revenues, provided certain conditions precedent to the issuance of such Additional Non-Housing Parity Obligations, as set forth in the Non-Housing Indenture, are satisfied, including the condition that the Agency provide a certificate or certificates, prepared by the Agency or at the Agency's option by a Consultant, showing that: the Non-Housing Tax Revenues (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the Agency's adoption of the issuing instrument providing for the issuance of the Additional Non-Housing Parity Obligations, but taking into account the reductions in Non-Housing Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area) expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which the Additional Non-Housing Parity Obligations are Outstanding shall be in an amount equal to at least 140% of the Combined Adjusted Annual Debt Service on all then Outstanding Non-Housing Parity Obligations, Senior Non-Housing Obligations and such Additional Non-Housing Parity Obligations and any unsubordinated loans, advances or indebtedness payable from Non-Housing Tax Revenues pursuant to the Law.

"Tax Revenues" are defined in the Non-Housing Indenture (the "Non-Housing Tax Revenues") to mean, for any period of time, (a) all taxes (including all payments, reimbursements and subventions, if

any, specifically attributable to ad valorem taxes lost by reason of tax exemptions and tax rate limitations) eligible for allocation to the Agency pursuant to the Law in connection with the Project Area during such period, excluding (i) amounts, if any, received by the Agency pursuant to Section 16111 of the California Government Code during such period, (ii) except to the extent subordinated to Senior Non-Housing Debt Service and Debt Service on Non-Housing Parity Obligations, amounts, if any, payable to a taxing entity pursuant to Section 33607.5 and Section 33607.7 of the California Health and Safety Code during such period, (iii) Set Aside Revenues required to be deposited by the Agency in the Low and Moderate Income Housing Fund of the Agency pursuant to Section 33334.2 or 33334.6 of the Law, as provided in the Redevelopment Plan, during such period and (iv) Senior Harbour Debt Service Payable during such period, and (b) all receipts and payments made to the Agency pursuant to Non-Housing Public Finance Contracts entered into in connection with any Non-Housing Bonds.

For the purposes of the issuance of Additional Non-Housing Parity Obligations, Outstanding Non-Housing Parity Obligations shall not include any Non-Housing Bonds the proceeds of which are deposited in an escrow fund held by a escrow agent, provided that the Supplemental Non-Housing Indenture authorizing issuance of such Non-Housing Bonds shall provide that: (i) such proceeds shall be deposited or invested with or secured by an institution rated "AA" or higher by Standard & Poor's and "Aa" or higher by Moody's at a rate of interest which, together with amounts made available by the Agency from bond proceeds or otherwise, is at least sufficient to pay Debt Service on the foregoing Non-Housing Bonds; (ii) moneys may be transferred from said escrow fund only if (a) Non-Housing Tax Revenues expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Non-Housing Bonds are Outstanding (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the transfer from said escrow fund, but taking into account the reductions in Non-Housing Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area) shall be in an amount equal to at least 140% of the Combined Adjusted Annual Debt Service on all then Outstanding Non-Housing Parity Obligations (exclusive of disqualified Non-Housing Bonds), Senior Non-Housing Obligations and such Non-Housing Bonds and any unsubordinated loans, advances or indebtedness payable from Non-Housing Tax Revenues pursuant to the Law less a principal amount of Non-Housing Bonds which is equal to moneys on deposit in said escrow fund after each such transfer.

The Agency may issue Refunding Non-Housing Bonds without meeting the coverage requirements set forth above if, after the issuance of the Refunding Non-Housing Bonds, the Combined Adjusted Annual Debt Service on all then Outstanding Non-Housing Parity Obligations, Senior Non-Housing Obligations, such Refunding Non-Housing Bonds and any unsubordinated loans, advances or indebtedness payable from Non-Housing Tax Revenues is not greater than the Combined Adjusted Annual Debt Service on all then Outstanding Non-Housing Parity Obligations, Senior Non-Housing Obligations and any unsubordinated loans if such Refunding Non-Housing Bonds were not issued. The Agency may issue such Refunding Non-Housing Bonds as Crossover Refunding Obligations if the Agency delivers to the Trustee (i) an Accountant's Certificate to the effect that the moneys scheduled to be available in the applicable Crossover Refunding Escrow are sufficient to pay the applicable Crossover Escrow Requirements when due; and (ii) a copy of the Crossover Escrow Instructions relating to such Series of Refunding Non-Housing Bonds and the Non-Housing Parity Obligations to be refunded.

Additionally, the Agency may issue or enter into Qualified Swap Agreements, the Net Payments under which constitute Non-Housing Parity Obligations, without regard to the coverage requirement described above, provided (i) the Qualified Swap Agreement shall relate to a principal amount of Outstanding Non-Housing Parity Obligations or investments held under an Issuing Instrument for Non-Housing Parity Obligations, in each case specified by an Authorized Agency Representative; (ii) the notional amount of the Qualified Swap Agreement shall not exceed the principal amount of the related

Parity Obligation or the amount of such investments, as applicable; (iii) the Agency has received a Rating Confirmation from each Rating Agency with respect to such Qualified Swap Agreement and (iv) the prior written consent of each Credit Provider, whose consent is required by a Supplemental Indenture or a Credit Support Agreement, is obtained with respect to the Qualified Swap Agreement.

For additional conditions relating to the issuance of Non-Housing Parity Obligations, including the definitions of the capitalized terms used above, see "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE — Definitions" and "— Additional Bonds and Conditions to Issuance of Parity Obligations."

**Subordinated Non-Housing Obligations**

Under the Non-Housing Indenture, the Agency may also issue or incur Subordinated Non-Housing Obligations (the "Subordinated Non-Housing Obligations) payable from Subordinate Non-Housing Pledged Tax Revenues, the payment of which is junior and subordinate to the prior payment of all amounts due to be paid with respect to the Non-Housing Bonds and Non-Housing Parity Obligations, without meeting the coverage requirements described above under the caption "Additional Non-Housing Bonds and Non-Housing Parity Obligations." Such Subordinated Non-Housing Obligations shall be payable out of amounts of the Subordinate Non-Housing Pledged Tax Revenues as may from time to time be available therefor, provided that any such payment shall be, and shall be expressed to be, subordinate and junior in all respects to the payment of such Non-Housing Parity Obligations as may be Outstanding from time to time, including Non-Housing Parity Obligations issued after the issuance of such Subordinated Non-Housing Obligations. Termination payments, if any, due under the 2007 Swap are designated as Subordinated Obligations under the Non-Housing Indenture. See "APPENDIX B — SUMMARY OF THE NON-HOUSING INDENTURE — Conditions to Issuance of Subordinated Obligations."

## SECURITY FOR THE SERIES 2007B BONDS

**Pledge of Subordinate Housing Pledged Tax Revenues**

The term "Subordinate Pledged Tax Revenues," as defined in the Housing Indenture (the "Subordinate Housing Pledged Tax Revenues"), means, for any period of time, (a) Set Aside Revenues, excluding (i) amounts, if any, received by the Agency pursuant to Section 16111 of the Government Code during such period and (ii) "Senior Debt Service," as defined in the Housing Indenture (the "Senior Housing Debt Service") payable during such period, and (b) all receipts and payments made to the Agency pursuant to Housing Public Finance Contracts entered into in connection with any Housing Bonds.

The Series 2007B Bonds, any Additional Housing Bonds and other Housing Parity Obligations (the "Housing Parity Obligations") are equally secured by and are payable from an exclusive pledge of Subordinate Housing Pledged Tax Revenues, all moneys deposited in the Housing Special Fund (including the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account created therein), and the Housing Redemption Fund. The Subordinate Housing Pledged Tax Revenues, so long as any Housing Bonds are outstanding and provided that all deposits required to be made with respect to Senior Housing Bonds have occurred, shall be deposited by the Agency in the Housing Special Fund to the extent required under the Housing Indenture, which fund is to be held by and maintained with the Trustee. See "APPENDIX C — SUMMARY OF THE HOUSING INDENTURE — Housing Special Fund."

Pursuant to the Housing Indenture, the Agency is entitled to issue Additional Housing Bonds and other Housing Parity Obligations having a parity lien on the Subordinate Housing Pledged Tax Revenues and otherwise on a parity with the Series 2007B Bonds. For a further discussion of Additional Housing Bonds, see "SECURITY FOR THE SERIES 2007B BONDS — Additional Housing Bonds and Other Housing Parity Obligations" and "APPENDIX C — SUMMARY OF THE HOUSING INDENTURE — Additional Bonds" and "— Conditions to Issuance of Housing Parity Obligations."

None of the Agency's contractual or statutory obligations have been subordinated to the payment of Housing Bond Debt Service on the Series 2007B Bonds and the obligations under the 2004 Housing Loan Agreement. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – Certain Required Payments of Tax Revenues to Taxing Entities (AB 1290)" and "TAX ALLOCATION FINANCING – Allocation of Taxes."

THE SERIES 2007B BONDS ARE NOT A DEBT OF THE CITY, THE STATE OF CALIFORNIA OR ANY OF ITS POLITICAL SUBDIVISIONS, AND NEITHER THE CITY, THE STATE OF CALIFORNIA NOR ANY OF ITS POLITICAL SUBDIVISIONS IS LIABLE THEREON. IN NO EVENT SHALL THE SERIES 2007B BONDS OR ANY INTEREST OR REDEMPTION PREMIUM THEREON OR PARITY OBLIGATIONS BE PAYABLE OUT OF ANY FUNDS OR PROPERTIES OTHER THAN THOSE OF THE AGENCY AS SET FORTH IN THE HOUSING INDENTURE. THE SERIES 2007B BONDS DO NOT CONSTITUTE AN INDEBTEDNESS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY DEBT LIMITATION OR RESTRICTION. NEITHER THE MEMBERS OF THE AGENCY NOR ANY PERSONS EXECUTING THE SERIES 2007B BONDS ARE LIABLE PERSONALLY ON THE SERIES 2007B BONDS BY REASON OF THEIR ISSUANCE.

**Housing Debt Service Reserve Account**

The Trustee is required to set aside from the Housing Special Fund and deposit in a Housing Debt Service Reserve Account established under the Housing Indenture an amount equal to the Housing Debt Service Reserve Requirement, which, as of any date of calculation, is an amount equal to the least of (a) ten percent (10%) of the initial offering price to the public of the Housing Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Bond is due, or (c) 125% of the sum of the Bond Debt Service for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the execution and delivery of any Housing Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service is due, divided by the number of such Fiscal Years, all as computed and determined by the Agency and specified in writing to the Trustee; provided, however, that in determining Bond Debt Service with respect to any Housing Bonds or Series of Housing Bonds that constitute Variable Rate Indebtedness, (A) with respect to Hedged Housing Bonds, the interest on such Housing Bonds shall be assumed to be equal to the Agency's fixed payments under the applicable Qualified Swap Agreement, and (B) with respect to other Housing Bonds that constitute Variable Rate Indebtedness, the interest rate on such Housing Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Housing Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Housing Bonds shall have been Outstanding; provided, further, that, to the extent the Agency elects in a Supplemental Indenture to maintain a separate account for any Series of Housing Bonds, the Debt Service Reserve Requirement with respect to such Series shall be as set forth in such Supplemental Indenture.

In lieu of the deposits and transfers to the Housing Debt Service Reserve Account required by the Housing Indenture, the Agency will cause to be deposited in the Housing Debt Service Reserve Account a Debt Service Reserve Surety Bond (the "Series 2007B Surety Bond") to be issued by the Insurer in an amount equal to the Housing Debt Service Reserve Requirement, which is $_____ as of the delivery of the Series 2007B Bonds. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Series 2007B Surety Bond to receive payments with respect to the Series 2007B Surety Bond (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Housing Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Housing Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Housing Debt Service Reserve Account; (ii) on the first Business Day which is at least ten days prior to the expiration date of each Series 2007B Surety Bond, in an amount equal to the deficiency which would exist in the Housing Debt Service Reserve Account if the Series 2007B Surety Bond expired, unless a substitute Series 2007B Surety Bond with an expiration date not earlier than 180 days after the expiration date of the expiring Series 2007B Surety Bond is acquired prior to such date or the Agency deposits funds in the Housing Debt Service Reserve Account on or before such date such that the amount in the Housing Debt Service Reserve Account on such date (without regard to such expiring Series 2007B Surety Bond) is at least equal to the Debt Service Reserve Requirement. See "DESCRIPTION OF THE INSURER – Debt Service Reserve Fund Surety Bond."

The Trustee will establish and maintain within the Housing Debt Service Reserve Account a sub-account known as the "Series 2007B Coverage Reserve Subaccount." Amounts in the Series 2007B Coverage Reserve Subaccount shall be applied as provided in the Housing Indenture to the payment of the Series 2007B Bonds prior to any draw on the Series 2007B Surety Bond. See "APPENDIX C – SUMMARY OF THE HOUSING INDENTURE."

**Outstanding Housing Senior Obligations**

The payment of debt service on the Series 2007B Bonds and any Additional Housing Bonds and payments under any Housing Parity Obligations issued or executed under the Housing Indenture are subordinate to the payment of debt service on the Agency's Senior Housing Bonds as defined in the Housing Indenture (the "Senior Housing Bonds"). Pursuant to the Housing Indenture, the Agency has agreed that, so long as the Series 2007B Bonds, any Additional Housing Bonds or other Housing Parity Obligations are outstanding, it will not issue any additional bonds (including refunding bonds) on a parity with the Senior Housing Bonds.

Under the 2000 Trust Agreement, the Authority issued its Housing Set-Aside Tax Allocation Revenue Bonds Series 2000B (Taxable) (the "2000B Bonds"), secured by a lien on tax increment revenues generated from taxable property within the Pre-2004 Limit Area pledged to the repayment of the 2000B Bonds under the Pre-2004 Loan Agreement and additionally secured by a lien on tax increment revenues generated from taxable property within the Post-2004 Limit Area pledged to the repayment of the 2000B Bonds under the Post-2004 Guaranty Agreement.

The Pre-2004 Loan Agreement and the Post-2004 Guaranty Agreement, but only with respect to the payments thereunder required to be paid from amounts allocable to the Housing Fund in respect of the 2000B Bonds (the "Senior Merged Area Housing Obligations"), are secured by a lien which is senior in all respects to the lien on the Subordinate Housing Pledged Tax Revenues pledged to the Series 2007B Bonds. On April 1, 2007, the 2000B Bonds had a remaining principal balance of $4,550,000. The 2000B Bonds mature on September 1, 2029.

**Outstanding Housing Parity Obligations**

*2004 Housing Bonds*. In October 2004, the Agency entered into a Loan Agreement (Housing) with the Authority (the "2004 Housing Loan Agreement"), the obligations under which secure the Richmond Joint Powers Financing Authority, Housing Set-Aside Tax Allocation Revenue Bonds, Series 2004B (Tax-Exempt) (the "Series 2004B Bonds") and a portion of the Series 2004A Bonds (and together with the 2004B Bonds, the "2004 Bonds"). On April 1, 2007, the outstanding principal balance of the loans under the 2004 Housing Loan Agreement were $1,860,000 with respect to the Series 2004B Bonds and $4,960,600 with respect to the Series 2004A Bonds. The 2004B Bonds mature on September 1, 2026. The obligations under the 2004 Housing Loan Agreement and any Additional Housing Bonds are secured on a parity basis with the Series 2007B Bonds.

**Additional Housing Bonds and Other Housing Parity Obligations**

Under the Housing Indenture, the Agency may issue one or more series of Additional Housing Bonds and other Housing Parity Obligations (collectively, the "Additional Housing Parity Obligations"), payable on a parity from the Subordinate Housing Pledged Tax Revenues, provided certain conditions precedent to the issuance of such Additional Housing Parity Obligations, as set forth in the Housing Indenture, are satisfied, including the condition that the Agency provide a certificate or certificates, prepared by the Agency or at the Agency's option by a Consultant, showing that: the Housing Tax Revenues (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the Agency's adoption of the issuing instrument providing for the issuance of the Additional Housing Parity Obligations, but taking into account the reductions in Housing Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and the Law with respect to sub-areas of the Project Area) expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which the Additional Housing Parity Obligations are Outstanding shall be in an amount equal to at least 140% of the Combined Adjusted Annual Debt Service on all then Outstanding Housing Parity Obligations, Senior Housing Obligations and such Additional Housing Parity Obligations and any unsubordinated loans, advances or indebtedness payable from Housing Tax Revenues pursuant to the Law.

"Tax Revenues" are defined in the Housing Indenture (the "Housing Tax Revenues") to mean, for any period of time, (a) Set Aside Revenues, excluding amounts, if any, received by the Agency pursuant to Section 16111 of the California Government Code during such period, and (b) all receipts and payments made to the Agency pursuant to Housing Public Finance Contracts entered into in connection with any Housing Bonds.

For the purposes of the issuance of Additional Housing Parity Obligations, Outstanding Housing Parity Obligations shall not include any Housing Bonds the proceeds of which are deposited in an escrow fund held by a escrow agent, provided that the Supplemental Housing Indenture authorizing issuance of such Housing Bonds shall provide that: (i) such proceeds shall be deposited or invested with or secured by an institution rated "AA" or higher by Standard & Poor's and "Aa" or higher by Moody's at a rate of interest which, together with amounts made available by the Agency from bond proceeds or otherwise, is at least sufficient to pay Debt Service on the foregoing Housing Bonds; (ii) moneys may be transferred from said escrow fund only if (a) Housing Tax Revenues expected to be received in the current Fiscal Year and in each Fiscal Year thereafter in which such Housing Bonds are Outstanding (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of the transfer from said escrow fund, but taking into account the reductions in Housing Tax Revenues resulting from the expiration of the Agency's authority to collect tax increment revenue under the Redevelopment Plan and

the Law with respect to sub-areas of the Project Area) shall be in an amount equal to at least 140% of the Combined Adjusted Annual Debt Service on all then Outstanding Housing Parity Obligations (exclusive of disqualified Housing Bonds), Senior Housing Obligations and such Housing Bonds and any unsubordinated loans, advances or indebtedness payable from Housing Tax Revenues pursuant to the Law less a principal amount of Housing Bonds which is equal to moneys on deposit in said escrow fund after each such transfer.

The Agency may issue Refunding Housing Bonds without meeting the coverage requirements set forth above if, after the issuance of the Refunding Housing Bonds, the Combined Adjusted Annual Debt Service on all then Outstanding Housing Parity Obligations, Senior Housing Obligations, such Refunding Housing Bonds and any unsubordinated loans, advances or indebtedness payable from Housing Tax Revenues is not greater than the Combined Adjusted Annual Debt Service on all then Outstanding Housing Parity Obligations, Senior Housing Obligations and any unsubordinated loans if such Refunding Housing Bonds were not issued. The Agency may issue such Refunding Housing Bonds as Crossover Refunding Obligations if the Agency delivers to the Trustee (i) an Accountant's Certificate to the effect that the moneys scheduled to be available in the applicable Crossover Refunding Escrow are sufficient to pay the applicable Crossover Escrow Requirements when due; and (ii) a copy of the Crossover Escrow Instructions relating to such Series of Refunding Housing Bonds and the Housing Parity Obligations to be refunded.

Additionally, the Agency may issue or enter into Qualified Swap Agreements, the Net Payments under which constitute Housing Parity Obligations, without regard to the coverage requirement described above, provided (i) the Qualified Swap Agreement shall relate to a principal amount of Outstanding Housing Parity Obligations or investments held under an Issuing Instrument for Housing Parity Obligations, in each case specified by an Authorized Agency Representative; (ii) the notional amount of the Qualified Swap Agreement shall not exceed the principal amount of the related Parity Obligation or the amount of such investments, as applicable; (iii) the Agency has received a Rating Confirmation from each Rating Agency with respect to such Qualified Swap Agreement and (iv) the prior written consent of each Credit Provider, whose consent is required by a Supplemental Indenture or a Credit Support Agreement, is obtained with respect to the Qualified Swap Agreement.

For additional conditions relating to the issuance of Housing Parity Obligations, including the definitions of the capitalized terms used above, see "APPENDIX C — SUMMARY OF THE HOUSING INDENTURE — Definitions" and "— Additional Bonds and Conditions to Issuance of Parity Obligations."

**Subordinated Housing Obligations**

Under the Housing Indenture, the Agency may also issue or incur Subordinated Housing Obligations (the "Subordinated Housing Obligations) payable from Subordinate Housing Pledged Tax Revenues, the payment of which is junior and subordinate to the prior payment of all amounts due to be paid with respect to the Housing Bonds and Housing Parity Obligations, without meeting the coverage requirements described above under the caption "Additional Housing Bonds and Housing Parity Obligations." Such Subordinated Housing Obligations shall be payable out of amounts of the Subordinate Housing Pledged Tax Revenues as may from time to time be available therefor, provided that any such payment shall be, and shall be expressed to be, subordinate and junior in all respects to the payment of such Housing Parity Obligations as may be Outstanding from time to time, including Housing Parity Obligations issued after the issuance of such Subordinated Housing Obligations. See "APPENDIX C — SUMMARY OF THE HOUSING INDENTURE — Conditions to Issuance of Subordinated Obligations."

such instruments being in a form satisfactory to U.S. Bank Trust National Association, U.S. Bank Trust National Association shall disburse to such owners or the Paying Agent payment of the insured amounts due on such Bonds, less any amount held by the Paying Agent for the payment of such insured amounts and legally available therefor.

**Debt Service Reserve Fund Surety Bond**

The Insurer has issued a commitment to issue two surety bonds, assuming delivery of the Bonds, one for the Debt Service Reserve Account under the Housing Indenture (the "Housing Surety Bond") and one for the Debt Service Reserve Account under the Non-Housing Indenture (the "Non-Housing Surety Bond", and together the "Debt Service Reserve Fund Surety Bonds"). The Debt Service Reserve Fund Surety Bonds will provide that upon notice from the Trustee to the Insurer under either Indenture, as appropriate, to the effect that insufficient amounts are on deposit in either Debt Service Reserve Account to pay the principal of (at maturity or pursuant to mandatory redemption requirements, and in the case of the Series 2007B Bonds, the Maturity Value) and interest on the Bonds, the Insurer will promptly deposit with the Trustee the lesser of an amount sufficient to pay the principal of (and in the case of the Series 2007B Bonds, the Maturity Value) and interest on the Bonds or the available amount of the Housing Surety Bond or the Non-Housing Surety Bond, as applicable. Upon the later of: (i) three days after receipt by the Insurer of a Demand for Payment in the form attached to the Housing Surety Bond or the Non-Housing Surety Bond, duly executed by the Trustee; or (ii) the payment date of the Bonds as specified in the Demand for Payment presented by the Trustee to the Insurer, the Insurer will make a deposit of funds in an account with U.S. Bank Trust National Association, in New York, New York, or its successor, sufficient for the payment to the Trustee, of amounts which are then due to the Trustee (as specified in the Demand for Payment) subject to the Surety Bond Coverage.

The available amount of either of the Debt Service Reserve Fund Surety Bonds is the initial face amount of either of the Debt Service Reserve Fund Surety Bonds less the amount of any previous deposits by the Insurer with the Trustee which have not been reimbursed by the Agency. The Agency and the Insurer have, for each Debt Service Reserve Fund Surety Bond, entered into a Financial Guaranty Agreement (each, an "Agreement", and together the "Agreements"). Pursuant to the Agreements, the Agency is required to reimburse the Insurer, within one year of any deposit, the amount of such deposit made by the Insurer with the Trustee under either of the Debt Service Reserve Fund Surety Bonds, as applicable. Such reimbursement shall be made only after all required deposits to the Interest Account and the Principal Account of the Special Fund under the applicable Indenture have been made.

Under the terms of the Agreements, the Trustee is required to reimburse the Insurer, with interest, until the face amount of the applicable Debt Service Reserve Fund Surety Bond is reinstated before any deposit is made to the Surplus Fund. No optional redemption of the Series 2007A Bonds may be made until the Insurer's Non-Housing Surety Bond is reinstated. The Debt Service Reserve Fund Surety Bonds will be held by the Trustee in the applicable Debt Service Reserve Accounts and are provided as alternatives to the Agency depositing funds equal to the respective Debt Service Reserve Requirements for outstanding Bonds. The Debt Service Reserve Fund Surety Bonds will be issued in the face amount equal to the respective Debt Service Reserve Requirements for the Series 2007A Bonds and the Series 2007B Bonds and the premium therefor will be fully paid by the Agency at the time of delivery of the Bonds.

## THE AGENCY

The City Council organized the Agency by Ordinance No. 4687 in October 1949 to exercise the powers granted by the Redevelopment Law.

The Agency was one of the first redevelopment agencies formed in the United States and its original objectives were to acquire and clear wartime housing, provide new housing for low and moderate income families and upgrade and broaden the City's economic base through development of industrial parks and commercial areas. To accomplish these objectives, the Agency has formed and administered eleven redevelopment projects.

The Agency has the authority to acquire, administer, develop and sell or lease property, including the right of eminent domain, and the right to issue bonds and expend the proceeds. The Agency can clear buildings and other improvements, can develop as a building site any real property owned or acquired, and in connection with such development, can cause streets, highways and sidewalks to be constructed or reconstructed and public utilities to be installed.

### Governance and Administration

The Agency is administered by a governing board of nine members (the "Board"), who are the elected Mayor and members of the City Council. **Recent Ratings Changes**

The City experienced significant financial and operating difficulties between 2002 and 2005. As a result of uncertainty over the City's financial condition and the impact of deficits in the City's pooled cash account, on January 13, 2004, Standard & Poor's suspended the Agency's credit ratings, and in March of 2004, Moody's Investors Service also suspended the Agency's credit ratings. The City announced in March of 2004 that it had a significant deficit in its pooled cash investment account as a

result of negative balances for the general fund of the City as well as several special funds, all of which were held in the pooled cash account. The Agency's funds were also held in the City's pooled cash account, but had a positive balance.

In June of 2004, the City Council, in its own capacity and in its capacity as the governing board of the Agency, took the following actions:

- Amended the Agency's Bylaws to require that all Agency funds be held in accounts separate and distinct from any City funds, and not commingled with any City funds;

- Appointed a Redevelopment Director who is not otherwise an employee of the City and gave the Director power to approve all expenditures of Agency funds (along with the Treasurer of the Agency, who is also the Finance Director of the City); and

- Transferred all Agency funds to separate bank accounts.

In October of 2004, Standard & Poor's and Moody's restored the Agency's credit ratings on its Outstanding Bonds, and Standard & Poor's assigned an "A-" underlying rating on the Bonds secured by the Merged Project Area, including the 2004 Bonds. In February 2007, Standard & Poor's confirmed its ratings on the Agency's Outstanding Bonds. The Agency believes that, as a result of the actions taken in June 2004 and the estimated tax increment and other revenues to be received by the Agency, the Agency will be able to meet all of its debt service obligations, continue to aggressively pursue its redevelopment programs and activities, and maintain financial stability into the future.

## THE MERGED PROJECT AREA

### Redevelopment Plans

The Agency is responsible for redevelopment in eleven project areas consisting of approximately 5,338 acres within the City. The City is located in Contra Costa County, 10 miles northeast of San Francisco. Under the Redevelopment Law, every redevelopment agency is required to adopt, by ordinance, a redevelopment plan for each redevelopment project area. A redevelopment plan is a legal document, the content of which is largely prescribed in the Redevelopment Law.

The goal of a redevelopment plan is to eliminate blighted conditions in the project area by undertaking appropriate projects pursuant to the Redevelopment Law. The objectives of the City's Redevelopment Plans are summarized as follows: (i) eliminate physical and economic blight in the project areas; (ii) stimulate residential, commercial, industrial, transit and port development in the project areas; (iii) provide for a range of commercial and industrial uses to stimulate strong local economic growth and job opportunities for residents; (iv) remove impediments to land development, guide development toward a high level of design standards, and aid in the removal or rehabilitation of functionally or structurally substandard buildings; (v) improve safety and security in the project areas; (vi) increase and improve the supply of low and moderate income housing in the City through the use of tax increment funds; and (vii) provide tax increment funds for the redevelopment activities that are needed to alleviate blighting conditions and repay bonded indebtedness.

### Merger and Amendment of the Project Areas

The Agency amended and merged together nine of its project areas for financial and time limit purposes which together constitute the "Merged Project Area". The Merged Project Area consists of nine formerly "independent" redevelopment project areas which were merged together on July 13, 1999 (the

"1999 Amendments") and include: Eastshore No. 1-A (the "Eastshore Project Area"); Potrero No. 1-C (the "Potrero Project Area"); Galvin No. 3-A (the "Galvin Project Area"); Harbor Gate No. 6-A (the "Harbor Gate Project Area"); Hensley No. 8-A (the "Hensley Project Area"); Downtown No. 10-A (the "Downtown Project Area"); Nevin Center No. 10-B (the "Nevin Center Project Area"); Harbour No. 11-A (the "Harbour Project Area") and North Richmond No. 12-A (the "North Richmond Project Area"). Under the Redevelopment Law, the merger of nine of the Agency's constituent project areas does not affect the senior pledge of tax increment revenues derived from the Harbour Project Area to the repayment of the Senior Harbour Bonds.

As part of the merger process, territory was added to the Eastshore Project Area, the Harbor Gate Project Area, the Hensley Project Area, the Downtown Project Area, the Nevin Center Project Area and the Harbour Project Area in 2000 (the "2000 Amendment Areas"), and additional territory was added to the Nevin Center Project Area in 2005 (the "2005 Amendment Area", and together with the 2000 Amendment Areas, the "Added Areas").

**Redevelopment Plan Limitations and Land Usage**

In 1993, the California Legislature enacted AB 1290. AB 1290 provides for, among other things, the placement of time limits on the effectiveness of every redevelopment plan and provides that after ten years from the termination date of a plan's effectiveness, subject to certain exceptions, no redevelopment agency shall pay indebtedness or receive property tax in connection therewith. AB 1290 further places a time limit on the incurrence of debt to the later of 20 years from the adoption of the redevelopment plan or January 1, 2004. This time limit to incur debt does not prevent agencies from refinancing indebtedness after expiration of the time limit if the indebtedness is not increased and the time during which the indebtedness is to be repaid does not exceed the date on which the original indebtedness would have been paid. The time limit for the incurrence of debt may be extended for a maximum of ten years by amendment of the redevelopment plan if the agency makes certain findings regarding significant blight remaining in the project area. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – Certain Required Payments of Tax Revenues to Taxing Entities (AB 1290)."

In 2001, the California Legislature enacted SB 211, which allows a redevelopment agency to delete the debt incurrence date from its redevelopment plan for those project areas that were adopted prior to December 31, 1993. The amendment of the redevelopment plan can be accomplished without the need to follow noticing, hearing and documentation requirements for a normal plan amendment. The legislative body need only adopt an ordinance to delete the debt incurrence limit per SB 211. The Agency has deleted the debt incurrence limit from certain project areas, as shown below. Due to the SB 211 amendment, the required amount of AB 1290 pass through payments was increased for the 10A Downtown Project Area. Payments were triggered in 2004-05, which was six years sooner than was required if the SB 211 amendment were not processed. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS – SB 211."

The Redevelopment Law was further amended by SB 1045 (chaptered as Chapter 260, Statutes of 2003) which authorizes a legislative body to adopt an ordinance to amend a redevelopment plan to extend by one year the time limit for the effectiveness of the plan and the time limit to pay indebtedness and receive property taxes, without the need to comply with the normal procedures and restrictions contained in the Redevelopment Law relating to the amendment of redevelopment plans. SB 1045 and SB 1096 (citation) required redevelopment agencies to shift funds to the Educational Revenue Augmentation Fund (ERAF). As part of the legislation, redevelopment agencies can amend certain of their redevelopment plans to extend the plan effectiveness and tax increment receipt dates by up to three years. The Agency has amended the Redevelopment Plan as authorized by SB 1045 and is in the process of amending the Redevelopment Plan as authorized by SB 1096.

Time Limits. The constituent project areas have various time limits for incurring debt. The following table summarizes the Agency's deadlines for incurring debt, last date to receive tax increment and various dates of adoption of the Redevelopment Plans and shows the current complement of land use and approximate size of each constituent project area or portion of each constituent project area within the Merged Project Area.

Cumulative Tax Increment Limit. As part ~~of the 1999~~ Amendments, a combined tax increment limit of $521,400,000 was established. The combined limit applies to tax increment revenues received after the effective date of the ordinance (December 22, 1986) that established the limit in each of the Constituent Projects. The combined tax increment limit does not apply to the Added Areas, nor to the territory that was added to the Harbour Gate Project Area on June 26, 1995 (the "1995 Area"). Those areas were added after the implementation of various changes to the Redevelopment Law that were triggered by AB 1290. In addition to the changes described above in "– Redevelopment Plan Limitations," AB 1290 eliminated the need to establish a cumulative tax increment limit for new redevelopment project areas or areas that were added to existing project areas. Through the 2005-06 fiscal year, it is estimated that the Agency has received $156.8 million in tax increment for the portions of the Merged Project Area subject to the tax increment limit. Based on the projections of tax increment shown in the Fiscal Consultant Report, which are based on an assumed two percent annual increase in real property values, the cumulative tax increment limit will be reached in Fiscal Year 2025-26.

The Agency anticipates it will amend the redevelopment plans to increase the combined tax increment limit within the next 24 months, but no assurance can be given that such amendment will be

completed. Pursuant to the Indentures, the Agency is required to annually monitor the remaining unused portion of the combined tax increment limit and to escrow tax increment revenues for the purpose of paying future debt service on its bonds in the event that it determines that the combined tax increment limit would be reached prior to the maturity of the Agency's bonds. See "APPENDIX B – SUMMARY OF THE NON-HOUSING INDENTURE - Covenants" and "APPENDIX C – SUMMARY OF THE HOUSING INDENTURE - Covenants."

Bonded Indebtedness Limit. The Agency, as a part of the 1999 Amendments, also established a combined limit on the principal amount of bonded indebtedness that can be outstanding at any one time. That limit is $250 million and applies to the entire Merged Project Area except for the 2005 Amendment Area, which has a separate bonded debt limit of $150 million. As of June 30, 2006 the Agency had approximately $91.5 million in bonds outstanding under the $250 million limit, and no bonds outstanding for the 2005 Amendment Area. The Agency contemplates that it will also amend this limit in the future. See "APPENDIX H – FISCAL CONSULTANT REPORT."

**The Constituent Project Areas**

A description of the current and future development within the Merged Project Area follows. There can be no assurances that such development will actually occur. It is expected that additional public funds will be needed over the next several years to accomplish the goals of the Redevelopment Plans. The Agency expects to raise the additional public funds (i) by issuing future debt obligations, the repayment of which may be secured by Pledged Tax Revenues and (ii) from the proceeds of sale of land owned by the Agency in the Merged Project Area. Planned activities for all Project Areas include repaying bonded indebtedness, alleviating physical and economic blighting conditions, and constructing and/or rehabilitating public infrastructure and public facility improvements in order to stimulate development.

*Eastshore Project Area*. The Eastshore Project Area is comprised of 137 acres, including 14 acres added to this project area as part of the 1999 Amendments. The new acreage is characterized by single story retail stores fronting San Pablo Avenue. Currently, Agency staff is unaware of any major development projects being considered or planned for this project area at this time. The following activity is planned:

- Provide assistance in the removal or rehabilitation of structurally substandard buildings.
- Continue to implement a facade improvement program for existing businesses established in 2006.

*Galvin 3A Project Area*. The Galvin Project Area is a 95-acre light industrial development containing distribution facilities, light assembly and research and development businesses. The Agency does not receive tax increment from personal property in the Galvin Project Area as further described in "BOND OWNERS' RISKS - Tax Collection Agreement." Redevelopment activities have included an extension of Standard Avenue, the construction and rehabilitation of streets, right-of-way acquisition and installation and upgrades to storm and sanitary sewers, water and utility lines, street lighting and infrastructure.

*Harbor Gate Project Area*. The Harbor Gate Project Area is comprised of 750 acres, including 16 acres added as part of the 1999 Amendments and 616 acres added by the 1995 amendment. This acreage is all characterized by underdeveloped/underutilized property, inadequate infrastructure and obsolete parcelization. The Agency does not receive tax increment from personal property in the Harbor Gate Project Area as further described in "BOND OWNERS' RISKS - Tax Collection Agreement."

Projects completed or under construction include: (i) a 300,000 square foot expansion of the 480,000 square foot Department of Health Services State Laboratory facility, completing the 780,000 facility, which houses approximately 1,200 employees; (ii) a 31,000 square foot highway commercial center anchored by a Longs Drug Store; and (iii) an 86-acre parcel being considered for mixed-use development to include office, research and development and light industrial uses, including over one hundred thousand square feet of light industrial condominiums. Other developers have expressed interest in development opportunities within this project area, however, no major projects are under review by the Agency or City at this time. The following activity is planned:

- Complete the public improvement program for the South Richmond Shoreline area.
- Implement activities to provide for continued residential, commercial, industrial and research and development (R&D) projects.
- Assist with the removal and rehabilitation of structurally substandard buildings and consolidate irregularly shaped parcels.
- Continue to provide assistance for improvements to railroad crossing protection and safety upgrades.
- Assist in the remediation of contaminated property.
- Facilitate the redevelopment of underutilized waterfront property.

*Hensley Project Area*. The Hensley Project Area is comprised of 1,001 acres, including 887 acres added to this project area as part of the 1999 Amendments. The new acreage is characterized by underutilized industrial parcels. Large commercial and industrial development projects are being considered for this site, however, no large projects have been formally presented to the Agency or City for review and consideration. A number of smaller light industrial projects have moved forward. A thirty-unit affordable housing project has been completed as well as several in-fill homes, with several more under construction. Significant streetscape improvements have also been completed on Kelsey Street. The following activity is planned:

- Facilitate development of high quality light industrial/R&D, commercial and residential development.
- Assist in the remediation of contaminated property.

*Downtown Project Area*. The Downtown Project Area is comprised of 281 acres, including 174 acres added to this project area as part of the 1999 Amendments. The new acreage is characterized primarily by older, single and two story commercial/retail buildings fronting Macdonald Avenue. The "Macdonald Avenue Economic Revitalization Plan," is being implemented, including streetscapes, residential, retail, mixed-use and adaptive re-use development. A major 190,000 square foot retail project, Macdonald 80, is now under construction on the former Montgomery Ward site, which will be anchored by a new 140,000 square foot Target store at Macdonald Avenue and Interstate 80. The adjacent former Toys "R" Us site has been ground-leased by a developer and the Agency is in discussions regarding the development of a Lowe's store on that site. The sites have been vacant for several years following the bankruptcy of Montgomery Ward and the closing of Toys "R" Us.

The first phase of the transit village known as Metro-Walk is complete, with all 132 townhomes sold. A new intermodel BART/Amtrak station is nearing completion and funding (mostly from government grants) is in place for an 800+ space parking garage at the intermodel station. An additional 200 units of workforce housing are planned for BART's current east parking lot. A 237-unit residential-over-retail project known as the 12$^{th}$ and Macdonald Mixed-Use Project, located three blocks from the

intermodel transit station, is fully entitled and scheduled to break ground this summer. A 180-unit mixed-income project is planned for the Miraflores site and will include affordable and market rate housing on a former nursery site purchased by the Agency. Planning is also underway for new streetscapes that will include the 48-block length of Macdonald Avenue. Additional planned activity includes:

- Assist with the removal and rehabilitation of structurally substandard buildings and consolidate irregularly shaped parcels.
- Facilitate the development of new retail services to serve local residents and businesses.
- Implement the Macdonald Avenue Economic Revitalization Plan.
- Implement the façade improvement program.

*Nevin Center Project Area.* The Nevin Center Project Area is comprised of 1,810 acres, with 1,783 acres added as part of the 2005 Amendments and including 10 acres added as part of the 1999 Amendments. The new acreage is characterized by vacant lots, abandoned buildings, underutilized facilities and residential areas suffering from blighting conditions. Plans in this area include residential development, the revitalization of Nevin Park and the completion of the Macdonald Avenue streetscapes. Three significant affordable housing projects are entitled and are expected to break ground in 2007: the 66-unit Macdonald Place Senior Project, the 26-unit Lillie Mae Jones Project, and the 10-unit Nevin Avenue condominium project. The most significant single project in this area is the joint City-Agency Civic Center Revitalization Project. The City expects to issue bonds and provide approximately $20 million in cash for phase one of the Civic Center project, which will include the total renovation of City Hall, the old Hall of Justice (which will house the Agency) and the Civic Plaza, as well as seismic upgrades to the 3,500 seat Memorial Auditorium building. Future phases include a new police station, a new library, and two blocks of residential over retail development on Macdonald Avenue when a new parking structure is financed. Additional planned activity includes:

- Assist with the removal and rehabilitation of structurally substandard buildings and consolidate irregularly shaped parcels.
- Implement the Macdonald Avenue Revitalization Plan.

*North Richmond 12A Project Area.* The North Richmond Project Area is comprised of 19 acres. This project area is located in the northern portion of the City. Agency activities in the North Richmond Project Area have focused on the construction and rehabilitation of housing units. Significant streetscape improvements have been completed on Kelsey Street. The Agency plans to continue the rehabilitation of affordable housing and improve safety and security in the neighborhood.

*Potrero 1C Project Area.* The Potrero Project Area is a 150-acre residential project redeveloped with housing and various public improvements, including the Richmond Swim Complex. The major roadway through the Potrero Project Area is Cutting Boulevard. The Agency has made significant progress in achieving the Redevelopment Plan goals in the Potrero Project Area. Major housing developments, Eastshore Manor I and Eastshore Manor II, have been completed, as well as the Richmond Swim Complex, which opened in 1999. The following activity is planned:

- Assist with the improvement and upgrade of Carlson and Cutting Boulevards.
- Construct/rehabilitate public infrastructure and public facility improvements to stimulate new development.

*Harbour Project Area.* The 1,103-acre Harbour Project Area, is denominated on the Map as "VI Harbour." Historically, the Harbour Project Area consisted of Port of Richmond related commercial

activities and industrial activities. Presently, it includes residential and commercial uses, marina, parks and research and development facilities and the port.

Development within the Harbour Project Area occurs pursuant to the Redevelopment Plan. In addition, development within the Marina Bay portion of the Harbour Project Area also occurs pursuant to (i) the Master Agreement, dated as of December 17, 1984, as amended (the "Master Agreement"), among the Agency, the City and Penterra Company, an Oklahoma corporation ("Penterra"), and (ii) the Marina Bay Development Agreement, dated as of December 17, 1994, as amended (the "Development Agreement" and, together with the Master Agreement, collectively, the "Penterra Agreements"), among the Agency, the City and Penterra. Effective March 1, 1996, Penterra assigned to Penterra LLC its remaining interests under the Master Agreement and the Development Agreement. For additional information regarding development within the Harbour Project Area, see "Development" below.

Within the Harbour Project Area, the Agency continues to construct public infrastructure and public facility improvements to stimulate new development, including the implementation of a public improvement program designed to complement the diversity of land users as well as providing a distinct identity for this area. Public improvements completed or in progress include landscaping, signage, lighting, streets, bikeways and enhancement of existing parks and trails systems.

The Agency also continues to assist in the economic development of the Harbour Project Area by promoting the development of underutilized properties through rehabilitation and seismic upgrading, remediation of certain properties located in the Harbour Project Area and assistance with offsite improvement.

Upon completion of the redevelopment project, estimated to occur in 2015, the Harbour Project Area will consist of Marina Bay, a water oriented community comprised of over 2,200 single family homes, townhouses and apartments, and commercial, industrial research and development and marine development, including a 1,500-berth pleasure boat marina. The balance of the Harbour Project Area will consist of office, commercial and light industrial space.

Development. Pursuant to the Redevelopment Plan, the following uses, together with appurtenant accessory uses and utility and public safety facilities, are permitted: port and industrial, commercial, residential and public use and open space. Within each of these uses, the Redevelopment Plan incorporates various criteria regarding future development, including (i) commercial use, permitting the establishment of retail stores, restaurants, parking facilities, parks and other consistent uses authorized by the Agency, (ii) residential use, limiting the overall average density to approximately 30 dwelling units per net useable acre, provided that such development is consistent with current optimum land planning standards, and setting the approximate number of dwelling units in the project area at 2,000 to 2,500, and (iii) public use and open space, requiring at least 135 acres of property within the project area to be devoted to public parks, landscaped areas, a boat marina and all other necessary ancillary uses.

To date, over 2,100 residential units and approximately 1,000,000 square feet of commercial space within the Harbour Project Area have been developed pursuant to the Redevelopment Plan. At present, approximately 40 acres, or approximately five percent of the property within the Harbour Project Area, is vacant and is expected to be developed primarily for commercial use.

Penterra Agreements. Certain development within the Harbour Project Area, consisting of approximately 363 acres within the Richmond Inner Harbor Basin (Marina Bay) (the "Marina Bay Project Site"), is governed by the Master Agreement and the Development Agreement. Under the Master Agreement, Penterra LLC acts as the "Master Developer" of private development within the Marina Bay Project Site by its direct development of this property or by causing others to develop this property. The

Master Agreement governs certain rights and obligations among Penterra LLC, the Agency and the City. The Development Agreement governs the development of the Marina Bay Project Site, including the installation of necessary improvements and the provision of public services appropriate to each stage of the development. The Penterra Agreements expire by their terms on December 31, 2009, unless extended or terminated by mutual agreement of the parties thereto.

To date, over 2,100 residential units and approximately 400,000 square feet of commercial space within the Marina Bay project site have been developed pursuant to the Penterra Agreements.

While it is anticipated that additional projects will be developed by Penterra LLC under the Penterra Agreements, there can be no assurance that such projects will actually be developed. One project, the 128-unit townhome project by Signature Properties is under construction, which will include over 20,000 square feet of retail space on the "North Shore" of Marina Bay and another project by Toll Brothers is under contract and entitled to build 269 condominiums on the "West Shore" of Marina Bay.

The Regatta Center consists of a 49-acre complex including buildings for commercial and light industrial uses. The total proposed project area is approximately 2,165,700 square feet, including buildings (approximately 725,300 square feet), parking areas and road improvements (approximately 974,600 square feet) and landscaping (approximately 465,800 square feet). The first phase of this multi-phased development is located on the north side of Regatta Boulevard and includes 138,000 square feet of office flex space. Construction of Phase Two of this development (see *DiCon Fiberoptics Inc. Office Campus* below), consisting of approximately 465,000 square feet of space, was completed in 2002.

*Dicon Fiberoptics Inc. Office Campus.* Dicon has completed the initial phase of an office and research and development complex. The Phase I development includes 67,493 square feet of office use, 136,575 square feet in three research and development buildings, and 15,000 square feet of ancillary uses. Two additional phases, which have not been included in the tax increment projections, were planned to include 228,000 square feet of research and development uses. However, Dicon has sold one large parcel to Pulte Homes, now under construction, for a 208-unit residential for-sale townhome project. Tax increments from this project have not been included in current tax increment projections.

*Bay West Group.* The construction of this office/flex project is complete and includes research and development and light industrial uses. This four building complex currently houses a national call center for a telecommunications company, a design firm, and a high-technology manufacturer of testing and calibration equipment. This complex has experienced high occupancy rates in spite of regional trends.

*Marina Center.* In June 2000, the Agency sold this property to a Bay Area developer. Construction has been completed on the rehabilitation of two existing industrial buildings with a total of approximately 90,000 square feet. The Agency land sale added taxable value to the fiscal year 2001-02 tax roll, with the rehabilitation of the buildings adding value in 2002-03. Future plans on the site include the construction of 180,000 square feet of new light industrial uses that have not been included in the projections.

There are two additional significant projects on the South Shoreline. The historic 517,000 square foot Ford Assembly Building has been sold by the Agency to Orton Development and is now about 88% leased and 20% occupied. All leased space is under construction with occupancy scheduled for January 2008. The second project is the former City Terminal One site located in the Brickyard Cove area. The 13.5 acre parcel will be developed by Toll Brothers into approximately 258 high-end residential condominiums, many of which will have San Francisco Bay views. Approval of all entitlements is

pending and the project is expected to be under construction in 2008. Additional planned activities include:

- Facilitate development of high quality light industrial/R&D, commercial and residential development.
- Facilitate the development of new retail services to serve local residents and businesses.
- Continue to provide assistance for improvements to railroad crossing protection and safety upgrades.

**Tax Collection Agreement**

As the result of an agreement between the County and the Agency relating to the Galvin Project Area and the original Harbor Gate Project Area, in calculating tax increment, the County only includes secured real property. Although the two constituent project areas were originally adopted in the 1950's, the Agency did not begin to claim tax increment from the Galvin Project Area and the original Harbor Gate Project Area until the mid 1990's. At that time, records on base year values for said project areas were not available. The County and the Agency agreed to use only the secured real property values from the earliest year for which records were available (Fiscal Year 1967-68). Consequently, only secured real property is included in the calculation of tax increment revenues for these two constituent project areas. The Agency believes that the foregoing method of calculating tax increment for said project areas will not materially adversely affect the Agency's ability to pay debt service on the Bonds.

**Taxable Values and Tax Increment Revenues**

For the Merged Project Area, set forth below in Table 2, Table 3, and Table 4, respectively are historical taxable values and tax increment revenues from fiscal years 2002-03 to 2006-07, the ten major property tax assessees and a projection of incremental tax revenue from Fiscal Years 2006-07 to 2036-37. Tax increment revenues may be reduced in the future as a result of a number of factors. See "BOND OWNERS' RISKS."

Table 5 sets forth assessed taxable property values and tax increment revenues for Fiscal Year 2006-07 disaggregated by individual Project Area.

## BOND OWNERS' RISKS

*The following factors, along with the other information in this Official Statement, should be considered by potential investors in evaluating a purchase of the Bonds. However, they do not constitute an exhaustive listing of risks and other considerations which may be relevant to an investment in the Bonds. In addition, the order in which the following information is presented is not intended to reflect the relative importance of any such risks.*

### Concentration of Tax Base

Approximately 22% of the assessed value in the Merged Project Area is attributable to the top ten assessees. In such an area, the failure or financial difficulty of one or more of such large properties could have a significant detrimental impact on their assessed value and consequently on the amount of the tax increment revenues allocable to the Merged Project Area available to secure the Bonds. See "PROJECTED DEBT SERVICE COVERAGE."

### Estimates of Tax Increment Revenues

In estimating that the total tax increment to be received by the Agency will be sufficient to pay debt service on the Bonds, the Agency and the Consultant relied on actual historical tax increment and made certain assumptions with regard to future assessed valuations in the Merged Project Area, future tax rates and the percentage of taxes collected and the outcome of assessment appeals. See "THE MERGED PROJECT AREA – The Constituent Project Areas" and "APPENDIX H – FISCAL CONSULTANT REPORT." The Agency and the Consultant believe these assumptions are reasonable, but there is no assurance that these assumptions will be realized and to the extent that the assessed valuation and the tax rates are less than expected, the total tax increment available to pay debt service on the Bonds will be reduced. Such reduced tax increment may be insufficient to provide for the payment of debt service on the Bonds and hence the Bonds. See "SECURITY FOR THE SERIES 2007A BONDS" and "SECURITY FOR THE SERIES 2007B BONDS."

### Appeals and Other Reductions to Assessed Values

Pursuant to California law, a property owner may apply for a reduction of the property tax assessment by filing a written application, in the form prescribed by the State Board of Equalization, with the appropriate county board of equalization or assessment appeals board. Assessment appeals may have a significant impact on the taxable value of property and therefore the tax increment revenue allocable to a project area.

In the County, a property owner desiring to reduce the assessed value of such property in any one year must submit an application to the Contra Costa County Assessment Appeals Board (the "Appeals Board"). Applications for any tax year must be submitted by September 15 of such tax year. Following a review of the application by the County Assessor's Office (the "Assessor"), the Assessor may (i) reduce the assessment through a roll correction, (ii) offer the property owner the opportunity to stipulate to a reduced assessment or (iii) confirm the assessment. In the County, any appeals where the difference between the current assessed value and the applicant's opinion of value is less than $1 million is handled administratively without a hearing before the Appeals Board. For appeals in this category, the Assessor's office staff may confirm or reduce the assessment with a roll correction. The applicant is notified of the results of the Assessor's action and requested to withdraw the appeal. The roll correction can either be a base year reduction where the value will not be reassessed until the property is sold or a reduction in value which can be reversed once the conditions creating the reduction (e.g. recession, property condition) have been remedied. If the applicant does not agree with the decision of the Assessor's office

staff, the applicant can pursue the appeal before the Appeals Board for a hearing and decision. The Appeals Board is generally required to determine the outcome of appeals within two years of the date the appeal is filed. The Appeals Board can confirm or reduce the assessment with a roll correction in the manner described above or agree to review the appeal within the two year time period.

Due to the impact that assessment appeals can have on the taxable values and tax increment revenues of a project area, a review of recently resolved and open appeals was conducted by the Consultant. The review revealed three open appeals in the Merged Project Area, as shown on the table below.

| | Open Appeals | | | |
|---|---|---|---|---|
| Assessee | Current Roll Value | Applicant's Value Opinion | Estimated Resolved Value[1] | Estimated Value Reduction |
| Hearst Corporation | $16,049,622 | $ 3,300,000 | $12,197,713 | $ 3,851,909 |
| Dicon Fiberoptics | 44,044,102 | 27,000,000 | 33,473,518 | 10,570,584 |
| Total: | $60,093,724 | $30,300,000 | $45,671,230 | $14,422,494[2] |

[1] Estimated at 24 percent reduction.
[2] Numbers may not add due to rounding.

Source: Fraser & Associates.

There are three open appeals for two property owners, as shown above. The owners have requested reductions in value of $30.3 million. The Consultant has estimated the potential impact of the open appeals based on success factor ratios since 2003 in the Merged Project Area. Over this time period, 95 appeals have been resolved. Seventy nine of these were either denied by the County or withdrawn by the property owner. Sixteen property owners were successful with their appeals. On average, reductions in value equaled 24 % for the successful appeals. Based on the success ratio, the Consultant has assumed a 24 % decrease in value for the open appeals. This would result in a reduction in future taxable values of $14.4 million. The Consultant has reduced taxable value for the impact of open appeals in Fiscal Year 2007-08.

The County does not allocate refunds attributable to assessment appeals to redevelopment project areas. Therefore, the Consultant has not reduced tax increment revenues for the impact of refunds.

In determining tax increment projections, the Consultant reduced taxable values in the Merged Project Area to account for the impact of open appeals in Fiscal Year 2007-08. For additional information regarding assessment appeals, see "APPENDIX H – FISCAL CONSULTANT REPORT."

**Bankruptcy and Foreclosure**

The enforceability of the rights and remedies of the owners of the Bonds and the obligations of the Agency may become subject to the following: the federal bankruptcy code and applicable bankruptcy, insolvency, reorganization, moratorium, or similar laws relating to or affecting the enforcement of creditors' rights generally, now or hereafter in effect; usual equitable principles which may limit the specific enforcement under state law of certain remedies; the exercise by the United States of America of the powers delegated to it by the federal Constitution; and the reasonable and necessary exercise, in certain exceptional situations of the police power inherent in the sovereignty of the State of California and its governmental bodies in the interest of serving a significant and legitimate public purpose. Bankruptcy

proceedings, or the exercise of powers by the federal or state government, if initiated, could subject the owners of the Bonds to judicial discretion and interpretation of their rights in bankruptcy or otherwise and consequently may entail risks of delay, limitation, or modification of their rights.

In addition, although bankruptcy proceedings would not cause *ad valorem* property taxes to become extinguished, bankruptcy of a property owner in the Merged Project Area could result in a delay in prosecuting superior court foreclosure proceedings of delinquent property and, in the absence of the Teeter Plan, could result in a delay in the receipt by the Agency of tax revenues. Such a delay, in the absence of the Teeter Plan, would increase the possibility of a delay or default in payment of the principal of and interest on the Bonds.

**Investment Risk**

All funds held under the Indenture are required to be invested in Permitted Investments as provided under the Indenture. See "APPENDIX B – SUMMARY OF THE NON-HOUSING INDENTURE" and "APPENDIX C – SUMMARY OF THE HOUSING INDENTURE" attached hereto for a summary of the definition of Permitted Investments. The Non-Housing Special Fund, into which all Subordinate Non-Housing Pledged Tax Revenues are initially deposited, and the Housing Special Fund, into which all Subordinate Housing Pledged Tax Revenues are initially deposited, may be invested by the Agency in Permitted Investments. All investments, including the Permitted Investments and those authorized by law from time to time for investments by municipalities, contain a certain degree of risk. Such risks include, but are not limited to, a lower rate of return than expected and loss or delayed receipt of principal. The occurrence of these events with respect to amounts held under the Indenture in the Non-Housing Special Fund or the Housing Special Fund could have a material adverse affect on the security for the Bonds.

**Development Risks**

The Agency's ability to make payments on the Bonds will be dependent upon the economic strength of the Merged Project Area. The general economy of those areas will be subject to all the risks generally associated with real estate development projects. Projected development within the Merged Project Area may be subject to unexpected delays, disruptions and changes. Real estate development operations may be adversely affected by changes in general economic conditions, fluctuations in the real estate market and interest rates, unexpected increases in development costs and by other similar factors. Further, real estate development operations within the Merged Project Area could be adversely affected by future governmental policies, including governmental policies to restrict or control development. In addition, if there is a decline in the general economy of the area, the owners of property within the Merged Project Area may be less able or less willing to make timely payments of property taxes causing a delay or cessation in receipt of tax revenues by the Agency.

**Earthquake Risks**

There are several geological faults in the greater San Francisco Bay Area that have the potential to cause serious earthquakes which could result in damage to buildings, roads, bridges, and property within the Merged Project Area. The most recent major earthquake was the 1989 Loma Prieta earthquake with a magnitude of 7.1 on the Richter scale. The epicenter was near Santa Cruz, approximately 65 miles south of the City. In addition to the San Andreas Fault, faults that could affect the Merged Project Area include the Hayward Fault and the Calaveras Fault in the central and eastern portions of Alameda County. It is possible that new geological faults could be discovered in the area and a significant earthquake along these or other faults is possible during the period that the Bonds will be outstanding which may cause a delay or suspension of receipt of tax increment revenues by the Agency.

Significant portions of the Harbour Project Area are situated on landfill. During an earthquake, landfill areas are subject to liquefaction, which is the temporary change of a saturated soil or fill to a liquid with the loss of support strength for structures. Commercial properties, residential properties and infrastructure in this project area could sustain damage in a major seismic event from ground motion and liquefaction of underlying soils. This could result in a substantial reduction or suspension of receipt of tax increment revenues by the Agency from these areas.

**Brownfields**

Development in certain of the constituent project areas is complicated by the presence or perceived presence of contaminants. These areas of contamination or suspected contamination are often referred to as "brownfields." The Agency has initiated a toxic remediation program, the goal of which is to convert brownfields into viable sites for development. For example, the Marina Bay development is a successful conversion of a brownfield area into vibrant commercial and residential development. However there can be no guarantee that similar efforts in other project areas will be successful. If hazardous substances cannot be removed or sufficiently remediated in a cost effective manner, the development proposed for a particular project area may never be realized and the Agency may not receive any tax increment revenues from such Project Area(s).

**Levy and Collection of Taxes**

The Agency has no independent power to levy and collect property taxes. Any reduction in the tax rate or the implementation of any constitutional or legislative property tax decrease could reduce the tax revenues, and accordingly, could have an adverse impact on the ability of the Agency to pay debt service on the Bonds. In addition, the impact of bankruptcy proceedings on the legal ability of taxing agencies to collect property taxes could have an adverse effect on the Agency's ability to make debt service payments.

**Reductions in Inflationary Rate**

Article XIIIA of the California Constitution provides that the full cash value base of real property used in determining taxable value may be adjusted from year to year to reflect the inflationary rate, not to exceed a two percent (2%) increase for any given year, or may be reduced to reflect a reduction in the consumer price index or comparable local data. Such measure is computed on a calendar year basis. For 2005-06 and future fiscal years, the Consultant used a 2% inflation factor to increase real property values in the Merged Project Area. The 2% factor is the factor that the County assessor has been directed to use by the SBE in preparing the 2006-07 tax roll. In certain fiscal years, the inflation factor for certain constituent project areas has been less than 2% overall. Should inflation not reach 2% in the future, tax increment could be lower than projected for the Merged Project Area. See "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS."

**State Budgets**

The State of California faces significant budget issues for Fiscal Year 2006-07 and possibly beyond. In connection with its approval of State budgets for Fiscal Years ending June 30, 1993, 1994, 1995, 2003, 2004, 2005 and 2006, the State Legislature enacted legislation, that among other things, reallocated a portion of funds from redevelopment agencies to school districts by shifting each agency's tax increment, net of amounts due to other taxing agencies, to school districts for such fiscal years for deposit to the Educational Revenue Augmentation Fund ("ERAF" shifts). The amount required to be paid by a redevelopment agency under such legislation was apportioned among all of its redevelopment project areas on a collective basis, and was not allocated separately to individual project areas.

The 2004-05 State Budget included a transfer by redevelopment agencies to the applicable ERAFs of $250 million in each of Fiscal Years 2004-05 and 2005-06. The Agency's share of the annual $250 million shift for Fiscal Year 2004-05 was $1,204,003 and the share for Fiscal Year 2005-06 was $1,167,821. Both amounts have been paid. The legislation provided that required transfers to ERAF were subordinate to payment on bonds secured by tax increment revenues, thus the Agency's 2004-05 and 2005-06 payments to ERAF were subordinate to payments on the Senior Bonds and the 2004 Bonds.

Section 33333.6(e)(3)(A) of the Redevelopment Law (enacted as SB 1096 in 2004) permits the Agency to extend the time limits of the effectiveness of its redevelopment plans and for repayment of its indebtedness by one year for each year the Agency has made a payment to ERAF. The Agency has extended the applicable time limits with respect to the Project Area to account for the 2004-05 ERAF shift and has begun the process of extending the applicable time limits with respect to the Project Area to account for the 2005-06 ERAF shift.

The Governor's budget for Fiscal Year 2007-08, as currently proposed, does not require an ERAF transfer of tax increment revenues by redevelopment agencies. Although the State's voters approved a constitutional amendment on the November 2004 ballot (the "Local Government Initiative"), which purports to prohibit any further transfers of non-education local government property taxes for the benefit of the State, the Local Government Initiative does not purport to change existing law with respect to the State's ability to transfer redevelopment agencies' property tax revenues.

The Agency cannot predict whether the State Legislature will enact legislation impacting future Subordinate Pledged Tax Revenues. Given the level of the State's budget deficit problems, it is possible that tax increment available for payment of the Bonds may be reduced in the future by actions of the State Legislature and the Agency's ability to pay debt service on the Bonds may be impaired.

Information about the State budget and State spending is regularly available at various State-maintained websites. Text of the budget may be found at the website of the Department of Finance, www.dof.ca.gov, under the heading "California Budget." An impartial analysis of the budget is posted by the Office of the Legislative Analyst at www.lao.ca.gov. In addition, various State official statements, many of which contain a summary of the current and past State budgets may be found at the website of the State Treasurer, www.treasurer.ca.gov.

**Parity Debt**

As described in "SECURITY FOR THE 2007A BONDS – Additional Non-Housing Bonds and Other Non-Housing Parity Obligations" and "SECURITY FOR THE 2007B BONDS – Additional Housing Bonds and Other Housing Parity Obligations" the Agency may issue or incur obligations payable from Subordinate Non-Housing Pledged Tax Revenues and Subordinate Housing Pledged Tax Revenues on a parity with its pledge of Subordinate Non-Housing Pledged Tax Revenues and Subordinate Housing Pledged Tax Revenues, respectively, to payment of debt service on the Bonds. The existence of and the potential for such obligations increases the risks associated with the Agency's payment of debt service on the Bonds in the event of a decrease in the Agency's collection of Subordinate Non-Housing Pledged Tax Revenues or Subordinate Housing Pledged Tax Revenues.

**Changes in the Law**

In addition to the other limitations on tax revenues described herein under "LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS" the California electorate or Legislature could adopt a constitutional or legislative change that decreases property taxes or the amount thereof allocable to the Agency with the effect of reducing tax revenues payable to the Agency. There is

no assurance that the California electorate or Legislature will not at some future time approve additional limitations that could reduce such tax revenues and adversely affect the security for the Bonds.

**Hazardous Substances**

An additional environmental condition that may result in the reduction in the assessed value of property would be the discovery of a hazardous substance that would limit the beneficial use of taxable property within the Merged Project Area. In general, the owners and operators of a property may be required by law to remedy conditions of the property relating to releases or threatened releases of hazardous substances. The owner or operator may be required to remedy a hazardous substance condition of property whether or not the owner or operator has anything to do with creating or handling the hazardous substance. The effect, therefore, should any of the property within the Merged Project Area be affected by a hazardous substance, could be to reduce the marketability and value of the property by the costs of remedying the condition and/or other amounts.

## LIMITATIONS ON TAX REVENUES AND POSSIBLE SPENDING LIMITATIONS

**Article XIIIA of the California Constitution**

California voters, on June 6, 1978, approved an amendment (commonly known as Proposition 13) to the California Constitution. This amendment, which added Article XIIIA to the California Constitution, among other things affects the valuation of real property for the purpose of taxation in that it defines the full cash property value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under 'full cash value', or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, a reduction in the consumer price index or comparable local data, or declining property value caused by damage, destruction or other factors including a general economic downturn. The amendment further limits the amount of any *ad valorem* tax on real property to 1% of the full cash value except that additional taxes may be levied to pay debt service on (i) indebtedness approved by the voters prior to July 1, 1978, (ii) bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978 by two-thirds of the votes cast by the voters voting on such indebtedness, and (iii) bonded indebtedness incurred by a school district or community college district for the construction, reconstruction, rehabilitation or replacement of school facilities or the acquisition or lease of real property for school facilities, approved by 55% of the voters of the district, but only if certain accountability measures are included in the proposition.

In the general election held November 4, 1986, voters of the State of California approved two measures, Propositions 58 and 60, which further amend Article XIIIA. Proposition 58 amends Article XIIIA to provide that the terms "purchased" and "change of ownership," for purposes of determining full cash value of property under Article XIIIA, do not include the purchase or transfer of (1) real property between spouses and (2) the principal residence and the first $1,000,000 of other property between parents and children.

Proposition 60 amends Article XIIIA to permit the Legislature to allow persons over age 55 who sell their residence to buy or build another of equal or lesser value within two years in the same county, and to transfer the old residence's assessed value to the new residence. Pursuant to Proposition 60, the Legislature has enacted legislation permitting counties to implement the provisions of Proposition 60.

Challenges to Article XIIIA. On September 22, 1978, the California Supreme Court upheld the amendment over challenges on several state and federal constitutional grounds (Amador Valley Joint Union High School District v. State Board of Equalization). The Court reserved certain constitutional issues and the validity of legislation implementing the amendment for future determination in proper cases. Since 1978, several cases have been decided interpreting various provisions of Article XIIIA; however, none of them have questioned the ability of redevelopment agencies to use tax allocation financing. The United States Supreme Court upheld the validity of the assessment procedures of Article XIIIA in Nordlinger v. Hahn.

The Agency cannot predict whether there will be any future challenges to California's present system of property tax assessment and cannot evaluate the ultimate effect on the Agency's receipt of Pledged Tax Revenues should a future decision hold unconstitutional the method of assessing property.

Implementing Legislation. Legislation enacted by the California Legislature to implement Article XIIIA provides that all taxable property is shown at full assessed value as described above. In conformity with this procedure, all taxable property value included in this Official Statement (except as noted) is shown at 100% of assessed value and all general tax rates reflect the $1.00 per $100 of taxable value. Tax rates for voter approved bonded indebtedness and pension liability are also applied to 100% of assessed value.

Future assessed valuation growth allowed under Article XIIIA (new construction, change of ownership, 2% annual value growth) will be allocated on the basis of "situs" among the jurisdictions that serve the tax rate area within which the growth occurs, except for certain utility property assessed by the State Board of Equalization. Local agencies and school districts will share the growth of "base" revenue from the tax rate area. Each year's growth allocation becomes part of each agency's allocation the following year. The Agency is unable to predict the nature or magnitude of future revenue sources which may be provided by the State of California to replace lost property tax revenues. Article XIIIA effectively prohibits the levying of any other ad valorem property tax above the 1% limit except for taxes to support indebtedness approved by the voters as described above.

Litigation Relating to Property Assessments. Section 51 of the Revenue and Taxation Code permits county assessors who have reduced the assessed valuation of a property as a result of natural disasters, economic downturns or other factors, to subsequently "recapture" such value (up to the pre-decline value of the property) at an annual rate higher than 2%, depending on the assessor's measure of the restoration of value of the damaged property. The California courts have upheld the constitutionality of this procedure.

**Article XIIIB of the California Constitution**

On November 6, 1979, California voters approved Proposition 4, which added Article XIIIB to the California Constitution. Propositions 98 and 111, approved by the California voters in 1988 and 1990 respectively, substantially modify Article XIIIB. The principal effect of Article XIIIB is to limit the annual appropriations of the State and any city, county, school district, authority or other political subdivision of the State to the level of appropriations for the prior fiscal year, as adjusted for changes in the cost of living, population and services rendered by the government entity. The initial version of Article XIIIB provided that the "base year" for establishing an appropriations limit was the 1978-79 Fiscal Year, which was then adjusted annually to reflect changes in population, consumer prices and certain increases in the cost of services provided by these public agencies. Proposition 111 revised the method for making annual adjustments to the appropriations limit by redefining changes in the cost of living and in population. It also required that beginning in Fiscal Year 1990-91, each appropriations limit

must be recalculated using the actual 1986-87 appropriations limit and making the applicable annual adjustments as if the provisions of Proposition 111 had been in effect.

Appropriations subject to limitation of a local government under Article XIIIB generally include any authorization to expend during a fiscal year the proceeds of taxes levied by or for that entity and the proceeds of certain State subventions to that entity, exclusive of refunds of taxes. Proceeds of taxes include, but are not limited to, all tax revenues plus the proceeds to an entity of government from (1) regulatory licenses, user charges and user fees (but only to the extent such proceeds exceed the cost of providing the service or regulation), (2) the investment of tax revenues, and (3) certain subventions received from the State.

As amended by Proposition 111, Article XIIIB provides for testing of appropriations limits over consecutive two-year periods. If an entity's revenues in any two-year period exceed the amounts permitted to be spent over such period, the excess has to be returned by revising tax rates or fee schedules over the subsequent two years. As amended by Proposition 98, Article XIIIB provides for the payment of a portion of any excess revenues to a fund established to assist in financing certain school needs.

Effective September 30, 1980, the California Legislature added Section 33678 to the Redevelopment Law which provides that the allocation of taxes to a redevelopment agency for the purpose of paying principal of, or interest on, loans, advances, or indebtedness shall not be deemed the receipt by such agency of proceeds of taxes levied by or on behalf of such agency within the meaning of Article XIIIB, nor shall such portion of taxes be deemed receipt of the proceeds of taxes by, or an appropriation subject to the limitation of, any other public body within the meaning or for the purpose of the Constitution and laws of the State, including Section 33678. The constitutionality of Section 33678 has been upheld in two California appellate court decisions, Brown v. Community Redevelopment Agency of the City of Santa Ana and Bell Community Redevelopment Agency v. Woosley. The plaintiff in Brown v. Community Redevelopment Agency of the City of Santa Ana petitioned the California Supreme Court for a hearing of this case. The California Supreme Court formally denied the petition and therefore the earlier court decisions are now final and binding.

**Articles XIIIC and XIIID of the California Constitution**

On November 5, 1996, the voters of the State approved Proposition 218. Proposition 218 added Articles XIIIC and XIIID to the State Constitution, which contain a number of provisions affecting the ability of local entities of government to levy and collect both existing and future taxes, assessments, fees and charges. Article XIIIC to the State Constitution provides that any tax assessment or charge may be repealed by the State's initiative process. However, since the Bonds are not payable from or secured by any such sources of revenue, Proposition 218 does not affect the issuance or sale of, or the security for, the Bonds.

**Proposition 87**

On November 8, 1988 the voters of the State approved Proposition 87, which amended Article XVI, Section 16 of the California Constitution to provide that property tax revenue attributable to the imposition of taxes on property within a redevelopment project area for the purpose of paying debt service on bonded indebtedness approved by the voters of the taxing entity after January 1, 1989 will be allocated to the taxing entity and not to the redevelopment agency. Because this provision is not retroactive, the Agency does not believe the provisions of Proposition 87 can have a material adverse effect on the ability of the Agency to pay debt service on the Bonds.

**Further Initiatives**

Article XIIIA, Article XIIIB and certain other propositions affecting property tax levies were each adopted as measures that qualified for the ballot pursuant to the State's initiative process. From time to time other initiative measures could be adopted, further affecting the Pledged Tax Revenues or the Agency's ability to expend revenues.

**Property Tax Collection Procedures**

Classifications. In California, property ~~that~~ is subject to *ad valorem* taxation is classified as "secured" or "unsecured." Secured and unsecured property are entered on separate parts of the assessment roll maintained by the county assessor. The secured classification includes property on which any property tax levied by a county becomes a lien on that property sufficient, in the opinion of the county assessor, to secure payment of the taxes. Every tax that becomes a lien on secured property has priority over all other liens arising pursuant to State law on the secured property, regardless of the time of the creation of the other liens. A tax levied on unsecured property does not become a lien against the taxed unsecured property, but may become a lien on certain other property owned by the taxpayer.

Collections. The method of collecting delinquent taxes is substantially different for the two classifications of property. The taxing authority has four ways of collecting unsecured personal property taxes in the absence of timely payment by the taxpayer: (1) a civil action against the taxpayer; (2) filing a certificate in the office of the county clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (3) filing a certificate of delinquency for record in the county recorder's office, in order to obtain a lien on certain property of the taxpayer; and (4) seizure and sale of personal property, improvements or possessory interests belonging or assessed to the assessee.

The exclusive means of enforcing the payment of delinquent taxes with respect to property on the secured roll is the sale of the property securing the taxes to the State for the amount of taxes that are delinquent.

Delinquencies. Except for property assessed by the State, the valuation of property is determined as of January 1 each year and equal installments of taxes levied upon secured property become delinquent after the following December 10 and April 10. Taxes on unsecured property are due January 1. Unsecured taxes enrolled by July 31, if unpaid, are delinquent August 31 at 5:00 p.m. and are subject to penalty; unsecured taxes added to roll after July 31, if unpaid, are delinquent on the last day of the month succeeding the month of enrollment.

Current tax payment practices by the County provide for payment to the Agency of tax revenues on a semiannual basis. Tax increment is allocated to the Agency based on 100% of the calculated tax levy.

Penalty. A ten percent (10%) penalty is added to delinquent taxes which have been levied with respect to property on the secured roll. In addition, property on the secured roll on which taxes are delinquent are declared in default with respect to such property on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and a delinquency penalty, plus a redemption penalty of 1.5% per month to the time of redemption and a $15 Redemption. Because the County allocates property taxes to the Agency based on 100% of the tax levy, the County retains all such penalties and interest. See "– County Tax Losses Reserve Fund (Teeter Plan)."

County Tax Losses Reserve Fund (Teeter Plan). The County has adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds (the "Teeter Plan"), as provided

for in Section 4701 et seq. of the California Revenue and Taxation Code and has created a tax loss reserve fund (the "Tax Losses Reserve Fund"). Under the Teeter Plan, each participating local agency levying property taxes in the County receives the amount of uncollected taxes credited to its fund, in the same manner as if the amount credited had been collected. In return, the County receives and retains delinquent payments, penalties and interest as collected, that would have been due the local agency.

The Contra Costa County Auditor Controller (the "County Auditor") reports that, to date, the Tax Losses Reserve Fund has proved adequate to meet all tax and special assessment delinquencies, with the effect that, each year, the City has received the full amount of taxes levied and assessment installments posted to the tax bill. There can be no guarantee, however, that the County Tax Losses Reserve Fund will continue to be sufficient to meet such delinquencies in the future. The County has the power to unilaterally discontinue the Teeter Plan on a countywide basis with respect to one or more categories, including general taxes, special taxes or special assessment installments. The Teeter Plan may also be discontinued by petition of two-thirds (2/3) of the participant taxing agencies.

Supplemental Assessments. A bill enacted in 1983, Senate Bill ("SB") 813 (Chapter 498, Statutes of 1983) provides for the supplemental assessment and taxation of property as of the occurrence of a change in ownership or completion of new construction after the January 1 tax lien date. SB 813 may provide increased revenue to redevelopment agencies to the extent that supplemental assessments as a result of new construction or changes of ownership occur within the boundaries of redevelopment projects subsequent to the lien date. To the extent such supplemental assessments occur within the Merged Project Area, tax revenues may increase.

Filing of Statement of Indebtedness. Under the Redevelopment Law, the Agency must file a statement of indebtedness for the Merged Project Area with the County Auditor not later than the first day of October of each year. As described below, the statement of indebtedness controls the amount of tax increment which will be paid to the Agency in each fiscal year.

Each statement of indebtedness is filed on a form prescribed by the State Controller and specifies, among other matters, (i) the total amount of principal and interest payable on all loans, advances or indebtedness (including the Bonds and all Parity Obligations) (the "Debt"), both over the life of the Debt and for the current fiscal year, and (ii) the amount of "available revenue" as of the end of the previous fiscal year. "Available revenue" is calculated by subtracting the total payments on Debt during the previous fiscal year from the total revenues (both tax increment and other revenues) received during the previous fiscal year, plus any carry forward from the prior fiscal year. Available revenues include amounts held by the Agency and irrevocably pledged to the payment of Debt, but do not include amounts in the Low and Moderate Income Housing Fund.

The County Auditor may only pay tax increment to the Agency in any fiscal year to the extent that the total remaining principal and interest on all Debt exceeds the amount of available revenues as shown on the statement of indebtedness.

The statement of indebtedness constitutes prima facie evidence of indebtedness of the Agency; however, the County Auditor may dispute the statement of indebtedness in certain cases. Section 33675 of the Redevelopment Law provides for certain time limits controlling any dispute of the statement of indebtedness, and allows a Superior Court determination of such dispute in the event it cannot be resolved by the Agency and the County. Any such action may only challenge the amount of the Debt as shown on the statement, and not the validity of any Debt or related contract or the expenditures related thereto. No challenge can be made to payments to a trustee in connection with a bond issue or payments to a public agency in connection with payments by that public agency with respect to a lease or bond issue.

Property Tax Administrative Charges. In 1990, the State Legislature enacted SB 2557 (Chapter 466, Statutes of 1990), now codified in Section 97.5 of the California Revenue and Taxation Code, which allows counties to charge for the cost of assessing, collecting and allocating property tax revenues to local government jurisdictions on a prorated basis. Subsequent legislation clarified that the provisions of SB 2557 include redevelopment agencies as a local government agency which must pay such administrative costs. Since the enactment of SB 2557, the Agency has had its tax increment reduced by the County for its pro rata share of property tax administrative costs. The estimated SB 2557 charges to the Agency attributable to the Merged Project Area for Fiscal Year 2006-07 is $205,600, which is one percent (1%) of Fiscal Year 2006-07 tax increment revenues.

**Unitary Property**

AB 2890 (Chapter 1457, Statutes of 1986) provides that, commencing with the 1988-89 Fiscal Year, assessed value derived from State assessed unitary property county wide is to be allocated as follows: (1) each tax rate area will receive the same amount from each assessed utility received in the previous fiscal year unless the applicable county wide values are insufficient to do so, in which case values will be allocated to each tax rate area on a pro rata basis; and (2) if values to be allocated are greater than in the previous fiscal year, each tax rate area will receive a pro rata share of the increase from each assessed utility according to a specified formula. Additionally, the lien date on State assessed property is changed from March 1 to January 1.

AB 454 (Chapter 921, Statutes of 1987) further modifies Chapter 1457 regarding the distribution of tax revenues derived from property assessed by the State Board of Equalization. Chapter 921 provides for the consolidation of all State assessed unitary property, except for railroad property, into a single tax rate area in each county. Chapter 921 further provides for a new method of establishing tax rates on State assessed property and distribution of property tax revenues derived from State-assessed property to taxing jurisdictions within each county in accordance with a new formula. Railroads will continue to be assessed and revenues allocated to all tax rate areas where railroad property is sited. The intent of Chapters 1457 and 921 is to provide redevelopment agencies with their appropriate share of revenues generated from the property assessed by the State Board of Equalization and administrative procedures have been determined by the County Auditor to implement the legislation.

AB 454 provided that revenues derived from Unitary Property, commencing with the 1988-89 fiscal year, will be allocated as follows: (1) for revenues generated from the one percent tax rate, (a) each jurisdiction, including project areas, will receive a percentage up to 102 percent of its prior year State-assessed unitary revenue; and (b) if countywide revenues generated from Unitary Property are greater than 102% of the previous year's unitary revenues, each jurisdiction will receive a percentage share of the excess unitary revenues by a specified formula and (2) for revenue generated from the application of the debt service tax rate to county-wide unitary taxable value, each jurisdiction will receive a percentage share of revenue based on the jurisdiction's annual debt service requirements and the percentage of property taxes received by each jurisdiction from unitary property taxes. This provision applies to all Unitary Property except railroads whose valuation will continue to be allocated to individual tax rate areas.

The provisions of AB 454 do not constitute an elimination of the assessment of any State-assessed properties nor a revision of the method of assessing utilities by the State Board of Equalization. Generally, AB 454 allows valuation growth or decline of Unitary Property to be shared by all jurisdictions in a county.

Litigation contesting the State Board of Equalization's procedures in determining the valuation of the seven largest utilities in the State has resulted in a stipulation between the State Board of Equalization

and the utilities. According to the terms of the settlement, the valuations of the seven largest utilities declined by a total of 10.5%, and were phased in over a three year period.

The Consultant has estimated that the Agency is qualified to receive approximately $113,000 of allocable tax revenues in Fiscal Year 2006-07 from unitary property tax revenues. To the extent unitary values decrease county-wide, the Agency's allocable tax revenues resulting from unitary assessments can be expected to decrease.

**Low and Moderate Income Housing Fund**

Pursuant to the Redevelopment Law, the Agency is generally required to set aside 20% of all tax increment received annually in a Low and Moderate Income Housing Fund to be used within the jurisdiction of the Agency to increase and improve the supply of low and moderate income housing. However, as provided in the Redevelopment Law, an agency may deposit less than the amount required under said section into a Low and Moderate Income Housing Fund if the agency makes a finding with respect to one or more of the following: (i) that no need exists in the community to improve or increase the supply of low and moderate income housing in a manner which would benefit the applicable project area, and that the finding is consistent with the housing element of the community's general plan required by the California Government Code; or (ii) that some stated percentage less than 20% of the taxes which are allocated to the agency pursuant to Section 33670 of the Redevelopment Law is sufficient to meet the housing needs of the community and that the finding is consistent with the housing element of the community's general plan required by the California Government Code.

For certain prior fiscal years, the Agency made one or more of the findings described above and determined that less than the full 20% of tax increment was required to be deposited into the Low and Moderate Income Housing Fund. An internal accounting performed by Agency staff in October 1997 indicated that for Fiscal Years 1993-94 through 1996-97 the Agency deposited less than the full amount required to be deposited into the Low and Moderate Income Housing Fund for all Agency project areas pursuant to the Redevelopment Law. Agency staff has certified, however, that expenditures from tax increment revenues for qualified low and moderate income housing purposes were made during those years which were not recorded in the Low and Moderate Income Housing Fund. In addition, the Agency transferred cash into the Low and Moderate Income Housing Fund from other Agency accounts representing certain prior year amounts which should have been recorded in the Low and Moderate Income Housing Fund during those years. The Agency treats those expenditures and transfers as if they were recorded in the Low and Moderate Income Housing Fund and has certified that no shortfall currently exists in the Low and Moderate Income Housing Fund.

The Agency's 1998-99 financial audit contained findings of possible major violations. On August 10, 2000, the California Attorney General's Office issued a letter stating that the Agency had submitted additional documentation to the State Controller's Office relating to the audit findings. Based on that documentation, the Attorney General confirmed that the Agency was in substantial compliance with the Redevelopment Law and that no major violations exist.

The Agency expects to continue to deposit the full 20% of tax increment into the Low and Moderate Income Housing Fund. The Redevelopment Law allows the Agency to make its required Low and Moderate Income Housing Fund deposits from any project area and does not require that each individual project area contribute its share of the requirement so long as in total the requirement is met. The Agency will make the 20% deposit from its project areas in the aggregate, but not necessarily on the basis of 20% from each individual project area. However, for purposes of projection of tax increment with respect to the Merged Project Area, the Consultant has assumed that the full 20% will be paid out of the tax increment generated in the Merged Project Area. The amount the Agency expects to deposit into

the Low and Moderate Income Housing Fund for Fiscal Year 2006-07 is estimated to be $4,566,000. See "APPENDIX H – FISCAL CONSULTANT REPORT."

**Certain Required Payments of Tax Revenues to Taxing Entities (AB 1290)**

AB 1290, among other things added Sections 33607.5 and 33607.7 to the Redevelopment Law. Section 33607.5, as subsequently amended, applies to redevelopment project areas that are adopted on or after January 1, 1994, or are amended on or after January 1, 1994 to include new territory. If the statutory payment requirements are triggered by an amendment to include new territory, the payments are required only with respect to the new territory. Commencing with the first fiscal year in which a redevelopment agency receives tax increments from an affected redevelopment project area and continuing through the last fiscal year in which the redevelopment agency receives such tax increments, a redevelopment agency is required to pay to the affected taxing entities, including the community that has adopted the redevelopment project area if the community elects to receive a payment, an amount equal to 25 percent of the tax increments received by the redevelopment agency after the amount required to be deposited in the Low and Moderate Income Housing Fund has been deducted. Commencing with the 11th fiscal year in which the redevelopment agency receives such tax increments and continuing through the last fiscal year in which the redevelopment agency receives such tax increments, the redevelopment agency is required to pay to the affected taxing entities, other than the community which has adopted the project, in addition to the amounts paid as described in the preceding sentence and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 21 percent of the portion of tax increments received by the redevelopment agency, which is calculated by applying the tax rate against the amount of assessed value by which the then current year assessed value exceeds the first adjusted base year assessed value. The first adjusted base year assessed value is the assessed value of the redevelopment project area in the 10th fiscal year in which the redevelopment agency receives affected tax increment revenues. Finally, commencing with the 31st fiscal year in which the redevelopment agency receives tax increments and continuing through the last fiscal year in which the redevelopment agency receives tax increments, a redevelopment agency shall pay to the affected taxing entities, other than the community which adopted the project, in addition to the amounts paid pursuant to the previously described provisions, and after deducting the amount allocated to the Low and Moderate Income Housing Fund, an amount equal to 14 percent of the portion of tax increments received by the redevelopment agency, which is calculated by applying the tax rate against the amount of assessed value by which the then current year assessed value exceeds the second adjusted base year assessed value. The second adjusted base year assessed value is the assessed value of the project area in the 30th fiscal year in which the redevelopment agency receives affected tax increments.

Section 33607.7 generally makes the requirement of payments of tax increment by a redevelopment agency to affected taxing entities applicable to redevelopment project areas for which the redevelopment plan is amended on or after January 1, 1994, to increase the limitation on the number of dollars to be allocated to the redevelopment agency or the time limit on loans, advances, and indebtedness established pursuant to certain provisions of the Redevelopment Law or that lengthens the period during which the redevelopment plan is effective unless the redevelopment agency and the affected taxing entity had prior to January 1, 1994, entered into an agreement requiring payments from the redevelopment agency to the affected taxing entity. The amount to be paid by the redevelopment agency is calculated by the amount of assessed value by which the then current year assessed value exceeds an adjusted base year assessed value. The adjusted base year assessed value is the assessed value of the project area in the year in which the limitation amended would have taken effect without the amendment or, if more than one limitation is amended, the first year in which one or more of the limitations would have taken effect without the amendment. The redevelopment agency is required to commence making payments in the first fiscal year following the fiscal year in which the adjusted base year value is determined.

Section 33607.5 permits a redevelopment agency to subordinate the payments required to be paid to an affected taxing entity to loans, bonds, or other indebtedness of the redevelopment agency, except loans or advances from the community which adopted the redevelopment project area, if the redevelopment agency obtains the consent of the affected taxing entity prior to incurring such indebtedness. The Agency's payments under Sections 33607.5 and 33607.7 have not been subordinated to the Agency's obligations under the Indentures.

Pursuant to Sections 33607.5 and 33607.7 of the Redevelopment Law, a total of $2,311,000 is estimated to be deducted from the Agency's Fiscal Year 2006-07 gross tax increment. See "APPENDIX H – FISCAL CONSULTANT REPORT."

**SB 211**

The California Legislature recently enacted SB 211, Chapter 741, Statutes 2001, effective January 1, 2002 ("SB 211"). SB 211 provides, among other things, that, at anytime after January 1, 2002, the limitation on incurring indebtedness contained in a redevelopment plan adopted prior to January 1, 1994, may be deleted by ordinance of the legislative body. However, such deletion will trigger statutory tax sharing with those taxing entities that do not have tax sharing agreements. Tax sharing will be calculated based on the increase in assessed valuation after the year in which the limitation would otherwise have become effective.

SB 211 also authorizes the amendment of a redevelopment plan adopted prior to January 1, 1994, in order to extend for not more than 10 years the effectiveness of the redevelopment plan and the time to receive tax increment revenues and to pay indebtedness. Any such extension must meet certain specified requirements, including the requirement that the redevelopment agency establish the existence of both physical and economic blight within a specified geographical area of the redevelopment project and that any additional tax increment revenues received by the redevelopment agency because of the extension be used solely within the designated blighted area. SB 211 authorizes any affected taxing entity, the Department of Finance, or the Department of Housing and Community Development to request the Attorney General to participate in the proceedings to effect such extensions. It also would authorize the Attorney General to bring a civil action to challenge the validity of the proposed extensions.

SB 211 also prescribes additional requirements that a redevelopment agency would have to meet upon extending the time limit on the effectiveness of a redevelopment plan, including requiring an increased percentage of new and substantially rehabilitated dwelling units to be available at affordable housing cost to persons and families of low or moderate income prior to the termination of the effectiveness of the plan.

## TAX MATTERS

The following is a summary of certain of the United States federal income tax consequences of the ownership of the Bonds as of the date hereof. Each prospective investor should consult with its own tax advisor regarding the application of United States federal income tax laws, as well as any state, local, foreign or other tax laws, to its particular situation.

This summary is based on the Internal Revenue Code of 1986 (the "Code"), as well as Treasury regulations and administrative and judicial rulings and practice. Legislative, judicial and administrative changes may occur, possibly with retroactive effect, that could alter or modify the continued validity of the statements and conclusions set forth herein. This summary is intended as a general explanatory discussion of the consequences of holding the Bonds generally and does not purport to furnish information in the level of detail or with the investor's specific tax circumstances that would be provided

by an investor's own tax advisor. For example, it generally is addressed only to original purchasers of the Bonds that are "U.S. holders" (as defined below), deals only with Bonds held as capital assets within the meaning of Section 1221 of the Code and does not address tax consequences to holders that may be relevant to investors subject to special rules, such as individuals, trusts, estates, tax-exempt investors, foreign investors, cash method taxpayers, dealers in securities, currencies or commodities, banks, thrifts, insurance companies, electing large partnerships, mutual funds, regulated investment companies, real estate investment trusts, FASITs, S corporations, persons that hold Bonds as part of a straddle, hedge, integrated or conversion transaction, and persons whose "functional currency" is not the U.S. dollar. In addition, except as described below, this summary does not address alternative minimum tax issues or the indirect consequences to a holder of an equity interest in a holder of Bonds.

As used herein, a "U.S. holder" is a "U.S. person" that is a beneficial owner of a Bond. A "non-U.S. investor" is a holder (or beneficial owner) of a Bond that is not a U.S. Person. For these purposes, a "U.S. person" is a citizen or resident of the United States, a corporation or partnership created or organized in or under the laws of the United States or any political subdivision thereof (except, in the case of a partnership, to the extent otherwise provided in Treasury regulations), an estate the income of which is subject to United States federal income taxation regardless of its source or a trust if (i) a United States court is able to exercise primary supervision over the trust's administration and (ii) one or more United States persons have the authority to control all of the trust's substantial decisions.

**Series 2007A Bonds**

In the opinion of Orrick, Herrington & Sutcliffe LLP ("Bond Counsel"), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2007A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Code and is exempt from State of California personal income taxes. In the further opinion of Bond Counsel, interest on the Series 2007A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2007A Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in Appendix F hereto.

Series 2007A Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) ("Premium Bonds") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner's basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Series 2007A Bonds. The Agency has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Series 2007A Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Series 2007A Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Series 2007A Bonds. The opinion

of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Series 2007A Bonds may adversely affect the value of, or the tax status of interest on, the Series 2007A Bonds. Accordingly, this opinion is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Series 2007A Bonds is excluded from gross income for federal income tax purposes, and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of interest on, the Series 2007A Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. As one example, on May 21, 2007, the United States Supreme Court agreed to hear an appeal from a Kentucky state court which ruled that the United States Constitution prohibited the state from providing a tax exemption for interest on bonds issued by the state and its political subdivisions but taxing interest on obligations issued by other states and their political subdivisions. The introduction or enactment of any such future legislative proposals, clarification of the Code or court decisions may also affect the market price for, or marketability of, the Bonds. Prospective purchasers of the Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Series 2007A Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Agency, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Agency has covenanted, however, to comply with the requirements of the Code.

Unless separately engaged, Bond Counsel is not obligated to defend the Agency or the Beneficial Owners regarding the tax-exempt status of the Series 2007A Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the Agency and its appointed counsel, including the Beneficial Owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Agency legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Series 2007A Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Series 2007A Bonds, and may cause the Agency or the Beneficial Owners to incur significant expense.

**Series 2007B Bonds**

In the opinion of Bond Counsel interest on the Series 2007B Bonds is not excluded from gross income for federal income tax purposes under Section 103 of the Code, but is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other federal or state

tax consequences relating to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2007B Bonds. A complete copy of the proposed form of opinion of Bond Counsel is set forth in Appendix F hereto.

**Tax Status of the Series 2007B Bonds**

The Series 2007B Bonds will be treated, for federal income tax purposes, as a debt instrument. Accordingly, interest will be included in the income of the holder as it is paid (or, if the holder is an accrual method taxpayer, as it is accrued) as interest.

Holders of the Series 2007B Bonds that allocate (which generally will include all initial holders of the Series 2007B Bonds) a basis in the Series 2007B Bonds that is greater than the principal amount of the Series 2007B Bonds should consult their own tax advisors with respect to whether or not they should elect to amortize such premium under Section 171 of the Code.

If a holder purchases a Series 2007B Bond for an amount that is less than the principal amount of the Series 2007B Bond, and such difference is not considered to be de minimis, then such discount will represent market discount that ultimately will constitute ordinary income (and not capital gain). Further, absent an election to accrue market discount currently, upon a sale or exchange of a Series 2007B Bond, a portion of any gain will be ordinary income to the extent it represents the amount of any such market discount that was accrued through the date of sale. In addition, absent an election to accrue market discount currently, the portion of any interest expense incurred or continued to carry a market discount bond that does not exceed the accrued market discount for any taxable year, will be deferred.

Although the Series 2007B Bonds are expected to trade "flat," that is, without a specific allocation to accrued interest, for federal income tax purposes, a portion of the amount realized on sale attributed to the Series 2007B Bonds will be treated as accrued interest and thus will be taxed as ordinary income to the seller (and will not be subject to tax in the hands of the buyer).

**Sale and Exchange of Series 2007B Bonds**

Upon a sale or exchange of a Series 2007B Bond, a holder generally will recognize gain or loss on the Series 2007B Bond equal to the difference between the amount realized on the sale and its adjusted tax basis in such Series 2007B Bond. Such gain or loss generally will be capital gain (although any gain attributable to accrued market discount of the Series 2007B Bond not yet taken into income will be ordinary). The adjusted basis of the holder in a Series 2007B Bond will (in general) equal its original purchase price and decreased by any principal payments received on the Series 2007B Bond. In general, if the Series 2007B Bond is held for longer than one year, any gain or loss would be long term capital gain or loss, and capital losses are subject to certain limitations.

Defeasance of any Series 2007B Bond may result in a reissuance thereof, in which event a holder will recognize taxable gain or loss equal to the difference between the amount realized from the sale, exchange or retirement (less any accrued qualified stated interest which will be taxable as such) and the holder's adjusted tax basis in the Series 2007B Bond.

**Foreign Investors**

Distributions on the Series 2007B Bonds to a non-U.S. holder that has no connection with the United States other than holding its Series 2007B Bonds generally will be made free of withholding tax, as long as that the holder has complied with certain tax identification and certification requirements.

**Circular 230**

Each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

## NO LITIGATION

There is no litigation, now pending or, to the best knowledge of the Agency, threatened to restrain or enjoin the execution or delivery of the Bonds and the Indenture or in any way questioning or affecting the validity of the foregoing or any of the proceedings for the authorization, sale, execution or delivery of the Bonds, or which would materially adversely affect the ability of the Agency to meet its financial obligations.

## THE AUTHORITY

The Authority was created by a Joint Exercise of Powers Agreement, dated as of December 1, 1989 (the "JPA Agreement"), by and between the Agency and the City. The JPA Agreement was entered into pursuant to the provisions of Articles 1 and 4, Chapter 5, Division 7, Title 1 of the California Government Code (the "JPA Law").

The members of the Agency and the City Council of the City (the "City Council") serve as the governing board of the Authority. The Authority is a separate entity constituting a public instrumentality of the State and was formed for the public purpose of establishing a vehicle which could reduce the borrowing costs of the Agency and promote greater use by the Agency of existing and new financial instruments and mechanisms.

Under the JPA Law, the Authority has the power to purchase bonds issued by a local agency at public or negotiated sale and may sell such bonds to public or private purchasers at public or negotiated sale. The Bonds are being issued for sale to the Authority and will be simultaneously resold by the Authority to the Underwriter.

## UNDERWRITING

Series 2007A Bonds. The Series 2007A Bonds will be purchased from the Authority by RBC Dain Rauscher, Inc., doing business under the name RBC Capital Markets, as underwriter (the "Underwriter") under a Bond Purchase Contract (the "Series 2007A Purchase Contract") pursuant to which the Underwriter agrees, subject to certain conditions, to purchase all of such Series 2007A Bonds at an aggregate purchase price of $_____ (representing the par amount of such Series 2007A Bonds of $_____, less an underwriter's discount.

Series 2007B Bonds. The Series 2007B Bonds will be purchased from the Authority by the Underwriter under a Bond Purchase Contract (the "Series 2007B Purchase Contract") pursuant to which the Underwriter agrees, subject to certain conditions, to purchase all of such Series 2007B Bonds at an aggregate purchase price of $_____ (representing the par amount of such Series 2007B Bonds of $_____, less an underwriter's discount of $_____, [less original issue discount/plus original issue premium] of $_____).

Each agreement pursuant to which the Underwriter will purchase the Bonds provides that all of the Bonds must be purchased if any of such Bonds are purchased. The obligations of the Underwriter to make such purchases are subject to certain terms and conditions. The Underwriter may offer and sell the Bonds to certain dealers and others at prices different from the prices stated on the inside cover page of Official Statement. The offering prices may be changed from time to time by the Underwriter.

## CONTINUING DISCLOSURE

The Agency has covenanted on behalf of the Authority for the benefit of the Bondholders to provide certain financial information and operating data relating to the Agency by not later than 270 days after the end of the Agency's fiscal year (presently June 30) in each year commencing with its report for the 2006-07 Fiscal Year (the "Annual Report") and to provide notices of the occurrence of certain enumerated events, if material. The Annual Report will be filed by the Agency or the Dissemination Agent, if any, on behalf of the Agency with each Nationally Recognized Municipal Securities Information Repository and each State repository, if any. The notices of material events will be filed by the Agency or the Dissemination Agent, if any, on behalf of the Agency with the Municipal Securities Rulemaking Board. These covenants have been made in order to assist the Underwriters to comply with Securities and Exchange Commission Rule 15c2-12(b)(5). The specific nature of the information to be contained in the Annual Report or the notices of material events by the Agency is summarized in "APPENDIX E – FORM OF CONTINUING DISCLOSURE AGREEMENT."

Although the Agency has timely filed all of its required annual reports and material event notices for the past five years pursuant to the continuing disclosure undertakings of the Agency for its outstanding bonds, in several cases, certain items of information required to be contained in such reports were not included because the information was not available as of the deadline for filing the reports. The Agency has as of the date hereof filed all required missing items for such reports. As a result of the changes to the Agency's management and accounting practices referred to above under "THE AGENCY – Governance and Administration" the Agency believes it will be able to fully comply with its continuing disclosure obligations going forward.

## APPROVAL OF LEGALITY

Certain legal matters incident to the issuance of the Bonds will be approved by Orrick, Herrington & Sutcliffe LLP, as Bond and Disclosure Counsel to the Agency. Certain legal matters incident to the issuance of the Bonds will be passed upon for the Agency, the Authority and the City by the Interim City Attorney of the City of Richmond. Certain legal matters will be passed upon for the Underwriter by Lofton & Jennings, Underwriter's Counsel. Bond Counsel, Agency Counsel and Disclosure Counsel undertake no responsibility for the accuracy, completeness or fairness of the information contained in this Official Statement.

## FINANCIAL ADVISOR

The Agency has retained Tamalpais Advisors, Inc., as Financial Advisor (the "Financial Advisor") in connection with the execution and delivery of the Bonds and certain other financial matters.

The Financial Advisor is not obligated to undertake, and has not undertaken to make an independent verification of the accuracy, completeness or fairness of the information contained in this Official Statement. The Financial Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other negotiable instruments. Payment of the fees and expenses of the Financial Advisor is contingent upon the sale and delivery of the Bonds.

## RATINGS

Standard & Poor's Ratings Services ("S&P") and Fitch, Inc. ("Fitch") have assigned the Bonds the ratings of "AAA" and "Aaa," respectively, with the understanding that upon the delivery of the Bonds, the Financial Guaranty Insurance Policy will be issued by the Insurer. The Bonds have received an underlying rating of "A-" from S&P. Certain information was supplied to the rating agencies by the City and the Agency to be considered in evaluating the Bonds. The ratings issued reflect only the views of such rating agencies, and any explanation of the significance of such ratings should be obtained from S&P or Fitch. No assurance can be given that any rating issued by a rating agency will be retained for any given period of time or that the same will not be revised or withdrawn entirely by such rating agency, if in its judgment circumstances so warrant. Any such revision or withdrawal of the ratings may have an adverse effect on the market price of the Bonds.

## MISCELLANEOUS

All summaries contained herein of the Indenture, applicable legislation, agreements and other documents are made subject to the provisions of such documents respectively and do not purport to be complete statements of any or all of such provisions. Reference is hereby made to such documents on file with the Authority or the Agency for further information in connection therewith. ## ECONOMIC AND DEMOGRAPHIC INFORMATION RELATING TO THE CITY OF RICHMOND

### General

The City of Richmond, California (the "City"), located 16 miles northeast of San Francisco on the western shore of Contra Costa County (the "County"), occupies 33.7 square miles of land area on a peninsula that separates the San Francisco Bay and San Pablo Bay. The City is an important oil refining, industrial, commercial, transportation, shipping and government center. An active redevelopment program in the downtown and waterfront areas and commercial expansion in the City's Hilltop area, along the Interstate 80 and Interstate 580 corridors, and along the new Richmond Parkway have added to the tax base of the City in recent years.

### Population

City residents account for approximately ten percent (10%) of the population of the County. While the period from 1980 to 2000 was characterized by rapid population growth in both the City and the County, the last five (5) years reflect a trend of slower growth. Table 1 below shows the population of the City, the County and the State for the years 1970, 1980, 1990 and 2000 and also for the years 2002 through 2007 as of January 1.

The City of Richmond Planning Department estimated that the City had 37,656 total housing units and 21,326 single family detached units (approximately 56.6% of total units) as of January 1, 2006.

Table 2 summarizes the median effective buying income on a per capita basis for the City, the County and the State for the calendar years of 2002 through 2006. Claritas Inc. Demographics USA 2006 estimated median household effective buying income at $41,934 for the City of Richmond.

**Assessed Valuation**

The City utilizes the facilities of the County for the assessment and collection of property related taxes for City purposes. City property related taxes are assessed and collected at the same time and on the same tax rolls as are county, school, and special district taxes.

As previously discussed, pursuant to Article XIIIA of the California Constitution, annual increases in property valuations by the county assessor are limited to a maximum 2% unless properties are improved or sold. Transferred properties and improvements are assessed at 100% of full cash value. Therefore, the County tax rolls do not reflect values uniformly proportional to market values.

Business inventories are exempt from property taxation and are not included in the values shown in the following tables. Also excluded is the first $7,000 of the value of owner occupied residences, pursuant to the homeowners' exemption under State law.

"Secured" property is real property which in the opinion of the county assessor can serve as a lien to secure payment of taxes. "Utility" property is any property of a public utility which is assessed by the State Board of Equalization rather than the county assessor, and which is also "secured" property.

Table 3 below shows the assessed valuation of taxable property in the City for Fiscal Years 2002-03 through 2006-07.

**Property Taxation and Tax Rates**

The County assesses real personal property values and collects and distributes secured and unsecured property taxes to the City, school districts and other special districts located within the City.

Taxes are levied for each fiscal year on taxable real and personal property that is situated in the City as of the preceding January 1. For assessment and collection purposes, property is classified either as "secured" or "unsecured," and is listed accordingly on separate parts of the assessment roll. The "secured roll" is that part of the assessment roll containing State assessed property and property secured by a lien on real property which is sufficient, in the opinion of the Assessor, to secure payment of the taxes. Other property is assessed on the "unsecured roll."

Property taxes on the secured roll are due in two installments, on November 1, and February 1 of each fiscal year. If unpaid, such taxes become delinquent on December 10 and April 10, respectively, and a ten percent penalty attaches to any delinquent payment. In addition, property on the secured roll with respect to which taxes are delinquent is declared to be in default on or about June 30 of the fiscal year. Such property may thereafter be redeemed by payment of the delinquent taxes and the delinquency penalty, plus a redemption penalty of one and one half percent per month to the time of redemption. If taxes are unpaid for a period of five or more years, the tax defaulted property is declared to be subject to the County Treasurer-Tax Collector's power of sale and may be subsequently sold by the County Treasurer-Tax Collector.

Legislation established the "supplemental roll" in 1984 which directs the Assessor to reassess real property, at market value, on the date property changes ownership or upon completion of construction. Property on the supplemental roll is eligible for billing 30 days after the reassessment and notification to the assessee. The resultant charge (or refund) is a one time levy on the increase (or decrease) in value for

the period between the date of the change in ownership or completion of construction and the date of the next regular tax roll upon which the assessment is entered.

Billings of supplemental assessments are made on a monthly basis and due on the date mailed. If mailed between the months of July through October, the first installment becomes delinquent on June 10th and the second on April 10th. If mailed within the months of November through June, the first installment becomes delinquent on the last day of the month following the month of billing. The second installment becomes delinquent on the last day of the fourth month following the date the first installment was delinquent.

State law exempts from assessed valuation $7,000 of the full cash value of an owner-occupied residence, but this exemption does not result in any loss of revenue to local agencies, since an amount equivalent to the taxes which would have been payable on such exempt values is paid by the State. As of Fiscal Year 1984-85, the State reimbursement with respect to business inventory exemption, which formerly had been in the amount of 50%, then 100%, was repealed. This subvention for cities has been replaced by increased motor vehicle license fees.

Property taxes on the unsecured roll are due as of January 1 lien date and become delinquent, if unpaid, on August 31. A ten percent penalty attaches to delinquent taxes on property on the unsecured roll, and an additional penalty of one and one half percent per month begins to accrue beginning November 1. The taxing authority has four ways of collecting unsecured personal property taxes: (i) by filing a civil action against the taxpayer, (ii) by filing a certificate in the office of the City Clerk specifying certain facts in order to obtain a judgment lien on certain property of the taxpayer; (iii) by filing a certificate of delinquency for recordation in the City Recorder's office, in order to obtain a lien on certain property of the taxpayer; and (iv) by the seizure and sale of property, improvements or possessory interest, belonging to the taxpayer. These collection methods can be used separately or jointly.

On June 6, 1978, the voters of California approved an amendment (commonly known as both Proposition 13 and the Jarvis Gann Initiative) to the California Constitution. This amendment, which added Article XIIIA to the California Constitution, among other items, affects the valuation of real property for the purpose of taxation in that it defines the full cash property value to mean "the county assessor's valuation of real property as shown on the 1975-76 tax bill under "full cash value," or thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment." The full cash value may be adjusted annually to reflect inflation at a rate not to exceed 2% per year, or reduction in the consumer price index or comparable local data at a rate not to exceed 2% per year, or may be reduced in the event of declining property values caused by damage, destruction or other factors including general economic downturn. The amendment further limits the amount of any *ad valorem* tax on real property to one percent of the full cash value except that additional taxes may be levied to pay debt service on indebtedness approved by the voters prior to July 1, 1978, and bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two thirds of the votes cast by the voters voting on the proposition.

On September 22, 1978, the California Supreme Court upheld the amendment over challenges on several state and federal constitutional grounds (*Amador Valley Joint Union High School District v. State Board of Equalization)*. The Court reserved certain constitutional issues and the validity of legislation implementing the amendment for future determination in property cases. In June 1992, the U.S. Supreme Court, in a 8-1 ruling, upheld Proposition 13.

Legislation enacted by the California Legislature to implement Article XIIIA provides that all taxable property is shown at full assessed value as described above. In conformity with this procedure, all taxable property value included in this presentation (except as noted) is shown at 100% of assessed value

and all general tax rates reflect the $1 per $100 of taxable value. Tax rates for voter approved bonded indebtedness and pension liability are also applied to 100% of assessed value.

Further assessed valuation growth allowed under Article XIIIA (new construction, change of ownership, 2% annual value growth) will be allocated on the basis of "situs" among the jurisdictions that serve that tax rate area within which the growth occurs. Local agencies and school districts will share the growth of "base" revenue from the tax rate area. Each year's growth allocation becomes part of each agency's allocation in the following year. The City is unable to predict the nature or magnitude of future revenue sources which may be provided by the State of California (the "State") to replace lost property tax revenues. Article XIIIA effectively prohibits the levying of any other *ad valorem* property tax above the 1% limit except for taxes to support indebtedness approved by the voters as described above.

**Teeter Plan**

The City is located within a county that is following the "Teeter Plan" (defined below) with respect to property tax collection and disbursement procedures. Under this plan, a county can implement an alternate procedure for the distribution of certain property tax levies on the secured roll pursuant to Chapter 3, Part 8, Division 1 of the Revenue and Taxation Code of the State of California (comprising Section 4701 through 4717, inclusive) (the "Law"), commonly referred to as the "Teeter Plan."

Generally, the Teeter Plan provides for a tax distribution procedure by which secured roll taxes and assessments are distributed to taxing agencies within a county included in the Teeter Plan on the basis of the tax levy, rather than on the basis of actual tax collections. The county then receives all future delinquent tax payments, penalties and interest, and a complex tax redemption distribution system for all taxing agencies is avoided.

The valuation of property is determined as of January 1st each year and equal installments of tax levied upon secured property become delinquent on the following December 10 and April 10. Taxes on unsecured property are due May 15 and become delinquent August 31.

Although the City receives its entire secured tax levy amount each year under the Teeter Plan, an indication of tax collection can be obtained from the history of collections of all entities levying taxes within the City limits. A history of these collections since 2001-02 and the entire County tax levies with delinquencies and tax losses reserve balances for the same period are shown in Table 5 as reported annually by the County Auditor.

**Economic Structure**

*Overview of the Richmond Economy*

The economy of the City of Richmond includes heavy and light manufacturing, distribution facilities, service industry, commercial centers, and a multi terminal shipping port on San Francisco Bay. Richmond also serves as a government center for West Contra Costa County.

The following table shows estimates and projections of employment by major economic sector in Richmond and its "sphere of influence area" prepared by the Association of Bay Area Governments ("ABAG"). ABAG's projections indicate that the Finance/Professional Services and Health/ Educational/Recreation Services sectors will expand steadily in the Richmond economy from 2005 to the year 2020, relative to the other economic sectors, while the manufacturing and wholesale sector will gradually shrink in the proportional share of all jobs in Richmond's economy over the same 20 years. These estimates are derived from economic indicators, other economic information, and local policy surveys of local jurisdictions. There can be no assurance that these estimates and projections have been or will be accurate. Actual employment may substantially differ from these figures.

(1) The City's sphere of influence includes territory immediately adjacent, but outside of the City's limits, which may potentially be annexed to the City, and which has been identified as such by the County Local Agency Formation Commission. These areas include County portion of North Richmond, El Sobrante Valley and East Richmond Heights, which is a small unincorporated area north of El Cerrito.

*Industrial Activity*

Historically, the City has been viewed as a distribution center and a City of heavy industry, largely due to the visible presence of a major oil refinery, Chevron USA Richmond Refinery, and other major industrial and distribution uses: General Chemical, Bio-Rad Laboratories, the bulk liquid terminals in the Port of Richmond, the BNSF rail yard, a USPS distribution center and a UPS distributing center.

The City's economy has experienced growth in light and high technology companies and new business parks that accommodate both light industrial and "office/flex" type commercial buildings. Growth in these sectors is adding diversity to the City's historically heavy industrial base. At the same time, green businesses, such as Power Light, have chosen are make Richmond their home..

The Chevron Clean Fuels Project upgraded and modified the refinery to meet 1995 U.S. Clean Air Act standards for cleaner burning gasoline ("reformulated gasoline"). The project also upgraded the fluidized catalytic cracking (FCC) unit, allowing the refinery to increase gasoline production by approximately 13 percent. Currently, Chevron USA is in the entitlement process for another plant upgrade. Such plant upgrades and expansion do not make it less likely that there may be a decrease in employment in the manufacturing and petroleum sectors at some future time.

"High tech" light industrial firms, research and development companies, biotechnology, and business park developments are growing industrial sectors in Richmond. Biotechnology, medical technology, and computer software in particular are emerging sectors in the City's economy, including: Kaiser Permanente's relocation of its medical and optical laboratories to Richmond along with a new state of the art training facility; the expansion of the State of California's health and DNA laboratories, and the growth of Vertigo Software.

A number of factors appear to be attracting high-tech businesses to the City:

1. The ongoing development and leasing of light industrial/business park property near Hilltop Mall, at Point Pinole Business Park and along the relatively new I-580 freeway along Richmond's South Shoreline and the Richmond Parkway;
2. Availability of vacant or under utilized land areas zoned for industrial use;
3. Relatively lower land costs than elsewhere in the Bay Area;
4. Richmond's central location in western Contra Costa County, within a short distance of San Francisco, Oakland and other East Bay cities, Marin County, and a relatively easy commute to the State's capitol, Sacramento;
5. Proximity to the University of California at Berkeley, one of the major scientific universities and library systems in the world;
6. Good access and transportation (Richmond has two Interstate freeways as well as good rail and water transportation facilities, including Union Pacific and BNSF Railroads, Santa Fe western terminal, and the Port of Richmond); and
7. Availability of affordable housing for employees in a variety of neighborhoods, housing types and price ranges.

Completion of the John T. Knox Freeway in the early 1990's (Interstate 580 extension from Interstate 80 at Albany to the Richmond San Rafael Bridge) has spurred new industrial and commercial development along the freeway corridor throughout Richmond's South Shoreline area. Another major roadway that is spurring new development is the Richmond Parkway, which links the northern edge of Richmond (Interstate 80 at Hilltop) and the City's southwest corner (the I-580 freeway) and the Richmond San Rafael Bridge. The Parkway was completed in the end of 1996 and has opened up for development a large industrially zoned area in northwest Richmond that has remained largely underdeveloped due to poor access. At this time, all available land in the Richmond Parkway Area is either under contract, in the planning process or under construction.

*Summary of Major Industrial/Commercial Investments*

Major industrial and commercial investments in the City totaled approximately $265,400,000 million between 1998-2007, representing approximately 2,285,000 square feet of new building space and 817,000 square feet of rehabilitated space (see following table).

The City's unemployment rate increased slightly in 2003 as a result of a general decline in the national and State economies; however, the City's unemployment rate decreased from a high of 9.8% in 2003 to 7.2% in 2006.

*Commercial Activity*

The Hilltop Mall regional shopping center represents one portion of the 950-acre master planned Hilltop community being developed. Other components in the master planned community includes a Courtyard by Marriott Hotel and an Extended Stay Hotel, a 1.1 million square foot office park, an industrial park, and extensive residential areas. More than 1,640 homes and an estimated 600,000 square feet of light industrial/business park space have been built at Hilltop. A total of 688 new homes have been completed at Hilltop in two separate developments (Park Ridge, 645 units, and Hilltop Lake Overlook, 43 units). The Park Ridge project represents the first stages of development in the Hilltop West Area. A total of 383 new for sale residential units are in the entitlement approval process. In addition, 704 new apartment units have also been completed in the few years. As part of the apartment development, an additional 100,000 square feet of retail is entitled and under construction. The retail and office commercial build out potential is estimated at over 700,000 square feet, and the office/industrial flex potential is estimated at 175,000 square feet.

The Hilltop Mall shopping center is Richmond's principal retail center. Since its opening in 1976, Hilltop has developed into a regional retail center. According to Hilltop's own sources, between 3,000 and 5,000 persons are employed at the shopping center, most of whom are in retail trade employment. Most recently, Wal-Mart opened a new store in a three-story 180,000 space originally occupied by Macy's. Wal-Mart opened its doors in April of 2007, to join Macy's, Penny's and Sears as the Hilltop Mall anchors.

Marina Bay on Richmond's South Shoreline is the site of another large scale master planned development. The community is nearing completion, with over 2,000 of an eventual 3,000 housing units

and 5,000 to 6,000 residents, it is being developed around a sheltered water basin holding a large pleasure boat marina. The area started its transformation from a shipyard and industrial site in 1980 with the construction of a 500 berth marina and a formal esplanade and shoreline beach park. As of June 2007, approximately 2,400 residential units had been constructed at Marina Bay, as well as 400,000 square feet of commercial office/business park space and 775 boat berths. Upon completion, expected around the year 2008, Marina Bay will include approximately 3,000 homes, 600,000 to 700,000 square feet of commercial space, a yacht club, several parks, more than four miles of trails, and the esplanade.

Also near the I-580 Freeway, the Point Richmond Tech Center I and II, consisting of approximately 225,000 square feet of office/R&D space have been constructed. In addition, the Point Richmond Business Park (Simeon Properties) consisting of 95,000 square feet was built in 1991 on Canal Boulevard, south of Cutting Boulevard and the I-580 Freeway.

Development activity in Richmond's South Shoreline and Marina Bay areas has accelerated in recent years. Catellus Development Corporation has completed construction of 50 acre Regatta Center development at Marina Bay. The property is located on the north side of Regatta Boulevard and includes 138,000 square feet of office flex space. In June 2002, construction was completed on the first phase of a campus for Dicon Fiberoptics. Since that time, a portion of the site has been sold to Pulte Homes, who is constructing 208 townhome and duet units.

Simeon Properties has completed the rehabilitation of the first 120,000 of R&D space at the Campus Bay office park. A 40 acre mixed-use component is under consideration by local planning authorities and regional regulatory agencies. The development entails approximately 1,000 residential units of varying product type.

Lincoln Property Company financed over $500,000 in improvements to the 340,000 square foot former Costco site on Regatta Boulevard. Signature Properties is nearing completion of the residential phase of an approximately 10.6 acres site at Marina Bay. The project will include 128 condominium units and approximately 40,000 square feet of marina oriented commercial space.

The historic 517,000 square foot Ford Assembly Building is now 88% leased, and full occupancy is scheduled for January 2008.

The former City Terminal One site located in the Brickyard Cove area is expected to be entitled for 258 residential condominiums in June of 2007. This site boasts extraordinary San Francisco Bay and skyline views, and a shoreline park near Brickyard Cove and Miller-Knox Regional Shoreline and Park.

*Community Facilities*

Richmond area residents have access to modern health care facilities. The Richmond area has two general hospitals, Doctors Hospital in San Pablo and Doctors Hospital in Pinole – both neighboring Richmond – plus the Kaiser Hospital Facility, located in downtown Richmond. Richmond also has several convalescent hospitals. The Richmond area offers a variety of leisure, recreational and cultural resources, from boating, fishing and hiking, to live theater, golf, tennis and team athletics. Three regional parks are on the shoreline: Point Pinole, George Miller Jr./John T. Knox, Ferry Point and Point Isabel. In addition, the City is home to the Rosie the Riveter/World War II Home Front National Historical Park. The City operates a public marina (775 boat berths at Marina Bay), four large community parks (Point Molate Beach Park, Hilltop Lakeshore Park, Nicholl Park, and Marina Park and Green), 25 neighborhood parks ranging in size from one to 22 acres, many play lots and mini parks, and seven community centers.

In addition, the City operates a disabled person's recreation center, a sports facility, two senior centers (Richmond Senior Center and Richmond Annex Senior Center), the Richmond Museum, the Richmond Municipal Auditorium, the Richmond Swim Center, Coach Randolf Pool, the Washington Fieldhouse, the Veterans Memorial Auditorium, and the Richmond Public Library. The Richmond Art Center, a privately funded arts organization, is partly supported by the City of Richmond. Currently, 12 of the City's recreation centers are operational, up from a low of four centers in operation after significant staff cuts were made in order to address the City's financial difficulties during Fiscal Year 2003-04.

Also in Richmond are several private yacht harbors, golf and country clubs, and community theaters. Within 30-45 minutes by BART or car are the cultural resources of other cities in the East Bay and Bay Area, including Oakland, Berkeley and San Francisco.

East Bay Regional Park District (EBRPD) maintains one regional park, four regional shorelines, and one regional preserve within Richmond:

| Preserve | Acres |
|---|---|
| Wildcat Canyon Regional Park | 2,428 |
| Brooks Island Regional Shoreline | 373 |
| George Miller Jr./John T. Knox Regional Shoreline | 300 |
| Point Isabel Regional Shoreline | 21 |
| Point Pinole Regional Shoreline | 2,315 |
| Sobrante Ridge Regional Preserve | 277 |
| TOTAL | 5,714 |

One additional park land facility, the 214-acre Kennedy Grove Regional Recreation Area, is located in an unincorporated area of the County bordering on the City at the eastern end of El Sobrante Valley.

The four regional shorelines presently owned and maintained by EBRPD represents a substantial portion of the City's shoreline. The regional shorelines and Wildcat Canyon Park are used not only by residents of the City but also by the general public within the Bay Area region.

*Transportation*

The City is a central transportation hub in the Bay Area, offering convenient access throughout the region and well into central California. The City's port facilities, railroads and proximity to international airports are complemented by a network of freeways and public transportation services.

*Freeways*

Existing and new highways have made travel to and through the City more efficient and convenient. Interstate 80, which passes through the City, is a direct route to Oakland, San Francisco, Vallejo, Fairfield and Sacramento. Interstate 580 (the John T. Knox Freeway) provides continuous freeway access from Richmond's South Shoreline area to East Bay communities and to Marin County and is stimulating new commercial, industrial and residential development along Richmond's South Shoreline. Similarly, completion of the Richmond Parkway through North Richmond in 1996 improves vehicular access between Marin and communities to the north and east on Interstate 80, while opening major tracts of land along the City's north shoreline for new development.

*Port and Rail*

The City's deep water port is California's third largest in annual tonnage, handling more than 20.8 million metric tons of general, liquid and dry bulk commodities each year, over 90% of which is in bulk liquids, the majority of which arrive at the Chevron USA Long Wharf facility. The Port of Richmond (the "Port") comprises seven City owned terminals, 5 dry docks and 11 privately owned terminals. One of the City-owned terminals (Terminal One) is currently in the process of being sold to a developer for use as a residential development. In early 2004, the City entered into a lease with Auto Warehousing Company for the operation on City property of an auto importation business, which is expected to handle approximately 90,000 automobiles per year arriving on ships from South Korea. Private terminals are responsible for almost 95% of the Port's annual tonnage. On dock rail service is provided to many port terminals by the Burlington Northern Santa Fe ("BNSF") and the Union Pacific. The Port, together with the BNSF operations, serves as an intermodal rail facility. Interstate 580 has enhanced truck access to the Port.

The Port handles a widely varied assortment of cargo, although over 90% of the annual tonnage is in liquid bulk cargo, most of which is shipped through the Chevron Terminal. Principal liquid bulk cargoes are petroleum and petroleum products, chemicals and petrochemicals, coconut oil and other vegetable oils, tallow and molasses. Dry bulk commodities include coal, gypsum, iron, ore, cement, logs and various mineral products. Automobiles, agricultural vehicles, steel products, scrap metals, and other diversified break bulk cargoes are also a significant part of the Port's business.

The City is currently undertaking a 10-year Port expansion plan that is designed to increase the capacity and profitability of the Port.

*Regional Airports*

Oakland International Airport (18 miles away) and San Francisco International Airport (28 miles away) provide the City with world-wide passenger and freight service. In addition, Concord's Buchanan Field, in central Contra Costa County, is 25 miles to the east and provides limited scheduled service and general aviation services.

*Public Transit*

The public is served by the Bay Area Rapid Transit System ("BART") with a station conveniently located in downtown Richmond; AMTRAK passenger train service is available from a station adjacent to the Richmond BART station; and AC Transit offers local bus service within the City, to other East Bay communities and to San Francisco.

*Utilities*

Utility services to the City are supplied by the following:

| | |
|---|---|
| Electric power: | Pacific Gas & Electric Co. |
| Natural gas: | Pacific Gas & Electric Co. |
| Telephone: | Pacific Bell |
| Water: | East Bay Municipal Utility District |
| Sewer: | West Contra Costa Sanitary District, Richmond Municipal Sewer District, and Stege Sanitary District |

*Education*

The City comprises a portion of the attendance area of the West Contra Costa Unified School District, which comprises 42 elementary schools (18 of which are located in the City), seven middle schools (two of which are located in the City), and 14 high schools and alternative schools (six of which are located in the City) and has a total K-12 enrollment of approximately 35,000 students. In addition, private schools are located in the City and several institutions of higher education are located in or near the City, including the University of California at Berkeley, Contra Costa College, Diablo Valley College, Los Medanos College, the California Maritime Academy, California State University – East Bay, San Francisco State University, and the University of California at San Francisco.

*Pledge of Subordinate Pledged Tax Revenues. Subject to the provisions of the Indenture* permitting application thereof for the purposes and on the terms and conditions set forth in the Indenture, to secure the payment of all the Outstanding Bonds and Parity Obligations, including without limitation Credit Provider Bonds, and the interest payments becoming due thereon according to their tenor, purport and effect, and to secure the performance and observance of all of the covenants, agreements and conditions contained in the Outstanding Bonds, including without limitation Credit Provider Bonds, and the Indenture, the Agency irrevocably grants a lien on and a security interest in, and pledges, the Subordinate Pledged Tax Revenues and all money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture, whether held by the Agency or the Trustee, to the Trustee for the benefit of the Owners of the Outstanding Bonds, including without limitation Credit Provider Bonds, and any Parity Obligations, including without limitation Credit Support Agreements for Parity Obligations and Qualified Swap Agreements. This lien on and security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture shall constitute a first pledge of and charge and lien upon the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture, shall immediately attach and be effective, binding, and enforceable against the Agency, its successors, purchasers of any of the Subordinate Pledged Tax Revenues or such money in the Special Fund or in the funds or accounts so specified and provided for in the Indenture, creditors, and all others asserting rights therein to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the lien on, security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture and without the need for any physical delivery, recordation, filing or further act.

*Funds. To ensure the payment when due and payable, whether at maturity or upon* redemption or upon acceleration, of the principal of, Redemption Price, if any, and interest on the Bonds, there are established the following funds and accounts, to be held and maintained by the Trustee and applied as provided in the Indenture for so long as any of the Bonds are Outstanding:

(a) the Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) Special Fund (the "Special Fund"), comprised of an Interest Account, a Principal Account, a Sinking Fund Account and a Debt Service Reserve Account; and

(b) the Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas) Redemption Fund (the "Redemption Fund").

*Receipt and Deposit of Subordinate Pledged Tax Revenues.* After the Agency has made all required deposits of Tax Revenues in the Funds and Accounts (as defined in the Senior Obligations) established under the Senior Obligations, the Agency shall transfer all Subordinate Pledged Tax Revenues held or received by the Agency to the Trustee for deposit in the Special Fund; provided that the Agency shall not be obligated to deposit in the Special Fund in any Fiscal Year an amount of Subordinate Pledged Tax Revenues which, together with other available amounts then in the Special Fund, exceeds the amounts required to be transferred to the Trustee for deposit in the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to the Indenture. Any Subordinate Pledged Tax Revenues received during any Fiscal Year following deposit in the Special Fund of an amount equal to the aggregate amount required to be transferred to the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to the Indenture, shall be released from the pledge and lien under the Indenture and may be used for any lawful purposes of the Agency. There shall not be deposited with the Trustee any taxes eligible for allocation to the Agency for deposit in the Special Fund pursuant to the Law in an amount in excess of that amount which, together with all money then on deposit with the Trustee in the Special Fund and the accounts therein, shall be sufficient to discharge all Outstanding Parity Obligations as provided in the Indenture.

The Agency covenants and agrees that all Subordinate Pledged Tax Revenues deposited in the Special Fund will be accounted for through, and held in trust in the Special Fund, and the Agency shall have no beneficial right or interest in any of such money, except only as provided in the Indenture. All such Subordinate Pledged Tax Revenues shall nevertheless be disbursed, allocated and applied solely to the uses and purposes in the Indenture set forth, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the Agency.

*Special Fund.* (a) All moneys in the Special Fund shall be set aside by the Trustee in each Fiscal Year when and as received in the following respective special accounts within the Special Fund; provided, however, that all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and if so provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds, and constituting Subordinate Pledged Tax Revenues shall immediately upon receipt thereof be deposited in the Interest Account. All moneys in each of such accounts shall be held in trust by the Trustee and shall be applied, used and withdrawn only for the purposes authorized in the Indenture.

(1) Interest Account. The Trustee shall set aside from the Special Fund and deposit in the Interest Account an amount of money which, together with any money contained therein equals the aggregate amount of the Debt Service constituting interest becoming due and payable on all Outstanding Bonds on the Interest Payment Dates and on all other outstanding Parity Obligations on interest payment dates thereof in such Fiscal Year and the next succeeding Fiscal Year. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to Qualified Swap Agreements entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant a Qualified Swap Agreement, and to the extent provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues.

For purposes of determining the amount of money to be set aside from the Special Fund and deposited in the Interest Account pursuant to the Indenture, the determination of the amount the Debt Service constituting interest becoming due and payable on all Outstanding Bonds and on all other outstanding Parity Obligations shall be subject to the Debt Service Adjustments and Assumptions; provided, however, that, if and to the extent that all or a portion of the Outstanding Bonds or the other outstanding Parity Obligations are the subject of a Qualified Swap Agreement, the amount to be deposited in the Interest Account with respect to such Bonds or other Parity Obligations shall be an amount equal to the aggregate amount of Agency Swap Payments plus the Basis Differential Amount becoming due and payable in such Fiscal Year and the next succeeding Fiscal Year.

All moneys in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds and the other Parity Obligations, including Net Payments, as the same shall become due and payable.

(2) Principal Account. The Trustee shall set aside from the Special Fund and deposit in the Principal Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of the principal becoming due and payable on all Outstanding Bonds and all other outstanding Parity Obligations which are Serial Obligations in such Fiscal Year and the next succeeding Fiscal Year. All money in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Outstanding Bonds and other outstanding Parity Obligations which are Serial Obligations as they shall become due and payable.

(3) Sinking Fund Account. The Trustee shall set aside from the Special Fund and deposit in the Sinking Fund Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of Sinking Fund Installments becoming due and payable with respect to all Outstanding Bonds and sinking fund installments becoming due and payable with respect to all other outstanding Parity Obligations which are Term Obligations in such Fiscal Year and the next succeeding Fiscal Year. All moneys in the Sinking Fund Account shall be used by the Trustee to redeem the Outstanding Bonds and other outstanding Parity Obligations which are Term Obligations in accordance with the Supplemental Indenture authorizing such Bonds or other outstanding Parity Obligations. In the event that Bonds or which are Term Obligations purchased or redeemed

at the option of the Agency are deposited with the Trustee for the credit of the Sinking Fund Account not less than forty-five (45) days prior to the due date for any Sinking Fund Installment for such Bonds, such deposit shall satisfy (to the extent of 100% of the principal amount of such Bonds) any obligation of the Agency to make a payment with respect to such Sinking Fund Installments. Any Bond so deposited with the Trustee shall be cancelled and shall no longer be deemed to be Outstanding for any purpose. Upon making the deposit with the Trustee of Bonds which are Term Obligations as provided in this paragraph, the Agency may specify the dates and amounts of Sinking Fund Installments for such Bonds as to which the Agency's obligations to make a payment with respect to Sinking Fund Installments for such Bonds shall be satisfied.

(4) Debt Service Reserve Account.

(i) The Trustee shall set aside from the Special Fund and deposit in the Debt Service Reserve Account an amount of money (or other authorized deposit of security, as provided in paragraph (v) below) equal to the Debt Service Reserve Requirement for the Bonds then Outstanding. The Trustee shall also set aside from the Special Fund and deposit in the debt service reserve account established under an Issuing Instrument for any other Parity Obligation an amount of money equal to the debt service reserve requirement for such Parity Obligations then outstanding. The Debt Service Reserve Account shall be replenished in the following priority: (i) principal and interest on Reserve Financial Guaranties shall be paid from first available Subordinate Pledged Tax Revenues on a pro rata basis; and (ii) after all such amounts are paid in full, amounts necessary to fund the Debt Service Reserve Account to the required level, after taking into account the amounts available under the Reserve Financial Guaranties shall be deposited from next available Subordinate Pledged Tax Revenues. No deposit need be made in the Debt Service Reserve Account or the debt serve reserve account for such other Parity Obligations so long as there shall be on deposit therein an amount equal to the Debt Service Reserve Requirement of the Bonds then Outstanding or the debt service reserve requirement for such Parity Obligations then outstanding, as applicable. If on any date on which the principal or Redemption Price of, or interest on, Bonds or an Agency Swap Payment is due, the amount in the applicable account in the Special Fund available for such payment is less than the amount of the principal and Redemption Price of and interest on the Bonds or Agency Swap Payment due on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

(ii) Except as provided in paragraph (v) below, if on the last Business Day of any month the amount on deposit in any Debt Service Reserve Account shall exceed the Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Financial Guaranty deposited in or credited to such Fund and to the payment of interest or other amounts due with respect to such a Reserve Financial Guaranty and any remaining moneys shall be deposited in the Interest Account.

(iii) Whenever the amount in the Debt Service Reserve Account (excluding Reserve Financial Guaranties), together with the amount in the Special Fund, is sufficient to pay in full all of the Outstanding Bonds in accordance with their terms (including principal or Redemption Price and interest thereon), the funds on deposit in the Debt Service Reserve Account shall be transferred to the Special Fund.

(iv) In the event of the refunding of one or more Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized Agency Representative, withdraw from the Debt Service Reserve Account any or all of the amounts on deposit therein (excluding Reserve Financial Guaranties) and deposit such amounts with itself as Trustee, or the Escrow Agent for the Bonds to be refunded, to be held for the payment of the principal or Redemption Price, if any, of, and interest on, the Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Bonds (or portions thereof) being refunded shall be deemed to have been paid pursuant to the Indenture, and (b) the amount remaining in the Debt Service Reserve Account after such withdrawal, taking into account any deposits to be made in the Debt Service Reserve Account in connection with such refunding, shall not be less than the Debt Service Reserve Requirement.

(v) In lieu of the deposits and transfers to the Debt Service Reserve Account required by the Indenture, the Agency may cause to be deposited in the Debt Service Reserve Account a Reserve Financial

Guaranty or Reserve Financial Guaranties in an amount equal to the difference between the Debt Service Reserve Requirement and the sums, if any, then on deposit in the Debt Service Reserve Account or being deposited in such Fund concurrently with such Reserve Financial Guaranty or Guaranties. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Financial Guaranties to receive payments with respect to the Reserve Financial Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Debt Service Reserve Account; (ii) on the first Business Day which is at least ten (10) days prior to the expiration date of each Reserve Financial Guaranty, in an amount equal to the deficiency which would exist in the Debt Service Reserve Account if the Reserve Financial Guaranty expired, unless a substitute Reserve Financial Guaranty with an expiration date not earlier than 180 days after the expiration date of the expiring Reserve Financial Guaranty is acquired prior to such date or the Agency deposits funds in the Debt Service Reserve Account on or before such date such that the amount in the Debt Service Reserve Account on such date (without regard to such expiring Reserve Financial Guaranty) is at least equal to the Debt Service Reserve Requirement.

If, upon the deposit of a Reserve Financial Guaranty into the Debt Service Reserve Account pursuant to this paragraph (v), there shall be any amount in the Debt Service Reserve Account in excess of the Debt Service Reserve Requirement, such excess amount may be applied to the cost of acquiring such Reserve Financial Guaranty and, to the extent not so applied, shall be transferred to the Interest Account or, with a Favorable Opinion of Bond Counsel, as directed by the Agency.

If at any time obligations insured or issued by a Reserve Financial Guaranty Provider shall no longer maintain the required ratings set forth in the definition of "Reserve Financial Guaranty," the Agency shall provide or cause to be provided cash or a substitute Reserve Financial Guaranty meeting such requirements to the extent necessary to satisfy the Debt Service Reserve Requirement with either cash, qualified Reserve Financial Guaranties or a combination thereof.

(vi) To the extent the Agency elects to have the Trustee establish and maintain a separate account in the Debt Service Reserve Account for a particular Series of Bonds pursuant to a Supplemental Indenture, these provisions regarding the Debt Service Reserve Account shall not apply to such Series of Bonds.

(5) Surplus. After making the deposits required in paragraphs (1) through (4) above, in any Fiscal Year, the Trustee shall transfer any amount remaining on deposit in the Special Fund to the Agency to be used for any lawful purpose of the Agency.

(6) In the event that on any date upon which the Agency is to make a payment from Subordinate Pledged Tax Revenues pursuant to paragraphs (1), (2) and/or (3) of paragraph (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment, then the Agency shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraphs (1), (2) and/or (3) of paragraph (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

(c) In the event that on any date upon which the Agency is to make a payment or deposit from Subordinate Pledged Tax Revenues pursuant to paragraph (4) of paragraph (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment or deposit, then the Agency, after making the payments required by paragraphs (1), (2) and/or (3) of paragraph (a) above, shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraph (4) of paragraph (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

(d) In the event one or more Paying Agents have been appointed for the Bonds, moneys may be transferred by the Trustee to such Paying Agents from the appropriate account in the Special Fund for deposit into a special trust account to ensure the payment when due of the principal of, Redemption Price, if any, and interest on the Bonds or on the other Parity Obligations. In the event that any principal of, Redemption Price or interest on, any Bond or on any other Parity Obligation has been paid from amounts made available pursuant to a Credit Support

Instrument, amounts in the appropriate accounts in the Special Fund with respect to such Bond or other Parity Obligation, and any such amounts transferred by the Trustee from the Special Fund to a Paying Agent for such Bond or other Parity Obligation pursuant to the Indenture, shall be paid to the applicable Credit Provider as a reimbursement of the amounts so paid.

*Redemption Fund.* From the moneys paid by the Agency, the Trustee shall, on or before each date fixed for redemption, deposit in the Redemption Fund an amount equal to the Redemption Price of the Bonds to be redeemed. Said moneys shall be set aside in said Fund and shall be applied on or after the redemption date to the payment of the Redemption Price of the Bonds to be redeemed and, except as otherwise provided in this paragraph, shall be used only for that purpose. In the event one or more Paying Agents have been appointed for the Bonds which are to be redeemed with moneys in the Redemption Fund, amounts in the Redemption Fund may be transferred from such Fund by the Trustee to the Paying Agent for the Bonds to be redeemed for deposit into a special trust account held by such Paying Agent to ensure the payment when due the Redemption Price of the Bonds to be redeemed. In the event that the Redemption Price of a Bond has been paid by a Credit Provider pursuant to a Credit Support Instrument, amounts in the Redemption Fund with respect to such Redemption Price, and any such amounts transferred by the Trustee from the Redemption Fund to a Paying Agent for such Bonds pursuant to this paragraph, shall be paid to such Credit Provider as a reimbursement of the amounts so paid. If, after all of the Bonds designated for redemption have been redeemed and cancelled or paid and cancelled, there are moneys remaining in the Redemption Fund, said moneys shall be transferred to the Interest Account; provided, however, that if said moneys are part of the proceeds of Refunding Obligations said moneys shall be applied as provided in the Issuing Instrument authorizing the issuance of such Refunding Obligations.

*Depositories.* The Trustee shall hold all moneys deposited with it pursuant to the Indenture or may deposit such moneys with one or more Depositories in trust. All moneys deposited under the provisions of the Indenture with the Trustee or any Depository shall be held in trust and applied only in accordance with the provisions of the Indenture, and each of the Funds established by the Indenture shall be a trust fund for the purposes of the Indenture.

Deposits.

All moneys held by any Fiduciary under the Indenture may be placed on demand or time deposit, if and as directed by the Agency, provided that such deposits shall permit the moneys so held to be available for use at the time when reasonably expected to be needed. No Fiduciary shall be liable for any loss or depreciation in value resulting from any investment made pursuant to the Indenture. Any such deposit may be made in the commercial banking department of any Fiduciary or its affiliates which may honor checks and drafts on such deposit with the same force and effect as if it were not such Fiduciary. All moneys held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand or, if and to the extent directed by the Agency and acceptable to such Fiduciary, on time deposit, provided that such moneys on deposit be available for use at the time when reasonably expected to be needed. Such Fiduciary shall allow and credit on such moneys such interest, if any, as it customarily allows upon similar funds of similar size and under similar condition or as required by law.

All moneys held under the Indenture by any Fiduciary shall be (1) either (A) continuously and fully insured by the Federal Deposit Insurance Corporation, or (B) continuously and fully secured by lodging with the Trustee or any Federal Reserve Bank, as custodian, as collateral security, such securities as are described in clauses (a) through (c), inclusive, of the definition of "Permitted Investments" having a market value (exclusive of accrued interest) not less than the amount of such moneys, or (2) held in such other manner as may then be required by applicable Federal or State of California laws and regulations and applicable state laws and regulations of the state in which such Fiduciary is located, regarding security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Fiduciaries to give security under this paragraph for the deposit of any moneys with them held in trust and set aside by them for the payment of the principal amount or Redemption Price of, or interest on, any Bonds or to give security for any moneys which shall be represented by obligations or certificates of deposit purchased as an investment of such moneys.

All moneys deposited with a Fiduciary shall be credited to the particular Fund to which such moneys belong.

*Investment of Certain Funds.* Moneys held in the Special Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in "Permitted Investments" which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds. Moneys held in the Debt Service Reserve Account shall be invested and reinvested by the Trustee to the fullest extent practicable in securities described in clauses (1), (2), (3), (4), (5), (6) and (7) of the definition of "Permitted Investments" which mature, or which may be drawn upon, not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Account, but, except for investments which permit the Trustee to make withdrawals without penalty, at any time upon not more than two Business Days notice, to provide moneys for payments to be made from such Account, not later than five years from the time of such investment. The Trustee shall make all such investments of moneys held by it and shall sell or otherwise liquidate any such investment and take all actions necessary to draw funds under any such investment, including the giving of necessary notices of the drawing of any moneys under any investment, in each case in accordance with directions of an Authorized Agency Representative, which directions shall be consistent with the Indenture and applicable law, and which directions can either be written or oral; provided that if such directions are oral they shall be promptly confirmed in writing by such Authorized Agency Representative. In the absence of any such written investment directions, the Trustee shall, unless otherwise provided in the provisions of the Indenture described under this caption "—Investment of Certain Funds," invest such moneys in the money market funds described in clause (f) of the definition of "Permitted Investments."

Except as otherwise provided in a Supplemental indenture, interest or other income (net of that which (i) represents a return of accrued interest paid in connection with the purchase of any investment or (ii) is required to effect the amortization of any premium paid in connection with the purchase of any investment) earned on any moneys or investments in the Funds created under the Indenture shall be paid into the Interest Account.

In making any investment in any Permitted Investments with moneys in any Fund established under the Indenture, any Fiduciary may combine such moneys with moneys in any other Fund but solely for the purposes of making such investment in such Investments and provided that any amount so combined shall be separately accounted for. The Trustee may act as principal or agent in the acquisition or disposition of investments.

Nothing in the Indenture shall prevent any Permitted Investments acquired as investments of moneys in any Fund from being issued or held in book-entry form on the books of the Department of the Treasury or the Federal Reserve System of the United States.

*Sale of Investments.* Obligations purchased as an investment of moneys in any Fund shall be deemed at all times to be a part of such Fund and any profit realized from the liquidation of such investment shall be credited to such Fund and any loss resulting from the liquidation of such investment shall be charged to the respective Fund.

Except as otherwise provided in the Indenture, the Trustee may sell at the best price reasonably obtainable, or present for redemption, any obligation purchased as an investment whenever it shall be directed by the Agency so to do or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from any Fund held by it. Any obligation purchased as an investment may be credited on a pro-rata basis to more than one Fund and need not be sold in order to provide for the transfer of amounts from one Fund to another, provided that such obligation is an appropriate Permitted Investment for the purposes of the Fund to which it is to be transferred. The Trustee shall not be liable or responsible for making any such investment in the manner provided above or for any loss resulting from any such investment.

**Covenants**

*Compliance with Indenture.* The Agency shall punctually pay the Bonds and the other Parity Obligations in strict conformity with the terms of the Indenture and the Bonds and other Parity Obligations, and shall faithfully observe and perform all the agreements, conditions, covenants and terms contained in the Indenture required to be observed and performed by it, and shall not fail to make any payment required by the Indenture for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State or any political subdivision of either or any failure of any party to observe or perform any agreement, condition, covenant or term contained in any contract or agreement required to be observed and

performed by it, whether express or implied, or any duty, liability or obligation arising out of or connected with any such contract or agreement or the insolvency, or deemed insolvency, or bankruptcy or liquidation of any party or any force majeure, including acts of God, tempest, storm, earthquake, war, rebellion, riot, civil disorder, acts of public enemies, blockade or embargo, strikes, industrial disputes, lockouts, lack of transportation facilities, fire, explosion, or acts or regulations of governmental authorities.

*Against Encumbrances.* The Agency will not mortgage or otherwise encumber, pledge or place any charge upon any of the Subordinate Pledged Tax Revenues, except as provided in the Indenture, and will not issue any bond, note, or other evidence of indebtedness payable from or secured by the Subordinate Pledged Tax Revenues on a basis which is: (i) except for the Senior Bonds, in any manner prior or superior to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; (ii) except for Parity Obligations with respect to the Subordinate Pledged Tax Revenues, in any manner on a parity with the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; or (iii) except for Subordinated Obligations, in any manner subordinate to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture.

*Extension or Funding of Claims for Interest.* In order to prevent any claims for interest after maturity, the Agency will not, directly or indirectly, extend or consent to the extension of the time for the payment of any claim for interest on any Bonds or other Parity Obligations and will not, directly or indirectly, be a party to or approve any such arrangements by purchasing or funding said claims for interest or in any other manner. In case any such claim for interest shall be extended or funded, whether or not with the consent of the Agency, such claim for interest so extended or funded shall not be entitled, in case of default under the Indenture, to the benefits of the Indenture, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest which shall not have been so extended or funded.

*Payment of Claims.* The Agency will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the properties owned by the Agency or upon the Subordinate Pledged Tax Revenues or any part thereof, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds and other Parity Obligations; provided that nothing in the Indenture contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such claims.

*Protection of Security and Rights of Owners.* The Agency will preserve and protect the security of the Bonds and other Parity Obligations and the rights of the Owners and providers or owners of other Parity Obligations, and will warrant and defend their rights against all claims and demands of all persons. From and after the sale and delivery of any Bonds by the Agency, such Bonds shall be incontestable by the Agency.

*Payment of Taxes and Other Charges.* Subject to the provisions of the Indenture, the Agency will pay and discharge all taxes, service charges, assessments and other governmental charges that may hereafter be lawfully imposed upon the Agency or any properties owned by the Agency in the Project Area, or upon the revenues therefrom, when the same shall become due; provided that nothing in the Indenture contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such taxes, service charges, assessments or other governmental charges.

*Financing the Project.* The Agency will commence the financing or refinancing of the Project to be aided with the proceeds of the Bonds with all practicable dispatch, and such financing will be accomplished and completed in a sound, economical and expeditious manner and in conformity with the Redevelopment Plan and the Law so as to complete the Project as soon as possible.

*Taxation of Leased Property.* Whenever any property in the Project is redeveloped by the Agency and thereafter is leased by the Agency to any person or persons, or whenever the Agency leases any real property in the Project to any person or persons for redevelopment, the property shall be assessed and taxed in the same manner as privately-owned property (in accordance with the Law), and the lease or contract shall provide (1) that the lessee shall pay taxes upon the assessed value of the entire property and not merely upon the assessed value of the leasehold interest, and (2) that if for any reason the taxes paid by the lessee on such property in any year during the

term of the lease shall be less than the taxes that would have been payable upon the entire property if the property were assessed and taxed in the same manner as privately-owned property, the lessee shall pay such difference to the Agency within thirty (30) days after the taxes for such year become payable, and in any event prior to the delinquency date of such taxes established by law, which such payments shall be treated as tax increment revenues.

*Disposition of Property in Project Area.* The Agency will not authorize the disposition of any real property in the Project Area that will result in such property becoming exempt from taxation because of public ownership or use or otherwise (except for public ownership or use contemplated by the Redevelopment Plan in effect on the date of execution and delivery of the Indenture, or property to be used for public streets or public off-street parking facilities or easements or rights of way for public utilities, or other similar uses), if such disposition, together with all similar prior dispositions on or subsequent to the effective date of the Indenture, shall cause the amount of projected Tax Revenues expected to be received in the succeeding Fiscal Year (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of such determination) to be less 125% of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law.

*Amendment of Redevelopment Plan.* If the Agency proposes to amend the Redevelopment Plan, it shall cause to be filed with the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds), a Consultant's Report on the effect of such proposed amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will continue to meet the debt service coverage requirements set forth in the Indenture, the Agency may adopt such amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will not continue to meet the debt service coverage requirements set forth in the Indenture, the Agency shall not adopt such proposed amendment. The Trustee shall be entitled to rely upon any said Consultant's Report and shall have no duty to verify the information or statements set forth therein.

*Subordinate Pledged Tax Revenues.* The Agency shall comply with all requirements of the Law to insure the allocation and payment to the Agency of the Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds), including without limitation the timely filing of any necessary statements of indebtedness with appropriate officials of Contra Costa County.

*Further Assurances.* The Agency shall adopt, make, execute and deliver any and all such further indentures, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Indenture, and for the better assuring and confirming unto the Owners of the Bonds and providers or owners of other Parity Obligations of the rights and benefits provided in the Indenture.

*Tax Covenants.* The Agency covenants it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the Tax-exempt status of interest on any Tax-Exempt Bond under Section 103 of the Code. Without limiting the generality of the foregoing, the Agency shall comply with the requirements of the Tax Certificate, if any, delivered in connection with the issuance of each Series of Tax-Exempt Bonds.

In the event that at any time the Agency is of the opinion that, in order to comply with its obligations under paragraph (a) below, it is necessary or helpful to restrict or limit the yield on the investment of any moneys in any of the Funds held by the Trustee pursuant to the Indenture, the Agency shall so instruct the Trustee in writing, and cause the Trustee to take such action as may be necessary in accordance with such instructions.

(a) Notwithstanding any provisions under this "—Tax Covenants," if the Agency shall provide to the Trustee an Opinion of Bond Counsel to the effect that any specified action required under this caption "—Tax Covenants" or a Tax Certificate is no longer required or that some further or different action is required to maintain

the exclusion from federal income tax of interest on the Tax-Exempt Bonds under Section 103 of the Code, the Agency and the Trustee may conclusively rely on such opinion in complying with the requirements of under this caption "—Tax Covenants" and of the applicable Tax Certificate, and the covenants under the Indenture shall be deemed to be modified to that extent.

(b) The covenants under this caption under this "—Tax Covenants" shall survive payment in full or discharge of the Tax-Exempt Bonds.

*Agreements with Other Taxing Agencies.* So long as any Bonds or other Parity Obligations are Outstanding, the Agency shall not enter into any agreement or amend any existing agreement with any other taxing agency entered into (i) pursuant to Section 33401 of the Law or (ii) which operates as a waiver of the Agency's right to receive Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds) under the Redevelopment Plan, unless the Agency's obligations under such agreement are made expressly subordinate and junior to the Agency's obligations under the Indenture, the Bonds and any other Parity Obligations.

*Annual Review of Subordinate Pledged Tax Revenues.* The Agency covenants that it will annually review (i) the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation, and (ii) future cumulative annual Debt Service. Once it has been determined that during the next succeeding Fiscal Year, the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation equals 110% of future cumulative annual Debt Service on Parity Obligations, then the Agency shall deposit all future Subordinate Pledged Tax Revenues into a special escrow account exclusively for the payment of interest on and principal of and redemption premiums, if any, on the Parity Obligations, until such time as the cumulative tax increment limitation, certified to the Agency by an Independent Redevelopment Consultant in a Consultant's Report, is amended to increase the limitation such that the remaining available Subordinated Pledged Tax Revenues will be in excess of 110% of future cumulative annual Debt Service on Parity Obligations (at which time all amounts deposited in such special escrow account may be released).

The Agency shall annually, not later than _____ 1 (commencing _____ 1, 20__), transmit to the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds) a statement setting forth the calculation required by the above paragraph, including (a) remaining annual Debt Service on Parity Obligations, (b) remaining tax increment under the then-current limit, (c) the amount of Subordinate Pledged Tax Revenues accepted during the period covered by the statement, and (d) the amount, if any, to be used or escrowed for use to pay interest on and principal of and redemption premiums, if any, on the Parity Obligations.

No such modification, amendment or supplement shall (1) reduce the aforesaid percentage of Bonds the consent of the Owners of which is required to effect any such modification, amendment or supplement without the consent of the Owners of all of the Bonds then Outstanding; or (2) modify the rights or obligations of any Fiduciary without the consent of such Fiduciary.

It shall not be necessary for the consent of the Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

Prior to the entry into any Supplemental Indenture by the Agency and the Trustee for any of the purposes described under this caption "—Amendments Permitted," the Agency shall cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to the Owners of all Outstanding Bonds (or the affected Outstanding Bonds) at their addresses appearing on the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the office of the Trustee for inspection by each Owner of an Outstanding Bond.

Whenever, at any time after the date of the mailing of notice of the proposed entry into a Supplemental Indenture pursuant to the Indenture, the Agency shall have received an instrument or instruments in writing executed in accordance with the Indenture by or on behalf of the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding, or if less than all of the Outstanding Bonds are affected, by the Owners of not less than a majority in aggregate principal amount of the affected Outstanding Bonds, which instrument or instruments shall refer to the proposed Supplemental Indenture described in the notice of the proposed Supplemental Indenture and shall consent to such Supplemental Indenture in substantially the form referred to in such notice, thereupon, but not otherwise, the Agency and the Trustee may enter into such Supplemental Indenture in substantially such form, without liability or responsibility to any Owner of any Bond, whether or not such Owner shall have consented thereto.

(b) The Indenture or any Supplemental Indenture may be supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of the Owner of any Bond, to provide for the issuance of a Series of Additional Bonds or a Series of Refunding Bonds in accordance with the terms and conditions of the Indenture, and establishing the terms and conditions thereof, including the rights of any Credit Provider for such Additional Bonds or Refunding Bonds, which may include permitting such Credit Provider to act for and on behalf of the Owners of such Additional Bonds or Refunding Bonds for any or all purposes of the Indenture except that no such Credit Provider shall be authorized to extend the fixed maturity of any Bond, or reduce the principal amount thereof, or reduce the amount of any Sinking Fund Installment therefor, or extend the due date of any such Sinking Fund Installment, or reduce the rate of interest on any Bond or extend the time of payment of interest thereon, without the consent of the Owner of each Bond so affected; or except as otherwise provided with respect to a Bond constituting Tender Indebtedness in the Supplemental Indenture authorizing such Bond and subject to the satisfaction of the conditions of paragraph (f) below, reduce the Redemption Price due on the redemption of any Bond or change the date or dates when any Bond is subject to redemption.

(c) The Indenture and any Supplemental Indenture and the rights and obligations of the Agency, the Fiduciaries and the Owners of the Outstanding Bonds may also be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of any Owners of Bonds (but with the consent of any affected Fiduciary), so long as such modification, amendment or supplement shall not materially, adversely affect the interests of the Owners of the Outstanding Bonds, including without limitation, for any one or more of the following purposes:

(i) to add to the covenants and agreements of the Agency contained in the Indenture or a Supplemental Indenture other covenants and agreements thereafter to be observed, to pledge, provide or assign any security for the Bonds (or any portion thereof), or to surrender any right or power in the Indenture reserved to or conferred upon the Agency;

(ii) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in the Indenture or a Supplemental Indenture, or in regard to matters or questions arising under the Indenture or a Supplemental Indenture, as the Agency may deem necessary or desirable; or

(iii) to modify, amend or supplement the Indenture or a Supplemental Indenture in such manner as to permit the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute.

(d) Notwithstanding anything to the contrary under this caption "Amendments to Indenture," the provisions of the Indenture or any Supplemental Indenture may also be modified, amended or supplemented by a Supplemental Indenture or Supplemental Indentures, including amendments which would otherwise be described in paragraph (a) above, without the consent of the Owners of Bonds constituting Tender Indebtedness if either (i) the effective date of such Supplemental Indenture is a date on which such Bonds are subject to mandatory tender for purchase pursuant to the Indenture or (ii) the notice described in the third paragraph of paragraph (a) above is given to Owners of such Bonds at least thirty (30) days before the effective date of such Supplemental Indenture, and on or before such effective date, the Owners of such Bonds have the right to demand purchase of such Bonds pursuant to the Indenture.

(e) If the Supplemental Indenture authorizing the issuance of a Series of Bonds provides that a Credit Provider for all or any portion of the Bonds of such Series shall have the right to consent to Supplemental Indentures which require the consent of the Owners of the Bonds of such Series pursuant to this caption "Amendments to Indenture," then for the purposes of sending notice of any proposed Supplemental Indenture and for determining whether the Owners of the requisite percentage of Bonds have consented to such Supplemental Indenture, but subject to the provisions of paragraph (b) above, references to the Owners of such Bonds shall be deemed to be to the applicable Credit Provider.

(f) For purposes of this caption "Amendments to Indenture," it shall not be necessary that consents of the Owners of any particular percentage of Outstanding Bonds of any affected Series be obtained but it shall be sufficient for purposes of this caption "Amendments to Indenture," if the consent of the Owners of a majority in aggregate principal amount of the combination of affected Outstanding Bonds shall be obtained.

(g) Notwithstanding anything to the contrary contained in this caption "Amendments to Indenture," if authorized by the Supplemental Indenture authorizing the issuance of a Bond constituting Tender Indebtedness, any premium due on the redemption of such Bond and the date or dates when such Bond is subject to redemption may be modified or amended as provided in such Supplemental Indenture if either: (i) the effective date of such modification or amendment is a date on which such Bond is subject to mandatory tender for purchase pursuant to such Supplemental Indenture; or (ii) notice of such modification or amendment has been mailed to the Owner of such Bond at the address set forth in the Bond Register at least thirty (30) days before the effective date of such modification or amendment and on or before such effective date, the Owner of such Bond has the right to demand purchase of such Bond pursuant to such Supplemental Indenture.

Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to the Indenture, no Owner of any Bond shall have any right to object to the entry into such Supplemental Indenture by the Agency and the Trustee, or to object to any of the terms and provisions contained therein or the operation thereof or in any manner to question the propriety of the entry into such Supplemental Indenture, or to enjoin or restrain the Agency or the Trustee from entering into the same or to enjoin or restrain the Agency or the Trustee from taking any action pursuant to the provisions thereof whether or not such Owner gave his consent to such Supplemental Indenture.

*Bonds Deemed Paid.* Bonds (or portions of Bonds) for the payment or redemption of which moneys shall have been set aside and shall be held in trust by an Escrow Agent (through deposit pursuant to a deposit of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof, as applicable, shall be deemed to have been paid within the meaning and with the effect expressed in the provisions of the Indenture described above under "—Payment of Bonds." Any Outstanding Bond (or any portion thereof such that both the portion thereof which is deemed paid and the portion which is not deemed paid pursuant to this paragraph shall be in an Authorized Denomination) shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the provisions of the Indenture described above under "—Payment of Bonds" (except that the obligations under the Indenture set forth in paragraph (b) thereof and the giving of the notices of the redemption of Bonds to be redeemed as provided in the Indenture shall continue) if (1) in case said Bond (or portion thereof) is to be redeemed on any date prior to maturity, the Agency shall have given the Trustee irrevocable instructions to give notice of redemption of such Bond (or portion thereof) on said date as provided in the Indenture, (2) there shall have been deposited with an Escrow Agent either moneys in an amount which shall be sufficient, or Federal Securities, the principal of and the interest on which when due shall provide moneys which, together with the moneys, if any, held by such Escrow Agent for such purpose, shall be sufficient, in each case as evidenced by an Accountant's Certificate, to pay when due the principal amount of, and any redemption premiums on, said Bond (or portion thereof) and interest due and to become due on said Bond (or portion thereof) on and prior to the redemption date or maturity date thereof, as the case may be, and (3) if such Bond (or portion thereof) is not to be paid or redeemed within 60 days of the date of the deposit required by (2) above, the Agency shall have given the Trustee, in form satisfactory to it, instructions to mail, as soon as practicable, by first class mail, postage prepaid, to

the Owner of such Bond, at the last address, if any, appearing upon the Bond Register, a notice that the deposit required by (2) above has been made with an Escrow Agent and that said Bond (or the applicable portion thereof) is deemed to have been paid in accordance with this paragraph and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal amount of, and any redemption premiums on, said Bond. Any notice given pursuant to clause (3) of this paragraph with respect to Bonds which constitute less than all of the Outstanding Bonds of any Series and maturity shall specify the letter and number or other distinguishing mark of each such Bond. Any notice given pursuant to clause (3) of this paragraph with respect to less than the full principal amount of a Bond shall specify the principal amount of such Bond which shall be deemed paid pursuant to this paragraph and notify the Owner of such Bond that such Bond must be surrendered as provided in the Indenture. The receipt of any notice required by this paragraph shall not be a condition precedent to any Bond being deemed paid in accordance with this paragraph and the failure of any Owner to receive any such notice shall not affect the validity of the proceedings for the payment of Bonds in accordance with this paragraph. Neither Federal Securities nor moneys deposited with an Escrow Agent pursuant to this paragraph, nor principal or interest payments on any such Federal Securities, shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal amount of, and any redemption premiums on, said Bonds and the interest thereon; provided that any cash received from principal or interest payments on such Federal Securities deposited with an Escrow Agent, (A) to the extent such cash shall not be required at any time for such payment, as evidenced by an Accountant's Certificate, shall be paid over upon the written direction of an Authorized Agency Representative, including a transfer to the Agency free and clear of any trust, lien, pledge or assignment securing said Bonds, and (B) to the extent such cash shall be required for such payment at a later date, shall, to the extent practicable, at the written direction of an Authorized Agency Representative, be reinvested in Federal Securities maturing at times and in amounts, which together with the other funds to be available to the Escrow Agent for such purpose, shall be sufficient to pay when due the principal amount of, and any redemption premiums on, said Bonds and the interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, as evidenced by an Accountant's Certificate.

Nothing in the Indenture shall prevent the Agency from substituting for the Federal Securities held for the payment or redemption of Bonds (or portions thereof) other Federal Securities which, together with the moneys held by the Escrow Agent for such purpose, as evidenced by an Accountant's Certificate, shall be sufficient to pay when due the principal amount of, and any redemption premiums on, the Bonds (or portions thereof) to be paid or redeemed, and the interest due on the Bonds (or portions thereof) to be paid or redeemed at the times established with the initial deposit of Federal Securities for such purpose provided that the Agency shall deliver to the Escrow Agent a Favorable Opinion of Bond Counsel with respect to such substitution.

*Defeasance of Portion of Bond.* If there shall be deemed paid pursuant to the Indenture less than all of the full principal amount of a Bond, the Agency shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the Owner of such Bond, a new Bond or Bonds for the principal amount of the Bond so surrendered which is deemed paid pursuant to the Indenture and another new Bond or Bonds for the balance of the principal amount of the Bond so surrendered, in each case of like Series, maturity and other terms, and in any of the Authorized Denominations.

*Discharge of Liability on Bonds.* Upon the deposit with an Escrow Agent, in trust, at or before maturity or the applicable redemption date, of money or Federal Securities in the necessary amount (as provided in the provisions of the Indenture described above under the captions "—Payment of Bonds" or "—Bonds Deemed Paid," as applicable) to pay or redeem Outstanding Bonds (or portions thereof), and to pay the interest thereto to such maturity or redemption date, as applicable, (provided that, if such Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been given as in the Indenture provided or provision satisfactory to the Trustee shall have been made for giving such notice), all liability of the Agency in respect of such Bonds shall cease, terminate and be completely discharged, except that the Agency shall remain liable for such payment but only from, and the Bondowners shall thereafter be entitled only to payment (without interest accrued thereon after such redemption date or maturity date, as applicable) out of, the money and Federal Securities deposited with the Escrow Agent as aforesaid for their payment, subject, however, to the provisions of the Indenture; provided that no Bond which constitutes Tender Indebtedness shall be deemed to be paid within the meaning of the Indenture unless the Purchase Price of such Bond, if tendered for purchase in accordance with the Indenture, could be paid when due from such moneys or Federal Securities (as evidenced by an Accountant's Certificate) or a Credit Support Instrument is provided in connection with such Purchase Price.

**Events of Default; Remedies**

*Events of Default.* Each of the following shall constitute an Event of Default under the Indenture:

(i) if default shall be made in the payment of the principal or Redemption Price of or Sinking Fund Installment for, or interest on, any Outstanding Bond or other Parity Obligations (excluding Termination Payments), when and as the same shall become due and payable, whether on an Interest Payment Date, at maturity, by call for redemption, or otherwise;

(ii) if default shall be made by the Agency in the performance or observance of any other of the covenants, agreements or conditions on its part in the Indenture or in the Outstanding Bonds contained or in any other Issuing Instrument of other Parity Obligations or in the other Parity Obligations contained (excluding any covenants, agreements or conditions with respect to the payment of Termination Payments payable by the Agency), and such default shall continue for a period of 120 days after written notice thereof to the Agency by the Trustee or to the Agency and to the Trustee by the relevant Credit provider or by the Owners of not less than 10% in principal amount of the Bonds Outstanding or to the Agency and to the Trustee by the trustee, or owner or holder of not less than 10% in principal amount of, the other Parity Obligations; provided, however, if such default is such that it can be corrected by the Agency but not within the applicable period specified above, it shall not constitute an Event of Default if corrective action is instituted by the Agency within 30 days of the Agency's receipt of the notice of the default required by this paragraph and diligently pursued until the default is corrected; or

(iii) an Event of Bankruptcy shall have occurred and be continuing with respect to the Agency.

Accounting and Examination of Records After Default.

(a) The Agency covenants that if an Event of Default shall have happened and shall not have been remedied, the books of record and accounts of the Agency shall at all times be subject to the inspection and use of the Trustee and of its agents and attorneys.

(b) The Agency covenants that if an Event of Default shall have happened and shall not have been remedied, the Agency, upon demand of the Trustee, shall account, as if it were the trustee of an express trust, for all Subordinate Pledged Tax Revenues and other moneys, securities and funds pledged or held under the Indenture for such period as shall be stated in such demand.

Application of Subordinate Pledged Tax Revenues and Other Moneys After Default.

(b) During the continuance of an Event of Default, the Trustee shall apply all Subordinate Pledged Tax Revenues received by the Trustee pursuant to any right given or action taken under the provisions of the provisions of the Indenture described under the caption "Events of Default; Remedies" which are held by the Trustee pursuant and subject to the terms and conditions of the Indenture, as follows and in the following order of priority:

Third: Subject to the provisions of paragraph (b) above under the caption "—Conditions of Issuance of Subordinated Obligations," to the payment of any Termination Payments due and payable under the Qualified Swap Agreements; provided however, that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause with respect to all Qualified Swap Agreements, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the payment of the Termination Payments then due and payable under all Qualified Swap Agreements ratably (based on the respective amounts to be paid), without any discrimination on preferences.

Fourth: To the transfer to the Debt Service Reserve Account for the Bonds and to each debt service reserve fund for other Outstanding Parity Obligations, the amount, if any, necessary so that the amount on deposit in the Debt Service Reserve Account shall equal the Debt Service Reserve Requirement and the amount in each debt service reserve fund for other Outstanding Parity Obligations shall equal the amount required to be on deposit in such debt service reserve fund under the applicable Issuing Instrument; provided that that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the transfer to the Debt Service Reserve Account and each debt service reserve fund for other Outstanding Parity Obligations ratably (based on the respective amounts to be paid), without any discrimination on preferences.

Fifth: Subject to the provisions of paragraph (b) above under the caption "—Conditions of Issuance of Subordinated Obligations," to the payment of amounts due with respect to outstanding Subordinated Obligations (other than Termination Payments) in accordance with the provisions of the Issuing Instrument pursuant to which such Subordinated Obligations have been issued; provided that that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the payments of amounts due with respect to all Subordinated Obligations ratably (based on the respective amounts to be paid), without any discrimination on preferences except as otherwise provided in the Issuing Instruments pursuant to which such Subordinated Obligations have been issued.

(c) If and whenever all overdue installments of interest on all Outstanding Bonds and Outstanding Parity Obligations, together with the reasonable and proper charges, expenses and liabilities of the Trustee and any other fiduciary for Parity Obligations, and all other sums payable for the account of the Agency under the Indenture, including the principal and Redemption Price of all Outstanding Bonds and Outstanding Parity Obligations and unpaid interest on all Outstanding Bonds and Outstanding Parity Obligations which shall then be payable, shall be paid for by the account of the Agency, or provision satisfactory to the Trustee shall be made for such payment, and all defaults under the Indenture, the Outstanding Bonds and the Outstanding Parity Obligation shall be made good or secured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall be made therefor, the Trustee shall pay over all unexpended Subordinate Pledged Tax Revenues in the hands of the Trustee (except Subordinate Pledged Tax Revenues deposited or pledged, or required by the terms of the Indenture to be deposited or pledged, with the Trustee), and thereupon the Agency and the Trustee shall be restored, respectively, to their former positions and rights under the Indenture. No such payment by the Trustee nor such restoration of the Agency and the Trustee to their former positions and rights shall extend to or affect any subsequent default under the Indenture or impair any right consequent thereon.

(d) The Trustee may in its discretion establish special record dates for the determination of the Owners of Bonds for various purposes of the Indenture, including without limitation, payment of defaulted interest and giving direction to the Trustee.

Enforcement Proceedings.

(a) If an Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee, by its agents and attorneys, may, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, proceed, and upon the written request of the Owners of not less than a majority in principal amount of the Bonds at the time Outstanding, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, shall proceed, to protect and enforce its rights and the rights of the Owners of the Outstanding Bonds by a suit or suits in equity or at law, whether for damages or the specific performance of any covenant contained in the Indenture, to enforce the security interest in, pledge of and lien on the Subordinate Pledged Tax Revenues granted pursuant to the Indenture, or in aid of the execution of any power granted in the Indenture or any remedy granted under applicable provisions of the laws of the State of California, or for an accounting by the Agency as if the Agency were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the Trustee, being advised by counsel, shall deem most effectual to enforce any of its rights or to perform any of its duties under the Indenture.

(b) All rights of action under the Indenture may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in the trial or other proceedings, and any such suit or proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust.

(c) Upon commencing a suit in equity or upon other commencement of judicial proceedings by the Trustee to enforce any right under the Indenture, the Trustee shall be entitled to exercise any and all rights and powers conferred in the Indenture and provided to be exercised by the Trustee upon the occurrence of any Event of Default.

(d) Regardless of the happening of an Event of Default, the Trustee shall have power to, but unless requested in writing by the Owners of a majority in principal amount of the Bonds then Outstanding and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Indenture by any acts which may be unlawful or in violation of the Indenture, and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Owners of the Bonds.

(e) If the Trustee or any Owner or Owners of Outstanding Bonds have instituted any proceeding to enforce any right or remedy under the Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Owner or Owners, then and in every such case the Agency, the Trustee and the Owners shall, subject to any determination in such proceeding, be restored severally and respectively to their former positions under the Indenture, and thereafter all rights and remedies of the Trustee and the Owners shall continue as though no such proceeding had been instituted.

Restriction on Owner's Action.

(a) Except as otherwise provided in paragraph (b) below, and subject to rights of the relevant Credit Provider to direct remedies as set forth in the Indenture or in any Supplemental Indenture, no Owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Indenture or the execution of any trust under the Indenture or for any remedy under the Indenture unless such Owner shall have previously given to the Trustee written notice of the happening of an Event of Default, as provided in the Indenture, and the Owners of at least 25% in principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, either to exercise the powers granted in the Indenture or by the applicable laws of the State of California or to institute such action, suit or proceeding in its own name, and unless such Owners shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Owners of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the pledge created by the Indenture, or to enforce any right under the Indenture, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided in the Indenture and for the ratable benefit of all Owners of the Outstanding Bonds, subject only to the provisions of the Indenture.

The assertion or employment of any right or remedy, under the Indenture or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Effect of Waiver and Other Circumstances.

(b) The Owners of not less than sixty percent in principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Owners of all of the Bonds, waive any Event of Default and its consequences. The Series 2007A Bond Insurer's consent shall be required, in lieu of the consent of the Owners of the Bonds, when such consent is required for the following purposes: (i) execution and delivery of any Supplemental Indenture (except that no consent of the Series 2007A Bond Insurer shall be required with respect to the issuance of or the entering into additional Parity Obligations or Subordinated Obligations in accordance with the terms and conditions of the Indenture), or (ii) amendment of the Indenture, including, but not limited to, any change in the definition of Permitted Investments.

To the extent the consent of a Credit Provider is provided for, or a Credit Provider is permitted to direct the remedies pursued by the Trustee contained in the Indenture, the consent or direction, as appropriate, of the Series 2007A Bond Insurer shall be required or permitted in connection with the remedies pursued by the Trustee upon the occurrence of an Event of a Default under the Indenture, including, to the extent provided: (i) the right to accelerate the principal of the Bonds as described in the Indenture, and (ii) the right to annul any declaration of acceleration, and the Series 2007A Bond Insurer shall also be entitled to approve all waivers of events of default.

The Series 2007A Bond Insurer shall at all times be deemed the sole and exclusive Owner of the Outstanding 2007 Series Bonds for the purposes of all approvals, consents, waivers, institution of any action and the direction of all remedies; provided, however, that the Series 2007A Bond Insurer shall not be deemed to be the sole and exclusive Owner of the Outstanding Bonds with respect to any amendment or supplement to the Indenture which seeks to amend or supplement the Indenture to extend the maturity of or reduce the amount of interest on or principal of any Bond or otherwise alter or impair the obligation of the Agency to pay principal or interest at the time and place and at the rate and in the currency provided therein.

To the extent permitted by law, any reorganization or liquidation plan with respect to the Agency must be acceptable to the Series 2007A Bond Insurer.

(5) if applicable, the Credit Provider providing any Credit Support Instrument shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings

service acceptable to the Series 2007A Bond Insurer, and such Credit Support Instrument and any related Credit Support Agreement shall not contain any provision requiring an acceleration of such Hedged Bonds upon any default under such Credit Support Instrument or related Credit Support Agreement; or

Such Subordinated Obligations shall be payable out of amounts of the Subordinate Pledged Tax Revenues as may from time to time be available therefor, provided that any such payment shall be, and shall be expressed to be, subordinate and junior in all respects to the payment of such Parity Obligations as may be Outstanding from time to time, including Parity Obligations issued after the issuance of such Subordinated Obligations.

(2) In the event that any Subordinated Obligation is declared due and payable before its expressed maturity because of the occurrence of an event of default (under circumstances when the provisions of (1) above shall not be applicable), the owners of all Parity Obligations Outstanding at the time such Subordinated Obligation so becomes due and payable because of such event of default, shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations before the owners of such Subordinated Obligation are entitled to receive any accelerated payment from Subordinate Pledged Tax Revenues with respect to such Subordinated Obligation. For purposes of this subdivision (2), a Termination Payment shall not be considered a declaration of amounts due and payable before expressed maturity even if declared due and payable because of the occurrence of an event of default.

(3) If any default with respect to any Outstanding Parity Obligation shall have occurred and be continuing (under circumstances when the provisions of (1) above shall not be applicable), the owners of all Outstanding Parity Obligations shall be entitled to receive payment in full in cash of all principal and interest on all such Parity Obligations as the same become due and payable in accordance with the provisions of the Issuing Instrument authorizing the issuance of such Parity Obligations before the owners of the Subordinated Obligations are entitled to receive, subject to the provisions of (5) below, any payment from the Subordinate Pledged Tax Revenues with respect to the Subordinated Obligations.

(4) No Bondowner or other owner of Outstanding Parity Obligations shall be prejudiced in his right to enforce subordination of the Subordinated Obligations by any act or failure to act on the part of the Agency or the Trustee.

(5) The Subordinated Obligations may provide that the provisions (1), (2), (3) and (4) above are solely for the purpose of defining the relative rights of the Owners of the Bonds and the owners of all other Outstanding Parity Obligations on the one hand, and the owners of Subordinated Obligations on the other hand, and that nothing therein shall impair, as between the Agency and the owners of the Subordinated Obligations, the obligation of the Agency, which may be unconditional and absolute, to pay to the owners of such Subordinated Obligations the principal thereof and premium, if any, and interest thereon and Net Payments in accordance with their terms, nor shall anything therein prevent the owners of the Subordinated Obligations from exercising all remedies otherwise permitted by applicable law or thereunder upon default thereunder, subject to the rights under (1), (2), (3) and (4) above of the Owners of Outstanding Bonds and the owners of other Outstanding Parity Obligations to receive payment from the Subordinate Pledged Tax Revenues otherwise payable or deliverable to the owners of the Subordinated Obligations; and the Subordinated Obligations may provide that, insofar as a trustee, fiscal agent or paying agent for such Subordinated Obligations is concerned, the foregoing provisions shall not prevent the application by such trustee, fiscal agent or paying agent of any moneys deposited with such trustee, fiscal agent or

paying agent for the purpose of the payment of or on account of the principal (and premium, if any) and interest on such Subordinated Obligations if such trustee, fiscal agent or paying agent did not have knowledge at the time of such application that such payment was prohibited by the foregoing provisions.

(c) Any Subordinated Obligations may have such rank or priority with respect to any other Subordinated Obligations as may be provided in the indenture or other instrument, authorizing the issuance or incurrence, or securing of such Subordinated Obligations and may contain such other provisions as are not in conflict with the provisions of the Indenture.

*Credit Provider Bonds.* Subject only to the provisions of the Indenture described above under the caption "—Bonds Constitute Special Obligations," notwithstanding any other provision contained in the Indenture to the contrary, Bonds which are Credit Provider Bonds shall have terms and conditions, including terms of maturity, payment, prepayment and interest rate, as shall be specified in the applicable Credit Support Agreement.

*Limitation on Issuance of Senior Bonds.* The Agency covenants that so long as any Parity Obligations are Outstanding, the Agency shall not issue any additional (including any refunding) Senior Bonds under the Senior Obligations or other debt which is payable on a parity with the Senior Bonds and on a priority basis to any Parity Obligations.

**Establishment of Funds and Application Thereof**

*Pledge of Subordinate Pledged Tax Revenues. Subject to the provisions of the Indenture* permitting application thereof for the purposes and on the terms and conditions set forth in the Indenture, to secure the payment of all the Outstanding Bonds and Parity Obligations, including without limitation Credit Provider Bonds, and the interest payments becoming due thereon according to their tenor, purport and effect, and to secure the performance and observance of all of the covenants, agreements and conditions contained in the Outstanding Bonds, including without limitation Credit Provider Bonds, and the Indenture, the Agency irrevocably grants a lien on and a security interest in, and pledges, the Subordinate Pledged Tax Revenues and all money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture, whether held by the Agency or the Trustee, to the Trustee for the benefit of the Owners of the Outstanding Bonds, including without limitation Credit Provider Bonds, and any Parity Obligations, including without limitation Credit Support Agreements for Parity Obligations and Qualified Swap Agreements. This lien on and security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture shall constitute a first pledge of and charge and lien upon the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture, shall immediately attach and be effective, binding, and enforceable against the Agency, its successors, purchasers of any of the Subordinate Pledged Tax Revenues or such money in the Special Fund or in the funds or accounts so specified and provided for in the Indenture, creditors, and all others asserting rights therein to the extent set forth in, and in accordance with, the Indenture, irrespective of whether those parties have notice of the lien on, security interest in and pledge of the Subordinate Pledged Tax Revenues and such money in the Special Fund and in the funds or accounts so specified and provided for in the Indenture and without the need for any physical delivery, recordation, filing or further act.

*Funds. To ensure the payment when due and payable, whether at maturity or upon* redemption or upon acceleration, of the principal of, Redemption Price, if any, and interest on the Bonds, there are established the following funds and accounts, to be held and maintained by the Trustee and applied as provided in the Indenture for so long as any of the Bonds are Outstanding:

(a) the Richmond Community Redevelopment Agency Subordinate Housing Set-Aside Tax Allocation Bonds (Merged Project Areas) Special Fund (the "Special Fund"), comprised of an Interest Account, a Principal Account, a Sinking Fund Account and a Debt Service Reserve Account; and

(b) the Richmond Community Redevelopment Agency Subordinate Housing Set-Aside Tax Allocation Bonds (Merged Project Areas) Redemption Fund (the "Redemption Fund").

*Receipt and Deposit of Subordinate Pledged Tax Revenues.* After the Agency has made all required deposits of Tax Revenues in the Funds and Accounts (as defined in the Senior Obligations) established under the Senior Obligations, the Agency shall transfer all Subordinate Pledged Tax Revenues held or received by the Agency to the Trustee for deposit in the Special Fund; provided that the Agency shall not be obligated to deposit in the Special Fund in any Fiscal Year an amount of Subordinate Pledged Tax Revenues which, together with other available amounts then in the Special Fund, exceeds the amounts required to be transferred to the Trustee for deposit in the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to the Indenture. Any Subordinate Pledged Tax Revenues received during any Fiscal Year following deposit in the Special Fund of an amount equal to the aggregate amount required to be transferred to the Interest Account, the Principal Account, the Sinking Fund Account and the Debt Service Reserve Account in such Fiscal Year and the next succeeding Fiscal Year pursuant to the Indenture, shall be released from the pledge and lien under the Indenture and may be used for any lawful purposes of the Agency. There shall not be deposited with the Trustee any taxes eligible for allocation to the Agency for deposit in the Special Fund pursuant to the Law in an amount in excess of that amount which, together with all money then on deposit with the Trustee in the Special Fund and the accounts therein, shall be sufficient to discharge all Outstanding Parity Obligations as provided in the Indenture.

The Agency covenants and agrees that all Subordinate Pledged Tax Revenues deposited in the Special Fund will be accounted for through, and held in trust in the Special Fund, and the Agency shall have no beneficial right or interest in any of such money, except only as provided in the Indenture. All such Subordinate Pledged Tax Revenues shall nevertheless be disbursed, allocated and applied solely to the uses and purposes in the Indenture set forth, and shall be accounted for separately and apart from all other money, funds, accounts or other resources of the Agency.

*Special Fund.* (a) All moneys in the Special Fund shall be set-aside by the Trustee in each Fiscal Year when and as received in the following respective special accounts within the Special Fund; provided, however, that all receipts and payments made to the Agency pursuant to a Qualified Swap Agreement, and if so provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds, and constituting Subordinate Pledged Tax Revenues shall immediately upon receipt thereof be deposited in the Interest Account. All moneys in each of such accounts shall be held in trust by the Trustee and shall be applied, used and withdrawn only for the purposes authorized in the Indenture.

(1) Interest Account. The Trustee shall set aside from the Special Fund and deposit in the Interest Account an amount of money which, together with any money contained therein equals the aggregate amount of the Debt Service constituting interest becoming due and payable on all Outstanding Bonds on the Interest Payment Dates and on all other outstanding Parity Obligations on interest payment dates thereof in such Fiscal Year and the next succeeding Fiscal Year. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant to Qualified Swap Agreements entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues. In addition, the Trustee shall deposit in the Interest Account all receipts and payments made to the Agency pursuant a Qualified Swap Agreement, and to the extent provided in a Supplemental Indenture, all receipts and payments made to the Agency pursuant to other Public Finance Contracts entered into in connection with any Bonds or other Parity Obligations and constituting Subordinate Pledged Tax Revenues.

For purposes of determining the amount of money to be set aside from the Special Fund and deposited in the Interest Account pursuant to the Indenture, the determination of the amount the Debt Service constituting interest becoming due and payable on all Outstanding Bonds and on all other outstanding Parity Obligations shall be subject to the Debt Service Adjustments and Assumptions; provided, however, that, if and to the extent that all or a portion of the Outstanding Bonds or the other outstanding Parity Obligations are the subject of a Qualified Swap Agreement, the amount to be deposited in the Interest Account with respect to such Bonds or other Parity Obligations shall be an amount equal to the aggregate amount of Agency Swap Payments plus the Basis Differential Amount becoming due and payable in such Fiscal Year and the next succeeding Fiscal Year.

All moneys in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds and the other Parity Obligations, including Net Payments, as the same shall become due and payable.

(2) Principal Account. The Trustee shall set aside from the Special Fund and deposit in the Principal Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of the principal becoming due and payable on all Outstanding Bonds and all other outstanding Parity Obligations which are Serial Obligations in such Fiscal Year and the next succeeding Fiscal Year. All money in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Outstanding Bonds and other outstanding Parity Obligations which are Serial Obligations as they shall become due and payable.

(3) Sinking Fund Account. The Trustee shall set aside from the Special Fund and deposit in the Sinking Fund Account an amount of money which, together with any money contained therein, is equal to the aggregate amount of Sinking Fund Installments becoming due and payable with respect to all Outstanding Bonds and sinking fund installments becoming due and payable with respect to all other outstanding Parity Obligations which are Term Obligations in such Fiscal Year and the next succeeding Fiscal Year. All moneys in the Sinking Fund Account shall be used by the Trustee to redeem the Outstanding Bonds and other outstanding Parity Obligations which are Term Obligations in accordance with the Supplemental Indenture authorizing such Bonds or other outstanding Parity Obligations. In the event that Bonds or which are Term Obligations purchased or redeemed at the option of the Agency are deposited with the Trustee for the credit of the Sinking Fund Account not less than forty-five (45) days prior to the due date for any Sinking Fund Installment for such Bonds, such deposit shall satisfy (to the extent of 100% of the principal amount of such Bonds) any obligation of the Agency to make a payment with respect to such Sinking Fund Installments. Any Bond so deposited with the Trustee shall be cancelled and shall no longer be deemed to be Outstanding for any purpose. Upon making the deposit with the Trustee of Bonds which are Term Obligations as provided in this paragraph, the Agency may specify the dates and amounts of Sinking Fund Installments for such Bonds as to which the Agency's obligations to make a payment with respect to Sinking Fund Installments for such Bonds shall be satisfied.

(4) Debt Service Reserve Account.

(i) The Trustee shall set aside from the Special Fund and deposit in the Debt Service Reserve Account an amount of money (or other authorized deposit of security, as provided in paragraph (v) below) equal to the Debt Service Reserve Requirement for the Bonds then Outstanding. The Trustee shall also set aside from the Special Fund and deposit in the debt service reserve account established under an Issuing Instrument for any other Parity Obligation an amount of money equal to the debt service reserve requirement for such Parity Obligations then outstanding. The Debt Service Reserve Account shall be replenished in the following priority: (i) principal and interest on Reserve Financial Guaranties shall be paid from first available Subordinate Pledged Tax Revenues on a pro rata basis; and (ii) after all such amounts are paid in full, amounts necessary to fund the Debt Service Reserve Account to the required level, after taking into account the amounts available under the Reserve Financial Guaranties shall be deposited from next available Subordinate Pledged Tax Revenues. No deposit need be made in the Debt Service Reserve Account or the debt serve reserve account for such other Parity Obligations so long as there shall be on deposit therein an amount equal to the Debt Service Reserve Requirement of the Bonds then Outstanding or the debt service reserve requirement for such Parity Obligations then outstanding, as applicable. If on any date on which the principal or Redemption Price of, or interest on, Bonds or an Agency Swap Payment is due, the amount in the applicable account in the Special Fund available for such payment is less than the amount of the principal and Redemption Price of and interest on the Bonds or Agency Swap Payment due on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

(ii) Except as provided in paragraph (v) below, if on the last Business Day of any month the amount on deposit in any Debt Service Reserve Account shall exceed the Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Financial Guaranty deposited in or credited to such Fund and to the payment of interest or other amounts due with respect to such a Reserve Financial Guaranty and any remaining moneys shall be deposited in the Interest Account.

(iii) Whenever the amount in the Debt Service Reserve Account (excluding Reserve Financial Guaranties), together with the amount in the Special Fund, is sufficient to pay in full all of the Outstanding

Bonds in accordance with their terms (including principal or Redemption Price and interest thereon), the funds on deposit in the Debt Service Reserve Account shall be transferred to the Special Fund.

(iv) In the event of the refunding of one or more Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized Agency Representative, withdraw from the Debt Service Reserve Account any or all of the amounts on deposit therein (excluding Reserve Financial Guaranties) and deposit such amounts with itself as Trustee, or the Escrow Agent for the Bonds to be refunded, to be held for the payment of the principal or Redemption Price, if any, of, and interest on, the Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Bonds (or portions thereof) being refunded shall be deemed to have been paid pursuant to the Indenture, and (b) the amount remaining in the Debt Service Reserve Account after such withdrawal, taking into account any deposits to be made in the Debt Service Reserve Account in connection with such refunding, shall not be less than the Debt Service Reserve Requirement.

(v) In lieu of the deposits and transfers to the Debt Service Reserve Account required by the Indenture, the Agency may cause to be deposited in the Debt Service Reserve Account a Reserve Financial Guaranty or Reserve Financial Guaranties in an amount equal to the difference between the Debt Service Reserve Requirement and the sums, if any, then on deposit in the Debt Service Reserve Account or being deposited in such Fund concurrently with such Reserve Financial Guaranty or Guaranties. The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Financial Guaranties to receive payments with respect to the Reserve Financial Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys shall be required to be withdrawn from the Debt Service Reserve Account and applied to the payment of principal or Redemption Price of, or interest on, any Bonds and such withdrawal cannot be met by amounts on deposit in the applicable accounts in the Debt Service Reserve Account; (ii) on the first Business Day which is at least ten (10) days prior to the expiration date of each Reserve Financial Guaranty, in an amount equal to the deficiency which would exist in the Debt Service Reserve Account if the Reserve Financial Guaranty expired, unless a substitute Reserve Financial Guaranty with an expiration date not earlier than 180 days after the expiration date of the expiring Reserve Financial Guaranty is acquired prior to such date or the Agency deposits funds in the Debt Service Reserve Account on or before such date such that the amount in the Debt Service Reserve Account on such date (without regard to such expiring Reserve Financial Guaranty) is at least equal to the Debt Service Reserve Requirement.

If, upon the deposit of a Reserve Financial Guaranty into the Debt Service Reserve Account pursuant to this paragraph (v), there shall be any amount in the Debt Service Reserve Account in excess of the Debt Service Reserve Requirement, such excess amount may be applied to the cost of acquiring such Reserve Financial Guaranty and, to the extent not so applied, shall be transferred to the Interest Account or, with a Favorable Opinion of Bond Counsel, as directed by the Agency.

If at any time obligations insured or issued by a Reserve Financial Guaranty Provider shall no longer maintain the required ratings set forth in the definition of "Reserve Financial Guaranty," the Agency shall provide or cause to be provided cash or a substitute Reserve Financial Guaranty meeting such requirements to the extent necessary to satisfy the Debt Service Reserve Requirement with either cash, qualified Reserve Financial Guaranties or a combination thereof.

(vi) To the extent the Agency elects to have the Trustee establish and maintain a separate account in the Debt Service Reserve Account for a particular Series of Bonds pursuant to a Supplemental Indenture, these provisions regarding the Debt Service Reserve Account shall not apply to such Series of Bonds.

(5) Surplus. After making the deposits required in paragraphs (1) through (4) above, in any Fiscal Year, the Trustee shall transfer any amount remaining on deposit in the Special Fund to the Agency to be used for any lawful purpose of the Agency.

(b) In the event that on any date upon which the Agency is to make a payment from Subordinate Pledged Tax Revenues pursuant to paragraphs (1), (2) and/or (3) of paragraph (a) above and the amount of available

Subordinate Pledged Tax Revenues is not sufficient to make such payment, then the Agency shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraphs (1), (2) and/or (3) of paragraph (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

(c) In the event that on any date upon which the Agency is to make a payment or deposit from Subordinate Pledged Tax Revenues pursuant to paragraph (4) of paragraph (a) above and the amount of available Subordinate Pledged Tax Revenues is not sufficient to make such payment or deposit, then the Agency, after making the payments required by paragraphs (1), (2) and/or (3) of paragraph (a) above, shall apply the available Subordinate Pledged Tax Revenues to the payments required by paragraph (4) of paragraph (a) above ratably (based on the respective amounts to be paid), without any discrimination or preferences.

(d) In the event one or more Paying Agents have been appointed for the Bonds, moneys may be transferred by the Trustee to such Paying Agents from the appropriate account in the Special Fund for deposit into a special trust account to ensure the payment when due of the principal of, Redemption Price, if any, and interest on the Bonds or on the other Parity Obligations. In the event that any principal of, Redemption Price or interest on, any Bond or on any other Parity Obligation has been paid from amounts made available pursuant to a Credit Support Instrument, amounts in the appropriate accounts in the Special Fund with respect to such Bond or other Parity Obligation, and any such amounts transferred by the Trustee from the Special Fund to a Paying Agent for such Bond or other Parity Obligation pursuant to the Indenture, shall be paid to the applicable Credit Provider as a reimbursement of the amounts so paid.

*Redemption Fund.* From the moneys paid by the Agency, the Trustee shall, on or before each date fixed for redemption, deposit in the Redemption Fund an amount equal to the Redemption Price of the Bonds to be redeemed. Said moneys shall be set aside in said Fund and shall be applied on or after the redemption date to the payment of the Redemption Price of the Bonds to be redeemed and, except as otherwise provided in this paragraph, shall be used only for that purpose. In the event one or more Paying Agents have been appointed for the Bonds which are to be redeemed with moneys in the Redemption Fund, amounts in the Redemption Fund may be transferred from such Fund by the Trustee to the Paying Agent for the Bonds to be redeemed for deposit into a special trust account held by such Paying Agent to ensure the payment when due the Redemption Price of the Bonds to be redeemed. In the event that the Redemption Price of a Bond has been paid by a Credit Provider pursuant to a Credit Support Instrument, amounts in the Redemption Fund with respect to such Redemption Price, and any such amounts transferred by the Trustee from the Redemption Fund to a Paying Agent for such Bonds pursuant to this paragraph, shall be paid to such Credit Provider as a reimbursement of the amounts so paid. If, after all of the Bonds designated for redemption have been redeemed and cancelled or paid and cancelled, there are moneys remaining in the Redemption Fund, said moneys shall be transferred to the Interest Account; provided, however, that if said moneys are part of the proceeds of Refunding Obligations said moneys shall be applied as provided in the Issuing Instrument authorizing the issuance of such Refunding Obligations.

*Depositories.* The Trustee shall hold all moneys deposited with it pursuant to the Indenture or may deposit such moneys with one or more Depositories in trust. All moneys deposited under the provisions of the Indenture with the Trustee or any Depository shall be held in trust and applied only in accordance with the provisions of the Indenture, and each of the Funds established by the Indenture shall be a trust fund for the purposes of the Indenture.

Deposits.

All moneys held by any Fiduciary under the Indenture may be placed on demand or time deposit, if and as directed by the Agency, provided that such deposits shall permit the moneys so held to be available for use at the time when reasonably expected to be needed. No Fiduciary shall be liable for any loss or depreciation in value resulting from any investment made pursuant to the Indenture. Any such deposit may be made in the commercial banking department of any Fiduciary or its affiliates which may honor checks and drafts on such deposit with the same force and effect as if it were not such Fiduciary. All moneys held by any Fiduciary, as such, may be deposited by such Fiduciary in its banking department on demand or, if and to the extent directed by the Agency and acceptable to such Fiduciary, on time deposit, provided that such moneys on deposit be available for use at the time when reasonably expected to be needed. Such Fiduciary shall allow and credit on such moneys such interest, if any, as it customarily allows upon similar funds of similar size and under similar condition or as required by law.

All moneys held under the Indenture by any Fiduciary shall be (1) either (A) continuously and fully insured by the Federal Deposit Insurance Corporation, or (B) continuously and fully secured by lodging with the Trustee or any Federal Reserve Bank, as custodian, as collateral security, such securities as are described in clauses (a) through (c), inclusive, of the definition of "Permitted Investments" having a market value (exclusive of accrued interest) not less than the amount of such moneys, or (2) held in such other manner as may then be required by applicable Federal or State of California laws and regulations and applicable state laws and regulations of the state in which such Fiduciary is located, regarding security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Fiduciaries to give security under this paragraph for the deposit of any moneys with them held in trust and set aside by them for the payment of the principal amount or Redemption Price of, or interest on, any Bonds or to give security for any moneys which shall be represented by obligations or certificates of deposit purchased as an investment of such moneys.

All moneys deposited with a Fiduciary shall be credited to the particular Fund to which such moneys belong.

*Investment of Certain Funds.* Moneys held in the Special Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in "Permitted Investments" which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds. Moneys held in the Debt Service Reserve Account shall be invested and reinvested by the Trustee to the fullest extent practicable in securities described in clauses (1), (2), (3), (4), (5), (6) and (7) of the definition of "Permitted Investments" which mature, or which may be drawn upon, not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Account, but, except for investments which permit the Trustee to make withdrawals without penalty, at any time upon not more than two Business Days notice, to provide moneys for payments to be made from such Account, not later than five years from the time of such investment. The Trustee shall make all such investments of moneys held by it and shall sell or otherwise liquidate any such investment and take all actions necessary to draw funds under any such investment, including the giving of necessary notices of the drawing of any moneys under any investment, in each case in accordance with directions of an Authorized Agency Representative, which directions shall be consistent with the Indenture and applicable law, and which directions can either be written or oral; provided that if such directions are oral they shall be promptly confirmed in writing by such Authorized Agency Representative. In the absence of any such written investment directions, the Trustee shall, unless otherwise provided in the provisions of the Indenture described under this caption "—Investment of Certain Funds," invest such moneys in the money market funds described in clause (f) of the definition of "Permitted Investments."

Except as otherwise provided in a Supplemental indenture, interest or other income (net of that which (i) represents a return of accrued interest paid in connection with the purchase of any investment or (ii) is required to effect the amortization of any premium paid in connection with the purchase of any investment) earned on any moneys or investments in the Funds created under the Indenture shall be paid into the Interest Account.

In making any investment in any Permitted Investments with moneys in any Fund established under the Indenture, any Fiduciary may combine such moneys with moneys in any other Fund but solely for the purposes of making such investment in such Investments and provided that any amount so combined shall be separately accounted for. The Trustee may act as principal or agent in the acquisition or disposition of investments.

Nothing in the Indenture shall prevent any Permitted Investments acquired as investments of moneys in any Fund from being issued or held in book-entry form on the books of the Department of the Treasury or the Federal Reserve System of the United States.

*Sale of Investments.* Obligations purchased as an investment of moneys in any Fund shall be deemed at all times to be a part of such Fund and any profit realized from the liquidation of such investment shall be credited to such Fund and any loss resulting from the liquidation of such investment shall be charged to the respective Fund.

Except as otherwise provided in the Indenture, the Trustee may sell at the best price reasonably obtainable, or present for redemption, any obligation purchased as an investment whenever it shall be directed by the Agency so to do or whenever it shall be necessary in order to provide moneys to meet any payment or transfer from any Fund held by it. Any obligation purchased as an investment may be credited on a pro-rata basis to more than one Fund

and need not be sold in order to provide for the transfer of amounts from one Fund to another, provided that such obligation is an appropriate Permitted Investment for the purposes of the Fund to which it is to be transferred. The Trustee shall not be liable or responsible for making any such investment in the manner provided above or for any loss resulting from any such investment.

**Covenants**

*Compliance with Indenture.* The Agency shall punctually pay the Bonds and the other Parity Obligations in strict conformity with the terms of the Indenture and the Bonds and other Parity Obligations, and shall faithfully observe and perform all the agreements, conditions, covenants and terms contained in the Indenture required to be observed and performed by it, and shall not fail to make any payment required by the Indenture for any cause including, without limiting the generality of the foregoing, any acts or circumstances that may constitute failure of consideration, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State or any political subdivision of either or any failure of any party to observe or perform any agreement, condition, covenant or term contained in any contract or agreement required to be observed and performed by it, whether express or implied, or any duty, liability or obligation arising out of or connected with any such contract or agreement or the insolvency, or deemed insolvency, or bankruptcy or liquidation of any party or any *force majeure*, including acts of God, tempest, storm, earthquake, war, rebellion, riot, civil disorder, acts of public enemies, blockade or embargo, strikes, industrial disputes, lockouts, lack of transportation facilities, fire, explosion, or acts or regulations of governmental authorities.

*Against Encumbrances.* The Agency will not mortgage or otherwise encumber, pledge or place any charge upon any of the Subordinate Pledged Tax Revenues, except as provided in the Indenture, and will not issue any bond, note, or other evidence of indebtedness payable from or secured by the Subordinate Pledged Tax Revenues on a basis which is: (i) except for the Senior Bonds, in any manner prior or superior to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; (ii) except for Parity Obligations with respect to the Subordinate Pledged Tax Revenues, in any manner on a parity with the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture; or (iii) except for Subordinated Obligations, in any manner subordinate to the lien on, pledge of and security interest in the Subordinate Pledged Tax Revenues securing the Outstanding Bonds pursuant to the Indenture.

*Extension or Funding of Claims for Interest.* In order to prevent any claims for interest after maturity, the Agency will not, directly or indirectly, extend or consent to the extension of the time for the payment of any claim for interest on any Bonds or other Parity Obligations and will not, directly or indirectly, be a party to or approve any such arrangements by purchasing or funding said claims for interest or in any other manner. In case any such claim for interest shall be extended or funded, whether or not with the consent of the Agency, such claim for interest so extended or funded shall not be entitled, in case of default under the Indenture, to the benefits of the Indenture, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest which shall not have been so extended or funded.

*Payment of Claims.* The Agency will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the properties owned by the Agency or upon the Subordinate Pledged Tax Revenues or any part thereof, or upon any funds in the hands of the Trustee, or which might impair the security of the Bonds and other Parity Obligations; provided that nothing in the Indenture contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such claims.

*Protection of Security and Rights of Owners.* The Agency will preserve and protect the security of the Bonds and other Parity Obligations and the rights of the Owners and providers or owners of other Parity Obligations, and will warrant and defend their rights against all claims and demands of all persons. From and after the sale and delivery of any Bonds by the Agency, such Bonds shall be incontestable by the Agency.

*Payment of Taxes and Other Charges.* Subject to the provisions of the Indenture, the Agency will pay and discharge all taxes, service charges, assessments and other governmental charges that may hereafter be lawfully imposed upon the Agency or any properties owned by the Agency in the Project Area, or upon the revenues

therefrom, when the same shall become due; provided that nothing in the Indenture contained shall require the Agency to make any such payments so long as the Agency in good faith shall contest the validity of any such taxes, service charges, assessments or other governmental charges.

*Financing the Project.* The Agency will commence the financing or refinancing of the Project to be aided with the proceeds of the Bonds with all practicable dispatch, and such financing will be accomplished and completed in a sound, economical and expeditious manner and in conformity with the Redevelopment Plan and the Law so as to complete the Project as soon as possible.

*Taxation of Leased Property.* Whenever any property in the Project is redeveloped by the Agency and thereafter is leased by the Agency to any person or persons, or whenever the Agency leases any real property in the Project to any person or persons for redevelopment, the property shall be assessed and taxed in the same manner as privately-owned property (in accordance with the Law), and the lease or contract shall provide (1) that the lessee shall pay taxes upon the assessed value of the entire property and not merely upon the assessed value of the leasehold interest, and (2) that if for any reason the taxes paid by the lessee on such property in any year during the term of the lease shall be less than the taxes that would have been payable upon the entire property if the property were assessed and taxed in the same manner as privately-owned property, the lessee shall pay such difference to the Agency within thirty (30) days after the taxes for such year become payable, and in any event prior to the delinquency date of such taxes established by law, which such payments shall be treated as tax increment revenues.

*Disposition of Property in Project Area.* The Agency will not authorize the disposition of any real property in the Project Area that will result in such property becoming exempt from taxation because of public ownership or use or otherwise (except for public ownership or use contemplated by the Redevelopment Plan in effect on the date of execution and delivery of the Indenture, or property to be used for public streets or public off-street parking facilities or easements or rights of way for public utilities, or other similar uses), if such disposition, together with all similar prior dispositions on or subsequent to the effective date of the Indenture, shall cause the amount of projected Tax Revenues expected to be received in the succeeding Fiscal Year (based upon the assessed valuation of taxable property in the Project Area as shown on the most recently equalized assessment roll and the most recently established tax rates preceding the date of such determination) to be less 125% of the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law.

*Amendment of Redevelopment Plan.* If the Agency proposes to amend the Redevelopment Plan, it shall cause to be filed with the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds), a Consultant's Report on the effect of such proposed amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will continue to meet the debt service coverage requirements set forth in the Indenture, the Agency may adopt such amendment. If the Consultant's Report concludes that the effect of such proposed amendment on Tax Revenues is such that the Combined Adjusted Annual Debt Service on all then Outstanding Parity Obligations, Senior Obligations and any unsubordinated loans, advances or indebtedness payable from Tax Revenues pursuant to the Law will not continue to meet the debt service coverage requirements set forth in the Indenture, the Agency shall not adopt such proposed amendment. The Trustee shall be entitled to rely upon any said Consultant's Report and shall have no duty to verify the information or statements set forth therein.

*Subordinate Pledged Tax Revenues.* The Agency shall comply with all requirements of the Law to insure the allocation and payment to the Agency of the Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds), including without limitation the timely filing of any necessary statements of indebtedness with appropriate officials of Contra Costa County.

*Further Assurances.* The Agency shall adopt, make, execute and deliver any and all such further indentures, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Indenture, and for the better assuring and confirming unto the Owners of the Bonds and providers or owners of other Parity Obligations of the rights and benefits provided in the Indenture.

*Tax Covenants.* The Agency covenants it shall not take any action, or fail to take any action, if any such action or failure to take action would adversely affect the Tax-exempt status of interest on any Tax-Exempt Bond under Section 103 of the Code. Without limiting the generality of the foregoing, the Agency shall comply with the requirements of the Tax Certificate, if any, delivered in connection with the issuance of each Series of Tax-Exempt Bonds.

In the event that at any time the Agency is of the opinion that, in order to comply with its obligations under paragraph (a) below, it is necessary or helpful to restrict or limit the yield on the investment of any moneys in any of the Funds held by the Trustee pursuant to the Indenture, the Agency shall so instruct the Trustee in writing, and cause the Trustee to take such action as may be necessary in accordance with such instructions.

(a) Notwithstanding any provisions under this "—Tax Covenants," if the Agency shall provide to the Trustee an Opinion of Bond Counsel to the effect that any specified action required under this caption "—Tax Covenants" or a Tax Certificate is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Bonds under Section 103 of the Code, the Agency and the Trustee may conclusively rely on such opinion in complying with the requirements of under this caption "—Tax Covenants" and of the applicable Tax Certificate, and the covenants under the Indenture shall be deemed to be modified to that extent.

(b) The covenants under this caption under this "—Tax Covenants" shall survive payment in full or discharge of the Tax-Exempt Bonds.

*Agreements with Other Taxing Agencies.* So long as any Bonds or other Parity Obligations are Outstanding, the Agency shall not enter into any agreement or amend any existing agreement with any other taxing agency entered into (i) pursuant to Section 33401 of the Law or (ii) which operates as a waiver of the Agency's right to receive Subordinate Pledged Tax Revenues (excluding receipts and payments made to the Agency pursuant to Public Finance Contracts entered into in connection with any Bonds) under the Redevelopment Plan, unless the Agency's obligations under such agreement are made expressly subordinate and junior to the Agency's obligations under the Indenture, the Bonds and any other Parity Obligations.

*Annual Review of Subordinate Pledged Tax Revenues.* The Agency covenants that it will annually review (i) the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation, and (ii) future cumulative annual Debt Service. Once it has been determined that during the next succeeding Fiscal Year, the total amount of Subordinate Pledged Tax Revenues remaining available to be received by the Agency under the Redevelopment Plan's cumulative tax increment limitation equals 110% of future cumulative annual Debt Service on Parity Obligations, then the Agency shall deposit all future Subordinate Pledged Tax Revenues into a special escrow account exclusively for the payment of interest on and principal of and redemption premiums, if any, on the Parity Obligations, until such time as the cumulative tax increment limitation, certified to the Agency by an Independent Redevelopment Consultant in a Consultant's Report, is amended to increase the limitation such that the remaining available Subordinated Pledged Tax Revenues will be in excess of 110% of future cumulative annual Debt Service on Parity Obligations (at which time all amounts deposited in such special escrow account may be released).

The Agency shall annually, not later than _____ 1 (commencing _____ 1, 20__), transmit to the Trustee, the Credit Provider, if any, and each provider or owner of Parity Obligations (other than Owners of Bonds) a statement setting forth the calculation required by the above paragraph, including (a) remaining annual Debt Service on Parity Obligations, (b) remaining tax increment under the then-current limit, (c) the amount of Subordinate Pledged Tax Revenues accepted during the period covered by the statement, and (d) the amount, if any, to be used or escrowed for use to pay interest on and principal of and redemption premiums, if any, on the Parity Obligations.

No such modification, amendment or supplement shall (1) reduce the aforesaid percentage of Bonds the consent of the Owners of which is required to effect any such modification, amendment or supplement without the consent of the Owners of all of the Bonds then Outstanding; or (2) modify the rights or obligations of any Fiduciary without the consent of such Fiduciary.

It shall not be necessary for the consent of the Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

Prior to the entry into any Supplemental Indenture by the Agency and the Trustee for any of the purposes described under this caption "—Amendments Permitted," the Agency shall cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to the Owners of all Outstanding Bonds (or the affected Outstanding Bonds) at their addresses appearing on the Bond Register. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture and shall state that copies thereof are on file at the office of the Trustee for inspection by each Owner of an Outstanding Bond.

Whenever, at any time after the date of the mailing of notice of the proposed entry into a Supplemental Indenture pursuant to the Indenture, the Agency shall have received an instrument or instruments in writing executed in accordance with the Indenture by or on behalf of the Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding, or if less than all of the Outstanding Bonds are affected, by the Owners of not less than a majority in aggregate principal amount of the affected Outstanding Bonds, which instrument or instruments shall refer to the proposed Supplemental Indenture described in the notice of the proposed Supplemental Indenture and shall consent to such Supplemental Indenture in substantially the form referred to in such notice, thereupon, but not otherwise, the Agency and the Trustee may enter into such Supplemental Indenture in substantially such form, without liability or responsibility to any Owner of any Bond, whether or not such Owner shall have consented thereto.

(b) The Indenture or any Supplemental Indenture may be supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of the Owner of any Bond, to provide for the issuance of a Series of Additional Bonds or a Series of Refunding Bonds in accordance with the terms and conditions of the Indenture, and establishing the terms and conditions thereof, including the rights of any Credit Provider for such Additional Bonds or Refunding Bonds, which may include permitting such Credit Provider to act for and on behalf of the Owners of such Additional Bonds or Refunding Bonds for any or all purposes of the Indenture except that no such Credit Provider shall be authorized to extend the fixed maturity of any Bond, or reduce the principal amount thereof, or reduce the amount of any Sinking Fund Installment therefor, or extend the due date of any such Sinking Fund Installment, or reduce the rate of interest on any Bond or extend the time of payment of interest thereon, without the consent of the Owner of each Bond so affected; or except as otherwise provided with respect to a Bond constituting Tender Indebtedness in the Supplemental Indenture authorizing such Bond and subject to the satisfaction of the conditions of paragraph (f) below, reduce the Redemption Price due on the redemption of any Bond or change the date or dates when any Bond is subject to redemption.

(c) The Indenture and any Supplemental Indenture and the rights and obligations of the Agency, the Fiduciaries and the Owners of the Outstanding Bonds may also be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the Agency and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of any Owners of Bonds (but with the consent of any affected Fiduciary), so long as such modification, amendment or supplement shall not materially, adversely affect the

interests of the Owners of the Outstanding Bonds, including without limitation, for any one or more of the following purposes:

(i) to add to the covenants and agreements of the Agency contained in the Indenture or a Supplemental Indenture other covenants and agreements thereafter to be observed, to pledge, provide or assign any security for the Bonds (or any portion thereof), or to surrender any right or power in the Indenture reserved to or conferred upon the Agency;

(ii) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in the Indenture or a Supplemental Indenture, or in regard to matters or questions arising under the Indenture or a Supplemental Indenture, as the Agency may deem necessary or desirable; or

(iii) to modify, amend or supplement the Indenture or a Supplemental Indenture in such manner as to permit the qualification of the Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute.

(d) Notwithstanding anything to the contrary under this caption "Amendments to Indenture," the provisions of the Indenture or any Supplemental Indenture may also be modified, amended or supplemented by a Supplemental Indenture or Supplemental Indentures, including amendments which would otherwise be described in paragraph (a) above, without the consent of the Owners of Bonds constituting Tender Indebtedness if either (i) the effective date of such Supplemental Indenture is a date on which such Bonds are subject to mandatory tender for purchase pursuant to the Indenture or (ii) the notice described in the third paragraph of paragraph (a) above is given to Owners of such Bonds at least thirty (30) days before the effective date of such Supplemental Indenture, and on or before such effective date, the Owners of such Bonds have the right to demand purchase of such Bonds pursuant to the Indenture.

(e) If the Supplemental Indenture authorizing the issuance of a Series of Bonds provides that a Credit Provider for all or any portion of the Bonds of such Series shall have the right to consent to Supplemental Indentures which require the consent of the Owners of the Bonds of such Series pursuant to this caption "Amendments to Indenture," then for the purposes of sending notice of any proposed Supplemental Indenture and for determining whether the Owners of the requisite percentage of Bonds have consented to such Supplemental Indenture, but subject to the provisions of paragraph (b) above, references to the Owners of such Bonds shall be deemed to be to the applicable Credit Provider.

(f) For purposes of this caption "Amendments to Indenture," it shall not be necessary that consents of the Owners of any particular percentage of Outstanding Bonds of any affected Series be obtained but it shall be sufficient for purposes of this caption "Amendments to Indenture," if the consent of the Owners of a majority in aggregate principal amount of the combination of affected Outstanding Bonds shall be obtained.

(g) Notwithstanding anything to the contrary contained in this caption "Amendments to Indenture," if authorized by the Supplemental Indenture authorizing the issuance of a Bond constituting Tender Indebtedness, any premium due on the redemption of such Bond and the date or dates when such Bond is subject to redemption may be modified or amended as provided in such Supplemental Indenture if either: (i) the effective date of such modification or amendment is a date on which such Bond is subject to mandatory tender for purchase pursuant to such Supplemental Indenture; or (ii) notice of such modification or amendment has been mailed to the Owner of such Bond at the address set forth in the Bond Register at least thirty (30) days before the effective date of such modification or amendment and on or before such effective date, the Owner of such Bond has the right to demand purchase of such Bond pursuant to such Supplemental Indenture.

Supplemental Indenture shall be deemed to be part of the terms and conditions of the Indenture for any and all purposes. Upon the Agency and the Trustee entering into any Supplemental Indenture pursuant to the Indenture, no Owner of any Bond shall have any right to object to the entry into such Supplemental Indenture by the Agency and the Trustee, or to object to any of the terms and provisions contained therein or the operation thereof or in any manner to question the propriety of the entry into such Supplemental Indenture, or to enjoin or restrain the Agency or the Trustee from entering into the same or to enjoin or restrain the Agency or the Trustee from taking any action pursuant to the provisions thereof whether or not such Owner gave his consent to such Supplemental Indenture.

*Bonds Deemed Paid.* Bonds (or portions of Bonds) for the payment or redemption of which moneys shall have been set aside and shall be held in trust by an Escrow Agent (through deposit pursuant to a deposit of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof, as applicable, shall be deemed to have been paid within the meaning and with the effect expressed in the provisions of the Indenture described above under "—Payment of Bonds." Any Outstanding Bond (or any portion thereof such that both the portion thereof which is deemed paid and the portion which is not deemed paid pursuant to this paragraph shall be in an

Authorized Denomination) shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the provisions of the Indenture described above under "—Payment of Bonds" (except that the obligations under the Indenture set forth in paragraph (b) thereof and the giving of the notices of the redemption of Bonds to be redeemed as provided in the Indenture shall continue) if (1) in case said Bond (or portion thereof) is to be redeemed on any date prior to maturity, the Agency shall have given the Trustee irrevocable instructions to give notice of redemption of such Bond (or portion thereof) on said date as provided in the Indenture, (2) there shall have been deposited with an Escrow Agent either moneys in an amount which shall be sufficient, or Federal Securities, the principal of and the interest on which when due shall provide moneys which, together with the moneys, if any, held by such Escrow Agent for such purpose, shall be sufficient, in each case as evidenced by an Accountant's Certificate, to pay when due the principal amount of, and any redemption premiums on, said Bond (or portion thereof) and interest due and to become due on said Bond (or portion thereof) on and prior to the redemption date or maturity date thereof, as the case may be, and (3) if such Bond (or portion thereof) is not to be paid or redeemed within 60 days of the date of the deposit required by (2) above, the Agency shall have given the Trustee, in form satisfactory to it, instructions to mail, as soon as practicable, by first class mail, postage prepaid, to the Owner of such Bond, at the last address, if any, appearing upon the Bond Register, a notice that the deposit required by (2) above has been made with an Escrow Agent and that said Bond (or the applicable portion thereof) is deemed to have been paid in accordance with this paragraph and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal amount of, and any redemption premiums on, said Bond. Any notice given pursuant to clause (3) of this paragraph with respect to Bonds which constitute less than all of the Outstanding Bonds of any Series and maturity shall specify the letter and number or other distinguishing mark of each such Bond. Any notice given pursuant to clause (3) of this paragraph with respect to less than the full principal amount of a Bond shall specify the principal amount of such Bond which shall be deemed paid pursuant to this paragraph and notify the Owner of such Bond that such Bond must be surrendered as provided in the Indenture. The receipt of any notice required by this paragraph shall not be a condition precedent to any Bond being deemed paid in accordance with this paragraph and the failure of any Owner to receive any such notice shall not affect the validity of the proceedings for the payment of Bonds in accordance with this paragraph. Neither Federal Securities nor moneys deposited with an Escrow Agent pursuant to this paragraph, nor principal or interest payments on any such Federal Securities, shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal amount of, and any redemption premiums on, said Bonds and the interest thereon; provided that any cash received from principal or interest payments on such Federal Securities deposited with an Escrow Agent, (A) to the extent such cash shall not be required at any time for such payment, as evidenced by an Accountant's Certificate, shall be paid over upon the written direction of an Authorized Agency Representative, including a transfer to the Agency free and clear of any trust, lien, pledge or assignment securing said Bonds, and (B) to the extent such cash shall be required for such payment at a later date, shall, to the extent practicable, at the written direction of an Authorized Agency Representative, be reinvested in Federal Securities maturing at times and in amounts, which together with the other funds to be available to the Escrow Agent for such purpose, shall be sufficient to pay when due the principal amount of, and any redemption premiums on, said Bonds and the interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, as evidenced by an Accountant's Certificate.

Nothing in the Indenture shall prevent the Agency from substituting for the Federal Securities held for the payment or redemption of Bonds (or portions thereof) other Federal Securities which, together with the moneys held by the Escrow Agent for such purpose, as evidenced by an Accountant's Certificate, shall be sufficient to pay when due the principal amount of, and any redemption premiums on, the Bonds (or portions thereof) to be paid or redeemed, and the interest due on the Bonds (or portions thereof) to be paid or redeemed at the times established with the initial deposit of Federal Securities for such purpose provided that the Agency shall deliver to the Escrow Agent a Favorable Opinion of Bond Counsel with respect to such substitution.

*Defeasance of Portion of Bond.* If there shall be deemed paid pursuant to the Indenture less than all of the full principal amount of a Bond, the Agency shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the Owner of such Bond, a new Bond or Bonds for the principal amount of the Bond so surrendered which is deemed paid pursuant to the Indenture and another new Bond or Bonds for the balance of the principal amount of the Bond so surrendered, in each case of like Series, maturity and other terms, and in any of the Authorized Denominations.

*Discharge of Liability on Bonds.* Upon the deposit with an Escrow Agent, in trust, at or before maturity or the applicable redemption date, of money or Federal Securities in the necessary amount (as provided in the provisions of the Indenture described above under the captions "—Payment of Bonds" or "—Bonds Deemed Paid," as applicable) to pay or redeem Outstanding Bonds (or portions thereof), and to pay the interest thereto to such maturity or redemption date, as applicable, (provided that, if such Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been given as in the Indenture provided or provision satisfactory to the Trustee shall have been made for giving such notice), all liability of the Agency in respect of such Bonds shall cease, terminate and be completely discharged, except that the Agency shall remain liable for such payment but only from, and the Bondowners shall thereafter be entitled only to payment (without interest accrued thereon after such redemption date or maturity date, as applicable) out of, the money and Federal Securities deposited with the Escrow Agent as aforesaid for their payment, subject, however, to the provisions of the Indenture; provided that no Bond which constitutes Tender Indebtedness shall be deemed to be paid within the meaning of the Indenture unless the Purchase Price of such Bond, if tendered for purchase in accordance with the Indenture, could be paid when due from such moneys or Federal Securities (as evidenced by an Accountant's Certificate) or a Credit Support Instrument is provided in connection with such Purchase Price.

**Events of Default; Remedies**

*Events of Default.* Each of the following shall constitute an Event of Default under the Indenture:

(i) if default shall be made in the payment of the principal or Redemption Price of or Sinking Fund Installment for, or interest on, any Outstanding Bond or other Parity Obligations (excluding Termination Payments), when and as the same shall become due and payable, whether on an Interest Payment Date, at maturity, by call for redemption, or otherwise;

(ii) if default shall be made by the Agency in the performance or observance of any other of the covenants, agreements or conditions on its part in the Indenture or in the Outstanding Bonds contained or in any other Issuing Instrument of other Parity Obligations or in the other Parity Obligations contained (excluding any covenants, agreements or conditions with respect to the payment of Termination Payments payable by the Agency), and such default shall continue for a period of 120 days after written notice thereof to the Agency by the Trustee or to the Agency and to the Trustee by the relevant Credit Provider or by the Owners of not less than 10% in principal amount of the Bonds Outstanding or to the Agency and to the Trustee by the trustee, or owner or holder of not less than 10% in principal amount of, the other Parity Obligations; provided, however, if such default is such that it can be corrected by the Agency but not within the applicable period specified above, it shall not constitute an Event of Default if corrective action is instituted by the Agency within 30 days of the Agency's receipt of the notice of the default required by this paragraph and diligently pursued until the default is corrected; or

(iii) an Event of Bankruptcy shall have occurred and be continuing with respect to the Agency.

Accounting and Examination of Records After Default.

(a) The Agency covenants that if an Event of Default shall have happened and shall not have been remedied, the books of record and accounts of the Agency shall at all times be subject to the inspection and use of the Trustee and of its agents and attorneys.

(b) The Agency covenants that if an Event of Default shall have happened and shall not have been remedied, the Agency, upon demand of the Trustee, shall account, as if it were the trustee of an express trust, for all Subordinate Pledged Tax Revenues and other moneys, securities and funds pledged or held under the Indenture for such period as shall be stated in such demand.

Application of Subordinate Pledged Tax Revenues and Other Moneys After Default.

(a) Notwithstanding anything to the contrary contained in the Indenture, the Agency covenants that if an Event of Default shall happen and shall not have been remedied, the Agency, upon the demand of the Trustee, shall cause to be paid over to the Trustee by the first Business Day of each month, all Subordinate Pledged Tax Revenues with respect to the preceding month.

(b) During the continuance of an Event of Default, the Trustee shall apply all Subordinate Pledged Tax Revenues received by the Trustee pursuant to any right given or action taken under the provisions of the provisions of the Indenture described under the caption "Events of Default; Remedies" which are held by the Trustee pursuant and subject to the terms and conditions of the Indenture, as follows and in the following order of priority:

First: To the payment of the reasonable and proper fees, charges, expenses and liabilities of the Fiduciaries and the payment of the reasonable and proper charges, expenses and liabilities of the fiduciaries for Parity Obligations.

Second: To the payment of the principal and Redemption Price of and interest on the Outstanding Bonds, and the principal and redemption price of and interest on the other Outstanding Parity Obligations then due and payable; provided however, that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the payment of the principal and redemption price of and interest on all Outstanding Parity Obligations then due and payable ratably (based on the respective amounts to be paid), without any discrimination on preferences.

Third: Subject to the provisions of paragraph (b) above under the caption "—Conditions of Issuance of Subordinated Obligations," to the payment of any Termination Payments due and payable under the Qualified Swap Agreements; provided however, that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause with respect to all Qualified Swap Agreements, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the payment of the Termination Payments then due and payable under all Qualified Swap Agreements ratably (based on the respective amounts to be paid), without any discrimination on preferences.

Fourth: To the transfer to the Debt Service Reserve Account for the Bonds and to each debt service reserve fund for other Outstanding Parity Obligations, the amount, if any, necessary so that the amount on deposit in the Debt Service Reserve Account shall equal the Debt Service Reserve Requirement and the amount in each debt service reserve fund for other Outstanding Parity Obligations shall equal the amount required to be on deposit in such debt service reserve fund under the applicable Issuing Instrument; provided that that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the transfer to the Debt Service Reserve Account and each debt service reserve fund for other Outstanding Parity Obligations ratably (based on the respective amounts to be paid), without any discrimination on preferences.

Fifth: Subject to the provisions of paragraph (b) above under the caption "—Conditions of Issuance of Subordinated Obligations," to the payment of amounts due with respect to outstanding Subordinated Obligations (other than Termination Payments) in accordance with the provisions of the Issuing Instrument pursuant to which such Subordinated Obligations have been issued; provided that that in the event the amount of Subordinate Pledged Tax Revenues available to the Trustee is not sufficient to make all the payments required by this clause, the Trustee shall apply the available Subordinate Pledged Tax Revenues to the payments of amounts due with respect to all Subordinated Obligations ratably (based on the respective amounts to be paid), without any discrimination on preferences except as otherwise provided in the Issuing Instruments pursuant to which such Subordinated Obligations have been issued.

(c) If and whenever all overdue installments of interest on all Outstanding Bonds and Outstanding Parity Obligations, together with the reasonable and proper charges, expenses and liabilities of the Trustee and any other fiduciary for Parity Obligations, and all other sums payable for the account of the Agency under the Indenture, including the principal and Redemption Price of all Outstanding Bonds and Outstanding Parity Obligations and unpaid interest on all Outstanding Bonds and Outstanding Parity Obligations which shall then be payable, shall be

No such payment by the Trustee nor such restoration of the Agency and the Trustee to their former positions and rights shall extend to or affect any subsequent default under the Indenture or impair any right consequent thereon.

(d) The Trustee may in its discretion establish special record dates for the determination of the Owners of Bonds for various purposes of the Indenture, including without limitation, payment of defaulted interest and giving direction to the Trustee.

*Right to Accelerate Upon Default.* Notwithstanding anything contrary in the Indenture or in the Bonds, upon the occurrence of an Event of Default, the Trustee may, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, and shall, at the direction of each Credit Provider whose is permitted to so direct the Trustee under a Supplemental Indenture or a Credit Support Agreement or the Owners of a majority in principal amount of Outstanding Bonds (other than Bonds owned by or on behalf of the Agency), with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, by written notice to the Agency, declare the principal of the Outstanding Bonds to be immediately due and payable, whereupon the principal of the Bonds thereby coming due and the interest thereon accrued to the date of payment shall, without further action, become and be immediately due and payable.

*Appointment of Receiver.* If an Event of Default shall happen and shall not have been remedied, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Owners of the Bonds under the Indenture, the Trustee shall be entitled to make application for the appointment of a receiver or custodian of the Subordinate Pledged Tax Revenues, pending such proceedings, with such power as the court making such appointment shall confer.

Enforcement Proceedings.

(a) If an Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee, by its agents and attorneys, may, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, proceed, and upon the written request of the Owners of not less than a majority in principal amount of the Bonds at the time Outstanding, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, shall proceed, to protect and enforce its rights and the rights of the Owners of the Outstanding Bonds by a suit or suits in equity or at law, whether for damages or the specific performance of any covenant contained in the Indenture, to enforce the security interest in, pledge of and lien on the Subordinate Pledged Tax Revenues granted pursuant to the Indenture, or in aid of the execution of any power granted in the Indenture or any remedy granted under applicable provisions of the laws of the State of California, or for an accounting by the Agency as if the Agency were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the Trustee, being advised by counsel, shall deem most effectual to enforce any of its rights or to perform any of its duties under the Indenture.

(b) All rights of action under the Indenture may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in the trial or other proceedings, and any such suit or proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust.

(c) Upon commencing a suit in equity or upon other commencement of judicial proceedings by the Trustee to enforce any right under the Indenture, the Trustee shall be entitled to exercise any and all rights and powers conferred in the Indenture and provided to be exercised by the Trustee upon the occurrence of any Event of Default.

(d) Regardless of the happening of an Event of Default, the Trustee shall have power to, but unless requested in writing by the Owners of a majority in principal amount of the Bonds then Outstanding and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Indenture by any acts which may be unlawful or in violation of the Indenture, and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Owners of the Bonds.

(e) If the Trustee or any Owner or Owners of Outstanding Bonds have instituted any proceeding to enforce any right or remedy under the Indenture and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Owner or Owners, then and in every such case the Agency, the Trustee and the Owners shall, subject to any determination in such proceeding, be restored severally and respectively to their former positions under the Indenture, and thereafter all rights and remedies of the Trustee and the Owners shall continue as though no such proceeding had been instituted.

Restriction on Owner's Action.

(a) Except as otherwise provided in paragraph (b) below, and subject to rights of the relevant Credit Provider to direct remedies as set forth in the Indenture or in any Supplemental Indenture, no Owner of any Bond shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Indenture or the execution of any trust under the Indenture or for any remedy under the Indenture unless such Owner shall have previously given to the Trustee written notice of the happening of an Event of Default, as provided in the Indenture, and the Owners of at least 25% in principal amount of the Bonds then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, either to exercise the powers granted in the Indenture or by the applicable laws of the State of California or to institute such action, suit or proceeding in its own name, and unless such Owners shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Owners of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the pledge created by the Indenture, or to enforce any right under the Indenture, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided in the Indenture and for the ratable benefit of all Owners of the Outstanding Bonds, subject only to the provisions of the Indenture.

(b) Nothing in the Indenture or in the Bonds contained shall affect or impair the obligation of the Agency, which is absolute and unconditional, to pay on the respective due dates thereof and at the places therein expressed, but solely from the Subordinate Pledged Tax Revenues and the other moneys pledged under the Indenture, the principal amount, or Redemption Price if applicable, of the Bonds, and the interest thereon, to the respective Owners thereof, or affect or impair the right, which is also absolute and unconditional, of any Owner to institute suit for the enforcement of any such payment.

*Remedies Not Exclusive.* No remedy by the terms of the Indenture conferred upon or reserved to the Trustee or the Owners of the Bonds is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Indenture or existing at law or in equity or by statute whether effective on or after the effective date of the Indenture. The assertion or employment of any right or remedy, under the Indenture or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Effect of Waiver and Other Circumstances.

(a) No delay or omission of the Trustee or any Owner of a Bond to exercise any right or power arising upon the happening of an Event of Default shall impair any right or power or shall be construed to be a waiver of any such Event of Default or be an acquiescence therein; and every power and remedy given by the Indenture to the Trustee or to the Owners of the Bonds may be exercised from time to time and as often as may be deemed expedient by the Trustee or by the Owners of the Bonds.

(b) The Owners of not less than sixty percent in principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Owners of all of the Bonds, waive any Event of Default and its consequences. No such waiver shall extend to any subsequent or Event of Default or impair any right consequent thereon unless the provisions of this paragraph have been satisfied with respect to such subsequent Event of Default.

*Notice of Default.* The Trustee shall, within thirty (30) days after obtaining knowledge thereof, mail written notice of the occurrence of any Event of Default of which the Trustee has knowledge to each Credit Provider, each Reserve Financial Guaranty Provider and each Owner of Bonds then Outstanding at such Owner's address, if any, appearing in the Bond Register.

The foregoing shall not affect any other rights of a Credit Provider.

(c) All provisions in the Indenture relating to the rights of a Credit Provider shall be of no force and effect if there is no Credit Support Instrument in effect and all amounts owing to the Credit Provider under the Credit Support Agreement have been paid.

*Reserve Financial Guaranty Providers.* All provisions under the Indenture or a Supplemental Indenture authorizing the exercise of rights by a Reserve Financial Guaranty Provider with respect to Bonds of a Series, including without limitation actions relating to consents, approvals, directions, waivers, appointments and requests, shall be deemed not to require or permit such consents, approvals, directions, waivers, appointments, requests or other actions and shall be read as if the Reserve Financial Guaranty Provider were not mentioned therein (a) during any period during which there is a default by such Reserve Financial Guaranty Provider under the applicable Reserve Financial Guaranty or (b) after the applicable Reserve Financial Guaranty shall at any time for any reason cease to be valid and binding on the Reserve Financial Guaranty Provider, or shall be declared to be null and void by final judgment of a court of competent jurisdiction, or after the Reserve Financial Guaranty has been rescinded, repudiated or terminated, or after a receiver, conservator or liquidator has been appointed for the Reserve Financial Guaranty Provider; provided, however, that the payment of amounts due (including without limitation all indemnity payments) to the Reserve Financial Guaranty Provider pursuant to the terms of the Indenture, any Supplemental Indenture, any Reserve Financial Guaranty shall continue in full force and effect. The foregoing shall not affect any other rights of a Reserve Financial Guaranty Provider.

Guaranty Provider and all amounts owing to such Reserve Financial Guaranty Provider Credit Provider under the Reserve Financial Guaranty have been paid.

*No Recourse on Bonds.* Neither the members of the Agency nor the officers or employees of the Agency shall be individually liable on the Bonds or in respect of any undertakings by the Agency under the Indenture, any Supplemental Indenture or any Bond.

*Unclaimed Moneys.* Anything in the Indenture or any Supplemental Indenture to the contrary notwithstanding, any moneys held by the Trustee, an Escrow Agent or any Paying Agent in trust for the payment and discharge of any of the Bonds which remain unclaimed for two years after the date when such Bonds have become due and payable, either at their stated maturity dates, tender for purchase or by call for redemption, if such moneys were held by the Trustee, an Escrow Agent or a Paying Agent at such date, or for two years after the date of deposit of such moneys if deposited with the Trustee, an Escrow Agent or a Paying Agent after the date when such Bonds or the Purchase Price thereof became due and payable, shall, at the written request of an Authorized Agency Representative be repaid by such Trustee, Escrow Agent or Paying Agent to the Agency, as its absolute property and free and clear of any trust, lien, pledge or assignment securing said Bonds, and such Trustee, Escrow Agent or Paying Agent shall thereupon be released and discharged with respect thereto and the Owners of such Bonds shall look only to the Agency for the payment of such Bonds; provided, however, that before being required to make any such payment to the Agency, the Trustee, the Escrow Agent or the Paying Agent, as applicable, shall, at the expense of the Agency, mail, postage prepaid to the Owners of such Bonds, at the last address, if any, appearing upon the Bond Register a notice that said moneys remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of the mailing of such notice, the balance of such moneys then unclaimed shall be returned to the Agency.

*Governing Law.* The Indenture and each Bond shall be interpreted, governed by and construed for all purposes in accordance with the laws of the State for contracts executed and to be performed in the State.

**Bond Insurance Provisions**

Any provision of the Indenture expressly recognizing or granting rights in or to the Bond Insurer may not be amended in any manner which affects the rights of the Bond Insurer without the prior written consent of the Bond Insurer.

The Series 2007B Bond Insurer's consent shall be required, in lieu of the consent of the Owners of the Bonds, when such consent is required for the following purposes: (i) execution and delivery of any Supplemental Indenture (except that no consent of the Series 2007B Bond Insurer shall be required with respect to the issuance of or the entering into additional Parity Obligations or Subordinated Obligations in accordance with the terms and conditions of the Indenture), or (ii) amendment of the Indenture, including, but not limited to, any change in the definition of Permitted Investments.

To the extent the consent of a Credit Provider is provided for, or a Credit Provider is permitted to direct the remedies pursued by the Trustee contained, in the Indenture, the consent or direction, as appropriate, of the Series 2007B Bond Insurer shall be required or permitted in connection with the remedies pursued by the Trustee upon the occurrence of an Event of a Default under the Indenture, including, to the extent provided: (i) the right to accelerate the principal of the Bonds as described in the Indenture, and (ii) the right to annul any declaration of acceleration, and the Series 2007B Bond Insurer shall also be entitled to approve all waivers of events of default.

The Series 2007B Bond Insurer shall at all times be deemed the sole and exclusive Owner of the Outstanding Series 2007B Bonds for the purposes of all approvals, consents, waivers, institution of any action and the direction of all remedies; provided, however, that the Series 2007B Bond Insurer shall not be deemed to be the sole and exclusive Owner of the Outstanding Bonds with respect to any amendment or supplement to the Indenture which seeks to amend or supplement the Indenture to extend the maturity of or reduce the amount of interest on or principal of any Bond or otherwise alter or impair the obligation of the Agency to pay principal or interest at the time and place and at the rate and in the currency provided therein.

In the event of any reorganization or liquidation relating to the Agency, the Series 2007B Bond Insurer shall have the right to vote with respect to such reorganization or liquidation on behalf of all Owners of the Outstanding Series 2007B Bonds absent a default by the Series 2007B Bond Insurer under the Series 2007B Bond Insurance Policy insuring the Series 2007B Bonds. To the extent permitted by law, any reorganization or liquidation plan with respect to the Agency must be acceptable to the Series 2007B Bond Insurer.

Notwithstanding anything in the Indenture to the contrary, in the event that the principal or interest due on the 2007 Series Bonds shall be paid by the Series 2007B Bond Insurer pursuant to the Series 2007B Bond Insurance Policy, the Series 2007B Bonds shall remain Outstanding for all purposes, shall not be defeased or otherwise satisfied and shall not be considered paid by the Agency, and the pledge of the Pledged Tax Revenues and other assets pledged under the Indenture and all covenants, agreements and other obligations of the Agency to the Owners of the 2007 Series Bonds shall continue to exist and shall run to the benefit of the Series 2007B Bond Insurer, and the Series 2007B Bond Insurer shall be subrogated to the rights of such Owners of the 2007 Series Bonds.

Notwithstanding any other provision of the Indenture, in determining whether the rights of the Owners of the Series 2007B Bonds will be adversely affected by any action taken pursuant to the terms and provisions of the Indenture, the Trustee shall consider the effect on the such Owners as if there were no Series 2007B Bond Insurance Policy.

To the extent that the Indenture confers upon or gives or grants to the Series 2007B Bond Insurer any right, remedy or claim under or by reason of the Indenture, the Series 2007B Bond Insurer is explicitly recognized as being a third party beneficiary under the Indenture and may enforce any such right remedy or claim conferred, given or granted under the Indenture.

The Agency covenants an agrees that it shall reimburse the Series 2007B Bond Insurer for any amounts paid under the Series 2007B Bond Insurance Policy and all costs of collection thereof and enforcement of the Indenture and any other documents executed in connection with the Indenture, together with interest thereon, from the date paid or incurred by the Series 2007B Bond Insurer until payment thereof in full by the Agency, payable at the Series 2007B Bond Insurer Payment Rate (as hereinafter defined), including without limitation (to the extent permitted by applicable law) interest on claims paid by the Series 2007B Bond Insurer in respect of interest on the 2007 Series Bonds. Such payment obligation shall be payable on demand and on a parity with and from the same sources and secured by the same security as, regularly scheduled principal and interest payments in respect of the 2007 Series Bonds. For the purposes of the foregoing, "Series 2007B Bond Insurer Payment Rate" means the lesser of (a) the maximum rate permissible under applicable usury or similar laws limiting interest rates and (b) the greater of (i) the then applicable highest rate of interest on the 2007 Series Bonds and (ii) the per annum rate of interest, publicly announced from time to time by Citibank, N.A. ("Citibank") at its principal office in the City of New York, as its prime or base lending rate ("Prime Rate") (any change in such Prime Rate to be effective on the date such change is announced by Citibank) plus 3 percent. The Series 2007B Bond Insurer Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. In the event that Citibank ceases to announce its Prime Rate publicly, Prime Rate shall be the publicly announced prime or base lending rate of such national bank as the Series 2007B Bond Insurer shall specify.

The Trustee (or Paying Agent) may be removed at any time, at the request of the Series 2007B Bond Insurer, for any breach of the Trust set forth in the Indenture.

The Agency shall obtain the consent of the Series 2007B Bond Insurer prior to issuing or incurring any Variable Rate Indebtedness constituting Parity Obligations other than the Series 2007B Bonds; provided, however, that the Agency may issue or incur such Variable Rate Indebtedness in accordance with the Indenture without the consent of the 2007 Series A Bond Insurer if:

(i) such Variable Rate Indebtedness constitutes Hedged Bonds, and

(1) upon entering into the applicable Qualified Swap Agreement, the counter party to such Qualified Swap Agreement shall be rated at least "AA-" by S&P or "Aa3" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the Series 2007 A Bond Insurer;

(2) such Qualified Swap Agreement shall provide that if the counter party's or counter party's guarantor's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000 or greater, the counter party's obligations to make such payment under such Qualified Swap Agreement shall be collateralized with Eligible Collateral;

(3) the failure of the Agency to pay any termination payments payable by the Agency under such Qualified Swap Agreement shall not be cross-defaulted with such Hedged Bonds;

(4) any termination payments payable by the Agency under such Qualified Swap Agreement shall be subordinate and junior in right of payment from the Subordinate Pledged Tax Revenues to the payment of Parity Obligations; and

(5) if applicable, the Credit Provider providing any Credit Support Instrument shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the Series 2007B Bond Insurer, and such Credit Support Instrument and any related Credit Support Agreement shall not contain any provision requiring an acceleration of such Hedged Bonds upon any default under such Credit Support Instrument or related Credit Support Agreement; or

(ii) such Variable Rate Indebtedness constitutes Capped Bonds, and

(1) upon entering into the applicable Qualified Cap, the counter party to the applicable Qualified Cap shall be rated at least "AA" by S&P or "Aa2" by Moody's or have an equivalent rating determined by a nationally-recognized ratings service acceptable to the 2007 Series A Bond Insurer, and

(2) such Qualified Cap shall provide that if the counter party's rating is downgraded to "A" or below by S&P or "A2" or below by Moody's and the Agency's exposure to a potential early termination payment owed by the counter party to the Agency is $5,000,000 or greater, the counter party's obligations to make such payment under such Qualified Cap shall be collateralized with Eligible Collateral.

## APPENDIX D

## BOOK ENTRY ONLY SYSTEM

The Depository Trust Company ("DTC"), New York, New York will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully registered Bond certificate will be issued for each annual maturity of the Bonds, each in the aggregate principal amount of such annual maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners.

The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of the Bonds may with to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to Cede & Co. if less than all of the Bonds within an issue are being redeemed. DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Agency as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Agency on a payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of each Participant and not of DTC nor its nominee, the Agency or the Trustee, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, interest and accreted value, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Agency or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the Authority, the Agency or the Trustee, or the Authority or the Agency may decide to discontinue use of the system of book-entry transfers through DTC. Under such circumstances, in the event that a successor securities depository is not obtained, Bond certificates are required to be printed and delivered and will be subject to the registration, transfer and exchange provisions provided for in the Indenture.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Authority and the Agency believe to be reliable, but the Authority and the Agency take no responsibility for the accuracy thereof.

(b) Not later than fifteen (15) Business Days prior to the date specified in subsection (a) for providing the Annual Report to the Repositories, the Agency shall provide its Annual Report to the Dissemination Agency and Trustee. If by fifteen (15) Business Days prior to such date, the Dissemination Agent has not received a copy of the Annual Report from the Agency, the Dissemination Agent shall notify the Agency of such failure to receive the report. The Agency shall provide a written certification with each Annual Report furnished to the Dissemination Agent and the Trustee to the effect that such Annual Report constitutes the Annual Report required to be furnished by it hereunder.

(c) If the Dissemination Agent is unable to verify that an Annual Report has been provided to the Repositories by the date required in subsection (a), the Dissemination Agent shall send a notice to each Repository in substantially the form attached as Exhibit A.

(d) Unless the Agency has done so pursuant to Section 3(a) above, the Dissemination Agent shall:

(i) determine the name and address. of each National Repository and each State Repository, if any, each year prior to the date for providing the Annual Report; and

Section 4. Content of Annual Reports. The Agency's Annual Report shall contain or incorporate by reference the following, updated to incorporate information for the most recent fiscal or calendar year, as applicable (the tables referred to below are those appearing in the Official Statement dated June __, 2007, relating to the Bonds):

(a) Basic financial statements prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board, and as further modified according to applicable State law. If the Agency's basic financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement, and the basic financial statements shall be filed in the same manner as the Annual Report when they become available.

4. Table 4 and Table 5 - Projection of Incremental Tax Revenue – Merged Project Area; and

If the document included by reference is a final official statement, it must be available from the Municipal Securities Rulemaking Board. The Agency shall clearly identify each such other document so included by reference.

Section 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the Agency shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Bonds, if material:

1. Principal and interest payment delinquencies;

2. Non-payment related defaults;

3. Unscheduled draws on debt service reserves reflecting financial difficulties;

(b) Promptly after obtaining actual knowledge of the occurrence of any of the Listed Events at the principal corporate trust office of the Trustee in San Francisco, California, the Trustee shall contact the Authority and the Agency at their notice addresses in the Indenture, inform them of the event, and request that the Agency or the Authority promptly notify the Trustee in writing whether or not to report the event pursuant to subsection (f) and promptly direct the Trustee whether or not to report such event to the Bondholders. In the absence of such direction the Trustee shall not report such event unless otherwise required to be reported by the Trustee to the Bondholders under the Indenture. The Trustee may conclusively rely upon such direction (or lack thereof). For purposes of this Disclosure Agreement, "actual knowledge" of the occurrence of such Listed Events shall mean actual knowledge by the officer at the corporate trust office of the Trustee with regular responsibility for the administration of matters related to the Indenture. The Trustee shall have no responsibility to determine the materiality of any of the Listed Events.

(c) Whenever the Agency obtains knowledge of the occurrence of any Listed Event, whether because of a notice from the Trustee pursuant to subsection (b) or otherwise, the Agency or the Authority shall determine as soon as possible if such event would constitute material information for Holders of Bonds within the meaning of the federal securities laws.

(d) If the Agency has determined that knowledge of the occurrence of a Listed Event would be material, the Agency shall notify the Dissemination Agent promptly in writing. Such notice shall instruct the Dissemination Agent to report the occurrence pursuant to subsection (f).

(e) If in response to a request under subsection (b), the Agency determines that the Listed Event would not be material, the Agency shall so notify the Dissemination Agent in writing and instruct the Dissemination Agent not to report the occurrence pursuant to subsection (f).

(f) If the Dissemination Agent has been instructed by the Agency to report the occurrence of a Listed Event, the Dissemination Agent shall file a notice of such occurrence with the Repository. Notwithstanding the foregoing, notice of Listed Events described in subsections (a)(8) and (9) need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Holders of affected Bonds pursuant to the Indenture and notice of any other Listed Event is only required following the actual occurrence of the Listed Event; and

(g) The Dissemination Agent may rely conclusively on an opinion of counsel that the Agency's instructions to the Dissemination Agent under this Section 5 comply with the requirements of the Rule.

Section 6. Termination of Reporting Obligation. The obligations of the Agency, the Trustee and the Dissemination Agent under this Disclosure Agreement shall terminate upon the legal defeasance, prior redemption or payment in full of all of the Bonds. If such termination occurs prior to the final maturity of the Bonds, the Agency shall give notice of such termination in the same manner as for a Listed Event under Section 5(d).

Section 7. Dissemination Agent. From time to time, the Agency may appoint or engage a Dissemination Agent to assist it in carrying out its obligations under this Disclosure Agreement, and may discharge any such Agent, with or without appointing a successor Dissemination Agent. The initial Dissemination Agent shall be Union Bank of California, N.A. The Dissemination Agent may resign by providing thirty (30) days written notice to the Agency and the Trustee (if the Trustee is not the Dissemination Agent). The Dissemination Agent shall have not duty to prepare any information report nor shall the Dissemination Agent by responsible for filing any report not provided to it by the Agency in a timely manner and in a form suitable for filing.

Section 8. Amendment; Waiver. (a) if the amendment or waiver relates to the provisions of Section 3(a), 4 or 5(a), it may be made only in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of an obligated person with respect to the Bonds, or type of business conducted;

(b) the undertakings herein, as proposed to be amended or waived, in the opinion of nationally recognized bond counsel, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

Section 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the Agency from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Agency chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Agency shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

A default under this Disclosure Agreement shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Agreement in the event of any failure of the Agency to comply with this Disclosure Agreement shall be an action to compel performance.

Section 11. Duties, Immunities and Liabilities of Dissemination Agent. Article VI of the Indenture is hereby made applicable to this Disclosure Agreement as if this Disclosure Agreement were (solely for this purpose) contained in the Indenture and the Agency agrees to indemnify and hold harmless the Dissemination Agent and the Dissemination Agent shall be entitled to the protections, limitations from liability and indemnities afforded the Trustee thereunder. The Dissemination Agent and the Trustee shall have only such duties as are specifically set forth in this Disclosure Agreement, and the Agency agrees to indemnify and save the Dissemination Agent, and Trustee, their officers, directors, employees and agents, harmless against any loss, expense and liabilities which any of them may incur arising out of or in the exercise of performance of their respective powers and duties hereunder, including the costs and expenses (including attorney's fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's or Trustee's respective negligence or willful misconduct. The Dissemination Agent shall be paid compensation by the Agency for its services provided hereunder in accordance with an agreed upon schedule of fees as amended from time to time and all expenses, legal fees and advances made or incurred by the Dissemination Agent in the performance of its duties hereunder. The Dissemination Agent and the Trustee shall both be deemed to be acting in any fiduciary capacity for the Agency, the Bondholders, or any other party under this Disclosure Agreement. Neither the Trustee or the Dissemination Agent shall have any liability to the Bondholders or any other party for any monetary damages or financial liability of any kind whatsoever related to or arising from this Disclosure Agreement. The obligations of the Agency under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds. Any company succeeding to all or substantially all of the Dissemination Agent's business shall be the successor to the Dissemination Agent hereunder without the execution or filing of any paper on any further act.

Section 12. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Agency, the Trustee, the Dissemination Agent, the Underwriter and holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity. No person shall have any right to commence any action against the Trustee or the Dissemination Agent seeking any remedy other than to compel specific performance of this Disclosure Agreement. Neither the Trustee not the Dissemination Agent shall be liable under any circumstances for monetary damages to any person for any breach of this Disclosure Agreement.

Section 13. California Law. This Disclosure Agreement shall be constructed and governed in accordance with the laws of the State of California.

Section 14. Notices. All written notices to be given hereunder shall be given in person or by mail to the party entitled thereto at its address set forth below, or at such other address as such party may provide to the other parties in writing from time to time, namely:

[PROPOSED FORM OF FINAL OPINION OF BOND COUNSEL]

Richmond Community Redevelopment Agency
Subordinate Tax Allocation Bonds (Merged Project Areas)
2007 Series A
(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the Richmond Community Redevelopment Agency (the "Agency") in connection with the issuance of $_____ aggregate principal amount of bonds designated Richmond Community Redevelopment Agency Subordinate Tax Allocation Bonds (Merged Project Areas), 2007 Series A (the "Bonds") issued pursuant to the provisions of the Community Redevelopment Law of the State of California (being Part I of Division 24 of the Health and Safety Code of the State of California), as amended, and an Indenture of Trust, dated as of June 1, 2007, by and between the Agency and Union Bank of California, N.A., as trustee (the "Trustee") (the "Master Indenture"), and as supplemented by a First Supplemental Indenture of Trust, dated as of June 1, 2007 (the "First Supplemental Indenture", and together with the Master Indenture, the "Indenture"), by and between the Agency and the Trustee. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture, the Tax Certificate of the Agency, dated the date hereof (the "Tax Certificate"), opinions of counsel to the Agency, the Trustee, and others, certificates of the Agency, the Trustee, and others, and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Agency. We have assumed, without undertaking to verify, the accuracy of the

factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture and the Tax Certificate including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Bonds to be included in gross income for federal income tax purposes. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Indenture and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against redevelopment agencies in the State of California. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the foregoing documents. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement or other offering material relating to the Bonds and express no opinion with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds constitute valid and binding limited obligations of the Agency.

2. The Master Indenture and the First Supplemental Indenture have been duly executed and delivered by, and constitute the valid and binding obligation of, the Agency. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Bonds, of the Subordinate Pledged Tax Revenues and any other amounts (including proceeds of the sale of the Bonds) held by the Trustee in any fund or account established pursuant to the Indenture, except the Rebate Fund, subject to the provisions of the Indenture permitting the application thereof for the purposes and upon the terms and conditions set forth in the Indenture.

3. The Bonds are not a lien or charge upon the funds or property of the Agency except to the extent of the aforementioned pledge. Neither the faith and credit nor the taxing power of the State of California or of any political subdivision thereof is pledged to the payment of the principal of or interest on the Bonds. The Bonds are not a debt of the City of Richmond or the State of California and said city and said state are not liable for the payment thereof.

4. Interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, and is exempt from State of California personal income taxes. Interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Bonds.

# FISCAL CONSULTANT REPORT

*Richmond Community Redevelopment Agency*

Merged Project Area

May 2007

## Section A - Introduction

The Richmond Community Redevelopment Agency (Agency) is considering the issuance of Tax Allocation Bonds (Bonds). The Bonds will be secured through two Indentures (Indentures). The Agency intends to pledge a portion of the tax increment revenues generated from the Merged Project Area (Project Area) to repayment of the Non-Housing Bonds. The Housing Bonds will be repaid from the housing set-aside revenues of the Project Area.

The purpose of this Fiscal Consultant Report (Report) is to provide in depth information about the tax increment revenues to be used to support repayment of the Loans. The Report includes the following sections that address various aspects of the revenue stream:

A. **Introduction**: This section provides an overview of the Report and its purpose.
B. **General Information**: Provides information on the Project Area, including a general description of the Redevelopment Plans and the financial and time limits of the nine constituent Project Areas that comprise the Merged Project Area. A brief description of the systems and procedures used by Contra Costa County for the allocation of tax increment is also included in this section.
C. **Taxable Values and Historical Revenues**: Information in this section includes a description of the categories of taxable values, the historical trends in values and revenues and the Top Ten Assessees in the Project Area.
D. **Assessment Appeals**: The findings from a review of the records of the Contra Costa County Assessment Appeals Board are included in this section.
E. **Estimate of Current and Future Revenues**: This part of the report includes the tax increment projections for the Project Area.
F. **Adjustments and Liens on Revenue**: This section provides information on and the estimated impact of adjustments and liens on the revenue stream.
G. **Other Issues**: This final section describes certain provisions of the Community Redevelopment Law (CRL) that could affect the tax increment revenues of the Project Area.

The value and revenue estimates contained in this Report are based upon information and data which we believe to be reasonable and accurate. The assessment practices and county allocation procedures discussed in this Report are based on information provided by representatives of Contra Costa County. Assessment practices and allocation procedures are set, in part, administratively and can be changed. Nothing came to our attention during this review to indicate changes are imminent. To a certain extent, the estimates of revenue are based on assumptions that are subject to a degree of uncertainty and variation and therefore we do not represent them as results that will actually be achieved. However, they have been conscientiously prepared on the basis of our experience in the field of financial analysis for redevelopment agencies.

## Section B - General Information

- No. 11-A Harbour
- No. 12-A North Richmond

As part of the merger process, territory was also added to Project Areas 1-A, 6-A, 8-A, 10-A, 10-B, and 11-A (1999 Amendment Areas). In July, 2005, additional territory was added to Project 10-B (2005 Amendment Area).

Also as part of the merger amendment, a combined tax increment limit of $521,400,000 was established. The combined limit applies to tax increment revenues received after the effective date of the ordinance (December 22, 1986) that established the limit in each of the Constituent Projects. The combined tax increment limit does not apply to the 2000 or 2005 Amendment Area, nor to the territory that was added to Project 6-A on June 26, 1995. Those areas were added after the implementation of various changes to the Community Redevelopment Law (CRL) that were triggered by legislation commonly referred to as AB 1290. AB 1290 eliminated the need to establish a cumulative tax increment limit for new redevelopment project areas or areas that were added to existing project areas. Through the 2005-06 fiscal year, it is estimated that the Agency has received $156.8 million in tax increment for the portions of the Merged Project Area subject to the tax increment limit. Based on the projections of tax increment shown in this Report, which are based on a 2 percent trend in real property values, the cumulative tax increment limit will be reached in 2025-26.

The Agency also established a combined limit on the principal amount of bonded indebtedness that can be outstanding at any one time. That limit is $250 million and applies to the entire Merged Project Area except for the 2005 Amendment Area, which has a separate bonded debt limit of $150 million. As of June 30, 2006 the Agency had approximately $91.5 million in bonds outstanding under the $250 million limit, and no bonds outstanding for the 2005 Amendment Area.

AB 1290 also required that redevelopment project areas include limitations on the time period to incur and repay debt with tax increment and on the period when a redevelopment plan can be effective. Initially, a project area's time limits were the shorter of: 1) the limits contained in the redevelopment plan; or 2) the maximum time limits included in AB 1290. Subsequent legislation (AB 1342), allowed a project area's time limits to be extended to the maximum allowed by AB 1290. The Agency used this legislation to extend certain time limits for the Constituent Project Areas. The extension of the time limits has had the impact of triggering statutory pass through payments, as discussed further in Section F of this report. The Agency further extended the date to incur debt in Project Area 11-A to January 1, 2014 as part of the amendment that merged the Constituent Project Areas.

Legislation approved in 2001 (SB 211) allowed a redevelopment agency to delete the debt incurrence date from its redevelopment plan for those project areas that were adopted prior to December 31, 1993. The Agency removed the debt incurrence limit for certain Constituent Project Areas in September 2003, as shown in the table on the following page. The required amount of AB 1290 pass through payments was increased for the 10A Downtown Project due to the SB 211 amendment. Payments were triggered in 2004-05, which is six years sooner than would be required if the SB 211 amendment were not processed.

The Agency has also amended the Redevelopment Plan as authorized by SB 1045 and is in the process of amending the Plan per SB 1096. SB 1045 and SB 1096 required redevelopment agencies to shift funds to the Educational Revenue Augmentation Fund (ERAF). As part of the legislation, redevelopment agencies can amend certain of their redevelopment plans to extend the plan effectiveness and tax increment receipt dates by up to three years. The time limits for Plan Effectiveness and Debt Repayment shown below include these time extensions.

*Property Tax Allocation Procedures*

The method by which a county allocates property taxes and tax increment revenues can have a significant impact on the receipt of such revenues. Incorrectly allocated revenues can result in a redevelopment project area receiving erroneous amounts of revenue. In addition, the method a county uses to allocate delinquent taxes, roll corrections and

property tax refunds will impact the amount of tax increment received. For these reasons, Contra Costa County's procedures for the allocation of property taxes and tax increment were evaluated.

Contra Costa County calculates tax increment to redevelopment project areas by applying the current year secured tax rate to secured and unsecured incremental taxable value. The County also allocates unitary revenue to redevelopment projects. The allocation of unitary revenue is based on revenues received in 1987-88, adjusted by the actual growth or decline in unitary revenues on a countywide basis.

Tax increment is allocated based on 100 percent of the County calculated levy. The method is often referred to as the Teeter Plan. Under the Teeter Plan, taxing entities and redevelopment projects are shielded from the impact of delinquent property taxes. The County also does not adjust tax increment payments for roll corrections, such as refunds of property taxes due to successfully appealed assessments.

Section F of this Report includes a discussion of the impact of the County's allocation practices on the Project Area's tax increment revenues.

## Section D – Taxable Values and Historical Revenues

*Taxable Values*

Property is valued as of January 1 of each year. Property which is subject to taxation is valued at 100 percent of it full cash value. Locally assessed property is appraised by the county assessor's office. The State Board of Equalization (SBE) values state assessed property.

Real property consists of land and improvements and can either appear on the secured or the unsecured roll. The secured roll includes property on which the property tax levied becomes a lien on the property to secure payment of taxes. Unsecured property does not become a lien on such property, but may become a lien on other property of the taxpayer.

Locally assessed real property is subject to the provisions of Article XIII A of the California Constitution, commonly referred to as Proposition 13. Under Proposition 13, property is valued based either on its value in 1975-76 or if newly constructed or sold after this date, then on the full cash value of the property at that time. Property values may only increase annually by an inflation factor of up to 2 percent annually. The Proposition 13 value of property is sometimes referred to as the factored base year value. Pursuant to Section 51 (b) of the Revenue and Taxation Code, assessors must enroll the lesser of the market value or the factored base year value of property.

Personal property values can be classified as either secured or unsecured property. Personal property is not subject to the provisions of Proposition 13. Personal property is appraised annually at the full cash value of the property. Absent new acquisitions, the full cash value of personal property tends to decline over time as a result of depreciation.

Fixtures, while categorized as real property and subject to the restrictions of Proposition 13, are also subject to declining values through depreciation.

State-assessed property is also not subject to the provisions of Proposition 13. Such property is valued by the SBE based on the full cash value of the property. State-assessed property is categorized as secured property and is either unitary or non-unitary property. Since 1987-88, unitary property has been reported on a countywide basis, with unitary revenues allocated to taxing entities and redevelopment projects pursuant to a formula contained in AB 454 (Chapter 921, Statues of 1986). State-assessed non-unitary values and railroad values are reported at the local tax rate area level.

*Project Area Value Trends*

Table 1 shows the historical taxable values for the Merged Project Area over the past five years. Taxable values have increased from $1.3 billion in 2002-03 to $3.2 billion in 2006-07. The value for 2006-07 includes, for the first time, the value for the 2005 Amendment Area that was added to Project 10-B. This has had the impact of overstating actual growth in the Project Area. For this reason, we have also included Table 1.1, which excludes the value for the 2005 Amendment Area for comparative purposes. Taxable values for the balance of the Project Area have increased from $1.2 billion in 2002-03 to $1.9 billion in 2006-07. The total percentage change was 62.22 percent over the five-year period. The average annual percentage change in values was 12.86 percent. The analysis below does not include growth that occurred in the 2005 Amendment Area, which is discussed separately.

Secured taxable values increased by approximately $705 million between 2002-03 and 2006-07, as shown on Table 1.1. New development added approximately $60 million. The major new development activity was the transfer of land and the construction of 132 housing units as part of the Olson Transit Village, which added $42 million in value.

Changes of ownership have played a significant role in the growth of assessed values during this period. In order to confirm the impact that changes of ownership have had, we analyzed ownership changes for those Constituent Projects that experienced the most rapid growth (Project 1-C, 6A 1995, 8A, 10A and 11A). Changes of ownership added a total of approximately $250 million in new value between 2002-03 and 2006-07. The top assessee in the Project Area, Lennar Emerald Marina Shores, acquired property in 2006-07, which added almost $89 million in new value. The number two assessee, Lennar Emerald Marina Bay LLC, converted 470 apartments into ownership condominium units. The sale of these units increased values by approximately $40 million as of 2006-07. The remaining value for the parcels that are shown on Table 2 (Ten Major Property Tax Assessees) for Lennar Emerald Marina Bay LLC reflects those that had not been sold as of January 1, 2005.

Smaller changes of ownership have also played a major role in the overall increase in assessed values. Between 2004-05 and 2006-07, we were able to confirm that over $75 million in new value was added from 305 separate changes of ownership. The average

value of the parcels that changed ownership went from $262,000 in 2004-05 to $509,000 in 2006-07.

The balance of growth on the secured roll can be attributed to the allowable 2 percent inflation factor, other new investment activity, and numerous changes of ownership that occurred in the other Constituent Projects.

Unsecured values increased by approximately $69.7 million between 2003-04 and 2006-07, as shown on Table 1.1. Most of this increase is attributable to the addition of personal property value for Foss Maritime Company in the amount of $34 million in Project 11A. Another $22.2 million is attributable to Kaiser Foundation Hospitals. Kaiser is leasing approximately 60,000 square feet of space, which is not a part of their main hospital site. Tenant improvements and the installation of equipment caused the increase in value. It should be noted that most of the other taxable value for Kaiser is currently on the secured roll and is largely exempt from taxation. Based on discussions with the Contra Costa County Assessor's Office, Kaiser has not filed for an exemption for the leased property for the last two years, and the Assessor suspects that the use (an optical lab) is not exempt from property taxes.

Secured values in Project 10-B (2005 Area) increased by $307.2 million between 2006-07 and the base year value in 2004-05. Smaller changes of ownership were the major reason for the overall increase in assessed values. Between 2004-05 and 2006-07, we were able to confirm that over $226 million in new value was added from 866 separate changes of ownership. The average value of the parcels that changed ownership went from $189,600 in 2004-05 to $450,700 in 2006-07.

A parcel verification was not performed as part of our analysis of taxable values.

*Historical Tax Increment Revenues*

Table 1 provides information on the historical receipt of tax increment revenues in the Merged Project Area. The initial County levy is compared to the actual receipt of tax increment (exclusive of supplemental revenues) to determine collection trends. On average, the Agency has received approximately 99.65 percent of the levy over the past four years for the Merged Project Area.

Supplemental property tax receipts are also shown on Table 1. Supplemental taxes are a function of new construction or changes of ownership since the last property tax lien date. Supplemental property taxes have ranged from $843,229 in 2002-03 to $1,035,633 in 2005-06. When supplemental revenues are included, the Merged Project Area has received, on average, 105.51 percent of the levy.

*Top Ten Assessees*

The Top Ten Assessees in the Project Area are summarized on Table 2. Taxable value for the Top Ten Assessees represents 14.62 percent of the overall value of the entire Merged Project Area and 23.02 percent of the incremental value of the Merged Project Area.

## Section E – Assessment Appeals

Taxpayers may appeal their property tax assessments. The value of locally assessed property is appealed to the local county assessor, while the value of state assessed property is appealed to the SBE. Both real and personal property assessments can be appealed. Personal property appeals are filed based on disputes over the full cash value of the property.

Under California law, there are two types of appeals for the value of real property. A base year appeal involves the Proposition 13 value of property. If an assessee is successful with a base year appeal, the value of the property is permanently reduced. In the future, the value can only be increased by an inflation factor of up to 2 percent annually. Appeals can also be filed pursuant to Section 51 (b) of the Revenue and Taxation Code. Under this section of the code, also referred to as Proposition 8 appeals, the value of property can be reduced due to damage, destruction, removal of property or other factors that cause a decline in value. When the circumstance that caused the decline is reversed the value of the property can be increased up to the factored base year value of the property. Values can be reduced under Proposition 8 either based on a formal appeal or they can be set by the county assessor.

Due to the impact that assessment appeals can have on the taxable values and tax increment revenues of a project area, a review of recently resolved and open appeals was conducted. The review revealed two open appeals in the Merged Project Area, as shown on the table below.

| | Open Appeals | | | |
|---|---|---|---|---|
| Assessee | Current Roll Value | Applicants Value Opinion | Estimated Resolved (1) Value | Value Reduction |
| Hearst Corporation | $16,049,622 | $3,300,000 | $12,197,713 | $3,851,909 |
| Dicon Fiberoptics | 44,044,102 | 27,000,000 | 33,473,518 | 10,570,584 |
| Total | 60,093,724 | 30,300,000 | 45,671,230 | 14,422,494 |

(1) See text for assumptions.

There are three open appeals for two property owner, as shown above. The owners have requested reductions in value of $29.8 million. For purposes of the projections shown in Section F, we have estimated the potential impact of the open appeals based on success

factor ratios since 2003 in the Project Area. Over this time period, 95 appeals have been resolved. Seventy nine of these were either denied by the County or withdrawn by the property owner. Sixteen property owners were successful with their appeals. On average, reductions in value equaled 24 percent for the successful appeals. Based on this, we have assumed a 24 percent decrease in value for the open appeals. This would result in a reduction in future taxable values of $14.4 million. For purposes of the tax increment projections discussed in Section F and shown on Table 4, we have reduced taxable value for the impact of open appeals in the 2007-08 fiscal year.

Contra Costa County does not allocate refunds attributable to assessment appeals to redevelopment project areas. Therefore, we have not reduced tax increment revenues for the impact of refunds.

## Section F - Estimate of Current and Future Tax Increment Revenue

Tax increment revenues are calculated by first subtracting the base year value of a project area from the current year taxable value in order to determine the incremental taxable value of the project area. Applicable tax rates are then applied to the incremental taxable value in order to determine tax increment revenues.

Unitary revenues are allocated to each Constituent Project Area based on a formula contained in AB 454. Generally, the Agency receives unitary revenues for its project areas on the basis of amounts that were received in the prior fiscal year. The prior year allocations are adjusted annually based on changes in unitary revenue on a countywide basis.

The Agency also receives supplemental property taxes for the Constituent Project Areas on an annual basis. Due to the difficulty of estimating supplemental revenues, we have not included such revenues in the projections. Supplemental property taxes typically increase the receipt of tax increment. However, transfers of ownership and other roll corrections can sometimes trigger refunds of property taxes and cause supplemental revenues to be negative.

*Current Year Revenues*

Projections of current year (2006-07) tax increment revenues are shown on Table 3. The values utilized are based on actual taxable values provided by Contra Costa County. It should be noted that Projects 3-A and 6-A are not eligible to receive tax increment revenue from either secured personal property or any type of unsecured value. As a result, the values reported by the County exclude $32.9 million in secured personal property and unsecured value attributable to these two Constituent Project Areas.

Tax increment generated from the application of the tax rate to incremental taxable value for 2006-2007 is estimated at $22,719,000 in the Merged Project Area. Tax rates are composed of the basic one percent tax rate and debt service tax rates (tax rates levied to repay voter approved indebtedness). Debt service tax rates for 2006-07 are based on the

actual tax rates reported by the County for 2006-07. The overall tax rate that we applied to total incremental taxable value equals $1.1485 per $100 of assessed value. The major portion of the debt service tax rate ($0.1400) is levied for pension obligations of the City of Richmond.

Unitary revenue for the Merged Project Area is estimated to equal $113,000 for the 2006-07 fiscal year. The estimates are based on the County's estimate of unitary revenues in each of the Constituent Project Areas for 2006-07.

*Projected Revenues*

Tables 4 and 4.1 show a projection of tax increment revenues. Real property shown on the tables consists of locally reported secured and unsecured land and improvement values. The other property category includes personal property and state assessed values.

The future level of real and other property values has been estimated based on actual values reported by Contra Costa County for 2006-07 (see "Current Year Revenues" above). For 2007-08 and future fiscal years, we have used a 2 percent factor for the entire Merged Project Area for purposes of the projections shown on Table 4. That reflects the factor which assessors have been directed to use by the SBE in preparing the 2007-08 tax roll. The 2 percent factor is the maximum inflation factor that county assessors can use to increase real property values. However, in certain fiscal years, the inflation factor has been less than 2 percent overall. The other property category of value has been held constant in the projections shown on Table 4. The projections of taxable values shown on Table 4.1 have been held constant.

In addition, we have increased real property values for the Anchor Cove townhouse development, which is currently under construction in the Harbour 11A Project. The development includes 128 townhouse units that are estimated to add taxable value to the 2007-08 through 2009-10 tax roll. New development value has only been added on Table 4.

Increases in real property values have been offset by the estimated impact of open assessment appeals. Appeals are estimated to reduce real property values by $14.4 million. Reductions have been reflected for 2007-08 in the projections shown on Table 4.

Tax increment has been estimated based on the application of the 2006-07 tax rate to the incremental taxable value of the Project Area. Debt service tax rates typically decline each year due to the growth of taxable values within the jurisdiction that levies the tax or as the debt is retired. Debt service tax rates are, in part, based on the rate levied for pension obligations for the City of Richmond, which equals $0.1400 per $100 of assessed value. That debt service tax rate is levied pursuant to Article XI of the City's Charter and Ordinance No. 9-99 adopted by the City Council on March 30, 1999. The levy of the tax rate does not have a specific ending date. Based on information provided by City staff, the tax rate has been levied at $0.1400 per $100 of assessed value since 1982-83. We

have confirmed that the rate has remained constant since 1991-92. The City also issued Pension Bonds in 1999 and 2005 that are secured by the Pension tax rate. The City is required pursuant to the Trust Agreement and Indenture of Trust to levy the tax rate through the final maturity of the Pension Bonds in January 2035. Data provided to us also shows that pension obligations are projected to require the levy of the full debt service tax rate in the future, even after the Pension Bonds are retired.

The East Bay Regional Park District also levies a debt service tax rate that equals $0.0085 in 2006-07. That tax rate will no longer be levied after 2020-21. We have assumed that the rate would decline by 10 percent per year for purposes of the projections shown on Table 4. We have not included the debt service tax rate for the East Bay Regional Park District on Table 4.1.

The Agency is not eligible to receive tax increment from debt service tax rates that were approved by the voters after January 1, 1989. The tax rates used to estimate tax increment shown on Table 4 do not include post January 1, 1989 tax rates.

Unitary revenues shown in the projection are based on the actual 2006-07 unitary revenues reported for the Merged Project Areas, as provided by Contra Costa County. Unitary revenues have been held constant in the projection.

**Section G – Adjustments and Liens on Tax Increment**

The tax increment revenues of the Merged Project Area are subject to certain adjustments and liens, as described in this section. The resulting amount reflects the Available Tax Revenues, as defined in the Non-Housing Loan Agreement.

*Adjustments to Revenue*

One adjustment to tax increment revenues is for property tax administrative fees collected by Contra Costa County. State law allows counties to charge taxing entities, including redevelopment agencies, for the cost of administering the property tax collection system. The fees have been estimated and shown on Table 4.

*Housing Set-Aside*

Redevelopment agencies are required to deposit not less than 20 percent of the tax increment generated in a project area into a special fund to be used for qualified low and moderate-income housing programs. The housing set-aside deposit has been deducted from gross tax increment revenues to show estimated revenues that will be available to repay the Non-Housing Loan.

*Tax Sharing Payments*

Pursuant to 1994 legislation (AB 1290), the Agency is required to make payments to the affected taxing entities from the Merged Project Area. The payments are calculated

somewhat differently for the parts of the Merged Project Area that were adopted prior to AB 1290 (Pre-AB 1290) and the areas that were added after AB 1290 (6A Harbour Gate 1995 Area, and the 2000 & 2005 Amendment Areas).

The payments for the Pre-AB 1290 Constituent Project Areas are required because the financial and time limitations for the various Redevelopment Plans have been amended since AB 1290 was enacted. Payments of the pass through payments are only due on increases in tax increment revenues above levels received in certain years. These years are referred to as the "AB 1290 AV Base Year" and are different for the various Constituent Project Areas.

The table below shows, for each Pre-AB 1290 Constituent Project Area, the dates when AB 1290 pass through payments began. The table also shows the AB 1290 AV Base Year, which represents the date after which the Agency owes pass through payments on any tax increment increases.

| Constituent Project Area | AB 1290 AV Base | FY Pass Thru Begins |
|---|---|---|
| 1A Eastshore | 1990-91 | 1999-00 |
| 1C Potrero | 1999-00 | 2000-01 |
| 3A Galvin | 1991-92 | 1999-00 |
| 6A Harbor Gate (Original) | 1990-91 | 1995-96 |
| 8A Hensley (Original) | 1993-94 | 1999-00 |
| 8A Hensley (1980 Area) | 1993-94 | 1999-00 |
| 10A Downtown | 2003-04 | 2004-05 |
| 10B Nevin | 2002-03 | 2003-04 |
| 12A North Richmond | 2002-03 | 2003-04 |
| 11 A Harbour | 2003-04 | 2004-05 |

For the 1995 Harbour Gate Area and the 1999 & 2005 Amendment Areas, pass through payments are due based on the total tax increment generated in those areas. The pass through payments for all Projects are based on a three tier formula, and payments are made after the Agency's deposit to its housing set-aside. The table below shows the calculation methodology.

| Tier | Payment Required |
|---|---|
| Tier 1 | Pre-AB 1290 Projects: 20% of the gross tax increment attributable to increases above the AB 1290 AV Base assessed values during the remaining term the Agency receives tax increment.<br><br>Post-AB 1290 Projects: 20% of total tax increment during the entire term the Agency receives tax increment. |

| | |
|---|---|
| Tier 2 | Pre-AB 1290 Projects: Beginning in the 11th year after the AB 1290 pass through was triggered, an additional payment equal to 16.8% of the gross tax increment attributable to growth above levels in the 10th year after the AB 1290 pass through was triggered.<br><br>Post-AB 1290 Projects: Beginning in the 11th year, an additional payment equal to 16.8% of the tax increment attributable to growth above year 10 levels. |
| Tier 3 | Pre-AB 1290 Projects: No Tier 3 payments are due since the Project Areas will no longer be receiving tax increment in the year in which this tier is triggered.<br><br>Post-AB 1290 Projects: Beginning in the 31st year, an additional payment equal to 11.2% of the tax increment attributable to growth above year 30 levels. |

We have noted two inconsistencies in the County's calculation of the AB 1290 pass through payments, including:

1. The County does not include any tax increment generated from debt service tax rates in the tax sharing payment amount.
2. Payments should have begun for Project 10-A and 11-A in 2004-05.

We estimate that the County method understated tax sharing payments by approximately $378,000 for 2005-06. For purposes of the tax sharing payment amounts shown on Tables 4, we have corrected for each of these problems and shown the amounts that we estimate are owed.

*Senior Harbour Debt Service*

The Agency issued tax allocation bonds in 1991 and 1998 that have a senior lien on certain tax increment revenues generated in the Harbour 11A Project. Maximum Annual Debt Service on those bond issues has been deducted in order to determine Post-2004 Pledged Tax Revenues.

*Senior Merged Area Debt Service*

The pledge of tax increment revenues under the Non-Housing Loan Agreement are subordinate to the Senior Merged Area Debt Service. The Senior Merged Area Debt Service includes payments due under the Agency's 2003 Loan Agreement and the Pre-2004 Loan Agreement. However, coverage is calculated on the basis of Available Tax Revenues, which includes the Senior Merged Area Debt Service, so we have not reduced the tax increment revenues shown on Table 4 or Table 4.1 for the Senior Merged Area Debt Service.

## Section H – Other Issues

The CRL requires that as a part of the Agency's annual audit, that the legislative body be informed of any major violations of the CRL. Major violations include failure to: 1) File an independent financial audit and fiscal statement; 2) Establish time limits for each project area; 3) Establish a low and moderate income housing fund and accrue interest to the fund; 4) Determine that planning and administrative costs charged to the Housing Fund are necessary for the production, preservation, or improvement of affordable housing; 5) Initiate development of housing on real property acquired from the low and moderate income housing fund; and 6) Adopt an implementation plan. No instances of non-compliance were noted in the audit.

*Educational Revenue Augmentation Fund (ERAF)*

Due to shortfalls in the state budget, legislation was approved that required redevelopment agencies statewide to shift $75 million of tax increment revenues to ERAF in 2002-03, $135 million in 2003-04 and $250 million for 2004-05 and 2005-06. The shift to ERAF offset the need for a similar amount of state aid to education. Half of the shift was calculated on the basis of the gross tax increment of a project area and the other half on net revenues after tax sharing payments. There is no current requirement for an ERAF payment in 2006-07 or any future fiscal year. The Agency reports that prior ERAF contributions were made in the amounts shown in the table below:

| **Fiscal Year** | |
|---|---|
| 2002-03 | $360,210 |
| 2003-04 | $635,637 |
| 2004-05 | $1,204,003 |

## INDEPENDENT AUDITORS' REPORT

Members of the City of Richmond
Redevelopment Agency
Richmond, California

We have audited the accompanying component unit financial statements of the governmental activities and each major fund of the City of Richmond Redevelopment Agency, a component unit of the City of Richmond, for the year ended June 30, 2006, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These component unit financial statements are the responsibility of the Agency's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the component unit financial statements are free of material misstatement. An audit includes examining on a test basis evidence supporting the amounts and disclosures in the component unit financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the component unit financial statements referred to above present only the Agency and are not intended to present the financial position of the City of Richmond and the results of its operations in conformity with generally accepted accounting principles of the United States of America.

In our opinion, the component unit financial statements referred to above present fairly in all material respects the financial position of the governmental activities, each major fund of the City of Richmond Redevelopment Agency as of June 30, 2006 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles of the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 15, 2006 on our consideration of the Agency's internal control structure and on its compliance with laws and regulations.

Management's Discussion and Analysis and the Budget and Actual Statement for the General Fund are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However we did not audit the information and express no opinion on it.

Our audit was made for the purpose of forming an opinion on the component unit financial statements taken as a whole. The supplemental information listed in the Table of Contents is presented for purposes of additional analysis and is not a required part of the component unit financial statements of the City of Richmond Redevelopment Agency. Such information has been subjected to the auditing procedures applied in our audit of the component unit financial statements, and in our opinion is fairly stated in all material respects in relation to the component unit financial statements taken as a whole.

**The Basic Financial Statements – Reporting the Agency as a Whole**

The Basic Financial Statements comprise the Government-Wide Financial Statements and the Fund Financial Statements; these two sets of financial statements provide two different views of the Agency's financial activities and financial position.

The Government-Wide Financial Statements provide a longer-term view of the Agency's activities as a whole, and comprise the *Statement of Net Assets* and the *Statement of Activities and Changes in Net Assets.* The *Statement of Net Assets* provides information about the financial position of the Agency as a whole, including all capital assets and long-term liabilities on the full accrual basis of accounting. Over time, increases or decreases in the Agency's net assets may serve as an indicator of the Agency's *overall* financial health. Other factors to consider are changes in the Agency's property tax base and the ability to meet debt service payments. The *Statement of Activities and Changes in Net Assets* provides information about all of the Agency's revenues and all of its expenses, also on the full accrual basis, with the emphasis on measuring net revenues and expenses of each of the Agency's programs. The Statement of Activities explains in detail the changes in Net Assets for the year.

In the *Statement of Net Assets* and the *Statement of Activities and Changes in Net Assets,* the Agency's activities are separated as follows:

Governmental Activities – all of the Agency's basic services are considered to be governmental activities, including development services and interest on long-term debt.

Government-Wide Financial Statements - are prepared on the accrual basis, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

**Reporting the Agency's Most Significant Funds**

*Fund Financial Statements*

The fund financial statements provide detailed information about the Agency's funds. Some funds are required to be established by State law and by bond covenants. However, the Agency Board establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other money.

- *Governmental funds* – all of the Agency's services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed *short-term* view of the Agency's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Agency's programs. Capital assets and other long-lived assets, along with long-term liabilities are not presented in the Governmental Fund Financial Statements. The relationship (or differences) between governmental *activities* (reported in the Statement of Net Assets and the Statement of Activities and Changes in Net Assets) and Governmental Fund Financial Statements are explained in a reconciliation schedule following each Governmental Fund Financial Statement.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the Government-Wide and Fund Financial Statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain *Required Supplementary Information* concerning the Agency's budgetary principals and comparison schedules for the General Fund.

**THE AGENCY AS A WHOLE**

The Agency's combined Net Assets at June 30, 2006 were:

**Governmental Activities**

| **Total Net Assets (Deficit)** | **$ (1,323,231)** | **$ (22,607,322)** | **$ 21,284,091** |

- The Agency's net assets increased $21,284,091 from negative $22,607,322 to negative $1,323,231 as a result of this year's operations. This is due to an increase of $24,115,950 in assets partially offset by an increase to liabilities of $2,831,859.

- The $24,115,950 increase to assets consisted of increases to current and other assets, loans receivable and capital assets of $2,609,428, $2,973,331 and $18,533,191, respectively. The increase to current and other assets was due primarily to managing the Agency's interest rate risk. The increase to loans receivable was due substantially to loans receivable of $2,687,321 for the Ford Point Building Loan to

fund improvements to the Ford Assembly Building, CALHome Loans of $113,775 to provide the housing assistance to Richmond residents and a Richmond Housing Authority Loan of $174,067 to assist the Housing Authority with its lease payments for the 2003A-S Multifamily Housing Revenue Bonds. The increase to capital assets was due to an increase of $10,147,772 to construction in progress of $4,031,441 for Metrowalk (Transit village), $3,903,795 for the Ford Building, $2,124,630 for Terminal One, and $87,846 of capital improvements to a variety of other projects. The increase to capital assets was also due to Land and Land Improvements of $8,781,552 comprised of the following land purchases: $6,120,000 for the Miraflores site, $1,380,815 for a former KFC site, $651,295 for 400 Macdonald Avenue, $345,573 for 300 Macdonald Avenue, and $283,869 for 1421 Nevin Avenue. Capital Asset additions are offset by Sales of Land and Land Improvements of $209,477.

- The $2,831,859 increase to liabilities was due primarily to an $8,455,253 increase to long-term debt offset by a $6,672,700 decrease in advances from the City of Richmond. The reduction in advances from the City of Richmond was the result of using $6,672,700 of the Urban Development Action Grant for allowable activities under the Marina Bay Master Agreement. Some of these activities include infrastructure and parks such as Marina Way South and Lucretia Edwards Park, and railroad crossings at various sites within Marina Bay and Marina Bay Trails.

- Settlement reimbursements are the result of Terminal One Litigation settlement proceeds of $4,226,289.

Expenses increased by $2,484,252.

- Housing and Redevelopment expenditures increased $3,079,470 due to Internal Service Charges from the City, planning and consulting charges for Terminal One, and litigation related expenses for Terminal One and the Ford Assembly Building.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The key assumptions in the Agency's revenue forecast for fiscal year 2006-2007 were:

1. Property tax increment revenues will increase by 2% due to an estimated rise in assessed valuation, and

2. Property tax increment revenues will increase by 2% due to new projects.

## CITY OF RICHMOND REDEVELOPMENT AGENCY

### STATEMENT OF NET ASSETS AND STATEMENT OF ACTIVITIES

The Statement of Net Assets and the Statement of Activities summarize the entire Agency's financial activities and financial position. They are prepared on the same basis as is used by most businesses, which means they include all the Agency's assets and all its liabilities, as well as all its revenues and expenses. This is known as the full accrual basis—the effect of all the Agency's transactions is taken into account, regardless of whether or when cash changes hands.

The Statement of Net Assets reports the difference between the Agency's total assets and the Agency's total liabilities, including all the Agency's infrastructure and other fixed assets and all its long-term debt. The Statement of Net Assets presents similar information to the old balance sheet format, but presents it in a way that focuses the reader on the composition of the Agency's net assets, by subtracting total liabilities from total assets. The Statement of Net Assets summarizes the financial position of the Agency's financial position in a single column.

The Statement of Activities reports increases and decreases in the Agency's net assets. It is also prepared on the full accrual basis, which means it includes all the Agency's revenues and all its expenses, regardless of when cash changes hands. This differs from the "modified accrual" basis used in the Fund financial statements, which reflect only current assets and current liabilities.

The format of the Statement of Activities presents the Agency's expenses that are listed by program first. Program revenues—that is, revenues which are generated directly by these programs—are then deducted from program expenses to arrive at the net expense of each program. The Agency's general revenues are then listed in the Governmental Activities column and the Change in Net Assets is computed and reconciled with the Statement of Net Assets.

RICHMOND REDEVELOPMENT AGENCY
Reconciliation of the
NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS
with the
STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2006

The schedule below reconciles the Net Changes in Fund Balances reported on the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance, which measures only changes in current assets and current liabilities on the modified accrual basis, with the Change in Net Assets of Governmental Activities reported in the Statement of Activities, which is prepared on the full accrual basis.

| | |
|---|---|
| NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS | $8,573,481 |
| Amounts reported for governmental activities in the Statement of Activities are different because of the following: | |
| CAPITAL ASSETS | |
| Governmental Funds include capital outlays in departmental expenditures. However, in the Statement of Activities the cost of those assets is capitalized and allocated over their estimated useful lives and reported as depreciation expense. | |
| The capital outlay expenditures are therefore added back to fund balance | 18,929,324 |
| Depreciation expense is deducted from the fund balance | (186,656) |
| Retirements of capital assets are deducted from the fund balance | (209,477) |
| LONG TERM DEBT PROCEEDS AND PAYMENTS | |
| Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of bond principal is an expenditure in the governmental funds, but in the Statement of Net Assets the repayment reduces long-term liabilities. | |
| Bond proceeds are deducted from fund balance | (9,116,676) |
| Repayment of debt principal is added back to fund balance | 2,280,000 |
| Transfer to the City is deducted from fund balance | (1,071,000) |
| Interest accrued to principal is deducted from fund balance | (45,000) |
| Capital appreciation bonds accretion is deducted from fund balance | (502,577) |
| ACCRUAL OF NON-CURRENT ITEMS | |
| The amounts below included in the Statement of Activities do not provide or (require) the use of current financial resources and therefore are not reported as revenue or expenditures in governmental funds (net change): | |
| Deferred revenue | 2,916,713 |
| Interest payable | (284,041) |
| CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES | $21,284,091 |

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### *A. General*

The Richmond Redevelopment Agency (Agency) was formed in October 1949 as a separate legal entity under the provisions of the Community Redevelopment Law, primarily to assist in the clearance and rehabilitation of areas determined to be in a blighted condition in the City. The Redevelopment Agency is authorized to finance redevelopment through various sources, including assistance from the City, State, Federal governments, incremental property taxes, interest income, issuance of Redevelopment Agency notes and bonds, and sale and rental of real property acquired with these funds.

Although the Redevelopment Agency is a separate legal entity, it is an integral part of the City. The City exercises significant financial and management control over the Redevelopment Agency and members of the City Council serve as the governing board of the Redevelopment Agency.

Project Area Plans (Plans) have been developed to provide an improved physical, social, and economic environment in various Project Areas. The Agency has the following project areas:

| Project Area | Dates |
|---|---|
| Eastshore Park Project Area No. 1-A | Most recent Amendment - July 27, 2004 |
| Pilot Project Area No. 1-B | Most recent Amendment - July 27, 2004 |
| Potrero Project Area No. 1-C | Most recent Amendment - July 27, 2004 |
| Galvin Project Area No. 3-A | Most recent Amendment - July 27, 2004 |
| Terrace Project Area No. 4-A | Most recent Amendment - December 19, 1994 |
| Harbor Gate Project Area No. 6-A | Most recent Amendment - July 27, 2004 |
| Hensley Project Area No. 8-A | Most recent Amendment - July 27, 2004 |

| North Richmond Project Area No. 12-A | Most recent Amendment - July 27, 2004 |

### *B. Basis of Accounting and Measurement Focus*

The basic financial statements of the Agency have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental agencies. The Governmental Accounting Standards Boards (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The accounts of the Agency are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures. Agency resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

*Agency-Wide Financial Statements* – Agency-Wide Financial Statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets. These statements present summaries of Governmental Activities for the Agency. The Agency has no Business Type Activities.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Agency-wide financial statements are presented on an *"economic resources"* measurement focus and the accrual basis of accounting. Accordingly, all of the Agency's assets and liabilities, including capital assets as well as infrastructure assets and long-term liabilities, are included in the Statement of Net Assets. The Statement of Activities presents all the Agency's revenues, expenses and other changes in Net Assets. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

*Governmental Fund Financial Statements* - Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds and in the aggregate for all non-major funds. An accompanying schedule is presented to reconcile and explain the differences in net assets as presented in these statements to the net assets presented in the City-Wide financial statements.

All governmental funds are accounted for on the *"current financial resources"* measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheets. The Statement of Revenues, Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (generally sixty days after the fiscal year-end) are recognized when due. The primary revenue sources which have been treated as susceptible to accrual by the City are property taxes, sales taxes, transient occupancy taxes, franchise taxes and earnings on investments. Expenditures are recorded in the accounting period in which the related fund liability is incurred also generally sixty days after the fiscal year end.

Reconciliations of the Fund Financial Statements to the Government-Wide Financial Statements are provided to explain the differences between the two approaches.

### *C. Use of Restricted/Unrestricted Net Assets*

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the Agency's policy is to apply restricted net assets first.

### *D. Cash and Investments*

The Agency participates in the City's cash and investment pool which is managed by the City Treasurer. All investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

All investments are stated at fair value. Market value is used as fair value for all securities.

The City participates in the State of California's Local Agency Investment Fund (LAIF), which has invested a portion of the pool funds in Structured Notes and Asset-backed Securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these Structured Notes and Asset-backed Securities are subject to market risk as to change in interest rates.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### *E. Compensated Absences*

Compensated absences comprise unused vacation and certain other compensated time off, which are accrued and charged to expense as earned. Governmental funds include only amounts expected to be paid out of current financial resources as liabilities at the end of the fiscal year, while their long-term liabilities are recorded in the Statement of Net Assets.

### *F. Property Tax Levy, Collection and Maximum Rates*

Under California law, the Agency may not assess or receive property taxes, but it may receive any increases in property taxes over amounts received in the year before the property in each Agency Project Area became subject to redevelopment (called the Base Year). These increases are called property tax increments; one fifth of these increments must be used to increase the supply of low and moderate income housing.

Property taxes and increments are assessed and collected by the County of Contra Costa (County). Under the Teeter plan, the County remits the full assessment regardless of the amounts received. The County assesses, bills, and collects property taxes as follows:

| | |
|---|---|
| Lien Date | January 1 |
| Levy Date | July 1 |
| Due Date | November 1 and February 1 |
| Collection Date | December 10 and April 10 |

### *G. Long-Term Obligations*

*Agency-Wide Financial Statements* - Long-term debt is reported as liabilities of the appropriate governmental activity.

Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable premium or discount. Issuance costs are reported as deferred charges.

*Fund Financial Statements* - Governmental fund financial statements do not present long-term debt. Governmental funds report bond premiums, discounts and issuance costs in the year the debt is issued. Bond proceeds are reported as other financing sources net of premium or discount. Issuance costs are reported as debt service expenditures.

### *H. Deferred Revenues*

The Agency reports deferred revenues as offsets to receivables from project developers or notes receivable from homeowners because such amounts are measurable but are not yet available.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### *I. Net Assets and Fund Equity*

In the Agency-Wide Financial Statements, net assets are classified in the following categories:

*Invested in Capital Assets, Net of Related Debt* – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that attributed to the acquisition, construction, or improvement of the assets.

*Restricted Net Assets* – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of governments.

*Unrestricted Net Assets* – This amount is all net assets that do not meet the definition of "invested in capital assets, net of related debt" or "restricted net assets" as defined above.

In the Fund Financial Statements, reservations and designations of fund balances of the governmental funds are created to either satisfy legal covenants, including State laws, that require a portion of the fund equity be segregated or identify the portion of the fund equity to not available for future expenditures.

## 2. CASH AND INVESTMENTS

The Agency's dependence on property tax increments, which are received semi-annually, requires it to maintain significant cash reserves to finance operations during the remainder of the year. The City and Agency pool cash from all sources and all funds except Cash with Fiscal Agents so that it can be safely invested at maximum yields, while individual funds can make expenditures at any time.

Investments are carried at market value and investment income is generally allocated among funds on the basis of average cash and investment balances in these funds. Interest income on certain investments is allocated based on the source of the investment and legal requirements which apply.

### *A. Classification*

Cash and investments are classified in the financial statements as shown below, based on whether or not their use is restricted under the terms of debt instruments or Agency agreements

| | |
|---|---|
| Cash and investments | $19,046,314 |
| Restricted cash and investments | 28,973,086 |
| **Total Agency's cash and investments** | 48,019,400 |

## 2. CASH AND INVESTMENTS (Continued)

### *B. Authorized Investments*

B: Agency may not utilize Reverse Repurchase Agreement Under the provisions of the Agency's Investment Policy, and in accordance with California Government Code, the following investments are authorized:

### *C. Investments Authorized by Debt Issues and Lease Agreements*

Under the terms of the Agency's debt issues and lease agreements, it is subject to various restrictions in the type, maturity and credit ratings of investments of the unspent proceeds of these issues. These restrictions are generally no more restrictive than those listed above regarding investment of the Agency's funds. At June 30, 2006, the Agency was in compliance with the terms of all these restrictions.

### *D. Interest Rate Risk*

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways the Agency manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

## 2. CASH AND INVESTMENTS (Continued)

Information about the sensitivity of the fair values of the Agency's investments (including investments held by bond trustees) to market interest rate fluctuations is provided by the following table that shows the distribution of the Agency's investments by maturity or earliest call date:

| | Remaining Maturity (in Months) | | | |
|---|---|---|---|---|
| | 12 months or Less | 25 to 60 Months | More than 60 months | Total |

The Agency is a participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The Agency reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance is available for withdrawal on demand, and is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2006, these investments matured in an average of 152 days.

Money market funds and mutual funds are available for withdrawal on demand and at June 30, 2006, matured in an average of 29 days

### *E. Fair value of Investments*

GASB Statement 31 requires governments to present investments at fair value. The total changes in the fair value of investments in the current fiscal year is not of material significance. The Agency does not adjust the carrying value of its investment to reflect the fair value at each fiscal year-end.

## 2. CASH AND INVESTMENTS (Continued)

### *F. Credit Risk*

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of June 30, 2006 for each investment type:

### CHFA Help Loans – Original Amounts $1,500,000 and $1,000,000

The Redevelopment Agency (RDA) entered into two loan agreements with California Housing Finance Agency in September 2000 and November 2004 to assist the Agency with operating a local housing program, which provides loans to non-profit developers for the purpose of financing the acquisition, preconstruction, and construction of single-family ownership and multifamily rental properties. The loans are due 10 years from the date of each loan. The loans bear a simple 3% per annum interest rate, and all payments of principal and interest are deferred for a ten-year period. During fiscal year 2006 the Agency drew down proceeds of $1,000,000 and interest accrued to principal totaled $45,000.

### HUD Section 108 – Original Amount $3,000,000

In fiscal 2004, the City entered to a Disposition and Development Agreement to receive a Section 108 loan from the Department of Housing and Urban Development to finance costs related to the Ford Assembly Building project. Interest is payable quarterly and the interest rate is fixed at 2.58% or, in specific conditions, adjusted to the latest LIBOR Rate. The principal payments are due annually from 2009 through 2025.

## 7. LONG-TERM OBLIGATIONS (Continued)

**HUD Section 108 – Original Amount $3,500,000**

In fiscal 2006, the City received a Section 108 loan from the Department of Housing and Urban Development to finance costs related to the North Richmond-Iron Triangle project. Interest is payable quarterly and the interest rate is fixed at 2.58% or, in specific conditions, adjusted to the latest LIBOR Rate. The principal payments are due annually from 2009 through 2025.

**CERF Loan – Original Amount $4,500,000**

In fiscal 2006, the City received a loan from the Continental Environmental Redevelopment Fund to finance the costs of an environmental remediation program. Interest is payable quarterly. The loan is due in full in March 2007, with the option to extend the agreement for two additional years. As of June 30, 2006, the balance outstanding was $1,616,676.

**Debt Without Agency or City Commitment**

A special assessment district has been established in a part of the Agency to provide improvements to properties located in that district. Properties in the district are assessed for the cost of improvements; these assessments are payable solely by property owners over the term of the debt issued to finance these improvements. The Agency is not legally or morally obligated to pay these debts or be the purchaser of last resort of any foreclosed properties in these special assessment districts, nor is it obligated to advance Agency funds to repay these debts in the event of default.

At June 30, 2006, one District, Marina Westshore Community Facilities District No. 1998-1, had issued Community Facilities District No. 1998-1 Special Tax Bonds which had a remaining balance outstanding at that date of $4,070,000.

## 7. LONG-TERM OBLIGATIONS (Continued)

### Conduit Debt

### 2003 Variable Rate Demand Multifamily Housing Revenue Refunding Bonds

On August 27, 2003, the Agency assisted Bridge Housing Acquisitions, Inc., in the issuance of Variable Rate Demand Multifamily Housing Revenue Refunding Bonds. The proceeds were used to repay existing obligations and rehabilitate The Summit at Hilltop, a 240-unit multifamily rental housing project. This debt issue is secured solely by the property financed by the debt. The Agency is not legally or morally obligated to pay this debt or be the purchaser of last resort of any foreclosed properties secured by this debt, nor is it obligated to advance Agency funds to repay this debt in the event of default. At June 30, 2006, the balance of this debt was $14,375,000.

## 8. DEFICIT NET ASSETS

At June 30, 2006, restrictions of net assets were as follows:

| | |
|---|---|
| Restricted net assets: | |
| Debt service | $2,478,820 |
| Low and moderate income housing | 11,674,830 |
| Unrestricted | (15,476,881) |
| **Total net assets** | ($1,323,231) |

The unrestricted net assets had a deficit balance because long-term debt is in excess of capital assets owned by the Agency. The Agency issues debt for construction and/or acquisition of assets. Upon completion of construction or acquisition, the capital assets are turned over to the City or to private parties within the redevelopment project area. The debt will be repaid with future property tax increment revenue.

## 9. COMMITMENTS AND CONTINGENCIES

### Litigation

*During fiscal year 2006, the Agency settled a claim against prior property owners of the* Terminal One parcel for pollution. The Agency received a settlement reimbursement of $4.2 million which will be used to offset the Agency's costs of clean up at the site.

In addition to the above, the Agency is involved in various claims and litigation resulting from its normal operations. The ultimate outcome of these matters is not presently determinable. In the Agency management's opinion, the outcome of these matters will not have a significant adverse effect on the Agency's financial position.

## NOTES TO BUDGETARY COMPARISON SCHEDULE

### Budgets and Budgetary Accounting

The Agency adopts a budget annually to be effective July 1 for the ensuing fiscal year. Budgeted expenditures are adopted through the passage of a resolution. This resolution constitutes the maximum authorized expenditures for the fiscal year and cannot legally be exceeded except by subsequent amendments of the budget by the Agency Board.

An operating budget is adopted each fiscal year for the General Special Revenue Fund. Public hearings are conducted on the proposed budgets to review all appropriations and sources of financing. Capital projects are budgeted by the Agency Board over the term of the individual projects. Since capital projects are not budgeted on an annual basis, they are not included in the budgetary data. Debt Service expenditures are made in accordance with debt payment schedules included in the official statements for the outstanding bonds.

Expenditures are controlled at the fund level for all budgeted departments within the Agency. This is the level at which expenditures may not legally exceed appropriations. Budgeted amounts for the Statement of Revenues, Expenditures and Other Financing Sources (Uses) – Budget and Actual include budget amendments approved by Agency Board.

The budgets are adopted on a basis substantially consistent with generally accepted accounting principles (GAAP)

Any amendments or transfers of appropriations between object group levels within the same department must be authorized by the City Manager. Any amendments to the total level of appropriations for a fund or transfers between funds must be approved by the Agency Board. Supplemental appropriations financed by unanticipated revenues during the year must be approved by the Agency Board.

# REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Governing Board
Richmond Redevelopment Agency
Richmond, California

We have audited the financial statements of the Richmond Redevelopment Agency as of and for the year ended June 30, 2006, and have issued our report thereon dated December 15, 2006. We have conducted our audit in accordance with generally accepted auditing standards in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

***Internal Control over Financial Reporting***

In planning and performing our audit, we considered the Agency's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Our audit included tests of compliance with provisions of the *Guidelines for Compliance Audits of California Redevelopment Agencies*. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance, except as noted below in the Schedule of Current Year Findings, that are required to be reported under *Government Auditing Standards.*

This report is intended for the information of the Board, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than the above parties.

## SCHEDULE OF CURRENT YEAR FINDINGS

**Finding 06-1:**

The Agency had not filed the Independent Auditor's report on financial statements and report on legal compliance for the year ended June 30, 2005 with the State Controller's Report as of December 31, 2005, as required under Health and Safety Code Section 33080.1. The report was filed on May 12, 2006.

**Redevelopment Agency Response:**

The Agency and the City are working together with Maze & Associates to prepare timely Independent Auditor reports and the report on legal compliance. The Agency will be filing these reports by December 31, 2006 for FY06.

**Finding 06-2:**

Health and Safety Code Section 33418 requires that the Agency have property owners or managers of housing involving Agency funding to submit an annual report to the Agency. We selected the Agency's three projects funded by the Low and Moderate Income Housing Capital Projects Fund to test for this compliance requirement. Only one of the reports included the information required by Health and Safety Code Section 33418. The Agency should require property owners or managers to submit the required reports annually and review the reports for compliance.

**Redevelopment Agency Response:**

The Agency has started its monitoring processes and will continue to enhance these processes. The Agency will also consider going out to bid to do more active monitoring of homeownership units.

## SCHEDULE OF PRIOR YEAR FINDINGS

**Finding 05-1:**

The Agency had not filed the Independent Auditor's report on financial statements and report on legal compliance for the year ended June 30, 2004 with the State Controller's Report as of December 31, 2004, as required under Health and Safety Code Section 33080.1.

**Current Status:**

The Agency sent the State Controller's Report on December 28, 2005 and the Independent Auditor report was sent on May 12, 2006. The Agency and the City are working together with Maze & Associates to prepare timely Independent Auditor reports and the report on legal compliance so these documents can accompany the State Controllers Report to meet the deadline of December 31.

**Finding 05-2:**

The Agency did not prepare a written determination showing that planning and administrative expenditures were necessary for the production, improvement or preservation of low and moderate income housing for the year ended June 30, 2004, as required by Health and Safety Code Section 33334.3(d).

**Current Status:**

The staff report accompanying the Agency's 2004-05 budget approved by the Agency Board on June 22, 2004 indicates that the determination that spending Low/Mod funds on administrative and planning costs was necessary for the production, improvement and preservation of low and moderate income housing. The RCRA will state the determination in writing in future budget reports.

**Finding 05-3:**

The Agency must require property owners or managers of such housing to submit an annual report to the Agency, as required under Health and Safety Code Section 33418. The Agency was unable to locate any annual reports from property owners or managers.

**Current Status:**

The Agency has started its monitoring processes and has submitted a monitoring binder to Maze & Associates for FY06. The Agency will also consider going out to bid to do more active monitoring of homeownership units. Also, see Finding 06-2

Section 2.01. *Orders by Existing Owners and Potential Owners.* (a) Prior to the Broker-Dealer Deadline for each Series of Bonds on each Auction Date:

(i) each Existing Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, one or more Orders as to:

(A) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period without regard to the Auction Rate for such Auction Period,

(B) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner commits to continue to hold for the next succeeding Auction Period if the Auction Rate for the next succeeding Auction Period is not less than the rate per annum specified in such Order (and if the Auction Rate is less than such specified rate, the effect of the Order shall be as set forth in paragraph (b)(i)(A) of this Section), and/or

(C) the principal amount of Bonds, if any, held by such Existing Owner which such Existing Owner offers to sell on the first Business Day of the next succeeding Auction Period (or on the same day in the case of a daily Auction Period) without regard to the Auction Rate for the next succeeding Auction Period; and

(ii) each Potential Owner may submit to a Broker-Dealer, in writing or by such other method as shall be reasonably acceptable to such Broker-Dealer, an Order as to the principal amount of Bonds, which each such Potential Owner offers to purchase if the Auction Rate for the next succeeding Auction Period is not less than the rate per annum then specified by such Potential Owner.

For the purposes of the Auction Procedures an Order containing the information referred to in clause (i)(A) above is referred to as a "Hold Order," an Order containing the information referred to in

clause (i)(B) or (ii) above is referred to as a "Bid," and an Order containing the information referred to in clause (i)(C) above is referred to as a "Sell Order."

No Auction Desk of a Broker-Dealer shall accept as an Order a submission (whether received from an Existing Owner or a Potential Owner or generated by the Broker-Dealer for its own account) which does not conform to the requirements of the Auction Procedures, including, but not limited to, submissions which are not in Authorized Denominations, specify a rate which contains more than three figures to the right of the decimal point or specify an amount greater than the amount of Outstanding Bonds. No Auction Desk of a Broker-Dealer shall accept a Bid or Sell Order which is conditioned on being filled in whole or a Bid which does not specify a specific interest rate.

(b) (i) A Bid by an Existing Owner shall constitute an offer to sell on the first Business Day of the next succeeding Auction Period (or the same day in the case of a daily Auction Period):

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be less than the rate specified in such Bid; or

(B) such principal amount or a lesser principal amount of Bonds to be determined as described in subsection (a)(v) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate; or

(C) a lesser principal amount of Bonds to be determined as described in subsection (b)(iv) of Section 2.05 hereof if such specified rate shall be higher than the ARB Maximum Rate and Sufficient Clearing Bids do not exist.

(ii) A Sell Order by an Existing Owner shall constitute an offer to sell:

(A) the principal amount of Bonds specified in such Sell Order; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (b)(iv) of Section 2.05 hereof if Sufficient Clearing Bids do not exist.

(A) the principal amount of Bonds specified in such Bid if the Auction Rate for the next succeeding Auction Period shall be higher than the rate specified therein; or

(B) such principal amount or a lesser principal amount of Bonds as described in subsection (a)(vi) of Section 2.05 hereof if the Auction Rate for the next succeeding Auction Period shall be equal to such specified rate.

(c) Anything herein to the contrary notwithstanding:

(i) If an Order or Orders covering all of the Bonds of a particular Series held by an Existing Owner is not submitted to the Broker-Dealer of record for such Existing Owner prior to the Broker-Dealer Deadline, such Broker-Dealer shall deem a Hold Order to have been submitted on behalf of such Existing Owner covering the principal amount of Bonds held by such Existing Owner and not subject to Orders submitted to such Broker-Dealer; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted to such Broker-Dealer prior to the Broker-Dealer Deadline covering the aggregate principal amount of Bonds of a particular Series to be converted held

by such Existing Owner, such Broker-Dealer shall deem a Sell Order to have been submitted on behalf of such Existing Owner covering the principal amount of Bonds to be converted held by such Existing Owner not subject to Orders submitted to such Broker-Dealer.

(ii) for purposes of any Auction, any Order by any Existing Owner or Potential Owner shall be revocable until the Broker-Dealer Deadline, and after the Broker-Dealer Deadline, all such Orders shall be irrevocable, except as provided in Sections 2.02(e)(ii) and 2.02(f); and

(iii) for purposes of any Auction other than during a daily Auction Period, any Bonds sold or purchased pursuant to subsection (b)(i), (ii) or (iii) above shall be sold or purchased at a price equal to 100% of the principal amount thereof; provided that, for purposes of any Auction during a daily Auction Period, such sale or purchase price shall be 100% of the principal amount thereof plus accrued interest to the date of sale or purchase.

Section 2.02. *Submission of Orders by Broker-Dealers to Auction Agent.*

(a) Each Broker-Dealer shall submit to the Auction Agent in writing, or by such Electronic Means as shall be reasonably acceptable to the Auction Agent, prior to the Submission Deadline on each Auction Date for Bonds of a Series, all Orders with respect to Bonds of such Series accepted by such Broker-Dealer in accordance with Section 2.01 above and specifying with respect to each Order or aggregation of Orders pursuant to Section 2.02(b) below:

(i) the name of the Broker-Dealer;

(ii) the number of Bidders placing Orders, if requested by the Auction Agent;

(iii) the aggregate number of Units of Bonds of such Series, if any, that are the subject of such Order, where each Unit is equal to the principal amount of the minimum Authorized Denomination of the Bonds;

(iv) to the extent that such Bidder is an Existing Owner:

(A) the number of Units of Bonds of such Series, if any, subject to any Hold Order placed by such Existing Owner;

(B) the number of Units of Bonds of such Series, if any, subject to any Bid placed by such Existing Owner and the rate specified in such Bid; and

(C) the number of Units of Bonds of such Series, if any, subject to any Sell Order placed by such Existing Owner; and

(v) to the extent such Bidder is a Potential Owner, the rate specified in such Bid.

(b) If more than one Bid is submitted to a Broker-Dealer on behalf of any single Potential Owner, the Broker-Dealer shall aggregate each Bid on behalf of such Potential Owner submitted with the same rate and consider such Bids as a single Bid and shall consider each Bid submitted with a different rate a separate Bid with the rate and the number of Units of Bonds specified therein.

A Broker-Dealer may aggregate the Orders of different Potential Owners with those of other Potential Owners on whose behalf the Broker-Dealer is submitting Orders and may aggregate the Orders of different Existing Owners with other Existing Owners on whose behalf the Broker-Dealer is submitting Orders; provided, however, Bids may only be aggregated if the interest rates on the Bids are the same.

(c) None of the the Agency, the Trustee or the Auction Agent shall be responsible for the failure of any Broker-Dealer to submit an Order to the Auction Agent on behalf of any Existing Owner or Potential Owner.

(d) Nothing contained herein shall preclude a Broker-Dealer from placing an Order for some or all of the Bonds for its own account.

(e) Until the Submission Deadline, a Broker-Dealer may withdraw or modify any Order previously submitted to the Auction Agent (i) for any reason if the Order was generated by the Auction Desk of the Broker-Dealer for the account of the Broker-Dealer or (ii) to correct a Clerical Error in the case of any other Order, including Orders from the Broker-Dealer which were not originated by the Auction Desk.

(f) After the Submission Deadline and prior to the Error Correction Deadline, a Broker-Dealer may:

(i) submit to the Auction Agent an Order received from an Existing Owner, Potential Owner or a Broker-Dealer which is not an Order originated by the Auction Desk, in each case prior to the Broker-Dealer Deadline, or an Order generated by the Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline (provided that in each case the Broker-Dealer has a record of such Order and the time when such Order was received or generated) and not submitted to the Auction Agent prior to the Submission Deadline as a result of (A) an event of force majeure or a technological failure which made delivery prior to the Submission Deadline impossible or, under the conditions then prevailing, impracticable or (B) a Clerical Error on the part of the Broker-Dealer; or

(ii) modify or withdraw an Order received from an Existing Owner or Potential Owner or generated by the Broker-Dealer (whether generated by the Broker-Dealer's Auction Desk or elsewhere within the Broker-Dealer) for its own account and submitted to the Auction Agent prior to the Submission Deadline or pursuant to clause (i) above, if the Broker-Dealer determines that such Order contained a Clerical Error on the part of the Broker-Dealer.

In the event a Broker-Dealer makes a submission, modification or withdrawal pursuant to this Section 2.02(f) and the Auction Agent has already run the Auction, the Auction Agent shall rerun the Auction, taking into account such submission, modification or withdrawal. Each submission, modification or withdrawal of an Order submitted pursuant to this Section 2.02(f) by a Broker-Dealer after the Submission Deadline and prior to the Error Correction Deadline shall constitute a representation by the Broker-Dealer that (A) in the case of a newly submitted Order or portion thereof or revised Order, the failure to submit such Order prior to the Submission Deadline resulted from an event described in clause (i) above and such Order was received from an Existing Owner or Potential Owner or is an Order received from the Broker-Dealer that was not originated by the Auction Desk, in each case, prior to the Broker-Dealer Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline or (B) in the case of a modified or withdrawn Order, such Order was received from an Existing Owner, a Potential Owner or the Broker-Dealer which was not originated by the Auction Desk prior to the Broker-Dealer

Deadline, or generated internally by such Broker-Dealer's Auction Desk for its own account prior to the Submission Deadline and such Order as submitted to the Auction Agent contained a Clerical Error on the part of the Broker-Dealer and that such Order has been modified or withdrawn solely to effect a correction of such Clerical Error, and in the case of either (A) or (B), as applicable, the Broker-Dealer has a record of such Order and the time when such Order was received or generated. The Auction Agent shall be entitled to rely conclusively (and shall have no liability for relying) on such representation for any and all purposes of the Auction Procedures.

(g) If after the Auction Agent announces the results of an Auction, a Broker-Dealer becomes aware that an error was made by the Auction Agent, the Broker-Dealer shall communicate such awareness to the Auction Agent prior to 5:00 p.m. New York City time on the Auction Date (or 2:00 pm. New York City time in the case of Bonds in a daily Auction Period). If the Auction Agent determines there has been such an error (as a result of either a communication from a Broker-Dealer or its own discovery) prior to 3:00 p.m. New York City time on the first day of the Auction Period with respect to which such Auction was conducted, the Auction Agent shall correct the error and notify each Broker-Dealer that submitted Bids or held a position in Bonds in such Auction of the corrected results.

(h) Nothing contained herein shall preclude the Auction Agent from:

(i) advising a Broker-Dealer prior to the Submission Deadline that it has not received Sufficient Clearing Bids for the Bonds; provided, however, that if the Auction Agent so advises any Broker-Dealer, it shall so advise all Broker-Dealers; or

(ii) verifying the Orders of a Broker-Dealer prior to or after the Submission Deadline; provided, however, that if the Auction Agent verifies the Orders of any Broker-Dealer, it shall verify the Orders of all Broker-Dealers requesting such verification.

Section 2.03. *Treatment of Orders by the Auction Agent.* Anything herein to the contrary notwithstanding:

(a) If the Auction Agent receives an Order which does not conform to the requirements of the Auction Procedures, the Auction Agent may contact the Broker-Dealer submitting such Order until one hour after the Submission Deadline and inform such Broker-Dealer that it may resubmit such Order so that it conforms to the requirements of the Auction Procedures. Upon being so informed, such Broker-Dealer may correct and resubmit to the Auction Agent any such Order that, solely as a result of a Clerical Error on the part of such Broker-Dealer, did not conform to the requirements of the Auction Procedures when previously submitted to the Auction Agent. Any such resubmission by a Broker-Dealer shall constitute a representation by such Broker-Dealer that the failure of such Order to have so conformed was solely as a result of a Clerical Error on the part of such Broker-Dealer. If the Auction Agent has not received a corrected conforming Order within one hour and fifteen minutes of the Submission Deadline, the Auction Agent shall, if and to the extent applicable, adjust or apply such Order, as the case may be, in conformity with the provisions of subsections (b), (c) or (d) of this Section 2.03 and, if the Auction Agent is unable to so adjust or apply such Order, the Auction Agent shall reject such Order.

(b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth of one percent (0.001%).

(c) If one or more Orders covering in the aggregate more than the number of Units of Outstanding Bonds of a particular Series are submitted by a Broker-Dealer to the Auction Agent, such Orders shall be considered valid in the following order of priority:

(i) all Hold Orders shall be considered Hold Orders, but only up to and including in the aggregate the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record;

(ii) (A) any Bid of a Broker-Dealer shall be considered valid as a Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of the Bonds of such Series subject to Hold Orders referred to in clause (i) above;

(B) subject to clause (A) above, all Bids of a Broker-Dealer with the same rate shall be aggregated and considered a single Bid of an Existing Owner up to and including the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above;

(C) subject to clause (A) above, if more than one Bid with different rates is submitted by a Broker-Dealer, such Bids shall be considered Bids of an Existing Owner in the ascending order of their respective rates up to the amount of the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record subject to Hold Orders referred to in clause (i) above; and

(D) the number of Units, if any, of such Bonds of such Series subject to Bids not considered to be Bids for which such Broker-Dealer is the Broker-Dealer of record under this clause (ii) shall be treated as the subject of a Bid by a Potential Owner;

(iii) all Sell Orders shall be considered Sell Orders, but only up to and including the number of Units of Bonds of such Series equal to the excess of the number of Units of Bonds of such Series for which such Broker-Dealer is the Broker-Dealer of record over the sum of the number of Units of the Bonds of such Series considered to be subject to Hold Orders pursuant to clause (i) above and the number of Units of Bonds of such Series considered to be subject to Bids for which such Broker-Dealer is the Broker-Dealer of record pursuant to clause (ii) above.

(d) If any Order is for other than an integral number of Units, then the Auction Agent shall round the amount down to the nearest number of whole Units, and the Auction Agent shall conduct the Auction Procedures as if such Order had been submitted in such number of Units.

(e) For purposes of any Auction other than during a daily Auction Period, if an Auction Agent has been notified by the Trustee that any portion of an Order by a Broker-Dealer relates to a Bond which has been called for redemption on or prior to the ARB Interest Payment Date next succeeding such Auction, the Order shall be invalid with respect to such portion and the Auction Agent shall conduct the Auction Procedures as if such portion of such Order had not been submitted.

(f) For purposes of any Auction other than during a daily Auction Period, no portion of a Bond which the Auction Agent has been notified by the Trustee has been called for redemption on or prior to the ARB Interest Payment Date next succeeding such Auction shall be included in the calculation of Available Bonds for such Auction.

(g) If an Order or Orders covering all of the Bonds of a particular Series is not submitted by a Broker-Dealer of record prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds for which such Broker-Dealer is the Broker-Dealer of record and not subject to Orders submitted to the Auction Agent; provided, however, that if there is a conversion from one Auction Period to a longer Auction Period and Orders have not been submitted by such Broker-Dealer prior to the Submission Deadline covering the number of Units of Bonds of a particular Series to be converted for which such Broker-Dealer is the Broker-Dealer of record, the Auction Agent shall deem a Sell Order to have been submitted on behalf of such Broker-Dealer covering the number of Units of Bonds to be converted for which such Broker-Dealer is the Broker-Dealer of record not subject to Orders submitted by such Broker-Dealer.

Section 2.04. *Determination of Auction Period Rate.* (a) If requested by the Trustee or a Broker-Dealer, not later than 10:30 a.m., New York City time (or such other time as may be agreed to by the Auction Agent and all Broker-Dealers), on each Auction Date for each Series of Bonds, the Auction Agent shall advise such Broker-Dealer (and thereafter confirm to the Trustee, if requested) of the All Hold Rate, the Index and, if the ARB Maximum Rate is not a fixed interest rate, the ARB Maximum Rate. Such advice, and confirmation, shall be made by telephone or other Electronic Means acceptable to the Auction Agent.

(b) Promptly after the Submission Deadline for each Series of Bonds on each Auction Date, the Auction Agent shall assemble all Orders submitted or deemed submitted to it by the Broker-Dealers (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, and collectively as a "Submitted Order") and shall determine (i) the Available Bonds, (ii) whether there are Sufficient Clearing Bids, and (iii) the Auction Rate.

(c) In the event the Auction Agent shall fail to calculate or, for any reason, fails to provide the Auction Rate on the Auction Date, for any Auction Period (i) if the preceding Auction Period was a period of 35 days or less, (A) a new Auction Period shall be established for the same length of time as the preceding Auction Period, if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension, and (ii) if the preceding Auction Period was a period of greater than 35 days, (A) a new Auction Period shall be established for a period that ends on the seventh day following the day that was the last day of the preceding Auction Period, (or if such seventh day is not followed by a Business Day then to the next succeeding day which is followed by a Business Day) if the failure to make such calculation was because there was not at the time a duly appointed and acting Auction Agent or Broker-Dealer, and the Auction Period Rate for the

new Auction Period shall be the percentage of the Index set forth in Schedule I under "Determination of Auction Period Rate" if the Index is ascertainable on such date (by the Auction Agent, if there is at the time an Auction Agent, or the Trustee, if at the time there is no Auction Agent) or, (B) if the failure to make such calculation was for any other reason or if the Index is not ascertainable on such date, the prior Auction Period shall be extended to the seventh day following the day that would have been the last day of the preceding Auction Period (or if such seventh day is not followed by a Business Day then to the next succeeding day that is followed by a Business Day) and the Auction Period Rate for the period as so extended shall be the same as the Auction Period Rate for the Auction Period prior to the extension. In the event a new Auction Period is established as set forth in clause (ii) (A) above, an Auction shall be held on the last Business Day of the new Auction Period to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the new Auction Period and ending on the date on which the Auction Period otherwise would have ended had there been no new Auction Period or Auction Periods subsequent to the last Auction Period for which a Winning Bid Rate had been determined. In the event an Auction Period is extended as set forth in clause (i) (B) or (ii) (B) above, an Auction shall be held on the last Business Day of the Auction Period as so extended to determine an Auction Rate for an Auction Period beginning on the Business Day immediately following the last day of the extended Auction Period and ending on the date on which the Auction Period otherwise would have ended had there been no extension of the prior Auction Period.

Notwithstanding the foregoing, neither new nor extended Auction Periods shall total more than 35 days in the aggregate. If at the end of the 35 days the Auction Agent fails to calculate or provide the Auction Rate, or there is not at the time a duly appointed and acting Auction Agent or Broker-Dealer, the Auction Period Rate shall be the ARB Maximum Rate.

(d) In the event of a failed conversion from an Auction Period to any other period or in the event of a failure to change the length of the current Auction Period due to the lack of Sufficient Clearing Bids at the Auction on the Auction Date for the first new Auction Period, the Auction Period Rate for the next Auction Period shall be the ARB Maximum Rate and the Auction Period shall be a seven-day Auction Period. In the event that the 2007 Series A Bonds bear interest at the ARB Maximum Rate for the lesser of 3 consecutive Auction periods or 90 days, the Agency will use best efforts to cause a conversion to another Auction Period or an Interest Rate Period acceptable to the 2007 Series A Bond Insurer.

(e) If the Bonds are no longer maintained in book-entry-only form by the Securities Depository, then the Auctions shall cease and the Auction Period Rate shall be the ARB Maximum Rate.

Section 2.05. *Allocation of Bonds.*

(a) In the event of Sufficient Clearing Bids for a Series of Bonds, subject to the further provisions of subsections (c) and (d) below, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Sell Order of each Existing Owner shall be accepted and the Submitted Bid of each Existing Owner specifying any rate that is higher than the Winning Bid

Rate shall be rejected, thus requiring each such Existing Owner to sell the Bonds that are the subject of such Submitted Sell Order or Submitted Bid;

(iii) the Submitted Bid of each Existing Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Bid of each Potential Owner specifying any rate that is lower than the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(v) the Submitted Bid of each Existing Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid, but only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii) or (iv) above by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds held by such Existing Owner subject to such Submitted Bid and the denominator of which shall be the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Existing Owners that specified a rate equal to the Winning Bid Rate, and the remainder, if any, of such Submitted Bid shall be rejected, thus requiring each such Existing Owner to sell any excess amount of Bonds;

(vi) the Submitted Bid of each Potential Owner specifying a rate that is equal to the Winning Bid Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid, but only in an amount equal to the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Outstanding Bonds which are not the subject of Submitted Hold Orders described in clause (i) above or of Submitted Bids described in clauses (iii), (iv) or (v) above by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds subject to such Submitted Bid and the denominator of which shall be the sum of the aggregate number of Units of Outstanding Bonds subject to such Submitted Bids made by all such Potential Owners that specified a rate equal to the Winning Bid Rate, and the remainder of such Submitted Bid shall be rejected; and

(vii) the Submitted Bid of each Potential Owner specifying any rate that is higher than the Winning Bid Rate shall be rejected.

(b) In the event there are not Sufficient Clearing Bids for a Series of Bonds, Submitted Orders for each Series of Bonds shall be accepted or rejected as follows in the following order of priority:

(i) the Submitted Hold Order of each Existing Owner shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Hold Order;

(ii) the Submitted Bid of each Existing Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Existing Owner to continue to hold the Bonds that are the subject of such Submitted Bid;

(iii) the Submitted Bid of each Potential Owner specifying any rate that is not higher than the ARB Maximum Rate shall be accepted, thus requiring each such Potential Owner to purchase the Bonds that are the subject of such Submitted Bid;

(iv) the Submitted Sell Orders of each Existing Owner shall be accepted as Submitted Sell Orders and the Submitted Bids of each Existing Owner specifying any rate that is higher than the ARB Maximum Rate shall be deemed to be and shall be accepted as Submitted Sell Orders, in both cases only up to and including the number of Units of Bonds obtained by multiplying (A) the aggregate number of Units of Bonds subject to Submitted Bids described in clause (iii) of this subsection (b) by (B) a fraction the numerator of which shall be the number of Units of Outstanding Bonds held by such Existing Owner subject to such Submitted Sell Order or such Submitted Bid deemed to be a Submitted Sell Order and the denominator of which shall be the number of Units of Outstanding Bonds subject to all such Submitted Sell Orders and such Submitted Bids deemed to be Submitted Sell Orders, and the remainder of each such Submitted Sell Order or Submitted Bid shall be deemed to be and shall be accepted as a Hold Order and each such Existing Owner shall be required to continue to hold such excess amount of Bonds; and

(v) the Submitted Bid of each Potential Owner specifying any rate that is higher than the ARB Maximum Rate shall be rejected.

(c) If, as a result of the undertakings described in Section 2.05(a) or (b) above, any Existing Owner or Potential Owner would be required to purchase or sell an aggregate principal amount of the Bonds that is not an integral multiple of an Authorized Denomination on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, round up or down the principal amount of the Bonds to be purchased or sold by any Existing Owner or Potential Owner on such Auction Date so that the aggregate principal amount of the Bonds purchased or sold by each Existing Owner or Potential Owner on such Auction Date shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Existing Owners or Potential Owners not purchasing or selling any Bonds on such Auction Date.

(d) If, as a result of the undertakings described in Section 2.05(a) above, any Potential Owner would be required to purchase less than an Authorized Denomination in principal amount of the Bonds on any Auction Date, the Auction Agent shall by lot, in such manner as it shall determine in its sole discretion, allocate the Bonds for purchase among Potential Owners so that the principal amount of the Bonds purchased on such Auction Date by any Potential Owner shall be an integral multiple of such Authorized Denomination, even if such allocation results in one or more of such Potential Owners not purchasing the Bonds on such Auction Date.

Section 2.06. *Notice of Auction Period Rate.* (a) On each Auction Date, the Auction Agent shall notify each Broker-Dealer that participated in the Auction held on such Auction Date by Electronic Means acceptable to the Auction Agent and the applicable Broker-Dealer of the following, with respect to each Series of Bonds for which an Auction was held on such Auction Date:

(i) the Auction Period Rate determined on such Auction Date for the succeeding Auction Period;

(ii) whether Sufficient Clearing Bids existed for the determination of the Winning Bid Rate;

(iii) if such Broker-Dealer submitted a Bid or a Sell Order on behalf of an Existing Owner, whether such Bid or Sell Order was accepted or rejected and the number of Units of Bonds, if any, to be sold by such Existing Owner;

(iv) if such Broker-Dealer submitted a Bid on behalf of a Potential Owner, whether such Bid was accepted or rejected and the number of Units of Bonds, if any, to be purchased by such Potential Owner;

(v) if the aggregate number of Units of the Bonds to be sold by all Existing Owners on whose behalf such Broker-Dealer submitted Bids or Sell Orders is different from the aggregate number of Units of Bonds to be purchased by all Potential Owners on whose behalf such Broker-Dealer submitted a Bid, the name or names of one or more Broker-Dealers (and the Agent Member, if any, of each such other Broker-Dealer) and the number of Units of Bonds to be (A) purchased from one or more Existing Owners on whose behalf such other Broker-Dealers submitted Bids or Sell Orders or (B) sold to one or more Potential Owners on whose behalf such Broker-Dealer submitted Bids; and

(vi) the immediately succeeding Auction Date.

(b) On each Auction Date, with respect to each Series of Bonds for which an Auction was held on such Auction Date, each Broker-Dealer that submitted an Order on behalf of any Existing Owner or Potential Owner shall: (i) if requested by an Existing Owner or a Potential Owner, advise such Existing Owner or Potential Owner on whose behalf such Broker-Dealer submitted an Order as to (A) the Auction Period Rate determined on such Auction Date, (B) whether any Bid or Sell Order submitted on behalf of such Owner was accepted or rejected and (C) the immediately succeeding Auction Date; (ii) instruct each Potential Owner on whose behalf such Broker-Dealer submitted a Bid that was accepted, in whole or in part, to instruct such Potential Owner's Agent Member to pay to such Broker-Dealer (or its Agent Member) through the Securities Depository the amount necessary to purchase the number of Units of Bonds to be purchased pursuant to such Bid (including, with respect to the Bonds in a daily Auction Period, accrued interest if the purchase date is not an ARB Interest Payment Date for such Bond) against receipt of such Bonds; and (iii) instruct each Existing Owner on whose behalf such Broker-Dealer submitted a Sell Order that was accepted or a Bid that was rejected in whole or in part, to instruct such Existing Owner's Agent Member to deliver to such Broker-Dealer (or its Agent Member) through the Securities Depository the number of Units of Bonds to be sold pursuant to such Bid or Sell Order against payment therefor.

(c) The Auction Agent shall give notice of the Auction Rate to the Agency and Trustee by mutually acceptable Electronic Means and the Trustee shall promptly give notice of such Auction Rate to the Securities Depository.

Section 2.07. *Index.*

(a) If for any reason on any Auction Date the Index shall not be determined as provided in Schedule I, the Index shall be the Index for the Auction Period ending on such Auction Date.

(b) The determination of the Index as provided in Schedule I and herein shall be conclusive and binding upon the Agency, the Trustee, the Broker-Dealers, the Auction Agent and the Owners of the Bonds.

Section 2.08. *Miscellaneous Provisions Regarding Auctions.*

(a) In this Exhibit, each reference to the purchase, sale or holding of Bonds shall refer to beneficial interests in Bonds, unless the context clearly requires otherwise.

(b) During an ARB Interest Rate Period with respect to each Series of Bonds, the provisions of the Indenture and the definitions contained therein and described in this Exhibit, including without limitation the definitions of All Hold Rate, Index, ARB Interest Payment Date, ARB Maximum Rate, Auction Period Rate and Auction Rate, may be amended as follows pursuant to the Indenture by obtaining the consent of the owners of all affected Outstanding Bonds bearing interest at the Auction Period Rate, provided that, if any such amendment shall affect the rights or obligations of the Owners or the 2007 Series A Bond Insurer, such change shall require the prior written consent of the 2007 Series A Bond Insurer. If on the first Auction Date occurring at least 20 days after the date on which the Trustee mailed notice of such proposed amendment to the registered owners of the affected Outstanding Bonds as required by the Indenture, (i) the Auction Period Rate which is determined on such date is the Winning Bid Rate or the All Hold Rate and (ii) there is delivered to the Agency, the 2007 Series A Bond Insurer and the Trustee an opinion of Bond Counsel to the effect that such amendment shall not adversely affect the validity of the Bonds or any exemption from federal income taxation to which the interest on the Bonds would otherwise be entitled, the proposed amendment shall be deemed to have been consented to by the registered owners of all affected Outstanding Bonds bearing interest at an Auction Period Rate.

(c) If the Securities Depository notifies the Trustee that it is unwilling or unable to continue as registered owner of the Bonds or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act of 1934, as amended, or other applicable statute or regulation and a successor to the Securities Depository is not appointed by the Trustee within 90 days after the Trustee receives notice or becomes aware of such condition, as the case may be, the Auctions shall cease and the Agency shall execute and the Trustee shall authenticate and deliver certificates representing the Bonds. Such Bonds shall be registered in such names and Authorized Denominations as the Securities Depository, pursuant to instructions from the Agent Members or otherwise, shall instruct the Agency and the Trustee.

During an ARB Interest Rate Period, so long as the ownership of the Bonds is maintained in book-entry form by the Securities Depository, an Existing Owner or a beneficial owner may sell, transfer or otherwise dispose of a Bond only pursuant to a Bid or Sell Order in accordance with the Auction Procedures or to or through a Broker-Dealer, provided that (i) in the case of all transfers other than pursuant to Auctions, such Existing Owner or its Broker-Dealer or its Agent Member advises the Auction Agent of such transfer and (ii) a sale, transfer or other disposition of Bonds from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such Bonds to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this paragraph if such Broker-Dealer remains the Existing Owner of the Bonds so sold, transferred or disposed of immediately after such sale, transfer or disposition.

Section 2.09. *Changes in Auction Period or Auction Date.*

(a) Changes in Auction Period.

(i) During any ARB Interest Rate Period, the Agency, may, from time to time on the ARB Interest Payment Date immediately following the end of any Auction Period, change the length of the Auction Period with respect to all of the Bonds of a Series among daily, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period in order

to accommodate economic and financial factors that may affect or be relevant to the length of the Auction Period and the interest rate borne by such Bonds. The Agency shall initiate the change in the length of the Auction Period by giving written notice to the 2007 Series A Bond Insurer, the Trustee, the Auction Agent, the Broker-Dealers and the Securities Depository that the Auction Period shall change if the conditions described herein are satisfied and the proposed effective date of the change, at least 10 Business Days prior to the Auction Date for such Auction Period.

(ii) Any such changed Auction Period shall be for a period of one day, seven-days, 28-days, 35-days, three months, six months or a Flexible Auction Period and shall be for all of the Bonds of such Series.

(iii) The change in length of the Auction Period shall take effect only if Sufficient Clearing Bids exist at the Auction on the Auction Date for such new Auction Period. For purposes of the Auction for such new Auction Period only, except to the extent any Existing Owner submits an Order with respect to such Bonds of any Series, each Existing Owner shall be deemed to have submitted Sell Orders with respect to all of its Bonds of such Series if the change is to a longer Auction Period and a Hold Order if the change is to a shorter Auction Period. If there are not Sufficient Clearing Bids for the first Auction Period, the Auction Rate for the new Auction Period shall be the ARB Maximum Rate, and the Auction Period shall be a seven-day Auction Period.

(b) Changes in Auction Date. During any ARB Interest Rate Period, the Auction Agent, at the direction of the Agency, may specify an earlier or later Auction Date (but in no event more than five Business Days earlier or later) than the Auction Date that would otherwise be determined in accordance with the definition of "Auction Date" in order to conform with then current market practice with respect to similar securities or to accommodate economic and financial factors that may affect or be relevant to the day of the week constituting an Auction Date and the interest rate borne by the Bonds. The Auction Agent shall provide notice of the Agency's direction to specify an earlier Auction Date for an Auction Period by means of a written notice delivered at least 45 days prior to the proposed changed Auction Date to the Trustee, the Agency and the Broker-Dealers with a copy to the Securities Depository. In the event the Auction Agent is instructed to specify an earlier Auction Date, the days of the week on which an Auction Period begins and ends, the day of the week on which a Flexible Auction Period ends and the ARB Interest Payment Date relating to a Flexible Auction Period shall be adjusted accordingly.

(c) Changes Resulting from Unscheduled Holidays. If, in the opinion of the Auction Agent and the Broker-Dealers, there is insufficient notice of an unscheduled holiday to allow the efficient implementation of the Auction Procedures set forth herein, the Auction Agent and the Broker-Dealers may, as they deem appropriate, set a different Auction Date and adjust any ARB Interest Payment Dates and Auction Periods affected by such unscheduled holiday. In the event there is not agreement among the Broker-Dealers, the Auction Agent shall set the different Auction Date and make such adjustments as directed by a majority of the Broker-Dealers, and, if there is not a majority, as the Auction Agent in its sole discretion shall determine is appropriate.
